At approximately 1433 hrs, January 1, 2008, I was patrolling in a marked ranger sedan adjacent to the wildlife protection area at the west end of Crissy Field beach. I observed a visitor walking eastbound on the beach with an unleashed dog. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted the visitor, Mr. [redacted], on the beach. I requested he leash his dog and he complied. [redacted] said he was unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. [redacted] was advised of the leash requirements and issued a United States Department of the Interior, National Park Service Warning Notice. Mr. [redacted] was then released.

On January 6, 2008 I was walking patrol on Ocean Beach near Stairwell #26, when I saw a man walking along the water with his dog off leash. I contacted the man who identified himself as [REDACTED] of San Francisco. I advised [REDACTED] that he had to keep his dog on a leash when he was walking on that portion of Ocean Beach because it was restricted due to it being Snowy Plover habitat. [REDACTED] said that he was unaware of that and immediately complied and placed his dog on a leash. I advised [REDACTED] that I was giving him a verbal warning, but that his name would remain on file in case he was observed in violation again. I cleared at approximately 1405 hours.

On January 6, 2008, at approximately 1320 hrs, while on foot patrol on Ocean Beach at Noriega, I observed an off-leash dog chasing birds in the dunes approximately 100' south of Noriega. The area that I observed the off-leash dog is posted that dogs must be on leash due to the presence of the Snowy Plover; a bird on the Endangered Species List. After observing the dog chase the birds for approximately 30 seconds, I observed the dog run to a Hispanic female. I observed the Hispanic female leash the dog. I observed the Hispanic female was accompanied by a Hispanic male. I approached the individuals and asked them if they were aware of the leash requirement and to advise them that I had observed their dog running after birds. The Hispanic male stated "look, do what you have to do" and "ya, we saw the signs". The Hispanic male stated he would take responsibility. The Hispanic male verbally identified himself as Ex(b)(6) with a driver's license out of Illinois. Park Dispatch indicated no record found for Ex(b)(6) out of Illinois. Ex(b)(6) then stated he had moved to Florida. Dispatch again indicated no record found. Ex(b)(6) then asked the Hispanic female to identify herself and she verbally identified herself as Ex(b)(6) with a driver's license out of Ex(b)(6). Dispatch indicated a valid license for Ex(b)(6) and the descriptors provided by dispatch matched the Hispanic female. I advised Ex(b)(6) that I would issue her the violation notice because I could not positively identify Ex(b)(6). I issued Ex(b)(6) violation notice 0893761 for 36 CFR 2.2 (a)(2), \$125.00. I also issued Ex(b)(6) a warning for 36 CFR 1.5 (f). Clear at approximately 1350 hrs.

On 01-07-08 at approximately 1147 while on patrol of the Milagra Ridge area I observed a white male, later identified as Ex(b)(6) walking his dog off leash. I notified dispatch and contacted Ex(b)(6) and advised him that he was in an area where dogs were required to be on a leash. Ex(b)(6) stated that his dog was on an electronic leash and asked if that was sufficient. I advised him that it was not and requested identification from him. I received a California Driver License that checked valid and negative for wants and warrants through park dispatch. I issued Ex(b)(6) a written warning for dog off leash and advised him of the regulations. Subject information:

On 01-07-08 at approximately 1053 while on foot patrol of the Mori Point Road I observed a white female, later identified as Ex(b)(6) walking her dog off leash. Ex(b)(6) leashed her pet when she saw me walking toward her. I contacted her and advised her that she was in an area where pets were required to be on leash at all times. She stated that she felt that she was unable to safely walk down the steep hillside when her dog was on a leash. I reminded her that I had watched her walking her dog off leash on the flat roadway, not on a steep hillside. I requested identification from Ex(b)(6) who stated that she did not have any on her. I requested her name and date of birth instead. Ex(b)(6) stated that her name was Ex(b)(6). This name was found to not be valid in the CA DMV database at park dispatch. I advised Ex(b)(6) that she needed to provide me with her accurate legal name as it appears on her drivers' license. Ex(b)(6) advised me to try her maiden name of Ex(b)(6) this too came back as no record found. I advised Ex(b)(6) that I was giving her a final chance to provide me with accurate information, and that if she failed to provide me with it I would cite her for interfering with an agency function and providing false information after I took her to building 1217 for identification. Ex(b)(6) then advised me to try using her middle name of Ex(b)(6) in place of her first name. This combination checked valid and negative for warrants through park dispatch. I issued Ex(b)(6) a verbal warning and advised her of the pet regulations and also advised her that she would be cited if she was contacted for the same violation in the future. On January 18, 2008, at 1030 hrs, while on foot patrol at Sutro Heights Park, I observed a white adult male accompanied by two off leash dogs and holding on to one leashed dog in the south section of Sutro Park. Sutro Park is a posted leash area. I asked the male if he was aware the park was a leashed area. The male stated he wasn't from the area and was not aware of the regulations. I instructed the male to leash his two off-leash dogs. The male stated the leashes were "in the car" and began to walk away. The male shouted "welcome to the terrorist state" as he was walked away. I then requested the male to stop and identify himself. The male stopped and stated his ID was in his vehicle. I asked the male to provide me with his **complete name and date of birth**. The male stated his name was Ex(b)(6) and his date of birth was Ex(b)(6). I showed the male my notepad that I had written the provided information on and asked him if the information was correct. The male stated "yes". Park Dispatch indicated no record found. I then asked the male to provide me with his correct name and date of birth. The male stated his last name was now Ex(b)(6). Dispatch indicated negative wants/warrants for Ex(b)(6) and the descriptors (Ex(b)(6)) provided by dispatch resembled the male. I asked Ex(b)(6) why he provided false information and he stated he "goes by" Ex(b)(6). Ex(b)(6) was issued violation 0893777 for 36 CFR 2.32 (a)(3)(1), MANDATORY APPEARANCE. I also issued Ex(b)(6) a warning for 36 CFR 2.15 (a)(2).

<p>On 1-19-08, at approximately 1530 hours, I was on patrol of Bunker Rd with Ranger Marin. Ranger Marin stated he saw a man feeding a coyote at the rifle range. As we approached the rifle range we observed that what Ranger Marin observed was the man's dog off leash. I observed the man, later identified as Ex(b)(6) with a bow in his hand and walking away from us. I had Ex(b)(6) put the bow down and he complied after he removed the string. I made contact with Ex(b)(6) near his vehicle, CA tag Ex(b)(6) and asked him what he was doing. Ex(b)(6) stated that he was shooting his bow parallel to the bicycle/hiking path on the range. Ex(b)(6) stated that he had lost 4 out of 5 arrows in the tall grass. I issued Ex(b)(6) citation 0893818 for Carrying a Weapon, Trap, or Net. I issued Ex(b)(6) a verbal warning for his dog off leash and returned his bow and arrow. I then released Ex(b)(6) from the scene.</p>

ITEM 7 RESULTS OF INVESTIGATION

As I approached **Ex(b)(6)** I informed her that I needed to speak with her. She informed me to wait till she placed the dogs in the car. I waited and told her that she and I had a deal that she would not use the area with the dogs. She quickly hammered back that she was not in the area and only walked along the fence line. I told her that was not the case and stated that I observed her in the restored area with her dogs. I also told her that I observed her attempt to avoid me by turning around when she was at the east end with her dogs. She denied that, stating that she always turns around at that spot. I requested her driver's license to which she told me she did not have it. I asked her did she always drive without her license. She replied, "Yes, I usually do when I come here." I got her verbal information and conducted a computer check on her and the **Ex(b)(6)** she was driving. I told her that I was issuing her a citation for the destroying plant life and reiterated that she had been given several warnings not to use the area with her dogs, to which she agreed each time. She then yelled, "Will you fucking listen to me!" I told her that there was no need to raise her voice or use foul language. She apologized and told me to let her talk. I told her once I was finished she could talk. She laughed sarcastically. The computer returned with valid driver's license and current registration. I then issued citation # 0895445 for 36 CFR 2.1(a)1(i), destroying plant life. I cleared at 0938 hours

Previous contacts are as follows:

First contact with **Ex(b)(6)** was a wildlife call of an injured western gull 12/04/07 at approximately 0812 hours. **Ex(b)(6)** found the bird in the native plant site covered with oil. Her dogs were off leash in the area. I did not check for any erosion at this time nor was a verbal warning given to not use the area.

12/18/07- Noticed **Ex(b)(6)** in the area at approximately 0810 hours. Saw the dogs off leash in the native plant site while **Ex(b)(6)** threw a ball. I suspected damage may be occurring but did not contact **Ex(b)(6)** Computer check done in vehicle to see who it was registered. Vehicle returned to **Ex(b)(6)**

12/26/07- Saw the same vehicle again at approximately 0815 hours, but this time a different person driving. Same dogs, but female driver was not **Ex(b)(6)** I informed the female visitor that the area behind the station was a newly restored area and walking through caused damage/erosion to the resource. I asked her to not use the area with or without her dogs and to please relay the information to her **Ex(b)(6)**. The female subject advised she understood the circumstances and did not want to cause any damage. She told me she would tell **Ex(b)(6)**.

12/31/07- 0820 hours- I contacted **Ex(b)(6)** playing with her dogs in the native plant restoration site. She told me she was not told by her friend to not use the area, I told her that she needed to find another place to run her dogs. **Ex(b)(6)** stated one of her dogs was dog aggressive and needed a site to run in. I explained to her the damage that was being cause and asked her to find another site. She told me that she spoke to **Ex(b)(6)** told her it was OK to be in the area. **Ex(b)(6)** reluctantly cleared the area and stated she understood; she would not use the area. Photos were taken of possible damage.

Week of 01/13-01/19- **Ex(b)(6)** came by the station one of these days to inform me of a very large bird remaining motionless near the pay phone at Fort Funston. I told her the bird was a blue heron hunting for gophers and was always in the area. I also thanked her for not taking her dogs in the restored site. She told me, "No problem, your welcome!"

At approximately 1135 hrs, February 3, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed two visitors with three unleashed dogs playing on the beach at the water's edge. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted the visitors, Ex(b)(6) on the beach and requested they leash their dogs. They complied. Ex(b)(6) said they were unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. The visitors were advised of the leash requirements and issued United States Department of the Interior, National Park Service Warning Notices. Ex(b)(6) and Ex(b)(6) were then released.

On 02/03/08 at approximately 1022 hours, I was driving into Milagra Ridge when I observed Ex(b)(6) walking with his two dogs off leash in the wildlife area. Clearly posted signs advise, "pets on leash" at the entrance to Milagra Ridge. I approached Ex(b)(6) and asked him if he was aware pets needed to be on leash. I also asked him if he noticed the sign at the entrance. Ex(b)(6) stated he saw the sign, but would take his pets off leash when there was no one around. I asked for his identification and conducted a computer check for wants. He gave me his driver's license and the check returned clear. I then issued Ex(b)(6) violation notice 0895446 for 36 CFR 2.15a2, failure to leash pet. I cleared at 1027 hour.

I later realized a discrepancy on the original citation to Ex(b)(6) and re-issued violation noticed Ex(b)(6) as the corrected citation. Ex(b)(6) was sent to the residence listed above and Ex(b)(6) was informed Ex(b)(6) would be replaced with Ex(b)(6) due to grammatical error.

29. DETAILS OF INCIDENT

On 02/03/08 at approximately 1130 hours, I was flagged down by a park visitor reporting she suspected a pit bull was abandoned in the parking lot at Fort Funston. According to the reporting party, she was parked in the lot near the public pay phone when she bronze colored male pit bull came up to her and her partner. With her back car door open, the dog just jumped into the vehicle. The animal was not aggressive and seemed lost. I drove from the ranger station to the direction she last saw the animal. I found the dog and notified communications to call Animal Care and control. Dispatchers stated there would an hour would be their estimated time for arrival. I waited and kept an watchful eye on the dog and tried numerous times to coax him into my car. Each time was unsuccessful. At 1232 hours Officer A. Runge #7 from Animald Care and control, arrived on scene. For another 30 minutes we attempted to catch the abandoned dog. We finally captured him after he jumped into the open drivers' side door of my patrol car. A. Runge later retrieved him out of my vehicle and contained him in her vehicle. I obtained a case number for animal and wildlife-assist other department. I cleared at 1300 hours.

On 02/03/08 at approximately 1450 hours, I was driving down from the Portola Nike missile site at Sweeney ridge when I noticed Ex(b)(6) walking with her dog off leash in the area. The area of Sweeney ridge is a wildlife haven and clearly posted signs advise "pets on leash." When Ex(b)(6) saw me, she immediately leashed her dog. I asked if she frequented the area. She replied this was her first time. I informed her and her partner that pets were to be on leash at all times and asked her for identification. She did not have any. I obtained her verbal information and conducted a computer check. Ex(b)(6) later stated she went on line to educate her self about the rules and informed me that the rules states pets could be off leash and under voice control. The computer check returned clear of any wants and I issued Ex(b)(6) a written warning for the violation. I later told Ex(b)(6) that all San Mateo county properties in which GGNRA has land, requires pets to be on leash. I cleared at 1453 hours.

	<p>On 02/04/08 at approximately 1300 hours, I was on foot patrol of the Mori Point area when I noticed a male subject walking on the lands with his dog off leash. At the time, I was on top of the second highest peak in the area and was a great distance away. I monitored the subjects who began to walk from the enclosed pond westbound toward the beach. I would try to intercept him on my way down from the peak.</p> <p>I as got within 50 feet of the subject who was later identified as Ex(b)(6) he observed my presence and leashed his dog. Ex(b)(6) then began to jog as with his dog. He got approximately 5 steps into the movement when I called him back to my location. I asked him if he was aware that pets were to be on leash at all times in the area. He stated the pet was not his, but his daughters and that she always walked him in the area. I asked for his identification and conducted a computer checks for wants or warrants. The computer check returned clear and I walked Ex(b)(6) back to my patrol car. I issued him citation 0895449 for 36 CFR 2.15a2, failure to leash pet. I also informed him that clearly posted signs advise "pets on leash" as one enters the Mori Point area. I cleared at 1358 hours.</p>

NATURE OF INCIDENT  
dog attack

(1 Male, 1 female owners)

on a group walk w/ 6 off leash dogs we were approached by an off leash black chow. the dog was stiff & then (charged towards my 15 lb zolo dog (Mexican hairless), also black. the dog over powered my dog and bit it multiple times around the head and face. once released my dog came right to me & I leashed her. I told the owners that my dog was bleeding & would like to approach to exchange into. @ that time they leashed their dog & told me that my dog had attacked theirs. I said I would like to see injuries & asked if we could talk - they started walking quickly to their car yelling expletives @ me. I asked them if I could approach and if their dog was friendly @ which point their dog bit a tiny beagle who was with me, drawing blood on the ear. injuries are minor but this chow is not safe for off leash parks in my opinion

**SUMMARY:**

On 02/14/2008 at 1332 hours, I observed a white-female-adult tossing a tennis ball for her dog to catch into the protected Redwood Creek. As I approached her on foot she again tossed the ball several times for the dog to fetch. I made contact and she presented her valid California drivers license **Ex(b)(6)** which identified her as **Ex(b)(6)** stated that she was unaware of the regulation and immediately stopped. I explained the underlying reason to protect the resources and she concurred. The entrance to the beach displays a conspicuous sign which states "Dog owners keep dogs out of the creek".

I issued **Ex(b)(6)** a written warning for 36 CFR 1.5(f) - Area Closed (to pets).

I was clear at approximately 1336 hours.

	On 02-17-2008 from 1515 to 1620 hours, I patrolled the Snowy Plover Wildlife Protection Area of Ocean Beach. During that time I contacted 8 dog owners who did not have their dogs leashed as the law requires. I gave verbal warnings to all of them, and they all responded by leashing their dogs. During my patrol I noticed approximately 20 dog owners who did have their dogs on leash. I cleared the beach at 1620 hours.

On 02/21/08 at approx. 1811 hours, I contacted three individuals with dogs off leash in the Crissy Field Wildlife Protection Area, i.e. the beach area around the old Coast Guard station at the west end of Crissy Field. This area is signed in several locations stating that dogs must be on leash for the protection of the endangered Western Snowy Plover. In addition to Ex(b)(6) I also identified Ex(b)(6) with a dog off leash. All three were clear of wants or warrants, and clear of prior contacts in the local file. I issued them verbal warnings for the violations. Clear, 1825 hours.

**SUMMARY:** On 02/20/2008 at 1515 hours while on patrol of the Fort Funston parking area, I was approached by three separate unknown park visitors regarding a small multi-colored dog running-at-large throughout the area. I captured the stray dog "Huey" (SPCA license **Ex(b)(6)**) and attempted to locate the owner/professional dog-walker by phone at **Ex(b)(6)** with negative results. Eventually I made contact with **Ex(b)(6)** who was walking several other unleashed dogs, approximately 200 yards away from the lot. **Ex(b)(6)** stated that she knew "Huey" was unattended and "hoped that he would catch-up".

I issued **Ex(b)(6)** violation Notice 0894008 for 36 CFR 2.15(d) Pet Running At Large.

I was clear at 1600 hours.

**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on 02/20, 2008 while exercising my duties as a law enforcement officer in the Northern District of California

On 02/20/2008 at 1515 hours while on patrol of the Fort Funston parking area, I was approached by three separate unknown park visitors regarding a small multi-colored dog running-at-large throughout the area. I captured the stray dog "Huey" (SPCA license **Ex(0)(6)**). Eventually I made contact with Layne **Ex(0)(6)**, who was walking several other unleashed dogs, approximately 200 yards away from the lot. **Ex(0)(6)** stated that she knew "Huey" was unattended and "hoped that he would catch-up".

I issued **Ex(0)(6)** Violation Notice 0894008 for 36 CFR 2.15(d) Pet Running At Large.

The foregoing statement is based upon:

- my personal observation
- my personal investigation
- information supplied to me from my fellow officer's observation
- other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

**VEHICLE:** N/A

**PROPERTY:** N/A

**NARRATIVE:** On 02/27/2008 at approximately 1130 hours I drove my fully-marked-patrol vehicle to the Coastal Connector trail entrance of Mori Point. I observed a white-female-adult wearing a pink-top and dark pants with two medium-sized light brown dogs on the other side of the cyclone fence and within twenty feet of the conspicuously placed trail marker sign "Mori Point – Leash Pets – No Motorbikes – No Dumping". At that point I could not determine if the dogs were leashed or not since it appeared the female was either having difficulty attempting to leash one of the dogs or releasing it from the leash. The female and the dogs walked westbound, past the sign, and away from my direction. I then turned my vehicle around, parked in the Bradford Way parking area, and walked on the upper trail (parallel to the Coastal Connector) westbound towards Mori Point. For approximately the next thirty minutes, I walked to the coast and contacted two other dog walkers who were compliant with the leash regulation. Upon my return from the Point, I observed a medium-sized light brown dog run down from the hillside and begin running unattended back-and-forth on the Coastal Connector trail near the Threatened Red-Legged-Frog Habitat Restoration Pond. Momentarily the white-female-adult wearing a pink-top and dark pants ran down the hillside and on to the trail. The dog then continued to run unleashed eastward away from the female as the second medium-sized light brown ran down the hillside and westward towards me. Both dogs continued to run unleashed throughout the area. I eventually made contact with the female midway along the Coastal Connector trail.

I explained the leash regulation, asked her to leash her pets, and requested her identification. She responded that she does not "leash her pets when off trail". I further explained that the regulation is posted at both entrances and is in effect for all of Mori Point. She responded that she "did not know since she came from over the hill and did not see any signs" and pointed in a Southerly direction. I again asked for her identification and she asked "What are you doing?" I informed her that I was making a law enforcement contact regarding her unleashed pets and needed her identification. She stated that she did not have it and that "It's in the car" as she pointed Eastward toward the trail entrance. She then stated that she was [Redacted] Ex(b)(6), confirmed the name and birth date when I showed her my field notes, and again asked why I was talking to her since she just leashed the dogs. After I ran her name through GGNRA Dispatch she stated that she took her dogs to the site often and "When no one else is around I let them run off leash, so I don't disturb others". I explained the Parks concern was also to protect the natural resources; the area contained several threatened species, and was very sensitive. She then stated "It won't come back with anything." I advised her I was not checking her criminal history just verifying her information. Finally she admitted her true name was [Redacted] Ex(b)(6) with a different birth date of [Redacted] Ex(b)(6). I explained that she had escalated a simple contact into something greater and that she could have resolved the situation immediately by being truthful.

I then issued [Redacted] Ex(b)(6) a **Mandatory Appearance for Violation Notice 0894011 for 36 CFR 2.32(a)(3) – Interfering with Agency Function (False Information)**

And issued [Redacted] Ex(b)(6) a **Mandatory Appearance for Violation Notice 0894012 for 36 CFR 2.15(a)(2) – Leash Pet**

During the contact one of the dogs continually escaped from its leash and had to be re-leashed several time. [Redacted] Ex(b)(6) then refused to sign the Violation Notices, but did take possession of her copy and envelope. [Redacted] Ex(b)(6) then left and headed eastward toward the trail entrance at the Bradford Way parking area.

I arrived to the area and made contact with a white-female-adult who was attempting to voice control a golden retriever pet which was swimming in the lagoon. The female stated that she was not associated with the dog and attempting to capture it for the owner who was with a sleeping baby and parked in the Sports Basement lot. I then contacted the owner of the pet, who claimed responsibility, and stated that she just parked the car, the dog leaped out of the open window, and she was unable to retrieve it due to her sleeping baby in the rear seat. Momentarily the pet returned and the situation resolved itself.

	At approximately 1715 hours on 3/1/08 USPP dispatch advised me of a complaint from the Miwok Stables of a woman walking a dog on the Tennessee Valley Trail which is closed to pets. I arrived at the trailhead at about 1730 hours and observed Ex(b)(6) returning to the trailhead with an Akita on a leash. Ex(b)(6) who was accompanied by a man walking with a distinct limp and using a cane, told me that her dog, Kodiak, was a "service dog". Neither the dog nor Ex(b)(6) carried any visible indication that it was a service animal. After some discussion about pet restrictions and whether or not the dog was currently performing a service function, Ex(b)(6) stated that Kodiak was a "comfort dog" and works in hospices. I released Ex(b)(6) with a warning for violation of 36 CFR 2.15(a)(1) -Possessing a pet in an area closed to pets. I cleared the scene by 1750 hours.

