Re_ availability - Nov. 14, 2020 from 8 a.m. - ...(1).pdf
Hello,

What time will they let you know today? I have a meeting with 20-1327 Cindy Chafian Women for America first at 2 p.m today.

Thanks,
Deborah

---

Hello Deborah,

I met with the group today - they are still undecided on dates and will let me know today.

Hello All,

Here is a list of permitted events for this upcoming weekend. All of the 1st Amendment Demonstrations applications were submitted earlier in the week or today that is why the status is still processing with the exception of 20-1263. There is one additional demonstration permit application submitted today at 3:50 pm for November 15th. The staff is working diligently to finalize the details for the demonstrations and issue the permits.

Subject: Update on This Weekend

CLOSE HOLD

I just spoke with Lt Seance:

- The USPP night shift is down several officers. Several members of the React Teams contracted COVID and several are quarantining. D-1 has been de-logged and the vans cleaned. These were overnight teams here for the election and would not have come in contact with any NAMA staff.
- We continue to stay in touch with USPP as events unfold over the weekend. Right now it sounds like there may be more internet traffic than actual attendees but they are expecting pro-Trump groups and counter groups. We don’t have anything credible to alter our operation right now. Just keep in mind have your staff use their judgement and avoid any potential situations where groups are forming. Right now it sounds like it will be a lot of people driving around and activity at Freedom Plaza and Black Lives Matter Plaza. We’ll share an update tomorrow if anything new is learned and we will be monitoring all weekend in real time.
- Lt. Seance asked that we deploy the bike rack at Lincoln and Jefferson if we moved it to the side.

Good morning Ms. Chafian,

I know you are extremely busy with the program and setup. As the permit holder you are responsible for activity taking place at Freedom Plaza. As part of your permit negotiations with Ms. Deas she informed you the only authorized items allowed to be sold on parkland are books, bumper stickers, pamphlets, newspapers, buttons and leaflets. You indicated that your organization was not conducting any sales at Freedom Plaza. The permit does not authorize sales. If you could have your volunteers or staff people tell the vendors to relocate from Freedom Plaza to an authorized city vending locations.

Individuals are allowed to sell the permitted items listed above without the aid of a stand or structure however, t-shirts, flags sales are not allowed on parkland.

We appreciate your cooperation and assistance with this matter.

Thank you
Marisa

Hello Mike,

Deborah and I just spoke to the permit organizer and she said their was a misunderstanding with the gentleman who issued the press release. She indicated that she will speak to him about reissuing another one but can't guarantee that he will. She is aware that PIC holds the application for Freedom Plaza and John Marshall Park.

On the website it just says Washington DC https://trumpmarch.com/w

TRUMP MARCH | December 12, 2020

On Saturday, November 14th, hundreds of thousands of American voters traveled to the nation’s capitol and said ENOUGH! Outraged and infuriated by what Joe Biden himself called the “most extensive and inclusive voter fraud organization in the history of American politics,”

Thanks, Deborah! Has anyone reached out about why their press release this morning says Freedom Plaza, or if they plan to issue a correction. I don’t want to inadvertently start something by telling media inquiries that it has been moved to Lincoln. But I think it’s
important that get corrected immediately.

Mike

Hello,
The Lincoln Memorial Reflecting Pool Steps will be added to your public gathering
Hi Deborah, thank you so much for reaching out. Yes please do include the Lincoln Memorial reflecting pool steps on the permit application. I will plan for all different scenarios. Thank you again for all of your help. This time around will be a much smoother process and I should have everything that you need from me by the end of the week. We are obviously taking extra precautions this time for security and also for transportation for attendees to get back-and-forth safely. Having the elderly, women, and children be attacked for exercising their First Amendment rights is something I would have never expected to have seen here. That being said, we are taking the security and logistics very seriously. Thank you again for your help.

Cindy Chafian
Director of Coalitions
Women for America First

Good morning,
I received your public gathering permit application to conduct a first amendment demonstration, Women for America First (20-1340) on December 11 - 12, 2020.
from 5:00 p.m. - 6:00 p.m. at Freedom Plaza, John Marshall Park and Upper Senate Park.

Note, Upper Senate Park is under the jurisdiction of the United States Capitol.

Freedom Plaza and John Marshall Park is currently not available due to the public gathering permit application for the Presidential Inaugural Committee that was submitted prior to your application Women for America First (20-1340).

The Lincoln Memorial below the white marble steps and the Lincoln Memorial Reflecting Pool Steps is available December 11 and 12, 2020. If you would like to include the Lincoln Memorial below the white marble steps and the Lincoln Memorial Reflecting Pool Steps for Women for America First (20-1340), please confirm via email as soon as possible.

Freedom Plaza and John Marshall Park will remain on your public gathering permit application if the locations become available.

Thank you,
Deborah Deas

Site plan

Attached please find the site plans for the Lincoln memorial. Bear with me as I have never done an event there. Understanding the scale has been a challenge.

I did speak to someone named Greg Dix from GSA last week (he reached out to us) about freedom plaza. I’m not sure if they are who had the permit application for freedom plaza but they were planning to hire a crane for a generator install. He said they would be rescheduling it due to the rally.

Let me know if I’m missing anything prior to our meeting at 10am. Thank you.

Good morning,
I know it’s Sunday but I’m trying to tie up loose ends. Is it possible to amend the permit application for Lincoln Memorial to Sunday December 13, 2020 from 3am to 2:00pm. We’d like to do a prayer service.

Cindy Chafian
Director of Coalitions
Women for America First
(b) (6)
Good morning Cindy,

Please confirm the following amended dates and times to your public gathering permit application, Women for America First (21-0212):
January 5 - 7, 2021 from 12 p.m. - 10 a.m.

In addition, will the locations (Lincoln Memorial and Freedom Plaza) remain the same in addition to the new dates and times January 5 - 7, 2020 from 12 p.m. - 10 a.m.

Are you relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza? If so, please confirm you are relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza.

Are you planning your demonstration for January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza?

Thank you,
Deborah Deas

Hello Lt. Lamond,

Here is the application Cindy amended for January 22-23 to reflect the new dates of January 5-6. I spoke with Superintendent Reinbold about formally asking the PIC if they are planning to use Freedom Plaza on January 5-7. So hopefully we will have answer sooner than later.

Currently the Lincoln Memorial is unavailable as well.

Hello,

The individual/organization name on the public gathering permit application will change to Cindy Chafian. (Submitting another public gathering permit application is not required). In addition, the current application on file includes 5,000 participants. Is there an increase in the number of participants? Has the purpose of the event changed?

The Presidential Inaugural Committee (PIC) application on file includes Freedom Plaza and Lincoln Memorial for January 5 - 7, 2021 from 12 p.m. - 10 a.m. We are in the planning process with representatives of the PIC team. The PIC will be contacted to check availability for the use of Freedom Plaza and Lincoln Memorial, January 5 - 7, 2021 from 12 p.m. - 10 a.m. for Cindy Chafian.

In addition, you will be contacted when an answer is received from PIC in terms of the availability at Freedom Plaza and the Lincoln Memorial on January 5 - 7, 2021 from 12 p.m. - 10 a.m.

Thank you,
Deborah Deas

Cindy Chafian
Director of Coalitions
Women for America First

(b) (6)
Hello Jeff and John,

Cindy Chafian of America for Women First amended her application 21-0212 to use Freedom Plaza and the Lincoln Memorial on January 22-23, 2020. The new date for the demonstration is now January 5-7 with the event date of January 6. She will not conduct a demonstration from January 23-23. The change is a result of President Trump tweeting and it’s the day Congress counts the electoral college votes.
https://twitter.com/realdonaldtrump/status/1340185773220515840?s=21

Donald J. Trump on Twitter

"Peter Navarro releases 36-page report alleging election fraud 'more than sufficient' to swing victory to Trump https://t.co/D8KrMIHnFkK. A great report by Peter. Statistically impossible to have lost the 2020 Election. Big protest in D.C. on January 6th. Be there, will be wild!"

twitter.com

She estimates an attendance of 15,000. Her amendment conflicts with the PIC 2021 applications for the use of Freedom Plaza (20-0409) and Lincoln Memorial (21-0006).

I understand PIC 2021 is still formulating their production schedule. Could you verify with Mr. Moore, if PIC 2021 plans to use Freedom Plaza (Ms. Chafian’s preferred location) or the Lincoln Memorial? If they are not using the locations can you formally ask them to in writing relinquish any non-build or production dates? The timing is important because of the holiday. We would need to find Ms. Chafian a location suitable for 15,000 and currently everything large enough to accommodate a crowd of that size conflicts with the PIC applications.

Leonard has a meeting with the PIC Mall Team tomorrow and Robbin on Wednesday for the Parade route.

I suspect we will receive additional applications from other organizations on the same date.

Thank you

Marisa

Subject: Re: [EXTERNAL] Amended application - Women for America First (21-0212)

Please confirm the following amended dates and times to your public gathering permit application, Women for America First (21-0212):
January 5 - 7, 2021 from 12 p.m. - 10 a.m.

Confirmed

In addition, will the locations (Lincoln Memorial and Freedom Plaza) remain the same in addition to the new dates and times January 5 - 7, 2020 from 12 p.m. - 10 a.m.

Confirmed

Are you relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza? If so, please confirm you are relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza.

We will be relinquishing January 22/23 for Lincoln Memorial and Freedom Plaza

Are you planning your demonstration for January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza?

Negative

Can you let me know if anyone else is ahead of me for these dates for either location and if there are, who they are? Needed for contingency planning if necessary.

Thanks Deborah, I appreciate you.

The purpose is the same. First amendment demonstration. I don’t believe there is a planned march but I have submitted a permit application for the use of the street.

Cindy Chafian
Director of Coalitions
Women for America First

I am going to plan for 15,000 participants.

And just to confirm I am the first in line after the PIC, correct?

And lastly, if I were to send a small thank you note/gift to the various agencies where could I get that information? Everyone has been so incredibly helpful over the past few months and I would like to show my appreciation.
Thank you so much.

Hello,  
The individual/organization name on the public gathering permit application will change to Cindy Chafian. (Submitting another public gathering permit application is not required). In addition, the current application on file includes 5,000 participants. Is there an increase in the number of participants? Has the purpose of the event changed?

The Presidential Inaugural Committee (PIC) application on file includes Freedom Plaza and Lincoln Memorial for January 5 - 7, 2021 from 12 p.m. - 10 a.m. We are in the planning process with representatives of the PIC team. The PIC will be contacted to check availability for the use of Freedom Plaza and Lincoln Memorial, January 5 - 7, 2021 from 12 p.m. - 10 a.m. for Cindy Chafian.

In addition, you will be contacted when an answer is received from PIC in terms of the availability at Freedom Plaza and the Lincoln Memorial on January 5 - 7, 2021 from 12 p.m. - 10 a.m.

Thank you,

Good morning,

In preparation to finding a possible alternate location if Freedom Plaza and the Lincoln Memorial is not available, see the following logistical information:

- Timeline - (January 5 - 7, 2021) - setup, event and break down
- Run-of-show
- Confirmed and unconfirmed speakers
- Site plan (include equipment locations, portajohns, tent sizes- first aid medical, VIPs and any additional equipment)
- List of equipment
- Number of participants
- Number of portajohns (placement locations, delivery timeline and removal timeline)
- Medical plan (number of tents, tent sizes and locations, transport units and locations and medical support along the march route)
- March route (turn by turn directions)
- March for Trump Bus Tour location
- Number of volunteers and how will they be identified
- COVID - 19 mitigation plan

In addition, are you anticipating flyovers or motorcade arrivals?

- See the attached Record of Determination, Fire Life Safety Guidelines and Special Events Guidelines for reference and required documents. Note, applicants are asked to submit a COVID 19 mitigation plan with their application to identify measures they will take to limit the spread of COVID 19.

Thank you,
Deborah Deas

January 5 - 7, 2021 from 12 p.m. - 10 a.m.

In addition, will the locations (Lincoln Memorial and Freedom Plaza) remain the same in addition to the new dates and times January 5 - 7, 2020 from 12 p.m. - 10 a.m.

Are you relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza? If so, please confirm you are relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza.

Are you planning your demonstration for January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza?

Thank you,
Deborah Deas

Hi Mike,

Here is the amended application for Cindy Chafian. She has requested we drop the organization name Women for America First and just use her name as the organization. She amended her current application on file 20-0212 from January 22-23 to January 5-7, 2021.

Please let me know if there is anything else you need.

Hello Lt. Lamond,

Here is the application Cindy amended for January 22-23 to reflect the new dates of January 5-6. I spoke with Superintendent Reinbold about formally asking the PIC if they are planning to use Freedom Plaza on January 5-7. So hopefully we will have answer sooner than later.

Currently the Lincoln Memorial is unavailable as well.

Power: Yellow Jacket Cable Cover Cable Covers to FOH
Press Riser 8’ x 8’ x 2’ - with skirt and stairs
Power - Generator 70 KVA with electrical service

**Tents provided by Select Event Group**

20x30 VIP covered tent
20x20 Medical covered tent
Certificates attached
None of the tents are larger than 900 sq ft

**Portables provided by JiffyJohns**

Delivered on January 5, 2021
Picked up on January 7, 2021
20 standard portables
4 ADA portable restroom with hand sanitizer

**Transportation Plan**

Freedom Plaza is directly across the street from the hotel we are staging in. Speakers will be escorted with security from the hotel lobby across the street to the site. VIP tent set on site for staging immediately before their speaking slot. If attendees or speakers need to be transported from Freedom Plaza to the end of the march route, we will utilize golf carts obeying all traffic rules and laws.

**Arrival times for the March for Trump bus**

6:00am January 6, 2021

**Removal time for the March for Trump bus:**

5:00pm January 6, 2021

**Volunteer assignments:**

**Clean up team at Freedom Plaza**
Will make sure that no one uses tape or any adhesive on the plaza.
Will place all trash in clear bags near the trash bins.

**COVID-19 Mitigation Plan:**
See attached *Extra face masks and sanitizer will be available.

Site plan attached “All out of Bubble Gum” (don’t ask...our security coordinator has a weird sense of humor.)
Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment
please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC”)

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
- Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served
Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

--

Phase Two | coronavirus

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,

Marisa
What are the regulations on food trucks within the perimeter that is closed to traffic? Would it be possible to have some of them be allowed to park on the streets so attendees don’t have to leave to get food? Usually they’re parked just outside of 13th/14th off of constitution.

And is there a curfew we need to abide by or would be we able to remain on Freedom Plaza from 9:30-12:00am? Wanting to give people a place to go so they’re not roaming the streets, if that makes sense.

Good morning,
In preparation to finding a possible alternate location if Freedom Plaza and the Lincoln Memorial is not available, see the following logistical information:
- Timeline - (January 5 - 7, 2021) - setup, event and break down
- Run-of-show
- Confirmed and unconfirmed speakers
- Site plan (Include equipment locations, portajohns, tent sizes- first aid medical, VIPs and any additional equipment)
- List of equipment
- Number of participants
- Number of portajohns (placement locations, delivery timeline and removal timeline)
- Medical plan (number of tents, tent sizes and locations, transport units and locations and medical support along the march route)
- March route (turn by turn directions)
- March for Trump Bus Tour location
- Number of volunteers and how will they be identified
- COVID - 19 mitigation plan

In addition, are you anticipating flyovers or motorcade arrivals?

- See the attached Record of Determination, Fire Life Safety Guidelines and Special Events Guidelines for reference and required documents. Note, applicants are asked to submit a
COVID 19 mitigation plan with their application to identify measures they will take to limit the spread of COVID 19.

Thank you,
Deborah Deas

Good morning,

Just checking to see if I need to submit anything else.

The name has been changed to Rally to Save America.

There are slight changes to the site map. I will resubmit by Tuesday.

Wanting to confirm that I am the first application after the PIC and also what the status of their application is.

Thank you all so much. I appreciate everything you all do for us!

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson

Hello Jeff and John,

Cindy Chafian of America for Women First amended her application 21-0212 to use Freedom Plaza and the Lincoln Memorial on January 22-23, 2020. The new date for the demonstration is now January 5-7 with the event date of January 6. She will not conduct a demonstration from January 23-23. The change is a result of President Trump tweeting and it’s the day Congress counts the electoral college votes.
https://twitter.com/realdonaldtrump/status/1340185773220515840?s=21

Donald J. Trump on Twitter

"Peter Navarro releases 36-page report alleging election fraud ‘more than sufficient’ to swing victory to Trump https://t.co/D8KrMHnFdK. A great report by Peter. Statistically impossible to have lost the 2020 Election. Big protest in D.C."
She estimates an attendance of 15,000. Her amendment conflicts with the PIC 2021 applications for the use of Freedom Plaza (20-0409) and Lincoln Memorial (21-0006).

I understand PIC 2021 is still formulating their production schedule. Could you verify with Mr. Moore, if PIC 2021 plans to use Freedom Plaza (Ms. Chafian's preferred location) or the Lincoln Memorial? If they are not using the locations can you formally ask them to in writing relinquish any non-build or production dates? The timing is important because of the holiday. We would need to find Ms. Chafian a location suitable for 15,000 and currently everything large enough to accommodate a crowd of that size conflicts with the PIC applications.

Leonard has a meeting with the PIC Mall Team tomorrow and Robbin on Wednesday for the Parade route.

I suspect we will receive additional applications from other organizations on the same date.

Thank you

Marisa

Please confirm the following amended dates and times to your public gathering permit application, Women for America First (21-0212):
January 5 - 7, 2021 from 12 p.m. - 10 a.m.

Confirmed
In addition, will the locations (Lincoln Memorial and Freedom Plaza) remain the same in addition to the new dates and times January 5 - 7, 2020 from 12 p.m. - 10 a.m.

Confirmed

Are you relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza? If so, please confirm you are relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza.

We will be relinquishing January 22/23 for Lincoln Memorial and Freedom Plaza

Are you planning your demonstration for January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza?

Negative

Can you let me know if anyone else is ahead of me for these dates for either location and if there are, who they are? Needed for contingency planning if necessary.

Thanks Deborah, I appreciate you.

Subject: Re: [EXTERNAL] Amended application - Women for America First (21-0212)

Good morning Cindy,

Please confirm the following amended dates and times to your public gathering permit application, Women for America First (21-0212):

January 5 - 7, 2021 from 12 p.m. - 10 a.m.

In addition, will the locations (Lincoln Memorial and Freedom Plaza) remain the same in addition to the new dates and times January 5 - 7, 2020 from 12 p.m. - 10 a.m.

Are you relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza? If so, please confirm you are relinquishing January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza.

Are you planning your demonstration for January 22 - 23, 2021 for the Lincoln Memorial and Freedom Plaza?

Thank you,

Deborah Deas  
Park Ranger

Attached please find the amended permit application.

Cindy Chafian
Director of Coalitions
Women for America First

(b)(6)
I have some adjustments I need to make as far as timing and run of show. There will be a program on Tuesday afternoon beginning at 4pm ending at 6pm.

And am I able to amend the permit again to go into effect on the 4th at noon?

Hope you had an amazing holiday weekend!

Cindy Chafian

Good morning,

Just checking to see if I need to submit anything else.

The name has been changed to Rally to Save America.

There are slight changes to the site map. I will resubmit by Tuesday.

Wanting to confirm that I am the first application after the PIC and also what the status of their application is.

Thank you all so much. I appreciate everything you all do for us!

Rigging: Genie Lifts Genie ST-27 –
FOH - Digital Mixing Console - 32 Channel Midas M-32
Digital Mixer - 16 Outs for Press Box
Microphone - Shure ULXP4 Wireless Handheld Microphone
Security: Rails Bike rails to create secured area
Power: Yellow Jacket Cable Cover Cable Covers to FOH
Press Riser 8’ x 8’ x 2’ - with skirt and stairs
Power - Generator 70 KVA with electrical service

**Tents provided by Select Event Group**
20x30 VIP covered tent
20x20 Medical covered tent
Certificates attached
None of the tents are larger than 900 sq ft

**Portables provided by JiffyJohns**
Delivered on January 5, 2021
Picked up on January 7, 2021
20 standard portables
4 ADA portable restroom with hand sanitizer

**Transportation Plan**
Freedom Plaza is directly across the street from the hotel we are staging in. Speakers will be escorted with security from the hotel lobby across the street to the site. VIP tent set on site for staging immediately before their speaking slot. If attendees or speakers need to be transported from Freedom Plaza to the end of the march route, we will utilize golf carts obeying all traffic rules and laws.

**Arrival times for the March for Trump bus**
6:00am January 6, 2021
Removal time for the March for Trump bus:
5:00pm January 6, 2021

Volunteer assignments:
Clean up team at Freedom Plaza
Will make sure that no one uses tape or any adhesive on the plaza.
Will place all trash in clear bags near the trash bins.

COVID-19 Mitigation Plan:
See attached *Extra face masks and sanitizer will be available.

Site plan attached “All out of Bubble Gum” (don’t ask...our security coordinator has a weird sense of humor.)
Thanks for keeping on top of this.

Subject: Fw: [EXTERNAL] Amended application - Women for America First (21-0212)

Hello Jeff and John,

Cindy Chafian of America for Women First amended her application 21-0212 to use Freedom Plaza and the Lincoln Memorial on January 22–23, 2020. The new date for the demonstration is now January 5–7 with the event date of January 6. She will not conduct a demonstration from January 23–23. The change is a result of President Trump tweeting and it’s the day Congress counts the electoral college votes.
https://twitter.com/realdonaldtrump/status/1340185773220515840?s=21

Donald J. Trump on Twitter

"Peter Navarro releases 36-page report alleging election fraud ‘more than sufficient’ to swing victory to Trump https://t.co/D8KMHnF6K. A great report by Peter. Statistically impossible to have lost the 2020 Election. Big protest in D.C. on January 6th. Be there, will be wild!"
She estimates an attendance of 15,000. Her amendment conflicts with the PIC 2021 applications for the use of Freedom Plaza (20-0409) and Lincoln Memorial (21-0006).

I understand PIC 2021 is still formulating their production schedule. Could you verify with Mr. Moore, if PIC 2021 plans to use Freedom Plaza (Ms. Chafian's preferred location) or the Lincoln Memorial? If they are not using the locations can you formally ask them to in writing relinquish any non-build or production dates? The timing is important because of the holiday. We would need to find Ms. Chafian a location suitable for 15,000 and currently everything large enough to accommodate a crowd of that size conflicts with the PIC applications.

Leonard has a meeting with the PIC Mall Team tomorrow and Robbin on Wednesday for the Parade route.

I suspect we will receive additional applications from other organizations on the same date.

Thank you

Marisa

(b) (6)
Good morning Deborah,

Can you give me a call when you have a moment. I don’t want there to be any confusion with regard to the application and it’s come to my attention that my former client is claiming that the application belongs to them.

I would like to make it clear that I am not, nor have I ever been a board member for Women for America First.

I am not, nor have I ever been employed by them.

The application that was received by you was sent by me, on my own, at no instruction by WFAF or anyone from their organization.

The application was submitted by me based on important dates in this election cycle.

The amendments were made by me based on the president’s tweet.

The only correspondence I received from Amy Kremer, was her asking if I had heard from you regarding my request to change the date (which I did on my own). I was clear in all of the text messages that the application was mine and in my name.

Women for America First failed to respond to any requests for information via text message. They failed to answer or respond to any of my calls.

My working relationship with Women for America First was terminated after the event on 12/12/20.

Women for America First failed to contract with Intentional Life and Wellness or myself as an independent contractor for the upcoming event. I was very clear that I would need something from them in writing before I would work on another event for them.

Women for America First failed to contract with Intentional Life and Wellness or myself as an independent contractor for any future events.

It came to my attention early last week that Women for America First had no intention of
continuing a working relationship with me. Upon learning this I removed myself from all accounts connected to Women for America First. I ceased using the email account and moved everything to my personal and business email.

I then began working with another client on the event.

Even after beginning a contract with my client, I still attempted to reach out to get clarity from WFAF since they would still be included in the program.

Unfortunately I learned that Women for America First planned to attempt to file a permit application behind mine, I assume due to their assumption that I would not be in a position to fund or plan the event without them. At this point I stopped proactively attempting to communicate with them.

On Saturday, December 26, 2020 after learning that I did in fact have another client and was planning the event for January 5-7, I finally received a text message asking for a call between Kylie Kremer, Amy Kremer, and myself. I declined that invitation explaining that I had moved on with a new client based on their failure to secure me as a contracted event planner.

They are now attempting to spread misinformation and I assume will be trying to use their contacts within the DOI to try and sabotage this event planned under my management.

It’s unfortunate that this has happened and I feel badly for them but their failure to plan and act is not my responsibility nor am I obligated to them.

Please call me if you have any questions or concerns.

Thank you.

Cindy Chafian
Is it possible to get a permit to speak at the Lincoln memorial on Jan 6th? I know most will be at the capital. I was hoping to have a meetup. Same setup I had in Oct. Battery powered speakers. What would be the quickest way if possible to do this?

Thanks
Peter Boykin

Good morning Deborah,

Can you give me a call when you have a moment. I don’t want there to be any confusion with regard to the application and it’s come to my attention that my former client is claiming that the application belongs to them.

I would like to make it clear that I am not, nor have I ever been a board member for Women for America First.

I am not, nor have I ever been employed by them.

The application that was received by you was sent by me, on my own, at no instruction by WFAF or anyone from their organization.

The application was submitted by me based on important dates in this election cycle.

The amendments were made by me based on the president’s tweet.

The only correspondence I received from Amy Kremer, was her asking if I had heard from you regarding my request to change the date (which I did on my own). I was clear in all of the text messages that the application was mine and in my name.

Women for America First failed to respond to any requests for information via text message. They failed to answer or respond to any of my calls.

My working relationship with Women for America First was terminated after the event on 12/12/20.

Women for America First failed to contract with Intentional Life and Wellness or myself as an independent contractor for the upcoming event. I was very clear that I would need something from them in writing before I would work on another event for them.

Women for America First failed to contract with Intentional Life and Wellness or myself as an independent contractor for any future events.

It came to my attention early last week that Women for America First had no intention of continuing a working relationship with me. Upon learning this I removed myself from all accounts connected to Women for America First. I ceased using the email account and moved everything to my personal and business email.
I then began working with another client on the event.

Even after beginning a contract with my client, I still attempted to reach out to get clarity from WFAF since they would still be included in the program.

Unfortunately I learned that Women for America First planned to attempt to file a permit application behind mine, I assume due to their assumption that I would not be in a position to fund or plan the event without them. At this point I stopped proactively attempting to communicate with them.

On Saturday, December 26, 2020 after learning that I did in fact have another client and was planning the event for January 5-7, I finally received a text message asking for a call between Kylie Kremer, Amy Kremer, and myself. I declined that invitation explaining that I had moved on with a new client based on their failure to secure me as a contracted event planner.

They are now attempting to spread misinformation and I assume will be trying to use their contacts within the DOI to try and sabotage this event planned under my management.

It’s unfortunate that this has happened and I feel badly for them but their failure to plan and act is not my responsibility nor am I obligated to them.

Please call me if you have any questions or concerns.

Thank you.

Cindy Chafian
Thank you for getting back with me. Please see my responses below.

Public gathering permit application (21-0212)
The individual/organization name on the public gathering permit application (21-0212), is changed from Women For America First to Cindy Chafian.

Correct. Women for America First failed to contract with me.

Is the name of the organization changed to Great American Patriot Party Rally?

Name is Eighty Percent Coalition

The person in charge of the event includes Cindy Chafian

Correct

The requested locations include Freedom Plaza and Lincoln Memorial.

Correct

The requested dates include January 5 - 7, 2021

Please amend date to January 4th at noon through January 7th at 6:00pm.

The email addresses are (b) (6) @gmail.com and (b) (6) @gmail.com

Correct

The estimated maximum number of participants - 15,000

Correct

Good Morning Deborah,

My name is Amy Kremer and I am Chairman of Women for America First.

I am reaching out regarding our organization’s permit (Women for America First 21-0212) for January 6th (5th-7th) for Freedom Plaza and Lincoln Memorial.

Cindy Chafian is no longer affiliated with Women for America First and did not have the authorization to change the permits submitted.

Kylie Jane Kremer (WFAF Executive Director and Board Member) should be the primary point of contact with James Lyle (WFAF Program Director) as the secondary point of contact. Their contact information is listed below and they are also both copied on this email.

Please let me know if you have any questions and if any additional information is needed on behalf of Women for America First.

I appreciate your help and look forward to hearing from you soon.

Hello,

Please see the attached public gathering permit application.

Note, the name on the public gathering permit application, Women for America First is changed to Eighty Percent Coalition per an email from Cindy Chafian.

I received an email from Amy Kremer, chairwoman of Women for America First explaining that Cindy Chafian was not given authorization to remove the name, Women for America First from the application.

Amy Kremer is not listed on the attached public gathering permit application.

Cindy Chafian is listed as the person in charge on the application.

Please advise who will be the person in charge on the application.

Thanks,
Deborah Deas

RE_ Cindy Chafian - public gathering permit app...(1).pdf
Since the application was filed for Women for America First, then that org needs to identify who will be the new person in charge of the event. With that being said, assuming that PIC doesn’t need the space, Freedom Plaza may be able to accommodate multiple occupancy. For that reason, Eighty Percent Coalition needs to apply for its own permit.

Hello Roland,

Ms. Chafian is the person who filed the application and is listed as the person in charge. We usually inform applicants that only the person or people listed on the application can only make changes to the application. How do we know the person claiming to be from Women for America First is associated with the organization?

Great question.

- For starters, didn’t Ms. Chafian say she’s no longer affiliated with WAF? That is an indication that she’s no longer the POC.
- Does the organization have a website or social media page? Maybe we can learn more from doing a bit of investigation.
- Am I wrong in assuming that Ms. Kremer works for WAF? I noticed that when Ms. Chafian applied on behalf of WAF she used a WAF email address, maybe Ms. Kremer has a similar address. Depending on her role at WAF, you can task her to identify a new POC.
- Lastly, why not ask Ms. Chafian for a contact number for WAF? Depending on how or what you ask, she might provide you a new POC.

