# **Introduction**

## **Golden Gate National Recreation Area**

### **Park Description**

Golden Gate National Recreation Area (GGNRA), a unit of the National Park Service, was established by an Act of Congress on October 27, 1972. The 80,000-acre park encompasses a great diversity of cultural and natural resources in and around the Bay Area of San Francisco, California. It includes Muir Woods National Monument and Fort Point National Historic Site.

The park holds almost five million three-dimensional and documentary artifacts dating from the time before European contact to the present. They are preserved and maintained for the public by the Division of Cultural Resources and Museum Management, which includes the Park Archives and Records Center (PARC).

### **Park Archives and Records Center**

#### **Historical Note**

GGNRA and the sites within it have been collecting records since their inception. The PARC was established in 1994 to receive records and archival collections from the U.S. Army and the Presidio Army Museum after the closure of the Presidio of San Francisco as an Army base. The collections continue to grow through the donation of materials by private individuals, transfer of inactive park records by staff, and acquisition of relevant documentary materials.

#### **Scope of Collections**

The archival collections in the custody of the GGNRA document the history and activity of the various sites and groups associated with the park, described in the park's Scope of Collection Statement (2009).

The PARC contains U.S. Army and National Park Service facility records for the Presidio of San Francisco, forts and coast defense sites in the area, and various GGNRA sites. Subjects and sites documented include the United States Army (Bear Flag Revolt, Civil War, Spanish-American War, Mexican War, World War I, Army Air Service, Coast Artillery, Army medical facilities and issues, World War II, Army support during natural disasters, Viet Nam War, and Operation Desert Storm); Alcatraz Island (Army fortress, Army Disciplinary Barracks, U.S. Penitentiary, and Indian Occupation); the natural resources conservation movement resulting in the establishment of Muir Woods National Monument; agriculture in the Marin Headlands; Point Reyes Peninsula and Bolinas Lagoon areas; U.S. Lifesaving/Coast Guard Services; San Francisco Earthquake and Fire of 1906; Panama Pacific International Exposition of 1915; natural resources and environmental issues; and preservation of open space in the Bay Area. Also included in the PARC are many of the GGNRA administrative records that document the development and expansion of this park.

## **Visiting the PARC for Research**

The PARC is located in an historic brick building, formerly a cavalry stable, on the Presidio of San Francisco. Collections and archives support services are available for walk-in research during open hours or by appointment. Please contact the PARC (see below) for the current schedule of reference hours.

## **Copy Services**

Black and white photocopy services for standard and oversize materials are available on-site. Color photocopying, photographic duplication, and duplication of other media are available by special arrangement. Researchers are charged for all duplicates on a cost-recovery basis.

## **Rights and Publications**

Copies are provided under the Fair Use provisions of the Copyright Law (Title 17, U.S.C.). Researchers must complete a Permission to Publish Contract form with the Park Archivist for any other intended use of these materials (such as publication or exhibit). Researchers should consult with staff regarding their needs for commercial or public use of materials.

## **Legal Status of Holdings**

Many holdings of the PARC were acquired/transferred prior to the establishment of the archives program, and have little documentation on their provenance (source/chain of custody). All materials received after 1994 have been accessioned and documented. If provenance cannot be determined, the PARC assumes that it owns the property rights, but does not own the copyright. Staff will provide assistance, but it is the responsibility of the researcher to acquire permission from the copyright holder to cite, quote, or reproduce collection materials.

Collections developed by or for government organizations or operations are in the public domain and may be used, cited, and quoted without restriction, provided they are properly credited to the PARC. The archives contain no national security classified materials.

## **Donations to the Collections**

The PARC welcomes donations of a variety of historic materials that meet the criteria in the Scope of Collections Statement and do not duplicate existing holdings. Collections are maintained for research use in perpetuity; there is no guarantee that items will be exhibited. If you own materials that may be relevant to the themes of GGNRA and would like to deposit them in the PARC, please consult with an archivist.

## **How to Use This Finding Aid**

This document contains information on the contents and significance of an archival collection. It includes descriptive information; repository information; collection history; biographical or historical information on creators of the collection; and a container or folder list of everything in

the collection. After reviewing the finding aid, please discuss your specific needs with the archivist who will locate and retrieve the relevant materials.

### **How to Use the Collections**

Please follow all rules and regulations regarding research, the use of the research facility, and the handling of collection materials. This will protect the collections so they continue to be available for generations to come. If anything appears to be out of order or damaged, please notify a staff member.