A person previously warned was issued a citation for failing to leash her dog in the Plover wildlife protection area.

On March 1, 2008 at approximately 1620 I observed a female walking with her unleashed dog in the area of Pacheco and Ocean Beach. This area of Ocean Beach is posted that dogs must be leashed at all times due to the Snowy Plover habitat. When we approached she put her dog on leash and said she had just been warned earlier. She did not have identification but, provided her name and date of birth. Ex(b)(6) descriptors and permanent mailing address matched the ones listed in dispatch with the exception of her dyed red hair.

Ex(b)(6) had been warned earlier by law enforcement ranger Deal to keep her dog leashed at all times in the protected Plover area. Park dispatch indicated Ex(b)(6) was listed in the park local file as having been warned two weeks before at the same location to keep her dog on a leash in the protected area. A violation notice # 0893588 was issued for 36 CFR 1.5 (f). We cleared the scene at approximately 1645.

She said she was not aware that dogs are not allowed on the beach at Stinson Beach Park. Ex(b)(6) was issued a written warning for violation of 36 CFR 2.15(a)(1) "Area Closed to Dogs." At 1600 hrs. I contacted Ex(b)(6) for the same violation. He claimed unawareness of this regulation and was also issued a National Park Service Warning Notice. Mr. Ex(b)(6) checked clear for wants and warrants and departed the beach with his dog.

	<p>On 03/03/08 at approximately 0940 hours, I was on foot patrol of the wildlife protection area of Ocean beach when I saw a male subject with his dog off leash. Upon seeing me from approximately 20 yards, the subject later identified as Ex(b)(6) leashed his dog and continued to walk toward me. Once we met I asked Ex(b)(6) if he was aware the area required pets to be on leash. He stated that he was aware, and that the pet was now on leash. I gathered his identification and conducted a computer check for wants and warrants. The check returned clear and I informed Ex(b)(6) that I was citing him for failure to leash his pet. I issued citation 0895458 for 36 CFR 2.15 a 2 and cleared. Approximately 5 minutes later, I contacted another subject for the same violation. At approximately 0950 hours, I observed Ex(b)(6) walking with their three dogs off leash at Judah avenue (Ocean beach). I contacted them and asked if they were aware pets were to be on leash. Ex(b)(6) stated that he thought it was a seasonal closure, but I could write the citation in his name. I told him OK. Once I had both identifications, I conducted computer checks for wants and warrants. The checks were clear of any wants, however, Ex(b)(6) had some previous contacts with the police. I issued citation 0895459 for 36 CFR 2.15a2 failure to leash pet Cleared at 0958 hours.</p>

	At approximately 1810 hrs, March 4, 2008, I was on foot patrol on Stinson Beach. North of the tower on the beach, I observed two park visitors walking southbound with a large black dog on leash. I contacted the pet's owner, Mr. Ex(b)(6). He was reminded that pets are not allowed on the beach at Stinson Beach Park. Ex(b)(6) said they were walking down from the county beach to use the restroom. I requested he used the north parking lot to access the restrooms in the future. Ex(b)(6) was issued a United States Department of the Interior National Park Service Warning Notice for violation of 36 CFR 2.15(A)(1) Area Closed To Pets. Ex(b)(6) departed the beach with his dog. "No Pets On Beach" signs are clearly posted at access points. Ex(b)(6) checked clear for warrants and warrants.

**SUMMARY:** On 03/05/2008 at approximately 1315 hours, I observed a medium-sized brown dog running-at-large throughout the designated Wildlife Protection Area of Crissy Field. The dog chased nesting shorebirds and continued to dart back and forth as I attempted to capture it unsuccessfully. Eventually it ran from me out of the area and towards the Crissy Field main beach. I then observed a white-male-adult with several other dogs leash the running stray. During my observation of the dog - it ran more than two hundred yards away from the dog walker and beyond any type of control for at least fifteen minutes. I walked to the area and made contact with Ex(b)(6) claimed responsibility for "Chula" as a professional dog walker, admitted knowledge of the regulations, and stated "the dogs' breed type likes to run fast and chase birds". The area is well marked with several signs displaying "This area is habitat for the threatened Western Snowy Plover - Pets must be on-leash during plover over wintering season, July until May 36 CFR 1.5(a)(2)".

**I issued Ex(b)(6) Violation Notice 0894016 for 36 CFR 1.5(a)(2) - Area Closed to Pet Off Leash.**

I was clear at approximately 1340 hours.

On 03/05/08 at approximately 1255 hours, I was flagged down by Ex(b)(6) in the parking lot of Fort Funston. Ex(b)(6) told me of an incident she was involved in approximately 15 minutes prior and wanted to file a complaint. According to Miss Ex(b)(6) she wanted to give her dog some water from the water fountain at Fort Funston (Battery Davis), when she found herself surrounded by approximately 15 dogs. She yelled out "Whose dog is this," pointing to the off leash dogs. She got no answer and later saw that the 15 dogs belonged to one guy who had approximately 15 leashes around his neck. She later stated the owner yelled at her for complaining that the dogs were unruly and stated that this was a dog park and there were hundreds of dogs. Ex(b)(6) asked me what number of dogs was too many dogs for one to handle. I was unable to give her an answer.

RESULTS OF INVESTIGATION

I was walking my dog about 12:30 on the 5<sup>th</sup> of March and I stopped at "Battery Dam" water my dog. I was immediately surrounded by a bunch of dogs and one in particular took over the water post, I stayed in front of it and stayed over the water pump. I kept calling "whose dog is this" but no response and then there were about 15 dogs. A dog walker (about 15 leashes around his neck) came up and upbraided me for complaining. He told me I was "rude" and that there are hundreds of dogs of dogs here etc etc and that he ~~payed~~ paid taxes (I should think that questionable). He upbraided me constantly. Other use at least the other dog walkers with a similar number of dogs at the park. These people cannot control that # of dogs.

On 03-06-08, at approx. 0900 hrs., I observed a medium sized, white, off-leash dog running unrestrained southbound on Ocean Beach near Noriega St. I also observed an adult female, later identified as Ex(b)(6) walking behind this dog. At one point, I observed this dog running approx. 40 feet ahead of her. I contacted Ex(b)(6) and identified myself as a park ranger. Ex(b)(6) told me that she was responsible for this dog. When I asked her if she had ever been contacted on Ocean Beach by a law enforcement officer regarding the leash law, Ex(b)(6) told me that she had not been contacted before. Upon a dispatch computer check, Ex(b)(6) returned clear of wants/warrants with local file information that she had been issued a warning for having her pet off-leash near Stairwell 26 on Ocean Beach. When I gave Ex(b)(6) this information, she admitted that she had been given a warning for the leash law at Ocean Beach. There are clearly posted and visible signs at the Ocean Beach/Great Highway pedestrian crosswalks in the area that state, "PROHIBITED: OFF-LEASH PETS." I issued her a verbal warning for providing me with false information and I issued her MVN P5008466 for 36 CFR 1.5(f), Violation of Public Use Limits- Off Leash Pet (\$125). I released Ex(b)(6) on-scene and cleared at approx. 0910 hrs.

**SUMMARY:** On 03/07/2008 at approximately 1515 hours, while on patrol of the Snowy Plover Protection area at Ocean Beach, I observed a medium sized brown dog running-at-large throughout the area chasing resting groups of gulls, sandpipers, and sanderlings. The pet was unattended and not under any control as it continually ran through the designated Wildlife Protection Area chasing birds. I then parked my vehicle and began to approach the dog. Eventually a white-male-adult, later identified verbally as Ex(b)(6) with a birth date of Ex(b)(6) leashed the dog, and began to walk northbound away from my direction. At approximately 1530 I contacted Ex(b)(6) just South of Noriega. I informed Ex(b)(6) of the numerous signs posted throughout the area, he stated that he "Saw a sign but did not read it". The area is well marked with signs displaying "Snowy Plover Protection Area - PROHIBITED - Dogs Off Leash - Disturbing Wildlife". I asked him how he entered the area and he pointed to an access which has the sign conspicuously placed in plain view.

**I issued Ex(b)(6) Violation Notice #0894021 for 36 CFR 1.5(f) - Area Closed (to Pet Off Leash).**

I was clear at approximately 1540 hours.

ITEM 7 RESULTS OF INVESTIGATION

**NARRATIVE of Leash Law Enforcement:**

On March 9, 2008 at approximately 14:00 hours, I patrolled by foot the Crissy Field Wildlife Protection Area. I started my patrol from West Bluff Parking at approximately 14:00 hours and walked the beach area to the rip/rap and the east end of the protection area. I concluded my patrol at approximately 14:35.

As I entered onto the beach area, I observed two dogs off leash attended by persons later identified as their owners. Aside from these two contacts all other observations of off-leash pets were to the east of the old Coast Guard Pier. A minimum of eight observed off-leash dogs left the area prior to my contacting the owners. All other contacts made were near or along the shoreline. No citations were issued, all persons contacted were checked against the local file for prior contacts. No prior contacts were noted.

**Contact 1:**  
I contacted a [redacted] Ex(b)(6) stated that she had entered the area and did not see any signs regarding the leash law. Her dog was sitting next to her and surrounded by her family. The dog was not interacting with other persons or animals. I pointed out the signs to [redacted] Ex(b)(6) and answered her questions about the restricted areas. [redacted] Ex(b)(6) leashed her dog. As I left the area, [redacted] Ex(b)(6) remained in the area with her dog restrained.

**Contact 2:**  
I contacted [redacted] Ex(b)(6) sitting on a log near the beach area. His dog was lying next to the log unleashed. [redacted] Ex(b)(6) claimed to be new to visiting the GGNRA and was a resident of Daly City. [redacted] Ex(b)(6) had a leash with him. [redacted] Ex(b)(6) complied with my instruction and immediately leashed his pet.

**Contact 3:**  
I contacted [redacted] Ex(b)(6) east of the old USCG pier, walking westbound on the beach. [redacted] Ex(b)(6) was in the company of his family and claimed to have walked into the area unaware of the protection area. [redacted] Ex(b)(6) had his leash with him and was told where the signs were located at the east end of the protection area. [redacted] Ex(b)(6) leashed his pet and left the area.

**Contact 4:**  
I contacted [redacted] Ex(b)(6) east of the old USCG pier. [redacted] Ex(b)(6) entered into the area from the east and thought the protection area was west of the pier. [redacted] Ex(b)(6) had her leash draped around her waist upon my contact. [redacted] Ex(b)(6) complied with my direction to leash her pet and provided me with her identification when requested. [redacted] Ex(b)(6) was given a verbal warning and told she would be entered into the local file

On March 9, 2008 at 1420 hrs, while patrolling the south lot of Baker Beach in a marked patrol vehicle, I observed a small dog locked inside a black Toyota [Redacted] that was parked in the south lot. I observed the dog was panting heavily. I waited at the black Toyota for approximately 10 minutes until I was approached by an Asian female who claimed the vehicle was hers. The Asian female, identified as JUVENILE, stated the dog was her "sister's". I asked the JUVENILE where her sister was at and she stated at the beach. JUVENILE then used her cellular phone to call her sister. JUVENILE was identified by a California Provisional driver's license. JUVENILE's sister, identified as JUVENILE 2, arrived several minutes later. I explained to JUVENILE and JUVENILE 2 that leaving a dog or any pet inside a vehicle on a hot day could result in a harmful and even fatal condition for the animal. I asked JUVENILE if she was aware her Provisional driver's license had a restriction that for the first year after issue she could not transport anyone in her vehicle under 21 years of age. JUVENILE stated she was aware but transported JUVENILE 2 anyway. I explained to JUVENILE that she needed to contact her parent(s) and have them come to Baker Beach in order to transport JUVENILE 2. JUVENILE agreed and called her parent(s). At approximately 1605 hrs JUVENILE's parents ([Redacted]) arrived to Baker Beach. I explained to the [Redacted] the nature of the contact and advised them that they would have to transport JUVENILE 2 from Baker Beach. I issued the JUVENILES warnings for leaving an unattended pet. The [Redacted] thanked me and departed the area with JUVENILE 2 at 1610 hrs. Clear at 1610 hrs.

	On 03-09-2008 from 1100 to 1150 hours, I patrolled the Snowy Plover Wildlife Protection Area of Ocean Beach. During that time I contacted 9 dog owners who did not have their dogs leashed as the law requires. I gave verbal warnings to all of them, and they all responded by leashing their dogs. During my patrol I noticed approximately 15 dog owners who did have their dogs on leash. I cleared the beach at 1155 hours.

On March 10, 2008 at approximately 1230 hours, I was on patrol on the Coastal Fire Road in the Marin Headlands. The Coastal Fire Road is designated as a "No Pets" trail. While going north on the fire road, I observed 2 people, a male and female, with 2 dogs unleashed walking in front of them. I contacted the people and asked them to put the dogs on leash. I then advised them that they were in an area where dogs are not allowed. The owner of the dogs identified herself as Ex(b)(6) of San Francisco. She said that she did not realize that dogs were not allowed on the Coastal Fire Road. I advised her that there are signs on the Miwok Trail and the Coyote Ridge Trail, which was where they had come from, stating that dogs were not allowed. Ex(b)(6) was cited for violation of 36CFR2.15(a)(1) Pet in an Undesignated Area. Ex(b)(6) was advised to walk her dogs out the same way she had hiked in, and I cleared at approximately 1245 hours.

**SUMMARY:** On 03/14/2008 at approximately 1750 hours, while on 4X4 patrol of the Snowy Plover Protection area at Ocean Beach, I observed an off leash medium sized mixed-colored dog chasing resting Snowy Plovers near Taraval. The dog was running back and forth in the low dune and dry sand area chasing a small colony of the birds. I then parked my vehicle in the wet sand and approached the owner. I contacted a white-female-adult who was identified verbally by her California Drivers [REDACTED] Ex(b)(6) I informed [REDACTED] Ex(b)(6) to leash the dog and advised her of the numerous signs posted throughout the area displaying "Snowy Plover Protection Area - PROHIBITED - Dogs Off Leash - Disturbing Wildlife". [REDACTED] Ex(b)(6) stated "He's a Pit Bull, likes the birds, and needs something to chase". I asked her how she entered the area and she pointed to an access which has the sign conspicuously placed in plain view.

I issued [REDACTED] Ex(b)(6) Violation Notice #5008683 for 36 CFR 1.5(f) - Area Closed (to Pet Off Leash).

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on 03/14, 2008 while exercising my duties as a  
law enforcement officer in the Northern District of California

On 03/14/2008 at approximately 1750 hours, while  
on 4X4 patrol of the Snowy Plover Protection area  
at Ocean Beach, I observed an off leash medium  
sized mixed-colored dog chasing resting Snowy  
Plovers near Taraval. The dog was running back  
and forth in the low dune and dry sand area  
chasing a small colony of the birds. I then parked  
my vehicle in the wet sand and approached the  
owner. I contacted a white-female-adult who was  
identified verbally by her California Drivers License  
Ex(b)(6) I informed Ex(b)(6)  
to leash the dog and advised her of the numerous  
signs posted throughout the area displaying "Snowy  
Plover Protection Area - PROHIBITED - Dogs Off  
Leash - Disturbing Wildlife" Ex(b)(6) stated "He's  
a Pit Bull, likes the birds, and needs something to  
chase". I asked her how she entered the area and  
she pointed to an access which has the sign  
conspicuously placed in plain view.

I issued Ex(b)(6) Violation Notice #5008683 for 36  
CFR 1.5(f) - Area Closed (to Pet Off Leash).

The foregoing statement is based upon:

- my personal observation       my personal investigation  
 information supplied to me from my fellow officer's observation  
 other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on  
the face of this violation notice is true and correct to the best of my knowledge.

7 RESULTS OF INVESTIGATION

On 03/20/2008 at approximately 1522 hours Ranger Mike Hardin and I observed several dogs off leash on the posted wildlife protection area at Crissy Field beach. Crissy Field beach is posted as an area where dogs are required to be on leash in order to help protect a federally threatened species; the western snowy plover. As we approached on foot, we encountered an individual, later identified as Ex(b)(6) with his dog off leash on the beach. Ex(b)(6) was one of the individuals that we had been observing for several minutes. As we approached, Ex(b)(6) removed a leash from his pocket. I asked Ex(b)(6) if he was aware of the regulations concerning dogs off leash in the area. He asked if there was some confusion about the regulations. I explained to him that the area is posted and I pointed out a sign that was approximately 15 feet away from our location.

I asked Ex(b)(6) if he had had any contact with rangers in the past. He stated no. I explained to him that we were simply going to be issuing him a verbal warning. I asked him if he had any identification with him. He told me his driver's license was in his car. I replied that that was fine, and asked if he could provide me with his name and date of birth. He told me his name but stated that he declined to give any other information. I told him that that was not an option. Ex(b)(6) repeated that his license was in his car and asked if we would like to follow him there. Ex(b)(6) began walking towards the parking lot at that time. Ex(b)(6) told me at that point and several times throughout the contact that he had real problems with authority figures. He told me that he had had a very bad experience with the police in the past and that "that kind of thing really sticks with a person."

While walking with Ex(b)(6) to his vehicle, Ranger Hardin and I were approached by and spoke briefly to two other park visitors who wanted to report some garbage further up the beach. During this exchange Ex(b)(6) had continued towards his vehicle and was approximately 40-50 feet ahead of us. We met Ex(b)(6) at his vehicle, where he produced his driver's license for me. I recorded his vehicle license number as well as his driver's license number, name, and date of birth. At that time I contacted dispatch and asked for a wants and warrants check on Ex(b)(6). Information came back that he had a clear and valid driver's license. Ranger Hardin reminded me to request dispatch to check local files to see if Ex(b)(6) had been contacted before. I made the request from dispatch. While we were waiting for a reply Ex(b)(6) asked if he could leave. I replied that he would be able to very shortly. Ex(b)(6) complained about living in a police state and that we were always changing the laws. Twice I heard Ranger Hardin offer to explain the reasons for the leash restriction, however, Ex(b)(6) interrupted him and told us that he was the editor of a newspaper and that our asking for his information was bad for public relations. I explained to him again that we needed to document our contacts for violations.

Dispatch informed me that Ex(b)(6) did not appear in the local file. I asked Ex(b)(6) if he had any more questions. He said no, and began getting into his car. As Ranger Hardin and I walked away, we heard what sounded like; Don't get shot in the back! Ranger Hardin confronted Ex(b)(6) about what he had just said. Ex(b)(6) denied saying anything other than telling his dog to get into the back seat of his car. Ranger Hardin and I cleared the contact at approximately 1540 hours.

NARRATIVE:

On 3/22/08 at approximately 1603 hrs, while on foot patrol of Crissy Field in the wildlife protection area, I noticed two groups with dogs off leash. There are signs posted indicating that this section of Crissy Field is a wildlife protection area and requiring dogs to be on leash. I saw a female with her children with a dog off leash and a male with his children with a dog off leash. I first contacted the female and issued her a citation (Case#08-2420).

While making the first dog contact, I noticed the dog associated with the male walking around off leash and playing with other dogs. When I made contact with the male, the black dog was laying down in the sand next to their belongings. The dog had a blue leash on at that point but the no one was holding the other end of the leash.

I contacted the male and told him his dog could not be off leash on this section of Crissy Field. The male had a shovel in his hand and I asked him to put it down. The male handed the shovel to one of his children. I asked the male for his drivers license(DL). Instead of producing his DL, the male took a picture of his dog with the leash on. I again asked for a DL to identify the male. He then handed over his CA DL. I identified the male as Ex(b)(6) through his Ex(b)(6)

Ex(b)(6) asked if I was going to give him a ticket. I replied yes. Ex(b)(6) again stated that his dog was on leash and under control. I advised Ex(b)(6) that the dog had to be on leash with someone holding the other end. While writing the citation, Ex(b)(6) used his phone to record what I was doing. I asked Ex(b)(6) to put the phone away. Ex(b)(6) refused at first but then put the phone away a minute later. Rangers Goodwin and Hemingway arrived on scene to assist.

During the contact, I noticed that the child who took the shovel from Ex(b)(6) placed the shovel in the sand next to the dog and wrapped the blue leash around it.

I issued Ex(b)(6) a citation for 36 CFR 1.5(f). Upon receiving the citation Ex(b)(6) said he would see me in court.

 Subject: Re: Complaint from Contact at Crissy

I concur 100% with what John wrote. Yount conducted himself completely professionally. Voices were never raised by anyone during this entire incident, nothing inappropriate was ever said, and there was nothing threatening about our presence. Ex(b)(6) video will confirm that. The children did continue to play in the sand and didn't seem too concerned about our presence. At one point one of the children did ask his dad something, and I heard Ex(b)(6) reply, "The ranger thinks (the dog) is not under control, and we can't come back to Crissy Field anymore," a point he reiterates in his letter. The latter remark is the classic overreaction for these types of citations, and certainly none of us ever told the man or his children that they had to leave, or that they couldn't come back anymore, just that his dog had to be restrained on a leash in that area.

I did find the repeated mentions in Ex(b)(6) complaint that he used to head the Ex(b)(6) gratuitous, and the mention that a large part of Ex(b)(6) enforcement efforts are "educational" is a big stretch for me. I know I've gotten my share of parking tickets left on my windshield in SF. I've never received a parking warning notice. I am pretty confident that if I polled the population of SF, 99.99% would say the same thing. Also, Ex(b)(6) stated he knew about the bird protection efforts, so education wasn't really going to do much for him.

As for Yount being fair and equitable, yes, he was. He had just cited a woman whose dog was roaming free, and he felt he should do the same thing with Ex(b)(6) because Ex(b)(6) dog was exhibiting the same behavior. As I told you this morning, Kim, Ex(b)(6) dog was roaming free completely unrestrained, for several minutes while we were engaged in our first contact. Ex(b)(6) is going to want to focus on the fact that his dog is old and ailing and was on a leash tethered to a plastic shovel in the sand by the time we got there. He's not going to want to bring up what was happening before we walked over to him.

