5. FEES**(a) Adjustment of Franchise Fee**

(1) The Concessioner or the Director may request, in the event that either considers that extraordinary, unanticipated changes have occurred after the effective date of this Contract, a reconsideration and possible subsequent adjustment of the franchise fee established in this section. For the purposes of this section, the phrase "extraordinary, unanticipated changes" will mean extraordinary, unanticipated changes from the conditions existing or reasonably anticipated before the effective date of this Contract which have or will significantly affect the probable value of the privileges granted to the Concessioner by this Contract. For the purposes of this section, the phrase "probable value" means a reasonable opportunity for net profit in relation to capital invested and the obligations of this Contract.

Such a request for arbitration must be made by mailing written notice to the other party within fifteen (15) days of the expiration of the sixty (60) day period.
- (6) Within thirty (30) days of receipt of such a written notice, the Concessioner and the Director will each select an arbiter. These two arbiters, within thirty (30) days of selection, must agree to the selection of a third arbiter to complete the arbitration panel. Such procedures must provide each party a fair and equal opportunity to present its position on the matter to the arbitration panel.
- (7) The arbitration panel will consider the written submissions and any oral presentations made by the Concessioner and the Director and provide its decision on an adjusted franchise fee (up, down or unchanged) that is consistent with the probable value of the privileges granted by this Contract within sixty (60) days of the presentations.
- (8) Any adjustment to the franchise fee resulting from this section will be prospective only.
- (9) Any adjustment to the franchise fee will be embodied in an amendment to this Contract.
- (10) During the pendency of the process described in this section, the Concessioner will continue to make the established franchise fee payments required by this Contract.

The Concessioner must also give the Director immediate notice of any petition or other proceeding against the Concessioner for the appointment of a trustee, receiver, or liquidator, or, the taking by any person or entity of the rights granted by this Contract or any part thereof upon execution, attachment or other process of law or equity.

For purposes of the bankruptcy statutes, NPS considers that this Contract is not a lease but an executory Contract exempt from inclusion in assets of Concessioner pursuant to 11 U.S.C. 365. The Director may terminate this Contract if the Director determines that the Concessioner is unable to perform the terms of Contract due to such bankruptcy or insolvency action.

8. ADDITIONAL PROVISIONS

(b) This Contract does not grant rights or benefits of any nature to any third party.

(c) The invalidity of a specific provision of this Contract will not affect the validity of the remaining provisions of this Contract.

(d) Waiver by the Director or the Concessioner of any breach of any of the terms of this Contract by the other party will not be deemed to be a waiver or elimination of such term, nor of any subsequent breach of the same type, nor of any other term of the Contract. The subsequent acceptance of any payment of money or other performance required by this Contract will not be deemed to be a waiver of any preceding breach of any term of the Contract.

(e) No member of, or delegate to, Congress or Resident Commissioner will be admitted to any share or part of this Contract or to any benefit that may arise from this Contract but this restriction will not be construed to extend to this Contract if made with a corporation or company for its general benefit.

(f) This Contract is subject to the provisions of 2 C.F.R. Part 1400, as applicable, concerning nonprocurement debarment and suspension. The Director may recommend that the Concessioner be debarred or suspended in accordance with the requirements and procedures described in those regulations, as they are effective now or may be revised in the future.

(g) Nothing contained in this Contract shall be construed as binding the Director to expend, in any fiscal year, any sum in excess of the appropriation made by Congress for that fiscal year or administratively allocated for the subject matter of this Contract, or to involve the Director in any contract or other obligation for the future expenditure of money in excess of such appropriations.

Any deviation or use outside of a nominative context must be approved by the Director.

(3) The Concessioner will not sublicense, assign, pledge, grant or otherwise encumber to any third party all or any part of its rights or duties under this Contract in whole or in part without the prior written consent from the Director, which consent the Director may grant or withhold in its sole and absolute discretion. No handicapped person shall, because a Concessioner's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity receiving Federal financial assistance or conducted by any Executive agency or by the U.S. Postal Service.

- (1) Season. The season is defined from May 1 through September 30 each year, resulting in a total Tour Vessel Use Days of 306.
- (2) The Concessioner has 102 Initial Tour Vessel Use Days. *[Transmittal Letter]*
- (3) Initial Tour Vessel Use Days will be scheduled during a scheduling meeting, see Section H), below.
- (4) The Concessioner must annually use a minimum of 80% of its Initial Tour Vessel Use Days. If a Concessioner fails to do so, the Service will permanently revoke 20% of its Initial Tour Vessel Use Days prior to the next operating season and put those days in the Relinquished/Revoked Vessel Use Day Pool. The Concessioner will have the opportunity, along with other eligible Concessioners, to request Vessel Use Days from the Relinquished/Revoked Tour Vessel Use Day Pool through the process described in Section I below.
- (5) For any subsequent operating season where the Concessioner fails to use a minimum of 80% of its current (i.e., reduced) Initial Vessel Use Days, the Service will revoke an additional 20% of its remaining Initial Vessel Use Days.

