To: Pedro Ramos  
Superintendent BCNP

From: Lyle McCandless  
Pres. BCSA

Superintendent Ramos:

I look forward to attending the Dec. 1st 2009 ORV advisory committee meeting. I have a major concern involving certain members qualifications to continue as effective ORV committee members.

I hereby request that any ORV committee member who supports any Alternative that disallows ORV access in any of the Existing Preserve or Addition Lands be immediately removed from the Committee.

I have observed in recent public meetings that certain ORV Advisory Committee members have openly indicated formal support for Alternative F.

The purpose of the ORV Advisory Committee is not to determine if ORV's are allowed, they are clearly allowed by an act of Congress. The Committee is charged with Advising the NPS in managing ORV's, not to pursue ways to ban ORV's.

It is impossible for a person to have objective and effective input as a Committee member and at the same time maintain a formal personal position of all Wilderness or Backcountry Primitive allowing no ORV access.

Will look forward to a written response to this request asap.

Sincerely

Lyle McCandless

Pres.

Big Cypress Sportsmen's Alliance

I have forwarded this on behalf of Mr. McCandless.
