Interior

# Junior Junior Ranger Activity Book

This book belongs to: \_\_\_\_\_

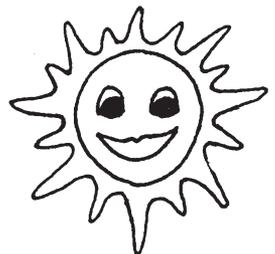

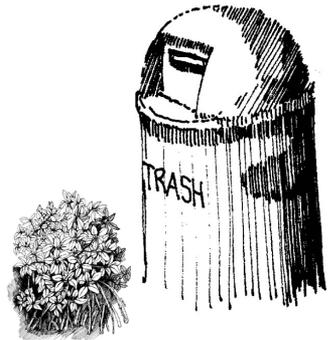

# Before You Explore

Junior Rangers are very important to national parks because they help rangers do their jobs. A good Junior Ranger will explore, learn, and protect. It is also important to keep both you and the park safe, so have a parent or ranger read you the guidelines below. Have fun exploring!

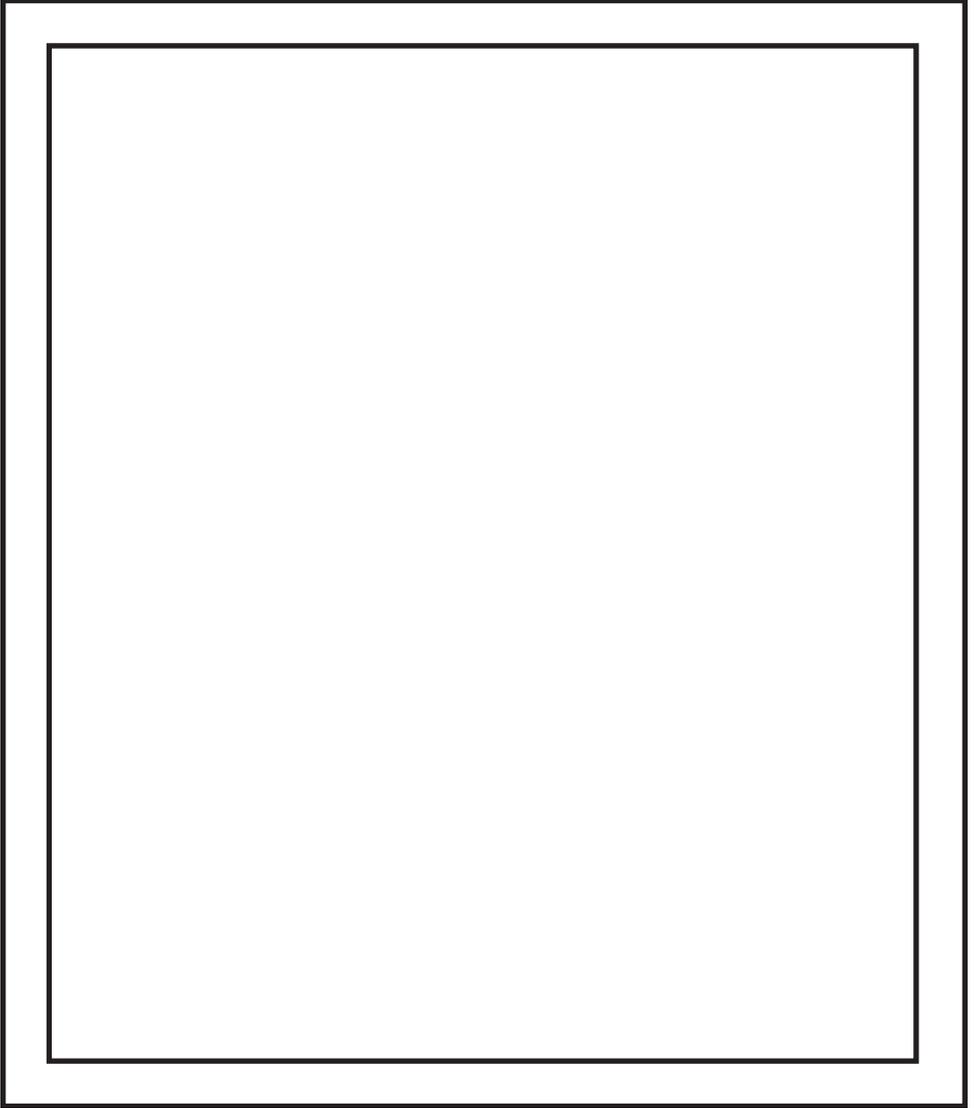

## Ranger Rules:

1. Always stay on the trails and don't climb on rocks or railings.
2. Don't touch or feed any of the animals.
3. You can pick up rocks to look at them, but remember to put them back before you leave.
4. Make sure to throw away all trash in the trash cans.
5. Don't pick any of the wildflowers.
6. Lastly, remember to protect yourself by wearing sunscreen and drinking plenty of water!

# Eruption Picture

Capulin Volcano erupted about 60,000 years ago. During this time there was ash, lava, gas, and flying rocks! Draw what you think the eruption looked like.

# Capulin Bingo

It's time to explore the volcano! Here are a few plants, animals, and geologic features you can see at the park. Circle what you find and if you get 4 in a row you win bingo! Can you find any others?

			
volcanic rock	chokecherry	deer	other volcano
			
lizard	bird	spider	pine tree
			
crater	butterfly	flower	bug
			
lichen	caterpillar web	cactus	other

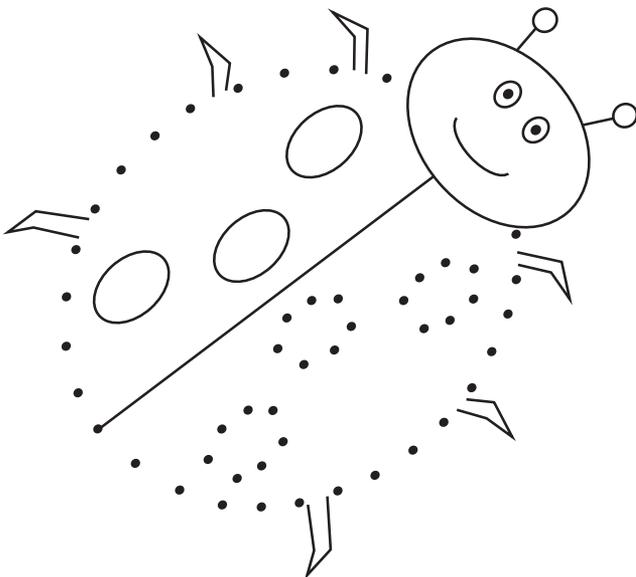

# Ladybug Hunt

Did you know? Every summer new ladybugs are carried by the wind and end up living at the highest points of the volcano. Sometimes you can see swarms of them on the rocks and trees.

1, 2, 3? How many ladybugs do you see? \_\_\_\_\_

Connect the dots to reveal your own ladybug!

# Become a Junior Ranger!

Once you have completed all of the activities, take your book to a ranger and tell them your favorite thing about Capulin. \_\_\_\_\_

Ranger's Initials

Now you can become a Junior Ranger! Just have a ranger look at the rest of your book and they will give you your badge and certificate!

Thank you for visiting! And remember:  
**EXPLORE, LEARN, PROTECT!**