H) Tour Vessel Use Day Schedule

- (1) By March 1 of each year, the Service will manage and lead a scheduling meeting to set the Tour Vessel Use Day schedule. At this meeting, Concessioner, together with all other tour vessel concessioners, will schedule its Tour Vessel Use Days to actual calendar days for the following season (i.e., by March 1, 2016 for the 2017 season).
 - (a) The Concessioner must participate. The meeting may be held in person or offer remote participation.
 - (b) The Service will determine and notify the Concessioner of the exact date and location of the meeting by January 15 of each year.
 - (c) Each year, during the meeting, the Concessioner, together with all other tour vessel concessioners, must schedule its Initial Tour Vessel Use Days, minus any of its revoked Tour Vessel Use Days. The Concessioner must also schedule Tour Vessel Use Days acquired from the Relinquished/Revoked Tour Vessel Use Day Pool during this meeting. See Section I below for more information on the Relinquished/Revoked Tour Vessel Use Day Pool.
 - (d) Prior to the scheduling meeting, if the Concessioner knows it will not use all of its Initial Tour Vessel Use Days during the upcoming season, it must notify the Service in writing of the number of Tour Vessel Use Days it will relinquish. The relinquishing of these Tour Vessel Use Days prior to the scheduling meeting will not permanently reduce the Concessioner's Initial Tour Vessel Use Days except as specified in Section 4(G)(4).
- (2) The Service will manage the scheduling process in the following manner:
 - (a) At the beginning of the scheduling meeting for the first year of the Contract, all Concessioners holding a tour vessel contract will be selected by random drawing to determine the order in which they must schedule their Initial Tour Vessel Use Days. There will be one slot for each Concessioner awarded a tour vessel contract.
 - (b) Each subsequent year, the original random order will adjust one slot, with the concessioner holding the first slot moving to the end of the order and each remaining concessioner moving one slot up. (For example, if Concessioner A holds Slot 1 after the random drawing for scheduling the 2016 season, Concessioner A will move down to the last slot for scheduling the 2017 season. If Concessioner B held Slot 2 after the random drawing for scheduling the 2016 season, Concessioner B will move to Slot 1 for scheduling the 2017 season and then to the last slot for 2018.)

- (c) The selection of calendar days will occur in Rounds. In Round One of the Tour Vessel Use Day Scheduling, each concessioner, during its turn, will schedule 5% of its Initial Tour Vessel Use Days less any Relinquished/Revoked Tour Vessel Use Days. (For example, if Concessioner A has 65 Initial Tour Vessel Use Days and has relinquished 5 of those Use Days, it will schedule 5% of 60, or 3 Tour Vessel Use Days.)
- In applying 5% to the Initial Tour Vessel Use Days less Relinquished/Revoked Tour Vessel Use Days, the following rounding rule will apply: any fraction of a Use Day under .50 will be rounded down to the nearest whole number; any fraction of a Use Day above .50 will be rounded up to the nearest whole number; any fraction of a Use Day that equals .50 will be rounded up to the nearest whole number.
 - Any fraction of a Use Day under one will be rounded up to one.
- (d) After all concessioners have had an opportunity to schedule the first 5% of their Initial Tour Vessel Use Days, the Service will return to the top of the random order list and move on to Round 2 of scheduling, and, like Round 1, each Concessioner, in turn, will schedule 5% of its Initial Tour Vessel Use Days less any Relinquished/Revoked Tour Vessel Use Days. Scheduling will continue in this manner until either all of the Initial Tour Vessel Use Days for each Concessioner have been scheduled or the remaining Initial Tour Vessel Use Days have been relinquished.
- (e) Concessioner must operate in the Area according to the schedule set during the scheduling meeting, unless the schedule is modified by the Service due to cancellations described below.
- (3) If the Concessioner chooses not to schedule all of its Initial Tour Vessel Use Days at the scheduling meeting, the Concessioner must relinquish the remaining unscheduled Initial Tour Vessel Use Days to the Relinquished/Revoked Tour Vessel Use Days Pool. Tour Vessel Use Days the Concessioner agrees to relinquish during scheduling are not considered a permanent reduction of a Concessioner's Initial Tour Vessel Use Days.

