Legend
Some land within the park remains private property; please respect the owners' rights. The Eastern/Central time zone boundary divides the park. The park operates on Eastern time.
Any river activity—wading, swimming, boating, rock hopping, and fishing—is inherently dangerous; on average two drownings occur here each year. Wet and slippery rocks, strong currents, and undertows are the culprits. Use caution near the river and wear a life jacket when swimming or boating.