Ultimately, if you can’t find a new POC then I guess you can’t issue a permit, right?

Ok I will fill out the application.

Basically 50 to 100 people I wouldn't expect more but if I had more sign up I would immediately let you know.

Duration would most likely be 10am until 1pm as I believe by noon the other event is starting at the Capital.

Equipment is same as before. Battery powered speakers and stands. No generator or stage.

I am interested in any free location to do this. As close to the capital as possible. I would encourage people to leave my event to go to the Capital.

Thanks
Peter Boykin

Hello,

Per our conference call in reference to the public gathering permit application, Women for America First, to conduct a first amendment demonstration at Freedom Plaza and Lincoln Memorial on January 5 - 7, 2021 see the following information:

-Please submit another public gathering permit application because Women for America First is included as the organization name on the application and you indicated that you are no longer the point of contact.

-Women for America First is second in the que for the Lincoln Memorial and Freedom Plaza. (The Presidential Inaugural Committee is first and your potential application will be third in the que).

-As of today, John Marshall Park is second in the que for availability (The Presidential Inaugural Committee is first and your potential application is second in the que).

-See attached public gathering permit application.

Hello,
Per our conference call in reference to the public gathering permit application, Women for America First, to conduct a first amendment demonstration at Freedom Plaza and Lincoln Memorial on January 5 - 7, 2021 see the following information:

-Please submit another public gathering permit application because Women for America First is included as the organization name on the application and you indicated that you are no longer the point of contact.
-Women for America First is second in the que for the Lincoln Memorial and Freedom Plaza. (The Presidential Inaugural Committee is first and your potential application will be third in the que).

-As of today, John Marshall Park is second in the que for availability (The Presidential Inaugural Committee is first and your potential application is second in the que).

-See attached public gathering permit application.

Thank you,
Deborah Deas
Park Ranger

Re_ Cindy Chafian - public gathering permit app..._1.pdf
Yes, no point of contact means no permit for the organization.

Get Outlook for iOS

Great question.
- For starters, didn’t Ms. Chafian say she’s no longer affiliated with WAF? That is an indication that she’s no longer the POC.
- Does the organization have a website or social media page? Maybe we can learn more from doing a bit of investigation.
- Am I wrong in assuming that Ms. Kremer works for WAF? I noticed that when Ms. Chafian applied on behalf of WAF she used a WAF email address, maybe Ms. Kremer has a similar address. Depending on her role at WAF, you can task her to identify a new POC.
- Lastly, why not ask Ms. Chafian for a contact number for WAF? Depending on how or what you ask, she might provide you a new POC.

Ultimately, if you can’t find a new POC then I guess you can’t issue a permit, right?

Best,

Roland Blackman

Hello Roland,

Ms. Chafian is the person who filed the application and is listed as the person in charge. We usually inform applicants that only the person or people listed on the application can only make changes to the application. How do we know the person claiming to be from
Women for America First is associated with the organization?

Subject: RE: Cindy Chafian - public gathering permit application (21-0212)

Since the application was filed for Women for America First, then that org needs to identify who will be the new person in charge of the event. With that being said, assuming that PIC doesn’t need the space, Freedom Plaza may be able to accommodate multiple occupancy. For that reason, Eighty Percent Coalition needs to apply for its own permit.

Subject: Cindy Chafian - public gathering permit application (21-0212)

Hello,
Please see the attached public gathering permit application.

Note, the name on the public gathering permit application, Women for America First is changed to Eighty Percent Coalition per an email from Cindy Chafian.
I received an email from Amy Kremer, chairwoman of Women for America First explaining that Cindy Chafian was not given authorization to remove the name, Women for America First from the application.

Amy Kremer is not listed on the attached public gathering permit application.

Cindy Chafian is listed as the person in charge on the application.

Please advise who will be the person in charge on the application.

Thanks,
Deborah Deas

Ok I will fill out the application.

Basically 50 to 100 people I wouldn't expect more but if I had more sign up I would immediately let you know.

Duration would most likely be 10am until 1pm as I believe by noon the other event is starting at the Capital.

Equipment is same as before. Battery powered speakers and stands. No generator or stage.

I am interested in any free location to do this. As close to the capital as possible. I would encourage people to leave my event to go to the Capital.

Thanks

Is it possible to get a permit to speak at the Lincoln memorial on Jan 6th? I know most will be at the capital. I was hoping to have a meetup. Same setup I had in Oct. Battery powered speakers. What would be the quickest way if possible to do this?

Thanks
Peter Boykin

I have submitted an application.

I have to ask, since my official relationship with WFAF terminated after 12/12 and I’m not allowed to make any changes to the permit, would it not go back to the original dates on the application? Meaning January 22nd and 23rd? I’m not understanding how I would be authorized to make some changes to a permit but not others. And would this not mean that the application I have is now the first in the queue after the PIC?

Please advise.

Dear Ms. Deas & Ms. Richardson,
Thank you for reaching out to me today about the Women for America First permit for Freedom Plaza on January 6th.

I am the founder and Chairman of Women for America First.

As you know, we hosted a rally and march on November 14, 2020 and another one on December 12, 2020.

We have also submitted an application for permit on January 6, 2021 at Freedom Plaza.

This permit was originally submitted for January 21, 2021 with the point of contact being Cindy Chafian. On December 19th, Cindy Chafian requested to amend the permit and change the date to January 6, 2021. This was done at my direction.

It came to my attention this past weekend that Cindy Chafian requested our permit, for Freedom Plaza on January 6th, be amended to remove our name and put the permit in her name only.

She was not authorized to do this and we were not aware of her actions until this past weekend when a vendor we have used at the previous events in November and December called to ask if we were still hosting the event on January 6th.

The vendor had received a call from Cindy Chafian, who he knew as part of the WFAF team. She reached out to him about using his services for an event on January 6th at Freedom Plaza. Cindy advised him she had removed WFAF from the permit and was now hosting her own event. He was confused, so he called me.

This was the first I learned of this, but after reaching out to other vendors, they advised she had called them too.
During our conversation earlier today, I was asked why she would do this and I honestly don’t know. You would have to ask her that question.

I, nor anyone else on the Women for America First Board of Directors, asked or directed her to do this.

The permit should still be in the name of Women for America First and I would request that two members of the WFAF Board should be put on the permit application as points of contact. Their names are Kylie Jane Kremer and Jennifer Hulsey.

I am including some screen shots of text messages sent between myself and Cindy Chafian over the last few weeks. My hope is that they will provide some clarity of the situation.

Cindy was paid by Women for America First for her work on the Nov 14th event, as well as being paid for the work she did on the December 12th event.

Not only did the organization (WFAF) pay Cindy, we also paid for the costs associated with both events, including Cindy’s multiple hotel stays at the Willard Hotel.

We just launched a nationwide bus tour from Southern California yesterday. We are crossing the country and end up in DC for our next rally on January 6th. Our hope is that we can have the permit restored to Women for America First and we will continue to plan for that event.

My sincerest apologies that this has happened. I can assure you that it will never happen again with our organization. This is not who we are and her actions are not representative of the organization.

Cindy Chafian is no longer affiliated with Women for America First and has no authority to speak or act on our behalf.

After her last communication via text on Saturday, I was advised by legal counsel to not communicate with her.

Please advise on how we move forward. If you need additional information, do not hesitate to contact me.

Also, so that you are aware, the bus will be traveling tomorrow from Palm Springs, CA to Las Cruces, NM. There is a lot of desolate area with no coverage on that route. If you try and reach me and can’t, I will respond as soon as I am back in an area where I’m connected and can communicate.

Thank you ladies for much for your time today. I hope you both have a great night and good start to your day tomorrow.

I look forward to working with you.

Best,
Amy Kremer

Sat, Dec 19, 4:21 AM
I have a permit application in for January 21 that is pretty much moot. I've asked her to amend the date to January 6th. Not sure if anyone else has submitted permits for that date but I will let you know what I hear.

Sat, Dec 19, 6:34 AM
Sounds good. Thank you.

Sat, Dec 19, 10:37 AM
Let me know when you hear from Deborah Deas. I'll let you know later today or tonight on what the plan is...

Sat, Dec 19, 12:19 PM
Is it possible to get a graphic for January 6 that I can send to Michael Phelps for a quote? If we could get that in early that would be helpful.

Also, maybe the credentials? Hoping to get a discount if the order is large enough.

Not planning to place it but I want to get a few quotes to minimize costs.

Sun, Dec 19, 9:22 AM
Who is Michael Phelps? Yes, we are working on all of these details. Also, we will be making sure things are more specific and clear on what roles/responsibilities people will be having.

Mon, Dec 21, 4:52 PM
He's who I sent the last minute order for signs to.

As far as the part about clarity roles/responsibilities, just let me know.
If possible, some point in the next week, I would like some clarity on where I fit in with regard to WFAF. I’m clearly not a board member, and I question what my role is as part of the team since I have no input or decision making ability and am only called on when someone needs something.

One thing that has been made clear is that I’m not included in any of the leadership hierarchy and that I need to remember my place. Which is fine, no one owes me anything with that regard.

But, if I’m an independent contractor (which is what it seems I am) then I would like clear definition as to what my relationship is and what duties you expect me to fulfill and what my compensation will be for organizing the lead up/logistics for events and running them the day of.

These questions come from a place of protecting myself and my heart and energy. I’m not interested in injecting drama. I’m trying to avoid it by discussing this ahead of time. When everyone understands what is expected, it avoids conflict. I have clearly worked with Women for America First but I have other people who have asked me to help them with events as well. So I would just like to know what you, as the leadership of this organization, understand my role to be.

I hope this makes sense to you both and that you truly understand where my heart and energy is. No conflict just clarity. Thank you both.

Saturday 12:37 PM
Kylie Jane Kremer
Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now.
Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now. My mom is in an appointment but wanted me to set up a call with you at 2:30pm PST. Does that work for you?

Let us know if 2:30 PST works. Walking into my meeting now.

Actually, I don’t see the point in a call.

You guys haven't responded to me or any of my concerns for two weeks. I've asked repeatedly for clarification on a number of issues and no one has responded to me.

Based on the lack of communication, the experience I had on the last event, and just general differences I went in a different direction. I had hoped to
[EXTERNAL] Amendment to permit application.pdf
Good morning Deborah and Marisa,

I'd like to amend the permit I just submitted.

Name: Rally to Revival

Event time 6:30pm-9pm

Number of participants: 5,000

Previous dates: January 4th-7th

Change to January 6th from 8am-11:59pm

Previous location: Freedom Plaza

Change to:

Re_ [EXTERNAL] Women for America First Permit f...(4).pdf
Hello Ms. Kremer,

Thank you for your email. Kylie Jane Kremer and Jennifer Hulsey are now the point of contacts for applications 21-0212 Women for America First for Freedom Plaza/Lincoln Memorial from January 5-7 with an event date of January 6. Please provide contact phone numbers for Ms. Kremer and Ms. Hulsey.

Women for America First application is 2nd in the cue after PIC 2021. PIC 2021, is still finalizing their plans for use the Lincoln Memorial and Freedom Plaza. Is there an alternate location you would like to explore?

I understand you are traveling in remote locations today. However, because your demonstration is scheduled for Wednesday, January 6, it is important we schedule a meeting as soon as possible to discuss your demonstration and you provide the necessary documents to secure a permit. And we can discuss a plan A and B.

I have attached planning documents for your review -please read carefully because in the documents is vital information about logistical requirements such as portable restrooms, medical aid station requirements, The following information will be required to process the information (All of this information and more is detailed in the Special Event guidelines and NCA Fire, Life and Safety for Temporary Events -please refer to those documents for specific details):

1) **Engineered drawings of any tents over 900 square feet** with floor layouts of all the tents(floor layouts are required for any size tent with sides
2) Detailed Production timeline (Build schedule/program(rehearsals)/strike)
3) Transportation Plan (included parking/traffic plan for vehicles/VIP Performers vehicle plan)
4) COVID-19 Mitigation Plan/Medical Plan
5) Crowd Management Plan
6) Detailed equipment list
7) Communication Plan
8) Trash removal Plan
9) Request for any closure to the along Pennsylvania Avenue (Please contact MPD Events Division at 202-671-6522)
10) List of Speaker or Performers
11) March Route
12) Volunteer/Marshal Plan (# marshals/volunteers, roles and responsibilities/how they identified)
13) How many people are you expecting at the Rally on January 6, 2021?

**SITE LAYOUT PLANS.**
The site layout plans shall include:(this is for every area including the Lincoln Memorial)
- A LEGEND shall be included with the information below.
- Tent numbers, name, description and size (dimensions) in feet and inches
- List of all structures and equipment within the event site.
- List all tents, trailers, RVs and approximate number of occupants. NCA-AHJ will determine occupant load
- Location of all tents or structures, include dimensions in feet and inches.
- Location and sizes of proposed propane (LPG) cylinders.

All propane cylinders shall be connected to an appliance. (Propane “STORAGE” is NOT permitted).
- Location and size of all portable generators, air conditioning (AC) units, heating units and lighting equipment.
- Identify the location of all nearby fire hydrants
- Distance dimensions in feet and inches of event site to roadways and other buildings.

**TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
The tent floor diagrams shall include
- Overall tent dimensions in feet/inches
- Tent name/number, tent description or function
- Placement of tables, chairs, and or stage
• Location of all exit doors/openings, widths in feet /inches
• Locations of all exit signs/emergency white lights and portable fire extinguishers
• Location and sizes of proposed LPG cylinders. equipment
• Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

**EMERGENCY PLAN**
The written emergency plan shall include:
• Name, date, time of the event.
• Event location, or address.
• Estimated number of attendees, including staff
• Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
• Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
• Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
• Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval
• Review emergency plan with operational staff prior to the event.
• In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent**

Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed
If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Cc: [EXTERNAL] Women for America First Permit for Freedom Plaza on Jan 6th

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

Dear Ms. Deas & Ms. Richardson,
Thank you for reaching out to me today about the Women for America First permit for Freedom Plaza on January 6th.
I am the founder and Chairman of Women for America First.

As you know, we hosted a rally and march on November 14, 2020 and another one on December 12, 2020.

We have also submitted an application for permit on January 6, 2021 at Freedom Plaza.

This permit was originally submitted for January 21, 2021 with the point of contact being Cindy Chafian. On December 19th, Cindy Chafian requested to amend the permit and change the date to January 6, 2021. This was done at my direction.

It came to my attention this past weekend that Cindy Chafian requested our permit, for Freedom Plaza on January 6th, be amended to remove our name and put the permit in her name only.

She was not authorized to do this and we were not aware of her actions until this past weekend when a vendor we have used at the previous events in November and December called to ask if we were still hosting the event on January 6th.

The vendor had received a call from Cindy Chafian, who he knew as part of the WFAF team. She reached out to him about using his services for an event on January 6th at Freedom Plaza. Cindy advised him she had removed WFAF from the permit and was now hosting her own event. He was confused, so he called me.

This was the first I learned of this, but after reaching out to other vendors, they advised she had called them too.

During our conversation earlier today, I was asked why she would do this and I honestly don’t know. You would have to ask her that question.

I, nor anyone else on the Women for America First Board of Directors, asked or directed her to do this.

The permit should still be in the name of Women for America First and I would request that two members of the WFAF Board should be put on the permit application as points of contact. Their names are Kylie Jane Kremer and Jennifer Hulsey.

I am including some screen shots of text messages sent between myself and Cindy Chafian over the last few weeks. My hope is that they will provide some clarity of the situation.

Cindy was paid by Women for America First for her work on the Nov 14th event, as well as being paid for the work she did on the December 12th event.

Not only did the organization (WFAF) pay Cindy, we also paid for the costs associated with both events, including Cindy’s multiple hotel stays at the Willard Hotel.

We just launched a nationwide bus tour from Southern California yesterday. We are crossing the country and end up in DC for our next rally on January 6th. Our hope is that we can have the permit restored to Women for America First and we will continue to plan for that event.

My sincerest apologies that this has happened. I can assure you that it will never happen again with our organization. This is not who we are and her actions are not representative of the organization.

Cindy Chafian is no longer affiliated with Women for America First and has no authority to speak or act on our behalf.

After her last communication via text on Saturday, I was advised by legal counsel to not communicate with her.

Please advise on how we move forward. If you need additional information, do not hesitate to contact me.

Also, so that you are aware, the bus will be traveling tomorrow from Palm Springs, CA to Las Cruces, NM. There is a lot of desolate area with no coverage on that route. If you try and reach me and can’t, I will respond as soon as I am back in an area where I’m connected and can communicate.

Thank you ladies for much for your time today. I hope you both have a great night and good start to your day tomorrow.

I look forward to working with you.

Best,
Amy Kremer

Instagram.com/womenforamericafirst
If possible, some point in the next week, I would like some clarity on where I fit in with regard to WFAF. I’m clearly not a board member, and I question what my role is as part of the team since I have no input or decision making ability and am only called on when someone needs something.

One thing that has been made clear is that I’m not included in any of the leadership hierarchy and that I need to remember my place. Which is fine, no one owes me anything with that regard.

But, if I’m an independent contractor (which is what it seems I am) then I would like clear definition as to what my relationship is and what duties you expect me to fulfill and what my compensation will be for organizing the lead up/logistics for events and running them the day of.

These questions come from a place of protecting myself and my business. There is no attitude and I’m not interested in injecting drama. I’m trying to avoid it by discussing this ahead of time. When everyone understands what is expected, it avoids conflict. I have clearly worked with Women for America First but I have other people who have asked me to help them with events as well. So I would just like to know what you, as the leadership of this organization, understand my role to be.

I hope this makes sense to you both and that you truly understand where my heart and energy is. No conflict just clarity. Thank you both.

Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right
Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now. My mom is in an appointment but wanted me to set up a call with you at 2:30pm PST. Does that work for you?

Let us know if 2:30 PST works. Walking into my meeting now.

Actually, I don't see the point in a call.
You guys haven't responded to me or any of my concerns for two weeks. I've asked repeatedly for clarification on a number of issues and no one has responded to me.
Based on the lack of communication, the experience I had on the last event, and just general differences I went in a different direction. I had hoped to
Hello John,

These are the dates and locations of the events we discussed during the check in meeting. The following applications have requested use of areas currently part of the PIC permit applications:

<table>
<thead>
<tr>
<th>Permit #</th>
<th>Applicant</th>
<th>Location</th>
<th>Application status</th>
</tr>
</thead>
<tbody>
<tr>
<td>21-0212</td>
<td>Women for America First</td>
<td>Freedom Plaza/Lincoln</td>
<td>Second after PIC (Lincoln build tentatively John Marshall) January 11-still waiting on written plan)</td>
</tr>
<tr>
<td>January 4-7 15000 scheduled for</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>21-0271</td>
<td>The Silent Majority</td>
<td>Mall@13th Street</td>
<td>Second after PIC -(Leonard met with PIC written schedule) start build on January 7th but waiting on</td>
</tr>
<tr>
<td>January 5-6 500 today and tentatively</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>20-0274</td>
<td>Rally to Revival</td>
<td>Sylvan Theater</td>
<td>Second after PIC</td>
</tr>
<tr>
<td>January 6 5000</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

We are starting to meet with the organizations to discuss their events but can't provide concrete locations relinquishes the space or provides plans for the locations. Any word on when PIC will relinquish areas they are not using.

Thanks
Marisa

RE_ Applications for January 5-6, 2020.pdf
Thanks Marissa. John and I just spoke with the PIC leadership. I think they will be supportive of all of these. Robbin and I had discussed her making the formal request so they were all coming from the same NPS person, but I’m happy to do it to expedite.

Unless someone in this group disagrees, we thought it would be helpful to have a discussion on this topic at the end of fireworks call just so everyone is on the same page. We’ll have the PIC leadership and the key Permits and USPP staff as well as John and me. The PIC team is planning on it.

Jeff

NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent

Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Please note the District has recently updated the Phase 2 guidance for public gatherings.

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)

- Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson
Dear Ms. Deas & Ms. Richardson,
Thank you for reaching out to me today about the Women for America First permit for Freedom Plaza on January 6th.

I am the founder and Chairman of Women for America First.

As you know, we hosted a rally and march on November 14, 2020 and another one on December 12, 2020.

We have also submitted an application for permit on January 6, 2021 at Freedom Plaza.

This permit was originally submitted for January 21, 2021 with the point of contact being Cindy Chafian. On December 19th, Cindy Chafian requested to amend the permit and change the date to January 6, 2021. This was done at my direction.

It came to my attention this past weekend that Cindy Chafian requested our permit, for Freedom Plaza on January 6th, be amended to remove our name and put the permit in her name only.

She was not authorized to do this and we were not aware of her actions until this past weekend when a vendor we have used at the previous events in November and December called to ask if we were still hosting the event on January 6th.

The vendor had received a call from Cindy Chafian, who he knew as part of the WFAF team. She reached out to him about using his services for an event on January 6th at Freedom Plaza. Cindy advised him she had removed WFAF from the permit and was now hosting her own event. He was confused, so he called me.

This was the first I learned of this, but after reaching out to other vendors, they advised she had called them too.

During our conversation earlier today, I was asked why she would do this and I honestly don’t know. You would have to ask her that question.

I, nor anyone else on the Women for America First Board of Directors, asked or directed her to do this.

The permit should still be in the name of Women for America First and I would request that two members of the WFAF Board should be put on the permit application as points of contact. Their names are Kylie Jane Kremer and Jennifer Hulsey.

I am including some screen shots of text messages sent between myself and Cindy Chafian over the last few weeks. My hope is that they will provide some clarity of the situation.

Cindy was paid by Women for America First for her work on the Nov 14th event, as well as being paid for the work she did on the December 12th event.

Not only did the organization (WFAF) pay Cindy, we also paid for the costs associated with both events, including Cindy’s multiple hotel stays at the Willard Hotel.

We just launched a nationwide bus tour from Southern California yesterday. We are crossing the country and end up in DC for our next rally on January 6th. Our hope is that we can have the permit restored to Women for America First and we will continue to plan for that event.

My sincerest apologies that this has happened. I can assure you that it will never happen again with our organization. This is not who we are and her actions are not representative of the organization.

Cindy Chafian is no longer affiliated with Women for America First and has no authority to speak or act on our behalf.
After her last communication via text on Saturday, I was advised by legal counsel to not communicate with her.

Please advise on how we move forward. If you need additional information, do not hesitate to contact me.

Also, so that you are aware, the bus will be traveling tomorrow from Palm Springs, CA to Las Cruces, NM. There is a lot of desolate area with no coverage on that route. If you try and reach me and can’t, I will respond as soon as I am back in an area where I’m connected and can communicate.

Thank you ladies for much for your time today. I hope you both have a great night and good start to your day tomorrow.

I look forward to working with you.

Best,

Amy Kremer

I have a permit application in for January 21 that is pretty much moot. I've asked her to amend the date to January 6th. Not sure if anyone else has submitted permits for that date but I will let you know what I hear.

Sounds good. Thank you.

I also asked Linda to hold rooms for us so they don't sell out. Same setup as before unless you tell me differently.

Let me know when you hear from Deborah Deas.

I'll let you know later today or tonight on what the plan is...

Who is Michael Phelps? Yes, we are working on all of these details. Also, we will be making sure things are more specific and clear on what roles/ responsibilities people will be having.

He's who I sent the last minute order for signs to.

As far as the part about clarity roles/ responsibilities, just let me know.

I will. I'm hoping she checks her emails over the weekend. I'll do my best to get something.
Cindy Chaffan

If possible, some point in the next week, I would like some clarity on where I fit in with regard to WFAF. I'm clearly not a board member, and I question what my role is as part of the team since I have no input or decision making ability and am only called on when someone needs something.

One thing that has been made clear is that I'm not included in any of the leadership hierarchy and that I need to remember my place. Which is fine, no one owes me anything with that regard.

But, if I'm an independent contractor (which is what it seems I am) then I would like clear definition as to what my relationship is and what duties you expect me to fulfill and what my compensation will be for organizing the lead up/logistics for events and running them the day of.

These questions come from a place of protecting myself and my business. There is no attitude and I'm not interested in injecting drama. I'm trying to avoid it by discussing this ahead of time. When everyone understands what is expected, it avoids conflict. I have clearly worked with Women for America First but I have other people who have asked me to help them with events as well. So I would just like to know what you, as the leadership of this organization, understand my role to be.

I hope this makes sense to you both and that you truly understand where my heart and energy is. No conflict just clarity. Thank you both.

Kyle Jane Kramer

Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now.
Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now. My mom is in an appointment but wanted for me to set up a call with you at 2:30pm PST. Does that work for you?

Let us know if 2:30 PST works. Walking into my meeting now.

Actually, I don't see the point in a call.
You guys haven't responded to me or any of my concerns for two weeks. I've asked repeatedly for clarification on a number of issues and no one has responded to me.

Based on the lack of communication, the experience I had on the last event, and just general differences I went in a different direction. I had hoped to
Hi Ms. Richardson,

Thank you so much for speaking with me and accepting our permit application for the ellipse.

Per our conversation I believe you said 8am EST tomorrow works best.

Please confirm that time and we will be available.

We appreciate you and look forward to working with you.

Best,

Hello Ms. Kremer,

Thank you for your email. Kylie Jane Kremer and Jennifer Hulse are now the point of contacts for applications 21-0212 Women for America First for Freedom Plaza/Lincoln Memorial from January 5-7 with an event date of January 6. Please provide contact phone numbers for Ms. Kremer and Ms. Hulse.

Women for America First application is 2nd in the cue after PIC 2021. PIC 2021, is still finalizing their plans for use the Lincoln Memorial and Freedom Plaza. Is there an alternate location you would like to explore?

I understand you are traveling in remote locations today. However, because your demonstration is scheduled for Wednesday, January 6, it is important we schedule a meeting as soon as possible to discuss your demonstration and you provide the necessary documents to secure a permit. And we can discuss a plan A and B.

I have attached planning documents for your review -please read carefully because in the documents is vital
information about logistical requirements such as portable restrooms, medical aid station requirements, 
The following information will be required to process the information (All of this information and more is 
detailed in the Special Event guidelines and NCA Fire, Life and Safety for Temporary Events -please refer to 
those documents for specific details):
1) Engineered drawings of any tents over 900 square feet with floor layouts of all the tents(floor layouts 
are required for any size tent with sides 
2) Detailed Production timeline (Build schedule/program(rehearsals)/strike) 
3) Transportation Plan (included parking/traffic plan for vehicles/VIP Performers vehicle plan) 
4) COVID-19 Mitigation Plan/Medical Plan 
5) Crowd Management Plan 
6) Detailed equipment list 
7) Communication Plan 
8) Trash removal Plan 
9) Request for any closure to the along Pennsylvania Avenue (Please contact MPD Events Division at 202-671- 
6522) 
10) List of Speaker or Performers 
11) March Route 
12) Volunteer/Marshal Plan (# marshals/volunteers, roles and responsibilities/how they identified) 
13) How many people are you expecting at the Rally on January 6, 2021?
SITE LAYOUT PLANS. 
The site layout plans shall include:(this is for every area including the Lincoln Memorial) 
● A LEGEND shall be included with the information below. 
● Tent numbers, name, description and size (dimensions) in feet and inches 
● List of all structures and equipment within the event site. 
● List all tents,trailers,RVs and approximate number of occupants. NCA-AHJ will determine occupant load 
● Location of all tents or structures, include dimensions in feet and inches. 
● Location and sizes of proposed propane (LPG) cylinders. 
All propane cylinders shall be connected to an appliance. (Propane “STORAGE” is NOT permitted). 
● Location and size of all portable generators, air conditioning (AC) units, heating units and 
lighting equipment. 
● Identify the location of all nearby fire hydrants 
● Distance dimensions in feet and inches of event site to roadways and other buildings.
TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2) 
The tent floor diagrams shall include 
• Overall tent dimensions in feet/inches 
• Tent name/number, tent description or function 
• Placement of tables, chairs, and or stage 
• Location of all exit doors/openings, widths in feet /inches 
• Locations of all exit signs/emergency white lights and portable fire extinguishers 
• Location and sizes of proposed LPG cylinders. equipment 
• Location, size, make and model of all portable; generators, heaters, lighting equipment and 
AC units. Include the manufacturer specification sheets with proof they are UL listed.
EMERGENCY PLAN 
The written emergency plan shall include: 
• Name, date, time of the event. 
• Event location, or address. 
• Estimated number of attendees, including staff 
• Complete contact information of the event sponsor (s), coordinator(s), staff assistants and 
emergency response /security team supervisors who will be on site during the event. 
• Plan to immediately stop any music, all audio-visual special effects in the event of an 
emergency. 
• Emergency evacuation or shelter in place plan to be implemented in the event of a fire, 
medical emergency, severe weather/tornado, and police emergency incident. 
• Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ 
for approval 
• Review emergency plan with operational staff prior to the event. 
• In case of emergency, call 911 and/or the USPP at 202-610-7500.
NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame 
Propagation certificates or tent labeling shall be submitted for each tent
Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating 
units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) 
listed equipment is approved by the NCA-AHJ

I will. I’m hoping she checks her emails over the weekend. I’ll do my best to get something.

Is it possible to get a graphic for January 6 that I can send to Michael Phelps for a quote? If we could get that in early that would be helpful.

Also, maybe the credentials? Hoping to get a discount if the order is large enough.

Not planning to place it but I want to get a few quotes to minimize costs.

Who is Michael Phelps? Yes, we are working on all of these details. Also, we will be making sure things are more specific and clear on what roles/responsibilities people will be having.

He’s who I sent the last minute order for signs to.