I) Relinquished/Revoked Tour Vessel Use Days Pool

- (1) Relinquished/Revoked Tour Vessel Use Day Pool, Relinquished Tour Vessel Use Days, and Revoked Tour Vessel Use Days are defined in this document at Section 2, Definitions, of this Operating Plan.
- (2) When a concessioner relinquishes any of its Initial Tour Vessel Use Days, the Relinquished Tour Vessel Use Days will be added to the Relinquished/Revoked Tour Vessel Use Days Pool
- (3) Permanently revoked Tour Vessel Use Days will remain in the Relinquished/Revoked Tour Vessel Use Days Pool for the remainder of the Contract term.
- (4) Process for offering concessioners Relinquished/Revoked Tour Vessel Use Days.
 - (a) The Service will use the same order described in Section H(2), above to offer concessioners Tour Vessel Use Days from the Relinquished/Revoked Tour Vessel Use Days Pool.
 - (b) There is no limit to the number of Tour Vessel Use Days that a concessioner may annually receive from the Relinquished/Revoked Tour Vessel Use Day Pool.
- (5) Process for scheduling Relinquished/Revoked Tour Vessel Use Days. The same order and process described in Section H(2) above for the Tour Vessel Use Day schedule will be used to schedule Tour Vessel Use Days from the Relinquished/Revoked Tour Vessel Use Days Pool, except Relinquished/Revoked Tour Vessel Use Days from the Relinquished/Revoked Tour Vessel Use Day Pool will be scheduled one Tour Vessel Use Day at a time instead of 5% of the Initial Tour Vessel Use Days. The scheduling will occur at the annual meeting after the Initial Tour Vessel Use Days have been scheduled,

J) Cancellation of Scheduled Tour Vessel Use Days

- (1) The Concessioner must notify the Area's concessions office of any cancellations of scheduled Tour Vessel Use Days, both Initial Tour Vessel Use Days and any from the Relinquished/Revoked

- Tour Vessel Use Days Pool as early as possible, but no less than 48 hours before scheduled to enter Glacier Bay.
- (2) If the Concessioner fails to notify the Area's concessions office of a cancelled Initial Tour Vessel Use Day or Relinquished/Revoked Tour Vessel Use Day prior to 48 hours before it is scheduled to enter Glacier Bay Proper, the Service will permanently revoke one Initial Tour Vessel Use Day from the Concessioner for each cancelled Tour Vessel Use Day of which it failed to notify the concession office. The Service may restore a permanently revoked Tour Vessel Use Day if it determines that the failure to use the Tour Vessel Use Day resulted from circumstances beyond the Concessioner's control. The Concessioner must inform the Service in writing as soon as it becomes aware of the circumstances that preclude use of the scheduled Tour Vessel Use Day.
 - (3) The Service will offer unscheduled Relinquished/Revoked Tour Vessel Use Days and cancelled scheduled Tour Vessel Use Days to tour vessel concessioners using the same selection order from the most recent scheduling meeting. Each Concessioner is offered one cancelled Tour Vessel Use Day at a time.

K) Tour Vessel Operations

- (1) Operating Requirements
 - (a) The Concessioner will take appropriate precautions to insure that its vessel's wake will not injure a visitor or cause damage to other vessels or the Bartlett Cove Public Use Dock.
 - (b) When traveling within ½ mile of a shoreline and overtaking another vessel or kayak in the water or on shore, Concessioner vessels should be slowed to a speed that will reduce the impact of their wake on the smaller vessel. The overtaking vessel should pass offshore of the other vessel or kayak (and not travel between vessel and shoreline).
 - (c) When a Concessioner vessel is overtaking a Service cruise-ship transfer vessel, the captain will radio the Service transfer vessel and coordinate a course that will minimize potential conflict. During a cruise ship transfer, concessioner vessels should avoid creating a wake that could endanger boarding personnel.
 - (d) Vessel operators of all Concession vessels will report all sightings of injured, entangled, or dead marine mammals by marine band radio to KWM 20 Bartlett Cove.
 - (e) The Concessioner will not cache or store materials, supplies, or equipment of any type at any location in the Area.
 - (f) When a Park Ranger is on board, the Concessioner will hold a team meeting with its key staff and the Park Ranger to review and plan itinerary elements and timing, discuss updates on temporary restrictions and share information regarding the Area. *[PSF1(a)]*
 - (g) The Concessioner will, to the greatest extent possible, use laundry service at a port rather than on the vessel. Guests will be encouraged to reuse towels. *[PSF1(b)]*
 - (h) The Concessioner will maintain its formal partnership with the Monterey Bay Aquarium Seafood Watch program and remain committed to sourcing and serving only seafood caught or farmed in ocean-friendly ways. *[PSF1(b)]*
 - (i) The Concessioner will provide reusable, stainless steel water bottles for guest use throughout the duration of the trip. *[PSF1(b)]*
 - (j) The Concessioner will install and use refillable wall-mounted shampoo, conditioner and soap dispensers on all of its vessels. *[PSF1(b)]*
 - (k) The Concessioner will provide either a one-day itinerary or a two-day itinerary for its guests. The two-day itinerary will include all stops from the one-day itinerary and add a full day anchor for expeditions at Lamplugh, Berg Bay, Geike or Bear Track. *[PSF2(a)]*
 - (l) To minimize waste the Concessioner will provide passengers pictures of their voyage via internet rather than providing other forms of media, such as USB. *[SSF1]*
- (2) Vessel Requirements. The Concessioner must obtain Service approval of the vessel prior to its use. The vessel must meet all Applicable Laws, including but not limited to, the following.

