

Meeting Your Special Needs

Do you or a loved one need special assistance? Are you a father who uses a wheelchair and would like to teach your son to fish? Would your friend who is blind enjoy hearing stories of the past aboard a rumbling train? Would your daughter who is deaf be amazed seeing a heron swallow a fish as a sign language interpreter translates a bird program? Has your child been diagnosed with Down Syndrome and wants to attend overnight camp? The number of people with disabilities is an ever-growing group in our nation. This is the only group that *any person can become part of, at any time!* Cuyahoga Valley National Park is here to remove barriers and build enjoyable experiences for everyone.
