SPECIAL PARK CONDITIONS
COMMERCIAL USE AUTHORIZATION

These will be added to the permit depending upon the type of activity is being authorized.

ATTACHMENT A CUA Insurance Requirements

Commercial General Liability (CGL) Insurance

Liability insurance is required for all CUA holders under the terms of the authorization. Such insurance should be of sufficient scope to cover all potential risks and in an amount to cover claims that can reasonably be expected in the event of serious injury or death. The minimum commercial general liability insurance is \$500,000.00. Liability insurance policies must name the United States of America as additional insured. The business or person that is providing the service must be the named insured (policy holder). Companies that provide transportation only are not required to have Commercial General Liability as long as the passengers do not disembark.

Other Required Insurance

Commercial Auto Liability Insurance is required if a CUA holder transports passengers or uses in the performance of the service in the park owned/leased/rented vehicles. If a CUA holder charters the vehicle and those chartered vehicles are owned and operated by another company, the CUA holder is not required to have Commercial Automobile Liability insurance. The minimum Commercial Auto Liability Insurance for *interstate* passenger transport is:

Commercial Vehicle Insurance – Passenger Transport (bodily injury and property damage)	Minimum per Occurrence Liability Limits*
15 or fewer passengers	\$1,500,000
16 or more passengers	\$5,000,000

The NPS has not established standard commercial automobile liability minimums for intrastate auto use by CUA holders because each state has unique rules and regulations. Intrastate CUA holders must meet individual state requirements for Commercial Automobile Liability Insurance or the interstate requirements above, whichever are greatest.

If the CUA applicant or holder will use rented or leased vehicles in performance of the authorized service, the applicant or holder must secure appropriate insurance for that rented or leased vehicle in the amount required by the CUA application. Proof of insurance secured directly from the rental or lease company may not be available upon application submission, but applicants are required to provide proof of insurance coverage after application submission upon NPS request.

CUA holders authorized to transport passengers aboard or use in the park an owned/rented/leased vessel are required to have **P&I Vessel Insurance**. The minimum P&I Vessel Insurance is \$500,000.00 per incident.

CUA holders authorized to transport passengers or use in the park an owned/rented/leased aircraft are required to obtain **Aircraft Liability Insurance**. The minimum Aircraft Liability Insurance is \$2,000,000.00 per occurrence.

CUA holders assigned the use of park property must secure **Property Insurance**. The minimum Property Insurance for use of any building interior is \$300,000.00.

Insurance Company Minimum Standards

The NPS has established the following minimum insurance **company** requirements. All insurance companies must meet the following minimum standards. These standards apply to foreign insurance companies as well as domestic companies.

1. All insurers for all coverages must be rated no lower than A- by the most recent edition of Best's Key Rating Guide (Property-Casualty edition), or similar insurance rating companies (Moody's, Standard and Poor's, or Fitch), unless otherwise authorized by the Service.
2. All insurers for all coverages must have Best's Financial Size Category of at least VII according to the most recent edition of Best's Key Rating Guide (Property-Casualty edition), or similar insurance rating companies (Moody's, Standard and Poor's, or Fitch), unless otherwise authorized by the Service.
3. The insurance ratings must be submitted with the CUA Application. The rating companies do not issue certificates. We require the insurance broker to note this rating in the Certificate. If the rating does not appear on the certificate, the insurance broker must provide it in another document.

Proof of Insurance Submission

Applicants must submit proof of insurance with the CUA Application. The proof of insurance must:

- Be written in English with monetary amounts reflected in USD.
- Reflect that insurance coverage is effective at time of CUA Application submission.
- Name as insured the business or person that is providing the service.

- Name the United States as additional insured.
- Reflect a General Commercial Liability Policy with the minimum coverage amount required in the CUA Application.
- Reflect required additional insurances (commercial vehicle, vessel, aircraft, etc.) with the minimum coverage amount required in the CUA Application.
- Include insurance provider rating or provide in separate document.

ATTACHMENT C **Fee Schedule and Payment Information**

Application Fee. **Fee is \$50.** Fee covers cost of administration and clerical operations of the permits. This fee is charged to process all CUA requests with exception of Craft/Special Event permits which are \$25.00. The application will be kept on file for the calendar year. In the event of a second request for a one-time operation permit, the original application will be acceptable if no significant changes are made to the service provided and only the operation fee will be required.

Business Operations. **Fee is \$250 + Application Fee.** Fee covers safety, operational and environmental monitoring as required by permit. Permittee has a business that operates in the park for majority of the year or operational season and provides services for a variety of customers. Customer base is generally from advertising and other self-generated sources conducted outside the area. Examples of this operation would be horseback rides, boat trips, guided trips and other recreational activities.

Service Operations. **Fee is \$100 + Application Fee.** Fee covers safety, operational and environmental monitoring as required by permit. Permittee has a business that operates in the park in a limited capacity. Usually provides a service for special use permittees, groups, family or business gatherings, etc. Customer base is often obtained from national area group users. Operations are limited within the park to usually 5-15 times per year for groups utilizing special use permits, group campground sites, or pavilions. Examples of this operation would be food catering, porta-john rental, commercial EMS services and other service-oriented operations.

One-Time Operations. **Fee is \$50 + Application Fee.** Fee covers safety, operational and environmental monitoring as required by permit. Permittee has a business that operates in the park for a one-time event in limited capacity. Usually provides a service for special use permittees, groups, family or business gatherings, etc. Customer base is often obtained from national area group users. Operations are one-time events for groups utilizing special use permits, group campground sites, or pavilions. A one-time operation permit can be obtained for more than one event with a charge for each occurrence. Example of this operation would most likely be food catering.