- (a) All vessels operating in Glacier Bay National Park & Preserve must comply with Area regulations about vessel operations. These regulations are available on the Area’s website at <http://www.nps.gov/glba/parknews/glacier-bay-national-park-vessel-management-plan-regulations.htm>
 - (b) The Concessioner must submit to the Service within 60 days of the effective date of the Contract, the vessel specification form provided as an attachment to this Operating Plan. No tour vessel may enter Glacier Bay without an approved vessel specification form.

 - The Concessioner must notify the Service of modifications to previously approved tour vessels and submit an updated vessel specification form. The Concessioner must submit the updated vessel specification form to the Service for approval at least 30 days before the expected use date of the vessel.

 - (i) Not discharge wastewater into the Service operated wastewater treatment plant at Bartlett Cove without the written approval of the Service.
 - (j) Have a bilge monitoring system that prevents discharge of oil or oily water, except in an emergency.
 - (k) By the end of calendar year 2017, the Concessioner will replace older Type II MSD units aboard the Wilderness Adventurer and Discoverer with systems that meet or exceed current regulatory requirements. [SSF1]
- (3) Underwater Noise Monitoring. For each vessel the Service approves the Concessioner to operate under this concession contract, the Concessioner must coordinate with the Service to schedule a time to run the vessel past the hydrophone at a Service-prescribed course and speed to allow the Service to make a calibrated measurement of the vessel. The Concessioner must coordinate measurement to occur during first year of the Contract and anytime a new vessel is approved for operation under this concession contract.
- (4) Service-defined minimum specifications. In addition to the above Vessel Requirements, the vessel must meet the following Service-defined minimum specifications.

(a)	Airborne Noise. Per 36 C.F.R. 3.15, a person may not operate a vessel at a noise level exceeding: (1) 75dB(A) measured utilizing test procedures applicable to vessels underway (Society of Automotive Engineers SAE—J1970); or (2) 88dB(A) measured utilizing test procedures applicable to stationary vessels underway (Society of Automotive Engineers SAE—J2005).

(d)	Wastewater. Vessel must comply with all EPA and U.S. Coast Guard requirements. At a minimum, the vessel must use U.S. Coast Guard certified Type I or II (on-board treatment) Marine Sanitation Device (MSD) and Type III (holding tanks for pump-out) (MSD).
(e)	Hull Type. Hull design that allows safe, energy-efficient travel and stands up to the rigors of Alaska and Glacier Bay environment. All vessels will be equipped with bow cameras, mounted in reinforced steel. <i>[PSF1(c)]</i>
(f)	Exterior Space. Exterior space that accommodates viewing for majority of passengers, conducive for viewing scenery, wildlife and the natural environment while vessel is underway.

- (5) The Concessioner will replace toilets in passenger crew cabins with low-volume units. The complete replacement with this style of toilet will take place by the end of 2017. *[SSF1]*
- (6) As air mattresses aboard the vessels need replacement, the Concessioner will replace with mattresses that are bamboo-based, eco-friendly material. *[SSF1]*
- (7) The Concessioner will reduce waste production aboard each of its vessels by using reusable containers for beverages to reduce the number of bottles used. *[SSF1]*
- (8) The Concessioner will make recycling a priority and take advantage of every port of call that offers recycling opportunities. *[SSF1]*
- (9) The Concessioner will complete the process of producing fuel curves for all of its vessels. *[SSF1]*

L) Interpretive Program

An approved interpretive program is a required element of the Contract. A Concessioner may elect to participate in the National Park Service Ranger Interpretive Program (on a cost recovery basis) or develop its own program. The Concessioner's program must be approved by the Service before use.

- (1) The Service will notify the Concessioner of the cost recovery rate for the first year of the Contract within 30 days of Contract award. Within 30 days of receiving that notification, the Concessioner must notify the Service if it will participate in the Service-provided Interpretive Program, and annually thereafter by October 1 of each year. If not participating in the Service-provided Interpretive Program, a presentation of the Concessioner's plan for an interpretive program must be submitted for Service approval at that time. The Service will review and provide comments on the program within 30 days. If revisions are necessary, the Concessioner will revise and re-deliver the program to the Service for approval within 14 days.
 - (a) The Concessioner will participate in the NPS Ranger Interpretive Program on a cost recovery basis. *[PSF2(b)]*
- (2) Logistics. If the Concessioner chooses to include NPS rangers onboard the vessel on a cost-recovery basis, the following logistics apply:
 - (a) Stop at Bartlett Cove upon entering Glacier Bay proper to board National Park Service Ranger. The tour vessel will stop at Bartlett Cove on departing Glacier Bay proper to disembark the Ranger(s); boarding or disembarkation of the Service Ranger at locations other than Bartlett Cove requires prior approval of the Service and may incur additional cost for transportation to the alternate location(s).
 - (b) Requests for regularly occurring alternative boarding locations and times should be submitted to the Service prior to January 1st of each year.

