

Buying Supplies

Name _____

Your family is going on a camping trip in a remote area.

- A friend is going to drop you and your family off and pick you up in two weeks because the car might get broken into if it's left at the trailhead.
- From the parking lot, it is five miles to your campsite and the nearest store is fifty miles away, so it's important to take everything you'll need with you.
- The adults have to take care of the camp equipment, but you have to decide what you, personally, will need for the trip.

- 1) What will you take to make yourself comfortable?
- 2) What will you take for entertainment? (Remember, you won't have electricity)
- 3) What snacks would you take? (Remember, you won't have a refrigerator and will have to cook over a campfire or camp stove.)
- 4) Other than your regular day-to-day clothing, what clothing would you take?
- 5) What other important things would you take?