### **Contacts**

For additional information on the use of archival collections at GGNRA, please contact the Park Archives and Records Center:

<sup>1</sup> Cover image: Interior of Presidio of San Francisco Building 220, Post Headquarters, Military Personnel Office (Golden Gate NRA, Park Archives, Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records, GOGA 38738 B84 F12).

## Provenance

The records were created and maintained by the Sixth U.S. Army and were transferred to the National Park Service (NPS) upon the deactivation of the Presidio of San Francisco (PSF) and the transfer of the Army's property to the NPS in 1994. On September 2, 1994, the National Park Service requested the release of certain records held in the custody of the U.S. Army, Directorate of Public Works that concern the facilities and resources the NPS would be managing in place of the Army. These records, with some exceptions, were released and transferred to the National Park Service in accordance with the terms of cooperative agreements, and partially consisted of the materials in this collection. The materials in this collection were transferred to the NPS Park Archives and Records Center in October of 1994 as eight U.S. Army Directorate of Public Works Operations records groups (ADPWEM-001 through ADPWEM-006 and ADPWEMS-001 through ADPWEMS-002). Their respective provenance is as follows:

- ADPWEM-001 – Master Planning Branch, PSF Bldg 283, Construction Project Files
- ADPWEM-002 – Master Planning Branch, PSF Bldg 283, Real Property Utilization Files
- ADPWEM-003 – Master Planning Branch, PSF Bldg 283, Real Property Utilization Files
- ADPWEM-004 – Master Planning Branch, PSF Bldg 283, Real Property Utilization Files
- ADPWEM-005 – Master Planning Branch, PSF Bldg 283, Real Estate and Master Planning Files
- ADPWEM-006 – Master Planning Branch, PSF Bldg 283, Real Estate and Master Planning Files
- ADPWEMS-001 – Space Management Office, PSF Bldg 283, Building Maintenance Files
- ADPWEMS-002 – Space Management Office, PSF Bldg 283, Building Maintenance and Survey Data

Note: The ADPWEM and ADPWEMS records groups were surveyed prior to the processing of this collection and some material unrelated to the Golden Gate National Recreation Area's scope was discarded or transferred. In addition, some project-specific records from the ADPWEM and ADPWEMS Army records groups were removed and processed with the U.S. Army Project Records, GOGA 37252.

## Scope and Content Note

The Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records, dating from 1849 to 1994 with bulk dates from 1955 to 1994, document the management and operations of the Master Planning Branch and Space Management Office at the Presidio of San Francisco and its sub-installations, including Fort Baker, Fort Barry, Fort Cronkhite, Fort Funston, Fort Mason, Fort Miley, Fort Point, Fort Winfield Scott, Letterman General Hospital, Letterman Army Medical Center,

Letterman Army Institute of Research, U.S. Public Health Service Hospital, various Nike Missile Sites, and multiple Bay Area Army Reserve Centers.

The records are organized into three Series: Master Planning Branch Records, Space Management Office Records, and Audio-Visual Material from the Master Planning Branch Operations. The three series are further arranged into twenty-five Subseries and two Sub-Subseries.

The records cover many topics including general U.S. Army and Presidio of San Francisco (PSF) administrative functions and guidance; U.S. Army regulations and policy; Master Planning Branch and

Golden Gate NRA, Park Archives, Sixth US Army, DPW, Master Planning Branch Records, GOGA 38738 B84 F8

Space Management Office management and operations; Military Construction Program and projects; facility, site, infrastructure, land, and space management; Army mobilization and disaster and emergency preparedness; briefings and meetings; environmental, historic preservation, and Federal Regulation compliance; transportation, traffic, and recreation; planning and coordination with non-Army groups; Base Realignment and Closure (BRAC) and the National Park Service (NPS) transition and transfer. The records include textual records, photographic media, audio cassette tapes, books, plans, maps, and blueprints.

These materials contribute to the documentation of changes, additions, and conditions of lands and structures that are now within the boundaries of the Golden Gate National Recreation Area.

The Master Planning Branch's duties included compilation and revision of all installation master plan documents as well as the completion and maintenance of accurate real property inventory and accurate tabular and graphic master plan components.<sup>2</sup> A Master Plan is an "integrated series of documents which presents in graphic, narrative, and tabular form the present (basic data) and proposed (future data) composition of existing installations."<sup>3</sup> According to the July 1963 Army Regulation 210-3, the Basic Data "components consist of the Basic Information Maps, Analysis of Existing Facilities, and Building Information Schedule," and the Future Data "components consist of the Tabulation of Existing and Required Facilities, Plans for Future Development, and

<sup>2</sup> Golden Gate NRA, Park Archives, Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records, GOGA 38738 B15 F13, FORSCOM Installation-Master Planning.

