All cables, power lines, etc. shall be run in an orderly manner and contained in matted yellow jackets that provide for safety and accessibility. No power lines/phone lines can be strung in trees.

P. Commercial Advertising Signage: Consistent with long-standing NPS regulations and policy, and Public Law 108-108, Title I, §145, the erection, placement, or use of structures and signs bearing commercial advertising is prohibited for any special event. The recognition of special events sponsors, however, may be allowed if it has been specifically authorized by this permit.

A permit may be issued that authorizes the recognition of sponsors of special events, if the NPS determines that the size and form of the recognition is consistent with the special nature and sanctity of the National Mall or any other requested park area, and if the lettering or design identifying the sponsor is no larger than one-third the size of the lettering or design identifying the special event, further, to the maximum extent practicable for such special events, public use of and access to the National Mall and other parkland is not to be restricted.

The Permittee shall submit a sign plan for NPS review and approval. Any request seeking NPS approval for sponsor recognition must be submitted to the NPS at least 14 days prior to the proposed event, and if approved by the NPS, will be authorized within the terms of the special event permit. Authorized sponsor recognition must be in keeping with NPS policy, regulations, and laws and be appropriate to the scale and theme of the special event.
Further, the overall size, number, and design of any signs or banners shall be appropriate to the park setting and lettering or design identifying the special event. Signs and banners may not be affixed to existing trees or other NPS facilities or structures.

Only signs and/or banners specifically identifying and/or announcing the event or portion of the event are permitted. Commercial sponsors may be recognized on these same banners by letters and/or logos not to exceed one-third the height and width of the primary lettering identifying the event.

Q. Balloons of any type and glass containers are prohibited on parkland.

R. The Permittee is asked to collect and remove from parkland all trash and debris that has been generated as a result of this activity.

S. The Permittee will be responsible for any injuries and/or damages to government property occurring as a result of this permitted activity.

T. Logistical vehicles must unload and load from the street curb. No driving or parking is allowed on the sidewalks or stone pavers in Freedom Plaza. All equipment must be hand-carried and/or hand carted to event site. All vehicles must park in designated available public spaces.

U. The permittee shall insure that all facilities and structures placed on park property adhere to all applicable codes, standards, and regulations including but not limited to BOCA, OSHA, USPHS, and ADA, covering requirements including but not limited to safe construction practices, grounding of generators, and food preparation. Permittee will submit to the NPS structural evaluation and design specifications for all structures, i.e. cable trusses, tents, stages, audio and video towers, etc. for NPS review and approval. Shantytown structures have not been inspected for occupancy; they will be used as examples of the "record number of foreclosures and bankruptcies, as well as extreme levels of unemployment, which are under-reported in official statistics."

V. Permittee's desiring the use of temporary structures, i.e. cable trusses, stages, audio and/or video towers and tents, whose dimensions are (500) square feet or more, shall provide Life Safety Code certification statements confirming the safety of all temporary structures. In the event that the manufacturer's certifications are not available, permittee will submit to the NPS stamped engineered drawings for NPS review and approval. Smaller structures cannot be attached or within 5ft of another to create a larger structure.

W. CAMPING IS PROHIBITED. Pursuant to 36 CFR 7.96 (i) (1) Camping is defined as the use of the park land for living accommodation purposes such as sleeping activities, or making preparations to sleep (including the laying down or bedding for the purpose of sleeping), or storing personal belongings, or making any fire, or using any tents or shelter or other structure or vehicle for sleeping or doing any digging or earth breaking or carrying on cooking activities. The above-listed activities constitute camping when it reasonably appears, in light of all the circumstances that the participants, in conducting these activities, are in fact using the area as a living accommodation regardless of the intent of the participants or the nature of any other activities in which they may also be engaging.

**Travel and Evacuation Plan**

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the [october2011.org](http://october2011.org) website. As we say on the website: “It is easiest and least costly to park outside the city and travel using the Washington, DC metro system.”

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.
Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMTs, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have “First Aid” written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans’ organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:

1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.
2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.
3. Assist with any necessary mobilization of persons to other areas in the case of emergency.
4. Provide overnight security, a minimum of 3 persons in Freedom Plaza overnight.

Peacekeepers will wear green sweatshirts or T-shirts with “Peacekeeper” written on them.

Peacekeepers will communicate with each other using cell phones and a mass texting service. Peacekeepers will communicate with the crowd using megaphones and “call and response”
techniques.

