PLEASE NOTE: Some sites we will be visiting are not fully accessible. Participants must be able to walk up to 1.5 miles per day and participate in outdoor sessions in hot weather.

Travel along Boston's Freedom Trail® and the Black Heritage Trail® and meet some famous, and some not so famous, Bostonians whose contributions helped to bring the United States from British colonies to an independent country to a nation on the brink of Civil War.

Experience in-depth tours of the sites themselves, explore primary source documents, examine replica artifacts, and listen to lectures by scholars in their fields. Learn exciting ways to make this time period come to life in elementary and middle school classrooms from museum educators and park interpreters.

Participants can earn 30 PDPs or two graduate credits (equal to 45 PDPs) through Framingham State University.

Boston People and Places is a collaboration among historic sites along Boston's Freedom Trail®, Black Heritage Trail®, Boston National Historical Park, and Boston African American National Historic Site. The People and Places program seeks to strengthen and broaden the teaching of Boston history by providing professional development opportunities for teachers and free educational programs for children attending Boston public schools.

The Colonial Society of Massachusetts was founded in 1892 to cultivate an interest in Colonial and American history by publishing, encouraging research, and facilitating active discussion of historical issues and events.
