

Dear \_\_\_\_\_ ,

It's nice to "meet" you! Your landscape is so unique. Three things that I notice about it are:

- 1.
- 2.
- 3.

Looking at your landscape makes me wonder about:

Uh-oh, I think my teacher sees me writing this. I have to go!

Hi \_\_\_\_\_ ,

I love geology, so I think I can help! I didn't have a lot of time, but here is my first guess of the order of your family history.

- 1.
- 2.
- 3.
- 4.

I have a couple of questions about the information that you sent. Do you know the answers?

Hi \_\_\_\_\_ !

The rangers helped out with some of my questions.  
Here are a couple of ideas about the order of your family history.

1. I think this event \_\_\_\_\_  
goes before this event \_\_\_\_\_  
because \_\_\_\_\_  
\_\_\_\_\_.

2. I also think this event \_\_\_\_\_  
goes before this event \_\_\_\_\_  
because \_\_\_\_\_  
\_\_\_\_\_.

Good luck with your project!

\_\_\_\_\_ ,

P.S. Sorry this is so short! I had to  
stop writing because my teacher  
was definitely looking at me.