- (c) Provide accommodations for the Ranger while on board, including a private stateroom, crew quarters, or a shared room with an officer or crew member of the same gender for overnight trips. Other arrangements require prior Service approval. The Service Rangers(s) are to be included in passenger activities in order to maximize informal interpretive opportunities, and enhance the Glacier Bay experience;
- (d) If possible, notify the Service 3 weeks prior to arrival of any onboard specialty groups/tours (e.g. special interests, charter groups, foreign language speakers, high number of youth) in order for the Service to facilitate enhanced interpretive programming and passenger opportunities;
- (e) An example of a successful one-day itinerary using NPS rangers is included as Attachment 2 to this Operating Plan.
- (f) Concessioner will provide a central location (e.g. table in viewing lounge) to showcase a variety of hands-on displays and materials (furs, skulls, and natural history specimens) and wall space to display maps that can indicate daily route and highlights and natural history posters to enhance the visitor experience.
- (g) Safety: Appropriate Concessioner personnel must be trained in and demonstrate safe practices for vessel boarding, including cold water immersion training, radio communication training, and operational leadership. Appropriate personnel must have a minimum of Standard CPR/First Aid. Each such personnel member's safety training must be at least 24 hours in length. Job Hazard Analysis for each operation will be developed, evaluated, and closely followed.

- (3) The following criterion describes the minimum required interpretive program.
- (a) The interpretive program must include:

Vessel Captain, crew, and expedition leader will plan the day's route, itinerary, and schedule cooperatively with the interpreter to provide for the best possible passenger experience of Glacier Bay, in consideration of weather, tides, recent wildlife sightings, speed, area closures, length of daylight, and seasonal highlights.
 - An introductory short talk including a welcome and introduction to Glacier Bay National Park resources, significance, and the Service mission, and an orientation of the trip itinerary for all passengers in a main lounge;
 - Reaching the face of at least one tidewater glacier (either Margerie or Johns Hopkins/Gilman) and spend at least 30 minutes at the face in order to provide a memorable glacier experience,
 - Spending at least 15 minutes at South Marble Island for wildlife viewing opportunities;
 - For the optimal Glacier Bay experience, no conflicting onboard programming/activities (e.g. meals, orientations, specialty seminars) should be scheduled in the glacier viewing area (e.g. north of Queen Inlet northbound and south of Reid Inlet southbound) and other primary features of interest (e.g. South Marble Island and Sitakaday Narrows/Whale Waters).
 - Short talks and demonstrations related to relevant Glacier Bay National Park resources such as glaciers and glacier dynamics, marine wildlife, oceanography, etc., in lounges and/or on the deck occasionally during the day. This includes a seabird identification and natural history orientation in advance of arriving at South Marble Island.
 - The interpretive program will provide effective interpretation to diverse audiences, including foreign language speaking passengers. When applicable, a comprehensive children's program that is based on a variety of Glacier Bay's interpretive themes will be presented with appropriate activities for the application age groups (preschool through high school) and learning styles. The program includes appropriate materials and supplies to support hands-on learning. Children will also have the opportunity to participate in the Area's Junior Ranger Program.
 - Roving interactions throughout the entire day (providing informal visitor contacts) to answer visitor questions and share experiences, as well as provide orientation, information, and informal interpretive services, at wildlife sightings, glacier viewing, and other highlights in response to specific passenger questions and interests.
 - If time and weather conditions are conducive, formal presentations including audio/visual, living history, or other presentations relating the significance of Glacier Bay natural and cultural history. All images, video, and music used in such presentations will be of professional quality. Formal presentations are scheduled appropriately to not interfere with primary glacier viewing and wildlife viewing opportunities (while in the glacier viewing area or at other primary points of interest).
- (4) In support of the Interpretive Program, the vessel will be equipped with
- (a) A public address system with wireless microphone that broadcasts on both inside and outside speakers for use in the approved interpretive program. - (c) Reference materials, such as appropriate natural history field guides, and Glacier Bay specific publications.

- (5) Staffing. The interpreters must have a working knowledge of the cultural and natural history of Glacier Bay and the skills and abilities to research, prepare and present professional quality interpretive programs to diverse audiences including children, considering a variety of learning styles and adaptive methods to meet the needs of diverse audiences, including multiple cultures and foreign languages.
- (6) The approved interpretive program and interpreters' written outlines for presentations will be evaluated for its effectiveness in meeting Service mission goals.