As far as I can tell, the basis for Ex(b)(6) complaint has nothing to do with how any of us conducted ourselves, only that Yount chose to write a ticket and not a warning. I know having a dog off leash is not the crime of the century. Visitors are frequently astonished to learn that it is even possible to get a ticket for having a dog off leash or in a closed area. Well, as long as we have pet regulations at the GGNRA where dogs and their owners seem to make up 50% of the visiting public, people will occasionally get tickets from rangers for dog violations. I'm sure nearly all of them are going to think they should have gotten a warning. The first woman Yount cited also had children with her, and also thought she should get a warning. Perhaps her complaint letter is forthcoming.

I understand it doesn't make the highlight of anyone's day to receive a ticket. As the former head of Ex(b)(6) Ex(b)(6) surely understands that, and he's probably gotten his share of complaints sent to his desk. The only improvement to this incident might have been if Yount had explained more clearly to Mr. Ex(b)(6) that the citation was based more on the dog's behavior prior to us walking over to them, but I think Mr. Yount rightly wanted to minimize any debate with Ex(b)(6) so he didn't say a whole lot to him. Regardless, I don't think his complaint has any merit. He was treated no differently than the countless other individuals to receive citations for pet violations at the GGNRA. Unless we want to abandon all pet regulation enforcement, we can count on getting letters like Ex(b)(6) periodically.

Kim,

I can answer several items of the individual's concern. Ranger Hemingway and I were just coming onto Crissy Field Wildlife Protection Area when we heard Ranger Yount go out with a leash law contact. Since we observed no other off-leash dogs in the area and knowing that these dog leash contacts can at times go bad, Ranger Hemingway and I joined up with Ranger Yount. Ranger Hemingway joined Ranger Yount directly in his contact while I chatted with Ranger Harrison (who was plain clothes due to Yount's Phase 4) a few feet away. I did hear Ranger Hemingway discreetly ask the individual that Ranger Yount was in contact with to take his hands out of his pockets. I did observe Ranger Yount and Hemingway conduct themselves in a professional way. From what I saw at the scene the children who were apparently with the individual were continuing to play in the sand and did not seem bothered by us being there. I'm no expert in child behavior but from my perspective the children did not seem distressed. It appears from the numerous references the individual placed in his e-mail that he is perhaps asking for professional courtesy? Or, is he indicating he can do a better job at enforcing the rules and regulations of the park? Or, perhaps is he indicating he would like to work off the bail by volunteering at the Wildlife Protection area and doing a better job of educating the public than us "Rangers". I encourage the individual to go to court and perhaps bring his children with him to see how the process works.

	At approximately 1500 hrs, March 24, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed a visitor with two unleashed dogs playing on the beach at the water's edge. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted the visitor, Ex(b)(6) on the beach and requested she leash her dogs. She complied. Ex(b)(6) said she was unaware of the leash requirements and had not seen the signs. Ex(b)(6) was advised of the leash regulations and issued United States Department of the Interior, National Park Service Warning Notice for the closure violation. Ex(b)(6) was then released.

	<p>At approximately 1718 hrs, March 23, 200, I was driving a marked ranger sedan westbound on Tennessee Valley Trail about 1/4mile west of the parking lot. I observed <b>Ex(b)(6)</b> walking west bound with a small dog on leash. I explained to Ms. <b>Ex(b)(6)</b> that Tennessee Valley from the parking lot to the beach is a wildlife area and pets are not allowed. A sign to this effect is clearly posted at the parking lot. Ms. <b>Ex(b)(6)</b> said she would have to give up her dog. I told her of locations in the park where dogs were allowed and offered to provide her with a trail map indicating these locations. <b>Ex(b)(6)</b> declined the map. She was issued United States District Court Violation Notice #08903875 for violation of 36 CFR 2.15(a)(1) Dog in Closed Area and released. <b>Ex(b)(6)</b> then returned to the parking lot with her dog.</p>

	On 03/24/08 at approximately 1011 hours, I was on 4x4 patrol of Ocean Beaches' wildlife protection area when I noticed two dogs off leash at Pacheco avenue. As I got closer, I could see the male subject quickly leashing the pets and continue walking north bound. I finally made contact with the subject later identified as Ex(b)(6) and asked if the pets belonged to him. Ex(b)(6) stated the pets did belong to him. I requested his identification and conducted a computer check for wants or warrants. I asked Ex(b)(6) if he'd been contacted before for this violation. He told me that he was cited at Fort Funston but not at Ocean Beach. The computer check returned clear for any wants but Ex(b)(6) had numerous felony and misdemeanor contacts from several police departments. Communications also advised that Ex(b)(6) was listed in local file for pet offenders. I issued citation 0894077 for 36 CFR 2.15 a2, failure to leash pet. I cleared at 1018 hours.

	On 03/25/08 at approximately 1842 hours, I was on back country patrol between Muir Beach and Tennessee Valley (Coastal Fire Road) when I noticed a white male subject with his dog off leash in the area. The ridge of the coastal fire road is closed to pets of any kind due to prevalent wildlife in the area. Clearly posted signs advise of the regulation and direct visitors to use the coastal trail that traverses the west most side of the mountain. I made contact with the subject later identified as <b>Ex(b)(6)</b> and informed him to leash his pet. I then requested his identification while telling him that pets are not allowed in the area. I conducted a computer check for warrants and local file check for any past contacts. <b>Ex(b)(6)</b> returned clear of any wants or contacts in the local file. I issued a written warning for the violation and obtained a case number for closed area. I cleared at 1854 hours.

NARRATIVE: (1) CONTINUATION OF ABOVE ITEMS, INDICATE ITEM NUMBER AT LEFT, INCLUDE ADDITIONAL WITNESSES AND SUSPECTS. (2) INDICATE HOW NOTIFIED OF INCIDENT, DESCRIBE DETAILS OF INCIDENT. (3) DESCRIBE PROPERTY AND ITS VALUE.  On 03/30/2008 at approx. 1559 hours, I was walking on Muir Beach when a visitor approached me to point out that two others sitting on the beach a short distance away had been allowing their dog to defecate on the beach without disposing of the excrement. I approached the two and observed a dog next to them. I said that I had just received a complaint that they were not picking up their dog's excrement. Ex(b) stated that she left plastic bags for picking up pet litter in her car. I told her she had to go get one, and pick up the pet litter before someone stepped in it, or before it disappeared in the shifting sand. I followed Ex(b) and her companion back to their vehicle in the parking lot, and I asked to see ID from Ex(b). She gave me her CDL, and I said I would hold onto it until she returned with the pet litter, or else she would receive a citation. As the two returned to the beach with their plastic bag, I ran a computer check through park dispatch which showed that Ex(b) CDL was suspended. I confiscated her CDL and issued her a DMV form 310 when she returned with what she said was her dog's litter, which she placed in the garbage. I gave her a verbal warning for not immediately disposing of pet litter as required by the superintendent's compendium of regulations. Clear, 1630 hours.								90 STL	91 REC	92 PROP	93 VALUE

	On 03/30/08 at approximately 1941 hrs., I observed Ex(b)(6) walking his dog off leash on Crissy Field in the wildlife protection area. I contacted Ex(b)(6) on the beach near the USCG pier and performed a computer check on his Ex(b)(6). He had no wants or warrants. I explained to him the leash policy for the park and told him where the boundary is for the wildlife protection area. I gave him a verbal warning and he leashed his pet. I took a report and cleared at 1951 hrs.

	At approximately 1850 hrs, April 6, 2008, I was in the Stinson Beach tower. North of the tower on the beach, I observed a multi colored 50 lb dog on leash with a visitor at the water's edge. When I contacted the pet's owner, Ex(b)(6) he advised me that he was not aware that dogs were not allowed on the beach at Stinson Beach Park. Ex(b)(6) was informed of the section of Stinson Beach where dogs are allowed and issued a United States Department of the Interior National Park Service Warning Notice for violation of 36 CFR 2.15(A)(1) Area Closed To Pets. Ex(b)(6) departed the beach with his dog. "No Pets On Beach" signs are clearly posted at access points.

	At approximately 1055 hours on 4/12/08 NPS Lifeguards John Ralph and Casey Collette advised me that they saw one of the local residents on Stinson Beach with his dog, a mixed breed black Labrador, near the central restroom. Pets are prohibited on the NPS section of Stinson Beach. Both lifeguards also informed that this particular subject has been advised many times that he cannot bring his dog on the beach. At about 1059 hours I contacted the subject, on the beach, and identified him as Ex(b)(6) through verbal information. Ex(b)(6) stated that he was aware of the regulation prohibiting pets on the beach but communicated to me a lack of understanding that it applied to him. I gave Ex(b)(6) a verbal warning for having his dog on the beach and advised him that his information would be entered in to the park local file for tracking.

	<p>On April 13, 2008 at approximately 1748 hours, I was on vehicle patrol on East Road, when I saw a white male adult holding a leash (later identified as Ex(b)(6) and a white female adult with a white Labrador dog walking off leash, along the road side. I made an u turn by the Bay Area Discovery Museum, drove past the couple, parked the marked patrol car and contacted the couple. I identified myself and explained that Fort Baker was a leash area, which Ex(b)(6) then called his dog and leashed. I asked for some identification, which he told me it was in his vehicle, just down the way and I asked if it was the green jeep, and he said yes. I told him I would meet him by his vehicle. I drove to his vehicle, CA tag of Ex(b)(6) a 2006 Jeep Cherokee and waited for him to show up. A few minutes later he showed up and gave me a CA license. Park Dispatch ran a computer check which returned negative for wants/warrants and valid license. I gave Ex(b)(6) a written warning in violation for 36 CFR 2.15(a)(2) – Pets – failure to leash. I explained the warning noticed and pointed out the leash pets and no camping sign he drove past when he came into park.</p> <p>Cleared at approximately 1759 hours.</p>

On April 18, 2008 at approximately 1937 hours, I was on vehicle patrol in a marked patrol car, checking the conditions at China Beach and as I drove towards the water, I saw a male and female with 2 off leash dogs. These two people were the only people I had seen in the area. I stopped my patrol car, and watched the male subject (later identified as Ex(b)(6)) leash up one of the dogs and the female walk towards hers with the leash out (one tan and one black dog). I saw the couple was exiting the beach behind me now, so I placed my patrol vehicle in reverse and drove back up the roadway and saw them get up behind me in my mirror. I yelled for them to wait, which they did. I stopped the car and walked over to them. I introduced myself and told them pets were not allowed and there were several signs telling them that and then I asked for identification, which only the male had (they were a couple). Park Dispatch ran a computer check, which returned negative for wants/warrants and valid license. I issued Ex(b)(6) Magistrates Violation Notice # 0890659 in violation of 36 CFR 2.15(a) (1): Pets - Area Closed to Pets. I explained the violation notice procedure in which he signed and received his copies.

Cleared at approximately 1947 hours.

29. DETAILS OF INCIDENT

On 04/20/08 at approximately 1709 hrs., I received a report of a dog stuck on the cliff at Fort Funston. I responded from Baker Beach and arrived on scene at approximately 1720 hrs. I met with the reporting party Ex(b)(6) who stated that his Labrador had been stuck on the cliff North of the hang glider deck for about forty-five minutes. He showed me where the dog was. It was located approximately two-hundred yards North of the hang glider deck approximately forty feet down the sand cliff. NPS lifeguard SCALLAN and PALMER arrived on scene at approximately 1725 hrs. The dog was located in a level area and it was possible to walk to its location on a social trail. Due to the high winds and blowing sand I deemed it too dangerous to attempt without being secured by harness and tethered to an anchor line. SCALLAN put on a climbing harness and I secured an anchor line to my truck. He then used the anchor line as a safety line to hold onto while he walked down to the dogs location. After SCALLAN reached the pet, he put on a leash and walked the dog back up the social trail to safety. No one was injured. I took a report and all units cleared at 1755 hrs.

NARRATIVE: On 4-20-08, at approximately 1000 hours, I observed a couple walking a young black lab on leash on Tennessee Valley Trail. When I approached to contact them, the man holding the dog's leash immediately told me that he knew that the dog was not allowed on the trail. His explanation was that they had started on another trail, and rather than return the same way, they chose to return via Tennessee Valley Trail because it was the shorter route back to his car. I identified him using his CA driver's license as Ex(b)(6) issued Ex(b)(6) a citation for 36 CFR 2.15(a)(2). Pet(s) in a Prohibited Area. I also provided Ex(b)(6) with an area trail map which detailed trails in which pets are allowed for future trips.

	On April 21, 2008 at approximately 1610 hours, I received a call to respond to Ocean Beach for a dog bite. Lifeguard Sean Scallon was on scene with the victim. I responded to the parking lot at stairwell #27 and waited for Scallon to drive the victim up to the parking lot. The victim, who identified himself as [REDACTED] Ex(b)(6) said that he had been on the beach with his dog which was not leashed. He said that a pit bull type dog (also unleashed) ran down from the dunes and started fighting with his dog. [REDACTED] Ex(b)(6) said that he tried several times to separate the dogs, and when he finally was able to pull them apart he got bit on the left hand by the pit bull. Paramedics from San Francisco Fire Department assumed care of [REDACTED] Ex(b)(6) and subsequently transported him to the hospital for further treatment. I then contacted the owner of the pit bull mix dog, [REDACTED] Ex(b)(6) said that she was sitting in the dunes with her 2 dogs, and that she dropped the leash on the pit bull to untangle the dogs and they ran away toward the other dog on the beach. [REDACTED] Ex(b)(6) said that she knew that her dog was prone to fighting with other dogs and that she always tries to keep her restrained. In this instance she got away and the fight ensued. **SUMMARY:** On 04/21/2008 at approximately 1301 hours, I observed two unleashed dogs and a white-female-adult later identified verbally as Ex(b)(6) (with birth date of Ex(b)(6)) approach the west end of Mori Point and hike the hillside trail. I contacted Ex(b)(6) who was compliant, immediately leashed her pets and advised her of the regulations. I informed Ex(b)(6) that she walked past and was within twenty feet of the conspicuously placed trail marker sign "Mori Point - Leash Pets - No Motorbikes - No Dumping" when she entered the area.

I issued Ex(b)(6) a Verbal Warning for 36 CFR 2.15(a)(1) - Unleashed Pets.

I was clear at approximately 1310 hours.

	<p>On 04/25/08 at approximately 1120 hours, I was working an overtime detail at the Great Meadow when I observed a white female walking her pet off leash. Being dedicated to the work detail, I informed the subject to leash her pet while on the grounds. The subject later identified as Ex(b)(6) complied with my order and continued walking her pet. It was not until Ex(b)(6) got out my line of sight did she take her pet off leash. She then would leash the pet as she neared my location. This went on for two complete laps around the asphalt path on the Great Meadow. On Ex(b)(6) third time around, I re-contacted her and requested her identification. I reiterated that her pet needed to be on a leash at all times and not when she felt she was out of sight of an officer. I conducted a computer check for wants, warrants and local file. The checks returned clear and I issued Ex(b)(6) a written warning for 36 CFR 2.15 a 2, failure to leash pet.</p> <p>All units cleared at 1131 hours.</p>

On April 26, 2008 at approximately 0940 hours, I was on bicycle patrol at Mori Point when I saw a white female (later identified as Ex(b)(6)) walking her dog off leash. I rode over to her and got off my bicycle and introduced myself as she had leashed her pet as I rode up. I explained that leashing her dog when she sees a ranger isn't following the regulations, since I saw her with her dog off leash. I asked for some identification and she gave me a verbal CA license number. Park Dispatch ran a computer check which returned negative for wants/warrants and valid license. I gave Ex(b)(6) a written warning in violation of 36 CFR 2.15(a) (2): Pets - failure to restrain and explained the warning system. I cleared and continued my bicycle patrol of the area.

	At approximately 1022 hrs, April 27, 2008, I was on foot patrol at the wildlife protection area at the west end of Crissy Field beach. I observed a visitor walking westbound on the beach with a large brown unleashed dog. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted the visitor, [Ex(b)(6)] on the beach. I requested he leash his dog and he complied. [Ex(b)(6)] said he was unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. [Ex(b)(6)] was advised of the leash requirements and issued a United States Department of the Interior, National Park Service Warning Notice. [Ex(b)(6)] was then released.

On May 15, 2008 at approximately 1908 hours, I was dispatched to China Beach on a report of a distressed baby elephant seal pup on the beach being harassed by people. I was on foot at Baker beach and responded when I arrived back to my vehicle. At 1916 hours, I was advised that the marine mammal had made its way back to the water, but I was just about on scene, so I went to do a foot patrol of the area.

As I was parking my marked patrol vehicle down by the ramp to the water, I saw there was a large black dog playing in the surf on the beach. China Beach is signed with several signs, starting at the entrance fence with "No Glass, No Fires No Pets Day Use Area". There are also No Glass No Pets Signs at each stair entrance to the beach. I contacted a family on the beach and asked a white male adult (later identified as Ex(b)(6) if the dog was his, which he and his wife said yes. I asked if they had seen the signs, which they said yes. I asked for identification, and he told me it was in his car. I asked Ex(b)(6) to leash his dog and we would go to the car for the identification, which he agreed to. Ex(b)(6) then began talking with several people in the area and stalling. I told him we needed to pick up the pace, he needed to leash his dog and we needed to get up to the parking lot. Ex(b)(6) then said he didn't have a leash and that his dog was well behaved. I told Ex(b)(6) it didn't matter, it was posted as a no pet area and we needed to get to the parking lot. As we made it to the woman's shower room area, I encountered another woman with a dog. I asked this woman to join us on a walk to the parking lot (refer to CI# 08-4264). While they both were arguing with me, Ex(b)(6) screamed out that it was a stupid law and something else and began to run up the stairs with his dog. I yelled for him to stop, but he continued. I stayed with the female and continued with that incident. Later on the wife of Ex(b)(6) returned to the parking lot and Ranger Hardin got the males name and address for this report. No further action has been taken.

	On May 21, 2008 at approximately 1230 hours, I was driving down the Bobcat Trail in the Marin Headlands, when I encountered a woman running with her dog. I stopped and contacted her for having a dog in an area that dogs are not allowed in. She identified herself as Ex(b)(6) of San Francisco, and said that she did not realize that dogs were not allowed on that trail. As she had only gone a short way on the Bobcat Trail from the Miwok Trail where dogs are allowed, I gave her a written warning and advised her to turn around and go back to the Miwok Trail. I cleared at approximately 1250 hours.

	At approximately 1400 hrs, May 26, 2008, I was on foot patrol on Stinson Beach. North of the tower on the beach, I observed a Golden Retriever on leash with a visitor at the water's edge. When I contacted the pet's owner, Ex(b)(6) she advised me that she was not aware that dogs were not allowed on the beach at Stinson Beach Park. Ex(b)(6) was informed of the section of Stinson Beach where dogs are allowed and issued a United States Department of the Interior National Park Service Warning Notice for violation of 36 CFR 2.15(A)(1) Area Closed To Pets. Ex(b)(6) departed the beach with his dog. "No Pets On Beach" signs are clearly posted at access points.

	Between 1230 and 1430 hrs, May 26, 2008, while on foot patrol on Stinson Beach, I made 4 separate contacts with visitors that had dogs on the beach. These visitors advised they were unaware that pets are not allowed on the beach. Two contacts were just as the visitors accessed the beach. These visitors were advised that dogs are not allowed on the beach at Stinson Beach Park and informed where dogs are allowed. The visitors were asked to exit the beach with their dogs. Compliance was achieved in all cases. All of the contacts were made on the central section of the beach with heavy visitation. "No Pets On Beach" sign are clearly posted at access points.

	On 06/10/08 at approximately 1558 hours, Ranger Eddy and I were on patrol of the Sweeney ridge area when we observed <b>Ex(b)(6)</b> walking along the asphalt road with his dog off leash. Clearly posted signs advise pets are to be on leash at the entrance to the area. This is due to Sweeney ridge being a wildlife habitat full of large and small mammals. I contacted <b>Ex(b)(6)</b> and informed him to leash his pet and then requested identification. I conducted a computer check for wants, warrants and local file. The check returned clear and I issued a written warning for failure to leash his pet.										
	All units cleared at 1605 hours.

**SUMMARY:**

At approximately 1830 hours on 6/13/08 while patrolling the Tennessee Valley trail with Ranger M. Harrison, I observed a couple walking a dog heading towards Tennessee Beach. The Tennessee Valley Trail is an area closed to pets. I approached the couple and asked who owned the dog. Ex(b)(6), whom I identified by her California driver's license information, admitted to owning the dog. Ranger Harrison informed Ex(b)(6) that she had passed a sign at the trail head indicating that pets are prohibited on the Tennessee Valley trail. Ex(b)(6) responded that she was unaware of the pet prohibition on the trail. She added that she must have been talking with her companion when she passed the sign and that is the reason she did not notice it.

Ex(b)(6) was issued a written warning for 36 CFR 2.15(a)(1) - Pet in a prohibited area.

	<b>SUMMARY:</b>											
	On the morning of June 15, 2008 at approximately 1010 hours I observed a man walking with a dog off leash on the Alta Trail in the Marin Headlands. I contacted the man and informed him that his dog needed to be on a leash. Shortly after I broke contact with the man I realized that dogs were not permitted in the area of the Alta Trail where I had just contacted the man.											
	I re-contacted the man and identified him as Ex(b)(6) by his California drivers license Ex(b)(6) I explained to Ex(b)(6) that he was in an area closed to dogs. Ex(b)(6) became agitated and began talking to his dog. Ex(b)(6) stated several times "he would rather shoot us as talk to us" to his dog. I disregarded Ex(b)(6) statements and issued him one citation for dog in a closed area.

	<p>On 06/10/08 at approximately 1625 hours, Ranger Eddy and I were on patrol of the Sweeney ridge area when we observed <span style="background-color: black; color: black;">Ex(b)(6)</span> walking along the asphalt road with his dog off leash. Clearly posted signs advise pets are to be on leash at the entrance to the area. This is due to Sweeney ridge being a wildlife habitat full of large and small mammals. I contacted <span style="background-color: black; color: black;">Ex(b)(6)</span> and informed him to leash his pet and then requested identification. I conducted a computer check for wants, warrants and local file. The check returned clear and I issued <span style="background-color: black; color: black;">Ex(b)(6)</span> a written warning for failure to leash his pet.</p> <p>All units cleared at 1628 hours.</p>

	On Sunday 06 July 2008 at approximately 1425 hrs., while on patrol in Fort Baker, I observed an unleashed black dog chasing a ball on the Parade Ground. A white male, later identified as Ex(b)(6) was throwing a ball for his unleashed dog using a ball throwing stick. I identified myself and asked him to leash his pet. Ex(b)(6) was compliant and stated he was unaware the dog had to be on leash. Ex(b)(6) was visiting a lodge employee who suggested he play with the dog on the Parade Ground. Ex(b)(6) was issued a warning for violation of 36 CFR§2.15 - "unrestrained pet." I advised him of NPS pet permitted areas and cleared at 1440 hrs.