As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

• Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  ■ Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  ■ Please fill out and return the attached questionnaire.
  ■ Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  ■ Provide a Covid-19 Mitigation Plan
• If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
• If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of
requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Subject: [EXTERNAL] Women for America First Permit for Freedom Plaza on Jan 6th

Dear Ms. Deas & Ms. Richardson,

Thank you for reaching out to me today about the Women for America First permit for Freedom Plaza on January 6th.

I am the founder and Chairman of Women for America First.

As you know, we hosted a rally and march on November 14, 2020 and another one on December 12, 2020.

We have also submitted an application for permit on January 6, 2021 at Freedom Plaza.
This permit was originally submitted for January 21, 2021 with the point of contact being Cindy Chafian. On December 19th, Cindy Chafian requested to amend the permit and change the date to January 6, 2021. This was done at my direction.

It came to my attention this past weekend that Cindy Chafian requested our permit, for Freedom Plaza on January 6th, be amended to remove our name and put the permit in her name only.

She was not authorized to do this and we were not aware of her actions until this past weekend when a vendor we have used at the previous events in November and December called to ask if we were still hosting the event on January 6th.

The vendor had received a call from Cindy Chafian, who he knew as part of the WFAF team. She reached out to him about using his services for an event on January 6th at Freedom Plaza. Cindy advised him she had removed WFAF from the permit and was now hosting her own event. He was confused, so he called me.

This was the first I learned of this, but after reaching out to other vendors, they advised she had called them too.

During our conversation earlier today, I was asked why she would do this and I honestly don’t know. You would have to ask her that question.

I, nor anyone else on the Women for America First Board of Directors, asked or directed her to do this.

The permit should still be in the name of Women for America First and I would request that two members of the WFAF Board be put on the permit application as points of contact. Their names are Kylie Jane Kremer and Jennifer Hulsey.

I am including some screen shots of text messages sent between myself and Cindy Chafian over the last few weeks. My hope is that they will provide some clarity of the situation.

Cindy was paid by Women for America First for her work on the Nov 14th event, as well as being paid for the work she did on the December 12th event.

Not only did the organization (WFA) pay Cindy, we also paid for the costs associated with both events, including Cindy’s multiple hotel stays at the Willard Hotel.

We just launched a nationwide bus tour from Southern California yesterday. We are crossing the country and end up in DC for our next rally on January 6th. Our hope is that we can have the permit restored to Women for America First and we will continue to plan for that event.

My sincerest apologies that this has happened. I can assure you that it will never happen again with our organization. This is not who we are and her actions are not representative of the organization.

Cindy Chafian is no longer affiliated with Women for America First and has no authority to speak or act on our behalf.

After her last communication via text on Saturday, I was advised by legal counsel to not communicate with her.

Please advise on how we move forward. If you need additional information, do not hesitate to contact me.

Also, so that you are aware, the bus will be traveling tomorrow from Palm Springs, CA to Las Cruces, NM. There is a lot of desolate area with no coverage on that route. If you try and reach me and can’t, I will respond as soon as I am back in an area where I’m connected and can communicate.

Thank you ladies for much for your time today. I hope you both have a great night and good start to your day tomorrow.

I look forward to working with you.

Best,

Amy Kremer
Chairwoman, Women for America First | wfaf.org
Twitter.com/americalstwomen
FaceBook.com/womenforamericafirst
I have a permit application in for January 21 that is pretty much moot. I’ve asked her to amend the date to January 6th. Not sure if anyone else has submitted permits for that date but I will let you know what I hear.

Sounds good. Thank you.

I also asked Linda to hold rooms for us so they don’t sell out. Same setup as before unless you tell me differently.

Let me know when you hear from Deborah Deas. I’ll let you know later today or tonight on what the plan is...

I will. I’m hoping she checks her emails over the weekend. I’ll do my best to get something.

Is it possible to get a graphic for January 6 that I can send to Michael Phelps for a quote? If we could get that in early that would be helpful.

Also, maybe the credentials? Hoping to get a discount if the order is large enough.

Not planning to place it but I want to get a few quotes to minimize costs.

Who is Michael Phelps? Yes, we are working on all of these details. Also, we will be making sure things are more specific and clear on what roles/responsibilities people will be having.

He’s who I sent the last minute order for signs to.

As far as the part about clarity roles/responsibilities, just let me know.
If possible, some point in the next week, I would like some clarity on where I fit in with regard to WFAF. I'm clearly not a board member, and I question what my role is as part of the team since I have no input or decision making ability and am only called on when someone needs something.

One thing that has been made clear is that I'm not included in any of the leadership hierarchy and that I need to remember my place. Which is fine, no one owes me anything with that regard.

But, if I'm an independent contractor (which is what it seems I am) then I would like clear definition as to what my relationship is and what duties you expect me to fulfill and what my compensation will be for organizing the logistics for events and running them the day of.

These questions come from a place of protecting myself and my business. There is no attitude and I'm not interested in injecting drama. I'm trying to avoid it by discussing this ahead of time. When everyone understands what is expected, it avoids conflict. I have clearly worked with Women for America First but I have other people who have asked me to help them with events as well. So I would just like to know what you, as the leadership of this organization, understand my role to be.

I hope this makes sense to you both and that you truly understand where my heart and energy is. No conflict just clarity. Thank you both.

Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now.
Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now. My mom is in an appointment but wanted for me to set up a call with you at 2:30pm PST. Does that work for you?

Let us know if 2:30 PST works. Walking into my meeting now.

Actually, I don't see the point in a call.

You guys haven't responded to me or any of my concerns for two weeks. I've asked repeatedly for clarification on a number of issues and no one has responded to me.

Based on the lack of communication, the experience I had on the last event, and just general differences I went in a different direction. I had hoped to
Jeff and Team:

Steve Booker told me that he expected an intelligence briefing on Monday, Jan 4, if that helps inform the timeline.

I will be out of the area on leave, but would offer to add Shawn Benge to invite when it is set.

All,

Our Intel folks will provide the brief on Jan 4th for the events scheduled for Jan 6 at our weekly Executive Command Staff meeting. We can certainly add anyone to that meeting if that works. It will give the group an opportunity to hear about our operational plan as well as coordinated efforts with DC government as well.

Hi Ms. Kremer,

Thank you so much for speaking with me and accepting our permit application for the ellipse.

Per our conversation I believe you said 8am EST tomorrow works best.

Please confirm that time and we will be available.

We appreciate you and look forward to working with you.

Best,

Kylie Jane Kremer

Hello Ms. Kremer,

Thank you for your email. Kylie Jane Kremer and Jennifer Hulsey are now the point of contacts for applications 21-0212 Women for America First for Freedom Plaza/Lincoln Memorial from January 5-7 with an event date of January 6. Please provide contact phone numbers for Ms. Kremer and Ms. Hulsey.

Women for America First application is 2nd in the cue after PIC 2021. PIC 2021, is still finalizing their plans for use the Lincoln Memorial and Freedom Plaza. Is there an alternate location you would like to explore?

I understand you are traveling in remote locations today. However, because your demonstration is scheduled for Wednesday, January 6, it is important we schedule a meeting as soon as possible to discuss your demonstration and you provide the necessary documents to secure a permit. And we can discuss a plan A and B.

I have attached planning documents for your review - please read carefully because in the documents is vital information about logistical requirements such as portable restrooms, medical aid station requirements, etc.

The following information will be required to process the information (All of this information and more is detailed in the Special Event guidelines and NCA Fire, Life and Safety for Temporary Events - please refer to those documents for specific details):

1) **Engineered drawings of any tents over 900 square feet** with floor layouts of all the tents/floor layouts are required for any size tent with sides.
2) Detailed Production timeline (Build schedule/program/rehearsals/strike)
3) Transportation Plan (included parking/traffic plan for vehicles/VIP Performers vehicle plan)
4) COVID-19 Mitigation Plan/Medical Plan
5) Crowd Management Plan
6) Detailed equipment list
7) Communication Plan
8) Trash removal Plan
9) Request for any closure to the along Pennsylvania Avenue (Please contact MPD Events Division at 202-671-6522)
10) List of Speaker or Performers
11) March Route
12) Volunteer/Marshal Plan (# marshals/volunteers, roles and responsibilities/how they identify)
13) How many people are you expecting at the Rally on January 6, 2021?

**SITE LAYOUT PLANS.**
The site layout plans shall include (this is for every area including the Lincoln Memorial)
A LEGEND shall be included with the information below.

- Tent numbers, name, description and size (dimensions) in feet and inches
- List of all structures and equipment within the event site.
- List all tents, trailers, RVs and approximate number of occupants. NCA-AHJ will determine occupant load.
- Location of all tents or structures, include dimensions in feet and inches.
- Location and sizes of proposed propane (LPG) cylinders.

All propane cylinders shall be connected to an appliance. (Propane “STORAGE” is NOT permitted).

- Location and size of all portable generators, air conditioning (AC) units, heating units and lighting equipment.
- Identify the location of all nearby fire hydrants.
- Distance dimensions in feet and inches of event site to roadways and other buildings.

**TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**

The tent floor diagrams shall include:

- Overall tent dimensions in feet/inches
- Tent name/number, tent description or function
- Placement of tables, chairs, and or stage
- Location of all exit doors/openings, widths in feet/inches
- Locations of all exit signs/emergency white lights and portable fire extinguishers
- Location and sizes of proposed LPG cylinders. equipment
- Location, size, make and model of all portable: generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

**EMERGENCY PLAN**

The written emergency plan shall include:

- Name, date, time of the event.
- Event location, or address.
- Estimated number of attendees, including staff.
- Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
- Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
- Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
- Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval.
- Review emergency plan with operational staff prior to the event.
- In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent**

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ**

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled.
    (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa.Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phase_two (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

This was on my radar as well after my day at WAMO. One of the guides (who is a hard worker and generally unflappable) mentioned a couple of incidents from the December rally and said it wasn’t her “favorite day.” As close as a complaint you’ll hear out of this employee; made me wonder if we should have closed that day.

Mike Litterst  
Chief of Communications  
National Mall and Memorial Parks  
Ph: 202-306-4166

As we learn more about the Jan 6 demonstrations, I want to be sure we include the operational status of WAMO in the discussions. I was concerned for NAMA and USPP personnel during the December demonstrations, but didn’t fully appreciate how scary the situation was for some visitors who were on the plaza with small children until I spoke with several officers and park guides yesterday. I understand that the incidents popped up without warning, but I want to be sure we talk through all options (requiring ticket to enter the plaza, closing for a portion of the day, etc) if we anticipate any situations that might effect visitors and staff.

Thanks,

Jeff

Hi Ms. Richardson,

Thank you so much for speaking with me and accepting our permit application for the ellipse.

Per our conversation I believe you said 8am EST tomorrow works best.

Please confirm that time and we will be available.

We appreciate you and look forward to working with you.

Best,
Kylie Jane Kremer
Executive Director, Women for America First
On Dec 29, 2020, at 1:01 PM, Amy Kremen wrote:

Thank you Ms. Richardson.

The contact phone numbers for Kylie Jane and Jennifer are as follows:

Kylie Jane Kremen
Jennifer Hulsey

Could we schedule a meeting for tomorrow morning at 11:00 AM eastern time? If that doesn’t work for you, please let us know what time does work for you.

Thank you so much. Looking forward to working with you.

Best,

Amy Kremen
Chairwoman, Women for America First

On Tue, Dec 29, 2020 at 9:50 AM Richardson, Marisa wrote:

Hello Ms. Kremen,

Thank you for your email. Kylie Jane Kremen and Jennifer Hulsey are now the point of contacts for applications 21-0212 Women for America First for Freedom Plaza/Lincoln Memorial from January 5-7 with an event date of January 6. Please provide contact phone numbers for Ms. Kremen and Ms. Hulsey.

Women for America First application is 2nd in the cue after PIC 2021. PIC 2021, is still finalizing their plans for use the Lincoln Memorial and Freedom Plaza. Is there an alternate location you would like to explore?

I understand you are traveling in remote locations today. However, because your demonstration is scheduled for Wednesday, January 6, it is important we schedule a meeting as soon as possible to discuss your demonstration and you provide the necessary documents to secure a permit. And we can discuss a plan A and B.

I have attached planning documents for your review – please read carefully because in the documents is vital information about logistical requirements such as portable restrooms, medical aid station requirements.

The following information will be required to process the information. All of this information is more detailed in the Special Event guidelines and NCA Fire, Life and Safety for Temporary Events – please refer to those documents for specific details:

1) Engineered drawings of any tents over 900 square feet with floor layouts of all the tents (floor layouts are required for any size tent with sides)
2) Detailed Production timeline (Build schedule/program/rehearsals/strike)
3) Transportation Plan (included parking/traffic plan for vehicles/VIP Performers vehicle plan)
4) COVID-19 Mitigation Plan/Medical Plan
5) Crowd Management Plan
6) Detailed equipment list
7) Communication Plan
8) Trash removal Plan
9) Request for any closure to the along Pennsylvania Avenue (Please contact MPD Events Division at 202-671-6522)
10) List of Speaker or Performers
11) March Route
12) Volunteer/Marshal Plan (# marshals/volunteers, roles and responsibilities/how they identified)
13) How many people are you expecting at the Rally on January 6, 2021?

SITE LAYOUT PLANS.
The site layout plans shall include: (this is for every area including the Lincoln Memorial)

- A LEGEND shall be included with the information below.
- Tent numbers, name, description and size (dimensions) in feet and inches
- List of all structures and equipment within the event site.
● List all tents, trailers, RVs and approximate number of occupants. NCA-AHJ will determine occupant load.
● Location of all tents or structures, include dimensions in feet and inches.
● Location and sizes of proposed propane (LPG) cylinders. All propane cylinders shall be connected to an appliance. (Propane “STORAGE” is NOT permitted).
● Location and size of all portable generators, air conditioning (AC) units, heating units and lighting equipment.
● Identify the location of all nearby fire hydrants.
● Distance dimensions in feet and inches of event site to roadways and other buildings.

**TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**

The tent floor diagrams shall include:
- Overall tent dimensions in feet/inches
- Tent name/number, tent description or function
- Placement of tables, chairs, and or stage
- Location of all exit doors/openings, widths in feet /inches
- Locations of all exit signs/emergency white lights and portable fire extinguishers
- Location and sizes of proposed LPG cylinders, equipment
- Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

**EMERGENCY PLAN**

The written emergency plan shall include:
- Name, date, time of the event.
- Event location, or address.
- Estimated number of attendees, including staff.
- Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response /security team supervisors who will be on site during the event.
- Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
- Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
- Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval.
- Review emergency plan with operational staff prior to the event.
- In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent.**

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ.**

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

- Please note the District has recently updated the Phase 2 guidance for public gatherings.

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.

Please fill out and return the attached questionnaire.

Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)

Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phase2 (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson
Dear Ms. Deas & Ms. Richardson,

Thank you for reaching out to me today about the Women for America First permit for Freedom Plaza on January 6th.

I am the founder and Chairman of Women for America First.

As you know, we hosted a rally and march on November 14, 2020 and another one on December 12, 2020.

We have also submitted an application for permit on January 6, 2021 at Freedom Plaza.

This permit was originally submitted for January 21, 2021 with the point of contact being Cindy Chafian. On December 19th, Cindy Chafian requested to amend the permit and change the date to January 6, 2021. This was done at my direction.

It came to my attention this past weekend that Cindy Chafian requested our permit, for Freedom Plaza on January 6th, be amended to remove our name and put the permit in her name only.

She was not authorized to do this and we were not aware of her actions until this past weekend when a vendor we have used at the previous events in November and December called to ask if we were still hosting the event on January 6th.

The vendor had received a call from Cindy Chafian, who he knew as part of the WFAF team. She reached out to him about using his services for an event on January 6th at Freedom Plaza. Cindy advised him she had removed WFAF from the permit and was now hosting her own event. He was confused, so he called me.

This was the first I learned of this, but after reaching out to other vendors, they advised she had called them too.

During our conversation earlier today, I was asked why she would do this and I honestly don’t know. You would have to ask her that question.

I, nor anyone else on the Women for America First Board of Directors, asked or directed her to do this.

The permit should still be in the name of Women for America First and I would request that two members of the WFAF Board should be put on the permit application as points of contact. Their names are Kylie Jane Kremer and Jennifer Hulsey.

I am including some screen shots of text messages sent between myself and Cindy Chafian over the last few weeks. My hope is that they will provide some clarity of the situation.

Cindy was paid by Women for America First for her work on the Nov 14th event, as well as being paid for the work she did on the December 12th event.

Not only did the organization (WFAF) pay Cindy, we also paid for the costs associated with both events, including Cindy’s multiple hotel stays at the Willard Hotel.

We just launched a nationwide bus tour from Southern California yesterday. We are crossing the country and end up in DC for our next rally on January 6th. Our hope is that we can have the permit restored to Women for America First and we will continue to plan for that event.

My sincerest apologies that this has happened. I can assure you that it will never happen again with our organization. This is not who we are and her actions are not representative of the organization.

Cindy Chafian is no longer affiliated with Women for America First and has no authority to speak or act on our behalf.

After her last communication via text on Saturday, I was advised by legal counsel to not communicate with her.

Please advise on how we move forward. If you need additional information, do not hesitate to contact me.

Also, so that you are aware, the bus will be traveling tomorrow from Palm Springs, CA to Las Cruces, NM. There is a lot of desolate area with no coverage on that route. If you try and reach me and can’t, I will respond as soon as I am back in an area where I’m connected and can communicate.

Thank you ladies for much for your time today. I hope you both have a great night and good start to your day tomorrow.
I look forward to working with you.

Best,

Amy Kremer

If possible, some point in the next week, I would like some clarity on where I fit in with regard to HYFA: I'm clearly not a board member, and I question what my role is as part of the team since I have no input or decision-making ability and am only called on when someone needs something.

One thing that has been made clear is that I'm not included in any of the leadership hierarchy and that I need to remember my place. Which is fine, no one owes me anything with that regard.

But, if I'm an independent contractor (which is what it seems I am) then I would like clear definition as to what my relationship is and what duties you expect me to fulfill and what my compensation will be for organizing the lead up/logistics for events and running them the day of.

These questions come from a place of protecting myself and my business. There is no attitude and I'm not interested in injecting drama. I'm trying to avoid it by discussing this ahead of time. When everyone understands what is expected, it avoids conflict. I have clearly worked with Women for America First but I have other people who have asked me to help them with events as well. So I would just like to know what you, as the leadership of this organization, understand my role to be.

I hope this makes sense to you both and that you truly understand where my heart and energy is. No conflict just clarity. Thank you both.

Hey - Sorry we haven't gotten back to you. Hope you had a good Christmas with the family! We have been running two ends to the middle. Schedule was just finalized and is going up on the website right now. My mom is in an appointment but wanted for me to set up a call with you at 2:30pm PST. Does that work for you?

Let us know if 2:30 PST works. Walking into my meeting now.

Actually, I don't see the point in a call.

You guys haven't responded to me or any of my concerns for two weeks. I've asked repeatedly for clarification on a number of issues and no one has responded to me.

Based on the lack of communication, the experience I had on the last event, and just general differences I went in a different direction. I had hoped to...

It is scheduled for 1100 hours on Jan 4th. It is generally just the Chief’s weekly meeting with the Chief and Deputy Chiefs. We can also arrange a different call/briefing if that doesn’t work or fit schedules.

Major Mark A. Adamchik  
Commander, Icon Protection Branch  
United States Park Police  
1100 Ohio Drive SW  
Washington, DC 20242  
(202) 528-8468

I think she’s looking for a short briefing with just a couple of people but I will check and offer that up.

At what time on the 4th is your Executive Command meeting?

All,

Our Intel folks will provide the brief on Jan 4th for the events scheduled for Jan 6 at our weekly Executive Command Staff meeting. We can certainly add anyone to that meeting if that works. It will give the group an opportunity hear about our operational plan as well as coordinated efforts with DC government as well.

Major Mark A. Adamchik  
Commander, Icon Protection Branch  
United States Park Police
Jeff and Team:

Steve Booker told me that he expected an intelligence briefing on Monday, Jan 4, if that helps inform the timeline.

I will be out of the area on leave, but would offer to add Shawn Benge to invite when it is set.

Hello Jeff,

Deborah and I are meeting with America for Women First and Rally to Revival and will hopefully have solid information by Monday. Women for America First submitted a new application today for use of the Ellipse and reached out to Margaret, when they were informed the north section of the Ellipse is unavailable.

Have a good evening!

Attached please find the document detailing the event planned for January 4-7. I understand that Freedom Plaza has two applications in front of mine, but I have been told that the Kremer's have been instructed to relinquish the permits so that I can plan an event there on the 5th. You can email Amy at (b) (6) [redacted] or (b) (6) [redacted]. This is per Caroline Wren's instructions. This would put me in the same position as the previous events. Looking forward to talking with you at 9am.

Thanks. I’d like you to attend on Monday if you’re able. I can summarize the permits if you aren’t, but it would be good to get you more experience participating in meetings with the Director.

Kylie - 

First, let me thank you for taking the time to speak with me about your proposed plans for the Ellipse last night. I would like to recap our conversation, so please correct me if I am wrong! Also, since I did not receive the email from you with your partner's email on it, I can't include him on this email chain!

1. You indicated that your plan is to remain on the Ellipse and not to use Freedom Plaza.
   You further indicated that you did not intend to march to the US Capitol.
2. You indicated that you did not want to use Freedom Plaza as you were concerned about the line of site from non-government buildings.
3. You indicated that you had the potential of a high-level VIP that may have security concerns/issues. Please let the NPS/USPP as soon as possible so that they can advise and plan for this person's participation. As we discussed, the only armed people permitted on NPS property is the United States Park Police.

We spoke in detail about the Ellipse and the challenges you will face. These include, but should not be limited to the following:

1. No load in will take place unless a full copy of the issued permit is on site WITH you or your designated representative there as well. Your designated representative must be named on the permit.
2. You will need to secure protective flooring material that is subject to the approval of the Acting Park Manager of President's Park along with our Chief of Maintenance. We will need to receive the manufacturer's specification sheet along with photographs of BOTH sides of the proposed flooring material for them to review.
   a. The footprint of flooring material should be large enough to allow vehicles to pull up onto the Ellipse, drop/pick up equipment, turn around and leave
   b. The entire footprint of flooring will be required to have a lip around it to prevent any trip hazards.
   c. NO other vehicles can load in and start setting up until this is complete
   d. The first portion of flooring will need to be hand carted/carried onto the Ellipse to establish enough room for the flooring vehicle to pull up onto the Ellipse and not block the sidewalk.
   e. There is no driving on the sidewalks of the Ellipse - driving on the Ellipse proper MUST be on the protective flooring material.
3. We will need a CADD drawing of how you propose to set up on the Ellipse. Please keep in mind that we do not permit any set up within the Vista site line of the Ellipse. This is a 150' wide area from the Truman balcony of the White House all the way to the Jefferson Memorial.

4. Access to the Ellipse is restricted to logistical vehicles only. This information should have already been submitted as it is required 10 working days in advance of your first day of access. We do not process information on weekends or on Federal holidays. Here are some helpful hints on access:
   a. We will not submit a company's entire fleet of vehicles or drivers simply because they do not know who they will send.
   b. We do not permit vehicles for anyone working on your event or for the purpose of site supervision
   c. You may see an empty parking lot and you will not be permitted to park or use any portion of the Ellipse roadway.
   d. Should there be an issue with accessing the Ellipse, drivers should contact you or your designated representative who will then work with me to determine if this is something that we can accommodate. We understand that emergencies can and often do happen, but we should not be finding out about an emergency when they arrive at the Ellipse attempting to access the property.
   e. Once vehicles have offloaded their equipment, they will need to immediately turn around and leave the Ellipse to secure legal parking elsewhere in the city.

5. You indicated that your first day of load in is on Monday, January 4th. As this is a workday, you will be unable to start any set up until after the morning rush hour, which ends at 9:30 am. Vehicles will not be able to sit in the curb lane of Constitution Avenue waiting to access the Ellipse.

6. You cannot store fuel nor refuel on NPS property - generators MUST come fully fueled for your programming.

7. Within the White House area, at any time law enforcement can clear the park. This could be for a variety of reasons. It can last from minutes to hours and can often take place several times within a given day. Please note that these closures can happen in the middle of set up, during your programming and/or load out - you will need to immediately stop what you are doing and follow the direction of law enforcement.

8. The park does not permit any workday longer than 10 hours without written permission of our Superintendent. He has rarely gone beyond 12 hours.

9. The White House is considered a residential area and as such, there is no amplified sound between the hours of 9:00 pm - 7:00 am.

10. Lights and sound cannot be directed towards the White House at any given time.

11. You will need to fully comply with any of the NCA Fire and Life Safety guidelines.

12. You will be required to have site security on the Ellipse from the moment the first piece of equipment is on the Ellipse until the last piece of equipment leaves the Ellipse AND you or your designated representative is not on site.
13. Buses are NOT permitted on the Ellipse unless you place a gravel roadway on the Ellipse (like what the NPS does for the Lighting of the National Christmas Tree). Your organization will then be responsible for the turf restoration from this roadway.

14. Satellite trucks are NOT permitted on the Ellipse without a gravel roadway in place. Parking along 17th Street will not work due to the trees in the area. In addition, all cables will need to be covered from the location of the Satellite truck to the location on the Ellipse with approved cable troughs (yellow jackets).

You should also note that there is currently a construction project taking place on the SOUTH side of the White House. As such, views of the White House from this side can often be obstructed. Unfortunately, we are unable to stop any work from taking place on this project during your activity.

What is needed to move forward will be the following:

1. COMPLETE list of equipment
2. COMPLETE timeline from load in, run of show and load out
3. PROPOSED flooring material manufacturer's specification sheet along with photos of both side
4. List of ALL contractors and their contact information
5. List of designated POC's and contact information
6. CADD drawing of the site showing the layout - remember NOTHING can be set up within the Vista site line
7. ALL NCA Fire and Life Safety information submitted for approval
8. Trash plan
9. Site Security plans
10. COVID-19 mitigation plans
11. Emergency plans

I realize that this may seem like a lot to take in right about now, so please give me a call with any questions or concerns.

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

Hi Amy,

Thank you for speaking with us yesterday. I am confirming that Justin Caporale is authorized to speak with you as a part of our team.

Please let me know if any additional information is needed.

We look forward to working with you to ensure this event is a success.

Thank you!

--

Kylie Jane Kremer
Justin:

Here is the email that I sent Kylie this morning. In addition, to answer your question about Verizon, there is nothing in place on the Ellipse - you would need to have Verizon come out to see if something could be set up. Any proposal MUST go through the United States Secret Service for their approval before the National Park Service can approve it to be a part of any issued permit.

Can you send the specs we spoke about for the proposed flooring material along with a photo of both sides of the flooring?

Amy Dailey
Park Ranger
President's Park

   e. There is no driving on the sidewalks of the Ellipse - driving on the Ellipse proper MUST be on the protective flooring material.
3. We will need a CADD drawing of how you propose to set up on the Ellipse. Please keep in mind that we do not permit any set up within the Vista site line of the Ellipse. This is a 150’ wide area from the Truman balcony of the White House all the way to the Jefferson Memorial.
4. Access to the Ellipse is restricted to logistical vehicles only. This information should have already been submitted as it is required 10 working days in advance of your first day of access. We do not process information on weekends or on Federal holidays. Here are some helpful hints on access:
   a. We will not submit a company's entire fleet of vehicles or drivers simply because they do not know who they will send.
   b. We do not permit vehicles for anyone working on your event or for the purpose of site supervision
   c. You may see an empty parking lot and you will not be permitted to park or use any portion of the Ellipse roadway.
d. Should there be an issue with accessing the Ellipse, drivers should contact you or your designated representative who will then work with me to determine if this is something that we can accommodate. We understand that emergencies can and often do happen, but we should not be finding out about an emergency when they arrive at the Ellipse attempting to access the property.

e. Once vehicles have offloaded their equipment, they will need to immediately turn around and leave the Ellipse to secure legal parking elsewhere in the city.

5. You indicated that your first day of load in is on Monday, January 4th. As this is a workday, you will be unable to start any set up until after the morning rush hour, which ends at 9:30 am. Vehicles will not be able to sit in the curb lane of Constitution Avenue waiting to access the Ellipse.

6. You cannot store fuel nor refuel on NPS property - generators MUST come fully fueled for your programming.

7. Within the White House area, at any time law enforcement can clear the park. This could be for a variety of reasons. It can last from minutes to hours and can often take place several times within a given day. Please note that these closures can happen in the middle of set up, during your programming and/or load out - you will need to immediately stop what you are doing and follow the direction of law enforcement.

8. The park does not permit any workday longer than 10 hours without written permission of our Superintendent. He has rarely gone beyond 12 hours.

9. The White House is considered a residential area and as such, there is no amplified sound between the hours of 9:00 pm - 7:00 am.

10. Lights and sound cannot be directed towards the White House at any given time.

11. You will need to fully comply with any of the NCA Fire and Life Safety guidelines.

12. You will be required to have site security on the Ellipse from the moment the first piece of equipment is on the Ellipse until the last piece of equipment leaves the Ellipse AND you or your designated representative is not on site.

13. Buses are NOT permitted on the Ellipse unless you place a gravel roadway on the Ellipse (like what the NPS does for the Lighting of the National Christmas Tree). Your organization will then be responsible for the turf restoration from this roadway.

14. Satellite trucks are NOT permitted on the Ellipse without a gravel roadway in place. Parking along 17th Street will not work due to the trees in the area. In addition, all cables will need to be covered from the location of the Satellite truck to the location on the Ellipse with approved cable troughs (yellow jackets).

You should also note that there is currently a construction project taking place on the SOUTH side of the White House. As such, views of the White House from this side can often be obstructed. Unfortunately, we are unable to stop any work from taking place on this project during your activity.