<sup>3</sup> Ibid., B2 F15, Army Regulation 210-3.

Analytical Report.”<sup>4</sup> The Presidio Master Plan was a long-range vision of the Presidio of San Francisco and its sub-installations and was presented in a series of documents with the purpose of using the existing facilities in the best possible way, maximizing returns from the operations and maintenance dollar, and providing a basis for the installation construction program.<sup>5</sup> The Presidio Master Plan’s goals and objectives included providing support to the GGNRA; long-term protection and enhancement of the historic, scenic, and recreational Presidio; and coordination and compliance with other groups including the Sierra Club, environmental groups and acts, and other regional organizations and federal regulations; and environmental protection.<sup>6</sup> The Master Planning Branch’s duties also included managing installation real estate, space assignment, and space requirements; developing new construction projects; and coordinating reports of survey.<sup>7</sup>

The Space Management Office, which was part of the Master Planning Branch, was responsible for the assignment of buildings, structures, and storage areas on the installation; physical inventory of buildings on a three year cycle; processing reports of surveys for facilities; ensuring effective utilization of assigned facilities; and coordinating mobilization efforts for their directorate.<sup>8</sup>

## **Organization and Arrangement**

The Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records are organized into three series and arranged into twenty-five subseries and two sub-subseries. Each section is arranged chronologically unless otherwise noted in the Series Description section (starting on page 15).

All of the series contain oversize material. The oversize material consists of plans, drawings, reports, and other items housed in twenty-nine oversize map folders, eight oversize flat 20x24-inch boxes (Boxes 89-96), three oversize flat 11x17-inch boxes (Boxes 97-99), one rolled tube, and one mega-map folder. The oversize material is arranged in the order it was separated from the files, i.e., in the series and box and folder order. A separation note was placed in each folder to note the original location of the item and the oversize storage location. Many of the plans are annotated.

The media in the collection is separated into two media boxes (Boxes 87-B88). The separated media includes audio cassette tapes and reel-to-reel audio recordings. The media contain recordings of Army briefings and public meetings.

- Subseries C: Audio Recordings

#### **Significance**

The Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records contain significant information regarding the long term planning and management of the

buildings, facilities, infrastructure, utilities, and lands in the Presidio of San Francisco and its sub-installations. The records provide insight into the historic management of the areas now within the boundaries of the Golden Gate National Recreation Area and will support further management and preservation of these areas. The collection documents Army life, historic buildings, and the evolving natural and cultural landscape. The files are original to the site and are not contained or duplicated elsewhere.

### Condition

Overall the records are in good and stable condition. The text files, having been working files, contain some soiled and worn documents. Some documents have residual rust marks resultant of staples or binder clips that have been removed. Some documents and oversize material have adhesive tape attached, some of which is becoming brittle. Some of the photographs have tape, permanent ink, and ball point pen ink on the front and the back. Some of the photographs are glued and/or taped to paper. Some photographs are wavy due to water damage. Photographic slides have handwritten notes in pencil and ink on the slide mount.

The oversize material was originally stored folded in the text files and therefore have many crease lines, and some have rips and tearing along these crease lines. Some of the plans are unreadable in areas due to poor replication.

## History

### *The Army at the Presidio of San Francisco*

The U.S. Army was stationed at the Presidio of San Francisco from 1846-1994, the last Army headquarters being the Sixth U.S. Army. The Presidio of San Francisco military reservation at the Golden Gate developed into the most important Army post on the Pacific Coast. Over time its armaments evolved from smooth bore cannons to modern missiles. It became the nerve center of a coastal defense system that eventually included Alcatraz and Angel Island and that reached as far north as the Marin Headlands and as far south as Fort Funston. These lands were all incorporated into the Golden Gate National Recreation Area beginning in 1972. Eventually, there were five distinct posts at the Presidio, each with its own commander: the Main Post, Fort Point, Letterman Hospital, Fort Winfield Scott, and Crissy Army Air Field. Also on the 1,491-acre reservation were a Coast Guard lifesaving station and a U.S. Public Health Service Hospital. The Presidio of San Francisco's sub-installations included Forts Baker, Barry, Cronkhite, Funston, Mason, and Miley, as well as various U.S. Army Reserve Centers throughout the San Francisco Bay Area.<sup>11</sup>