**SUMMARY:**

On 7/6/08 at approximately 1440 hours while on patrol with Ranger C. Marin on Tennessee Valley Beach, I observed a black dog on the beach. The Tennessee Valley Beach and Tennessee Valley trail leading to the beach are areas prohibited to pets. I approached a woman with the dog and identified her as Ex(b)(6) by her California driver's license information. Ex(b)(6) stated that the dog belonged to her. She added that she did not see the two signs at the Tennessee Valley trailhead, where her vehicle was parked, indicating that the area is closed to pets.

Ex(b)(6) was issued Violation Notice #K103588 for 36 CFR 2.15(a)(1) - Pet in Prohibited Area.

**SUMMARY:**

On 7/13/08 at approximately 1530 hours while on patrol with Ranger C. Marin on the Tennessee Valley trail, I observed a man and woman walking a dog on the trail. The man was carrying a small dog. The Tennessee Valley trail is an area prohibited to pets. I stopped the couple and asked who was the owner of the dog. The female subject, whom I identified as Ex(b)(6) by her CA driver's license information, stated that she was the dog's owner. Ex(b)(6) stated that they had originally had been walking their dog on a different trail, then mistakenly took the wrong junction and ended up on the Tennessee Valley Trail. I provided Ex(b)(6) with a map of the headlands indicating which trails one can legally bring a dog.

I issued Ex(b)(6) a written warning for 36 CFR 2.15(a)(1) - Pet in a prohibited area.

	On 07/13/08 at approximately 1015 hours, I was on patrol of the Sweeney Ridge trail near the intelligence building when I noticed a female subject walking with her pet off leash. Sweeney ridge is a wildlife area containing numerous protected species and has clearly posted signs at all entrances advising visitors to leash pets. I contacted the subject later identified as [REDACTED] and asked if the pet belonged to her. She stated that it did. I informed her that pets needed to be on leash in the area and had her leash the dog. I then told that it was a citable offense and requested her identification. [REDACTED] stated that she did not have any, so I gathered her name and date of birth. [REDACTED] replied, "What do you need that for, are you writing me a ticket!" I told her that I was and informed her that her entrance to the lands behind Skyline college has clearly posted signs advising leash your pet. [REDACTED] continued stating that she has property like this near her house and that the rangers never cite her. She went on to say that her pet never leaves her side and that she deserved a warning like the warning cites she observed in my patrol car. I finished writing the citation and had her sign the cite. She asked my name and if she could go to court to fight it. I gave her my name and directed her to the instructions on the back of the citation. She stated she would see me in court. I obtained a case number and cleared at 1029 hours.

	<p>On 07/19/08 at approximately 1020 hours, I was driving west bound on the Baquiano trail when I observed a male subject with both of his dogs off leash. Upon seeing me, the subject quickly leashed the pets. I made contact with the subject later identified as Ex(b)(6) and asked if the pet belonged to him. He stated that there were his. I then asked him if he was aware there was a leash law for pets in the area and from what location did he enter the park. Ex(b)(6) stated that he did notice the sign and had in fact leashed the pets all the way up to the ridge, but took them off because no one was in the area. Ex(b)(6) later stated that he entered at the Sneath lane gate. I gathered his identification and conducted a computer check. The check returned clear and I informed Ex(b)(6) that I was issuing a citation for the violation. I later reiterated to him the threat off leash pets posed to large and small wildlife in the area.</p>

	<p>On 07/19/08 at approximately 0808 hours I was on foot patrol of the Mori Point area when I noticed a male subject later identified as [REDACTED] Ex(b)(6) walking with his pet off leash on the ridge. I stopped him and he politely greeted me. He made no effort to leash his pet. I asked him if the pet belonged to him and he stated that it did. I then told him that pets needed to be on leash and asked if he had a leash for the dog. Looking shocked, he quickly grabbed his leash and leashed his dog. [REDACTED] Ex(b)(6) stated that it was his first time to the area and he must have passed the sign on his way from the Moose head lodge. I gathered his identification and conducted a computer check for wants. The check returned clear and I informed [REDACTED] Ex(b)(6) that I was issuing him a written warning for the violation. I also told in that he was now in the local file managed by the department, and if caught with the pet off leash, he could be cited. He stated that he understood and I cleared at 0814 hours.</p> <p>I later told [REDACTED] Ex(b)(6) of locations in the park where pets could be off leash.</p>

Ex(b)(6) stated further that she entered the park at the shell dance nursery and had viewed the pet leash sign at the entrance. I gathered her identification and informed her that off leash pets pose a threat to the wildlife in the area. I conducted a computer check for wants and warrants and informed Ex(b)(6) that I was issuing her a citation for the violation. 	On 07/19/08 at approximately 1045 hours I was driving south bound on the Sweeney Ridge fire road when I observed a male subject quickly leash his unleashed dog. The area of Sweeney ridge is a wildlife haven containing numerous large cats, small mammals and birds. Clearly posted signs are placed at all legal accesses to the park advising subjects that pets are to be on leash. I contacted the subject later identified as Ex(b)(6) and asked if the pet belonged to him. He told me it did. I later asked if he was aware that pets needed to be on leash and from what location did he enter the park. Ex(b)(6) told me that he did see the sign informing him to leash his dog as he entered the park at Sneath lane, but decided to take the pet off leash in the area due to no other subjects being around. I gathered his identification and conducted a computer check. The check returned clear of any wants and I issued a citation for 36 CFR 2.15 a2, failure to leash pet. I cleared at 1051 hours.

On July 20, 2008, at approximately 1535 hours, I was patrolling the Wildlife Protection Area of Crissy Field. During my patrol, I contacted dog owners of eight dogs that were in violation of the closure to dogs off leash in that area. All of the violators were given verbal warnings and all complied with my order to leash their dogs. During my patrol I also observed approximately 20 dog walkers whose dogs were on leash. I cleared the area at approximately 1600 hours.

**SUMMARY:**

On 7/24/08 at approximately 0925 hours while on Ocean Beach near Judah St, I observed a woman walking an unleashed dog on the beach. This section of Ocean Beach requires pets to be leashed due to the Snowy Plover protection area. I stopped the woman and identified her as Ex(b)(6) by her California driver's license information. Ex(b)(6) stated she was unaware of the dates when the leash law went into effect due to the Snowy Plover season.

Ex(b)(6) leashed her dog and I issued her a written warning for 36 CFR 1.5 (f) – Public Use Limits: Leash Law and entered her into the "Local Offender" file.

	At approximately 1030 hrs, July 27, 2008, I was driving a marked ranger sedan in the Tennessee Valley parking lot when a visitor approached me complaining of a dog with a visitor on the Tennessee Valley Trail. I made contact with Ex(b)(6) with a leashed black and white long haired dog, west of the parking lot, at approximately 1108 hrs. I explained to Ex(b)(6) that Tennessee Valley Trail is a wildlife area and pets are not allowed. A sign to this effect is clearly posted at the parking lot. Ms. Ex(b)(6) walked near this sign when she left the parking lot with her dog. Ex(b)(6) claimed she did not see the sign because she was engaged in conversation with friends when she passed the gate. She was issued US Dept of the Interior, NPS Warning Notice for violation of 36 CFR 2.15(a) (1) "Area Closed To Pets". Ex(b)(6) was released and she departed the area. Ex(b)(6) checked clear for wants and warrants.

	On Sunday 03 August 2008 at approximately 1800hrs., while on patrol at the south lot of Stinson Beach I observed a white male, later identified as Ex(b)(6) with his leashed dog walking on the south rocks trail. When his dog, a Cane Corso mastiff, lunged at me I prepared to draw my service pistol and ordered him to grab his dog. Ex(b)(6) quickly brought the dog close and controlled her. Keeping my distance, I explained the violation and requested his I.D. Ex(b)(6) stated he did not have it with him but provided verbal information. He stated he was on the trail picking up trash. Ex(b)(6) was issued a warning for violation of 36 CFR§1.5(f) - "Closure Violation." Clear at 1620 hrs.

	On 08/09/08 at approximately 0815 hours, I was on foot patrol of the Mori Point area when I noticed a male subject walking off trail along the hillside. I later observed a large white dog come out the bush line off leash. Once I contacted the subject later identified as Ex(b)(6) I later learned the pet belonged to him and requested that he leash the dog. An investigation revealed the Ex(b)(6) was a frequent user of the Mori Point area. Constant walks were conducted in the area with his pet. I informed Ex(b)(6) that the lands in the area belonged to the National Park Service and that strict regulations prohibited pets off leash. I gathered his identification and conducted a computer check for wants, warrants and local file. The check returned clear of any wants and I informed Ex(b)(6) that I would be issuing him a written warning for the violation. The written warning was issued and I cleared at 0823 hours.

30 DETAILS OF INCIDENT  
 At approximately 1726 hours on 8/21/08 I was dispatched to Muir Beach to investigate a telephone report of a dog incident. On arrival in the parking lot I met with Ex(b)(6) who told me that at about 1430 hours he had a run-in with an aggressive dog while on the beach. Ex(b)(6) stated that he was walking by a man with a tan and brown dog when the dog jumped at him and grabbed his right arm with its mouth. Ex(b)(6) further stated that the dog was not leashed and that the man, a white male in his fifties with short blonde hair, spoke only to his dog and left the area.

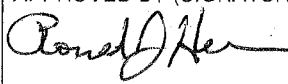

I inspected Ex(b)(6) right arm. There was one small hole in the sleeve of his sweater. There were also two light-colored marks on his forearm but no redness, bruising or broken skin. Ex(b)(6) stated that he was fine and saw no need to seek medical attention.

Ex(b)(6) told me that he was aware of other similar incidents involving the same man and dog on Muir Beach but was unable to provide any more identifying information.

I checked the area but saw no one matching the description given by Ex(b)(6) and cleared the area at about 1815 hours.

On August 23 2008, at 0915 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed an off leash dog at Judah. Off leash pets are not allowed in the Snowy Plover Protection Area. The only individual on the beach in the proximity to the dog was an Asian male later identified as [REDACTED] Ex(b)(6). I approached and asked [REDACTED] Ex(b)(6) if the dog was his. [REDACTED] Ex(b)(6) replied "yes". I asked [REDACTED] Ex(b)(6) if he was aware of the leash regulation and he stated "no". [REDACTED] Ex(b)(6) immediately leashed his dog when I instructed him to do so. Park Dispatch indicated negative wants/warrants and no local file history for [REDACTED] Ex(b)(6). I issued [REDACTED] Ex(b)(6) a warning and cleared at approximately 0930 hrs.

The woman identified herself as Ex(b)(6) of Mill Valley. When I began to talk to the woman I recognized her as someone who I had given a verbal warning for having a dog off leash on the Miwok Trail the previous week. When I told Ex(b)(6) that dogs were not allowed on the Marincello Trail, she said that she knew that but that her dogs had been accosted the previous day on the Oakwood Valley Trail and she wanted to take them someplace where there were not other dogs. I advised Ex(b)(6) where other legal dog trails are in GGNRA, and cited her for violation of 36CFR2.15(a)(1) Possessing a Pet in an Undesignated Area. **SUMMARY:** On 08/30/08 at approximately 1330 hours while on back country patrol of the Coastal Trail, I observed a white-male-adult later identified verbally (by his California driver license Ex(b)(6) as Ex(b)(6) walking with an unleashed medium sized light colored dog. The dog was at least thirty feet away from Ex(b)(6) as he walked northbound on the trail. I contacted Ex(b)(6) requested he leash the pet, and advised him of the regulation. Ex(b)(6) stated that it was his first time to the area, had walked from the voice control beach area, and was confused of the regulation. I gave Ex(b)(6) an NPS map of the area which illustrated the designated areas. Ex(b)(6) was compliant during the contact.

**I issued Ex(b)(6) a written warning for 36 CFR 2.15(a)(2) – Leash Law.**

I was clear at 1335 hours.

I made contact with subject later identified as Ex(b)(6) and informed him to leash his pet. He complied and I introduced myself. I later questioned his entry in to the park and requested some form of identification. Ex(b)(6) produced a driver's license to which I conducted a computer check for wants and warrants. I also had communications conduct a local file check. The checks from both sections returned clear and I issued Ex(b)(6) a written warning for the violation. I reinforced the importance of his pets remaining on a leash while in the park and stressed the real possibility of receiving a citation if the pet was caught off leash in the future. Ex(b)(6) stated that he understood and I cleared at 1310 hours.	90 STL	91 REC	92 PROP	93 VALUE

	On 09/09/08 at approximately 0810 hours, I observed Ex(b)(6) walking along the main path of Mori Point with his two dogs off leash. As I approached Ex(b)(6) he leashed his pet and continued to walk on the path. I stopped Ex(b)(6) introducing myself and informing him that the pets are to remain on leash while on park property. I asked if he passed the sign at the entrance to the park by the Moose Lodge. He stated that he did, but he always noticed pets off leash and did not think the regulation was enforced. I requested his identification and conducted a computer check/ local file check. The check revealed no prior contacts and no wants. I told Ex(b)(6) that Mori Point was part of Golden Gate National Recreation area, a National park and all regulations were to be followed. I also told him that because others chose to ignore the regulation did not validate his excuse. I issued him a written warning for the violation and cleared at 0815 hours.

On September 14 2008, at 0846 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed an off leash dog at Judah. Off leash pets are not allowed in the Snowy Plover Protection Area. The only individual on the beach in the proximity to the dog was white female later identified as *Ex(b)(6)*. I approached *Ex(b)(6)* and asked if the dog was hers. *Ex(b)(6)* replied "yes". I asked *Ex(b)(6)* if she was aware of the leash regulation and she stated "no". *Ex(b)(6)* immediately leashed her dog when I instructed her to do so. Park Dispatch indicated negative wants/warrants for *Ex(b)(6)* and that she had a suspended California driver's license (suspended 08/03/08 133532 DUI, 08/12/08 133532 DUI). *Ex(b)(6)* stated she had no license in her possession and she was verbally advised of the suspended license. I issued *Ex(b)(6)* a warning and cleared at approximately 0900 hrs.

	On 09/14/08 at approximately 1035 hours, I was on foot patrol of the Mori Point area, when I observed a family of three walking with their dog off leash. The area of Mori Point is a leash required section of Golden Gate National Recreation area and tends to have a high rate of off leash violations. I made contact with the family and introduced myself as an officer with the National Park Service. I had the child leash the pet and continued my conversation with the father, later identified as Ex(b)(6). I informed Ex(b)(6) that Mori Point was part of the National Park Service system and at all times, he was to maintain physical control of his pet while on the land. I issued him a written warning for the violation and cleared, making sure that his information was entered into the local file. A computer check for wants was conducted later in the day.  I later conducted a hike around the area of Mori Point to check on signage and park boundaries. Ex(b)(6) stated that he did not see any signs at the south east corner of the park; his point of entry.

	While patrolling on Bunker Road near Lamoraux Street at approximately 9:00 AM, I (David Tam, I.D. #906) was notified by Supervisory Ranger Kim Coast that she saw an un-leashed dog in the Rifle Range area. I responded to the Rifle Range where I found an un-attended white sport-utility. A dog was contained in a pet carrier in the rear of the sport-utility. I located the driver (identified by CA DL as [REDACTED] Ex(b)(6) of the sport utility nearby at approximately 9:05 AM. [REDACTED] Ex(b)(6) was walking with a dog that was not under leash control. I contacted [REDACTED] Ex(b)(6) and advised him of his violation and then issued him a violation notice under 36 CFR 2.15(a) (2) ("Failing to restrain on a leash which shall not exceed six feet in length"). There are signs posted in the area advising visitors that pets must be leashed at all times. I released [REDACTED] Ex(b)(6) from the scene and resumed my patrol at approximately 9:15 AM.

On September 28, 2008 at approximately 1540 hours Ranger Harrison and I were on bike patrol in Tennessee Valley on the Old Springs Trail. I observed two individuals coming up the trail from Tennessee Valley with a dog on a leash. Dogs are not allowed on the Old Springs Trail and the trailhead has signs warning of the restrictions. I contacted the male individual and identified him through his California identification card as Ex(b)(6). I informed Ex(b)(6) that dogs were not allowed on the Old Springs Trail and Ranger Harrison provided him with a map of the Marin Headlands detailing the areas where dogs are allowed. Ranger Harrison and I then gave Ex(b)(6) a verbal warning, recorded his information, and cleared the scene.

On October 4<sup>th</sup>, 2008 at approximately 1600 hours Ranger Harrison and I were on foot patrol at Ocean Beach between Pacheco and Rivera Streets. Ranger Harrison and I contacted six separate individuals with their dogs off leash. The area between Stairwell 21 and Sloat Street is designated as a Snowy Plover protection area and dogs are required to be on leash in that area. We gave the dog owner's verbal warnings for the violation and recorded their information for the Golden Gate National Recreation Area local file. The two individuals listed above were contacted along with Ex(b)(6)

On Sunday 12 October 2008, at approximately 1010 hrs., while on patrol in Fort Baker, I observed a white male, later identified as Ex(b)(6) taking two dogs out of his vehicle on Murray Circle. While I watched, Ex(b)(6) placed his dogs on leash. I drove out of sight and returned approximately four minutes later. Ex(b)(6) was now walking across the Parade Ground and had removed the leash from one dog and let go of the other's leash. I walked towards him calling out to him multiple times. He eventually acknowledged me and then attempted to follow my direction to gain control of his pets. Both were running around.

ITEM 7 RESULTS OF INVESTIGATION

- continued -

One of his dogs came running at me forcing me to shout, "Is he friendly?" Ex(b)(6) gave the standard reply, "Of course." The other dog was attached to a rope approximately 30 feet in length. After several calls to his dog he was able to get it on leash. Once that was completed I asked for his identification. Ex(b)(6) was less than enthused and again reluctant to comply but finally produced his wallet. I then asked him to remove his ID from his wallet which he then did.

I advised him that the area is part of the NPS and subject to leash law. Ex(b)(6) told me he had been coming to the area with his dogs for over twenty years without any problems. I asked him if he was aware of the leash regulation. He tried to question me about where were the signs. I asked Ex(b)(6) if he had ever been warned or spoken to by a Ranger regarding the leash law. Ex(b)(6) stated no one had ever stopped him.

I advised Ex(b)(6) that I needed to speak with him at his vehicle. Ex(b)(6) told me he was planning on walking his dogs. I told him that would be alright but he could do it after we had concluded our business. I told him he was to walk over to his car and we would finish up there. I returned to my vehicle at the foot of the Parade Ground and drove 150 yards over to his car parked on Center road. Ex(b)(6) started to walk towards his car.

I ran his plates and his license with dispatch and begin writing the violation notice. It was then that I noticed Ex(b)(6) was walking the opposite direction. I again called out to him several times before he acknowledged me. I ordered him to come over to my location. When he got to his car he started to argue the leash law. I told him the regulations were posted on our website at [WWW.NPS.GOV/GOGA](http://WWW.NPS.GOV/GOGA) and also in our brochures and in various locations on signs. Ex(b)(6) told me since there were no signs on the Parade Ground I could not write him a ticket.

Ex(b)(6) was belligerent and loud, walking up on me as if he wanted to argue. Twice Ex(b)(6) was told to step out of the road and stay at the front of my vehicle. Both times he expressed displeasure and disbelief that I would be telling him what he could and couldn't do. I again advised him of the nature of the violation, the rules and regulations and the areas where he was welcome to have his dogs off leash. I advised him he was not being stopped from walking his dogs but they must remain on leash at all times while in Fort Baker.

I then issued Ex(b)(6) Federal Violation Notice #K102886 for violation of 36 CFR§2.15(a)(2) - "failing to restrain a pet (pet off leash) with an explanation of the fine and how to process it in the mail or through court.

Ex(b)(6) stated he would fight it and I would lose. He told me it was ridiculous as there were no signs. Ex(b)(6) then asked me if I would be in court so he could waste my time there as well.

I asked if he had any questions regarding the citation, Ex(b)(6) informed me he would see me in court.

Clear at 1035 hrs.

<p>On 10/12/08 at approx. 1356 hours, park dispatch advised me that park volunteers working for the resource management division had called them on the radio to report a woman with a dog in a closed area along the high point of the Drown Fire Road in Fort Baker. The area along the fire road is fenced and signed as closed for the protection of the federally endangered Mission Blue Butterfly. Ranger C. Corey and I were already positioned along a lower portion of the Drown Fire Road to keep people watching the annual Fleet Week Air Show from entering the protected area. Upon receiving the dispatch we started heading up the fire road when we saw a dog coming down the road dragging its leash on the ground behind it. A woman farther up the road came around the bend and when she saw us, she shouted, "Are you here because of me?" I asked her what was going on. She looked at me and asked, "Who hired you, and who hired those other people." I presumed she was referring to the park volunteers. I explained that we were with the NPS, and that the area along the road beyond the fences was closed for endangered species protection. We then listened to her increasingly emotional outburst where she informed us that she was [REDACTED] Ex(b)(6). She said that she and her husband had hiked to the high point for years—she expressed skepticism about whether that area was under NPS jurisdiction—she wanted to know why we were carrying guns, and she stated that we ought not be carrying guns into such a serene place—she said she had donated large sums to the NPS over the years—she stated she knew Superintendent O'Neill, and that she intended to complain about our actions. She continued on her way down the road with her unrestrained dog ahead of her. At no time did we even detain or ID her for any violations of law. Clear, 1405 hours.</p>

	<p>On 10/13/08 at approximately 1535 hours, Ranger Leone and I were conducting a foot patrol along the Marshall's beach area below Fort Scott, when we came across a male subject with his pet dog "Halo". The beach area is closed to pets and clearly signed as such at the entrance to the Battery to Bluffs trail down to the beach. I informed the subject, later identified as Ex(b)(6) that pets were not allowed in the area hence the large no pet sign at the entrance to the trail. Ex(b)(6) stated that he did not see the sign and immediately pleaded not to be issued a citation because he could not afford it. I requested a form of identification and I conducted a check for wants and warrants. Communications later informed me that Ex(b)(6) had two outstanding warrants from Florida that were non-extraditable. I informed Ex(b)(6) of his outstanding warrants and that it would benefit him to handle those sooner than later. I then issued him a written warning for the pet in a closed area and had him vacate the beach with his pet. Ranger Leone and I cleared at 1550 hours.</p>

	<p>On 10/18/08 at approximately 0830 hours, I conducted a 4x4 patrol of Ocean Beach's wildlife protected area (stairwell 21 south to Sloat) and encountered 9 different subjects with their pets off leash. The wildlife area has an endangered species of snowy plover and clearly posted signs at all legal accesses, inform visitors to leash pets in the wildlife closure. I individually informed visitors that the area was a seasonal closure and pets were to be on leash between the month's of July to May. All verbal warning were received with out incident from the visitors and the one subject that did not have a leash, was ordered off the beach at Noriega avenue. I cleared the patrol at 0930 hours.</p>

On Monday, October 20, 2008 at 1315 hours I observed a WFA hiking with a dog on a hillside west of Alta Ave. near the intersection with the bobcat Trail. This area is closed to pets and is clearly marked with signs posted at all access points and at all intersections of trails.