Dear Ms. Richardson:

Kevin Zeese and Margaret Flowers (whom you have been working with on the permit for the above mentioned activity) have asked me to communicate with you regarding parking issues and the MPD SOD. I spoke with Officer Jaffe yesterday at MPD SOD and he informed me that there was no one in his office working with the NPS on our permit and consequently, no one working on our parking/transportation needs associated with our First Amendment Assembly activities on Freedom Plaza. Officer Jaffee also told me that he did not see a permit from NPS in his office from the NPS for our organization.

I have attached our letter to the MOD SOD, which has not been sent to that office, because there is no one there assigned to work with the NPS on this. The letter outlines our parking needs which will require the MPD SOD to put up no parking signs at the locations, dates/times outline in the letter. Since we are getting very close to October 5, we need to finalize the permit with the NPS as well as the coordination required between your office and the MPD SOD.

Please coordinate our parking/transportation needs with the MPD SOD. We would appreciate it if you let us know the status of this request as soon as possible.

Thank you for your help.

Re: National Park Service Permit #_________
October 2011 Movement
First Amendment Assembly in Freedom Plaza from 10/5 at 7:00pm to 10/10 at 2:00pm

Dear ____________________:

We are in the process of obtaining the necessary permit for the above-captioned activity from the National Park Service for the continuous use of Freedom Plaza from 7:00pm on Wednesday, October 5 to 2:00pm on Monday, October 10.

We require the use of MPD jurisdiction for the purpose of transportation and parking to facilitate this First Amendment Assembly in Freedom Plaza. More specifically, we anticipate the following:

We will park a water buffalo (water truck) alongside Freedom Plaza on E St. close to 14th St. or on 14th St if possible between Pershing Park and Freedom Plaza for the four days from approximately 10 am on 10/6 to approximately 10 am on 10/10. This is an 18-wheeler. This vehicle is necessary to provide drinking water to the participants for the duration of the activity.

We will need "no parking" signs to be placed in advance of the event to ensure that there is sufficient space for this vehicle.

We anticipate small cargo and passenger vans dropping people and items off at Freedom Plaza, using the curb lanes along Pennsylvania Ave (both north and south of Freedom Plaza) and E Street NW for the four days from 10/6-10/9. This will occur at various times throughout the day and evening.

We will need to park for 1-2 hours on the evening of 10/5 a delivery truck (18 wheeler) to unload stage equipment. This will be in the area of Pennsylvania Ave. & 13th St. NW. The truck will return to pick up the stage on the morning of 10/10 before 12 noon. The stage will be placed in Freedom Plaza on the east side of the plaza just above the statue of Gen. Pulaski.

We will need to park for 1-2 hours on the morning of 10/6 a delivery truck (18 wheeler) to unload porta sans. This will be in the area of Pennsylvania Ave. & 14th St. NW. The truck will
return to pick up the porta sans on the morning of 10/10 before 12 noon. The porta sans will be placed on Freedom Plaza near 14th St. on the northwest side of the plaza.

Since we just found out about the need for your involvement, please let me know as soon as possible what other information you may need and what we can do to facilitate the completion of this process. We are available at any time to discuss these plans by phone or in person at your office. Thank you.

Sincerely yours,

Maria Allwine, Organizer

Kevin and I would like to request an extension of our current permit for Freedom Plaza for the maximum period of time with the same conditions that we have in the current permit. Please let me know if this is a possibility and what we need to do to make this happen.

Dear Marisa,

Do we need to add that we will have a donation bucket in the office tent as we discussed in our last meeting? We will follow NPS rules of having it fixed, opaque and closed.

And do we need to add that we will have 3 10x10 tents and 1 enclosed tent which was also discussed in the last meeting? They are on the site plan.

Otherwise, it looks fine.

Thank you,
Margaret

Marisa,

Copied below are the plans you requested. I need to add the other contacts for the night security and I will bring the site plan tomorrow. Please let me know if you require anything more.

Margaret

Travel and Evacuation Plan

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the october2011.org website. As we say on the website: “It is easiest and least costly to park outside the city and travel using the Washington, DC metro system.”

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.
Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMTs, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have “First Aid” written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans’ organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:

1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.

2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.

Dear Marisa,

We are writing to let the National Park Service know that we will be erecting a shanty town in the Arts area on Freedom Plaza in Washington, DC in lieu of holding a class or committee meeting there. This is central to our Freedom of Speech and Assembly action in that the United States has seen record foreclosures and bankruptcies, as well as extreme levels of unemployment which are under-reported in official statistics.

The financial stress of Americans shows itself in many ways (e.g., indebtedness, poverty, home sharing), homelessness is one extreme but it is so widespread that a recent study conducted by the U.S. Conference of Mayors found that 12 of the 23 cities surveyed had to turn people in need of shelter away due to a lack of capacity. The U.S. does a very poor job of counting the homeless, the National Law Center on Homelessness and Poverty reports that approximately 3.5 million people, 1.35 million of them children, are likely to experience homelessness in a given year. More and more Americans are forced to live in tent cities, their cars or the equivalent of shanty towns, but his is hidden from public view.