In 1972, the Presidio of San Francisco, then an active installation, was included within the boundaries of the Golden Gate National Recreation Area. In 1989, the Presidio of San Francisco was selected to close as part of the Base Realignment and Closure Act that was designed to close excess military bases. On October 1, 1994, after the post became excess to military needs, it was transferred to the National Park Service.<sup>12</sup>

### *The Master Planning Branch*

The Sixth U.S. Army Master Planning Branch was based at the Presidio of San Francisco. At the time these records were transferred to the NPS, the Master Planning Branch was under the U.S. Army Directorate of Public Works, Engineering Plans and Services Division. The Space Management Office was part of the Master Planning Branch. At different times during the Presidio of San Francisco's history, the Master Planning Branch was within various Army directorates including the Directorate of Engineering and Housing (DEH) and the Directorate of Facilities Engineering (DFAE).

## Series Description

The Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records are organized into three series and are arranged into twenty-five subseries and two sub-subseries.

### **Series I: Master Planning Branch Records**

---

<sup>11</sup> Golden Gate National Recreation Area website. "U.S. Military Period, 1846-1994." Accessed 4/3/2013, <<http://www.nps.gov/prsf/historyculture/us-military-period.htm>>.

<sup>12</sup>Ibid.

Volume: 74 linear feet  
Box Range: 1-74  
Dates: Inclusive: 1849-1994  
Bulk: 1960-1994

Note: Undated files are filed in the front of each subseries.

Arrangement: This series is arranged into 13 subseries (A-M) that are each arranged chronologically unless otherwise noted. Oversize material is separated to oversize box, folder, and rolled storage.

Description:

This series contains records created by the Sixth U.S. Army, Directorate of Public Works, Engineering Plans and Services Division, Master Planning Branch that was located in Presidio of San Francisco (PSF) Building 283. These records are Army records groups ADPWEM-001, ADPWEM-002, ADPWEM-003, ADPWEM-004, ADPWEM-005, and ADPWEM-006.

Subseries A: General Army and Presidio of San Francisco Administrative, Policy, Guidance, and Operational Records, 1952-1992

This subseries contains records relating to general Army and Presidio of San Francisco operations and policy, Army coding systems, PSF Installation Support Book, general PSF and sub-installation information, installation reports, as well as contacts and directories. This subseries also includes San Francisco Bay Area general studies, administrative supply references, and employee resources.

Subseries B: Master Planning Documents and Operational Records, 1942-1994

This subseries focuses on the general management and operations of the Master Planning Branch. The records are comprised of documents and reports produced by the Master Planning Branch including Building Information Schedules, Tabulations of Existing and Required Facilities for Long-Range Planning, Basic Information Maps, General Site Plans, Plans for Future Development, Master Plans, Analyses of Existing Facilities/Environmental Assessments, Infrastructure and Utility Plans, and other reports and annual revisions and submissions. The records also document funding, project planning, system guidance, master plan meetings, correspondence, weekly reports of branch operations, and the Master Planning Branch file code system.

Subseries C: Military Construction Program General Records, 1932-1993

This subseries is comprised of summaries, program submissions, guidance, and correspondence about the following programs: Military Construction-Army Program (MCA); Military Construction-Army Reserve Program (MCAR); Long-Range Construction Program (LRCP); Energy Conservation Investment Program (ECIP); Morale, Welfare, & Recreation Program (MWR); Nonappropriated Fund Major Construction Program (NAFMC); Capital Purchase & Minor Construction Program (CPMC); Productivity Capital Investment Programs (PCIP); and Army Family Housing (AFH). The records also contain project information including project lists, project funding, as well as project coordination, project permit

program, and requests for assistance with the San Francisco District Engineer of the U.S. Army and other organizations. Also included are litigation records regarding the Sierra Club lawsuit about the Post Office and other construction projects by the Army at the Presidio of San Francisco.

**Subseries D: Military Construction Project Records, 1942-1991**

This subseries details Army projects and Army-associated projects by the Army and Air Force Exchange Services (AAFES) and the Army Corps of Engineers. Also included are roads, highways, and parking projects as well as some non-Army managed projects that took place on military land and property. The project documents detail various types of construction and maintenance of buildings, facilities, infrastructure, utilities, and lands in the Presidio of San Francisco and its sub-installations.