I contacted the individual who identified herself as **Ex(b)(6)** of San Francisco. **Ex(b)(6)** stated she thought the signs said "Pets on Leash" and offered to show me the sign at Alta Ave. and Rodeo Fire Trail. We went to the sign and found that it said "NO PETS" and also had an international logo for pets with a red slash through it.

I issued **Ex(b)(6)** a Violation Notice #0894735 for **36 CFR §2.15, Possess a pet in an area designated as closed to possess of pets by the Superintendent.** I also provided **Ex(b)(6)** with a map of the park and directions to legal pet trails nearby.

Clear at 1325 hours.

	<p>On 10/21/08 at approximately 1427 hours, I was on foot patrol Mori Point area when I contacted a male subject with his pet off leash. The subject, later identified as Ex(b)(6) was ordered to leash his pet. I asked Ex(b)(6) if he was a frequent user of the Mori area and if he was aware of the leash law. Ex(b)(6) stated that used Mori point somewhat and was aware of the leash policy. He later went on to say he unleashed the pet in order for it to use the rest room, but upon contact with him, the pet was walking off leash. I requested his identification and conducted a computer check for wants and warrants. The check returned clear of any wants and I issued one cite for 36 CFR 2.15a2- failure to leash pet. I also, informed Ex(b)(6) that all GGNRA properties in San Mateo county were leash required.</p> <p>At 1543 hours, I noticed I wrote the incorrect collateral for the citation( K105983) issued to Ex(b)(6) I called Ex(b)(6) and left a message informing him that the total collateral should be \$75.00 and not \$125.00.</p>

The subject, later identified as Ex(b)(6) continued to walk toward my patrol car with the pets unrestrained. I stopped her and had her leash her pets. I then asked her if she was aware that the pets were to be on leash. Ex(b)(6) stated that she saw the leash pet sign at the entrance of Sneath lane, but was informed by her friend that she could "train" her pets here at Sweeny Ridge. I requested her identification. Ex(b)(6) replied, "Is that really necessary... can you just give me a warning!" I asked her a second time and received a name and date of birth. I explained to Ex(b)(6) that GGNRA properties in San Mateo County were all leash required. Those area were wildlife habitats with numerous large and small inhabitants. Pets were to on leash at all times. While I conducted a wants and warrants check, Ex(b)(6) stated two of her pets were leashed with leashes dragging in the ground while the other two were under electronic control. The wants check returned clear and I issued Ex(b)(6) a citation 36 CFR 2.15a2 for failure to leash pets.</p> <p>At 1544 hours, I called Ex(b)(6) to inform her that the total collateral of \$125.00 was incorrect and the correct total collateral of \$75.00 was correct.</p>

On 10/21/08 at approximately 1147 hours, I was driving into Milagra Ridge for a patrol of the area when I noticed two subjects walking their pets off leash on the trail. Milagra Ridge is a wildlife habitat containing several endangered species and wild coyotes. The area is also signed "leash pets" and posting indicating constant coyote sightings. When the subjects noticed me driving into the area from a distance of 50 yards away, they quickly leashed the dogs and continued walking on the trail. I decided to turn around and meet them back at the trail head where their car was parked.

They arrived approximately 3 minutes later and I made contact with a male subject later identified as Ex(b)(6) who claimed ownership of the pets. Ex(b)(6) advised that they were taking a chance by taking their pets off leash, and was aware there was a leash law in place. I gathered his identification, conducted a computer check for wants and I issued him a citation for failure to leash pet. The computer check returned clear of any wants and I cleared at 1159 hours.

At 1545 hours, I made a call to Ex(b)(6) and advised that I issued the wrong collateral for the violation and advised him of the correct \$75.00 total collateral.

ITEM 7 RESULTS OF INVESTIGATION

On October 23, 2008, at approximately 1300 hrs, I received a report from Park Dispatch of an assault that had just occurred at Ft Funston. I responded to Ft Funston with Park Police Sgt. Todd Roth and Park Ranger Mark Warmerdam; arriving to Ft Funston at approximately 1308 hrs.

At Ft Funston I contacted three of the individuals, (identified as Ex(b)(6) Ex(b)(6) Ex(b)(6)) reportedly involved in the incident. Ex(b)(6) indicated that at approximately 1250 hrs his daughter, identified as JUVENILE, was playing in the surf on Ft Funston beach when a dog "knock his daughter down in the surfline and climb on top of her". The dog, according to Ex(b)(6) had its "mouth around" his "daughter's shoulder". Ex(b)(6) then apparently physically removed the dog and "shouted for the dog owner twice". It was at this point the dog's owner, later identified as Ex(b)(6) approached and demanded that Ex(b)(6) release the dog. Ex(b)(6) stated he would not release the dog "until the police arrived". Ex(b)(6) and Ex(b)(6) both indicated a similar version of events up to that point. Ex(b)(6) indicated that Ex(b)(6) then physically grabbed the JUVENILE by the neck. Ex(b)(6) then stated she slapped Ex(b)(6) in the face. Ex(b)(6) stated Ex(b)(6) hit her in the back. Ex(b)(6) stated he then put Ex(b)(6) into a "bear hug". All individuals then apparently stopped their assaultive behavior.

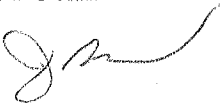

I asked the Ex(b)(6) if anyone had received any injuries. Ex(b)(6) showed me scratches on her left abdomen that she claimed were inflicted by Ex(b)(6) and I observed obvious redness to Ex(b)(6) left forearm. Ex(b)(6) refused any medical care. Neither Ex(b)(6) reported any injuries. I asked Ex(b)(6) and Ex(b)(6) about their daughter (JUVENILE) and they stated she was currently O.K. Ex(b)(6) had indicated in her statement that at the time of the incident the JUVENILE had been "screaming".

Sgt Roth indicated that, during his interview with Ex(b)(6) her version of the events were similar except that Ex(b)(6) claimed she did not touch the JUVENILE. Sgt Roth indicated Ex(b)(6) refused to press any charges against the Ex(b)(6) Sgt Roth did issue Ex(b)(6) violation K103388 for 36 CFR 2.15 (a)(2), \$75.00 bail

The Ex(b)(6) refused to press any charges against Ex(b)(6)

All units clear at approximately 1430 hrs.

7 RESULTS OF INVESTIGATION

On October 24, 2008, at approximately 1659 hrs, I received a report from Park Dispatch of a dog vs. dog attack at Ft Funston. At approximately 1700 hrs, I located the reporting party, identified as Ex(b)(6) at the Ft Funston Ranger Station. Ex(b)(6) stated she had been walking her off-leash dogs on the Ft Funston beach when a "large Malamut" leaped onto one of her dogs (an Australian Shepherd identified as "Jake"), and was "growling and with teeth bared". Ex(b)(6) recognized the Malamute as "Kaykoa", a dog that Ex(b)(6) stated had "repeatedly attacked" both herself and Jake. The owner of the Malamute, later identified as Ex(b)(6) then apparently pulled his dog off of Ex(b)(6) dog. Ex(b)(6) stated that Ex(b)(6) yelled to his companion that the attack was due to Ex(b)(6) dog being "un-neutered". Ex(b)(6) stated she left the beach with her dogs and "came to the safety of" her "car" and "came to the ranger station". I asked Ex(b)(6) if either she or her dog was injured and she stated "no". Ex(b)(6) stated that similar events have been ongoing between her dog and Ex(b)(6) dog. Ex(b)(6) indicated to me that Ex(b)(6) vehicle (described as "a gray truck") was parked adjacent to the Hang Glider building. I left Ex(b)(6) with a witness statement and requested she stay at the ranger station.

Adjacent to the Hang Glider building I observed a gray Nissan truck with no front license plate. I waited at the truck for approximately 30 minutes before being approached by an individual identified as Ex(b)(6). Ex(b)(6) stated she witnessed the dog fight. Ex(b)(6) stated the fight was not "huge" and "ended quickly". Ex(b)(6) stated that Ex(b)(6) had told Ex(b)(6) that the attack had occurred because Ex(b)(6) dog was not neutered. Ex(b)(6) stated she had been walking with her two dogs and neither were attacked by Ex(b)(6) dog.

At approximately 1745 hrs I was approached by both Ex(b)(6) and his companion; identified as Ex(b)(6). Ex(b)(6) stated he was walking his dog "Kekoa" on the Ft Funston beach when he observed Ex(b)(6) and her dogs on the beach. Ex(b)(6) stated "our dogs do not get along" and the "Australian Shephard is not fixed". Ex(b)(6) stated he "ran to insure a fracas between the 2 dogs would not occur just before the dogs began to engage". Ex(b)(6) stated he "grabbed" his dog and that Ex(b)(6) made "no attempt to subdue her dog". Ex(b)(6) further stated that Ex(b)(6) "began screaming", "threatened to call the police" and that "police would go by" his "house this evening". Ex(b)(6) stated that neither he nor his dog was injured. Ex(b)(6) stated as well that similar events have been ongoing between his dog and Ex(b)(6). Ex(b)(6) also stated that he drives through the Funston parking lot to ensure that Ex(b)(6) is not there. Ex(b)(6) also prepared an independent statement that was similar to Ex(b)(6).

Both Ex(b)(6) and Ex(b)(6) decided to press charges against each other. I described the process to them and they stated they understood. I issued Ex(b)(6) violation K104796 for 36 CFR 2.34 (a)(4). I issued Ex(b)(6) violation K104798 for 36 CFR 2.34 (a)(4), \$275.00 bail

29. DETAILS OF INCIDENT

On 10/25/08 at approximately 0842 hours, communications advised me to respond to Fort Funston for the report of a seven year old dog bite victim. The victim would be sitting on a bench at the north end of Fort Funston. I responded from the ranger station to the area. Once on scene, I met the victim later identified as [REDACTED] Ex(b)(6), a 75 year old park visitor. According to [REDACTED] Ex(b)(6) a male subject had his two dogs near her dog and the dogs began to squabble. She stated, she raised her right leg to fend the dogs away from her as she sat on the bench. In the scuffle, one of the dogs belonging to the male subject, bit [REDACTED] Ex(b)(6) on her right leg in two places. I rendered care to [REDACTED] Ex(b)(6) injuries and transported her to her vehicle in the main parking lot of Fort Funston. While rendering aid, Ranger Warmerdam arrived on scene and gathered a suspect description of the male responsible for the injuries. While transporting [REDACTED] Ex(b)(6) she stated the male suspect asked her which if his dogs bit her. He then later walked away giving no information as to who he was or the status of his dogs medical records. Ranger Warmerdam did a quick check of the area for a white male adult approximately 45 yo, 140 lbs, 5'8", black fleecy jacket, tan hat with two black mixed breed dogs. No one fit the description.

I filled out a patient care report for [REDACTED] Ex(b)(6) and urged her to get medical help. [REDACTED] Ex(b)(6) stated she would take herself to Kaiser. I cleared at 0940 hours.

	On October 26, 2008 at 1803 hrs, I was driving a marked ranger sedan eastbound on Marine Dr, Ft. Point. I observed Ex(b)(6) walking westbound on Marine Dr. lot with a large brown dog off leash. When I contacted her I requested she leash her dog to which she advised that she did not have a leash with her. I provided Ex(b)(6) with a leash and she restrained her dog. She said she normally leashes her dog on Marine Dr. but forgot the leash today. A dog off leash at this time and location clearly creates a hazard. Ex(b)(6) was informed of the location of "voice control" areas in the park. She was issued a United States Department of the Interior, National Park Service Warning Notice and released. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort.

	At approximately 1725 hrs, October 28, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed <b>Ex(b)(6)</b> walking westbound on the beach with a small white dog off leash. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted <b>Ex(b)(6)</b> on the beach and requested he leash his dog. <b>Ex(b)(6)</b> complied. <b>Ex(b)(6)</b> said he was unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. <b>Ex(b)(6)</b> was advised of the leash requirements and issued United States Department of the Interior, National Park Service, Warning Notice. <b>Ex(b)(6)</b> was then released.

	On 10/28/08 at approximately 0733 hours I noticed a female subject at Pacheco Ave (Ocean beach) standing underneath a flock of western gulls throwing bread and bagels to the flying animals. While doing this, the subjects small dog was off leash running around jumping at the flying birds. I walked out the beach at Pacheco and contacted the responsible party later identified as Ex(b)(6) that she could not feed the birds in a national park and that her pet was to be on leash in the wild life closure. I asked Ex(b)(6) for identification so that I could conduct a computer check. I informed her that she was being cited for a wildlife closure violation. Ex(b)(6) stated that she knew she was being cited for the closure violation, but stated a verbal warning for the violation would be better because other dog walkers she met on the beach all received verbal warning for the violation. I informed her that she was being cited and awaited the computer check return from communications. The check returned clear and I issued her a citation for 36 CFR 7.97(d)(ii)-wildlife closure violation. I also her that if observed feeding birds again, she would be cited for the violation.

On 10/28/08 at approximately 0732 hours I noticed a large flock of bird immediately take flight in the wildlife closure of Ocean beach at Pacheco ave. I drove along the side walk from the Great Highway and noticed a subject with his small dog off leash. Upon seeing me in my patrol car on the sidewalk, the subject, later identified as Ex(b)(6) attempted to put distance between us by calling his dog and walking in the opposite direction on the beach. The dog failed come to Ex(b)(6) and I managed to get to the beach and make contact with the dog and Ex(b)(6) I asked him if he had a leash for his pet. He stated that he did not. I informed him that pet needed to be on leash hence the wildlife closure signs at all legal access to the beach. I gathered identification from him and conducted a computer check for warrants. Ex(b)(6) immediately asked me if he could get a warning for the violation. I informed Ex(b)(6) that he was responsible for knowing the locations where he could legally have his pets off leash. While I wrote the citation, his dog started to chase birds. I told him that pets were to be on leash to prevent that exact problem. The computer check returned clear and I issued one cite for 36 CFR 7.97(d)(ii) wildlife closure.

failure to leash pet in a wildlife protection area and harassing birds. Ex(b)(6) then stated that he did not agree with the regulation of leashing pets in the area because it was inconvenient for him drive his dogs to locations where they could be off leash legally. I also told him that the citations were a mandatory appearance in court because he was cited once before for the same violation committed today. I had Ex(b)(6) sign his citations and I cleared at 0825 hours.

(3) DESCRIBE PROPERTY AND ITS VALUE.  On 11/08/08 at approx. 1323 hours, park dispatch advised that the Tennessee Valley horse patrol had radioed in a report of two separate dog walkers along the Marincello Trail, a trail where dogs are prohibited as indicated on signs posted at trailheads, and on maps available at visitor centers in the park. Ranger Corey and I drove up the Miwok-Bobcat Trail from Bldg. T-1111 and connected with the Marincello Trail as it descended toward the Tennessee Valley parking lot. We encountered Ex(b)(6) with a dog on a leash on the Marincello Trail just uphill from the parking lot at Tennessee Valley. Ex(b)(6) said she was in the process of returning to the TV parking lot where she started after being informed by the horse patrol that her dog was prohibited on the trail. I explained to her that the sign at the trailhead provided the same information. Ex(b)(6) gave me her name and DOB which I radioed to park dispatch. They located a DMV record for Ex(b)(6) with matching physical descriptors. I gave Ex(b)(6) a park map indicating where dogs were allowed, and I gave her a verbal warning for the violation. We met up again as we passed through the fire gate at the parking lot and Ex(b)(6) took note of the sign with the trail regulations posted on it. She commented that the size of the icons describing the regulations were too small to be easily noticed. Clear, 1350 hours.	90 STL	91 REC	92 PROP	93 VALUE

	On November 9, 2008 at approximately 1216 hours I arrived at the Tennessee Valley trail gate and drove in. While enroute to the stables to meet with the horse patrol staff I saw two visitors walking a small dog on leash an estimated 200 yards inside the gate. I waited on the trail until they arrived at my location. I advised them pets were not permitted in the area. The area is signed and posted at the entrance where they said they parked their vehicle. I requested ID. The male produced a California Driver's License identifying himself as Ex(b)(6). The female was not identified. I informed Ex(b)(6) that I would be issuing them a violation notice for having a pet in a closed area. They then asked if I could issue a warning because they did not take the dog to the bird sanctuary. I assumed they were speaking about the pond near the beach. I told them I would be issuing a violation notice because the area is clearly posted, signed at the entrance and that the Tennessee Valley trail has been closed to pets consistently. Violation notice issued is 0894710 for pets in a closed area. No further action taken.

On November 9, 2008 at approximately 1218 hours while on duty along the Tennessee Valley trail enroute to the horse patrol stables, I saw two park visitors an estimated distance of 200 yards walking a small dog on leash. This area of the park is signed & posted no dog allowed. I waited for the male/female to arrive at my location. I informed them that the area does not allow pets and it is posted as such at the entrance. The male/female said they parked in the main parking lot across from the trail entrance. The white male was identified by his CDL as <sup>Exp(b)(6)</sup> I issued him violation notice 0894710 for 36CFR 2.15 having a pet in a closed area.

	On November 10, 2008 at 1221 hours I arrived at the Tennessee Valley trail gate enroute to the horse stables. I was approached by two park maintenance employees, D. Crandall and Dante Zedd. They told me that a white female with a dog had walked to the beach. Zedd said he made contact with the female at the entrance gate where he was working on the near toilets. He informed the female but she ignored him and walked onto the trail. This area is posted at the entrance no pets allowed. Crandall said he spoke with the female later and advised her that pets were not allowed and that she could be cited by a ranger. The female continued onto the beach where I made contact with her. Ex(b)(6) was identified and issued violation notice 0894712 for having a pet in a closed area. I then had Ex(b)(6) leave the area. No further action was taken.  End report

At approximately 1346 hours on 11/13/08 While driving west on Bunker Road, I observed a remote controlled model airplane flying in the area of the Presidio Riding Club. Pursuant to the 36CFR 1.5, the Superintendent's Compendium for Golden Gate National Recreation Area limits the operation of model airplanes to the area along Highway 1 north of Muir Beach Overlook and the Fort Funston Hang glider deck. As I paralleled Smith road on Bunker Road, I saw a male subject, later identified as Ex(b)(6) via his California driver license, looking up toward the airplane with a remote control in his hands. As I pulled in to Smith Road I also observed a small brown dog, near Ex(b)(6) that was off-leash. According to the Code of Federal Regulations, and the GGNRA 1979 Dog Policy, pets are required to be leashed in this area. I made Contact with Ex(b)(6) to advise him of these regulations. Ex(b)(6) was verbally hostile toward my presence. I identified Ex(b)(6) and released him with two verbal warnings.

	On November 17, 2008 at 1220 hrs, I was on patrol in the Ft. Point parking lot when I observed Ex(b)(6) walking in the parking lot with her dog off leash. When I contacted her, I requested that she leash her dog. She said her leash was in her car at the parking lot. I provided Ex(b)(6) with a leash for her dog and explained the leash regulations. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort. Ex(b)(6) was issued a United States Department of the Interior, National Park Service Warning Notice for this violation, informed of "voice control" areas and released.

	On 11/19/08 at approximately 1440 hours, I observed a female subject walking into the Mori point area with her two pets off leash. The subject later identified as Ex(b)(6) walked on the upper trail and was told to leash her pets as she walked onto the newly restored section of trail. I was a great distance from her and yelled out to her to leash the pets. Ex(b)(6) leashed her pets and walked up the hill. I walked out to my car parked at the Moose lodge, but realized that I forgot to give something to an employee and re-entered the park via the main road behind the homes boarding the park. As I came to the junction approximately 10 minute later, I heard some one on the trail above me. A closer investigation revealed that it was the same woman ( Ex(b)(6) now walking away from the junction with her dogs back off leash. I called out to Ex(b)(6) and had her wait so I could speak with her. I introduced myself and asked if there was something that was misunderstood about my order to leash her pets. Ex(b)(6) stated that she did have her pets on leash, but was lead to believe that the trail above the trail boarding the homes, was not park property. I corrected her and requested identification. Ex(b)(6) then stated that one of her pets was a service dog. An investigation showed service tags on the dog. A computer check returned clear and I issued a written warning for the violation.

	On 11/21/2008 at approximately 1558 hours, I contacted a woman walking with her dog on Crissy Field in the Wildlife Protection Area. Her dog was not on a leash as is required by park regulations. She identified herself as Ex(b)(6) of Oakland, California and a computer check of her driver's license came back clear. Ex(b)(6) said that she was visiting Crissy Field for the first time, and did not realize that dogs had to be leashed in that area. I explained the regulation to her and issued her a warning notice for violation of 36CFR 7.97(d)(i) Dogs - Snowy Plover Area. I advised her that her name would remain in the local file and that if she was contacted again for the same violation, she would receive a citation. I cleared at approximately 1615 hours.