I could fill pages of videos of tent cities and other shanty town living conditions in the United States. These videos demonstrate why we will be creating a shanty town at Freedom Plaza. Corporate-government policies that lead to an extreme wealth divide are discussed statistically to some degree in the media but the visceral reality of it is not seen widely. Economic injustice and the solutions to it are a major focus of our event.

When we erect the shanty town we will take great care not to do any harm to Freedom Plaza. We recognize this is a public space and we will respect that. The Freedom Plaza installation shanty town will demonstrate the dire economic and political realities in America today. It will be a low-impact installation intended to be reminiscent of "Shanty Towns" of times past that are now re-appearing across the country. It will be a simple, easily removable construction that will consist of lean-to structures made of plastic tarpaulin (classic blue tarps), suspended with bamboo poles tied down with lines attached to sandbags to protect the Freedom Plaza surface. These will be augmented with cardboard appliance boxes.

Thank you for ensuring our Free Speech and Assembly rights to petition the government for redress of grievances.

Dear Marisa,

We recognize the space limitations. Some of the shanty town will be stack-able cardboard boxes and if it gets crowded we will stack them into an art display that takes little space.

The shanty town will be at one of the corners of Freedom Plaza (in the Arts area north side of Plaza near E Sts and 14th Sts) and therefore should not greatly impact crowd limitations.

Otherwise the plans for Freedom Plaza have not changed from what we provided to you.

We will let everyone attending know that sleeping is prohibited by the NPS rules.

Thank you.

Best,
Margaret Flowers, M.D.

Will people be sleeping in the shanty town structures? Or are they used purely as an exhibit to facilitate the discussion.

Dear Marisa,

Do we need to add that we will have a donation bucket in the office tent as we discussed in our last meeting? We will follow NPS rules of having it fixed, opaque and closed.

And do we need to add that we will have 3 10x10 tents and 1 enclosed tent which was also discussed in the last meeting? They are on the site plan.

Otherwise, it looks fine.

Thank you,
Margaret

Dear Marisa,

We recognize the space limitations. Some of the shanty town will be stack-able cardboard boxes and if it gets crowded we will stack them into an art display that takes little space.

The shanty town will be at one of the corners of Freedom Plaza (in the Arts area north side of Plaza near E Sts and 14th Sts) and therefore should not greatly impact crowd limitations.

Otherwise the plans for Freedom Plaza have not changed from what we provided to you.

We will let everyone attending know that sleeping is prohibited by the NPS rules.

Thank you.

Best,
Margaret Flowers, M.D.

How many "shanty" town structures are you planning on erecting? I am become concerned about the amount of space available at Freedom Plaza for your activity. # of people vs amount of space available. Can you give me a rough estimate of people participating at anytime? Please send me a more detailed site plan with exactly what will be set up in Freedom Plaza. Will people be sleeping in the shanty town structures? Or are they used purely as an exhibit to facilitate the discussion.

Thank You

Dear Marisa,

We are writing to let the National Park Service know that we will be erecting a shanty town in the Arts area on Freedom Plaza in Washington, DC in lieu of holding a class or committee meeting there. This is central to our Freedom of Speech and Assembly action in that the United States has seen record foreclosures and bankruptcies, as well as extreme levels of unemployment which are under-reported in official statistics.

The financial stress of Americans shows itself in many ways (e.g., indebtedness, poverty, home sharing), homelessness is one extreme but it is so widespread that a recent study conducted by the U.S. Conference of Mayors found that 12 of the 23 cities surveyed had to turn people in need of shelter away due to a lack of capacity. The U.S. does a very poor job of counting the homeless, the National Law Center on Homelessness and Poverty reports that approximately 3.5 million people, 1.35 million of them children, are likely to experience homelessness in a given year. More and more Americans are forced to live in tent cities, their cars or the equivalent of shanty towns, but his is hidden from public view.

I could fill pages of videos of tent cities and other shanty town living conditions in the United States. These videos demonstrate why we will be creating a shanty town at Freedom Plaza. Corporate-government policies that lead to an extreme wealth divide are discussed statistically to some degree in the media but the visceral reality of it is not seen widely. Economic injustice and the solutions to it are a major focus of our event.

