

Commercial Use Authorization—Appendix D Motorcycle Frontcountry and Backcountry Rides

I. GENERAL INFORMATION

- (A) The following provisions apply to CUAs for Motorcycle Frontcountry and Backcountry Rides (camping in backcountry is not permitted for this commercial activity):
- (1) 40 participants per party (maximum).
 - (2) Participants will observe posted speed limits on paved roads and a 25MPH speed limit on all backcountry roads. CUA holder will be held accountable for speeding violations of participants.
 - (3) CUA holder will employ a reasonable number of sweep riders to cover the course each day to assure that no participants become lost and to provide services to riders in need of assistance; these sweep riders are not included in the 40 participant limit.
 - (4) Leave No Trace principles and ethics are in effect for all park users. CUA holder will be held responsible for any impacts to park resources. Trip leaders should be trained in Leave No Trace principles.
 - (5) Off-road vehicular travel is prohibited. Keep all vehicles and trailers on established roadways and shoulders.
 - (6) All natural and cultural features are protected by law and must not be disturbed. Non-native or exotic species of plants or animals will not be introduced to the park by any proposed activities.
 - (7) Groups will notify the Death Valley National Park permits office of all proposed trips and any proposed changes to trip itineraries. Failure to do so will result in the revocation of a commercial use authorization as well as other associated permits.
 - (8) Group leaders and guides are required to ensure that event participants pay their park entry fees at the individual rate (currently \$10.00 per person, valid for 7 consecutive days). Holders of a commercial use authorization will be held responsible for assuring that entry fees are paid by all participants.
 - (10) CUA does not imply exclusive use of any area in the Park. All campgrounds and other park facilities are available for use on a first-come, first-served basis.
- (B) The area(s) authorized for use under this permit must be left in substantially the same condition as it was prior to the conduct of the activity.
- (C) The NPS reserves the right to charge the CUA operator for the cost of any search and rescue efforts or for the evacuation of sick or injured members of the CUA operator's group.
- (D) The CUA operator is responsible for notifying the Park of any accident that results in an injury requiring the care of a physician.

(E) Commercial use authorizations issued by Death Valley National Park are only valid for planned and approved activities within Death Valley National Park and are not transferable to other National Park Service units.

II. APPLICATION CHECKLIST

The following requirements must be met in order for authorization of the Motorcycle Frontcountry and Backcountry Ride CUA's to be issued from Death Valley National Park (hereinafter "Park").

	Requirement	Checklist
(1)	The Applicant must present the Park with an outline of the client orientation. At a minimum, the orientation will cover: <ul style="list-style-type: none"> (a) Death Valley National Park mission.
