Paddling Trail Guides—Jones Lagoon

All paths are approximate. Use care and best judgement when planning your paddling trips.

Safe Paddling Practices:

1. Paddle with a buddy, if possible.
2. File a float plan—let someone know where you're going, when you plan on returning, and who you're with.
3. Check the weather for high winds or storms. Be prepared for unexpected weather.
4. Always carry extra water, food, and sun protection.
5. Paddle within your experience level.
