GIS-Specific

[Federal Geographic Data Committee](#)

FGDC is an interagency committee that promotes the coordinated development, use, sharing, and dissemination of geospatial data on a national basis.

[DOI Enterprise Geographic Information Management](#)

In 2002, the Enterprise GIS workgroup was established to address DOI Enterprise GIS budgets, contracts, planning, training and outreach.

Enterprise GIS (EGIS) is a strategic objective with multiple dimensions. The vision and essence of the DOI Enterprise GIS initiative is to allow people to access, examine, and analyze geographically-referenced information, and to do so in an easier and more uniform fashion than is currently possible.

[National Park Service GIS Program](#)

NPS GIS Program portal for data and information, outreach, constants, and other information available to the public.