What is needed to move forward will be the following:
1. COMPLETE list of equipment
2. COMPLETE timeline from load in, run of show and load out
3. PROPOSED flooring material manufacturer's specification sheet along with photos of both side
4. List of ALL contractors and their contact information
5. List of designated POC's and contact information
6. CADD drawing of the site showing the layout - remember NOTHING can be set up within the Vista site line
7. ALL NCA Fire and Life Safety information submitted for approval
8. Trash plan
9. Site Security plans
10. COVID-19 mitigation plans
11. Emergency plans

I realize that this may seem like a lot to take in right about now, so please give me a call with any questions or concerns.

Attached please find the updated plan for January 5th. Strike is planned for same day. I have the permit expiring at noon January 6th but I will change that once I confirm that the tents will be broken down the same night as well.

I will send medical contract over this afternoon.

Hi Amy-

Thank you for the call tonight and sharing the information you did. I am not near a scanner but was able to get you photos of the spec pages for the Matrix Floor covering to go under the production equipment and to be used for load in and load out.

Looking forward to talking again tomorrow and finalizing the details.
Specifications

Primary Use: Durable Event Flooring Solution
Dimensions: 4 x 4 feet, 1.5 inches thick
Properties: 100% HDPE (high-density polyethylene plastic)
Usable Surface Area: 13.5 square feet
Weight: 50 lbs.
Field Connection: Nylon Cam Lock System
Total Square Feet per Truckload: 12,150
Colors: Gray & White (Translucent)

Portable event flooring used to convert ice rinks to usable, comfortable surfaces. Ultimate flooring for turf protection, used for seating and walkways for up to 14 days without killing grass.
The Matrax turf protection system is an injection molded HDPE panel with a solid back that measures 4’ x 4’ and 1.5” thick. This turf cover system can sustain varying types of loading including: stage setup, large cranes, and other wheeled traffic. The system is equally as effective for chair setups and pedestrian traffic.

The individual components of the Matrax turf protection flooring system have been designed to work in conjunction with one another to create a cover system that will protect athletic turf surfaces from the rigors of a non-sporting event. The combination of material and design of each component results in a system that is easy to install and that provides a safe, strong and durable working surface for the event. Matrax utilizes a vertical locking system, with 4” overlapping flanges or “lips” to interlock individual panels to one another, creating a contiguous surface that is free from trip hazards.

Features & Benefits

Each panel can be overlapped and interlocked with other panels creating a smooth, hazard-free surface.

The streamlined, integrated interlocking system consists of five retained fasteners per panel that are engaged and disengaged by rotating them ninety degrees with the installation tool provided.

The lightweight design and fastening technology minimizes worker bending, eliminates the need for loose components, and contributes to a safe and efficient job site environment.
Amy and Marisa,

Justin Caporle, Jennifer Hulsey and Mike Yoder are all authorized to be speaking on behalf of our organization.

Thank you for all of your help.

All:

Here is the list of what I sent out after my conversation with Kylie and Justin last night. In addition, please provide, in detail, what you want Verizon to do on the Ellipse. This proposal needs to be submitted as soon as possible as I need to work with my counterpart within the United States Secret Service for their input and/or approval.

Amy Dailey  
Park Ranger  
President’s Park  
(202) 438-1203

Justin:  

Here is the email that I sent Kylie this morning. In addition, to answer your question about Verizon, there is nothing in place on the Ellipse - you would need to have Verizon come out to see if something could be set up. Any proposal MUST go through the United States Secret Service for their approval before the National Park Service can approve it to be a part of any issued permit.

Can you send the specs we spoke about for the proposed flooring material along with a photo of both sides of the flooring?

Amy Dailey  
Park Ranger  
President’s Park  
(202) 438-1203
Kylie -

First, let me thank you for taking the time to speak with me about your proposed plans for the Ellipse last night. I would like to recap our conversation, so please correct me if I am wrong! Also, since I did not receive the email from you with your partner's email on it, I can't include him on this email chain!

1. You indicated that your plan is to remain on the Ellipse and not to use Freedom Plaza. You further indicated that you did not intend to march to the US Capitol.
2. You indicated that you did not want to use Freedom Plaza as you were concerned about the line of site from non-government buildings.
3. You indicated that you had the potential of a high-level VIP that may have security concerns/issues. Please let the NPS/USPP as soon as possible so that they can advise and plan for this person's participation. As we discussed, the only armed people permitted on NPS property is the United States Park Police.

We spoke in detail about the Ellipse and the challenges you will face. These include, but should not be limited to the following:

1. No load in will take place unless a full copy of the issued permit is on site WITH you or your designated representative there as well. Your designated representative must be named on the permit.
2. You will need to secure protective flooring material that is subject to the approval of the Acting Park Manager of President's Park along with our Chief of Maintenance. We will need to receive the manufacturer's specification sheet along with photographs of BOTH sides of the proposed flooring material for them to review.
   a. The footprint of flooring material should be large enough to allow vehicles to pull up onto the Ellipse, drop/pick up equipment, turn around and leave
   b. The entire footprint of flooring will be required to have a lip around it to prevent any trip hazards.
c. NO other vehicles can load in and start setting up until this is complete
d. The first portion of flooring will need to be hand carted/carried onto the Ellipse to establish enough room for the flooring vehicle to pull up onto the Ellipse and not block the sidewalk.
e. There is no driving on the sidewalks of the Ellipse - driving on the Ellipse proper MUST be on the protective flooring material.

3. We will need a CADD drawing of how you propose to set up on the Ellipse. Please keep in mind that we do not permit any set up within the Vista site line of the Ellipse. This is a 150' wide area from the Truman balcony of the White House all the way to the Jefferson Memorial.

4. Access to the Ellipse is restricted to logistical vehicles only. This information should have already been submitted as it is required 10 working days in advance of your first day of access. We do not process information on weekends or on Federal holidays. Here are some helpful hints on access:
   a. We will not submit a company's entire fleet of vehicles or drivers simply because they do not know who they will send.
   b. We do not permit vehicles for anyone working on your event or for the purpose of site supervision
   c. You may see an empty parking lot and you will not be permitted to park or use any portion of the Ellipse roadway.
   d. Should there be an issue with accessing the Ellipse, drivers should contact you or your designated representative who will then work with me to determine if this is something that we can accommodate. We understand that emergencies can and often do happen, but we should not be finding out about an emergency when they arrive at the Ellipse attempting to access the property.
   e. Once vehicles have offloaded their equipment, they will need to immediately turn around and leave the Ellipse to secure legal parking elsewhere in the city.

5. You indicated that your first day of load in is on Monday, January 4th. As this is a workday, you will be unable to start any set up until after the morning rush hour, which ends at 9:30 am. Vehicles will not be able to sit in the curb lane of Constitution Avenue waiting to access the Ellipse.

6. You cannot store fuel nor refuel on NPS property - generators MUST come fully fueled for your programming.

7. Within the White House area, at any time law enforcement can clear the park. This could be for a variety of reasons. It can last from minutes to hours and can often take place several times within a given day. Please note that these closures can happen in the middle of set up, during your programming and/or load out - you will need to immediately stop what you are doing and follow the direction of law enforcement.

8. The park does not permit any workday longer than 10 hours without written permission of our Superintendent. He has rarely gone beyond 12 hours.

9. The White House is considered a residential area and as such, there is no amplified
sound between the hours of 9:00 pm - 7:00 am.

10. Lights and sound cannot be directed towards the White House at any given time.

11. You will need to fully comply with any of the NCA Fire and Life Safety guidelines.

12. You will be required to have site security on the Ellipse from the moment the first piece of equipment is on the Ellipse until the last piece of equipment leaves the Ellipse AND you or your designated representative is not on site.

13. Buses are NOT permitted on the Ellipse unless you place a gravel roadway on the Ellipse (like what the NPS does for the Lighting of the National Christmas Tree). Your organization will then be responsible for the turf restoration from this roadway.

14. Satellite trucks are NOT permitted on the Ellipse without a gravel roadway in place. Parking along 17th Street will not work due to the trees in the area. In addition, all cables will need to be covered from the location of the Satellite truck to the location on the Ellipse with approved cable troughs (yellow jackets).

You should also note that there is currently a construction project taking place on the SOUTH side of the White House. As such, views of the White House from this side can often be obstructed. Unfortunately, we are unable to stop any work from taking place on this project during your activity.

What is needed to move forward will be the following:

1. COMPLETE list of equipment
2. COMPLETE timeline from load in, run of show and load out
3. PROPOSED flooring material manufacturer's specification sheet along with photos of both side
4. List of ALL contractors and their contact information
5. List of designated POC's and contact information
6. CADD drawing of the site showing the layout - remember NOTHING can be set up within the Vista site line
7. ALL NCA Fire and Life Safety information submitted for approval
8. Trash plan
9. Site Security plans
10. COVID-19 mitigation plans
11. Emergency plans

I realize that this may seem like a lot to take in right about now, so please give me a call with any questions or concerns.

Hello Ms. Chafian,

Thank you for the amendment however Freedom Plaza is not available on January 5-6 due to another permitted activity. As of 12:00 pm today, Women for America First is not relinquishing the space for Freedom Plaza January 4-6.

Do you pursue conducting your demonstration at Sylvan Theater or withdraw your application?

Best regards

Marisa

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

Hello Kylie,

It was nice meeting you and your team today. Please confirm by NLT than the close of business today, if Women for America First is planning to hold a satellite demonstration at Freedom Plaza on January 6th with a setup date on January 5th. During the logistical meeting today, you firmly indicated that you intended to use Freedom Plaza. I was just made aware Women for America First intend to relinquish the space. I need you to confirm your organizations intentions. The short turn around for planning a safe and secure event leaves little room from ambiguity or misinformation.

My intention is to work with your organization in a professional manner and issue a permit to in a timely manner to ensure you have a smooth setup and event.

Are you and your team available tomorrow morning at 10:05 am to discuss your finalized plans for the use of the Ellipse?

Best Regards,

Marisa

Subject: Ellipse Turf Covering

Hi Amy-

Thank you for the call tonight and sharing the information you did. I am not near a scanner but was able to get you photos of the spec pages for the Matrix Floor covering to go under the production equipment and to be used for load in and load out.

Looking forward to talking again tomorrow and finalizing the details.
Specifications

Primary Use: Durable Event Flooring Solution
Dimensions: 4 x 4 feet, 1.5 inches thick
Properties: 100% HDPE (high-density polyethylene plastic)
Usable Surface Area: 13.5 square feet
Weight: 50 lbs
Field Connection: Nylon Cam Lock System
Total Square Feet per Truckload: 12,150
Colors: Gray & White (Translucent)

Portable event flooring used to convert ice rinks to usable, comfortable surfaces. Ultimate flooring for turf protection, used for seating and walkways for up to 14 days without killing grass.
The Matrax turf protection system is an injection molded HDPE panel with a solid back that measures 4’ x 4’ and 1.5” thick. This turf cover system can sustain varying types of loading including stage setup, large cranes, and other wheeled traffic. The system is equally as effective for chair setups and pedestrian traffic.

The individual components of the Matrax turf protection flooring system have been designed to work in conjunction with one another to create a cover system that will protect athletic turf surfaces from the rigors of a non-sporting event. The combination of material and design of each component results in a system that is easy to install and that provides a safe, strong and durable working surface for the event. Matrax utilizes a vertical locking system, with 4” overlapping flanges or “lips” to interlock individual panels to one another, creating a contiguos surface that is free from trip hazards.

Features & Benefits

Each panel can be overlapped and interlocked with other panels creating a smooth, hazard-free surface.

The streamlined, integrated interlocking system consists of five retained fasteners per panel that are engaged and disengaged by rotating them ninety degrees with the installation tool provided.

The lightweight design and fastening technology minimizes worker bending, eliminates the need for loose components, and contributes to a safe and efficient job site environment.

---

Marisa, Deborah, and Robbin,

Thank you so much for your help in putting this event together!

We have some preliminary information to share with you. The documents attached are:
Overall ground plan and perimeter map, a production deck -- that shows the equipment locations as well as the production tenting, and the updated pyrotechnics map for the finale fireworks display.
We are still working on some additional media and hold tent structures that will be added to plans sent later this week. We also are still waiting on detailed safety information about the tenting, heating structures, as well as if any will include heated cooking areas. We will send those over for approval this week. Our full fireworks safety plan is also forthcoming.

Please note that this is our first run and we will have additional supplementary information to send throughout the week. We look to you for guidance on our footprint. Please let us know if you have any questions or concerns about any of our plans or set dates.

Below are our current proposed event dates:
COVID Memorial Event: Tuesday, October 19 | Time TBD
Evening Program: Wednesday, October 20 | Time TBD

Production Timing: While we do not have a full production schedule for you today, we hope to have one to you before the end of the week along with the dock schedule. Below are some preliminary start dates to help your planning process:

<table>
<thead>
<tr>
<th>Production Dates (all start dates are tentative)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Lincoln Retail and Gift Shop Area</td>
<td>1/09 - 1/21</td>
</tr>
<tr>

<td>1/16 - 1/21</td>
</tr>
<tr>
<td>WWII Memorial</td>
<td>1/16 - 1/21</td>
</tr>
</tbody>
</table>

I also wanted to provide some additional details about the larger sites we will be using as well as ask some outstanding questions our team has:

**Washington Monument**: We have decided to proceed with having fireworks on the south side of the Washington Monument. We understand that this comes with challenges but will take your instructions on how to proceed. We have included the pyrotechnics map as it was on the call. The team is going back and making updates based on the first set of recommendations. We will send updates before the Friday deadline so please let us know if you have any additional updates.

**Washington Monument Questions:**

- Would you please detail the roads we will need closed for this particular plan and the roads we are not allowed to close? This may be a larger conversation that will need to involve the USSS, but we'd like some preliminary information.
- Does Park Police help with getting the road closures required for having fireworks in that area?
**Lincoln Memorial:** We will be using the Chamber of the Lincoln Memorial for the POTUS remarks with a light production footprint.

**Lincoln Memorial Questions:**

- As of today, we are looking to have the motorcade pull in the back of the building. Are there schematics of what needs to be built to make sure he has access to the steps?
- What part of this area will be able to fence off once the build starts?

**Reflecting Pool:** We are adding the monoliths starting on Jan 17. The monoliths will stay around the Reflecting Pool until the morning of 1/21 when they are disassembled. The monoliths will not be lit until the evening of 1/19.

**Reflecting Pool Questions:**

- What are we allowed to put around the Reflecting Pool to protect the monoliths?
- Will you also remind me of the path to get vehicles to the Reflecting Pool with vehicles like forklifts?
- What are we allowed to bike rack off to protect the public from heavy equipment while putting the monoliths in place?

**West Potomac Park:** We will be using this space as a dead case area as well as a parking area. We will have this place closed off beginning on

**West Potomac Park Questions:**

- I’d like to confirm that we are allowed to have cars park in the West Potomac Park area off of Independence Avenue? If not, is there a recommended place for us to instruct 75 cars to park?
- Are we allowed to bike rack off this area beginning on 1/10 or will it need to stay open?

**JFK Hockey Field:** The JFK Hockey Field will be used for media stand up positions. We will have a series of tents lining the hockey field. Miscellaneous gear and power drops will be distributed throughout the week.

**JFK Hockey Field Questions:**

- Are we allowed to fence off some or all of this area at the beginning of our build or will it need to stay open to pedestrians until the site is closed down?

**MLK Monument:** This monument will be used as another set for the Evening Program.

**MLK Monument Questions:**

- What is the latest we will know if this is at least partially available to us?
- If we shared the space with another permit holder, what does that look like?
- Have the current permit holders intimated a time of use or are they waiting on us to give
a time?

**Lincoln Retail and Gift Shop Area:** This will be our main staging area for support tenting as well as parking our broadcast trucks and support trailers.

**Lincoln Retail and Gift Shop Area Questions:**

- We plan to park half of our trailers and broadcast vehicles off of 23rd so that we don't have to double stack on Daniel French Drive and block bus access. Is parking trucks off of 23rd allowed beginning on 1/11? If so, what permitting is required to hold them in place until 1/21?
- Are we allowed to bike rack off this area once the tents are in place? If so, are there areas we are not allowed to close?

I'm sure I will have a dozen more questions but appreciate your willingness to help me through this process. Please add anyone with NPS to this email that I may have missed and feel free to email or call with any questions you may have.

Best,
Brie Moore
Hi, Marisa!

Getting some calls today on the status of the January 6 permits. What’s the best way to describe them? Is “approved but not yet issued while final details and conditions of the permit are worked out with the applicants” accurate?

Subject: 21-0212/21-0278 Women for America First Ellipse and Freedom Plaza (TEAMS MEETING)

Start: Thursday, December 31, 2020 10:05:00 AM
End: Thursday, December 31, 2020 10:45:00 AM

Event Overview

Date of Activity: January 4-7, 2021
Location(s): Freedom Plaza and Ellipse Southwest or Southeast Quadrant
Purpose(s): First Amendment Rally; Speaking program in development and will take place on stage and run from approx. 9 am - 5 pm.

Permits Management Office Contact: Marisa Richardson 245-4715
Anticipated Number of Participants: 5,000 ppl per location

MEETING INSTRUCTIONS:

1. The logistical meeting will be conducted via Microsoft Teams - if you do not have access to a webcam please call Marisa at 202-245-4715. (PLEASE NOTIFY MARISA @ NPS.GOV)

2. The person(s) with an external (non-government) should initiate the meeting by clicking video call link provided in the calendar invite. You can either download the Windows app or join directly on the web.

3. The person(s) with an internal (nps.gov) should join the meeting by clicking the video call link provided in the calendar invite

Voice Mail (4 seconds).pdf
Hey Marisa, it's Amy. Give me a call back.

You received a voice mail from Dailey, Amy at Amy_Dailey@nps.gov

Job Title: Park Ranger
Company: National Capital Region
Work: +1 202-208-1631
Email: Amy_Dailey@nps.gov

Thank you for using Transcription! If you don't see a transcript above, it's because the audio quality was not clear enough to transcribe.

Set Up Voice Mail
From: Fondren, Kim L
To: Richardson, Marisa
Subject: Declined: 21-0212/21-0278 Women for America First Ellipse and Freedom Plaza (TEAMS MEETING)
Start: Thursday, December 31, 2020 10:05:00 AM
End: Thursday, December 31, 2020 10:45:00 AM

Please get Roland, I have a conflict.
Ellipse Access Template and NCA Fire and Life S....pdf
As indicated in our meeting earlier today, attached is the access template for that will need to be filled out and returned to me for processing. In addition, I am providing you with the NCA Fire and Life Safety guidelines that will also need to be met.

I can tell you that the second type of flooring material you submitted for use has been approved by the President's Park Horticulturist. Please keep in mind that the amount of flooring you need to put in place on the Ellipse will give you an idea of how much time will be involved with getting it in place. I can't say it enough that this must be completed (with the lip in place) before any other equipment will be able to come onto the property. This is standard for any group wishing to use the Ellipse and require logistical vehicle access.

Amy Dailey
Park Ranger
President's Park
(202) 438-1203
Marisa/Martin:

In anticipation of having the assistance of the NAMA permit monitors helping us out, can you please put the NAMA government vehicles on the attached access list with the possible drivers? Technically, even the government vehicles need to be on the access list.

I have also spoken with Katie and we will be getting you an account number for any overtime that may be incurred as a result.

Amy Dailey
Park Ranger
President's Park
(202) 438-1203
Hello,

A logistical meeting is scheduled for 9 a.m. - 10 a.m. on December 31, 2020 to discuss Rally to Revival (21-0274). Note, a meeting notice will follow.

Thank you,
Deborah Deas
Park Ranger
National Mall and Memorial Parks
202-680-8804

---

Hello Ms. Chafian,

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

On Wed, Dec 30, 2020 at 1:03 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Thank you for the amendment however Freedom Plaza is not available on January 5-6 due to another permitted activity. As of 12:00 pm today, Women for America First is not relinquishing the space for Freedom Plaza January 4-6.

Do you pursue conducting your demonstration at Sylvan Theater or withdraw your application?

Best regards
Marisa
Please amend my application to include Freedom Plaza for January 5-6, 2021.

On Wed, Dec 30, 2020 at 1:47 AM Cindy Chafian [b] (6) [b] @gmail.com> wrote:

Attached please find the document detailing the event planned for January 4-7. I understand that Freedom Plaza has two applications in front of mine, but I have been told that the Kremer's have been instructed to relinquish the permits so that I can plan an event there on the 5th. You can email Amy at [b] (6) @gmail.com or [b] (6) @gmail.com. This is per Caroline Wren's instructions. This would put me in the same position as the previous events. Looking forward to talking with you at 9am.

Hi Amy-

Thank you for the call tonight and sharing the information you did. I am not near a scanner but was able to get you photos of the spec pages for the Matrix Floor covering to go under the production equipment and to be used for load in and load out.

Looking forward to talking again tomorrow and finalizing the details.
Specifications

Primary Use: Durable Event Flooring Solution
Dimensions: 4 x 4 feet, 1.5 inches thick
Properties: 100% HDPE (high-density polyethylene plastic)
Usable Surface Area: 13.5 square feet
Weight: 50 lbs
Field Connection: Nylon Cam Lock System
Total Square Feet per Truckload: 12,150
Colors: Gray & White (Translucent)

Portable event flooring used to convert ice rinks to usable, comfortable surfaces.
Ultimate flooring for turf protection, used for seating and walkways for up to 14 days without killing grass.

<table>
<thead>
<tr>
<th>Compressive Strength</th>

<td>4°F - 113°F</td>
<td>UL, 94 HB</td>
<td>Diamond / ADA Compliance</td>
</tr>
</tbody>
</table>
The Matrax turf protection system is an injection molded HDPE panel with a solid back that measures 4’ x 4’ and 1.5” thick. This turf cover system can sustain varying types of loading including stage setup, large cranes, and other wheeled traffic. The system is equally as effective for chair setups and pedestrian traffic.

The individual components of the Matrax turf protection flooring system have been designed to work in conjunction with one another to create a cover system that will protect athletic turf surfaces from the rigors of a non-sporting event. The combination of material and design of each component results in a system that is easy to install and that provides a safe, strong and durable working surface for the event. Matrax utilizes a vertical locking system, with 4” overlapping flanges or “lips” to interlock individual panels to one another, creating a contiguous surface that is free from trip hazards.

Features & Benefits

Each panel can be overlapped and interlocked with other panels creating a smooth, hazard-free surface.

The streamlined, integrated interlocking system consists of five retained fasteners per panel that are engaged and disengaged by rotating them ninety degrees with the installation tool provided.

The lightweight design and fastening technology minimizes worker bending, eliminates the need for loose components, and contributes to a safe and efficient job site environment.

Portable event flooring used to convert ice rinks to usable, comfortable surfaces. Ultimate flooring for turf protection, used for seating and walkways for up to 14 days without killing grass.
The Matrax turf protection system is an injection molded HDPE panel with a solid back that measures 4’ x 4’ and 1.5” thick. This turf cover system can sustain varying types of loading including: stage setup, large cranes, and other wheeled traffic. The system is equally effective for chair setups and pedestrian traffic.

The individual components of the Matrax turf protection flooring system have been designed to work in conjunction with one another to create a cover system that will protect athletic turf surfaces from the rigors of a non-sporting event. The combination of material and design of each component results in a system that is easy to install and that provides a safe, strong and durable working surface for the event. Matrax utilizes a vertical locking system, with 4” overlapping flanges or “lips” to interlock individual panels to one another, creating a contiguous surface that is free from trip hazards.

Features & Benefits

Each panel can be overlapped and interlocked with other panels creating a smooth, hazard-free surface.

The streamlined, integrated interlocking system consists of five retained fasteners per panel that are engaged and disengaged by rotating them ninety degrees with the installation tool provided.

The lightweight design and fastening technology minimizes worker bending, eliminates the need for loose components, and contributes to a safe and efficient job site environment.
Thank you for the quick response. Can you give me an understanding of what makes this material unacceptable and perhaps I can work with the vendor to adjust?

Hi Marisa,

I am attaching the updated permit application to include the additional Saturday and Sunday set-up days as discussed with Justin.

As it is after 4pm EST, our attorney was not able to deliver in person today. However, I wanted to get this over to you so we may continue working. If necessary, a hard copy can believe delivered first thing tomorrow morning.

Please advise if an in-person delivery is necessary or if this digital copy meets the requirements.

We appreciate all of your help.

Hello Kylie,

This email confirms your request to amend your current permit application 20-0278 Women for America First to include Saturday, January 2nd and 3rd. When I spoke with Justin this afternoon, he asked about the potential to setup on Sunday, January 3rd. As of 6:30 pm, the National Park Service has not received any logistical information including timelines, site plans, equipment list, program schedules to review to consider your initial permit application or amendment.

The initial list of requirements was emailed on Tuesday, December 29 for Freedom Plaza and the requirement for the Ellipse on December 30, after receiving your application on Tuesday afternoon.

In addition, please confirm your plans for the use of Freedom Plaza on January 5 and 6, 2021. I understand an email is forthcoming relinquishing the space. This is an outstanding issuing needing a resolution prior to our meeting. Have you sent the email? I want to make sure it didn't bounce back or was sent to the wrong address.

Hopefully, we will receive the information prior to the logistical meeting scheduled for 10:05 am, December 31, 2021.

Best regards,
Marisa

Hi James,

Here is the proposed plan for the Lincoln Memorial Area - it is light on details. Please note that their timeline asks to have tents located on the turf starting on January 9 exceeding the 5 day photosynthesis requirement.

Please let me know if you have any questions.

Marisa E. Richardson
Park Ranger
Division of Permits Management
Office: (202) 245-4715
Mobile: (202) 528-9610 (best number)

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson

Marisa, Deborah, and Robbin,

Thank you so much for your help in putting this event together!

We have some preliminary information to share with you. The documents attached are:
Overall ground plan and perimeter map, a production deck -- that shows the
equipment locations as well as the production tenting, and the updated pyrotechnics map for the finale fireworks display.

We are still working on some additional media and hold tent structures that will be added to plans sent later this week. We also are still waiting on detailed safety information about the tenting, heating structures, as well as if any will include heated cooking areas. We will send those over for approval this week. Our full fireworks safety plan is also forthcoming.

Please note that this is our first run and we will have additional supplementary information to send throughout the week. We look to you for guidance on our footprint. Please let us know if you have any questions or concerns about any of our plans or set dates.

**Below are our current proposed event dates:**
COVID Memorial Event: Tuesday, October 19 | Time TBD
Evening Program: Wednesday, October 20 | Time TBD

**Production Timing:** While we do not have a full production schedule for you today, we hope to have one to you before the end of the week along with the dock schedule. Below are some preliminary start dates to help your planning process:

<table>
<thead>
<tr>
<th>Production Dates (all start dates are tentative)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Lincoln Retail and Gift Shop Area</td>
<td>1/09 - 1/21</td>
</tr>
<tr>
<td>West Potomac Park</td>
<td>1/09 - 1/21</td>
</tr>
<tr>
<td>Korean War Memorial</td>
<td>1/09 - 1/21</td>
</tr>
<tr>
<td>Constitution Gardens</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>North Gift Store Area</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>Washington Monument</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>MLK Jr. Memorial</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>Lincoln Memorial</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>Reflecting Pool</td>
<td>1/16 - 1/21</td>
</tr>
<tr>
<td>WWII Memorial</td>
<td>1/16 - 1/21</td>
</tr>
</tbody>
</table>

I also wanted to provide some additional details about the larger sites we will be using as well as ask some outstanding questions our team has:

**Washington Monument:** We have decided to proceed with having fireworks on the south side of the Washington Monument. We understand that this comes with challenges but will take your instructions on how to proceed. We have included the pyrotechnics map as it was on the call. The team is going back and making updates based on the first set of recommendations. We will send updates before the Friday deadline so please let us know if you have any additional updates.

**Washington Monument Questions:**

- Would you please detail the roads we will need closed for this particular plan and the roads we are not allowed to close? This may be a larger conversation that will need to involve the USSS, but we'd like some preliminary information.
Does Park Police help with getting the road closures required for having fireworks in that area?

**Lincoln Memorial:** We will be using the Chamber of the Lincoln Memorial for the POTUS remarks with a light production footprint.

**Lincoln Memorial Questions:**

- As of today, we are looking to have the motorcade pull in the back of the building. Are there schematics of what needs to be built to make sure he has access to the steps?
- What part of this area will be able to fence off once the build starts?

**Reflecting Pool:** We are adding the monoliths starting on Jan 17. The monoliths will stay around the Reflecting Pool until the morning of 1/21 when they are disassembled. The monoliths will not be lit until the evening of 1/19.

**Reflecting Pool Questions:**

- What are we allowed to put around the Reflecting Pool to protect the monoliths?
- Will you also remind me of the path to get vehicles to the Reflecting Pool with vehicles like forklifts?
- What are we allowed to bike rack off to protect the public from heavy equipment while putting the monoliths in place?

**West Potomac Park:** We will be using this space as a dead case area as well as a parking area. We will have this place closed off beginning on

**West Potomac Park Questions:**

- I’d like to confirm that we are allowed to have cars park in the West Potomac Park area off of Independence Avenue? If not, is there a recommended place for us to instruct 75 cars to park?
- Are we allowed to bike rack off this area beginning on 1/10 or will it need to stay open?

**JFK Hockey Field:** The JFK Hockey Field will be used for media stand up positions. We will have a series of tents lining the hockey field. Miscellaneous gear and power drops will be distributed throughout the week.

**JFK Hockey Field Questions:**

- Are we allowed to fence off some or all of this area at the beginning of our build or will it need to stay open to pedestrians until the site is closed down?

**MLK Monument:** This monument will be used as another set for the Evening Program.

**MLK Monument Questions:**
• What is the latest we will know if this is at least partially available to us?
• If we shared the space with another permit holder, what does that look like?
• Have the current permit holders intimated a time of use or are they waiting on us to give a time?

**Lincoln Retail and Gift Shop Area:** This will be our main staging area for support tenting as well as parking our broadcast trucks and support trailers.

