

Investigation 2: Echolocation in Action!

Echolocation Bar Graph Worksheet

Data Recorder: _____

Use your data from all three trials to fill in the bar graph,

Number of times the “front” guess was right: _____

Number of times the “side” guess was right: _____

Number of times the “behind” guess was right: _____

Color in the bar graph below with the number of times each guess was right. If the answer is 0, leave that group blank.
