

Student Resource: Birds of Glacier Bay

Directions: Below you will find pictures of some of the birds found from time to time in Glacier Bay National Park. The pictures will help you as you research to learn more about these birds. When you present your skits in "Bird-ese" you could create simple costumes based on the plumage of the birds represented in the skit.

Arctic Tern

Marbled Murrelet

Horned Puffins

Tufted Puffin

Black-legged Kittiwake

Glaucous-winged Gull

Pigeon Guillemont

Common Murre

Parasitic Jaeger

Kittlitz's Murrelet

Pelagic Cormorant

Red necked Phalarope

White-winged Scoters

Semipalmated Plover

Mew Gull

Spotted Sandpiper

Black Oystercatcher

Harlequin Duck
