Regulations listed in this compendium are requirements in addition to those listed in Parts 1-7 of Title 36 CFR unless otherwise noted. The specific authority for this regulatory procedure is found in Section 1.5, through 1.7 of Title 36.

In addition to these regulations, the following are also provided:

Section 1.6(f) states that a list of those activities, which require a permit, must be maintained. That list appears in this document under 1.6.

As required by 1.7(b), these regulations permit requirements and written determinations shall be updated annually and made available to the public upon request.

PURPOSE

Title 36 of the Code of Federal Regulations (CFR) Chapter 1, Parks, Forest and Public Property, has been established to provide for the proper use, management, government and protection of persons, property, and natural and cultural resources under the jurisdiction of the National Park Service (NPS). {36 CFR 1.1(b)}

Regulations within 36 CFR will be utilized to fulfill the statutory purposes of units of the National Park System: to conserve scenery, natural and historic objects, wildlife and to provide for the enjoyment of these resources in a manner that will leave them unimpaired for the enjoyment of future generations. {36 CFR 1.1(b)}

Within 36 CFR the Park Superintendent has the discretionary authority to establish regulations that are more or less restrictive than a given regulation in certain instances. The Superintendent is required to compile in writing all the designations, closures, permit requirements and other restrictions imposed under discretionary authority. {36 CFR 1.7(b)}

All designations, closures, permit requirements and other restrictions are addressed in Parts 2, 3, 4, 5, 12, and 25 below under the appropriate section number and heading where they are applicable. Violations of compendium restrictions will subject a person to the same penalties for violating provisions of 36 CFR.

Superintendent's Designations, Closures, Permit Requirements and Restrictions

For the purposes of this document, Fort Donelson National Battlefield is divided into the Fort Donelson Unit in Tennessee, and the Fort Heiman Unit in Kentucky. If a section applies to an individual unit it will be identified. Otherwise the regulation applies to both units.

36 CFR PART 1 – GENERAL PROVISIONS

SECTION 1.5 – CLOSURE AND PUBLIC USE LIMITS

(a) (1) The following areas are closed to the public:

Lake Barkley Maintenance Area
Resource monitoring plots and survey sites
Historic structures, sheds, outbuildings etc. without the permission of the Superintendent or designee
Areas designated as Eagle Nesting Areas

Due to the inherent damage, destruction, and disturbance caused to plants, historic structures, features and wildlife from visitor traffic through these areas, it is necessary to close them in order to protect the resources.

The Fort Heiman Unit of Fort Donelson National Battlefield is open to public but there are limited Federal facilities and no visitor services are provided. Travel off of the current county roads is prohibited except by those individuals who retain in-holdings within the National Park Service boundary. This provision only applies to their individual properties.

(a) (2) The following activities, but not limited to the following, will be prohibited at Fort Donelson National Battlefield where use and activity may detract from the historic setting of the park:

Kite flying is prohibited in all areas of Fort Donelson National Battlefield.

Any and all types of recreational games and activities (i.e., football, baseball, Frisbees, etc.), except those authorized by Special Permit through the Superintendent or designee.

> *Due to the significant historical events which took place on the battlefield, it has been determined that recreational activities are inconsistent with the purpose for which the park was established and is to be managed.*

Horseback riding – except authorized through Special Use Permit by the Superintendent or designee to provide special event living history demonstrations involving mounted or horse drawn vehicle military maneuvers and tactics. *Even under a Special Use Permit, horse-drawn vehicles will be limited to paved roads only.*

Operation of Unmanned Aircraft is prohibited – Launching, landing, or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries of Fort Donelson National Battlefield is prohibited except as approved in writing by the superintendent.

> Definition – The term "unmanned aircraft" means a device that is used or intended to be used for flight in the air without the possibility of direct human intervention from within or on the device, and the associated operational elements and components that are required for the pilot or system operator in command to operate or control the device (such as cameras, sensors, communication links). This term includes all types of devices that meet this definition (e.g. model airplanes, quadcopters, drones) that are used for any purpose, including for recreation or commerce.

In order to protect the commemorative values of the historic landscape and insure recreational activities do not interfere with the interpretation of the historic resource, such activities must be managed. Limiting unmanned aircraft activity advances the primary preservation values found within the park's enabling legislation.