 - (g) The Concessioner will provide internal-feed-only television in guest cabins to offer guests informational channels with relevant interpretive facts and stories, including documentaries about the park. *[PSF2(b)]*
 - (h)

M) Resource Protection

- (1) Tour vessels are prohibited from entering all wilderness waters and all other areas closed to motorized vessel traffic in the Area.
- (2) The Service authorizes tour vessels to provide off-vessel activities while meeting applicable social and resource standards.
- (3) The Concessioner will openly post and have available at all times on the bridge of each of its vessels regulatory information and guidelines including, but not limited to 36 C.F.R. 13.65, Part 13, Subpart N and the Marine Mammal Viewing Code of Conduct as published by the National Marine Fisheries Service. *[PSF1(a)]*

EXHIBIT C

ASSIGNED GOVERNMENT PERSONAL PROPERTY

Government personal property is assigned to the Concessioner for the purposes of this Contract as follows:

NONE

Approved, effective 12 Nov, 2015

By: 
Herbert C. Frost, Ph.D.
Regional Director, Alaska Region

EXHIBIT D

INSURANCE REQUIREMENTS

SEC. 1. INSURANCE REQUIREMENTS

The Concessioner shall obtain and maintain during the entire term of this Contract, at its sole cost and expense, the types and amounts of insurance coverage necessary to fulfill the obligations of the Contract. No act of the Concessioner, its agents, servants, or employees may impair any and all insurance coverage provided for the benefit of, or evidenced to the Service. The Concessioner must provide the Service with an unconditional 30-day advance notice of cancellation of coverage or policy terms on all liability and workers' compensation insurance policies.

The amounts of insurance, limits of liability, and coverage terms included are not intended as a limitation of the Concessioner's responsibility or liability under the Contract, but rather an indication as to the minimum types, amounts, and scope of insurance that the Service considers necessary to allow the operation of the concession at the Area. Nevertheless, if the Concessioner purchases insurance in addition to the limits set forth herein, the Service will receive the benefit of the additional amounts of insurance without cost to the Service.

SEC. 2. LIABILITY INSURANCE

The Concessioner must maintain the following minimum liability coverages, all of which, unless noted herein, are to be written on an occurrence form of coverage. The Concessioner may attain the limits specified below by means of supplementing the respective coverage(s) with excess or umbrella liability as explained below.

(a) Commercial General Liability

- (1) The Concessioner must obtain coverage for bodily injury, property damage, contractual liability, personal and advertising injury liability, and products and completed operations liability. The Concessioner must provide the following minimum limits of liability:

General Aggregate	\$2,000,000
Products and Completed Operations Aggregate	\$2,000,000
Per Occurrence	\$1,000,000
Personal and Advertising Injury Liability	\$1,000,000
Medical Payments	\$1,000

- (2) The liability coverages may not contain the following exclusions/limitations:

Athletic or Sports Participants
 Products/Completed Operations
 Personal and Advertising Injury exclusion or limitation
 Contractual Liability
 Total Pollution exclusion

- (3) If the policy insures more than one location, the general aggregate limit must be amended to apply separately to each location.

(b) Automobile Liability

The Concessioner must provide coverage for bodily injury and property damage arising out of the ownership, maintenance or use of "any auto," Symbol 1. Use of Symbol 7, "specifically described autos," is acceptable

when an insurer will not provide Symbol 1 because that insurer does not provide coverage for all of the Concessioner’s owned “autos.” Where there are no owned autos, the Concessioner will provide coverage for “hired autos” and “non-owned autos,” Symbols 8 and 9. Garage-keepers’ liability is to be included on a “direct” basis for all Concessioner operations handling, parking or storing automobiles owned by others for a fee.

Combined Single Limit Each Accident \$ Not applicable

(c) Excess Liability or Umbrella Liability

The Concessioner may use an Excess or Umbrella Liability policy to achieve the commercial general liability and automobile liability limits set forth above. The limit of liability under the excess policy must be in an amount that together with the subordinate policy meets the minimum limit of liability required.

The Concessioner is not required to provide excess liability or umbrella liability coverage, but may use it to supplement any insurance policies obtained to meet the minimum requirements of the Contract. If maintained, the Concessioner will provide coverage for bodily injury, property damage, personal injury, or advertising injury liability in excess of scheduled underlying insurance. In addition, coverage must be at least as broad as that provided by underlying insurance policies and the limits of underlying insurance must be sufficient to prevent any gap between such minimum limits and the attachment point of the coverage afforded under the Excess Liability or Umbrella Liability policy.

(d) Liquor Liability (not applicable)

The Concessioner must provide coverage for bodily injury and property damage including damages for care, loss of services, or loss of support arising out of the selling, serving, or furnishing of any alcoholic beverage.

Each Common Cause Limit \$ Not applicable
 Aggregate Limit \$ Not applicable

(e) Watercraft Liability (or Protection and Indemnity)

The Concessioner must provide coverage for bodily injury and property damage arising out of the use of any watercraft.

