

## **Prairie Restoration Benefits**

**Directions:** Answer the following questions with your team. Use the concept assigned to you by the teacher. Each concept is a benefit that comes from restoring our native prairie ecosystem.

Research the questions online. Be sure to give credit to your sources in the reference section. Be sure to summarize the information; do not copy from your sources.

1. What is your concept?
2. Define your concept.
3. How does the prairie provide the benefit of your concept?
4. What is the opposite of your concept?
5. What happens if the opposite of your concept occurred in your neighborhood?
6. Do you agree this concept is a benefit for you, your family, and friends? Why or why not?
7. Write a concluding statement about the importance of prairie restoration and your concept.

8. Draw or link a picture that best describes your concept. Be sure to give credit to the artist.

9. List your references here.