**Lincoln Retail and Gift Shop Area Questions:**

- We plan to park half of our trailers and broadcast vehicles off of 23rd so that we don't have to double stack on Daniel French Drive and block bus access. Is parking trucks off of 23rd allowed beginning on 1/11? If so, what permitting is required to hold them in place until 1/21?
- Are we allowed to bike rack off this area once the tents are in place? If so, are there areas we are not allowed to close?

I'm sure I will have a dozen more questions but appreciate your willingness to help me through this process. Please add anyone with NPS to this email that I may have missed and feel free to email or call with any questions you may have.

Best,
Brie Moore
Marisa,

Please see attached. We will continue getting things pushed out to you as soon as this is confirmed regarding security plan, emergency exit, etc. The rest is contingent upon this site plan approval.

Please let us know if there are any questions you have or if something additional is needed this evening.

We appreciate all of your help.

Thank you!

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson

Attached please find the updated plan for January 5th. Strike is planned for same day. I have the permit expiring at noon January 6th but I will change that once I confirm that the tents will be broken down the same night as well.

I will send medical contract over this afternoon.

Attached please find the document detailing the event planned for January 4-7. I understand that Freedom Plaza has two applications in front of mine, but I have been told that the Kremer's have been instructed to relinquish the permits so that I can plan an event there on the 5th. You can email Amy at amy@gmail.com or bobby@gmail.com. This is per Caroline Wren's instructions. This would put me in the same position as the previous events. Looking forward to talking with you at 9am.

Marisa,

Please see attached. We will continue getting things pushed out to you as soon as this is confirmed regarding security plan, emergency exit, etc. The rest is contingent upon this site plan approval.

Please let us know if there are any questions you have or if something additional is needed this evening.

We appreciate all of your help.

Thank you!

John/Lisa:

Please advise how we should proceed with these two requests. I can tell you with 100% certainty that the Rabbi's stage has NEVER been in the Vista site line. What was in the vista in 2019 is the following:

1. Eastern arm of the Menorah - which was approved
2. Jib arm, LED wall, etc that was NOT on-site plan and approved to be on site were in the vista which was noted in the AAR and was not permitted in 2020.

This group's site plan has the flooring and staging going right over the steam line that goes across the Ellipse. Any real heavy equipment going over this would only increase the potential for damage to the steam line.

The amount of flooring material would also greatly increase. The National Park Service also has a permit currently in effect until the end of January. Once the area is cleared of equipment, trees, etc., the tree site area goes into site restoration so that the area is ready for the WH Easter Egg Roll.

Hi Amy-

Following up from our phone call to request consideration and approval for the following:

1. The 2019 Menorah Lighting with the National Menorah Council had a site layout that looks as
if it was justified inside the sight line vista. I am seeking approval for a waiver to build out our stage within the Vista.

2. Would also like to request consideration to adjust the placement of the chain link fencing that is placed around the Christmas Tree. This will be helpful in stage placement and backroom access. If the movement of this fence is an issue with resources ESI would be happy to absorb the cost.

Thank you in advance!

All:

Please explain your site security plans. Keep in mind that as this is not a private event on the Ellipse, we can't prevent others from entering the Ellipse or standing around your area.

Kylie - in the meeting this morning, you indicated that there was a concern with some individuals that may show up at your event. Please know that I am very concerned as well and ask that you have an off-line conversation at your earliest convenience with either Sgt. Burnett or Sgt. Mahasin (they are cc'd on this email).

They will also be able to explain to you how the United States Park Police deals with counter groups as well as anyone else that you may not want at your event.

As always, please do not hesitate to give me a call should you have any questions or concerns.

Re_ [EXTERNAL] Requests for Consideration.pdf
Amy

* I apologize that I must have hit send on a draft of this email I had started but had not yet completed.*

Thank you for reaching out on this. We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we can not allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place.

It is my earnest belief that the area on the southern half of the Ellipse offers the possibility to hold a successful event within the parameters that countless other permitees have staged successful events as recently as a few weeks ago.

Thank you for your diligence and resourcefulness in developing a successful strategy! Please reach back if you have any questions or concerns or wish to touch base.

Best regards
John

Marisa,

Please see attached. We will continue getting things pushed out to you as soon as this is confirmed regarding security plan, emergency exit, etc. The rest is contingent upon this site plan approval.

Please let us know if there are any questions you have or if something additional is needed this evening.

We appreciate all of your help.

Thank you!
Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- Columbus Plaza
- Farragut Square
- McPherson Square

The response and recovery from the effect of COVID-19 will continue to present Federal
agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for
postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.

- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,
Marisa

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

Hi Marissa,

I am connecting you and Pastor Brian Gibson about the permit filing for Freedom Plaza.

I know there are a lot of moving parts to all of this so we are so grateful you are so helpful with this whole process.

Pastor Gibson is now the lead contact for the whole group who has been planning to speak at Freedom Plaza under WFAF original permit (Roger Stone, Pastor Locke, Dr. Gina Loudon, George Papadopulous, etc). Now that Cindy has been made aware we (WFAF) released our permit, Cindy is trying to reposition herself with the group as having to be the consultant to facilitate.

After what transpired with Cindy and the WFAF permit, and now trying to force the whole speaker lineup and vendors to work with Cindy so she can make money isn't something I believe the NPS would be very happy with, in my opinion.

Anyways, I hope that this can all work out very smoothly. Pastor Gibson has access to all of my vendors we used on the 11/14 & 12/12 events and they are aware of the situation and ready to execute the event on 1/5.

Again, thank you for your help and all the other agencies. We just want to have successful events and work with you to ensure everyone is doing everything legally and safely.

I hope you have a very happy New Year!

Re_ [EXTERNAL] NPS Documentation(9).pdf
All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.

2. As we’ve told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.

3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

“We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place.”

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance’s location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
   The tent floor diagrams shall include
   - Overall tent dimensions in feet/inches
   - Tent name/number, tent description or function
   - Placement of tables, chairs, and or stage
   - Location of all exit doors/openings, widths in feet/inches
   - Locations of all exit signs/emergency white lights and portable fire extinguishers
   - Location and sizes of proposed LPG cylinders, equipment
   - Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**
   The written emergency plan shall include:
   - Name, date, time of the event.
   - Event location, or address.
   - Estimated number of attendees, including staff
   - Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
   - Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
   - Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
   - Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval
   - Review emergency plan with operational staff prior to the event.
   - In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)**
Manitfr 3e Spe 33e 3e Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th
All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

Columbus Plaza
Farragut Square
McPherson Square

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC”)
Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
- Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phaseTwo (I believe the list will be updated every two-weeks)

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,
Marisa

Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
   - The tent floor diagrams shall include
     - Overall tent dimensions in feet/inches
     - Tent name/number, tent description or function
     - Placement of tables, chairs, and or stage
     - Location of all exit doors/openings, widths in feet /inches
     - Locations of all exit signs/emergency white lights and portable fire extinguishers
     - Location and sizes of proposed LPG cylinders. equipment
     - Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**
   - The written emergency plan shall include:
     - Name, date, time of the event.
     - Event location, or address.
     - Estimated number of attendees, including staff
• Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
• Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
• Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
• Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval.
• Review emergency plan with operational staff prior to the event.
• In case of emergency, call 911 and/or the USPP at 202-610-7500.

NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)

Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ

All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we've told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

"We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place."

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance’s location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

Hi Marisa,

Any update on the permit for the 13th street area we discussed?
Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you choose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can
choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention ("CDC")

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
- Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

Hi All-

Attached is an updated documentation package that includes a second site diagram with only flooring and lights, and emergency plan, tent diagrams.

I am still waiting on detailed information on sizes of proposed LPG cylinders. Equipment, location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed. Also, NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ.

That information is being gathered from the vendor and I will pass over as soon as I get it.

Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**

   The tent floor diagrams shall include
   - Overall tent dimensions in feet/inches
   - Tent name/number, tent description or function
   - Placement of tables, chairs, and or stage
• Location of all exit doors/openings, widths in feet /inches
• Locations of all exit signs/emergency white lights and portable fire extinguishers
• Location and sizes of proposed LPG cylinders. equipment
• Location, size, make and model of all portable; generators, heaters, lighting equipment and
  AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**

   The written emergency plan shall include:
   • Name, date, time of the event.
   • Event location, or address.
   • Estimated number of attendees, including staff
   • Complete contact information of the event sponsor (s), coordinator(s), staff assistants and
     emergency response /security team supervisors who will be on site during the event.
   • Plan to immediately stop any music, all audio-visual special effects in the event of an
   • Emergency evacuation or shelter in place plan to be implemented in the event of a fire,
     medical emergency, severe weather/tornado, and police emergency incident.
   • Emergency plan shall be reviewed by the USPP or Security staff before it is
     submitted to AHJ
     for approval
   • Review emergency plan with operational staff prior to the event.
   • In case of emergency, call 911 and/or the USPP at 202-610-7500.

   **NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame**

   Propagation certificates or tent labeling shall be submitted for each tent
   (Select should be able to provide this information)

   **Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating
   units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL)
   listed equipment is approved by the NCA-AHJ**

Hello,

Please include the following information with your revised logistical information for Freedom Plaza, January 5, 2021:

**Timeline**
*Equipment removal time*
(Note all of your equipment and portajohns must be removed by 11:59 p.m. on January 5, 2021)

**Site plan**
*Update site plan*

**Medical plan**
*Signed medical plan*

**Speakers**
Are your speakers confirmed?

**Vehicle permission**
*Vehicle permission plan must be revised deleting the following, Return January 6th through same entry point and park in same location. Exit at the end of the day January 6th.*
*Contact Metropolitan Police Department to obtain information for parking on January 5, 2021. What does your command vehicle include? Describe your command vehicle.*

**Number of participants**
Is 10,000 your confirmed number of participants? If so, how are you determining your number of participants?

Thank you,
Deborah Deas

Hi!

How do these look?

If you could provide me the actual distance in which we are able to breach the western edge of the vista sight line I will be able to get an actual drawing done. At this time I do not have that measurement.
Hi All-

Attached is an updated documentation package that includes a second site diagram with only flooring and lights, and emergency plan, tent diagrams.

I am still waiting on detailed information on sizes of proposed LPG cylinders. Equipment, location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed. Also, NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ.

That information is being gathered from the vendor and I will pass over as soon as I get it.

--

Justin Caporale
Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
   - The tent floor diagrams shall include
     - Overall tent dimensions in feet/inches
     - Tent name/number, tent description or function
     - Placement of tables, chairs, and or stage
     - Location of all exit doors/openings, widths in feet/inches
     - Locations of all exit signs/emergency white lights and portable fire extinguishers
     - Location and sizes of proposed LPG cylinders, equipment
     - Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**
   - The written emergency plan shall include:
     - Name, date, time of the event.
     - Event location, or address.
     - Estimated number of attendees, including staff
     - Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
     - Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
     - Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
     - Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval
     - Review emergency plan with operational staff prior to the event.
     - In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)**

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ**

Subject: Re: [EXTERNAL] NPS Documentation

All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we’ve told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

"We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place."

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance’s location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

Hello Mr. Epley,

Thank you for contacting me. I do not have any updated information on the location you have requested. Are you now part of the event at Freedom Plaza on January 5?
Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the
Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:
- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23,2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

- U.S. Center for Disease Control and Prevention ("CDC")

Please note the District has recently updated the Phase 2 guidance for public gatherings.

Currently available options are as follows:
Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.

- **Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.**
- **Please fill out and return the attached questionnaire.**
- **Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled.** (Please provide your date availability to meet to discuss the logistics of your event)
- **Provide a Covid-19 Mitigation Plan**

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to [Marisa.Richardson@nps.gov](mailto:Marisa.Richardson@nps.gov) and [nama_permits@nps.gov](mailto:nama_permits@nps.gov).
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: [https://coronavirus.dc.gov/phasetwo](https://coronavirus.dc.gov/phasetwo) (I believe the list will be updated every two-weeks)
Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,

Marisa

Hello Justin,

Here is the map of where the menorah was in 2019 along with the GPS Coordinates

1. Center of Menorah: 38°53'37.0239"N
   77°2' 12.4672" W
   East End (top): 38° 53' 36.9635" N
   77° 2' 12.4314’ W

Also attached you will find parking worksheet to fill out.

Hi!

How do these look?

If you could provide me the actual distance in which we are able to breach the western edge of the vista sight line I will be able to get an actual drawing done. At this time I do not have that measurement.

Hi All-

Attached is an updated documentation package that includes a second site diagram with only flooring and lights, and emergency plan, tent diagrams.

I am still waiting on detailed information on sizes of proposed LPG cylinders. Equipment, location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed. Also, NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ.

That information is being gathered from the vendor and I will pass over as soon as I get it.

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
   
The tent floor diagrams shall include
   
   * Overall tent dimensions in feet/inches
   * Tent name/number, tent description or function
   * Placement of tables, chairs, and or stage
   * Location of all exit doors/openings, widths in feet/inches
   * Locations of all exit signs/emergency white lights and portable fire extinguishers
   * Location and sizes of proposed LPG cylinders. equipment
   * Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**
   
The written emergency plan shall include:
   
   * Name, date, time of the event.
   * Event location, or address.
   * Estimated number of attendees, including staff
   * Complete contact information of the event sponsor (s), coordinator(s), staff assistants and emergency response /security team supervisors who will be on site during the event.
   * Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
   * Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
   * Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval
   * Review emergency plan with operational staff prior to the event.
   * In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)**

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL)**

listed equipment is approved by the NCA-AHJ
All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we’ve told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

“We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place.”

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance’s location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

Hi all-

Attached is the updated documentation minus the run of show and the internal tent setups.

We are finalizing run of show now which includes the speakers. I imagine that will be done in 30 min or so.

We are also finalizing the internal tent setup’s that will include tables and chairs. The backstage and OSA tents will also include televisions.

I have full access information and am compiling that now.

Hi Marisa,

Happy New Year!

I am assisting Justin with the parking worksheet and have a few questions that will help me complete it:

1. Can you tell me how many spots are on Constitution between 15th and 17th street?

2. Our permit (#21-0278) states on page 1 that it is from 9:30 AM on 1/2/21 to 11:59 PM on 1/3/21, however on subsequent pages it states that it is from 7:00 AM to 5:00 PM. Can you please clarify which timeframe I should use when filling out the parking worksheet?

Marisa-

We’ve received the initial permit for the flooring installation set to begin tomorrow. I noticed the permit had the time starting at 9:30am; however, our permit request listed 6am – 9pm for Saturday and Sunday. We would like to begin laying the flooring at 7am tomorrow morning.

Attached are the Fire Life and Safety Requirements that should fulfill the remaining components necessary for consideration on the secondary permit for Monday through Friday.

Thank you in advance!

Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy:

1. **TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)**
The tent floor diagrams shall include:

- Overall tent dimensions in feet/inches
- Tent name/number, tent description or function
- Placement of tables, chairs, and or stage
- Location of all exit doors/openings, widths in feet/inches
- Locations of all exit signs/emergency white lights and portable fire extinguishers
- Location and sizes of proposed LPG cylinders, equipment
- Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. **EMERGENCY PLAN**

The written emergency plan shall include:

- Name, date, time of the event.
- Event location, or address.
- Estimated number of attendees, including staff
- Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
- Plan to immediately stop any music, all audio-visual special effects in the event of an emergency.
- Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.
- Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval
- Review emergency plan with operational staff prior to the event.
- In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame**

*Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)*

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL)**
listed equipment is approved by the NCA-AHJ

All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we've told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Arena Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

"We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place."

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance's location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

Hi all-

Attached is the updated documentation minus the run of show and the internal tent setups.

We are finalizing run of show now which includes the speakers. I imagine that will be done in 30 min or so.

We are also finalizing the internal tent setup’s that will include tables and chairs. The backstage and OSA tents will also include televisions.

I have full access information and am compiling that now.

Marisa-

We’ve received the initial permit for the flooring installation set to begin tomorrow. I noticed the permit had the time starting at 9:30am; however, our permit request listed 6am – 9pm for Saturday and Sunday. We would like to begin laying the flooring at 7am tomorrow morning.
Attached are the Fire Life and Safety Requirements that should fulfill the remaining components necessary for consideration on the secondary permit for Monday through Friday.

Thank you in advance!

Hi!

How do these look?

If you could provide me the actual distance in which we are able to breach the western edge of the vista sight line I will be able to get an actual drawing done. At this time I do not have that measurement.
Hi All-

Attached is an updated documentation package that includes a second site diagram with only flooring and lights, and emergency plan, tent diagrams.

I am still waiting on detailed information on sizes of proposed LPG cylinders. Equipment, location, size, make and model of all portable generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed. Also, NFPA 701. Standard Methods of Fire Tests for Flame Propagation of Textiles and Films. Flame Propagation certificates or tent labeling shall be submitted for each tent Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL) listed equipment is approved by the NCA-AHJ.
That information is being gathered from the vendor and I will pass over as soon as I get it.

Hello Justin,

In addition to the items Amy listed can you please provide as required by NCA Fire Life and Safety Policy

1. TENT FLOOR DIAGRAMS (NFPA 101:7.3.1.3.2)

   The tent floor diagrams shall include
   • Overall tent dimensions in feet/inches
   • Tent name/number, tent description or function
   • Placement of tables, chairs, and or stage
   • Location of all exit doors/openings, widths in feet /inches
   • Locations of all exit signs/emergency white lights and portable fire extinguishers
   • Location and sizes of proposed LPG cylinders. equipment
   • Location, size, make and model of all portable; generators, heaters, lighting equipment and AC units. Include the manufacturer specification sheets with proof they are UL listed.

2. EMERGENCY PLAN

   The written emergency plan shall include:
   • Name, date, time of the event.
   • Event location, or address.
   • Estimated number of attendees, including staff
   • Complete contact information of the event sponsor(s), coordinator(s), staff assistants and emergency response/security team supervisors who will be on site during the event.
   • Plan to immediately stop any music, all audio-visual special effects in the event of an
Emergency evacuation or shelter in place plan to be implemented in the event of a fire, medical emergency, severe weather/tornado, and police emergency incident.

- Emergency plan shall be reviewed by the USPP or Security staff before it is submitted to AHJ for approval.
- Review emergency plan with operational staff prior to the event.
- In case of emergency, call 911 and/or the USPP at 202-610-7500.

**NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films, Flame**

Propagation certificates or tent labeling shall be submitted for each tent (Select should be able to provide this information)

**Manufacturer Specification Sheets of portable generators, air conditioning (AC), heating units, portable lighting and commercial kitchen equipment. Only Underwriters Laboratories (UL)**

listed equipment is approved by the NCA-AHJ

**Subject:** Re: [EXTERNAL] NPS Documentation

All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we've told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

"We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of..."
their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place."

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance's location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.

All:

Thanks for the information. I would like to make you aware of the following:

1. There is no reflection of your site security being included - their schedule (with contact information) needs to be listed in your timeline.
2. As we’ve told you on numerous times, there will be no other type of set up permitted on the Ellipse until the entire footprint of flooring is in place with a lip around it. Please adjust your timeline to reflect this as we cannot permit the installation of the Mobile Construction Light Trees until after the flooring installation is complete.
3. I have spoken to my Superintendent as well as our ACTING Area Director about your request for placing the stage (and other components) within the Vista Site Line as well as your request to reposition or remove the chain link fence around the Tree Site. Here is their response:

“...We can offer the group the same position that was afforded to the Rabbi in 2019 with the eastern most portion of their stage just touching the western edge of the vista site line.

As far as the fencing goes our NPS staff does not have sufficient time to reposition the fencing according to the event timeline and we cannot allow another party to move our fencing as it would present a host of liability concerns. I also agree with your concerns regarding the possible damage to the steam lines should large vehicles drive over them without sufficient grade matting material in place.”

As such, please revise your site plan to reflect that the green room, generators, and video wall that are within the Vista site line have been relocated. We will also need to have the ambulance’s location will be located.

In addition, the park is still waiting to receive your access information. Please advise when we will expect to receive that information! A copy of the access template is attached for your ready reference.

As always, please give me a call with any questions or concerns.
Hi all-

Attached is the updated documentation minus the run of show and the internal tent setups.

We are finalizing run of show now which includes the speakers. I imagine that will be done in 30 min or so.

We are also finalizing the internal tent setup’s that will include tables and chairs. The backstage and OSA tents will also include televisions.

I have full access information and am compiling that now.

Happy New Year Raul and Jim!

I hope your holidays were enjoyable. While you were both on leave, we received an application a second application for Women for America First for use of the Ellipse, January 2-8, 2020. This is of course a last-minute request and there is an interesting backstory but adding to the complexity this is a POTUS event.

I have attached their submission packet. Please let me know if you need any additional information.

Best regards,

Marisa

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson
Superintendent Stanwich-
My name is Justin Caporale and I am representing Event Strategies, Inc. who is working with Women for America First to produce their event on the Ellipse on January 6th (permit # 21-0278). I am reaching out to request permission to build out our event site in the center of southern quadrant of the Ellipse.

I am aware that there are limitations when it comes to the line-of-sight vista that stretches across the center of the Ellipse and runs from the Truman Balcony to the Jefferson Memorial. I have the greatest respect for the National Park Service and the preservation of our parks and understand that there is a long-standing practice to keep the clear the line-of-sight vista clear from obstruction. In our case, I do believe there is great value in being able to use the space designated in the vista line that includes the preservation of the Ellipse.

From a production standpoint, having our event directly in the center of the Ellipse will lend itself to a more organized event by creating a clear and straight shot pathway for our production trucks to move onto the Ellipse and load and unload. Once the main infrastructure is built out our event will be afforded symmetry that will ultimately lead to a well-organized event that allows guests to have clear and concise egress options.

I understand that there is a concern with preventing damage to the steamline that runs underneath the Ellipse. In seeking permission to build our event setup within the Vista Sight Line we will be able to keep our infrastructure to the southern edge of the steamline which will eliminate any potential damage or obstruction to the steamline track system. That will allow the integrity of the steamline system to remain uncompromised.

The permission we are seeking would include placing the main mobile stage, press riser, and two LED screens within the designated area. The footprint of the stage and LED screen would measure approx. 155’. The press riser would be built 100’ in front of the stage and the press riser would ultimately disappear under the cover of attendee’s and members of the press.

In addition to the production concerns, we feel it is important to use the line-of-sight vista to properly display the majestic views of the White House in the way it was intended to be viewed. The permit holder has hosted multiple events around the District highlighting locations that are central to democracy. The White House represents the pinnacle of democracy and for this event specifically it would provide an unprecedented backdrop for a monumental event.
In addition to the reasons mentioned above, there is also unprecedented construction being performed on the White House perimeter fence line that prohibits direct line of sight from an angled position. In working through our diagrams we were unable to identify a clear line of sight from a side angle without having to place our infrastructure over the steamline tracks – which may cause damage.

The guidance provided that prohibits a stage and press riser being placed in the line-of-sight vista I would like to take any steps necessary to be afforded consideration and approval for an exemption. We will have many individuals who will be attending this event who may never get the opportunity to have this experience again. In addition to the live event audience, there will be a large press presence that will be broadcasting our event to millions at home – as an event producer I truly believe it is important to highlight our parks and all their beauty. Allowing us to setup in the Vista Sight Line will provide memorable and impressive photos and videos that will be worthy of the White House and President’s Park.

I am attaching a current copy of the site layout that shows the setup that pushes to the western edge of the line-of-sight vista. With your approval our site layout would shift to the east approx. 75’ to obtain a true center position. Our production team will work diligently and closely with National Park Service to identify any additional backstage components that can be moved outside of the line-of-sight vista.

I understand the unprecedented approval I am seeking and truly appreciate your consideration. Given the combination of the White House Fence construction, the Christmas Tree setup, the limited timeframe, and the large number of guests expected I do feel that we are in a unique situation where an exception could be granted, and the site shifted to true center at the direction of the National Park Service.

We begin laying the protective floor covering tomorrow morning at 7am. Thank you for your time and consideration.

Respectfully,

---

My name is Justin Caporale and I am representing Event Strategies, Inc. who is working with Women for America First to produce their event on the Ellipse on January 6th (permit # 21-0278). I am reaching out to request permission to build out our event site in the center of southern quadrant of the Ellipse.

I am aware that there are limitations when it comes to the line-of-sight vista that stretches across the center of the Ellipse and runs from the Truman Balcony to the Jefferson Memorial. I have the greatest respect for the National Park Service and the preservation of our parks and understand that there is a long-standing practice to keep the clear the line-of-sight vista clear from obstruction. In our case, I do believe there is great value in being able to use the space designated in the vista line that includes the preservation of the Ellipse.

From a production standpoint, having our event directly in the center of the Ellipse will lend itself to a more organized event by creating a clear and straight shot pathway for our production trucks to move onto the Ellipse and load and unload. Once the main infrastructure is built out our event will
be afforded symmetry that will ultimately lead to a well-organized event that allows guests to have clear and concise egress options.

I understand that there is a concern with preventing damage to the steamline that runs underneath the Ellipse. In seeking permission to build our event setup within the Vista Sight Line we will be able to keep our infrastructure to the southern edge of the steamline which will eliminate any potential damage or obstruction to the steamline track system. That will allow the integrity of the steamline system to remain uncompromised.

The permission we are seeking would include placing the main mobile stage, press riser, and two LED screens within the designated area. The footprint of the stage and LED screen would measure approx. 155’. The press riser would be built 100’ in front of the stage and the press riser would ultimately disappear under the cover of attendee’s and members of the press.

In addition to the production concerns, we feel it is important to use the line-of-sight vista to properly display the majestic views of the White House in the way it was intended to be viewed. The permit holder has hosted multiple events around the District highlighting locations that are central to democracy. The White House represents the pinnacle of democracy and for this event specifically it would provide an unprecedented backdrop for a monumental event.

In addition to the reasons mentioned above, there is also unprecedented construction being performed on the White House perimeter fence line that prohibits direct line of sight from an angled position. In working through our diagrams we were unable to identify a clear line of sight from a side angle without having to place our infrastructure over the steamline tracks – which may cause damage.

The guidance provided that prohibits a stage and press riser being placed in the line-of-sight vista I would like to take any steps necessary to be afforded consideration and approval for an exemption. We will have many individuals who will be attending this event who may never get the opportunity to have this experience again. In addition to the live event audience, there will be a large press presence that will be broadcasting our event to millions at home – as an event producer I truly believe it is important to highlight our parks and all their beauty. Allowing us to setup in the Vista Sight Line will provide memorable and impressive photos and videos that will be worthy of the White House and President’s Park.

I am attaching a current copy of the site layout that shows the setup that pushes to the western edge of the line-of-sight vista. With your approval our site layout would shift to the east approx. 75’ to obtain a true center position. Our production team will work diligently and closely with National Park Service to identify any additional backstage components that can be moved outside of the line-of-sight vista.

I understand the unprecedented approval I am seeking and truly appreciate your consideration. Given the combination of the White House Fence construction, the Christmas Tree setup, the limited timeframe, and the large number of guests expected I do feel that we are in a unique situation where an exception could be granted, and the site shifted to true center at the direction of the
National Park Service.

We begin laying the protective floor covering tomorrow morning at 7am. Thank you for your time and consideration.

Respectfully,

---

Justin Caporale

Justin:

Thank you very much for your message and for taking time to provide your explanation of the reasons you have enumerated for requesting an exception to President's Park long standing practice of not allowing the placement of event structures within the White House to Jefferson Memorial vista sight line. The attached July 2018 Evaluation of Visual Impact Analysis for Permitted Temporary Structures on the National Mall produced by the NPS National Capital Area, Resource Stewardship and Science Cultural Resources Division articulates the basis for President's Park's standing policy for protecting the vista established in the 1934-35 Olmsted Plan from the encroachment of structures. See particularly page 11 of the report. This articulation is the basis for the park's long-standing practice of not allowing event structures to be placed within the 150-foot-wide vista sight line from the White House to the Jefferson Memorial. This long-established practice is something very important to maintaining the historic and aesthetic integrity of the cultural landscape in President's Park South.

However, in your email you have articulated some compelling reasons as to why there is a very unique set of circumstances that provide a basis for a variance in this very special case. Tantamount to this is the very unusual circumstance of the visual intrusion resulting from the construction of the White House perimeter fence replacement. This once in over a half century fence replacement project on the south side of the White House provides the very unusual basis for the park to make an exception to its long-standing park policy. The wooden construction fence that encloses the project area along the fence line impairs views to the White House from the Ellipse. This impairment is further aggravated the farther away from the central axis one stands. As a central theme of your event is to connect it to the White House and the Presidency the construction fence in the view shed poses a significant visual impairment to your spectators and detracts from the visual message you are working to achieve. Allowing your set up to be placed in the vista would provide the most direct and least impaired visual connection between your event site set up and the White House Grounds than would be the case if your set up had to be outside the vista sight line. Furthermore, as you indicate options of placement in other areas of the Ellipse are further limited due to the existing site set up from the National Christmas Tree Lighting event site and the location of the GSA steam lines that traverse the Ellipse.

Therefore, I can extend your event an exception to the vista sight line policy. However, I hope you will work with our NPS staff to reduce as much as possible the visual impact to the vista...
sight line. Once again, thank you for your cooperation in helping us to understand the particulars of your event and we look forward to working with you and your team in making this a very successful event.

Please feel free to circle back if you have any questions or I can be of any assistance.

Best regards,
John

Thank you, Superintendent.

I appreciate your time at such a late hour — and on a holiday. I have read through your message and will review the attachment this evening prior to our start time tomorrow morning.

It is an honor to work on National Park grounds and I will remain committed to working closely with the NPS team to ensure a successful event.

Best,

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson
Question probably for solicitor - who assumes responsibility and NPS liability when permits are issued, and our structural fire program is not afforded ample opportunity to review documents and conduct site inspections to assure fire and life safety compliance?