Each Occurrence Limit \$ See Chart Below

Number of Passengers	Protection and Indemnity (P&I)
Up to 29	\$1,000,000
30-99	\$2,000,000
100-149	\$3,000,000

Tower’s liability shall be maintained at the same each occurrence limit if the Concessioner tows or transports non-owned vessels by water.

(f) Environmental Impairment Liability (or Pollution Liability)

The Concessioner will provide coverage for bodily injury and property damage arising out of pollutants or contaminants on-site and off-site and for cleanup.

Each Occurrence or Each Claim Limit \$ See Chart Below
 Aggregate Limit \$ See Chart Below

Number of Passengers	Pollution Liability (Same Minimum for Each Occurrence and Aggregate Limit)
Up to 29	\$1,000,000
30-99	\$2,000,000

Each Person Limit	\$ Not applicable
Property Damage Limit	\$ Not applicable
Each Accident Limit	\$ Not applicable

The Concessioner must maintain airport liability insurance at a limit of at least \$ (Not applicable) if the Concessioner maintains landing facilities for use by third parties. Hangerkeeper's liability shall be maintained at a limit sufficient to cover the maximum estimated value of non-owned aircraft in the Concessioner's care, custody or control if the Concessioner provides aircraft storage to third parties.

(h) Professional Liability, e.g. dive instructor, massage therapist (not applicable)

The Concessioner must maintain, or cause professionals working on its behalf to maintain, professional liability insurance for all professional services provided by or on behalf of the Concessioner.

Each Occurrence Limit	\$ Not applicable
Aggregate Limit	\$ Not applicable

(i) Deductibles/Self-Insured Retentions

The Concessioner's self-insured retentions or deductibles on any of the above described liability Insurance policies (other than umbrella liability, environmental impairment liability or professional liability, if maintained) may not exceed \$5,000 without the prior written approval of the Director. Deductibles or retentions on umbrella liability, environmental impairment liability and professional liability may be up to \$25,000.

(j) Workers' Compensation and Employers' Liability

The Concessioner must obtain coverage that complies with the statutory requirements of the state(s) in which the Concessioner operates. The employer's liability limit will not be less than \$1,000,000.

If the Concessioner's operations include use of watercraft on navigable waters and employ persons in applicable positions, a Maritime Coverage Endorsement must be added to the Workers' Compensation policy, unless coverage for captain and crew is provided in a Protection and Indemnity policy.

If Concessioner operations are conducted in proximity to navigable waters and employ persons in applicable positions, United States Longshore and Harbor Workers' Compensation Act coverage must be endorsed onto the Workers' Compensation policy.

SEC. 3. INSURANCE COMPANY MINIMUM STANDARDS

All insurance companies providing the above described insurance coverages must meet the minimum standards set forth below:

- (1) All insurers for all coverages must be rated no lower than A- by the most recent edition of Best's Key Rating Guide (Property-Casualty edition), unless otherwise authorized by the Service.
- (2) All insurers for all coverages must have a Best's Financial Size Category of at least VII according to the most recent edition of Best's Key Rating Guide (Property-Casualty edition), unless otherwise authorized by the Service.

SEC. 4. THIRD PARTY INSURANCE

Concessioners entering into contracts with third parties for various services or activities that the Concessioner is not capable of providing or conducting, must ensure that each third party retained for such work maintain an insurance program that adequately covers the activity and comply with all the requirements applicable to that party's own insurance.

SEC. 5. CERTIFICATES OF INSURANCE

All certificates of insurance required by this Contract shall be completed in sufficient detail to allow easy identification of the coverages, limits, and coverage amendments that are described above. In addition, the insurance companies must be accurately listed along with their A.M. Best Identification Number ("AMB#"). The name, address, and telephone number of the issuing insurance agent or broker must be clearly shown on the certificate of insurance as well.

Due to the space limitations of most standard certificates of insurance, it is expected that an addendum will be attached to the appropriate certificate(s) in order to provide the space needed to show the required information.

In addition to providing certificates of insurance, the Concessioner, upon written request of the Director, shall provide the Director with a complete copy of any of the insurance policies (and all endorsements thereto) required herein to be maintained by the Contract including this Exhibit.

The certificate of insurance shall contain a notation by the Concessioner's insurance representative that the insurance coverage represented therein complies with the provisions of the Contract, including this Exhibit.

SEC. 6. STATUTORY LIMITS

In the event that a statutorily required limit exceeds a limit required herein, the Concessioner must maintain the higher statutorily required limit, which shall be considered as the minimum to be maintained. In the event that the statutorily required limit is less than the limits required herein, the limits required herein apply.

EXHIBIT E TRANSITION TO A NEW CONCESSIONER

SEC 1. GENERAL

The Director and the Concessioner hereby agree that, in the event of the expiration or termination of this Contract for any reason (hereinafter "Termination" for purposes of this Exhibit) and the Concessioner is not to continue the operations authorized under this Contract after the Termination Date, the Director and the Concessioner in good faith will fully cooperate with one another and with the new concessioner or concessioners selected by the Director to continue such operations ("New Concessioner" for purposes of this exhibit), to achieve an orderly transition of operations in order to avoid disruption of services to Area visitors and minimize transition expenses.