	At approximately 0909 hours on 11/22/08 while on foot patrol in the area of Ocean Beach at Judah ST, I observed a female subject on the beach with a dog that was not leashed. From July 1 to May 15, pets are required to be leashed on Ocean Beach between stairwell 21 and Sloat BLVD in order to protect the western snowy plover, a federally listed threatened shorebird. I contacted [REDACTED] Ex(b)(6) for violating the leash restriction and identified her via verbal information which she provided. [REDACTED] Ex(b)(6) corrected the violation by placing her dog on a leash. I gave her a verbal warning for violation of 36CFR7.97(d) Dog off-leash in a plover protection area and released her from the scene at about 0915 hours.

On November 23, 2008, at approximately 0918 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed two off leash dogs playing in the surf at Judah. Off leash pets are not allowed in the Snowy Plover Protection Area. The dogs were accompanied by a white female; later identified as Ex(b)(6) stated she was not aware of the closure violation and had entered the beach at stairwell 1. Ex(b)(6) stated she did not observe the sign indicating the closure that is on the beach at Stairwell 21. I issued Ex(b)(6) a verbal warning for the closure and advised her of the areas she could have her dogs off-leash. Clear at approximately 0930 hrs.

At approximately 1106 hours on Tuesday, November 25, 2008 while travelling west on Mitchell Road, Fort Cronkhite in the Marin Headlands I observed two large dogs off leash on the Coastal Trail. As I approached the gravel parking lot at Rodeo Beach I observed a tall, white female with two large dogs on leashes. I contacted the female, identified verbally to me as Ex(b)(6) date of birth of Ex(b)(6) and asked her if the two unrestrained dogs were under her care and control. Ex(b)(6) became argumentative with me when I explained that dogs on park trails needed to be leashed – she stated “show me the signs”. I ran Ex(b)(6) identification and she came back with a valid driver’s license from California. I provided her with the website to check for park regulations and trail information. I issued her a written warning for two unrestrained pets. I further explained to her where the dogs could be off leash, under voice control and pointed to Rodeo Beach. I also encouraged her to check the park’s website. Clear of the contact at 1110 hours. No further action.

On November 27, 2008 from approximately 0945 to 1049 hours, I was on foot patrol at Sutro Heights Park checking all the Park benches and signs for graffiti. I found 5 benches with vandalism on them, photographed them and cleaned them. I found 3 signs that were dirty, so I also cleaned them. I spoke to many park visitors, one who appreciated the new benches at the overlook and gave 2 verbal warnings for dogs off leash. I cleared the area at approximately 1049 hours.

29. DETAILS OF INCIDENT

On 12/03/08 at approximately 1730 hours, communications asked me to respond and check Merrie and Navy parking lots for a green GMC pick up. Apparently the owner of the truck had a pet that was found in the Land's end area and later returned to his residence at Ex(b)(6). The reporting party was a subject named Ex(b)(6) who worked at Ex(b)(6). I responded from Santiago and the Great Highway.

A check of Sutro Heights parking, Merrie Way, Navy Memorial, and the parking lot adjacent to Battery Chester revealed no such vehicle. I then checked the wash out off El Camino Del Mar and came across a green GMC pick up CA plate Ex(b)(6) parked at the very end of the road. A computer check revealed it belonged to Ex(b)(6) a tow truck driver for Ex(b)(6). Ex(b)(6) informed communications that the vehicle appeared intact and was vacant of any subjects. I then asked communications to give me the number to the subject who found the dog, so that a hasty search could be conducted in the last known location of Ex(b)(6). I was unable to get that information from them. I was later given a description of Ex(b)(6) Ex(b)(6) who was 6'3", 215 lbs, Brown and Hazel with a beard. He was last seen wearing a checker flannel shirt and may have visited the VA hospital, where he is an out patient. Communications also stated that a 9mm semi-automatic pistol was registered to him. I requested additional units to meet with me so that a search could be conducted. Ranger Seraphin (412), Officer Muller (812), Ranger Harrison (461), Officer Javier (814), Officer Wong (816), Ranger Jay (551) and Ranger Heeren (503) all responded to the area.

Officer Muller, Ranger's Seraphin, Harrison and I, all conducted a hasty search starting from the El Camino del mar trail. We searched all sections of the coastal trail from Merrie way to Eagles point. A CHP helicopter conducted a coastal search. We later suspended the search for Ex(b)(6) at 2113 hours. We found no trace of him. I later called communications again to ask for the number of Ex(b)(6) at the tow yard. I called the following number Ex(b)(6) spoke with Ex(b)(6). He informed me that he had the number for the Ex(b)(6) was the subject who brought the dog from Land's end to the residence of Ex(b)(6). I gathered his number.

RESULTS OF INVESTIGATION

I placed a call to Ex(b)(6) at 2145 hours. He stated he met a subject named Ex(b)(6) at approximately 1230 on the coastal trail 100 yards west of the steps down to Mile rock beach. Ex(b)(6) stated that the dog "Shokta" was a lost dog and asked if Ex(b)(6) could help him restrain the pet. Ex(b)(6) assisted him by holding the collar. Both men inspected the collar and realized that the pet had tags. The tags had Ex(b)(6) name and number as well as the number for Ex(b)(6). Ex(b)(6) asked Ex(b)(6) to wait at the present location while he walked back to his car at Merrie way to get another leash to restrain "Shokta". Ex(b)(6) waited and at the same time called the numbers on the collar. He spoke with a subject named Ex(b)(6) who stated Ex(b)(6) could bring the dog to the tow yard or give it animal care and control. A call to animal care and control revealed that they would not respond to the area, so when Heiko returned, Ex(b)(6) stated he would take the dog over to the tow yard. At approximately 1345 hours, Ex(b)(6) dropped the "Shokta" off at the tow yard and watched as Ex(b)(6) placed the pet inside the fence surrounding the mobile home on the premises.

I later called Ex(b)(6) at 2153 hours and asked if he could tell me the location he found Shokta. Ex(b)(6) stated he first encountered the dog at approximately 1100 hours on the trail near the steps of Merrie way parking. He noticed the dog because it was alone and seemed to be waiting for something. As he would approach the dog, the pet would walk away. Eventually, he followed the dog all the way to the other steps leading up to Navy Memorial. Ex(b)(6) continued to follow Shokta northeast on the Coastal trail to a spot where the dog consistently kept going back to. I asked Ex(b)(6) if he could describe that location for me. He stated that he could not, however, he would be willing to come out to show me.

<b>SUMMARY:</b>					
On the morning of December 04, 2008 at approximately 0815 hours I was patrolling the Snowy Plover Protection Area of Ocean Beach when I observed two dogs off leash in the protection area.					
I contacted the first dog owner and identified her as <b>Ex(b)(6)</b> by her California drivers license <b>Ex(b)(6)</b> . I explained to <b>Ex(b)(6)</b> that pets needed to be restrained on a leash in the area from Stairwell 23 on Ocean Beach down to Sloat Ave due to the presence of the endangered Snowy Plover. <b>Ex(b)(6)</b> indicated that she understood, put her dog on a leash and was released with a warning.					
I contacted the second dog owner and identified her as <b>Ex(b)(6)</b> by her California drivers license <b>Ex(b)(6)</b> . I explained the same circumstances to <b>Ex(b)(6)</b> and she told me that she understood. <b>Ex(b)(6)</b> leashed her dog and she was released with a warning.

	On December 12, 2008 at 1058 hrs. I was driving a marked ranger sedan westbound on Marine Dr, Ft. Point. I observed Ex(b)(6) walking westbound on Marine Dr. with a small white dog off leash. When I contacted her I requested she leash her dog and she complied. Ex(b)(6) said she was not aware she was in a leash required area even though she had walked past a clearly posted sign indicating that requirement posted near the Ft. Point pier. I asked Ex(b)(6) if she had ever been contacted for pet violations and she said she had not. A check by dispatch of the "local file" disclosed that Ex(b)(6) had been issued a written warning for Dog Off Leash at East Beach parking, Crissy Field, in 2005. Ex(b)(6) was issued U.S. District Court Violation Notice #K105856 for the leash violation. Ex(b)(6) was informed of the location of "voice control" areas in the park. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort. Ex(b)(6) checked clear for wants and warrants and was then released.

	On Monday 08 December 2008, at approximately 1105 hrs., I observed at Rodeo Ave trail and Hwy. 101 what appeared to be a white male leaving the trail with an unleashed dog. They were associated with a white Subaru wagon. I was driving in the opposite direction and made note of the violation. Returning to the area at 1122 hrs., I observed the vehicle was still at the gate. As I parked I observed a man, later identified as Ex(b)(6) with three(3) unleashed dogs walking down the trail. He stated to me he was just passing through from Montana. He was cooperative and compliant and loaded his dogs into the car since he did not have any leashes with him. Supv. Ranger P. Norton arrived on scene.

He stated that he was visiting from England and that the dog was not his. I performed a computer check on his name and date of birth. His name was not a match for any records. I gave him a verbal warning for having his pet off leash, and explained to him the park leash law. I took a report and cleared at 0841 hrs.

At approximately 0832 hours on 12/12/08 while on foot patrol in the area of Ocean Beach at Lawton ST, I observed a female subject on the beach with a dog that was not leashed. From July 1 to May 15, pets are required to be leashed on Ocean Beach between stairwell 21 and Sloat BLVD in order to protect the western snowy plover, a federally listed threatened shorebird. I contacted Ex(b)(6) for violating the leash restriction and identified her via verbal information which she provided. Ex(b)(6) stated that she normally walks her dog at Fort Funston where leashes are not required and that she forgot about the leash restriction. She further stated that she understood the reasoning behind the restriction, apologized and promised that it would not happen again. Ex(b)(6) corrected the violation by placing her dog on a leash. I gave her a verbal warning for violation of 36CFR7.97(d) Dog off-leash in a plover protection area and released her from the scene at about 0838 hours.

	On Monday 15 December at approx. 1250 hrs., while in the Marin Headlands/Fort Cronkhite area, I observed two large tan dogs, off leash on Rodeo Beach. The dogs were in and out of water in the Rodeo Lagoon. At this time I observed them flush a group of ducks from the shore into the water and then the birds took wing. The owner of the dogs was identified as Ex(b)(6). Upon seeing his dogs chase the birds he proceeded to leash them and left the beach area. I made contact with Ex(b)(6) at the parking area. He was advised of the NPS regulations. Ex(b)(6) was issued written warnings for violation of 36 CFR §2.2(a)(2) and 36 CFR§2.15(a)(1). <i>closed</i> Clear at 1315 hrs.

	On Sunday 21 December at approx. 0755 hrs., while on patrol in Fort Baker, I observed a white female, later identified as <b>Ex(b)(6)</b> lett a beagle out of her car, unleashed, at the waterfront parking. After five mins. of observation of the dog off leash I drove to her location(now walking), identified myself and advised her of her violation. Upon seeing my vehicle approach <b>Ex(b)(6)</b> had leashed her dog. I stated that the violation carried a \$75 fine. <b>Ex(b)(6)</b> did not have her license on her, so I asked for and received verbal information. I radioed it to Park Dispatch for checks. At this time <b>Ex(b)(6)</b> decided she was done and began to walk away. - continued -

	<p>- continued -</p> <p>I called out to her, Ex(b)(6) did not respond and kept walking.</p> <p>I now ordered her to stop and return to where we had been speaking.</p> <p>Ex(b)(6) turned and asked, "What, are you like the police."</p> <p>I replied, "Yes, I am like the police for the National Park Service. I am speaking with you for a violation of Federal law. You are not free to leave. If you continue to walk away I can arrest you and you could go to jail."</p> <p>Ex(b)(6) returned to my location and began to cry. I asked her if she had been to Fort Baker before to which she replied, "No, I usually go to Rodeo."</p> <p>I advised Ex(b)(6) that she had potentially placed herself in that situation by her actions. I advised her when law enforcement officers speak with someone about a violation and get identification, it is because we don't know who we are dealing with or what is going on. The violator needs to cooperate so we can figure things out and get everybody on their way. But walking away from a contact just makes simple things much more complicated.</p> <p>Park Dispatch confirmed a valid CA driver's license matching Ex(b)(6) physical descriptors and given address. She was not in the local file.</p> <p>Ex(b)(6) was again advised of the NPS regulations and the areas open and not open to pets and pets off leash. She begin to tell me about how ridiculous the whole thing was. I advised her ridiculous or not the rules needed to be followed. Ex(b)(6) wanted to argue that there was no one around and no one was being hurt by her behavior. She was just out for a walk and was now being threatened with going to jail.</p> <p>Ex(b)(6) was offered the opportunity to carry on the discussion with the court or we could deal with the current issue and violation. Ex(b)(6) stated she would rather not go to court. We reviewed the NPS regulations, the areas affected in GGNRA and the negotiated rule making process.</p> <p>Ex(b)(6) agreed to have her dog on leash at all times in the areas where leashed pets were allowed.</p> <p>I issued Ex(b)(6) a written warning for violation of 36CFR§2.15(a)(2) – "Unleashed Pet."</p> <p>Clear 0815 hrs.</p> <p>Copy to Local File</p>

On 12/28/08 at approximately 1615 hours, I observed **Ex(b)(6)** playing on Ocean beach at Pacheco with her medium sized dog off leash. This section of beach is a wildlife protection zone spanning from stairwell 21 all the way south to Sloat blvd. At each legal access to this wildlife protection zone, clearly posted signs are erected advising visitors of the leash regulation. **Ex(b)(6)** stated that she accessed the beach at Pacheco ave. I informed her that a sign was erected in that area and that I needed to see her identification. She gave me her Alabama driver's license and I conducted a computer check for wants and warrants and a local file check. Both checks returned clear and I issued a written warning for the violation. I cleared at 1618 hours.

	On 12/28/08 at approximately 1625 hours, I observed Ex(b)(6) throwing a ball to his off leash pet on Ocean beach at Santiago avenue. This section of beach is a wildlife protection zone spanning from stairwell 21 all the way south to Sloat blvd. At each legal access to this wildlife protection zone, clearly posted signs are erected advising visitors of the leash regulation. I contacted Ex(b)(6) and asked him if he used the beach frequently. Ex(b)(6) stated that he in fact did use the beach with his pet. I then requested his identification and asked if he had been contacted by an officer before for having his pet off leash in the area. He stated that he had been, but thought that regulation did not apply to him since his dog was under voice control. I conducted a computer check for wants, warrants and local file check. The computer check for want or warrants returned clear, but the local file revealed that Ex(b)(6) had been contacted on 02/16/08 for the same violation at Taraval avenue. At that time, Ex(b)(6) was issued a written warning. I issued one cite for failure to leash pet in a wildlife closure. I cleared at 1656 hours.

On 12/29/08 at approximately 1532 hours, I was on the Coastal fire road of Tennessee Valley, when I noticed a male subject sitting on the side of the fire road with a small dog off leash. This backcountry area between Tennessee Valley and Muir beach prohibits pets on the ridge. Pets can cross the ridge, but this must be done by taking the trail nearest the coast line. I made contact with the subject later identified as Ex(b)(6) and asked how he and the dog got to the area. Ex(b)(6) stated that he got to the trail via Marin drive. I informed Ex(b)(6) that there is a zero tolerance for pets in this closed area and requested identification from him. I conducted a computer check for wants and warrants and informed Ex(b)(6) that he was being cited for the violation. I had him leash the pet. 7 RESULTS OF INVESTIGATION

On 12/31/08 at approximately 1445 hours, I was traveling northbound in the wildlife protection zone of Ocean beach at Noriega ave, when I noticed two females walking their pets off leash. As I approached the ladies, one subject later identified as Ex(b)(6) leashed and picked up her pet, while Ex(b)(6) picked up her pet and faced away from me. I drove up to Ex(b)(6) and asked them why they took the action to leash and pick up their pets when they saw me. Ex(b)(6) immediately stated that my patrol car made her leash her pet. I then asked the subjects if they frequented Ocean beach. I continued by telling them that this section of Ocean beach was a wildlife protection zone and clearly posted signs at all legal accesses to the zone, state "pets on leash." Both subjects stated they have been to Ocean beach numerous times, but see pets off leash all the time. Ex(b)(6) continued by saying, "We are just walking our dogs." I requested identification from them both.

Ex(b)(6) stated they did not have identification on their persons. I then requested their names and dates of birth. Ex(b)(6) stated, "Are you serious!" I stated yes and asked again for the information. Ex(b)(6) stated to me that her name was Ex(b)(6) with a date of birth of Ex(b)(6). Ex(b)(6) gave me her name and date of birth as Ex(b)(6). I asked the subjects if the information they were providing was as it appeared on their licenses. They both replied, "Yes." I conducted a computer check for wants and warrants with the names and date of birth's given. Communications advised that the information that I provided them, returned with no records on file. I re-approached the subjects and asked if there was a possibility that another name could be on the licenses. Ex(b)(6) stated that her maiden name of Ex(b)(6) may be on the license. At no time did she re-correct the Ex(b)(6) date of birth. I turned to Ex(b)(6) and asked her if she wanted to be forth coming with the correct information. She gave me a verbal driver's license number of Ex(b)(6). I gave communications the new information and they informed me of the correct last names and dates of birth. When I asked Ex(b)(6) why they were not forth coming with the correct information, Ex(b)(6) quickly answered, "I don't like to discuss my age." I told them both that when an officer asks them for any information, we expect that information to be truthful and correct. At that time, I informed them that I was issuing citations for providing false information. Ex(b)(6) then asked why could I not give them a warning for the leash violation. Both subjects then stated that this was harassment because I was making a big deal out of the situation and treating them like criminals. Ex(b)(6) then stated, "We have not broken any laws...you are treating us like dope dealers!" I corrected her and told her that she did break a regulation and that was the reason for the initial contact. She then stated that she did not know that I was an officer and compared me to the beach patrol. I told her that I was a federal officer with the National Park Service. The computer checks returned clear of any wants and I issued Ex(b)(6) K105994/K105995 for 36 CFR 7.97(d)(1)(ii) and 2.32(a)(3)(i) for providing false information and failure to leash pet in wildlife protection area. Ex(b)(6) was issued K105996 and K105997 for the same CFR violations.

I asked Ex(b)(6) to leash her pet after it ran after a shore bird during our contact. I immediately told her that the leash regulation in the protection zone was in place to prevent such harassment. Ex(b)(6) stated she did not see the pet run after the dog.

I cleared at 1510 hours.

The area along the fire road is fenced and signed as closed for the protection of the federally endangered Mission Blue Butterfly. Ranger C. Corey and I were already positioned along a lower portion of the Drown Fire Road to keep people watching the annual Fleet Week Air Show from entering the protected area. Upon receiving the dispatch we started heading up the fire road when we saw a dog coming down the road dragging its leash on the ground behind it. A woman farther up the road came around the bend and when she saw us, she shouted, "Are you here because of me?" I asked her what was going on. She looked at me and asked, "Who hired you, and who hired those other people." I presumed she was referring to the park volunteers. I explained that we were with the NPS, and that the area along the road beyond the fences was closed for endangered species protection. We then listened to her increasingly emotional outburst where she informed us that she was Ex(b)(6). She said that she and her husband had hiked to the high point for years—she expressed skepticism about whether that area was under NPS jurisdiction—she wanted to know why we were carrying guns, and she stated that we ought not be carrying guns into such a serene place—she said she had donated large sums to the NPS over the years—she stated she knew Superintendent O'Neill, and that she intended to complain about our actions. She continued on her way down the road with her unrestrained dog ahead of her. At no time did we even detain or ID her for any violations of law. Clear, 1405 hours.

29. DETAILS OF INCIDENT

On 12-15-08 at approx. 1645 hrs. USPP Communications informed me of a cold call report of injured person that occurred at approx. 1640 hrs.

At approx. 1810 hrs. I contacted a male, identified as Ex(b)(6) regarding the incident. Ex(b)(6) stated that at approx. 1640 hrs. while playing with a puppy on the beach at East Crissy Field a medium size black and white dog ran into him. Ex(b)(6) stated that due to the dog running into him he suffered an injury to his nose. Ex(b)(6) said he was contacted by the dog's owner, identified as Ex(b)(6). Ex(b)(6) said that Ex(b)(6) apologized and gave him her name, address and e-mail address so she could be contacted if any serious injury had occurred. Ex(b)(6) said that he did not suffer any cuts and that there was no bleeding on scene. Ex(b)(6) further said that he did not request an ambulance because the injury did not seem to be serious. Ex(b)(6) said he contacted USPP so he could document the incident should he discover any serious injury to his nose at a later date.

I sent an e-mail to Ex(b)(6) and explained that I had been contacted by Ex(b)(6) regarding the incident. Ex(b)(6) sent an e-mail reply stating that her dog had been playing with other dogs on Crissy Field when her dog accidentally ran into Ex(b)(6). Ex(b)(6) said after observing her dog run into Ex(b)(6) she checked to see if he was okay and leashed her dog. Ex(b)(6) who identified herself as a medical doctor, said she checked Ex(b)(6) nose but did not observe any signs of trauma. After discovering no injury Ex(b)(6) left her personal information with Ex(b)(6) and cleared the scene without incident.

	On December 16, 2008 at approximately 1557 hours, while patrolling the area of Tennessee Valley Trail, Ranger Bruce Phillips and I observed a white male walking a leashed dog. The area is well marked with signage prohibiting pets. As we drove toward him, he looked back at us, and kept walking away, feigning he did not see us. When contacted by Ranger Phillips, the man claimed it was not his dog, and offered several times to simply take it back to the car. He also stated he lived in the area, and walks the Tennessee Valley Trail on an occasional basis. When asked for identification, the man stated his ID was in his car, and verbally gave his name as Ex(b)(6) and his address as Ex(b)(6) check of Ex(b)(6) returned as "no record found". Ex(b)(6) was told we would need to properly ID him, and we would need to see his drivers license. He again stated his ID was in his car. He was allowed to return to the lot. After placing the dog in the back of his car, he returned. He then retrieved his wallet from his pant pocket, removing a California Drivers License. Handing the ID to me, he stated "I lied to you". He was positively identified as Ex(b)(6) using his California Driver's License. Ex(b)(6) stated he had lied because he did not want to receive a ticket for having the dog in a closed area. Ex(b)(6) was issued Citation K107552 for pet in closed area, and K107553 for providing false information to a Law Enforcement Officer.