**Subseries E: Facility, Site, Infrastructure, Land, and Space Management Records, 1907-1994**

This subseries is comprised of building and facility maintenance and management information including hospital management; building lists; building use; space utilization information, guidance, and surveys; facility feasibility and other studies; real property and real estate guidance, policy, and reports; boundary surveys and encroachment information; and landscaping and parking plans. The records also outline utility information about electrical and steam systems as well as mapping information including maps of PSF and its sub-installations, color code legends, maps and plans index sheet lists, and GPS mapping coordinates. The records also document population, installation strengths, and family housing status with space data and installation reports including Army Stationing and Installation Plans (ASIP) and Installation Commander Annual Real Property Utilization Survey (ICARPUS).

**Subseries F: Army Mobilization and Disaster and Emergency Preparedness Records, 1954-1990**

This subseries concentrates on mobilization construction projects, mobilization facility and site preparation, and the Mobilization Master Plan and related documents including the Table of Existing and Required Facilities for Mobilization, Mobilization Table of Distribution and Allowances, Installation Support Book, and Mobilization Expansion Plans. The records also pertain to the Army Force Modernization Facility Support Plans and security policy and guidance. The records also focus on emergency and natural disaster preparedness programs for the Presidio of San Francisco and the Letterman Army Medical Center (LAMC) including guidance documents and handbooks; earthquake preparedness; fallout shelter information; and anti-terrorism plans.

**Subseries G: Briefings, Meetings, Presentations, and Visits Records, 1946-1993**

This subseries is arranged first by general briefing informational records, and then in order chronologically by specific meeting date.

This subseries documents United States Army briefings to local organizations and governmental representatives about the Presidio of San Francisco and its sub-installations' programs and operations. Topics include the Military Construction Program (MCA); specific projects; Master Plan; Future Development Plan; litigation; base realignment and transfer; installation and land management; real property maintenance; military housing; historic preservation; environmental issues; mobilization; and Facilities Engineering instructional presentations about master planning operations. Other briefings detail coordination with the Golden Gate National Recreation Area, Doyle Drive improvement, legislation, and City of San Francisco projects. Some of the records document visits including Technical Assistance visits, conferences, and site surveys such as the Installation Land Utilization Survey.

**Subseries H: Installation Planning Board and Site Selection Committee Records, 1946-1994**

This subseries is arranged first by general meeting informational records, and then in order chronologically by specific meeting date.

This subseries is comprised of Installation Planning Board (IPB) and Site Selection Committee meeting minutes, agendas, project information, and handouts from the meetings pertaining to subjects discussed. The IPB and Site Selection Committee assisted in the development of the master plan; coordinated with nearby installations, other federal agencies, and other local agencies; ensured that plans and programs met the mission of protecting and enhancing the human environment; making maximum utilization of existing facilities, and formulating and justifying the construction program.<sup>13</sup>

**Subseries I: Environmental, Historic Preservation, and Federal Regulations Compliance Records, 1880-1992**

This subseries' environmental records document guidance regulations and procedures; environmental assessments, impact statements, and reports; compliance with National Environmental Protection Act (NEPA); energy conservation and pollution abatement; endangered species management; land and natural resources management; and environmental protection agreements. The historic preservation records pertain to National Historic Preservation Act (NHPA) compliance; the Advisory Council on Historic Preservation; the Federal Register of Historic Places; the Installation Historic Preservation Committee; correspondence with the State Historic Preservation Office (SHPO); construction project compliance decisions; guidance regulations; determinations of effect; historic structures and district surveys and reports; funding; and U.S. Army museum information. Other Federal Regulation compliance regards accessibility guidance and regulations and Executive Order implementation.

**Subseries J: Transportation, Traffic, and Recreation Records, 1911-1993**

---

<sup>13</sup> Golden Gate NRA, Park Archives, Sixth U.S. Army, Directorate of Public Works, Master Planning Branch Records, GOGA 38738 B51 F1, AR 210-20 Page 1-3.

This subseries pertains to transportation and traffic within the Presidio of San Francisco and its sub-installations including the PSF and Fort Mason railroad system; traffic and parking surveys and studies; intersection and road improvements; safety guidance; and Crissy Army Airfield management. The records also contain Golden Gate Bridge Highway and Transit District records about the Golden Gate Bridge roadway, toll crossing and plaza, parking lot, and other bridge projects. Also included are Traffic Engineering Studies and guidance handbooks by the Military Traffic Management Command (MTMC), CalTrans State Highway records, and Doyle Drive widening project and accident reports. The records also document Bay Area transportation including San Francisco Municipal Railway (MUNI) and Bay Area Rapid Transit (BART), City of San Francisco transportation planning, Oakland Army Terminal and Transfer Station, recreational travel studies, and Bay Area and Golden Gate Corridor studies.