When we erect the shanty town we will take great care not to do any harm to Freedom Plaza. We recognize this is a public space and we will respect that. The Freedom Plaza installation shanty town will demonstrate the dire economic and political realities in America today. It will be a low-impact installation intended to be reminiscent of "Shanty Towns" of times past.
that are now re-appearing across the country. It will be a simple, easily removable construction that will consist of lean-to structures made of plastic tarpaulin (classic blue tarps), suspended with bamboo poles tied down with lines attached to sandbags to project the Freedom Plaza surface. These will be augmented with cardboard appliance boxes.

Thank you for ensuring our Free Speech and Assembly rights to petition the government for redress of grievances.

Travel and Evacuation Plan

Participants are arriving in the days before and up to October 6 by plane, train, bus, car, walking and bike. Some are staying in local hotels and with friends. October2011.org is not arranging transportation for participants. This is being done independently and all participants are responsible for finding legal parking for their vehicles.

All participants are encouraged to park any buses or cars at outlying metro stations and all participants are encouraged to use public transportation. There is information about public transportation listed on the october2011.org website. As we say on the website: “It is easiest and least costly to park outside the city and travel using the Washington, DC metro system.”

In addition to Metro Center being nearby, with multiple entrances, other nearby Metro stations within walking distance include McPherson Square, Federal Triangle, China Town/Gallery Place and National Archives/Navy Memorial. This gives people access to the Blue, Green, Orange and Yellow Metro lines. These metro stations are the most rapid way to evacuate the downtown DC and we will provide maps to these stations if an evacuation is required.

Medical Plan

A medical tent will be present in Freedom Plaza and staffed by health professionals including EMT’s, nurses and physicians between the hours of 8 am and 10 pm. Basic first aid equipment will be on hand. The DC ambulance service has been alerted about the event and has agreed to have a vehicle stationed nearby for easy access to Freedom Plaza. The medical team will have a VHF radio on hand to communicate with the DC ambulance service. Mark Pavlick of the George Washington Hospital Center Emergency Room, who is also a trained DC medical volunteer, is the contact person for the DC Ambulance Service. Medical volunteers will be identified by bright yellow T-shirts which have “First Aid” written on them.

Peacekeepers (Marshals)

The peacekeepers are being provided by Veterans for Peace, other veterans’ organizations and those persons trained in nonviolence. They have had one training session in Portland, OR in August and will have further training on October 5 in the afternoon in Washington, DC.

The functions of the Peacekeepers are to:
1. Provide guidance to participants in maintaining safe, peaceful and orderly conduct.
2. Identify persons who may carry weapons, threaten violence or instigate violence, isolate those persons if necessary and alert police.
3. Assist with any necessary mobilization of persons to other areas in the case of emergency.
4. Provide overnight security, a minimum of 3 persons in Freedom Plaza overnight.
Peacekeepers will wear green sweatshirts or T-shirts with “Peacekeeper” written on them. Peacekeepers will communicate with each other using cell phones and a mass texting service. Peacekeepers will communicate with the crowd using megaphones and “call and response” techniques.

I will issue Ms. Flowers and Mr. Zeese the permit for Freedom Plaza on Monday, however it is up to the organization to secure any parking from the District. I informed Ms. Flowers and Mr. Zeese that the parking near the plaza is city council parking.

Please let me know if I can be of further assistance.

Subject: Permit and MPD SOD - October 2011 Movement - Freedom Plaza - 10/5-10/10

Dear Ms. Richardson:

Kevin Zeese and Margaret Flowers (whom you have been working with on the permit for the above mentioned activity) have asked me to communicate with you regarding parking issues and the MPD SOD. I spoke with Officer Jaffe yesterday at MPD SOD and he informed me that there was no one in his office working with the NPS on our permit and consequently, no one working on our parking/transportation needs associated with our First Amendment Assembly activities on Freedom Plaza. Officer Jaffe also told me that he did not see a permit from NPS in his office from the NPS for our organization.

I have attached our letter to the MOD SOD, which has not been sent to that office, because there is no one there assigned to work with the NPS on this. The letter outlines our parking needs which will require the MPD SOD to put up no parking signs at the locations, dates/times outline in the letter. Since we are getting very close to October 5, we need to finalize the permit with the NPS as well as the coordination required between your office and the MPD SOD.

Please coordinate our parking/transportation needs with the MPD SOD. We would appreciate it if you let us know the status of this request as soon as possible.

Thank you for your help.

Subject: Permit

Dear Marisa,

Thank you for your willingness to work with us. We appreciate the respect that you and your colleagues have shown us.

Kevin and I would like to request an extension of our current permit for Freedom Plaza for the maximum period of time with the same conditions that we have in the current permit. Please let me know if this is a possibility and what we need to do to make this happen.

Best regards,
Margaret