After five mins. of observation of the dog off leash I drove to her location(now walking), identified myself and advised her of her violation. Upon seeing my vehicle approach [Redacted] had leashed her dog. I stated that the violation carried a \$75 fine. [Redacted] did not have her license on her, so I asked for and received verbal information. I radioed it to Park Dispatch for checks. 29. DETAILS OF INCIDENT

On 12-25-08 I performed foot patrol on the west end of Crissy Field Beach and contacted eight persons walking dogs off-leash in the GOGA Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. Several violators were checked through the GGNRA local file with negative results. All violators received written warnings, were advised about the WPA boundaries on Crissy Field Beach, and advised that future violations would result in fines up to \$125. Some violators complained about the lack of regulatory signs on the beach, the size of signs, or lack of clarity, but were otherwise compliant.

The final contact was with a woman who gave her name as J. Ex(b)(6) but who said she had no ID. Ex(b)(6) was very uncooperative, and insulting. She argued that no leash enforcement should be done on Christmas Day. She said she has a serious health condition, comes to Crissy Field every day and walks her dog off-leash in the wildlife protection area, and this was the first time anyone had ever told her it was illegal. I pointed out the numerous signs she had passed, and she sarcastically said that she "never read signs, and obviously no one else reads them either". While it initially appeared Ex(b)(6) was going to provide a false name, I was able to verify Ex(b)(6) information, and I issued her a written warning for the violation. A friend of Ex(b)(6) who had a leashed dog and who repeatedly attempted to intervene in the contact, was also rude, and said she was going to go home and contact the media to let them know about the Federal government harassing dog walkers on Christmas day.

	On 12/28/08 at approximately 1605 hours, I observed Ex(b)(6) walking on Ocean beach at Pacheco with her small dog off leash. This section of beach is a wildlife protection zone spanning from stairwell 21 all the way south to Sloat Blvd. At each legal access to this wildlife protection zone, clearly posted signs are erected advising visitors of the leash regulation. Ex(b)(6) stated that she accessed the beach at Pacheco ave. I informed her that a sign was erected in that area and that I needed to see her identification. She gave me her name and date of birth and I conducted a computer check for wants and warrants and a local file check. Both checks returned clear and I issued a written warning for the violation. I cleared at 1610 hours.

	<p>On 12/28/08 at approximately 1625 hours, I observed Ex(b)(6) throwing a ball to his off leash pet on Ocean beach at Santiago avenue. This section of beach is a wildlife protection zone spanning from stairwell 21 all the way south to Sloat blvd. At each legal access to this wildlife protection zone, clearly posted signs are erected advising visitors of the leash regulation. I contacted Ex(b)(6) and asked him if he used the beach frequently. Ex(b)(6) stated that he in fact did use the beach with his pet. I then requested his identification and asked if he had been contacted by an officer before for having his pet off leash in the area. He stated that he had been, but thought that regulation did not apply to him since his dog was under voice control. I conducted a computer check for wants, warrants and local file check. The computer check for want or warrants returned clear, but the local file revealed that Ex(b)(6) had been contacted on 02/16/08 for the same violation at Taraval avenue. At that time, Ex(b)(6) was issued a written warning. I issued one cite for failure to leash pet in a wildlife closure. I cleared at 1656 hours.</p>

	While patrolling Ocean Beach I observed 13 people with their dogs off-leash on Ocean Beach north of Sloat Blvd. and south of Stair Well 21 in violation of numerous clearly visible posted signs stating Snowy Plover. Protection Area - Leash Pets. I issued each a written Warning Notice after confirming they were not on the Local File and an NCIC check also returned negative. The names and information of the 13 subjects is on page 2.

I was dispatched to investigate a report of a dog off-leash in the Snowy Plover Wildlife Protection Area on Ocean Beach at Rivera chasing and disturbing Snowy Plovers. Upon arrival I observed a black dog chasing a flock of 14 Snowy Plovers. I observed the dog chasing the birds from the water to the dunes and up and down the beach for several hundred meters north and south. The dog would charge at the birds and the Plovers would fly away from the dog. Each time the Plovers would attempt to land, the dog would charge directly at them and cause them to take flight again. I watched this happen for continually for eight minutes timed by my watch from 1150 to 1158 hours. Then the dog stopped chasing the Plovers and wandered in the hilly dunes to the north for several minutes. The dog then returned to chasing the Snowy Plovers for a few minutes more.

	On 12/29/08 at approximately 1532 hours, I was on the Coastal fire road of Tennessee Valley, when I noticed a male subject sitting on the side of the fire road with a small dog off leash. This backcountry area between Tennessee Valley and Muir beach prohibits pets on the ridge. Pets can cross the ridge, but this must be done by taking the trail nearest the coast line. I made contact with the subject later identified as Ex(b)(6) and asked how he and the dog got to the area. Ex(b)(6) stated that he got to the trail via Marin drive. I informed Ex(b)(6) that there is a zero tolerance for pets in this closed area and requested identification from him. I conducted a computer check for wants and warrants and informed Ex(b)(6) that he was being cited for the violation. I had him leash the pet. The computer check returned clear and I issued K105988 for 36 CFR 2.15(a)(1)- pet in a closed area. I cleared at 1537 hours.

	On Monday, December 29, 2008 at about 1630 hrs., while on foot patrol at Stinson Beach, I saw a man and woman walking on the NPS portion of the beach with an unleashed brown/white Spaniel-type dog. Per the 2008 Superintendents Compendium, under the authority granted in 36 CFR 2.15(a)(1), pets are not permitted on Stinson Beach. The couple said the dog belonged to both of them and, at my request, followed me to my patrol car, parked just east in the central parking lot. While the husband secured the dog with some roller gauze I provided him, the wife identified herself verbally as [REDACTED] which a database check confirmed as valid. They were renting one of the first houses at the north end of Stinson Beach and had walked from their rental south. I later discovered the sign on the beach indicating entry into a "No Pets" area was not in place, although all of the access trails from the parking lots indicate no pets on the NPS beach, I issued [REDACTED] violation notice #K105809 for possessing a pet in a closed area, explaining her rights and responsibilities in resolving the matter. She indicated she understood. I warned them about carrying glass wine glasses on the beach and not carrying a dog leash with them, clearing by 1700 hrs.

I investigated a report of a Dog Attack that occurred on the beach at Fort Funston. Victim Ex(b)(6) was riding his horse on the beach when his horse was attacked, without provocation, by an unleashed dog. Ex(b)(6) stated the dog appeared to be a red colored Pitbull/Chow mix. The dog was one of three belonging to the W/F suspect. Ex(b)(6) was thrown off his horse onto the ground. He stated to the unknown woman "look what you've done" and then he left to run after his horse which was being chased south by the dogs. The dogs chased the horse off the beach into the golf course area. Ex(b)(6) said the dog owner had no voice control over her dogs. A search of the area by me and assisting SFPD units was negative for the suspect dog owner.

<b>SUMMARY:</b> On 12/31/08 at approximately 1445 hours, I contacted Ex(b)(6) as they walked their pets off leash in the wildlife protection area of Ocean Beach at Noriega avenue. When asked for identification, both Ex(b)(6) gave incorrect full names and dates of birth. When the computer check returned no record on file, I asked both parties if the information they gave me was correct. They advised it was. Dispatchers later located the correct names and dates of birth in the system. The names of Ex(b)(6); date of birth Ex(b)(6) and Ex(b)(6) date of birth Ex(b)(6) were in fact Ex(b)(6) (date of birth Ex(b)(6) and Ex(b)(6). I issued both subjects citations for providing false information and failing to restrain pets in a wildlife protection zone.  I cleared at 1510 hours.	94 INVESTIGATOR NOTIFIED

M 7 RESULTS OF INVESTIGATION

On 12/31/08 at approximately 1445 hours, I was traveling northbound in the wildlife protection zone of Ocean beach at Noriega ave, when I noticed two females walking their pets off leash. As I approached the ladies, one subject later identified as Ex(b)(6) leashed and picked up her pet, while Ex(b)(6) picked up her pet and faced away from me. I drove up to Ex(b)(6) and asked them why they took the action to leash and pick up their pets when they saw me. Ex(b)(6) immediately stated that my patrol car made her leash her pet. I then asked the subjects if they frequented Ocean beach. I continued by telling them that this section of Ocean beach was a wildlife protection zone and clearly posted signs at all legal accesses to the zone, state "pets on leash." Both subjects stated they have been to Ocean beach numerous times, but see pets off leash all the time. Ex(b)(6) continued by saying, "We are just walking our dogs." I requested identification from them both.

Ex(b)(6) stated they did not have identification on their persons. I then requested their names and dates of birth. Ex(b)(6) stated, "Are you serious!" I stated yes and asked again for the information. Ex(b)(6) stated to me that her name was Ex(b)(6) with a date of birth of Ex(b)(6). Ex(b)(6) gave me her name and date of birth as Ex(b)(6). I asked the subjects if the information they were providing was as it appeared on their licenses. They both replied, "Yes." I conducted a computer check for wants and warrants with the names and date of birth's given. Communications advised that the information that I provided them, returned with no records on file. I re-approached the subjects and asked if there was a possibility that another name could be on the licenses. Ex(b)(6) stated that her maiden name of Ex(b)(6) may be on the license. At no time did she re-correct the Ex(b)(6) date of birth. I turned to Ex(b)(6) and asked her if she wanted to be forth coming with the correct information. She gave me a verbal driver's license number of Ex(b)(6). I gave communications the new information and they informed me of the correct last names and dates of birth. When I asked Ex(b)(6) why they were not forth coming with the correct information, Ex(b)(6) quickly answered, "I don't like to discuss my age." I told them both that when an officer asks them for any information, we expect that information to be truthful and correct. At that time, I informed them that I was issuing citations for providing false information. Ex(b)(6) then asked why could I not give them a warning for the leash violation. Both subjects then stated that this was harassment because I was making a big deal out of the situation and treating them like criminals. Ex(b)(6) then stated, "We have not broken any laws...you are treating us like dope dealers!" I corrected her and told her that she did break a regulation and that was the reason for the initial contact. She then stated that she did not know that I was an officer and compared me to the beach patrol. I told her that I was a federal officer with the National Park Service. The computer checks returned clear of any wants and I issued Ex(b)(6) K105994/K105995 for 36 CFR 7.97(d)(1)(ii) and 2.32(a)(3)(i) for providing false information and failure to leash pet in wildlife protection area. Ex(b)(6) was issued K105996 and K105997 for the same CFR violations.

I asked Ex(b)(6) to leash her pet after it ran after a shore bird during our contact. I immediately told her that the leash regulation in the protection zone was in place to prevent such harassment. Ex(b)(6) stated she did not see the pet run after the dog.

I cleared at 1510 hours.

	On 12/12/08 at approximately 0832 hrs., I contacted Ex(b)(6) for walking his pet off leash at Ocean Beach at Noriega Street. He was in the plover protection area, which is clearly signed. He stated that he was visiting from England and that the dog was not his. I performed a computer check on his name and date of birth. His name was not a match for any records. I gave him a verbal warning for having his pet off leash, and explained to him the park leash law. I took a report and cleared at 0841 hrs.

On Sunday 21 December at approx. 0755 hrs., while on patrol in Fort Baker, I observed a white male, later identified as [REDACTED] Ex(b)(6) with two unleashed black Labradors on the Parade Ground. I identified myself, advised him of the violation, and asked him to leash the dogs. [REDACTED] Ex(b)(6) did this and also produced a CA D.L at my request. He made a statement to his friends about the area being dog friendly. When asked he stated he had been to the area before and nobody had said anything to him. I issued [REDACTED] Ex(b)(6) a written warning for violation of 36 CFR§2.15(a)(2). I also provided [REDACTED] Ex(b)(6) with information on the NPS and GGNRA. I was contacted at the main parking lot of Fort Funston by victim Ex(b)(6) who stated his dog had been attacked				
by another dog which was off-leash. The attacking dog appeared to be a Shepard mix belonging to a white male				
adult approx. 50 years. The suspect stated to Ex(b)(6) "it's OK" as if to indicate his dog was doing no harm to				
Ex(b)(6) dog. Ex(b)(6) observed injuries to his dog and wrote down the front license plate of the suspects car,				
which had a disabled plate. A USPP Comsec check returned the vehicle to Ex(b)(6) I observed two lacerations				
on the right side of Ex(b)(6) dog near the posterior of the rib cage. Each laceration was approx. two inches long				
and one was through the skin deep into the flesh. Ex(b)(6) stated the owner of the attacking dog had no voice				
control over his dog. An unknown female witness to the attack provided her information as a witness to Ex(b)(6)

	On January 1, 2009 I was on patrol at Tennessee Valley, on the Main Trail, which is signed and posted, "No Pets" (including the international signage for no pets), when I saw a white male adult (later identified as Ex(b)(6)) carrying a small dog wearing a sweater. I stopped my patrol car and approached the male to ask him to come to the rear door of my patrol car to ask for some identification. After giving the dog to another person, he came over to me and I asked him for identification, which he gave me a CA License. I told him he could go ahead and go back to his group; I would be with him in a few minutes. Park Dispatch ran a computer check as well as a local file check, which returned negative for wants/warrants, negative on local files and valid license. I issued Ex(b)(6) Violation Notice # k106903 in violation of 36 CFR 2.15(a)(1)-Pets-Possession of pet in an area closed to pets. I explained the violation notice, which he signed and received his respective copies.  Cleared at approximately 1135 hours.

29. DETAILS OF INCIDENT

On 12/03/08, at approximately 1533 hrs, I responded to Merrie Way for a visitor complaint. Upon arrival, I met with Ex(b)(6) who stated that at approx. 1515 hrs, while walking along the trails at Land's End, she was approached by an unleashed dog. Ex(b)(6) stated that she was startled by the dog and did not immediately see its owner Ex(b)(6) who was walking several yards behind the dog. Ex(b)(6) took control of the dog and Ex(b)(6) then told Ex(b)(6) that she was required to leash her dog. Ex(b)(6) then advised Ex(b)(6) that this was an off-leash area. The two parties separated and Ex(b)(6) then contacted USPP Communications. This area of Land's End does not require dogs to be on leashes provided that they are under voice command. I contacted Ex(b)(6) who stated that no unusual incidents had occurred between her and Ex(b)(6). I contacted Ex(b)(6) and advised her of GGNRA regulations and she stated that she felt dogs should be leashed in the Land's End area. Ex(b)(6) cleared the scene without further incident. Time cleared: 1615 hrs.

	On 02-25-08 at approx. 1106 hrs. while patrolling Aquatic Park in a fully marked U.S. Park Police vehicle I observed a male, identified as Ex(b)(6) throwing a foldable red Frisbee to an off leash black dog. Upon seeing me Ex(b)(6) immediately walked south out of Victorian Park. I recognized Ex(b)(6) as an individual I have issued citations to on two previous occasions for leash law violations in Aquatic Park. An attempt to contact Ex(b)(6) on the south side of Aquatic Park for the leash law violation was negative.

**SUMMARY:** On 02/29/2008 at approximately 1726 I responded to a report from GGNRA Dispatch of a woman and dog in the Crissy Field Lagoon (designated closed area). I arrived to the area and made contact with a white-female-adult who was attempting to voice control a golden retriever pet which was swimming in the lagoon. The female stated that she was not associated with the dog and attempting to capture it for the owner who was with a sleeping baby and parked in the Sports Basement lot. I then contacted the owner of the pet, who claimed responsibility, and stated that she just parked the car, the dog leaped out of the open window, and she was unable to retrieve it due to her sleeping baby in the rear seat. Momentarily the pet returned and the situation resolved itself.

I was clear at approximately 1740 hours.

	At approximately 1108 hours I was on vehicle patrol with Ranger Mar. I observed a male subject and his yellow lab on the Fort Baker water front. The dog was off leash running around barking. Several birds were on the beach and flew away when the dog ran in their direction. The male subject and his dog walked into the water and swam for about twenty minutes. When the male subject walked out of the water I informed him that his dog needed to be on a leash at all times. I asked the subject if he had been contacted by law enforcement before and he said, "I don't know". I asked him if he didn't remember and he shook his head in a side to side motion. I asked the subject for his identification and identified him as Ex(b)(6). I issued Ex(b)(6) a violation notice number 0894388 for 36 CFR 2.15 (a)(2) DOG OFF LEASH.

	On April 21, 2008 at approximately 1610 hours, I received a call to respond to Ocean Beach for a dog bite. Lifeguard Sean Scallon was on scene with the victim. I responded to the parking lot at stairwell #27 and waited for Scallon to drive the victim up to the parking lot. The victim, who identified himself as [REDACTED] Ex(b)(6) said that he had been on the beach with his dog which was not leashed. He said that a pit bull type dog (also unleashed) ran down from the dunes and started fighting with his dog. [REDACTED] Ex(b)(6) said that he tried several times to separate the dogs, and when he finally was able to pull them apart he got bit on the left hand by the pit bull. Paramedics from San Francisco Fire Department assumed care of [REDACTED] Ex(b)(6) and subsequently transported him to the hospital for further treatment. I then contacted the owner of the pit bull mix dog, [REDACTED] Ex(b)(6) said that she was sitting in the dunes with her 2 dogs, and that she dropped the leash on the pit bull to untangle the dogs and they ran away toward the other dog on the beach. [REDACTED] Ex(b)(6) said that she knew that her dog was prone to fighting with other dogs and that she always tries to keep her restrained. In this instance she got away and the fight ensued. **SUMMARY:** On 04/27/2008 at approximately 1630 hours, I contacted **Ex(b)(6)** regarding an unleashed pet near the Central Restrooms at Stinson Beach. GGNRA Communications advised **Ex(b)(6)** had an outstanding misdemeanor traffic warrant #CR153847A for \$ 531.00 USD and needed service for a suspended license. **Ex(b)(6)** stated he was unaware of either. I advised **Ex(b)(6)** of the warrant, took possession of his **Ex(b)(6)** and issued him DMV form 310 (Verbal Notice by Peace Officer). Additionally, I issued **Ex(b)(6)** a verbal warning for **36 CFR 2.15(a)(2) - Unleashed Pet.**

**Ex(b)(6)** leashed and removed the dog from the area.

I was clear at approximately 1700 hours.

29. DETAILS OF INCIDENT

On Tuesday, April 29, 2008 at approximately 1002 hours, I was advised via telephone that Ex(b)(6) reported to dispatch that her dog had been attacked by a coyote or a silver fox. She said the wild animal snapped at her dog's heels, so she brought the dog to Pets Unlimited to get checked out. She further advised she didn't need to speak to me in person, she just wanted us to be aware of the situation.

29. DETAILS OF INCIDENT

On 05/07/08, at approximately 1424 hrs, I responded to the area of Lincoln Blvd. at the Golden Gate Club for a report of a lost dog. Upon arrival, I met with Ex(b)(6) who stated that at approximately 1300 hrs she parked her Ex(b)(6) at the entrance to the San Francisco National Cemetery. Ex(b)(6) placed her Shih Tzu dog Ex(b)(6) inside the vehicle with food, water and the rear passenger windows partially open. Ex(b)(6) locked the doors and then left the area to attend an event at the Golden Gate Club. When Ex(b)(6) returned to the vehicle at approximately 1400 hrs, she observed that the dog was missing. A check of the area was negative for the dog. Ex(b)(6) stated that although the windows were partially open, she believed that her dog was too old to be able to climb out. A check of the vehicle revealed that the openings in the windows may have been wide enough for a person to reach in and unlock the doors. Ex(b)(6) stated that she could not recall if any of her vehicle's doors had been unlocked prior to her return to it. No suspicious persons were observed in the area. Ex(b)(6) stated that she and her daughter Ex(b)(6) were in the process of contacting local animal shelters to inform them of the incident.

Time cleared: 1500 hrs.

	On 05/08/08 at approximately 1331 hrs., I observed two dogs on the south end of China Beach. I walked down to the beach and contacted Ex(b)(6). I explained to her that there were three signs posted, "No Pets," on the way down to the beach. She said, "Well we just saw some other people with a dog, and they had just left the area." I performed a computer check on her Ex(b)(6) and she had no wants or warrants. I issued her a citation: MVN 0894070 for 36 CFR 2.15(a)(1). I then explained to her where she could have a pet on the beach. She left the area and I took a report. I cleared at 1345 hrs.

	<p>On May 15, 2008 at approximately 1908 hours, I was dispatched to China Beach on a report of a distressed baby elephant seal pup on the beach being harassed by people. I was on foot at Baker beach and responded when I arrived back to my vehicle. At 1916 hours, I was advised that the marine mammal had made its way back to the water, but I was just about on scene, so I went to do a foot patrol of the area.</p> <p>As I was parking my marked patrol vehicle down by the ramp to the water, I saw there was a large black dog playing in the surf on the beach. China Beach is signed with several signs, starting at the entrance fence with "No Glass, No Fires No Pets Day Use Area". There are also No Glass No Pets Signs at each stair entrance to the beach. I contacted a family on the beach and asked a white male adult (later identified as Ex(b)(6)) if the dog was his, which he and his wife said yes. I asked if they had seen the signs, which they said yes. I asked for identification and he told me it was in his car. I asked Ex(b)(6) to leash his dog and we would go to the car for the identification, which he agreed to. Ex(b)(6) then began talking with several people in the area and stalling. I told him we needed to pick up the pace, he needed to leash his dog and we needed to get up to the parking lot. Ex(b)(6) then said he didn't have a leash and that his dog was well behaved. I told Ex(b)(6) it didn't matter, it was posted as a no pet area and we needed to get to the parking lot. As we made it to the woman's shower room area, I encountered another woman with a dog. I asked this woman to join us on a walk to the parking lot (refer to CI# 08-4264). While they both were arguing with me, Ex(b)(6) screamed out that it was a stupid law and something else and began to run up the stairs with his dog. I yelled for him to stop, but he continued. I stayed with the female and continued with that incident. Later on the wife of Ex(b)(6) returned to the parking lot and Ranger Hardin got the males name and address for this report. No further action has been taken.</p>

	On May 21, 2008 at approximately 1230 hours, I was driving down the Bobcat Trail in the Marin Headlands, when I encountered a woman running with her dog. I stopped and contacted her for having a dog in an area that dogs are not allowed in. She identified herself as Ex(b)(6) of San Francisco, and said that she did not realize that dogs were not allowed on that trail. As she had only gone a short way on the Bobcat Trail from the Miwok Trail where dogs are allowed, I gave her a written warning and advised her to turn around and go back to the Miwok Trail. 29. DETAILS OF INCIDENT

On Tuesday, May 27, 2008 at approximately 0833 hours, while on patrol of the area of Lombard Street and Ruger Street in the Presidio, I observed two white female adults letting their respective dogs run off leash in the grassy area adjacent to the intersection of Lombard and Ruger Streets, near the Lombard gate. I spoke with both subjects from a distance, reminding them that this was a leash area, not a voice control area. One female subject apologized, and loaded her dog into her vehicle. The other female subject, also loaded her dog into her silver colored SUV, then asked "Can I ask you a question?" I said "sure." She wanted to know why it was a leash area if "everyone else always walks their dogs off-leash" at this location. She then told me I was being mean, and that I didn't care about the needs of her dog. I advised her again, that this contact was simply a warning and a reminder that this area is not a "voice control" area. Further, I directed her to Crissy Field as the interim "voice control" area. She stormed off back to her vehicle, and I cleared the area.