SEC. 2. COOPERATION PRIOR TO THE TERMINATION DATE

(2) Promptly following notification to the Concessioner by the Director of the selection of the New Concessioner, the Concessioner shall provide the New Concessioner with a copy of Concessioner's reservation log for visitor services as of the last day of the month prior to the selection of the New Concessioner. (2) The Concessioner shall provide the New Concessioner with access to all Concession Facilities, including "back-of-house areas". The Concessioner also shall provide the New Concessioner copies of the keys to all Concession Facilities.

(3) The Concessioner shall provide the Director and the New Concessioner full access to the books and records, licenses, and all other materials pertaining to all Concession Facilities and the Concessioner's operations in general.

(4) The Concessioner shall provide the Director and the New Concessioner with copies of all maintenance agreements, equipment leases (including short-wave radio), service contracts, and supply contracts, including

contracts for on-order merchandise (collectively "contracts"), and copies of all liquor licenses and other licenses and permits (collectively "licenses").

(5) The Concessioner shall allow the New Concessioner to solicit and interview for employment all of the concessioner's salaried and hourly employees, including seasonal employees, through a coordinated process implemented by the Concessioner.

(6) The Concessioner shall not enter into any contracts or agreements that would be binding on any Concession Facilities or concession operations in general after the Termination Date without the prior written agreement of the New Concessioner.

(d) Financial Reports

Within 30 days after receipt of the notification of the selection of the New Concessioner, The Concessioner shall provide the New Concessioner with a financial report with respect to the operation of the Concession Facilities and the Concessioner's operations in general as of the last day of the month prior to receipt of such notification. The Concessioner, thereafter, shall update such financial report on a periodic basis (but no less frequently than 30 days) until the Termination Date. Such financial report shall include, at a minimum: a balance sheet for the Concession Facilities, if any; a schedule of pending accounts payable; and a schedule of pending accounts receivable.

(e) Personal Property List

The Concessioner shall provide the New Concessioner with a complete, detailed, and well-organized list of physical inventory, supplies, and other personal property owned or leased by the Concessioner in connection with its operations under the Contract (including a list of such items that are on order) The Concessioner must provide the list to the New Concessioner within 30 days following receipt of the notification of the selection of the New Concessioner. The Concessioner, thereafter, shall update the list on a monthly basis. The Concessioner shall designate those items that the Concessioner believes are essential to maintaining the continuity of operations or the special character of the concession operations. The Concessioner shall assist the New Concessioner in reviewing and validating the list.

(f) Other Information and Reports

The Concessioner shall provide the New Concessioner with all other information and reports as would be helpful in facilitating the transition, including, without limitation, a list of maintenance records for the Concessioner's operations for the period of one year prior to notification of the selection of the New Concessioner. The Concessioner must also provide complete information on the following to the New Concessioner: utilities, including gas and electric; telephone service; water service; and specific opening and closing procedures. The Concessioner must provide all such information within 30 days after receipt of notification of the selection of the New Concessioner and update the information periodically (but no less frequently than 30 days) until the Termination Date.

(g) Other Cooperation

The Concessioner shall provide the Director and the New Concessioner with such other cooperation as reasonably may be requested.

SEC. 3. COOPERATION UPON THE TERMINATION DATE

Upon the Termination Date, the Concessioner shall undertake the following activities.

(a) Transfer of Contracts and Licenses

The Concessioner shall cooperate with the transfer or assignment of all contracts and licenses entered into by the Concessioner that the New Concessioner elects to assume.

(b) Reservation Systems

The Concessioner shall cooperate with the transfer of reservation information by:

- (i) Providing the New Concessioner with an update of the reservation log through the Termination Date;
- (ii) Disconnecting its operations from the Concessioner's centralized reservation system, if any; and
- (iii) Assisting the New Concessioner in transitioning to the New Concessioner's reservation system.

(c) Fees and Payments

No later than 10 days after the Termination Date, the Concessioner shall provide the Director with an itemized statement of all fees and payments due to the Director under the terms of the Contract as of the Termination Date, including, without limitation, all deferred, accrued, and unpaid fees and charges. The Concessioner, within 10 days of its delivery to the Director of this itemized statement, shall pay such fees and payments to the Director. The Concessioner and the Director acknowledge that adjustments may be required because of information that was not available at the time of the statement.

(d) Access to Records

The Concessioner shall make available to the Director for the Director's collection, retention, and use, copies of all books, records, licenses, permits, and other information in the Concessioner's possession or control that in the opinion of the Director are related to or necessary for orderly and continued operations of the related facilities and services, notwithstanding any other provision of this Contract to the contrary.