**Subseries K: Planning and Coordination with Non-Army Groups and Organizations, 1849-1994**

This subseries details planning and coordination with local, civic governmental, and public organizations and groups including the City and County of San Francisco; Association of Bay Area Governments (ABAG); Golden Gate Bridge Highway and Transit District (GGBH&TD); San Francisco Unified School District; Marin County; State of California; San Francisco Bay Conservation and Development Commission (SFBCDC); U.S. Coast Guard; Headlands, Inc.; United States Congress; San Francisco Planning and Urban Research (SPUR); U.S. Postal Service; as well as various committees and commissions. These records include non-Army project records; space requests and use; meeting records; correspondence; reports and studies; agreements; project review; and guidance and regulations.

**Subseries L: Base Realignment and Closure (BRAC) and National Park Service (NPS) Transition and Transfer Records, 1970-1994**

This subseries details the Presidio of San Francisco's base realignment and closure and the subsequent National Park Service transition and transfer and is comprised of realignment and closure environmental impact reports; realignment proposals and alternatives; committee meeting notes; guidance regulations; and closure schedules. The NPS transition records pertain to facility use, transition team notes, and transfer of Army areas to Fort Lewis and GGNRA control.

**Subseries M: National Park Service (NPS) and Golden Gate National Recreation Area (GGNRA) Records, 1963-1993**

This subseries documents GGNRA legislation, establishment, and development; management of GGNRA lands; GGNRA archeological clearance surveys; project documents; GGNRA space utilization of the Presidio of San Francisco and its sub-installations; and NPS studies, surveys, and reports. Also included are GGNRA correspondence, public hearings, the GGNRA Citizens Advisory Commission (CAC), and interaction with People for a Golden Gate National

Recreation Area. The records also pertain to planning and coordination between the Army and the GGNRA.

## **Series II: Space Management Office Records**

Volume: 9 linear feet

Box Range: 75-83

Dates: Inclusive: 1893-1991  
Bulk: 1975-1987

Note: Undated files are filed in the front of each subseries.

Arrangement: This series is arranged into nine subseries (A-I) and two sub-subseries that are each arranged chronologically unless otherwise noted. Oversize material is separated to oversize box and folder storage.

### Description:

This series contains records created by the Sixth U.S. Army, Directorate of Public Works, Engineering Plans and Services Division, Master Planning Branch, Space Management Office located in Presidio of San Francisco (PSF) Building 283. These records are Army records groups ADPWEMS-001 and ADPWEMS-002.

**Subseries A:** General Army and Presidio of San Francisco Administrative, Policy, Guidance, and Operational Records, 1949-1991

This subseries is comprised of U.S. Army and Presidio of San Francisco general information and operations in the form of general orders, memoranda, missions, policy, reference guides, and installation reports. Also included are staff directories and organizational charts.

**Subseries B:** General Master Planning Branch Records, circa 1980-1990

This subseries is comprised of master planning documents including the Public Health Service Hospital Master Plan, Tabulation of Existing and Required Facilities, map and plan indexes, PSF Master Plan review, as well as news articles about PSF issues.

**Subseries C:** Military Construction Program and Project Records, 1978-1987

This subseries focuses on military construction project data, project meetings, and project lists, as well as work and project specifications about building and land systems.

**Subseries D:** Facility, Infrastructure, and Land Management, 1893-1991

This subseries is comprised of infrastructure and utilities plans and information; grounds maintenance and pest management records; historic preservation records about Presidio of San Francisco historic structures and properties; and PSF and its sub-installations' facility information including the Battery Dynamite Fortification Report, World War II building management, and information on U.S. Army Reserve Center (USARC) Rio Vista and Hamilton Air Force Base (HAFB).

