The U.S. Park Police is partially writing to respond to their part of your request. We have located emails and text messages that consists of 354 pages. We have enclosed the 354 pages of the emails and text messages which is responsive to your request with certain redactions. The redacted information from the emails are being withheld pursuant to 5 U.S.C. § 552 (b)(4), (b)(5), (b)(b)(6), (7)(C), (7)(E) and (7)(F). Exemption 6 allows an agency to withhold “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. The phrase “similar files” covers any agency records containing information about a particular individual that can be identified as applying to that individual. To determine whether releasing records containing information about a particular individual would constitute a clearly unwarranted invasion of personal privacy, we are required to balance the privacy interest that would be affected by disclosure against any public interest in the information. Exemption 7 protects from disclosure “records or information compiled for law enforcement purposes” if the records fall within one or more of six specific bases for withholding set forth in subparts (A) through (F). 5 U.S.C.§ 552(b)(7)(A)-(F).

Under the FOIA, the only relevant public interest to consider under the exemption is the extent to which the information sought would shed light on an agency’s performance of its statutory duties or otherwise let citizens know what their government is up to. The burden is on the requester to establish that disclosure would serve the public interest. When the privacy interest at stake and the public interest in disclosure have been determined, the two competing interests must be weighed against one another to determine which is the greater result of disclosure: the harm to personal privacy or the benefit to the public. The purposes for which the request for information is made do not impact this balancing test, as a release of information requested under the FOIA constitutes a release to the general public.

The information that has been withheld under Exemptions (b)(6) and 7(C) consists of personal information, including names, telephone numbers, and email addresses, and we have determined that the individual(s) to whom this information pertains have a substantial privacy interest in withholding it. Additionally, we have determined that the disclosure of this information would shed little or no light on the performance of the agency’s statutory duties. Because the harm to personal privacy is greater than whatever public interest may be served by disclosure, release of the information would constitute a clearly unwarranted invasion of the privacy of these individual(s) and we are withholding it under Exemption 6; and under Exemption 7(C), we have also determined that releasing them would constitute an unwarranted invasion of because they identify individuals referenced in law enforcement records and the release of this information would not shed light on an agency’s performance of its statutory duties.

The information that has been withheld under Exemption 7(E) which protects law enforcement records if their release would disclose techniques and procedures for law enforcement investigation or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if the disclosure could reasonably be expected to risk circumvention of the law. For the materials that have been withheld under 7(E), we have determined that they are techniques for law enforcement investigations or prosecutions,” they are procedures for law enforcement investigations or prosecutions,” and they are guidelines for law enforcement investigations or prosecutions whose release could reasonably be expected to risk circumvention of the law.

The information that is being withheld under Exemption 7(F) protects law enforcement records if their release could reasonably be expected to endanger the life or physical safety of any individual. For the materials that have been withheld under 7(F), we have determined releasing them could reasonably be expected to endanger the life or physical safety of an individual because it would compromise the protection of our facilities and endanger the life or physical safety of individuals.
We reasonably foresee that disclosure would be prohibited by law or otherwise protected from disclosure under Exemption 6 and 7(C), 7(E) and 7(F).

The information that has been withheld under Exemption 4 protects from disclosure trade secrets or commercial or financial information that is confidential or privileged.

We are withholding information in part under Exemption 5 because they qualify to be withheld under the following privileges: the deliberative process privilege which protects materials that are both predecisional and deliberative. The privilege covers records that reflect the give-and-take of the consultative process and may include recommendations, draft documents, proposals, suggestions, and other subjective documents which reflect the personal opinions of the writer rather than the policy of an agency.

Janeen Tyson, U.S. Park Police, FOIA Officer is responsible for this response. Roland Blackman, in the Office of the Solicitor was consulted regarding this decision.

We do not bill requesters for FOIA processing fees when their fees are less than $50.00, because the cost of collection would be greater than the fee collected. See 43 C.F.R. § 2.37(g). Therefore, there is no billable fee for the processing of this request.

You may appeal this response to the Department’s FOIA/Privacy Act Appeals Officer. If you choose to appeal, the FOIA/Privacy Act Appeals Officer must receive your FOIA no later than 90 workdays from the date of this letter. Appeals arriving or delivered after 5 p.m. Eastern Time, Monday through Friday, will be deemed received on the next workday.

Your appeal must be made in writing. You may submit your appeal and accompanying materials to the FOIA/Privacy Act Appeals Officer by mail, courier service, fax, or email. All communications concerning your appeal should be clearly marked with the words: "FREEDOM OF INFORMATION APPEAL." You must include an explanation of why you believe the NPS’s response is in error. You must also include with your appeal copies of all correspondence between you and NPS concerning your FOIA request, including your original FOIA request and NPS's response. Failure to include with your appeal all correspondence between you and NPS will result in the Department's rejection of your appeal, unless the FOIA/Privacy Act Appeals Officer determines (in the FOIA/Privacy Act Appeals Officer’s sole discretion) that good cause exists to accept the defective appeal.