DO and RM 58 require us to enforce applicable laws, rules, and regulations to keep NPS assets, staff, and visitors safe. Local policy (NCA Fire and Life Safety Temporary Events) is written to help us assure compliance and distribute workload by requiring submission 20 days in advance of an event. Submission late on Jan 1 for a Jan 2 event is simply not reasonable or acceptable.

As always, we're not deeply concerned about "open" public gatherings not involving flammable or combustible equipment, cooking, heating, or cooling, construction methodology, or temporary structures unfamiliar to occupants which impede emergency egress. If someone wants to demonstrate their First Amendment rights in an open area on NPS lands, the structural fire program really does not want or need to be involved.

I can't help but think if we authorize (permit) erection of hazards on our land and don't make reasonable effort by qualified staff to assure a minimum level of safety of applicable fire rules and regulations, we are liable.

I look forward to additional conversation.

Jim
January 2-8, 2020. This is of course a last-minute request and there is an interesting backstory but adding to the complexity this is a POTUS event.

I have attached their submission packet. Please let me know if you need any additional information.

All:

Just to update you on things:

1. The group will be moving the stage, press riser and two sound towers into the Vista Site Line. They will attempt to move all other components out of the Vista for us.

2. The group requested this morning to park all their vehicles on the Ellipse since there is no one parking there today. The NPS indicated that this would not be possible as it would then open the Ellipse to all permitted groups to be able to do the same thing regardless of what day of the week that the event is being held.

3. Permittee indicated that since this is a POTUS event, that Room 1 (Ellipse parking for WH) reached out to him and said to let them know if they needed any parking.

4. Permittee has secured parking along Constitution Avenue from the National Park Service for the duration of the permit. The only day that this may be an issue would be the event day when the area is closed for POTUS participation.

5. Permittee indicated that they would remain out on Constitution Avenue with the flooring trucks unless there is an issue. They were attempting to figure out exactly how to rework the flooring to get vehicles into the Vista.
   a. Explained to permittee what other groups have done - they build a large pad at the entrance to the Ellipse that would enable the group to get up onto the Ellipse to make the turn to get where they need to go
   b. Explained to permittee that he should have a few extra pieces of flooring material that can be placed beneath the tires if a vehicle MIGHT go off the flooring material

6. Requested that permittee and I talk each day to see how things are going

7. Requested that permittee contact me first if there is a question so that the park Superintendent can decide on any request after consultation with those, he may need to discuss the request with.

8. Martin Torres, Permit Monitor, indicated that he went to the top of the Washington Monument to take photos of the pre-existing conditions of the Ellipse! I am sure that as things progress, he will take more for us - especially once the event is show ready!

I just wanted to keep everyone aware of what is going on with this event.

Question probably for solicitor - who assumes responsibility and NPS liability when permits are issued, and our structural fire program is not afforded ample opportunity to review documents and conduct site inspections to assure fire and life safety compliance?

DO and RM 58 require us to enforce applicable laws, rules, and regulations to keep NPS assets, staff, and visitors safe. Local policy (NCA Fire and Life Safety Temporary Events) is written to help us assure compliance and distribute workload by requiring submission 20 days in advance of an event. Submission late on Jan 1 for a Jan 2 event is simply not reasonable or acceptable.

As always, we're not deeply concerned about "open" public gatherings not involving flammable or combustible equipment, cooking, heating, or cooling, construction methodology, or temporary structures unfamiliar to occupants which impede emergency egress. If someone wants to demonstrate their First Amendment rights in an open area on NPS lands, the structural fire program really does not want or need to be involved.

I can't help but think if we authorize (permit) erection of hazards on our land and don't make reasonable effort by qualified staff to assure a minimum level of safety of applicable fire rules and regulations, we are liable.

I look forward to additional conversation.
Jim

Happy New Year Raul and Jim!

I hope your holidays were enjoyable. While you were both on leave, we received an application a second application for Women for America First for use of the Ellipse, January 2-8, 2020. This is of course a last-minute request and there is an interesting backstory but adding to the complexity this is a POTUS event.

I have attached their submission packet. Please let me know if you need any additional information.

Best regards,

Marisa

Happy New Year Kim and Roland,

Please see Jim King’s email regarding the 20 day requirement for NCA documentation submission requirements.

This is concerning the Women for America First permit for the Ellipse. There were two permits issued one for just flooring for January 2-3, 2021 and second issued last night for the bulk of the build to start on Monday.

I sent the complete package to Raul and Jim when I received it on Friday, January 1.

The bulk of the fire and life stuff setup does not start until Monday and they can’t set up without a permit.

We have talked about this issue several times and it will come into play with inaugural permits especially at the Lincoln Memorial and the proposed fireworks. The deadline for the submission was Friday.

How do you think we resolve/address Jim’s concerns?

Marisa

On Jan 1, 2021, at 21:53, Stanwich, John <John_Stanwich@nps.gov> wrote:

Justin:

Thank you very much for your message and for taking time to provide your explanation of the reasons you have enumerated for requesting an exception to President's Park long standing practice of not allowing the placement of event structures within the White House
to Jefferson Memorial vista sight line. The attached July 2018 *Evaluation of Visual Impact Analysis for Permitted Temporary Structures on the National Mall* produced by the NPS National Capital Area, Resource Stewardship and Science Cultural Resources Division articulates the basis for President's Park's standing policy for protecting the vista established in the 1934-35 Olmsted Plan from the encroachment of structures. See particularly page 11 of the report. This articulation is the basis for the park's long-standing practice of not allowing event structures to be placed within the 150-foot-wide vista sight line from the White House to the Jefferson Memorial. This long-established practice is something very important to maintaining the historic and aesthetic integrity of the cultural landscape in President's Park South.

However, in your email you have articulated some compelling reasons as to why there is a very unique set of circumstances that provide a basis for a variance in this very special case. Tantamount to this is the very unusual circumstance of the visual intrusion resulting from the construction of the White House perimeter fence replacement. This once in over a half century fence replacement project on the south side of the White House provides the very unusual basis for the park to make an exception to its long-standing park policy. The wooden construction fence that encloses the project area along the fence line impairs views to the White House from the Ellipse. This impairment is further aggravated the farther away from the central axis one stands. As a central theme of your event is to connect it to the White House and the Presidency the construction fence in the view shed poses a significant visual impairment to your spectators and detracts from the visual message you are working to achieve. Allowing your set up to be placed in the vista would provide the most direct and least impaired visual connection between your event site set up and the White House Grounds than would be the case if your set up had to be outside the vista sight line. Furthermore, as you indicate options of placement in other areas of the Ellipse are further limited due to the existing site set up from the National Christmas Tree Lighting event site and the location of the GSA steam lines that traverse the Ellipse.

Therefore, I can extend your event an exception to the vista sight line policy. However, I hope you will work with our NPS staff to reduce as much as possible the visual impact to the vista sight line. Once again,
thank you for your cooperation in helping us to understand the particulars of your event and we look forward to working with you and your team in making this a very successful event.

Please feel free to circle back if you have any questions or I can be of any assistance.

Best regards,
John

Subject: [EXTERNAL] Request for Consideration

Superintendent Stanwich-
My name is Justin Caporale and I am representing Event Strategies, Inc. who is working with Women for America First to produce their event on the Ellipse on January 6th (permit # 21-0278). I am reaching out to request permission to build out our event site in the center of southern quadrant of the Ellipse. 
I am aware that there are limitations when it comes to the line-of-sight vista that stretches across the center of the Ellipse and runs from the Truman Balcony to the Jefferson Memorial. I have the greatest respect for
the National Park Service and the preservation of our parks and understand that there is a long-standing practice to keep the clear the line-of-sight vista clear from obstruction. In our case, I do believe there is great value in being able to use the space designated in the vista line that includes the preservation of the Ellipse. From a production standpoint, having our event directly in the center of the Ellipse will lend itself to a more organized event by creating a clear and straight shot pathway for our production trucks to move onto the Ellipse and load and unload. Once the main infrastructure is built out our event will be afforded symmetry that will ultimately lead to a well-organized event that allows guests to have clear and concise egress options.

I understand that there is a concern with preventing damage to the steamline that runs underneath the Ellipse. In seeking permission to build our event setup within the Vista Sight Line we will be able to keep our infrastructure to the southern edge of the steamline which will eliminate any potential damage or obstruction to the steamline track system. That will allow the integrity of the steamline system to remain uncompromised.

The permission we are seeking would include placing the main mobile stage, press riser, and two LED screens within the designated area. The footprint of the stage and LED screen would measure approx. 155’. The press riser would be built 100’ in front of the stage and the press riser would ultimately disappear under the cover of attendee’s and members of the press.

In addition to the production concerns, we feel it is important to use the line-of-sight vista to properly display the majestic views of the White House in the way it was intended to be viewed. The permit holder has hosted multiple events around the District highlighting locations that are central to democracy. The White House represents the pinnacle of democracy and for this event specifically it would provide an unprecedented backdrop for a monumental event.

In addition to the reasons mentioned above, there is also unprecedented construction being performed on the White House perimeter fence line that prohibits direct line of sight from an angled position. In working through our diagrams we were unable to identify a clear line of sight from a side angle without having to place our infrastructure over the steamline tracks – which may cause damage.

The guidance provided that prohibits a stage and press riser being placed in the line-of-sight vista I would like to take any steps necessary to be afforded consideration and approval for an exemption. We will have many individuals who will be attending this event who may never get the opportunity to have this experience again. In addition to the live event
audience, there will be a large press presence that will be broadcasting our event to millions at home – as an event producer I truly believe it is important to highlight our parks and all their beauty. Allowing us to setup in the Vista Sight Line will provide memorable and impressive photos and videos that will be worthy of the White House and President’s Park.

I am attaching a current copy of the site layout that shows the setup that pushes to the western edge of the line-of-sight vista. With your approval our site layout would shift to the east approx. 75’ to obtain a true center position. Our production team will work diligently and closely with National Park Service to identify any additional backstage components that can be moved outside of the line-of-sight vista.

I understand the unprecedented approval I am seeking and truly appreciate your consideration. Given the combination of the White House Fence construction, the Christmas Tree setup, the limited timeframe, and the large number of guests expected I do feel that we are in a unique situation where an exception could be granted, and the site shifted to true center at the direction of the National Park Service.

We begin laying the protective floor covering tomorrow morning at 7am. Thank you for your time and consideration.

Respectfully,

Justin Caporale

Thanks Amy, good summary.

Get Outlook for iOS

All:

Just to update you on things:

1. The group will be moving the stage, press riser and two sound towers into the Vista Site Line. They will attempt to move all other components out of the Vista for us.

2. The group requested this morning to park all their vehicles on the Ellipse since there is no one parking there today. The NPS indicated that this would not be possible as it would then open the Ellipse to all permitted groups to be able to do the same thing regardless of what day of the week that the event is being held.

3. Permittee indicated that since this is a POTUS event, that Room 1 (Ellipse parking for WH) reached out to him and said to let them know if they needed any parking.

4. Permittee has secured parking along Constitution Avenue from the National Park Service for the duration of the permit. The only day that this may be an issue would be the event day when the area is closed for POTUS participation.

5. Permittee indicated that they would remain out on Constitution Avenue with the flooring trucks unless there is an issue. They were attempting to figure out exactly how to rework the flooring to get vehicles into the Vista.
   a. Explained to permittee what other groups have done - they build a large pad at the entrance to the Ellipse that would enable the group to get up onto the Ellipse to make the turn to get where they need to go
   b. Explained to permittee that he should have a few extra pieces of flooring material that can be placed beneath the tires if a vehicle MIGHT go off the flooring material

6. Requested that permittee and I talk each day to see how things are going
7. Requested that permittee contact me first if there is a question so that the park Superintendent can decide on any request after consultation with those, he may need to discuss the request with.

8. Martin Torres, Permit Monitor, indicated that he went to the top of the Washington Monument to take photos of the pre-existing conditions of the Ellipse! I am sure that as things progress, he will take more for us - especially once the event is show ready!

I just wanted to keep everyone aware of what is going on with this event.

Some issues this morning with using the drop gate but it all worked out!

The flooring has gone over the steam line but is not covering any steam grates. The entire site had shifted to the vista area and more into the SE quadrant - again to prevent more damage to the turf in the SW quadrant. The flooring is also going right up to the chain link fence of the tree site. I am told that this was to bet things close to the gravel roadway in the tree site for POTUS’ arrival.

Apparently, there will be a meeting with the USSS and the permittee tomorrow to discuss POTUS’ arrival. I am not sure of the time but said that meetings like this need to have John Stanwich involved at a minimum. The permittee agreed to send John an invite email. My apologies for leaving out the USPP - John can you make sure that they know about the timing of the meeting?

The permittee also indicated that Room 1 (WH parking) has asked if they needed parking. Permittee indicated to me that since they have secured parking along Constitution for the week, they would not. Room 1 apparently has also asked about staff parking on Wednesday. I explained how the park has handled things on Tree Lighting night and suggested a couple of options to consider.

The permittee has also indicated that at least one speaker, Michael Flynn, travels with an unarmed security team. I asked the permittee to get in touch with Sgt. Burnett to discuss this aspect.

Due to the tremendous amount of general public walking through the site, I asked if the group could get their bike rack in sooner than anticipated. I am concerned with safety but also want to keep things on schedule. Site security should start tomorrow.

The group has left their flooring material in the curb lane of Constitution Avenue. I am told that they will be picking up the flooring from the sidewalk to get on the Ellipse.

Martin Torres went to the top of the monument to take pre load-in photos - permittee was to ask Marisa Richardson about them getting to the top to take a photo as well. I made no commitments as I told the permittee that I don’t work in that park.

Just wanted to keep you all informed!

Happy New Year Kim and Roland,

Please see Jim King’s email regarding the 20 day requirement for NCA documentation submission requirements.

This is concerning the Women for America First permit for the Ellipse. There were two permits issued one for just flooring for January 2-3, 2021 and second issued last night for the bulk of the build to start on Monday.

I sent the complete package to Raul and Jim when I received it on Friday, January 1.

The bulk of the fire and life stuff setup does not start until Monday and they can’t set up without a permit.

We have talked about this issue several times and it will come into play with inaugural permits especially at the Lincoln Memorial and the proposed fireworks. The deadline for the submission was Friday.

How do you think we resolve/address Jim’s concerns?

Marisa

Question probably for solicitor - who assumes responsibility and NPS liability when permits are issued, and our structural fire program is not afforded ample opportunity to review documents and conduct site inspections to assure fire and life safety compliance?

DO and RM 58 require us to enforce applicable laws, rules, and regulations to keep NPS assets, staff, and visitors safe. Local policy (NCA Fire and Life Safety Temporary Events) is written to help us assure compliance and distribute workload by requiring submission 20 days in advance of an event. Submission late on Jan 1 for a Jan 2 event is simply not reasonable or acceptable.

As always, we’re not deeply concerned about "open" public gatherings not involving flammable or combustible equipment, cooking, heating, or cooling, construction methodology, or temporary structures unfamiliar to occupants which impede emergency egress. If someone wants to demonstrate their First Amendment rights in an open area on NPS lands, the structural fire program really does not want or need to be involved.

I can"t help but think if we authorize (permit) erection of hazards on our land and don’t make reasonable effort by qualified staff to assure a minimum level of safety of applicable fire rules and regulations, we are liable.

I look forward to additional conversation.
Happy New Year Raul and Jim!

I hope your holidays were enjoyable. While you were both on leave, we received an application a second application for Women for America First for use of the Ellipse, January 2-8, 2020. This is of course a last-minute request and there is an interesting backstory but adding to the complexity this is a POTUS event.

I have attached their submission packet. Please let me know if you need any additional information.

Best regards,

Marisa

Hi Amy-

Attached is an updated flooring plan. I would like to readjust the flooring and move the restrooms to the southern edge of the ellipse. This will take them off of the delay tower wings and move a bulk of the restroom setup out of the vista sight line. It will also provide safer and move organized access to the restrooms for the guests.

Please advise if this is okay.

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

On Wed, Dec 30, 2020 at 1:03 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Ms. Chafian,

Thank you for the amendment however Freedom Plaza is not available on January 5-6 due to another permitted activity. As of 12:00 pm today, Women for America First is not relinquishing the space for Freedom Plaza January 4-6.

Do you pursue conducting your demonstration at Sylvan Theater or withdraw your application?

Best regards
Marisa
Please amend my application to include Freedom Plaza for January 5-6, 2021.

On Wed, Dec 30, 2020 at 1:47 AM Cindy Chafian @gmail.com wrote:

Attached please find the document detailing the event planned for January 4-7. I understand that Freedom Plaza has two applications in front of mine, but I have been told that the Kremer's have been instructed to relinquish the permits so that I can plan an event there on the 5th. You can email Amy at @gmail.com or @gmail.com. This is per Caroline Wren's instructions. This would put me in the same position as the previous events. Looking forward to talking with you at 9am.

Hello Hannah,

Happy New Year! Just a couple of questions about your request to have a photographer at the top of the Washington Monument:

1. How many photographers would require access?
2. What time frame are you requesting?
3. What type of equipment would the photographer bring into the Washington Monument?
4. Are you also requesting a videographer?

This information will help me flush out the request to present to the Superintendent and Park Police.

Best Regards
Marisa

Thank you, Justin.

Hi Marisa – I look forward to working with you and your team this week. Please let me know who the best person to work with on possible access once we have our USSS counterparts.
Marisa-

Connecting you with Hannah Salem, one of our operations managers for January 6.

I wanted to work with you (and USSS when they're assigned) to see if it's possible we can get one of our photographers up into the Washington Monument on the day of the event.

Hi Marisa —

Happy New Years! Thank you for getting back to me on this - we are excited for the opportunity.

Below is my request — I think it would be perfect if we had them up there by 10:30AM and back down by 11:30AM. They all will have 1 camera each - I do not expect a large video camera, just the small monopod.

- 1 wire
- 1 video event official
- 1 photog event official
- 1 White House Official

Please let me know if you want to speak directly.

Thanks!

V/r,

HS

Good afternoon Marisa....I know the initial number of participants on the application for the Ellipse event was 5,000 people (at least that’s what I thought I heard on the call). Can you confirm if that number is still the same if anyone has heard chatter of them increasing the number on the application.

Good Afternoon Major Adamchik,

Women for America First is still planning for roughly 5,000 participants to attend on Wednesday. While the attendance decreased between the November - December, I think they may exceed the 5k because POTUS has tweeted about the event several times.

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

On Wed, Dec 30, 2020 at 1:03 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Thank you for the amendment however Freedom Plaza is not available on January 5-6 due to another permitted activity. As of 12:00 pm today, Women for America First is not relinquishing the space for Freedom Plaza January 4-6.

Do you pursue conducting your demonstration at Sylvan Theater or withdraw your application?

Best regards
Marisa

Hello Zakiyyah,

I have some information on the silent majority but the space they requested on the mall is not available because the PIC has not relinquished the area.

Mr. Epley did not want any of the other locations offered to him. I will send you my notes in the morning.

Marisa

Hello Jeff,

Please see the request from Women for America First, requesting access into the Washington Monument on Wednesday, January 6 from 1030 am -1130 am to snap a photo of the Ellipse while the President is speaking at 11 am. I spoke to Hannah, explaining the COVID restrictions and the limited number of people allowed in the Monument and the ticketing system. I inquired about a later time slot potentially 2pm-230pm or but that doesn't fit the idea timeline.

The ideal timeslot is 11 am -1120 am for 4 people. Please let me know if this a request we can accommodate.

They all will have 1 camera each - I do not expect a large video camera, just the small monopod.

- 1 wire
- 1 video event official
- 1 photog event official
- 1 White House Official

Thanks

Marisa

---

Hi Marisa —

Happy New Years! Thank you for getting back to me on this - we are excited for the opportunity.
Below is my request — I think it would be perfect if we had them up there by 10:30AM and back down by 11:30AM. They all will have 1 camera each - I do not expect a large video camera, just the small monopod.

- 1 wire
- 1 video event official
- 1 photog event official
- 1 White House Official

Please let me know if you want to speak directly.

Thanks!

V/r,
HS

Subject: Re: [EXTERNAL] RE: Washington Monument

Hello Hannah,

Happy New Year! Just a couple of questions about your request to have a photographer at the top of the Washington Monument:

1. How many photographers would require access?
2. What time frame are you requesting?
3. What type of equipment would the photographer bring into the Washington Monument?
4. Are you also requesting a videographer?

This information will help me flush out the request to present to the Superintendent and Park Police.

Best Regards
Marisa

Hello Jennifer and Kylie,

Thank you for the amendment. To issue amend your permit to reflect 20,000 people I will need confirmation of the following details:
- Advance Life Support Medical Aid Station
- 1 Advance Life Support Ambulance
- Mobile Med Teams stationed at the event site

Please forward a copy of the plan GW Emerg provides you for the increased number of participants.

Currently, your plan provides an adequate number of restrooms of 70 people.

Hello Mr. Epley,

Thank you for contacting me. I do not have any updated information on the location you have requested. Are you now part of the event at Freedom Plaza on January 5?
Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were
submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23,2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

- U.S. Center for Disease Control and Prevention (“CDC”)

Currently available options are as follows:
• Plan to move forward with your activity on proposed date, understanding the
your event may be impacted by the federal and local governments response to
the public health pandemic.

  ▪ Review the attached planning documents to learn about the rules
  and requirements for conducting an activity on parkland.
  ▪ Please fill out and return the attached questionnaire.
  ▪ Based on the complexity of your activity a logistical meeting via MS
  Teams will be scheduled. (Please provide your date availability to
  meet to discuss the logistics of your event)
  ▪ Provide a Covid-19 Mitigation Plan

• If you would like to postpone your activity, permits may be rescheduled for up to
four months past the original date of your activity, subject to availability. Requests
for postponement should be directed to Marisa_Richardson@nps.gov and
nama_permits@nps.gov.

• If you choose to cancel your permit, you may request a refund of the application
processing fee, if applicable (please be advised that processing any refunds will
take longer than normal due to the anticipated volume of requests and current
staffing constraints AND only if your application was received prior to June 22,
2020).

• If you would like to postpone your activity for a date that is not within the four-
month window, you will need to cancel your current application and re-apply
(please note that applications are accepted up to one year in advance, and on a
first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers
from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days.
Please contact the DC Health Department or MPD on specific requirements and
how this might impact your event.

https://coronavirus.dc.gov/page/mayor%E2%80%99s-order-2020-081-requirement-

You can find a list of the States here:https://coronavirus.dc.gov/phasetwo (I believe

Hi Mike –

Happy New Year to you. I hope you are well. Not sure if you might have any information on this, and this may just be a heads up, but myself and the American Bus Association have been receiving quite a few questions regarding bus drop-off locations for the events on Wednesday. This was not the case for the first two, so I am assuming a pretty large bus presence. Did the organizers work with NPS on suggested locations for buses to stop and drop-off? For parking we are suggesting the usual scenarios but there does not seem to be a lot of direction on drop-offs, if a bus can come downtown, or if they need to park and let people off to walk or take Metro.

Thank you,
Lindsay

Hello Pastor Gibson,

Thank you for speaking with me earlier today concerning your permit application for January 5 at Freedom Plaza. I just wanted to confirm in writing that you are no longer seeking to use Freedom Plaza on January 6th from 12 pm -6pm.

As discussed organizations or individuals can demonstration without a permit if

1. group is 25 or less
2. don’t have the aid of stand or structure
3. all equipment is handheld.

I look forward to receiving your confirmation.

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay -I know this does not help with your planning. Have any of the following details changed:

**Equipment**
- 30 ft Trailer pulled by a pickup truck
- 12' x 16' Stage
- Generator (located in trailer)
- Small Sound system
- 10' x 20' tent located next to the stage
- Banner
- Signs
- Tripod lights on stage

**General event info**
- 5 Volunteers wearing Silent Majority hats and black jackets
- Rally Speakers include: You (Mr. Epley) people from your organization. **Please provide a list of confirmed speakers**
- No sales or donation collection
- Advertising by social media and private group chats
- Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
- You plan to strike your event each night and setup again the next morning
- Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. **Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?**

**Timeline**

**January 5, 2021**
- 10 am - 1:00 pm  Setup of equipment
- 1 pm - 6:00 pm  Rally speeches
- 6 pm - 7:00 pm  Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm  Setup of equipment
- 12:00 pm - 6:00 pm  Rally speeches
- 6:00 pm - 7:00 pm  Strike of equipment(removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?
Hi Marisa,

Any progress on the locations we discussed?

Thanks,
James

Hi Marisa,

No, I am not part of any other event or affiliated in any way. But, would it be easier to get a permit to be there instead?

Thanks

On Thu, Dec 31, 2020 at 4:44 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

Thank you for contacting me. I do not have any updated information on the location you have requested. Are you now part of the event at Freedom Plaza on January 5?

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:
Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

Columbus Plaza
Farragut Square
McPherson Square

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23,2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your
COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,

Marisa

Hello Pastor Gibson,

Thank you for speaking with me earlier today concerning your permit application for January 5 at Freedom Plaza. I just wanted to confirm in writing that you are no longer seeking to use Freedom Plaza on January 6th from 12 pm -6pm.

As discussed organizations or individuals can demonstration without a permit if

1. group is 25 or less
2. don’t have the aid of stand or structure
3. all equipment is handheld.

I look forward to receiving your confirmation.

Best Regards
Marisa

Hey Marisa,

I wanted to reach out about the road closures that go into effect today. Is it possible to liaise with MPD so they are aware of our parking passing or is there another method you suggest?

Best,
Megan

Once MPD implements the closures there will be absolutely no vehicular traffic into perimeter.
These will be hard closures ie heavy duty sand trucks, barriers, fences.

Madison Drive from 3rd Street, NW to 15th Street, NW
Jefferson Drive from 3rd Street, SW to 15th Street, SW
Hi Marisa,

Our plans will be scaled back without a stage. But, we have no plans beyond the 6th.

I realize the President is speaking at the ellipse, but that doesn’t change our plans

Thank you again for all of your help

Thanks,
James

On Mon, Jan 4, 2021 at 12:42 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay -I know this does not help with your planning. Have any of the following details changed:

**Equipment**
30 ft Trailer pulled by a pickup truck
12' x 16' Stage
Generator (located in trailer)
Small Sound system
10' x 20' tent located next to the stage
Banner
Signs
Tripod lights on stage

**General event info**
5 Volunteers wearing Silent Majority hats and black jackets
Rally Speakers include: You (Mr. Epley) people from your organization. **Please provide a list of confirmed speakers**
No sales or donation collection
Advertising by social media and private group chats
Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
You plan to strike your event each night and setup again the next morning
Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. **Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?**

**Timeline**

**January 5, 2021**
10 am - 1:00 pm Setup of equipment
<table>
<thead>
<tr>
<th>Event Time</th>
<th>Event Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 pm - 6:00 pm</td>
<td>Rally - speeches</td>
</tr>
<tr>
<td>6 pm - 7:00 pm</td>
<td>Strike of event (removal from Mall) and dispersal of participants</td>
</tr>
</tbody>
</table>

**January 6, 2021**

<table>
<thead>
<tr>
<th>Event Time</th>
<th>Event Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>8:00 am - 12:00 pm</td>
<td>Setup of equipment</td>

Mr. Epley,

No, I saw your organization’s name as part of another rally on January 5th, so I was just curious.

Marisa
Hi Marisa,

No, I am not part of any other event or affiliated in any way. But, would it be easier to get a permit to be there instead?

Thanks

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

Columbus Plaza
Farragut Square
McPherson Square

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for
improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability.
Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.

- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

https://coronavirus.dc.gov/page/mayor%E2%80%99s-order-2020-081

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,
Marisa

[EXTERNAL] Re_ Street Closures for Tuesday and ...(1).pdf
Thank you all for the information. We have multiple vendors coming in tomorrow 1/5/21 for load out via Constitution Avenue NW beginning at 9:30 AM.

Do you have a suggestion for how we should instruct them to access the Ellipse? Is there any lane available via any entrance so that we can ensure they are able to unload their trucks?

Best,
Megan

Hello Megan,

Please standby - I have a request in to USPP to facilitate the entry of your logistical vehicles.

Marisa

You will have to work directly with NPS and USPP and enter through one of their closure points. MPD will not be taking on access control for this.

Thanks

Inspector Robert T. Glover

Thank you all for the information. We have multiple vendors coming in tomorrow 1/5/21 for load out via Constitution Avenue NW beginning at 9:30 AM.

Do you have a suggestion for how we should instruct them to access the Ellipse? Is there any lane available via any entrance so that we can ensure they are able to unload their trucks?

Best,
Megan

Hi Marisa,

Our plans will be scaled back without a stage. But, we have no plans beyond the 6th.

I realize the President is speaking at the ellipse, but that doesn’t change our plans

Thank you again for all of your help

Thanks,

James

On Mon, Jan 4, 2021 at 12:42 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay -I know this does not help with your planning. Have any of the following details changed:

**Equipment**
30 ft Trailer pulled by a pickup truck
12' x 16' Stage
Generator (located in trailer)
Small Sound system
10' x 20' tent located next to the stage
Banner
Signs
Tripod lights on stage

**General event info**
5 Volunteers wearing Silent Majority hats and black jackets
Rally Speakers include: You (Mr. Epley) people from your organization. Please provide a list of confirmed speakers

No sales or donation collection
Advertising by social media and private group chats
Not expecting to any other organizations to disrupt your demonstration

Not planning to march to the Ellipse or Capitol
You plan to strike your event each night and setup again the next morning
Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?

Timeline

**January 5, 2021**
- 10 am - 1:00 pm: Setup of equipment
- 1 pm - 6:00 pm: Rally - speeches
- 6 pm - 7:00 pm: Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm: Setup of equipment
- 12:00 pm - 6:00 pm: Rally - speeches
- 6:00 pm - 7:00 pm: Strike of equipment (removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?

Best Regards
Marisa

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result,
currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

**Columbus Plaza**  
**Farragut Square**  
**McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC“)  

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.