**Subseries E: Space Utilization and Real Property Records, 1927-1990**

This subseries contains space management, building use, and space utilization data for the Presidio of San Francisco and its sub-installations. This subseries is arranged into two sub-subseries as follows:

**Sub-Subseries 1: General Space Utilization and Real Property Records, 1927-1990**

This sub-subseries documents space management and building use for the Presidio of San Francisco and its sub-installations including occupants and tenants; space requests and agreements; space management studies, area history, building lists, and space relocations. Other topics include space utilization issues; guidance; correspondence; survey reports; housing and barracks data and management; population reports and installation strengths; hazardous materials storage and removal; and real property and real estate information such as inventory and Building Information Schedules. The records also pertain to plans for the relocation of the Sixth U.S. Army from the PSF to Hamilton Air Force Base (HAFB) and the Defense Language Institute (DLI) to Oakland Army Base (OAB). Also included is specific information about PSF areas including the 500 Area, the Letterman Army Medical Center facilities in the PSF 1000 Area, and the Public Health Service Hospital facilities in the PSF 1800 Area.

**Sub-Subseries 2: Space Utilization Survey Data, 1962-1989**

This sub-subseries is arranged chronologically, and then within each year or year range by building number. If there is more than one building in a folder, then the folder is filed by the lowest building number contained in the folder.

This sub-subseries contains data from surveys of Presidio of San Francisco facilities and includes building information such as layouts, plans, building measurements and modifications, building use, and occupant information.

**Subseries F: Table of Organization and Equipment (TOE) and Table of Distribution and Allowances (TDA), 1979-1991**

This subseries is comprised of Table of Organization and Equipment (TOE) and Table of Distribution and Allowances (TDA). The Table of Organization and Equipment (TOE) is a document that prescribes the wartime mission, capabilities, organizational structure, and mission essential personnel and equipment requirements for military units. The Table of Distribution and Allowances is a type of temporary TOE that is applicable to a specific mission and is used in instances when there is no applicable TOE.

**Subseries G: Army Mobilization and Disaster and Emergency Preparedness Records, 1972-1991**

This subseries details mobilization information for the Presidio of San Francisco and its sub-installations including Parks Reserve Forces Training Facility (PRFTA), U.S. Army Reserve Centers at Fort Baker and Rio Vista, and Hamilton Air Force Base (HAFB). Mobilization is the act of assembling Reserve forces for active duty in times of war or national emergency. The records document mobilization facility information including the Tabulation of Existing and Required Facilities; military operations including Operation Desert Shield and Desert Storm; mobilization exercises including fiscal year 1988 (FY-88) Proud Scout and fiscal year 1983 (FY-83) Proud Saber; mobilization and deployment guidance, policy, and regulations. Also included is a sample mobilization packet, the mobilization plan and related projects, and mobilization unit lists. The records also contain the Presidio of San Francisco National Disaster Plan and Earthquake Handbook as well as information on emergency response.

**Subseries H: Briefings, Meetings, Presentations, and Visits Records, 1975-circa 1990**  
This subseries includes briefing narratives, presentation transparencies, maps, notes, and outlines about various topics including tenants, Presidio of San Francisco support of its sub-installations, U.S. Army Reserve Centers (USARC), PSF future development, World War II building management, Master Plan, and construction projects. The records document meeting information from the Sixth U.S. Army Civilian Advisory Council (CAC), GGNRA Citizens Advisory Commission (CAC), California Steering Committee, and the San Francisco Planning Commission.

**Subseries I: Base Realignment and Closure (BRAC) and National Park Service (NPS) Transition and Transfer Records, 1958-1981**  
This subseries retains the records' original order.

This subseries details the Presidio of San Francisco's base realignment and closure and the subsequent National Park Service transition and transfer. The records include U.S. Army guidance for base realignment as well as base realignment projects, studies, data, planning, correspondence, and funding records. The records also document community interaction and involvement during this time and coordination with the National Park Service and Golden Gate National Recreation Area, specifically the transfer of Fort Mason to the NPS. Also included are Base Realignment Task Force and Ad Hoc Committee meetings and Army briefings; reports about installation status, space utilization, manpower, and environmental impact; hospital and health services needs at Letterman Army Medical Center (LAMC) and Letterman Army Institute of Research (LAIR); and relocation alternatives including Treasure Island and Fort Ord.

### **Series III: Audio-Visual Material from the Master Planning Branch Operations**

Volume: 2.5 linear feet  
Box Range: 84-86  
Dates: Inclusive: 1867-1989

Bulk: 1950-1979

Note: Undated files are filed in the front of each subseries.

Arrangement: This series is arranged into three subseries (A-C) that are each arranged chronologically unless otherwise noted. Oversize material is separated to oversize box and folder storage.

