Phased Approach Communication Plan

GOALS

PARK'S GOALS & OBJECTIVES

1. Our objective is to save historic buildings and the corresponding historic landscape, and to create a newly revived community at Fort Hancock that will serve the needs of park visitors, the local communities, and breathe life back into a national historic landmark.
2. While time is of the essence in saving these buildings, a thoughtful phased approach (pilot project) is most sustainable in the long run and will guide future development.
3. The pilot project will sustain the existing excitement and hopefully encourage others to make a unique investment.

COMMUNICATION PLAN GOALS
