ALASKA REGION CONDITIONS

As used herein and in any CUA, the term "employee" includes all of the CUA holder's officers, employees and other representatives, including but not limited to interns or volunteers.

1. Engaging in a commercial visitor service or activity not authorized on a CUA permit (Form 10-115), signed by both the NPS deciding official and an authorized agent of the CUA, is prohibited.
2. Within the boundaries of the park unit(s) authorized on this permit, only the holder and their employees registered under this permit are authorized to provide the services specified on the permit. The holder may not subcontract or otherwise allow outside entities and/or non-registered employees to provide any services within the park unit, under the auspices of this permit.
3. The commercial visitor services authorized by an (out-of-park) CUA must originate and terminate outside of the boundaries of the park area ("outside of the boundaries of the park" to include an in-holding within the park). The CUA does not authorize the holder to advertise, solicit business, collect fees or sell any goods or services within the boundaries of the park area.
4. Unless authorized by park Superintendent, all personal property used in the operation of CUA activities must be removed from the park area after each trip. Leaving personal property within the park area between trips is prohibited.
5. Holder is responsible for ensuring that each employee complies with the terms and conditions of the CUA. The CUA holder shall ensure that each of its employees receives training in and reviews a copy of its CUA including all conditions and stipulations. The NPS reserves the right to request written certification that all employees have received training in and reviewed a copy of the CUA including all conditions, stipulations, and the park compendium.
6. Holder must provide a current employee list to the National Park Service annually prior to startup for seasonal operations, or at the beginning of the calendar year for year-round operations. The holder must inform the NPS of any additions to the employee list prior to the employee working in the park.
7. Holder and their employees must carry a current, signed, and approved CUA permit (Form 10-115) for the park unit in which they are operating. A reproduction or electronic copy on a mobile device is acceptable. The holder and their employees must present the CUA to any park employee on demand.
8. When operating in the backcountry, the holder must comply with the guidelines of the US Public Health Service for Food, Potable Water, Human Waste, Vector-Borne and Zoonotic Diseases, and Illness Reporting: http://www.nps.gov/public_health/info/rms/rm83f.pdf
9. When conducting any multi-day guided backcountry or wilderness activity (such as but not limited to mountaineering, glacier travel, backpacking, or river travel) holder or their employees must carry some type of two-way electronic

communication equipment, including a backup source of power, capable of communicating with NPS or other emergency responders. Acceptable communication equipment includes satellite phones, satellite messengers (i.e. Garmin inReach, Spot, or similar), VHF radios, or cell phones (only where service is known to be available). In addition, holder or their employees must carry a non-electronic method to supplement the electronic communication equipment such as mirrors or flares for signaling location. Each group participant/client must be instructed on the proper use of these devices.

10. Accidents involving personal injury, substantial aircraft or vessel damage, or threatening incidents involving wildlife where active hazing by spray, flare or firearm are used must be reported orally or in writing to the Superintendent of the respective park unit, as soon as possible. [36 CFR 2.33, 3.4, 4.4.] For the purposes of this paragraph, "substantial damage" means damage or failure, which adversely affects the structural strength, performance, or flight/operating characteristics of the aircraft/vessel.
11. Parks may contain private lands, it is the holder's responsibility to obtain prior approval from landowners for access to or across private lands within the park unit.
12. The holder shall inform clients of park regulations and safety concerns before beginning a trip (see park regulations at <https://www.nps.gov/locations/alaska/park-regulations.htm>).
13. Unmanned Aircraft are not allowed for use in units of the National Park System. Unmanned Aircraft is defined as a device that is used or intended to be used for flight in the air without the possibility of direct human intervention from within or on the device, and the associated operational elements and components that are required for the pilot or system operator in command to operate or control the device (such as cameras, sensors, communication links). This includes all types of devices that meet this definition (e.g., model airplanes, quadcopters, and drones) that are used for any purpose, including for recreation or commerce.
14. **Suspension, Restriction, Revocation, and Denial Policy:** Further to National CUA Condition #9, NPS Alaska Regional Policy Number 700-001 (<https://www.nps.gov/locations/alaska/upload/Revocation-Policy-for-2016-17-approved-docx.pdf>) states, this Authorization may be suspended, restricted, revoked or denied when a CUA holder/Owner or employee commits a violation. The policy defines a violation as:
 - Failure to comply with state or federal law, regulation or administrative action where a link exists between the offense and the business activity authorized regardless of whether the violation occurred in a unit of the National Park System;
 - Violation of 18 U.S.C. 1001, providing false information to any agency or department of the United States;
 - Failure to comply with a federal or state health or safety code or regulation when conducting activities authorized by the CUA;
 - Failure to comply with the provisions and conditions of the CUA.

This policy is set to expire on December 31, 2017 and will be updated within these conditions prior to expiration.

15. **Activity and Annual Reporting:** The holder is required to submit Activity Reports as outlined by park unit (<https://www.nps.gov/locations/alaska/activity-reporting.htm>) regardless of whether the CUA was used. If the CUA holder did not operate in a park unit, a report stating "did not operate" must be submitted. Each holder must also complete [Annual Report Form 10-660 \(Gross\)](#) and submit via email along with their Activity Report(s). Failure to submit required activity and annual reporting in a timely manner may impact the holder's ability to obtain a CUA in future years.

2. **First Aid:** At a minimum, each guide must be currently certified in basic first aid and CPR. Each group must carry and be

familiar with a basic first aid kit, with a valid expiration date, appropriately sized for the group. Documentation must be presented upon request from NPS personnel.

- 3. Wildlife Safety Messaging:** Employees shall be trained in proper wildlife safety protocol for preventing incidents and acting in case of a wildlife encounter. Visitors must be made aware of this protocol prior to beginning activities. Bear spray must be carried for any activity where bears may be present. See the park website for more information on wildlife safety protocol: <https://www.nps.gov/dena/planyourvisit/safety.htm>.

4. Bear and Wolf Encounters:

- a) Any bear interactions (wherein a bear's behavior is changed in anyway due to the presence of a human/s) that occur involving clients or guides must be reported using a Bear Human Incident Management System (BHIMS) form.
- b) Any wolf interactions (wherein a wolf's behavior is changed in anyway due to the presence of a human/s) that occur involving clients or guides should be reported using a Wolf Encounter Form (WEF).
- c) NPS wildlife staff should be immediately notified anytime a bear makes contact with a human, damages property, continually approaches an area occupied by humans, touches a tent, or shows signs of aggression or excitement toward a human. Contact NPS wildlife staff at dena_wildlife_mgmt@nps.gov, by calling Pat Owen at (907)683-9547, or by calling Wildlife Technicians at (907)683-9574.

- 5. Leave No Trace:** All employees who accompany clients in Denali National Park & Preserve must be trained in Leave No Trace (LNT) Awareness, demonstrate through actions, and teach LNT etiquette appropriate to their activity and environment. Operations must be conducted with regard to minimizing the impact on park resources and other visitors. LNT Awareness online course can be found at: <https://lnt.org/learn/online-awareness-course>. Denali-specific Leave No Trace information can be found on the park website: <https://www.nps.gov/dena/planyourvisit/leavenotrace.htm>. The CUA holder must remove all trash and garbage generated by their activities within the park, including food waste.

- 6. Closures:** Public closures may be established in the interest of maintaining public health, protecting environmental and scenic values, and protecting natural and cultural resources. This may include but is not limited to wildlife activity such as dens/nest sites, kill sites, or potentially hazardous animals.

- 7. Interpretation:** Employees speaking with visitors about the park shall:

- Convey accurate information about Denali National Park and Preserve and its mission.
- Use effective techniques to provide opportunities for visitors to make meaningful and relevant intellectual and emotional connections to park resources.
- Facilitate experiences using Denali's significance and/or its resources to generate thoughts, discussion or reflection on stewardship.

Access to park information about Wildlife Safety, Leave No Trace, Natural and Cultural History, as well as tips, tools, and training for creating effective visitor experiences can be found at: <https://www.nps.gov/dena/getinvolved/resources-for-others.htm>.

Employees must also respect the freedoms and rights of other groups and individuals they encounter on federal lands.

- 9. Entrance Fees:** CUA holders are required to ensure that their clients have paid the park entrance fee. The park entrance fee may be paid in conjunction with the purchase of a bus ticket, or in person at the Denali Visitor Center or Talkeetna Ranger Station. Contact the Fee and Revenue Business Manager at (907)683-6437 if you would prefer to collect and remit the park entrance fee directly to the park. Remitting fees directly to the park does not eliminate any in-person check-in requirements for your activity. During the winter operating season 2020-2021, the park entrance fee should be paid online at recreation.gov. Go to recreation.gov, (or download/open the 'recreation.gov' app) search "Denali" and select "Buy a pass" and purchase the appropriate number '7 day entry passes' of visitors over the age of 16, who do not hold a valid park pass. Examples of valid pass types are found at: <https://nps.gov/planyourvisit/passes.htm> and the Denali Annual Pass is also accepted. Winter operating hours at the heated Indoor Picnic Area are from 9:30 AM - 5 PM, except on major holidays. It is appreciated if CUA holders stop in to log a visit in the guest book. Payment of park entrance fees may be required if the tour plans to enter the park after normal business hours, such as in the evening to observe northern lights.

- 10. Group Size:** Total group size is 12, inclusive of CUA holder and employees (guides).

- 11. Guiding:** CUA holders and employees (guides) are not allowed to accompany clients in areas **closed to CUA activities** and if found doing so, will be assumed to be conducting guiding activities and considered to be in non-compliance of the terms of the CUA. Guides may accompany their clients on the park transportation system, but must conduct themselves as a park visitor and not as a guide. Any actions such as providing expertise and/or support to clients will be deemed a

violation of this stipulation.
