

*How do I recognize evidence of geologic change in my environment?
What is the source of the Crissy Field riprap rocks?*

WHAT WE HAVE DETERMINED

What is/are the local source(s) of the Crissy Field riprap rocks? How do you know?

Inferences:

Evidence:

Where might these rocks have originally formed? – under what conditions? – evidence?

Inferences:

Evidence:

What geologic process could account for the present locations of the rock formations?

Inferences:

Evidence:
