

## 2014 Internship

### Health and Safety in the Park (Audio/Visual/Technology)

**Description:** Looking for tech savvy individuals to join the Safety Management Team in Gateway. Interns increase public awareness about park health and safety protocol through development of electronic media. Candidates should have experience with digital camera work and photography as well as non-linear editing systems (Adobe Premiere, Final Cut, Avid). Project is based at the Park Headquarters building in Staten Island.

#### Assignments include:

- Review and update current training materials.
- Research and create smartphone app (coding skills helpful).
- Create storyboard and video segments for orientation manual.
- Create short training videos.
- You will receive CPR/AED training and Certification as part of the Internship.
- 

#### Requirements:

- Valid NY State Drivers License.
- Candidates must have ability to communicate effectively in English.
- Must have proof of U.S. Citizenship.
- Wear NPS Volunteer Uniform.
- Perform clerical duties.
- Perform field duties.
- Knowledge of computer coding.
- Knowledge of video editing.
- Positive Mental Attitude.

**Commitment:** 16 hours/week or more, Monday-Friday

**Location:** Park Headquarters is at Fort Wadsworth on Staten Island (near Bay Street, under Verrazano Bridge). Field patrol may take you to other parts of the park: Staten Island, Brooklyn and Queens (Jamaica Bay), and Sandy Hook in New Jersey.

**To Apply:** Send applications to [Eugene\\_kuziw@nps.gov](mailto:Eugene_kuziw@nps.gov)
