

## Calling all Boy Scouts and Girl Scouts... Become a Scout Ranger!

### What will you discover?

Being a Scout Ranger allows you to discover your national parks. While visiting Cape Cod National Seashore we hope you will learn something about the National Park Service and yourself!

### By being a Scout Ranger you will be able to:

- ❖ Learn about the mission of the National Park Service
- ❖ Help protect the nation's natural, cultural, and historic resources
- ❖ Explore your national park

### Why should I be a Scout Ranger?

Being a Scout Ranger is fun! You can be outdoors and at the same time discover something new about yourself and your surroundings. There are many different types of career opportunities with the National Park Service like biology, firefighting, education, and interpretation that you could explore! It is so important and very rewarding for you to get outside, take in some fresh air, see wildlife, discover culture, and learn your role in protecting our environment.

***For more information check the park's website at [www.nps.gov/caco](http://www.nps.gov/caco). Click on "For Kids" in the navigation to find a link to the National Park Service's youth programs site.***

To earn this patch, you must participate in 10 or more hours of service work or attend 10 hours of educational programming at a national park area. For a listing of national park sites, go to [www.nps.gov](http://www.nps.gov).

***Use this form to log your hours, and bring it to a national seashore visitor center when you have completed 10 hours.***
