

Come Volunteer

At Frederick Douglass National Historic Site

Do you want to give back to the park that gives you so much? Have you ever thought of volunteering your time and talent to the National Park Service (NPS)? Become a steward of the park by joining the VIP (Volunteers-In-Parks) program at the Frederick Douglass National Historic Site (NHS) a site within the NPS today. Volunteers are essential in helping the NPS connect visitors to America's national treasures.

Frederick Douglass NHS mission is to preserve and protect the national and international significant of the park's history by educating visitors and the general public about the contributions of Americans serving our country, protesting for their rights and celebrating American traditions. Frederick Douglass NHS is looking for that special volunteer that likes interacting with people from all over the world; a volunteer that would like to meet their fellow Americans and people from outside the U.S.

This volunteer would help manage the Visitor Center operations, assist with tours to the home, help youth to earn their Jr. Ranger badge, and assist with educational programs. Volunteering at Frederick Douglass NHS gives you an opportunity to meet other volunteers and make new friends. Come join us and be a part of the puzzle that creates a big picture.

Volunteers must be physically able to do the job agreed upon. Youth under the age of 18 may be VIPs provided they have the written consent of their parent or guardian. Your company or organizations can volunteer as a group for special events or adopt an area of the park to take care of; if you have the time we have a place for you! A shirt and a hat will be given to be worn while serving as a volunteer at the Frederick Douglass NHS.
