The branches are bare and there's a chill in the air,
but birds are around to see if we dare!

Bundle up and join us for this celebration of winter and the season's birds. First, we'll introduce winter birds during a short indoor presentation, then head outdoors to explore the Great South Bay, backdune, and beach habitats to look for resident and migratory birds.

Discover what's so special about Fire Island for the birds of winter and for you too.