Please include your name and daytime telephone number (or the name and telephone number of an appropriate contact), email address and fax number (if available) in case the FOIA/Privacy Act Appeals Officer needs additional information or clarification of your appeal.

Right now my biggest concern is not necessarily the Hells Angels but any of these white nationalist groups. They are already all fired up with the instability being caused by the pandemic and were causing trouble before the riots. My only hope is that it’ll be easier to go somewhere other than DC. Also...FYI officer safety from Chicago yesterday on (b) (7)(E):

Also USCP made some reference to a BLM event at 1700 at McPhearson. It’s possible that that is where the car caravan will end and then they may join the larger group at the WH.

Ha! The BLM antagonist and Anarchist are pissed most peaceful protestors are rolling out!

Right now my biggest concern is not necessarily the Hells Angels but any of these white nationalist groups. They are already all fired up with the instability being caused by the pandemic and were causing trouble before the riots. My only hope is that it’ll be easier to go somewhere other than DC. But many want to come and “protect” POTUS

Definitely no longer protests. Just strait up riots.

O. Curfew

Mayor Bowser is ordering a citywide curfew for the District of Columbia from 11:00 p.m. on Sunday, May 31, until 6:00 a.m. on Monday, June 1. She has also activated the DC National Guard to support the Metropolitan Police Department.

So we have three groups. Does know about curfew?
1,000,000 question is what do you think happens when curfew rolls around? Do we clear the park?

Assuming POTUS doesn't finish before curfew time do we clear the park?

twitter saying DC now with 1900 curfew.

I imposed a curfew at 7pm. A full 25 minutes before the curfew & w/o provocation, federal police used munitions on peaceful protestors in front of the White House, an act that will make the job of @DCPoliceDept officers more difficult. Shameful DC residents — Go home. Be safe.

"Black Lives Matter" or "BLM"

Right now the only two known events. We have are the BLM march from Howard University (march starts at 1400 hours) to the White House. Next event is starting at WAMO at 1600 and eventually moving to LMC @ 1900 hours.

In a little thread I just read (rhymes, rapper now) Anonymous claims that it is 'investigating' all the dcblackout stuff with BLM tags etc. saying it is prob. some kind of botnet putting out false info.

**O. Curfew**

Mayor Bowser is ordering a citywide curfew for the District of Columbia from 11:00 p.m. on Sunday, May 31, until 6:00 a.m. on Monday, June 1. She has also activated the DC National Guard to support the Metropolitan Police Department.

So we have three groups. Does know about curfew?
1,000,000 question is what do you think happens when curfew rolls around? Do we clear the park?

Assuming POTUS doesn’t finish before curfew time do we?

A lot of condemnation and pointing the finger at ANTIFA

Def, some ANTIFA in that group though. They are now approaching WAMO /WWII visitor center.

Antifa strolling on the north side of H St.

Personally I saw no Antifa-type characters in the crowd. Guess I didn’t before either because they said there wasn’t any. Copy on your mileage. Other than that it was peaceful with only the laser incidents as far as I know.

crowd changed at dark, got more in your face and agitated but no CD or disorderly I could see. NO antifa types. Are they waiting for something? hmmm what are they up to?

From NCR Watch Desk: [Redacted] What we’re hearing is from a DC Mayor PIO – No curfew and no checkpoints. When we called MPD CIC we were told to call the Mayor’s PIO office. This is unusual. I think you might have better information that I do. I’ll keep checking.

Mayor Bowser is ordering a citywide curfew for the District of Columbia from 11:00 p.m. on Sunday, May 31, until 6:00 a.m. on Monday, June 1. She has also activated the DC National Guard to support the Metropolitan Police Department.

Mayor Bowser is ordering a citywide curfew for the District of Columbia from 11:00 p.m. on Sunday, May 31, until 6:00 a.m. on Monday, June 1. She has also activated the DC National Guard to support the Metropolitan Police Department.

So we have three groups. Does [name] know about curfew?

Assuming that we didn’t kidnap all the protesters, here are my thoughts for the day ahead.

Twitter saying DC now with 1900 curfew.

The purpose of the March is to bring awareness to police brutality happening around the nation. The March will honor George Floyd AHMAD ARBERY and BREONNA TAYLOR. From this March we will require a few VITAL things from the government. Legislation that states that if police kills innocent people they go to jail immediately, within 24 Hours of the incident. The government must provide National training for all police. The program should take the same amount of time as FBI and CIA training, a minimum of two years Compensation for the Floyd family, Arbery family, and Taylor family. A police arbiter should be mandatory.

So pepper balls contain pepper spray? Or some other concoction
Nonivemide, also called pelargonic acid vanillylamide or PAVA, is an organic compound and a capsaicinoid. It is an amide of pelargonic acid (n-nonanoic acid) and vanillyl amine. It is present in chili peppers, [2] but is commonly manufactured synthetically. It is more heat-stable than capsaicin.
