### Part 1: Needs and Wants Activity (Group)

You have been given the job of developing a colony in the New World by Queen Elizabeth and Sir Walter Raleigh. Your first task is to list what the colony **needs** to survive, what England **wants** from the colony, and anything else you **want** from the colony. Next decide what characteristics/trades are required to meet the needs and wants. Think carefully, you only have room for 50 colonists!

Needs and Wants List:

	List of Needs/Wants	Characteristic / Trade Required
<b>NEED</b> to survive		
<b>England WANTS</b> from colony		
<b>You WANT</b> from colony
