Subject: From NPS.gov: Primary and Secondary Roads Corn Dance Unit

Email submitted from: dewwhidden@comcast.net at </bicy/parkmgmt/orv-advisory-committee.htm>

Hello ORVAC Committee As a property owner in the corn dance unit for over 38 years and a visitor to the Big Cypress for over 60 years I would like to share my thoughts on the primary and secondary roads. On your map you show a primary road running right next to my camp. I don't think a primary road should ever be placed this close to a camp. I would suggest that a camp should be located on a secondary road with a line of sight rule. I agree with Steve Deline in that regards. I will not be able to attend the meeting today however hope to have our family spokesman Randy Whidden there. Randy has an alternant rout that runs a little north however will not cut down on the number of miles of the Lost Dog Trail. We are for as many secondary roads as possible in Corn Dance so everyone can enjoy it especially the ones that have to ride due to disabilities or age. Thank you David E. Whidden