Late Fees. **Fee varies.** To provide as much opportunity for conducting business in the park, Big South Fork will now accept applications for commercial use authorizations year-round. A late fee will apply after the open period for applications, which is January 1 through February 28.

Applications received during the following dates will incur a corresponding late fee*:

- March 1 through June 30—\$100
- July 1 through September 30—\$200
- October 1 through December 31—\$300

**The above late fee is in addition to regular permit fees.*

Commercial Use Authorization Information for Temporary Event Food Vendors *UPDATED December 2023*

MANDATORY FOOD SERVICE TRAINING

The National Park Service's policy regarding food sales requires a person on site as business is being conducted be a Certified Food Manager (CFM) as outlined in the FDA Food Code. This is accomplished by successfully passing an accredited ANSI food safety certification exam. A certificate will be required along with the application package and general liability insurance for review and approval by Public Health and Safety. You will also need to provide a recent inspection report and state license if applicable.

WATER

Vendors will be required to provide their own water for cooking and sanitizing. Water is available from a nearby spigot. So that others may have access to water, do not leave your unit hooked up to the spigot after filling your tank.

ELECTRIC

1. Please list each of your appliances. We want to be sure everyone has adequate power. Generators are not permitted.
2. Vendors must provide their own extension cords (100 feet should be adequate) which should be 12 AWG (gauge).
3. Each booth is required to have a 2A 10 BC fire extinguisher and comply with Fire Marshal Codes and Regulations.

PARKING

1. All vehicles will be required to park in the event parking area. You may not park your vehicle next to your tent. You may temporarily park near your vendor location to load/unload items if the ground is not too wet.
2. Food vendors may not bring any motorized vehicles, besides their trailer, on the food vendor lot.

SET UP AND SITE MAINTENANCE

1. Set up locations are assigned for each vendor upon arrival to event. You will be provided a space of 20' x 20'. If you exceed this limit, you may be charged for two vendor spots.
2. Food vendors must provide all food ingredients, cooking equipment, server ware, cash registers, cash, change, and supplies necessary to operate. A list of all equipment must be provided with the application along with the size(s) of all tables, tents, trailers, etc. that will be needed to operate. See attached form.
3. You are responsible for your own tent, tables, etc. Please do not expect a perfectly flat, dry area—this is a rural setting, complete with bugs, poison ivy, and sudden thunderstorms.
4. Set up time is from 7 am to 9 am ET on the day of the event, although vendors may set up the night before after 5 pm ET. Vendors may remain overnight on the day of the event but must be cleared out by 8 am on the day after the event. Be sure to follow all food storage regulations found online at <http://www.nps.gov/biso/planyourvisit/foodstorage.htm>.
5. Vendors are always solely responsible for the security of all items in their site.
6. Vendors should bring some form of protection from the sun, tie-downs and stakes for tents, plastic to cover displays in case of showers, and secure all property from wind. Festival will be held rain or shine. Be prepared. There is no rain date.
7. All food vendors need to provide ground cover inside their tent and cooking area for the absorption of grease. No food vendor will be allowed to open for business if the ground cover is not in place. No grease or gray water is to be poured onto the ground or down any drains. Anyone found doing this will be asked to leave the event and will be responsible for any and all environmental cleanup costs. Proper containers, such as grease barrels must be utilized for disposal of oil and grease and other excess wastes. Disposal of cooking residue into the public storm sewer system is strictly prohibited. Disposal of cooking residue onto the ground (softscape or hardscape) is strictly prohibited.
8. Food not in use must be stored in a hard-sided trailer or vehicle due to food storage regulations.
9. Signs/banners/tents shall be made of a flame-retardant material and proof of such fire-retardant rating shall be made available to the Park Official upon request.

TRASH

1. Vendors are responsible to collect and properly bag trash within their sales location. All food scraps (fruit peels, nut shells, etc.) are considered trash and must be cleaned up hourly.
2. All vendors must always use environmentally acceptable food packaging. The use of polystyrene/plastic foam and other non-compostable, non-biodegradable, and non-recyclable food packaging is not permitted. Food must be served on paper products unless otherwise approved. Cardboard must be broken down and stacked for recycling. No toxic cleansers.

INSURANCE

General liability insurance must be carried by the permittee showing "U.S. Government, National Park Service, Big South Fork N.R.R.A., 4564 Leatherwood Rd, Oneida, TN 37841" as additionally insured. Short term policies must show coverage on "occurrence" basis. The minimum amount of product liability insurance is \$500,000.00. Additional amounts may be required for high-risk activities. All accepted vendors must provide proof of insurance prior to the event.

CUSTOMER SERVICE

1. It is highly suggested that vendors provide "express windows" for small purchases such as a bottle of soda or water and for festival staff, performers, vendors, and volunteers. This would expedite service to customers and decrease the length of time customers must wait. Please make sure to create very visible signage for this if you plan to do so.
2. Only food and beverages may be sold at a food vendor, no art or merchandise.
3. Provide healthy alternative items on the menu such as fresh fruit.
4. All food vendors must be open for business during the event hours. Most events start at 9:00 am ET.
5. Each food vendor should display an identifying sign.
6. All food vendors must provide a list of the beverages and/or food items that will be sold. Prices should be included. See attached form.