- Please fill out and return the attached questionnaire.
- Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
- Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)
Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,

Marisa

Hey...

I'm sorry. I'm confused lol. Did they get the mall space or will they be somewhere else tomorrow 1/5?

Sergeant Zakiyyah Mahasin
Special Events Unit, Special Forces
United States Park Police

"It is certain, in any case, that ignorance, allied with power, is the most ferocious enemy justice can have." -James Baldwin

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay -I know this does not help with your planning. Have any of the following details changed:

**Equipment**
- 30 ft Trailer pulled by a pickup truck
- 12' x 16' Stage
- Generator (located in trailer)
- Small Sound system
- 10' x 20' tent located next to the stage
- Banner
- Signs
- Tripod lights on stage

**General event info**
- 5 Volunteers wearing Silent Majority hats and black jackets
- Rally Speakers include: You (Mr. Epley) people from your organization. **Please provide a list of confirmed speakers**
- No sales or donation collection
Advertising by social media and private group chats
Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
You plan to strike your event each night and setup again the next morning
Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. **Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?**

**Timeline**

**January 5, 2021**
- 10 am - 1:00 pm: Setup of equipment
- 1 pm - 6:00 pm: Rally -speeches
- 6 pm - 7:00 pm: Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm: Setup of equipment
- 12:00 pm - 6:00 pm: Rally -speeches
- 6:00 pm - 7:00 pm: Strike of equipment (removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?

Best Regards
Marisa

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

Columbus Plaza
Farragut Square
McPherson Square
The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC”)

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to
four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.

- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,

Hey Sgt. Mahasin,

PIC relinquished the space a couple of hours ago and the event will be on the Mall at 13th Street.

Sorry for the confusion. He will not have a stage.

Subject: Re: [EXTERNAL] Re: National Park Service Permit Application 21-0271 The Silent Majority

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay - I know this does not help with your planning. Have any of the following details changed:

**Equipment**
- 30 ft Trailer pulled by a pickup truck
- 12' x 16' Stage
- Generator (located in trailer)
- Small Sound system
- 10’ x 20’ tent located next to the stage
- Banner
- Signs
- Tripod lights on stage

**General event info**
- 5 Volunteers wearing Silent Majority hats and black jackets
- Rally Speakers include: You (Mr. Epley) people from your organization. Please provide a list of confirmed speakers
- No sales or donation collection
- Advertising by social media and private group chats
- Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
- You plan to strike your event each night and setup again the next morning
- Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?

**Timeline**

**January 5, 2021**
- 10 am - 1:00 pm: Setup of equipment
- 1 pm - 6:00 pm: Rally - speeches
- 6 pm - 7:00 pm: Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm: Setup of equipment
- 12:00 pm - 6:00 pm: Rally - speeches
- 6:00 pm - 7:00 pm: Strike of equipment (removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?
Hi Marisa,

Any progress on the locations we discussed?

Thanks,
James

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.
All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

- U.S. Center for Disease Control and Prevention (“CDC”)

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.

- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor’s Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phase-two (I believe the list will be updated every two-weeks)
Phase Two | coronavirus

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay -I know this does not help with your planning. Have any of the following details changed:

**Equipment**
- 30 ft Trailer pulled by a pickup truck
- 12' x 16' Stage
- Generator (located in trailer)
- Small Sound system
- 10' x 20' tent located next to the stage
- Banner
- Signs
- Tripod lights on stage

**General event info**
- 5 Volunteers wearing Silent Majority hats and black jackets
- Rally Speakers include: You (Mr. Epley) people from your organization. Please provide a list of confirmed speakers
- No sales or donation collection
- Advertising by social media and private group chats
- Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
- You plan to strike your event each night and setup again the next morning
- Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. Do you have plans to stay beyond January 6, 2021 depending on the results from
**Congress?**

**Timeline**

**January 5, 2021**
- 10 am - 1:00 pm: Setup of equipment
- 1 pm - 6:00 pm: Rally -speeches
- 6 pm - 7:00 pm: Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm: Setup of equipment
- 12:00 pm - 6:00 pm: Rally -speeches
- 6:00 pm - 7:00 pm: Strike of equipment (removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?

Best Regards
Marisa

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

- **Columbus Plaza**
- **Farragut Square**
- **McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events
on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will
take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).

- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

Good Evening Ladies,

I wanted to make sure we were perfectly clear on the EMS assets being provided, I believe there may have been some miscommunication.

DCFEMS will provide (2) ambulances/transport units dedicated to the Ellipse for the events taking place through the day.

The other (2) transport units will be staged in separate locations in the surrounding areas.

Please contact me should you have any further questions.

Thank you!

Hi Marisa,

Our plans will be scaled back without a stage. But, we have no plans beyond the 6th.

I realize the President is speaking at the ellipse, but that doesn’t change our plans

Thank you again for all of your help

Thanks,
James

Happy New Year! Mr. Epley,
First thank you for your patience. I will have more information after 130 pm, I apologize for the delay - I know this does not help with your planning. Have any of the following details changed:

**Equipment**
- 30 ft Trailer pulled by a pickup truck
- 12’ x 16’ Stage
- Generator (located in trailer)
- Small Sound system
- 10’ x 20’ tent located next to the stage
- Banner
- Signs
- Tripod lights on stage

**General event info**
- 5 Volunteers wearing Silent Majority hats and black jackets
- Rally Speakers include: You (Mr. Epley) people from your organization. **Please provide a list of confirmed speakers**
- No sales or donation collection
- Advertising by social media and private group chats
- Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
- You plan to strike your event each night and setup again the next morning
- Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. **Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?**

**Timeline**

**January 5, 2021**
- 10 am - 1:00 pm: Setup of equipment
- 1 pm - 6:00 pm: Rally -speeches
- 6 pm - 7:00 pm: Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
- 8:00 am - 12:00 pm: Setup of equipment
- 12:00 pm - 6:00 pm: Rally -speeches
- 6:00 pm - 7:00 pm: Strike of equipment (removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?

Best Regards
Marisa

Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-
14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.

Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

**Columbus Plaza**
**Farragut Square**
**McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23,2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC”)
Please note the District has recently updated the Phase 2 guidance for public gatherings.

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to the public health pandemic.
  - Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
  - Please fill out and return the attached questionnaire.
  - Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
  - Provide a Covid-19 Mitigation Plan
- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here:https://coronavirus.dc.gov/Phasetwo (I believe the list will be updated every two-weeks)
Phase Two | coronavirus

coronavirus.dc.gov

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,
Marisa

Subject: Re: [EXTERNAL] Re: National Park Service Permit Application 21-0271 The Silent Majority

Happy New Year! Mr. Epley,

First thank you for your patience. I will have more information after 130 pm, I apologize for the delay - I know this does not help with your planning. Have any of the following details changed:

**Equipment**
30 ft Trailer pulled by a pickup truck  
12' x 16' Stage
Generator (located in trailer)
Small Sound system
10' x 20' tent located next to the stage
Banner
Signs
Tripod lights on stage

**General event info**
5 Volunteers wearing Silent Majority hats and black jackets
Rally Speakers include: You (Mr. Epley) people from your organization. **Please provide a list of confirmed speakers**
No sales or donation collection
Advertising by social media and private group chats
Not expecting to any other organizations to disrupt your demonstration

**Not planning to march to the Ellipse or Capitol**
You plan to strike your event each night and setup again the next morning
Demonstration will end at 7 pm on Wednesday, January 6 inclusive of breakdown. **Do you have plans to stay beyond January 6, 2021 depending on the results from Congress?**

**Timeline**

**January 5, 2021**
10 am - 1:00 pm  Setup of equipment
1 pm - 6:00 pm  Rally -speeches
6 pm - 7:00 pm  Strike of event (removal from Mall) and dispersal of participants

**January 6, 2021**
8:00 am - 12:00 pm  Setup of equipment
12:00 pm - 6:00 pm  Rally-speeches
6:00 pm - 7:00 pm  Strike of equipment(removal from Mall) and dispersal of participants

Do you still plan to hold a rally on January 6 with event occurring on the Ellipse, with an appearance by the President?

Best Regards
Marisa

Hi Marisa,

Any progress on the locations we discussed?

Thanks,
James

Hi Marisa,

No, I am not part of any other event or affiliated in any way. But, would it be easier to get a permit to be there instead?

Thanks

Hello Mr. Epley,

Thank you for contacting me. I do not have any updated information on the location you have requested. Are you now part of the event at Freedom Plaza on January 5?
Hi Marisa,

Any update on the permit for the 13th street area we discussed?

Thanks!

On Wed, Dec 23, 2020 at 4:43 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Mr. Epley,

My name is Marisa Richardson, I am a permit specialist with the National Mall and Memorial Parks. The National Park Service is in receipt of your application 21-0271 The Silent Majority January 5-6 2021 for the National Mall between 3rd-4th or 7th-14th Streets.

All applications are processed in order of receipt, and the use of a particular area is allocated in order of receipt.

The following applications conflict with your demonstration, the applications were submitted prior to your request for the same areas: PIC, 2021 and Architect of the Capitol for use of the National Mall between 3rd-14th Streets.
Please be aware your proposed demonstration is during the time of the Presidential Inauguration activities. The planning for the Presidential Inauguration activity is currently very fluid and information is slowly trickling in daily. As a result, currently the Mall is unavailable until the PIC finalizes their plans for the space.

The following areas are available to your organization to use January 5-6 and do not conflict with any other proposed permitted activities:

**Columbus Plaza**  
**Farragut Square**  
**McPherson Square**

The response and recovery from the effect of COVID-19 will continue to present Federal agencies with unprecedented challenges, as well as opportunities for improvement, that require clear roles and responsibilities and decision-making processes. To that end, and in accordance with the attached Record of Determination (ROD) dated November 23, 2020 (attached), the National Mall and Memorial Parks continues to permit events on all park lands under its jurisdiction.

As an event organizer it is recommended you complete an event risk assessment based on the most current public health recommendations and data available. As part of your assessment please continue to monitor the local and national community spread of COVID-19 especially if your participants are traveling from outside of the DC-Virginia-Maryland area.

If you chose to move forward with your event you are asked to provide the National Park Service with a COVID-19 Mitigation Plan to support your planned activities. You can choose to submit the plan as part of your overall medical, health and safety plan.

Your COVID-19 mitigation plan must be received by the close of business, at least 48 hours prior to the beginning of the start of your setup or event, whichever comes first. The following, are primary sources which may aid in the development of your COVID-19 mitigation plan:

U.S. Center for Disease Control and Prevention (“CDC”)  

Currently available options are as follows:

- Plan to move forward with your activity on proposed date, understanding the your event may be impacted by the federal and local governments response to
the public health pandemic.

- Review the attached planning documents to learn about the rules and requirements for conducting an activity on parkland.
- Please fill out and return the attached questionnaire.
- Based on the complexity of your activity a logistical meeting via MS Teams will be scheduled. (Please provide your date availability to meet to discuss the logistics of your event)
- Provide a Covid-19 Mitigation Plan

- If you would like to postpone your activity, permits may be rescheduled for up to four months past the original date of your activity, subject to availability. Requests for postponement should be directed to Marisa_Richardson@nps.gov and nama_permits@nps.gov.
- If you choose to cancel your permit, you may request a refund of the application processing fee, if applicable (please be advised that processing any refunds will take longer than normal due to the anticipated volume of requests and current staffing constraints AND only if your application was received prior to June 22, 2020).
- If you would like to postpone your activity for a date that is not within the four-month window, you will need to cancel your current application and re-apply (please note that applications are accepted up to one year in advance, and on a first come first-served basis).

Please see the Mayor's Order from July 27 requiring non-essential travelers from high-risk States (excluding Maryland and Virginia) to quarantine for 14 days. Please contact the DC Health Department or MPD on specific requirements and how this might impact your event.

You can find a list of the States here: https://coronavirus.dc.gov/phasetwo (I believe the list will be updated every two-weeks)

Phase Two | coronavirus

Please let me know as soon as possible how you would like to proceed with your demonstration.

Please feel free to contact me with any questions and to explore all options to include proceeding, rescheduling or cancellation based upon your risk assessment.

Best regards,
Marisa

Good Morning Marisa,

Is there a place that RGI would even be allowed to set up food trucks over on the Ellipse? I know security is going to be an issue with this event and with such short notice I am not sure they will be able to provide anything, but they are willing to try if there is a place where food trucks would be allowed to be parked. I think this may also get tricky because it is technically in Presidents Park and the superintendent there would need to sign off on the placard.

Kind Regards,

Karl Gallo

Hey Karl!
We got a call in the office today from one of the folks that is working on the permitted event on the ellipse on Wednesday.
I’m not sure I can rally anything together but we will give it a shot – major question that I would have is since we likely would only be able to get food trucks together for them is there a place they can park over there for service and are there any additional security requirements we need to keep in mind? I know when we’ve done productions on the ellipse before it’s pretty tight in terms of clearance and requirements – thanks!

I’m failing to understand how they can hold on to the permits for a space they have no intention or plan to use. I know they have no plans to use that space since they are working on the ellipse rally with Justin.

I will continue to plan for Freedom Plaza with Sylvan Theatre as a second option. I am making calls right now to attempt to clear this up. I will let someone know as soon as I can.

On Wed, Dec 30, 2020 at 1:03 PM Richardson, Marisa <Marisa_Richardson@nps.gov> wrote:

Hello Ms. Chafian,

Thank you for the amendment however Freedom Plaza is not available on January 5-6 due to another permitted activity. As of 12:00 pm today, Women for America First is not relinquishing the space for Freedom Plaza January 4-6.

Do you pursue conducting your demonstration at Sylvan Theater or withdraw your application?

Best regards
Marisa
Please amend my application to include Freedom Plaza for January 5-6, 2021.

On Wed, Dec 30, 2020 at 1:47 AM Cindy Chafian wrote:

Attached please find the document detailing the event planned for January 4-7. I understand that Freedom Plaza has two applications in front of mine, but I have been told that the Kremers have been instructed to relinquish the permits so that I can plan an event there on the 5th. You can email Amy at @gmail.com or @gmail.com. This is per Caroline Wren's instructions. This would put me in the same position as the previous events. Looking forward to talking with you at 9am.

Hello Karl,

I have copied John, Amy and USPP on this email. I don't think Food trucks would be able to park on Constitution Avenue or exactly how they will gain access to the Ellipse with the road closures. Potentially, they could enter through a USPP closure. RGI will need to provide access information today for any food trucks. The event organizer needs to have location on the flooring to park the truck and submit a new site plan.

FYI
MARCH FOR TRUMP 2021 in Washington DC on Jan 6th 2021 to #GoRight For America at 8 am at the Columbus Circle aka Union Station Plaza

Jan 6th, 2021 in Washington DC at 8 am at Columbus Circle

Get Your Tickets Here: Eventbrite Link: https://www.eventbrite.com/e/march-4-trump-2021-time-2-unite-and-goright-jan6-
tickets-134776037757

We will have speakers and a mic for freedom

If you want to speak call 919-758-0597

Join the #GoRight Movement as We Look for the #GreatAmericanRevival and #TakeBackAmerica

Join us at Columbus Circle, also known as Union Station Plaza at 8 am until Noon then we will #MARCH4Trump to the Capitol Building to Join other Rallies

Note if you want to support us we can take donations on Eventbrite or in person at the event. But not required.

Note we own the speaker equipment. We do travel to the event (over 4 hours), pay for parking (that's tricky), lug the equipment to the site to setup up (backs and feet sore), to happily have an open mic for this rally. We are completely grassroots. So please donate any amount if you can (but not required)

Now is the TIME,
DC is the PLACE!

Subject: Fw: [EXTERNAL] Weds Event Ellipse

Good Morning Marisa,

Is there a place that RGI would even be allowed to set up food trucks over on the Ellipse? I know security is going to be an issue with this event and with such short notice I am not sure
they will be able to provide anything, but they are willing to try if there is a place where food trucks would be allowed to be parked. I think this may also get tricky because it is technically in Presidents Park and the superintendent there would need to sign off on the placard.

Kind Regards,

**Karl Gallo**

Hey Karl!
We got a call in the office today from one of the folks that is working on the permitted event on the ellipse on Wednesday
I’m not sure I can rally anything together but we will give it a shot – major question that I would have is since we likely would only be able to get food trucks together for them is there a place they can park over there for service and are there any additional security requirements we need to keep in mind? I know when we’ve done productions on the ellipse before it’s pretty tight in terms of clearance and requirements – thanks!

Hello Jennifer,

I understand you have reached out to RGI about providing food trucks for your event on January 6, 2021 at the Ellipse. At this point I am not sure it is going to possible given the security perimeter. But if they can provide food trucks - the following information is needed:

1. Trucks must be parked you flooring prior to 4 am
2. Must provide vehicle access information today
3. Submit a new site plan reflecting the location of the food trucks

Marisa,

We need to increase our anticipated number of attendees to 20,000. Could you send us the information on what we need to do to amend the permit?

Jennifer Hulsey  
Women for America First
Good morning all!

Secret Service has requested that we build our attendee queuing on Constitution (between 15th and 17th. When will the street closure go into effect? We will need at least 2 hours today to build on the street and our build will take up all of the lanes.

Thank you!

Kiran

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson

Marisa, Deborah, and Robbin,

Thank you so much for your help in putting this event together!

We have some preliminary information to share with you. The documents attached are: Overall ground plan and perimeter map, a production deck -- that shows the equipment locations as well as the production tenting, and the updated pyrotechnics map for the finale fireworks display.

We are still working on some additional media and hold tent structures that will be added to plans sent later this week. We also are still waiting on detailed safety information about the tenting, heating structures, as well as if any will include heated cooking areas. We will send those over for approval this week. Our full fireworks safety plan is also forthcoming.
Please note that this is our first run and we will have additional supplementary information to send throughout the week. We look to you for guidance on our footprint. Please let us know if you have any questions or concerns about any of our plans or set dates.

**Below are our current proposed event dates:**
COVID Memorial Event: Tuesday, October 19 | Time TBD
Evening Program: Wednesday, October 20 | Time TBD

**Production Timing:** While we do not have a full production schedule for you today, we hope to have one to you before the end of the week along with the dock schedule. Below are some preliminary start dates to help your planning process:

<table>
<thead>
<tr>
<th>Production Dates (all start dates are tentative)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lincoln Retail and Gift Shop Area</td>
</tr>
<tr>
<td>West Potomac Park</td>
</tr>
<tr>
<td>Korean War Memorial</td>
</tr>
<tr>
<td>Constitution Gardens</td>
</tr>
<tr>
<td>North Gift Store Area</td>
</tr>
<tr>
<td>Washington Monument</td>
</tr>
<tr>
<td>MLK Jr. Memorial</td>
</tr>
<tr>
<td>Lincoln Memorial</td>
</tr>
<tr>
<td>Reflecting Pool</td>
</tr>
<tr>
<td>WWII Memorial</td>
</tr>
</tbody>
</table>

I also wanted to provide some additional details about the larger sites we will be using as well as ask some outstanding questions our team has:

**Washington Monument:** We have decided to proceed with having fireworks on the south side of the Washington Monument. We understand that this comes with challenges but will take your instructions on how to proceed. We have included the pyrotechnics map as it was on the call. The team is going back and making updates based on the first set of recommendations. We will send updates before the Friday deadline so please let us know if you have any additional updates.

**Washington Monument Questions:**

- Would you please detail the roads we will need closed for this particular plan and the roads we are not allowed to close? This may be a larger conversation that will need to involve the USSS, but we'd like some preliminary information.
- Does Park Police help with getting the road closures required for having fireworks in that area?

**Lincoln Memorial:** We will be using the Chamber of the Lincoln Memorial for the POTUS remarks with a light production footprint.

**Lincoln Memorial Questions:**
As of today, we are looking to have the motorcade pull in the back of the building. Are there schematics of what needs to be built to make sure he has access to the steps?
What part of this area will be able to fence off once the build starts?

Reflecting Pool: We are adding the monoliths starting on Jan 17. The monoliths will stay around the Reflecting Pool until the morning of 1/21 when they are disassembled. The monoliths will not be lit until the evening of 1/19.

Reflecting Pool Questions:
- What are we allowed to put around the Reflecting Pool to protect the monoliths?
- Will you also remind me of the path to get vehicles to the Reflecting Pool with vehicles like forklifts?
- What are we allowed to bike rack off to protect the public from heavy equipment while putting the monoliths in place?

West Potomac Park: We will be using this space as a dead case area as well as a parking area. We will have this place closed off beginning on

West Potomac Park Questions:
- I'd like to confirm that we are allowed to have cars park in the West Potomac Park area off of Independence Avenue? If not, is there a recommended place for us to instruct 75 cars to park?
- Are we allowed to bike rack off this area beginning on 1/10 or will it need to stay open?

JFK Hockey Field: The JFK Hockey Field will be used for media stand up positions. We will have a series of tents lining the hockey field. Miscellaneous gear and power drops will be distributed throughout the week.

JFK Hockey Field Questions:
- Are we allowed to fence off some or all of this area at the beginning of our build or will it need to stay open to pedestrians until the site is closed down?

MLK Monument: This monument will be used as another set for the Evening Program.

MLK Monument Questions:
- What is the latest we will know if this is at least partially available to us?
- If we shared the space with another permit holder, what does that look like?
- Have the current permit holders intimated a time of use or are they waiting on us to give a time?

Lincoln Retail and Gift Shop Area: This will be our main staging area for support tenting as
well as parking our broadcast trucks and support trailers.

**Lincoln Retail and Gift Shop Area Questions:**

- We plan to park half of our trailers and broadcast vehicles off of 23rd so that we don't have to double stack on Daniel French Drive and block bus access. Is parking trucks off of 23rd allowed beginning on 1/11? If so, what permitting is required to hold them in place until 1/21?
- Are we allowed to bike rack off this area once the tents are in place? If so, are there areas we are not allowed to close?

I'm sure I will have a dozen more questions but appreciate your willingness to help me through this process. Please add anyone with NPS to this email that I may have missed and feel free to email or call with any questions you may have.

Best,
Brie Moore

MARCH FOR TRUMP 2021 in Washington DC on Jan 6th 2021 to #GoRight For America at 8 am at the Columbus Circle aka Union Station Plaza

Jan 6th, 2021 in Washington DC at 8 am at Columbus Circle

Get Your Tickets Here: Eventbrite Link: https://www.eventbrite.com/e/march-4-trump-2021-time-2-unite-and-goright-jan6-tickets-134776037757

We will have speakers and a mic for freedom

If you want to speak call 919-758-0597

Join the #GoRight Movement as We Look for the #GreatAmericanRevival and #TakeBackAmerica

Join us at Columbus Circle, also known as Union Station Plaza at 8 am until Noon then we will #MARCH4Trump to the Capitol Building to Join other Rallies

Note if you want to support us we can take donations on Eventbrite or in person at the
event. But not required.

Note we own the speaker equipment. We do travel to the event (over 4 hours), pay for parking (that's tricky), lug the equipment to the site to setup up (backs and feet sore), to happily have an open mic for this rally. We are completely grassroots. So please donate any amount if you can (but not required)

Now is the TIME,

DC is the PLACE!

"Statistically impossible to have lost the 2020 Election. Big protest in D.C. on January 6th. Be there, will be wild!" - Donald J Trump

#Jan6th is the Deadline for Electoral Votes to be Certified or Challenged. The Purpose of all the various rallies on Jan 6th in DC is to petition congress NOT to Certify these fraudulent electoral votes.

President Trump has put out a call to ALL able-bodied Americans to TAKE ACTION and SHOW UP. Now is the time to get to DC if you can.
ANSWER THE CALL

THE WORLD IS WATCHING

Good day,

Allow me to introduce myself, I work for Mayor Giuliani who is scheduled to speak at the Save America March tomorrow, January 6th.

Please let me know what information you need from us to ensure the Mayor's vehicle and team have the proper clearance to enter the area. Additionally, if you would kindly send the route and entrance security should use for the Mayor and his vehicle.

Brian Kenzik, the Mayor's Deputy Director of Security, is CC'd here.

Thank you and we appreciate your time.

Best Wishes,

Christianne' L. Allen

(b) (6)
All:

Please see the request below from the permittee for tomorrow's event. I have been told that the Mayor has walked to events in the past, but that since his security team has asked, they wanted to know the possibility of getting his vehicle through any street closures.

I reminded the permittee that with the request to have Constitution Avenue closed between 15th & 17th Streets, that there would be no way for any vehicles to access Constitution Avenue. I also reminded the permittee that, to my knowledge, no one has indicated that there is no staff parking on the Ellipse tomorrow so that any construction of bike rack for folks to que in to get through the mags, will need to take into consideration that staff need to be able to access and depart from the Ellipse (this would also include any emergency vehicles that would need to access the Ellipse if needed.)

Just wanted to keep you all informed of what is taking place so that the best decision can be made.

To date, I do not know if the Mayor's security team is armed or not. Both Marisa and I have always maintained that any security team needs to reach out to the USPP to discuss NPS policies and procedures.

Subject: Re: [EXTERNAL] Jan 6th Go Right Organization

Ok I will fill out the application.

Basically 50 to 100 people I wouldn't expect more but if I had more sign up I would immediately let you know.

Duration would most likely be 10am until 1pm as I believe by noon the other event is starting at the Capital.

Equipment is same as before. Battery powered speakers and stands. No generator or stage.

I am interested in any free location to do this. As close to the capital as possible. I would encourage people to leave my event to go to the Capital.

Thanks
Peter Boykin

Ok I will fill out the application.

Basically 50 to 100 people I wouldn't expect more but if I had more sign up I would immediately let you know.

Duration would most likely be 10am until 1pm as I believe by noon the other event is starting at the Capital.

Equipment is same as before. Battery powered speakers and stands. No generator or stage.

I am interested in any free location to do this. As close to the capital as possible. I would encourage people to leave my event to go to the Capital.

Thanks
Peter Boykin

Is it possible to get a permit to speak at the Lincoln memorial on Jan 6th? I know most will be at the capital. I was hoping to have a meetup. Same setup I had in Oct. Battery powered speakers. What would be the quickest way if possible to do this?

Thanks
Peter Boykin

John/Katie:

Please advise if you are okay with this! While the number of vehicles that are being requested is rather large, we have done this for events like the LNCT or the annual WHEER.

Amy Dailey
Park Ranger

(202) 438-1203

Amy-

Requesting permission to park 6-8 production vehicles on the dog legs of the ellipse. The trucks are 26’ box trucks.

Approving this request will allow our production vehicles to load out tomorrow after the show and given the road closures would be very helpful to expedite breakdown and ensure crews arrive efficiently.

--

Justin Caporale

Justin:

I have forwarded your request to my Superintendent for approval.

I ask, again, to filter these requests through the NPS as this event is an NPS permitted event that POTUS is attending. We need to be able to ensure that our policies and procedures are followed and if necessary, the issued permit to be modified.

Marisa, checking in if you have a list of demonstrations scheduled for tomorrow.

Sent from my iPhone
Hi all,

Adding Jared Small, our White House Advance Lead here as well.

We would like to build out the bikerack on Constitution before midnight tonight, as we think guests may begin queuing up prior to that.

We have coordinated with USSS that the speaker drop off location will be 17th and E after entering the vehicle checkpoint at 18th and D. We are compiling the access list and I am happy to share with anyone who needs it on this distro.

Additionally, there are a number of busses coming from out of town. We are advising anyone to drop off outside the road closure zone as indicated on the attached map.

Please let me know if you have any adjustments to the above.

Best,
Megan Powers
Good morning all!

Secret Service has requested that we build our attendee queuing on Constitution (between 15th and 17th. When will the street closure go into effect? We will need at least 2 hours today to build on the street and our build will take up all of the lanes.

Thank you!

Kiran

Jefferson Drive from 3rd Street, SW to 15th Street, SW

Street Closures
On Tuesday, January 5, 2021 and Wednesday, January 6, 2021, the streets will be closed at 0600 hours. On Thursday, January 7, 2021, at approximately 0930 hours, the posts will be staffed to make closures, if necessary.

Constitution Avenue from 9th Street to 18th Street, NW
K Street from 9th Street, NW to 18th Street, NW
I Street from 9th Street, NW to 18th Street, NW
H Street from 9th Street, NW to 18th Street, NW
New York Avenue from 9th Street, NW to 15th Street, NW
New York Avenue from 17th Street, NW to 18th Street, NW
G Street from 9th Street, NW to 15th Street, NW
G Street from 17th Street, NW to 18th Street, NW
F Street from 9th Street, NW to 15th Street, NW
F Street from 17th Street, NW to 18th Street, NW
E Street from 9th Street, NW to 15th Street, NW
E Street from 17th Street, NW to 18th Street, NW
D Street from 17th Street, NW to 18th Street, NW
C Street from 17th Street, NW to 18th Street, NW
Pennsylvania Avenue, NW from 9th Street, NW to 15th Street, NW
Pennsylvania Avenue, NW from 17th Street, NW to 18th Street, NW
10th Street from Constitution Avenue, NW to L Street, NW
11th Street from Pennsylvania Avenue, NW to L Street, NW
12th Street from Constitution Avenue, NW to L Street, NW
13th Street from Pennsylvania Avenue, NW to L Street, NW
14th Street from Independence Avenue, NW to L Street, NW
15th Street from Independence Avenue, NW to L Street, NW
16th Street from H Street, NW to L Street, NW
Vermont Avenue from H Street, NW to L Street, NW
Connecticut Avenue from H Street, NW to L Street, NW
17th Street from Constitution Avenue, NW to L Street, NW
Inbound 12th Street Tunnel

On Tuesday, January 5, 2021 and Wednesday, January 6, 2021, the following streets will also be closed at the direction of the Incident Commander to accommodate
the safe movement of any demonstration. These closures will be for the “Extended Traffic Exclusionary Zone.”