Description:

This series contains records created by the Sixth U.S. Army, Directorate of Public Works, Engineering Plans and Services Division, Master Planning Branch and Space Management Office located in Presidio of San Francisco (PSF) Building 283. These records were part of Army records groups ADPWEM-003, ADPWEM-004, ADPWEM-006, ADPWEMS-001, and ADPWEMS-002.

Subseries A: 35mm Slides, 1867-1989

This subseries is comprised of 35mm photographic slides organized by subject: historic aerials and landscapes; aerials; landscapes; building exteriors and interiors; maps, plans, diagrams, and renderings; briefings and presentations; Army events and ceremonies; people and Army personnel; insignia and crests; as well as specific locations and unknown locations.

Subseries B: Photographs and Negatives, 1912-1989

This subseries contains various forms of photographic media documenting aerials; landscapes; building interiors and exteriors; maps and plans; construction projects; Army activities; base realignment; as well as vertical and oblique orthophotographs of the Presidio of San Francisco.

Subseries C: Audio Recordings, circa 1960-1969

This subseries is comprised of two Sound-Slide Media Disks that may contain audio recordings. The content is unknown and the disks are unreadable at the time of processing due to the lack of playback equipment. One disk is unlabeled and one is labeled "LAMC Annex Area to Rear of Old LGH HQ Bldg."

## Appendix 2

## List of Abbreviations and Acronyms

*Note: This list is not exhaustive.*

6A	Sixth Army
AAA	Anti-Aircraft Artillery
AAF	Army Air Field
AAFES	Army and Air Force Exchange Service
ABAG	Association of Bay Area Governments
ACES	Army Continuing Education System
ACHP	Advisory Council on Historic Preservation
ACS	Army Community Services
ADA	Air Defense Artillery
ADAPCP	Alcohol and Drug Abuse Prevention and Control Program
Add.	Addition
Admin.	Administration
ADP	Automatic Data Processing
ADPWEM	United States Army Directorate of Public Works Master Planning Branch under the Engineering Plans and Services Division; Army records group code
ADPWEMS	United States Army Directorate of Public Works Space Management Office under the Master Planning Branch within the Engineering Plans and Services Division; Army records group code
AE	Architectural / Engineering
AEC	Army Corps of Engineers / Army Engineer Corps
AFB	Air Force Base
AFH	Army Family Housing
AIDS	Acquired Immunodeficiency Syndrome / Acquired Immune Deficiency Syndrome
Alt.	Alternative
AMP	Army Mobilization Plan
App.	Appendix
Apps.	Applications
Apr.	April
AR	Army Regulation
ARC	Army Reserve Center
AREG	Army Regulations; Army records group code
ARLOC	Army Location
ARNG	Army National Guard / Army Reserve National Guard
ARTBASS	Army Training Battle Simulation System
ASA	Assistant Secretary of the Army
ASIP	Army Stationing and Installation Plan
ASLA	American Society of Landscape Architects
Assess.	Assessment
Assoc.	Association
Asst.	Assistant
ATM	Automated Teller Machine / Automatic Teller Machine

Aug.	August
Avail.	Availability
Ave. / Aves.	Avenue / Avenues
B	Box
B/n	Between
BART	Bay Area Rapid Transit
Batt.	Battalion
Batt.	Battery
BBC	Fort Baker, Fort Barry, and Fort Cronkhite
BBPCT	Blocking, Bracing, Packing, Crating, and Tie-Down [Mobilization]
BCDC	Bay Conservation and Development Commission
Biblios.	Bibliographies
BIM	Basic Information Map
BIS	Building Information Schedule
Bldg. / Bldgs.	Building / Buildings
Blvd.	Boulevard
BOQ	Bachelor Officers' Quarters
BP	Blueprint
Br.	Branch
BRAC	Base Realignment and Closure
BRACO	Base Realignment and Closure Office
Brks.	Barracks
Broch.	Brochure
BRTF	Base Realignment Task Force
Bull.	Bulletin
c.	Circa
ca.	Circa
CA	California
CAAF	Crissy Army Air Field
CAC	Citizen's Advisory Commission
CAC	Civilian Advisory Committee
CAC	Civilian Advisory Council
Calif.	California
CALTRANS	California Department of Transportation
CAP	Citizen's Action on the Presidio of San Francisco
CBR	Chemical / Biological / Radiological
CCC	California Conservation Corps
CERL	Construction Engineering Research Laboratory
CETA	Civilian Employment Training Activity
CF	Crissy Field
CHEMOPS	Corps of Engineers Mobilization and Operations Planning System
