## **National Park Service** News Release

**Release Date:** Aug 8, 2014

**Contacts:** Kristen Kneifl

(321) 267-1110 Ext. 14

### **CHEMTREAT CONDUCTING MAINTENANCE OF EXOTIC PLANTS AT SHIPYARD AND OTHER ISLANDS AT CANAVERAL NATIONAL SEASHORE**

Southeastern Chemtreat will be conducting maintenance of exotic plants on Shipyard and other islands within Canaveral National Seashore in New Smyrna. Contractors will be out working on the islands for approximately one month treating Australian pine, Brazilian pepper, and strawberry quava. Contractors will be using approved, current control technologies per the chemical labels and herbicide license requirements. For more information or concerns regarding the project, please direct your inquiries to Kristen Kneifl 321-267-1110 with Canaveral National Seashore or Jackie Smith with Florida Fish & Wildlife Conservation Commission at 772-597-5462.

*About the National Park Service. More than 20,000 National Park Service employees care for America's 401 national parks and work with communities across the nation to help preserve local history and create close-to-home recreational opportunities. Learn more at [www.nps.gov](http://www.nps.gov).*
