

NDOP Steering Committee Meeting, October 7-9, 2008, Boulder, Colorado

Action Items

- Action: Mark Eaton will post the announcement for the Regional Data Summit.
- Action: Geoff Gabbott: Should the IFTN Hosting and Archiving Subcommittee look into the issue of a Web Mapping Service being able to provide only a representation of the data, rather than enabling the user to access the data directly? (see presentation: NAIP/NAPP Web Map Services for Agency Programs.)
- Action: Bruce Ogden will find out the slope of the study area in Alaska.
- Action: Would the SPOT Image data work within NED because of DTM requirement? Jim Mauck will look into this issue to see if special requirements could be made for Alaska.
- Action: NDOP members – please get comments on the Acquisition Management draft guidelines back to Geoff Gabbott by October 24, 2008.
- Action: David Davis: Schedule October 1 draft, December 31 final – The draft document will be put on NDOP web site.
- Action: Tony – Find out about Ground Control in Alaska and send the information to the NDOP committee.
- Action: Anne O'Connor will check on whether the Census Bureau is collecting control points along the Alaska pipeline. The Census Bureau is not collecting control points along the Alaska pipeline. Rather, the comment that Randy Fusaro made at the CRSSP meeting was that the control points used for the Alaska imagery collected for the Census Bureau was made available along with the imagery.
- Action: Garth Olson will get raw imagery and elevation cost information for Alaska to Jim Mauck.
- Action: George Lee: Schedule a presentation on the USGS orthoimagery Graphics program and vertical integration at the next NDOP Steering Committee Meeting .
- Action: Geoff Gabbott or Shirley Hall: Schedule a DEMO on the ERDAS/FS technology at the November USDA meeting in Salt Lake City.
- Action: George Lee will schedule an NDOP teleconference in January.
- Action: Shirley Hall and Anne O'Connor: Take existing NDOP documents (Business Plan) for governance and add concepts from today's discussion.
- Action: Steering Committee will review this document when available.
- Action: Anne O'Connor: NDOP Report for last five years: What is NDOP? History of NAIP and High-res programs.
 - Action: Shirley Hall and Geoff Gabbott– get NAIP history to Anne including state participation by November 14, 2008.
 - Action: Jim Mauck and Bill Nellis – get High Res history to Anne by November 14, 2008.
 - Action: BLM, USFS, NRCS, Census, FEMA - Cost avoidance from each agency by November 14, 2008.
 - Action: Tony and Russ: Technical analysis examples by November 14, 2008.
 - Action: All – improvements in quality of imagery over the years by November 14, 2008.