- Constitution Avenue from Pennsylvania Avenue, NW to 9th Street, NW
- Pennsylvania Avenue from 3rd Street, NW to 9th Street, NW
- 9th Street from Constitution Avenue, NW to E Street, NW
- 9th Street Tunnel
- 7th Street from Independence Avenue, SW to E Street, NW
- 6th Street from Constitution Avenue, NW to E Street, NW
- 5th Street from Indiana Avenue to E Street, NW
- 4th Street from Indiana Avenue to E Street, NW
- 4th Street from Independence Avenue, SW to Pennsylvania Avenue, NW
- 3rd Street from Independence Avenue, SW to D Street, NW
- Madison Drive from 3rd Street, NW to 15th Street, NW
- Jefferson Drive from 3rd Street, SW to 15th Street, SW

For the latest information on the District Government’s response to COVID-19 (Coronavirus), please visit coronavirus.dc.gov.
Adding Chris Ambrosini, also from the WH Advance team, Joseph Routh, USSS Service Lead, and Jesse Rangel, USSS Site Lead.

We would like to get final confirmation on when we can build the bike rack on Constitution. Preferably we can do it sooner than midnight tonight because we want to control the crowdflow before individuals start lining up.

Thanks - just wanted to give you the opportunity to change the access request if this was an emergency request.

Amy

Hi Justin

Can you provide the details on the actual screen and size? Timeline of bring in the screen and most important removal -should be the first thing removed.

Re_ [EXTERNAL] LED screen(1).pdf
Hello Zac and Justin,

What time will the truck arrive and depart? Just to be clear on the location it would be in front of the hashtag not parked in the hashtag area.

I need to confirm these details before I can amend the program. would also need the vehicle information.

Our understanding is the road closes at midnight so then but since it’s going in the cut out if we can place it earlier that would be great. It’ll leave after event ends.

Hello:

Please see the attached ROD for the temporary partial closure of WMAO plaza that I worked on with Kim and Roland. I also signed it since time is short, but please let me know if you have comments and I’ll make changes and resign if necessary.

The map will be ready in the morning.

Thanks,
Jeff

Hi all,

I understand from Kim that we are expecting a prohibited items letter from USPP tonight or tomorrow morning.

As soon as I see it I will share with this group and anyone else you might ask me to do so. I’ll be up til about 1130 and will send anything I have to that point.

Thx, lisa

Subject: National Park Service Permits 21-0278 Women for America First-Amended Permit

Hello Kylie,

Please attached amended permit. Please send over your R.O.S.

Marisa E. Richardson
Park Ranger
Division of Permits Management
Thank you, Marisa.

Hope you have a wonderful night.

Best,
Kylie Jane Kremer
Executive Director, Women for America First

Attached are instructions and diagrams.

**Venue Address**

The Ellipse  
Constitution Ave NW between 15th St NW & 17th St NW  
Washington, DC 20230

**Arrival Instructions**

Please carefully review the following details and instructions to ensure smooth entry into the event:

Mr. Giuliani should enter at 18th & D and proceed to 17th & E for security screening.

If you are being driven, please send the names of anyone who will be arriving in your vehicle to Ron Holden at ronholden@bloomberg.com so they are placed on the access list. **One vehicle is permitted.** Note that this is a drop off area only, no vehicles will be able to park at 18th & D. There are several local paid parking garages west of 18th St.

Note that the area is expected to be highly congested with foot and vehicular traffic. Please leave ample time to arrive for your speaking slot.

Please see the below diagram for additional entry information. **This entrance is for the recipient only.** All guests, included Expedited Entry / VIP guests, should enter on Constitution Ave from the National Mall.

Doors Open at 7:00 AM for guests and expedited entry / VIP.

The President will speak at 11:00 AM.
Additional Information:

COVID-19 PROTOCOL

We are asking all attendees to WEAR A MASK for the duration of the event. Hand sanitizer stations will be available.

WEATHER

The weather on Wednesday, January 6th, 2021: High 46°, Low 31°; Sunshine and partly cloudy.

PROHIBITED ITEMS LIST
- Aerosols
- Alcoholic beverages
- Backpacks, bags, roller bags, suitcases bags exceeding size restrictions (12”x14”x5”)
- Balloons
- Balls
- Banners, signs, placards

Good day,

Allow me to introduce myself, I work for Mayor Giuliani who is scheduled to speak at the Save America March tomorrow, January 6th
Please let me know what information you need from us to ensure the Mayor's vehicle and team have the proper clearance to enter the area. Additionally, if you would kindly send the route and entrance security should use for the Mayor and his vehicle.

Brian Kenzik, the Mayor's Deputy Director of Security, is CC'd here.

Thank you and we appreciate your time.

Best Wishes,
Christanne' L. Allen

Hello:

Please see the attached ROD for the temporary partial closure of WMAO plaza that I worked on with Kim and Roland. I also signed it since time is short, but please let me know if you have comments and I’ll make changes and resign if necessary.

The map will be ready in the morning.

Thanks,
Jeff
I will be working on a ROD with SOL to permit closure of the WAMO plaza to everyone but ticket holders for tomorrow so USPP could enforce if necessary. I hope to have it prepared and signed by COB. I’ll send to everyone on this message plus SOL.

Jeff

Ok I will fill out the application.

Basically 50 to 100 people I wouldn't expect more but if I had more sign up I would immediately let you know.

Duration would most likely be 10am until 1pm as I believe by noon the other event is starting at the Capital.

Equipment is same as before. Battery powered speakers and stands. No generator or stage.

I am interested in any free location to do this. As close to the capital as possible. I would encourage people to leave my event to go to the Capital.

Thanks
Peter Boykin

“If you believe in a cause, be willing to stand up for that cause with a million people or by yourself.” — Otis S. Johnson
Good Evening,

I write to you with a quick update on conditions in the park after a long and at times, dark day. I will forgo comments on the events at the Capitol and focus on the park:

- Based on USPP intelligence, we decided on Tuesday to close the Washington Monument plaza today to those without tickets. Protesters gathered earlier than anticipated and came to the Monument in large numbers. USPP determined they would not be able to keep people behind the barriers and off the plaza and requested to close the Monument, which I approved. USPP decided it was safest for the recently arrived park staff to shelter in the Monument until they could more safely move through the crowd and exit the WAMO grounds.
- Although there were no threats to staff or other facilities, we closed Survey Lodge and the Eisenhower Memorial and sent all staff and volunteers home. We also sent the Permits Management staff home later in the day.
- I authorized the closure of the chambers at Lincoln Memorial and the Thomas Jefferson Memorial at the end of the day as a precaution.
- Deputy Superintendent Kennealy, Chief of Communications Litterst and I assessed conditions in the park in the late afternoon. For the most part, the area around the Ellipse looked like it does after large events. Contractors will address the trash and litter in the morning and the District is assisting with street sweeping services.
- We will assess the turf along Independence and Maine Avenues as well as the Floral Library for potential damage from a large number of illegally parked vehicles.
- No other damage was apparent. Although crowds were still at the Capitol by mid-afternoon, most people on the Mall were headed for their cars or buses.
- USPP reported at 9:00pm that the 6:00pm curfew is generally being observed and just a handful of people are in the park. Teams of approximately 20 officers are at each of the icons. More than 150 USPP officers total are patrolling the park, staged as reactionary teams, and available to assist at the Capitol.
- Deputy Superintendent Kennealy and I remain in constant contact with USPP, the regional office, WASO and DOI.

For tomorrow:

- The Washington Monument will be closed as will all other sites, concessions, etc out of an abundance of caution.
- Unless directed otherwise by your supervisor, all staff should telework to the maximum extent possible and avoid being in the park.

I’d like to extend a special thank you to the staff who logged a long day today in the blocking vehicles and to the permits team monitoring the events.

I will update you with any developments.

Jeff
Good morning.

I just got off a call with DC EOC.

Items of note are:

1. Reported that pipe bombs and a cooler with molotov cocktails were found on Capitol grounds and detonated. Be on the lookout for unidentified packages.

2. A survey of the hotels that rioters were staying, are reporting that hotel stays have been extended for an average of (1) night. It is believed that coordination for actions seen on social media prior to demonstrations on Jan. 5th & 6th, may be taking place in person instead.

3. Mayor Bowser is holding a press conference later this morning at 11:00 am.

No other relevant details currently from the District. Normal operations are resuming.

The damage to NAMA’s Plant Library Complex is extensive and far reaching; with damage yet to be realized to the unknown in bulb bloom reduction. There is damage to all components of the landscape complex, both organic and structural. These include tree critical root zones, turf, flower beds and landscape edging that define and contain them. I am unable to surmise the amount of damage done to the bulbs installed in anticipation of Spring bloom but be aware that purchase and installation costs exceeded $10,000 dollars. Therefore, even a minor to moderate amount of bulb bloom reductions leads to substantial spoilage of resources expended. It may be possible after the bloom to add additional mature tulips or substitute plants but at an exceedingly high cost due to the cost of the plants.

The following Cost of Repairs is submitted for your review and approval:

1. Air Spading for 60 impacted trees within the complex at a cost of $16,200
2. Removal, replacement, and care to hand off for impacted turf at a cost of $7,500
3. Restoration of planting beds to viability for bloom at a cost of $4,800
4. Repair of structural damage relating to bed edging at a cost of $18,780

Total anticipated costs of repairs-$47,280 in damages not considering the administrative costs of myself and others to plan, write and implement the Task Order needed for repairs.

Please note that due to my restrictions of movement from Covid quarantine I am unable to fully inspect all reported or suspected areas of damages tied directly to this event to NAMA landscape properties. It is my understanding that the WAMO grounds has extensive turf damages yet to be calculated. Therefore, expect this cost recovery assessment to substantially increase. I will be making a more thorough determination on Monday upon my return from quarantine.

Please feel free to ask any additional specifics that are needed.

Respectfully

James
Thanks for preparing this, James.

Marisa, we’ll discuss how to proceed.

Park Update on Events of January 6 -- Update In....pdf
Good Evening,

On Tuesday, I provided you with an overview and update on what happened in the park earlier that day when rioting broke out at the Capitol. I wanted to first make sure our staff and the park were secure before thinking more on the events of the day and how they relate to us and our work. Unfortunately, we’ve been consumed with monitoring intelligence reports and developing contingency plans.

Tonight I closed the Washington Monument to tours and suspended all public interpretive operations until at least January 24. This includes all roving rangers and volunteers at the Dwight D. Eisenhower Memorial. We may also implement temporary closures of parking areas, roadways and restrooms during that period as necessary to support security operations. I have asked each Division Chief to limit their staff in the park to only those who are on the Incident Management Team and members of the Facilities, Permits and Preservation teams who support security/event needs and critical functions.

I want to be clear that we do not have knowledge of a direct threat against park employees. However, we are monitoring all activity and these groups have shown a disrespect for those in uniform. More importantly, our operation in the coming days will become more constrained and more scripted as the IMT functions take over and our security posture increases. There is no reason for our staff to get caught up in any of this or for us to redirect security resources to monitoring our own employees except where completely necessary. Access will become tighter and movements more constrained, so please, work with your supervisor to maximize telework and avoid the park to the greatest extent possible. For the Facilities, Permits and Preservation teams, our security posture will increase significantly as the inauguration nears and you are likely to be surrounded by Park Police and NPS law enforcement personnel throughout your day. However, we will change your assignments immediately if the environment become less stable or the intelligence dictates.

Sincerely,
Jeff

Good Evening,

Hello Mark,

Below you will find the status of the events as requested. The most viable demonstrations are ANSWER (Robbin is meeting with them today) and DC Action Lab. PIC is now using the entire space at Freedom Plaza therefore the space is not available for DC Action Lab.

21-0004 - Let America Hear Us / Roar For Trump - Waiting for applicant to respond to emails and text.
21-0223 - New Federal State of China - Cancelled
21-0236 - 2021 KOLAM - Cancelled - moved to city property
21-0196 - National Action Network - cancelled

Leonard and Marisa,

Good morning. I hope all is going as well as possible during this crazy time.

We are getting bombarded with questions concerning the status of both permitted and non-permitted events for the next two weeks. In order to hopefully clear up some of the confusion I was wondering if you could take a look at the following four permit applications and advise of their current status and likelihood of them actually being issued. Your assistance as we move through this rough patch is extremely helpful and very much appreciated. Thanks again and stay safe and healthy!!

Sure, I can look into it.
During the permit meetings, aren’t the applicants made aware of prohibited items and advised that their permit can be revoked if they are in violation of it’s conditions?

As were many I was incensed by the January 6 destruction at the Capitol following the original rally at the White House. I noticed that those in the rally were carrying sticks, crowbars, weapons, and other dangerous items. They also apparently had alcohol. I have participated in events such as the Women’s March in 2017 and other peaceful protests and we have been prohibited from carrying signs with wood pieces or other dangerous weaponlike items. We were also checked for such items on entry to the Mall. How did this group get away with having so many dangerous weapons that were used to gain entry and ransack parts of the Capitol? I couldn’t believe my eyes when I saw what was going on. Why weren’t they better restricted and monitored? Clearly this group had more dangerous intent from the beginning than many other apparently more restricted gatherings. Please let me know.
Ok thanks.

Hello Mike,

During the permit meetings we discuss that individuals/participants should be unarmed but if an event does not have a screening process there is no way to screen for prohibited items. The Women for America First were screened entering the Ellipse by United States Secret Service. Prohibited items list are usually generated when an event is fenced with controlled entry points like the 4th of July.

Sometimes groups will post information on their websites if there is one in the case of the Women for America First the website didn’t go up until a couple of nights before with very sparse information.

I believe that's the case. Adding Marisa Richardson from the permits office who can confirm.

Sure, I can look into it. During the permit meetings, aren’t the applicants made aware of prohibited items and advised that their permit can be revoked if they are in violation of it’s conditions?

Do you want to take first crack at a response?

Mike

As were many I was incensed by the January 6 destruction at the Capitol following the original rally at the White House. I noticed that those in the rally were carrying sticks, crowbars, weapons, and other dangerous items. They also apparently had alcohol. I have participated in events such as the Women’s March in 2017 and other peaceful protests and we have been prohibited from carrying signs with wood pieces or other dangerous weaponlike items. We were also checked for such items on entry to the Mall. How did this group get away with having so many dangerous weapons that were used to gain entry and ransack parts of the Capitol? I couldn’t believe my eyes when I saw what was going on. Why weren’t they better restricted and monitored? Clearly this group had more dangerous intent from the beginning than many other apparently more restricted gatherings. Please let me know.

Thank you. One other question, this one is from Lisa.

To whom do we share the permits? What other LE groups are invited to participate in permit reviews or to receive the permit?

Hello Jeff,

We regularly share permit applications with USPP, USCP, USSS (usually shared by Presidents Park), MPD and representatives of HSEMA.

Other agencies as needed.

MPD and USCP participate in meetings as needed especially when events are cross jurisdictions.

Thanks for quick answer.

One last thing, do we usually abide by the requirement in 7.96 that we do not accept permit applications within 48 hrs of an event?

Hello,

It depends on how complex the application is and honestly it varies but we try to abide by the 48 hour time frame but also try to be customer friendly.

Equipment still on the Ellipse.pdf
All:

Please advise the National Park Service when this equipment will leave. It should have been
gone last Friday when your permit expired. The equipment is sitting in White House staff
parking (which the NPS does not permit). In addition, there are some light towers that are
sitting in the middle of the Ellipse sidewalks. You should note that your contractors no longer
have access to the park to pick any equipment up. They will need to submit an access request
to the park to gain access.

As a reminder, equipment left on site requires a permittee to have site security as a condition
of any issued permit.

In addition, the National Park Service is assessing the Ellipse to determine if any damage was
guarded to the park's resources due to your permitted activity. Should there be any damage,
you will be responsible for the repairs.

Hi Amy-

I spoke with both Sunbelt and United rentals yesterday after we spoke and stressed how important it was for this equipment to leave. The pickup date was Friday.

I apologize and am frankly shocked as these rental houses are usually quick to pick up and re-rent.

I am expecting calls back from the managers of each location after 9am at which point I expect them to provide me a concrete time when this equipment will be picked up today.

Amy,

Kylie and I were not aware that any equipment was not picked up. Justin has assured us this will be taken care of today. Please let us know if there are any other questions or concerns.

Hi Amy-

I have confirmed that Sunbelt is making their way down to the Ellipse to remove the equipment. They will park on Constitution Ave and drive the equipment from the Ellipse and onto the street to load.

I am still waiting on confirmation from United Rentals on when their light towers and scissor lift will be removed. I let them know that it must be removed today.

Again, I apologize. The original pickup dates were scheduled for Friday.

Marisa/Martin:

The park is in the process of determining the amount of turf damage that took place because of last week's demonstration.

Is there a way for Martin and Chris to send us the photo's that they took? I believe that Martin went to the top of WAMO to get before photos while Chris came after the event.

Many thanks!

The Wall Street Journal also requested copies of permits associated with the Women for America First rally last week. I would expect a similar story from them soon.

There isn't a whiff of finger pointing at us in this story, and I don't think we're in any jeopardy. If asked, I think we can respond with some form of our usual: "The permitting process for all national parks is content neutral to ensure that all Americans can exercise their Constitutional rights in these public spaces. In approving permit applications and issuing permits, the National Park Service does not consider political views, party affiliation, nor the content of the speech being made. We merely provide the venue for its delivery."

**Trump allies helped organize rally that ignited Capitol riot**

*Richard Lardner and Michelle R. Smith*

Associated Press

*Washington* – Veterans of President Donald Trump’s failed reelection campaign had key roles in orchestrating the Washington rally that spawned a deadly assault on the U.S. Capitol, according to an Associated Press review of records, undercutting the grassroots image pushed by groups involved in the event.

A pro-Trump nonprofit organization called Women for America First hosted the “Save America Rally” on Jan. 6 at the Ellipse, a federally owned patch of land near the White House. But an attachment to the permit, granted by the National Park Service, lists more than a half dozen people in staff positions who just weeks earlier had been paid thousands of dollars by Trump’s 2020 reelection campaign. Other staff scheduled to be “on site” during the protest have close ties to the White House.

Since the siege, several of them have scrambled to distance themselves from the rally.
The riot at the Capitol, incited by Trump’s comments before and during his speech at the Ellipse, has led to a reckoning unprecedented in American history.

A week later, Trump was impeached by the House of Representatives, becoming the first U.S. president to be impeached twice. But the political and legal fallout may stretch well beyond Trump, who will exit the White House before Democrat Joe Biden takes the oath of office on Wednesday. Trump had refused for nearly two months to accept his loss in the 2020 election.

Women for America First did not respond to messages seeking comment about how the event was financed and about the Trump campaign’s involvement. The rally drew tens of thousands of people.

In a statement, the Trump reelection campaign said it “did not organize, operate or finance the event.” No campaign staff members were involved in the organization or operation of the rally, according to the statement. It said that if any former employees or independent contractors for the campaign took part, “they did not do so at the direction of the Trump campaign.”

At least one was working for the Trump campaign this month. Megan Powers was listed as one of two operations managers for the Jan. 6 event. Her LinkedIn profile says she was the Trump campaign’s director of operations into January 2021. She did not respond to a message seeking comment.

The AP’s review found at least three of the Trump campaign aides named on the permit rushed to obscure their connections to the demonstration. They deactivated or locked down social media profiles and removed tweets that referenced the rally. Two blocked a reporter who asked questions.

Caroline Wren, a veteran GOP fundraiser, is named as a “VIP Advisor” on an attachment to the permit that Women for America First provided to the Park Service. Between mid-March and mid-November, Donald J. Trump for President Inc. paid Wren $20,000 a month, according to Federal Election
Commission records. During the campaign, she was a national finance consultant for Trump Victory, a joint fundraising committee.

Wren did not return messages seeking comment and locked her Twitter account after the AP reached out to her last Monday to ask her about her involvement in the rally and the tweets she had removed. Several days later, she blocked the AP reporter.

Maggie Mulvaney, a niece of former top Trump aide Mick Mulvaney, is listed on the permit attachment as the “VIP Lead.” She worked as director of finance operations for the Trump campaign, according to her LinkedIn profile. FEC records show Maggie Mulvaney was earning $5,000 every two weeks from Trump’s reelection campaign, with the most recent payment reported on November 13.

Maggie Mulvaney had taken down her Twitter account as of last Monday, although it reappeared after the AP asked her about the account’s removal. She did not respond to messages seeking comment.

In a statement issued the same day rioters attacked the Capitol, Amy Kremer, president of Women for America First, denounced the assault and said it was instigated after the rally by a “handful of bad actors,” while seeming to blame Democrats and news organizations for the riot.

The AP reviewed social media posts, voter registrations, court files and other public records for more than 120 people either facing criminal charges related to the Jan. 6 unrest or identified through photographs and videos taken during the melee.

The review found the crowd was overwhelmingly made up of longtime Trump supporters, including Republican Party officials, GOP political donors, far-right militants, white supremacists, off-duty police, members of the military and adherents of the QAnon myth that the government is secretly controlled by a cabal of Satan-worshiping pedophile cannibals.

Trump’s incendiary remarks at the Jan. 6 rally culminated a two-day series of events in Washington, organized by a coalition of the president’s
supporters who echoed his baseless accusations that the election had been stolen from him. A website, MarchtoSaveAmerica.com, sprung up to promote the pro-Trump events and alerted followers, “At 1 PM, we protest at US Capitol.” The website has been deactivated.

Kimberly Fletcher, the Moms for America president, said she wasn’t aware the Trump campaign had a role in the rally at the Ellipse until around New Year’s Day. While she didn’t work directly with the campaign, Fletcher did notice a shift in who was involved in the rally and who would be speaking.

“When I got there and I saw the size of the stage and everything, I’m like, ‘Wow, we couldn’t possibly have afforded that,’” she said. “It was a big stage. It was a very professional stage. I don’t know who was in the background or who put it together or anything.”

In addition to the large stage, the rally on the Ellipse featured a sophisticated sound system and at least three Jumbotron-style screens projecting the president’s image to the crowd. Videos posted online show Trump and his family in a nearby private tent watching the rally on monitors as music blared in the background.

Tim Unes, the founder and president of Event Strategies, was the “stage manager” for the Jan. 6 rally, according to the permit paperwork. Unes has longstanding ties to Trump, a connection he highlights on his company’s website. Trump’s presidential campaign paid Event Strategies $1.3 million in 2020 for “audio visual services,” according to the campaign finance records. The company declined to comment for this story.

Another person with close ties to the Trump administration, Hannah Salem, was the rally’s “operations manager for logistics and communications,” according to the permit paperwork. In 2017, she took a hiatus from the consulting firm she founded and spent three years as senior White House press aide, “executing the media strategy for President Trump’s most high-profile events,” according to her company bio and LinkedIn profile.

Last month, within minutes of an AP reporter sending her a LinkedIn
message asking about her involvement in and understanding of what happened Jan. 6, Salem blocked the reporter and did not respond to questions.

Unes has longstanding ties to Trump, a connection he highlights on his company’s website. Trump’s presidential campaign paid Event Strategies $1.3 million in 2020 for “audio visual services,” according to the campaign finance records. The company declined to comment for this story.

Another person with close ties to the Trump administration, Hannah Salem, was the rally’s “operations manager for logistics and communications,” according to the permit paperwork. In 2017, she took a hiatus from the consulting firm she founded and spent three years as senior White House press aide, “executing the media strategy for President Trump’s most high-profile events,” according to her company bio and LinkedIn profile.

Last month, within minutes of an AP reporter sending her a LinkedIn message asking about her involvement in and understanding of what happened Jan. 6, Salem blocked the reporter and did not respond to questions.

Agreed. It’s good that the Permits Team handles all of these with such professionalism.

The Wall Street Journal also requested copies of permits associated with the Women for America First rally last week. I would expect a similar story from them soon.

There isn't a whiff of finger pointing at us in this story, and I don't think we're in any jeopardy. If asked, I think we can respond with some form of our usual: "The permitting process for all national parks is content neutral to ensure that all Americans can exercise their Constitutional rights in these public spaces. In approving permit applications and issuing permits, the National Park Service does not consider political views, party affiliation, nor the content of the speech being made. We merely provide the venue for its delivery."

Trump allies helped organize rally that ignited Capitol riot
Richard Lardner and Michelle R. Smith
Associated Press

Washington – Veterans of President Donald Trump’s failed reelection campaign had key roles in orchestrating the Washington rally that spawned a deadly assault on the U.S. Capitol, according to an Associated Press review of records, undercutting the grassroots image pushed by groups involved in
A pro-Trump nonprofit organization called Women for America First hosted the “Save America Rally” on Jan. 6 at the Ellipse, a federally owned patch of land near the White House. But an attachment to the permit, granted by the National Park Service, lists more than a half dozen people in staff positions who just weeks earlier had been paid thousands of dollars by Trump’s 2020 reelection campaign. Other staff scheduled to be “on site” during the protest have close ties to the White House.

Since the siege, several of them have scrambled to distance themselves from the rally.

The riot at the Capitol, incited by Trump’s comments before and during his speech at the Ellipse, has led to a reckoning unprecedented in American history.

A week later, Trump was impeached by the House of Representatives, becoming the first U.S. president to be impeached twice. But the political and legal fallout may stretch well beyond Trump, who will exit the White House before Democrat Joe Biden takes the oath of office on Wednesday. Trump had refused for nearly two months to accept his loss in the 2020 election.

Women for America First did not respond to messages seeking comment about how the event was financed and about the Trump campaign’s involvement. The rally drew tens of thousands of people.

In a statement, the Trump reelection campaign said it “did not organize, operate or finance the event.” No campaign staff members were involved in the organization or operation of the rally, according to the statement. It said that if any former employees or independent contractors for the campaign took part, “they did not do so at the direction of the Trump campaign.”

At least one was working for the Trump campaign this month. Megan Powers was listed as one of two operations managers for the Jan. 6 event. Her LinkedIn profile says she was the Trump campaign’s director of...
operations into January 2021. She did not respond to a message seeking comment.

The AP’s review found at least three of the Trump campaign aides named on the permit rushed to obscure their connections to the demonstration. They deactivated or locked down social media profiles and removed tweets that referenced the rally. Two blocked a reporter who asked questions.

Caroline Wren, a veteran GOP fundraiser, is named as a “VIP Advisor” on an attachment to the permit that Women for America First provided to the Park Service. Between mid-March and mid-November, Donald J. Trump for President Inc. paid Wren $20,000 a month, according to Federal Election Commission records. During the campaign, she was a national finance consultant for Trump Victory, a joint fundraising committee.

Wren did not return messages seeking comment and locked her Twitter account after the AP reached out to her last Monday to ask her about her involvement in the rally and the tweets she had removed. Several days later, she blocked the AP reporter.

Maggie Mulvaney, a niece of former top Trump aide Mick Mulvaney, is listed on the permit attachment as the “VIP Lead.” She worked as director of finance operations for the Trump campaign, according to her LinkedIn profile. FEC records show Maggie Mulvaney was earning $5,000 every two weeks from Trump’s reelection campaign, with the most recent payment reported on November 13.

Maggie Mulvaney had taken down her Twitter account as of last Monday, although it reappeared after the AP asked her about the account’s removal. She did not respond to messages seeking comment.

In a statement issued the same day rioters attacked the Capitol, Amy Kremer, president of Women for America First, denounced the assault and said it was instigated after the rally by a “handful of bad actors,” while seeming to blame Democrats and news organizations for the riot.

The AP reviewed social media posts, voter registrations, court files and other
public records for more than 120 people either facing criminal charges related to the Jan. 6 unrest or identified through photographs and videos taken during the melee.

The review found the crowd was overwhelmingly made up of longtime Trump supporters, including Republican Party officials, GOP political donors, far-right militants, white supremacists, off-duty police, members of the military and adherents of the QAnon myth that the government is secretly controlled by a cabal of Satan-worshiping pedophile cannibals.

Trump’s incendiary remarks at the Jan. 6 rally culminated a two-day series of events in Washington, organized by a coalition of the president’s supporters who echoed his baseless accusations that the election had been stolen from him. A website, MarchtoSaveAmerica.com, sprung up to promote the pro-Trump events and alerted followers, “At 1 PM, we protest at US Capitol.” The website has been deactivated.

Kimberly Fletcher, the Moms for America president, said she wasn’t aware the Trump campaign had a role in the rally at the Ellipse until around New Year’s Day. While she didn’t work directly with the campaign, Fletcher did notice a shift in who was involved in the rally and who would be speaking.

“When I got there and I saw the size of the stage and everything, I’m like, ‘Wow, we couldn’t possibly have afforded that,’” she said. “It was a big stage. It was a very professional stage. I don’t know who was in the background or who put it together or anything.”

In addition to the large stage, the rally on the Ellipse featured a sophisticated sound system and at least three Jumbotron-style screens projecting the president’s image to the crowd. Videos posted online show Trump and his family in a nearby private tent watching the rally on monitors as music blared in the background.

Tim Unes, the founder and president of Event Strategies, was the “stage manager” for the Jan. 6 rally, according to the permit paperwork. Unes has longstanding ties to Trump, a connection he highlights on his company’s

Thanks, Mike. We can also use the existing talking point about welcoming peaceful demonstrators—noting that violence, destruction of property, or criminal activity of any kind will not be tolerated. If/as needed or helpful, you have full support of both career and political leadership to incorporate a strong statement of condemnation of the criminal activity that took place at the US Capitol.

While obviously a very different context, here is what USPP has said as of yesterday:

“In advance of the despicable acts that took place on January 6, the U.S. Park Police did bring in additional personnel. We were fully and appropriately staffed to carry out our responsibilities,” said Sgt. Roselyn Norment, a spokesperson for the department, adding that it “fulfilled all resource requests made by US Capitol Police.”

The Wall Street Journal also requested copies of permits associated with the Women for America First rally last week. I would expect a similar story from them soon.

There isn't a whiff of finger pointing at us in this story, and I don't think we're in any jeopardy.