(3) The Superintendent reserves the right to temporarily close or change hours for any and all areas of the park without notice.

The park buildings, public use facilities and grounds of Fort Donelson National Battlefield will be open to visitors for recreational use during the following dates and times:

1. **Fort Donelson Visitor Center** – 8:00 a.m. to 4:30 p.m. Extended Visitor Center hours may be coordinated with the Cooperating Association (Eastern National) and the building will be posted as such during this time.

2. **Fort Donelson National Cemetery** – National Cemetery Drive will be open 7:00 a.m. to 8:00 p.m. Year-Round. Gates will close by 8:00 p.m.

3. **Fort Donelson Administration Building** (National Cemetery Lodge) – 8:00 a.m. to 4:30 p.m., Monday through Friday, except holidays or other dates designated by the Superintendent.

4. **Main Fort Donelson Tour Road** – Open 8:00 a.m. to 8:00 p.m. (Memorial Day Weekend through Labor Day) 8:00 a.m. to 6:00 p.m. (Spring Daylight Saving Time change to Memorial Day Weekend and Labor Day Weekend to Fall Standard Time change) and 8:00 a.m. to 4:30 p.m. (during Standard Time). The roads and trails remain open for pedestrian traffic from Sunrise to Sunset, as determined by the official times listed in the Tennessee Hunting and Fishing Guides, Old Farmer's Almanac, etc, and to those groups holding valid camping permits, special use permits, or volunteer event agreements. During closure periods, campers may occupy only the area designated in their permit, and are not to travel by foot, vehicle, horse, or other method beyond permit designation. This includes all interpretive living history programs, which are limited also to shelter and restroom facilities.

5. **Graves Battery Road**-- 8:00 a.m. to 8:00 p.m. (Memorial Day Weekend through Labor Day) 7:00 a.m. to 6:00 p.m. (Spring Daylight Saving Time change to Memorial Day Weekend and Labor Day Weekend to Fall Standard Time change) 8:00 a.m. to 4:30 p.m. (during Standard Time). The roads and trails remain open for pedestrian traffic from Sunrise to Sunset, as determined by the official times listed in the Tennessee Hunting and Fishing Guides, Old Farmer's Almanac, etc.

6. Other park roads and areas are open from Sunrise to Sunset, as determined by the official times listed in the Tennessee Hunting and Fishing Guides, Old Farmer's Almanac, etc. This does not apply to the Cedar Street/French's Battery park road which is normally open 24 hours, seven days per week. The Superintendent retains the authority to close this road at his or her discretion.

7. **Fort Donelson Picnic Area Restroom**s are open from Dawn to Dusk.

8. All buildings and grounds will be closed on Thanksgiving, Christmas Day, and New Year's Day.

9. Parking at the Buckner's Final Defense tour stop will be limited to 30 minutes to allow all those following the park tour route an opportunity to safely park and visit the interpretive markers.

Use of this small 3-space parking lot is often filled with persons using the "rope swing area," located on adjacent Corps of Engineers property. Excessive, long-term use of these limited spaces for this non-park activity create traffic problems on the main tour road and prevents park visitors from visiting the tour stop.

Segway use is only allowed where motorized wheelchair use is allowed, when operated by persons with disabilities (handicapped persons with substantial mobility impairments as defined in 43 CFR Part 17, Subpart E).

The closures are necessary for public safety and to protect the park's cultural, historical, and natural resources from damage, vandalism, and destruction during times when there are no personnel on duty.

Food and beverages are prohibited in the Visitor Center lobby, theatre, and museum.

The Visitor Center contains historic artifacts and paintings and it has been determined that damage from spilled food and beverages pose an unacceptable risk to the resources and visitor satisfaction with the facility.

Pets are prohibited within the Dover Hotel unless accompanying persons with disabilities (handicapped persons with substantial mobility impairments as defined in 43 CFR Part 17, Subpart E).

The Dover Hotel may be as temporary housing for volunteers, employees, or researchers and in order to protect employees who may have allergies or related medical conditions triggered by exposure to pets and to protect furnishings it has been determined necessary to close the area to pets.
