Mammals Reptiles Fish Amphibians

Occurrence Status (OS)

P = Present

PP = Probably present: observed near the park, no confirmed reports within the park, although suitable habitat exists

UC = Unconfirmed: species is attributed to the park but evidence is weak or absent.

Relative Abundance (RA)

A = Abundant: may be seen daily in suitable habitat and season, in relatively large numbers

C = Common: may be seen daily in suitable habitat and season

U = Uncommon: likely to be seen monthly in suitable season and habitat; may be locally common

R = Rare: present, but usually seen only a few times each year

O = Occasional: occurs in the park at least once every few years, but not reported annually

UK = Unknown

N/A = Not applicable

Nativeness Status (NS)

N = Native

X = Non-native

U = Unknown

Special Status Designation (SS)

E = Federally listed as endangered

T = Federally listed as threatened

S = Species of concern
