### **My Moon Prediction:**

Predict tonight's moon:

<div data-bbox="142 394 742 449" data-label="Text"><p>I think the moon will look like this tonight</p></div> 	<div data-bbox="878 394 1477 449" data-label="Text"><p>Tonight's moon <b>actually</b> looked like this</p></div> 
---	--

Write about your prediction – why do you think this way?

<div data-bbox="90 1285 1534 1579" data-label="Form"><p>_____</p><p>-----</p><p>_____</p><p>_____</p><p>-----</p><p>_____</p></div>
---

What happened? What did you discover **after** your prediction?

<div data-bbox="90 1694 1534 1984" data-label="Form"><p>_____</p><p>-----</p><p>_____</p><p>_____</p><p>-----</p><p>_____</p></div>