29. DETAILS OF INCIDENT

On Saturday, May 31, 2008 at approximately 1613 hours, while in my marked patrol vehicle in the Fort Funston Parking Lot, I saw and heard a group of about five people yelling and heard multiple dogs barking. I could not see the dogs fighting because there was a parked vehicle obstructing my view. I exited my patrol vehicle, walked around the parked vehicle and saw a pit bull type dog with a small white dog in its mouth. An unidentified white male was able to force the pit bull to release the small white dog.

The owner of the pit bull, Ex(b)(6) sustained injuries consisting of 2 puncture wounds and 1 laceration to his hands while attempting to break up the dogs.

The small white dog, owned by Ex(b)(6) sustained a puncture wound injury to its neck.

Ex(b)(6) each provided written statements.

On June 1, 2008 at 1030 hours I saw a female Ex(b)(6) throwing a ball with a dog off leash on the Ft. Baker Murray Circle parade ground. The entrance areas to Ft. Baker are posted with several signs stating "Leash Pets".

I contacted Ex(b)(6) and she was immediately uncooperative with me. Ex(b)(6) turned away from me when I asked for her identification, saying it was not with her. I re-introduced myself as a Park Ranger and told her I needed to identify her. Ex(b)(6) proceeded to make a cell phone call to her father "a lawyer" and say "R. Heeren is harassing me". After I obtained her name she then called her husband nearby at the Bay Area Discovery Museum to tell him "a man is harassing her" about the dog and to bring the leash from the car.

Rangers Mar and Hardin responded to my location with Ex(b)(6) Ranger Mar ordered Ex(b)(6) to stop throwing the ball out onto parade ground. I issued citation # 0894590 to Ex(b)(6) Ex(b)(6) said she was going to complain and would be seeing me.

ITEM 7 RESULTS OF INVESTIGATION

On Saturday 01 June 2008 at approximately 1035 hrs., I responded to a request for a second unit by Supervisory Ranger R. Heeren. His location was on the Fort Baker Parade Ground and he was on a Pet Violation contact. His radio traffic stated the violator was non-compliant and uncooperative.

I ran from building 507 to the Parade Ground and observed a white female with a medium sized yellow Labrador standing across from Heeren speaking on her phone, with her arms crossed and a ball throwing stick in her hand.

As I approached I observed her reposition the throwing stick and then throw the ball down the Parade Ground for her unleashed dog to retrieve.

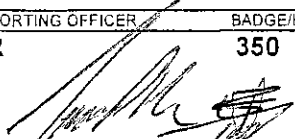

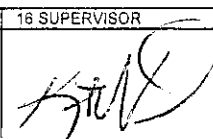

Arriving on scene I asked her if she had a leash for her pet. She stated, "I have one in the car but this man won't let me get it." I asked her to take hold of the dog's collar and stop moving around. She stated, "This man is harassing me!" I advised her, "This man is a Federal Law Enforcement Officer, you need to do as he tells you." She decided to try and pick up the ball for another throw. I stepped on the ball to keep that from happening and told her to grab the dog. She complained about the way she was being treated and wanted to know why. I told her if she did not follow our directions and stop moving around I would place her in handcuffs. She chose to hold the dog's collar and sit down on the grass.

At this time she demanded my name and badge number. I told her she could get all of that information from the officer at the end of the contact. After receiving her violation notice I provided her with my badge number and name. She borrowed a pen from Heeren to write down the information.

Her husband and child arrived during the contact and the husband brought the leash for the dog. He put the dog on the leash. The child was happy and friendly and upon departure waved and said goodbye to us numerous times.

	<b>SUMMARY:</b>							
	On the afternoon of June 1, 2008 at approximately 1302 hours Ranger Marin and I saw four persons fishing at Point Bonita Beach, a closed area. The access point to the closed area is marked with two "area closed" signs. We yelled at the group to come back up to the lighthouse trail. Two men, two juveniles and a dog were in the group. I identified [redacted] Ex(b)(6) by his California driver's license [redacted] Ex(b)(6) as a member of the group. I saw [redacted] Ex(b)(6) in the closed area with his unleashed dog. As the group walked up the hill from the closed area, visitors reported that the dog was chasing sea lions in the area. I also identified [redacted] Ex(b)(6) by his California identification card [redacted] Ex(b)(6) as a member of the group. [redacted] Ex(b)(6) were issued one citation each for closure violation. [redacted] Ex(b)(6) was issued one citation for pet off leash.

	On 06/06/08 at approx. 1400 hours, I observed Ex(b)(6) walking a dog on the Tennessee Valley Trail near the trailhead coming toward the main parking lot. The trail has a sign stating "No Pets" prominently displayed at the trailhead, which I pointed out to Ex(b)(6). She went to her vehicle in the lot and retrieved her Oregon DL for identification. I gave her a written warning for the violation. She said she recently moved back to California from Oregon, and that she now resides in the Presidio. I advised her to take note of the park's dog regulations in the future, especially now that she lives in the park. Clear, 1415 hours.

	On 06/10/08 at approximately 1558 hours, Ranger Eddy and I were on patrol of the Sweeney ridge area when we observed <b>Ex(b)(6)</b> walking along the asphalt road with his dog off leash. Clearly posted signs advise pets are to be on leash at the entrance to the area. This is due to Sweeney ridge being a wildlife habitat full of large and small mammals. I contacted <b>Ex(b)(6)</b> and informed him to leash his pet and then requested identification. I conducted a computer check for wants, warrants and local file. The check returned clear and I issued <b>Ex(b)(6)</b> a written warning for failure to leash his pet.  All units cleared at 1605 hours.

	At approximately 1820 hrs, June 10, 2008, I was in the China Beach parking lot in a marked ranger sedan. I observed Ex(b)(6) exiting the China Beach complex with a leashed large brown dog. He said he was not aware that dogs are not allowed at China Beach but had just been contacted by Public Safety Officer Scallan who informed him of the regulations. Mr. Ex(b)(6) was issued a United States Department of the Interior National Park Service Warning Notice for violation of 36 CFR 2.15(A)(1) Area Closed To Pets. Ex(b)(6) was then released. Ex(b)(6) checked clear for wants and warrants and was released.

	<p>On 06/10/08 at approximately 1625 hours, Ranger Eddy and I were on patrol of the Sweeney ridge area when we observed <b>Ex(b)(6)</b> walking along the asphalt road with his dog off leash. Clearly posted signs advise pets are to be on leash at the entrance to the area. This is due to Sweeney ridge being a wildlife habitat full of large and small mammals. I contacted <b>Ex(b)(6)</b> and informed him to leash his pet and then requested identification. I conducted a computer check for wants, warrants and local file. The check returned clear and I issued <b>Ex(b)(6)</b> a written warning for failure to leash his pet.</p> <p>All units cleared at 1628 hours.</p>

**SUMMARY:**

At approximately 1830 hours on 6/13/08 while patrolling the Tennessee Valley trail with Ranger M. Harrison, I observed a couple walking a dog heading towards Tennessee Beach. The Tennessee Valley Trail is an area closed to pets. I approached the couple and asked who owned the dog. Ex(b)(6) whom I identified by her California driver's license information, admitted to owning the dog. Ranger Harrison informed Ex(b)(6) that she had passed a sign at the trail head indicating that pets are prohibited on the Tennessee Valley trail. Ex(b)(6) responded that she was unaware of the pet prohibition on the trail. She added that she must have been talking with her companion when she passed the sign and that is the reason she did not notice it.

Ex(b)(6) was issued a written warning for 36 CFR 2.15(a)(1) - Pet in a prohibited area.

	<p>On June 14, 2008 at approximately 1447 hours, I saw a white female adult (later identified as Ex(b)(6) walking an unleashed dog on an area signed leashed pets only portion of the Miwok Trail. I was operating a 6x6 All Terrain Vehicle (ATV) and turned on the overhead emergency lights, which got her attention. I then stopped and turned off the vehicle, exited and identified myself and why I was there. I explained that she had just passed by the leash pets only sign approximately 250 feet and noticed that she did not even have a leash in her possession. I asked for identification and she gave me her name and date of birth. Park Dispatch ran a computer check, which returned negative for wants/warrants and valid CA license. I explained that the location she was in was very tricky and went from leash to off leash and back, but she still needed to have a leash with her at all times. I gave Ex(b)(6) a written warning in violation of 36 CFR 2.15(a)(2): Pets-Failure to restrain pet. I explained where Ex(b)(6) could find information on the park website for further information. Ex(b)(6) made a makeshift leash and continued on the trail.</p> <p>Cleared contact at approximately 1502 hours and continued on my 6x6 ATV patrol.</p>

**SUMMARY:**

On the morning of June 15, 2008 at approximately 1010 hours I observed a man walking with a dog off leash on the Alta Trail in the Marin Headlands. I contacted the man and informed him that his dog needed to be on a leash. Shortly after I broke contact with the man I realized that dogs were not permitted in the area of the Alta Trail where I had just contacted the man.

I re-contacted the man and identified him as Mr. **Ex(b)(6)** by his California drivers license **Ex(b)(6)**. I explained to **Ex(b)(6)** that he was in an area closed to dogs. **Ex(b)(6)** became agitated and began talking to his dog. **Ex(b)(6)** stated several times "he would rather shoot us as talk to us" to his dog. I disregarded **Ex(b)(6)** statements and issued him one citation for dog in a closed area.

29. DETAILS OF INCIDENT

On 07-03-08, at approx. 0814 hrs., I received a report from Park Communications of an injured dog below and just south of Fort Funston. At approx. 0815 hrs., the owner of the pet, later identified as Ex(b)(6), approached me at the Fort Funston Ranger Office. He advised me that his 50 pound Greyhound type dog fell off of an approx. 40 foot vertical cliff to the beach and sustained major injuries. I advised Ranger Forbes that this would be a litter carry out operation from Olympic Way. Ex(b)(6) and I hiked down to the pet from the Mar Vista Stables and awaited the arrival of the rescue team. Rangers Hardin, Johnson, Seraphin and Forbes arrived at approx. 0900 hrs. with a stokes litter and wheel. We packaged the injured dog, placed him in the litter and hiked this pet out to Olympic Way. The pet was then transferred to Ex(b)(6) at Olympic Way and Ex(b)(6) transported his pet to a veterinarian via POV. All units cleared at approx. 0930 hrs.

	On 07/05/08 at approximately 0730 hours, I was on patrol of the Milagra Ridge area when I noticed a male subject jogging with his dog off leash near battery construction 244. Clearly posted signs at the entrance to the area advise, "leash pets." I contacted the subject later identified as Ex(b)(6) and had him leash his pet. I then gathered his verbal information while informing him that pets are to be on leash at all times. I conducted computer checks on the information given. The checks returned clear of any wants and I issued a written warning for failure to leash pet.

	<p>On 07/05/08 at approximately 1024 hours, I was driving northbound on the Sweeney Ridge trail from the Portola gate when I noticed three female horseback riders on the trail. I later noticed that there was an off leash pet with the group and immediately recognized one of the riders to be a subject that I spoke to some time ago her off leash pet. The subject, later identified as Ex(b)(6) recognized me and immediately called her pet. I told Ex(b)(6) that I remembered having a conversation about her off leash pet some time ago and wondered if she failed to understand my order to leash pets in the area. She stated that she did remember the order and probably deserved a ticket. I informed her that I was issuing her a citation for the violation this time. She gave me her name and date of birth and I conducted a computer check for wants and warrants. The check returned clear and I issued citation # 0894086 for 36 CFR 2.15a2, failure to leash pet.</p> <p>I cleared at 1036 hours.</p>

ITEM 7 RESULTS OF INVESTIGATION

I observed a white male and female adult with a dog off leash in the Crissy Field Snowy Plover Wildlife Protection area. At each entrance to the section of the beach are clearly visible posted signs stating dogs must be on leash from July 1<sup>st</sup> to April 30<sup>th</sup>. I observed these two people walk on the beach past one such sign that is posted nearest the waterline. I contacted the couple who said they were married and explained the violation. I asked which one I should write the ticket to. At first the husband agreed to receive it, but then changed his mind and the wife agreed to take it. The husband said he would have some kind of a problem with this. I asked if he was ill or injured and he said no. I had started to identify him by name and DOB before his wife agreed to receive the ticket. She gave me the name of Ex(b)(6) with a Ex(b)(6). I asked her if Ex(b)(6). She replied Ex(b)(6). Then she stated she knew her CA DL number and gave me Ex(b)(6). The DL returned to Ex(b)(6) matching the physical description of this subject, but with a DO Ex(b)(6). I asked her to repeat her DOB. She then leaned in close to me in an attempt to look at where I had written her DOB on the MVN, but I hid it from her. She then said her DOB was Ex(b)(6) (which was what the DMV computer said). Suddenly Ex(b)(6) became very loud and manic in her behavior. She became agitated, non-cooperative and verbally aggressive and abusive towards me. I asked her why she had told me her DOB was Ex(b)(6) and she then said Ex(b)(6) was her sister's DOB which she had accidentally given me. Then she changed her story and said I had written down her DOB wrong. Her husband then said that he would testify in Court that I had written down his wife's DOB wrong and she had not lied to me. I explained the consequences of PROVIDING FALSE INFORMATION TO A FEDERAL POLICE OFFICER. During the majority of this contact, the husband was calm, polite and cooperative. The couple stated they donate money to the Park but will now stop donating. They asked if I have a quota. They asked if I was doing this to get money for the Park. Ex(b)(6) then twice stated she was going to walk away from me and told me to give her the ticket immediately. I had not yet received the return from USPP Dispatch. Twice she started to walk away from me and I twice had to order her to stop walking away from me. I had to explain to her that if she walked away again, I would need to detain her in hand cuffs and sit her on the sand to prevent her from walking away before I finished this MVN. I had to explain to her repeatedly that if she would stop yelling at me, I could finish and explain the MVN to her and she could be free to leave sooner, but to no avail as she continued to be verbally non-cooperative and abusive towards me. I asked her husband to calm his wife and get her to cooperate with me. She refused.

Finally, I was able to finish the MVN and get her to sign it and I quickly explained it to her before she left.

	At approximately 1510 hrs. February 10, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed Ex(b)(6) walking on the beach with his white dog off leash. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. Ex(b)(6) was informed of the GGNRA pet policies and issued a United States Department of the Interior, National Park Service Warning Notice and released. At 1515 hrs. Ex(b)(6) was contacted on the beach near the Old Coast Guard pier with two off leash dogs. He leashed his dogs per my request and advised he was unaware of the leash requirements. Ex(b)(6) said accessed the beach along the water's edge where no signs are posted. Ex(b)(6) was advised of the leash requirements, issued a United States Department of the Interior, National Park Service Warning Notice released.

I made contact with the subject later identified as Ex(b)(6) and asked her to explain why her pets were off leash. She replied, "I did not think anyone (you) were still up here." I then asked her for her identification. She gave me her verbal information and I conducted a computer check for wants and warrants. Ex(b)(6) then stated she knew better and she just got caught. Ex(b)(6) stated that she did not have any, so I gathered her name and date of birth. Ex(b)(6) replied, "What do you need that for, are you writing me a ticket!" I told her that I was and informed her that her entrance to the lands behind Skyline college has clearly posted signs advising leash your pet. Ex(b)(6) continued stating that she has property like this near her house and that the rangers never cite her. She went on to say that her pet never leaves her side and that she deserved a warning like the warning cites she observed in my patrol car. I finished writing the citation and had her sign the cite. She asked my name and if she could go to court to fight it. I gave her my name and directed her to the instructions on the back of the citation. She stated she would see me in court. I obtained a case number and cleared at 1029 hours.</p>

ITEM 7 RESULTS OF INVESTIGATION

On 07-13-08 at approx. 1141 hrs. while patrolling the area around Battery Alexander in a fully marked U.S. Park Police uniform I was approached by a female on the trail north of Battery Alexander parking lot who said an unleashed dog was running towards her and her leashed dog.

While walking north on the trail from Battery Alexander parking lot I observed a male, later identified as **Ex(b)(6)** walking with an off leash dog. Upon seeing me **Ex(b)(6)** immediately leashed his pet. I recognized **Ex(b)(6)** as the male I observed earlier at Battery Alexander parking lot with an unleashed dog. Again, in that instance, upon seeing me **Ex(b)(6)** immediately leashed his pet indicating he was aware pets were required to be leashed.

I contacted **Ex(b)(6)** and advised him that pets were not allowed off leash at Battery Alexander or its environs. **Ex(b)(6)** handed me a map that he said he received from the Marin Headlands visitor center. On the map **Ex(b)(6)** pointed out yellow highlighted areas where he said he was advised pets were allowed to be off leash. On the map I observed a paw symbol that indicated areas where pets were to be leashed. Battery Alexander and the areas around it were marked with the paw symbol indicating pets were not allowed off leash. I explained this to **Ex(b)(6)**

A check with USPP Communications using **Ex(b)(6)** Massachusetts driver's license was negative for wants/warrants. **Ex(b)(6)** said he was a resident of San Francisco.

I issued **Ex(b)(6)** MVN #K102525 for violation of 36 CFR 2.15(a) Leash Law Violation.

	<p>On 07/13/08 at approximately 1230 hours, Ranger Agnew and I were on 4x4 patrol of the Sweeney Ridge area when I noticed a female subject with her pet off leash. The area of Sweeney Ridge is a wild life haven containing many wild animals and numerous signs advise leash pet at each entrance to the property. I made contact with the subject later identified as Ex(b)(6) and informed her that her pet needed to be on leash in the area. Ex(b)(6) leash the dog and I asked her which entrance did she enter the park. She replied, " Sneath lane." I informed her that a clearly posted regulation sign exists in the area and requested her identification. I conducted a computer check on the information given and informed Ex(b)(6) that I was issuing her a citation for the violation. I issued one cite for 36 CFR 2.15a2-failure to leash pet.</p> <p>All units cleared at 1241 hours.</p>

29. DETAILS OF INCIDENT

On 07/13/08 at approximately 1640 hours, I was exiting the ranger station at Fort Funston when I noticed several San Francisco fire trucks staged in the main lot with lights and sirens blaring. I contacted communications to inquire if I should be made aware of anything occurring in the lot. The later informed me that SFFD was responding to a subject over the cliff just north of the hang glider deck. I responded to the area and met the battalion chief. A subject was over the side approximately 15 feet below sitting on a ledge with his dog "Stella." I confirmed with Ranger Warmerdam that I needed his assistance and with Ranger Norton to allow SFFD to conduct the rescue due to their abundance of firefighters on site and equipment already laid out. Ranger Warmerdam and I kept the public away from the cliffs edge. During a check of the subject, later identified as Ex(b)(6) I learned that the area he sat at was right next to a trail. I walked right down to him and informed him that the fire department was setting up the ropes and would be with him momentarily. I then asked him was there a reason he could not just walk up. He replied that he could, but was not sure the dog could. I stated that it was up to him to come up on his own, but assured him that the dog would follow. I turned around and headed to the top and Ex(b)(6) followed. His dog followed behind him and they all made it safely to the top. San Francisco firefighters from Battalion #3, Engine #19, Truck 19, Cliff rescue #1, Rescue Truck #2 Medic #19 and Rescue truck #4 all disassembled their equipment.

I later gathered identification from Ex(b)(6) and conducted a computer check for wants and warrants. The check returned clear of any wants. According to Ex(b)(6) his dog ran after a ball that went over the cliff. He later, walked down to the dog, but felt he could not get back up with her. He then stayed and help arrived. I told him in the future that he was not to place himself in harms way to rescue a pet. I also told him that had he not self rescued himself, he would have been cited for creating a hazardous condition. Ex(b)(6) later informed me that he was on a SAR team. I cleared with a verbal warning for creating a hazardous condition.

	On 07/19/08 at approximately 0808 hours I was on foot patrol of the Mori Point area when I noticed a male subject later identified as [REDACTED] walking with his pet off leash on the ridge. I stopped him and he politely greeted me. He made no effort to leash his pet. I asked him if the pet belonged to him and he stated that it did. I then told him that pets needed to be on leash and asked if he had a leash for the dog. Looking shocked, he quickly grabbed his leash and leashed his dog. [REDACTED] stated that it was his first time to the area and he must have passed the sign on his way from the Moose head lodge. I gathered his identification and conducted a computer check for wants. The check returned clear and I informed [REDACTED] that I was issuing him a written warning for the violation. I also told in that he was now in the local file managed by the department, and if caught with the pet off leash, he could be cited. He stated that he understood and I cleared at 0814 hours. I later told [REDACTED] of locations in the park where pets could be off leash.

	<p>On 07/19/08 at approximately 1020 hours, I was driving west bound on the Baquiano trail when I observed a male subject with both of his dogs off leash. Upon seeing me, the subject quickly leashed the pets. I made contact with the subject later identified as Ex(b)(6) and asked if the pet belonged to him. He stated that there were his. I then asked him if he was aware there was a leash law for pets in the area and from what location did he enter the park. Ex(b)(6) stated that he did notice the sign and had in fact leashed the pets all the way up to the ridge, but took them off because no one was in the area. Ex(b)(6) later stated that he entered at the Sneath lane gate. I gathered his identification and conducted a computer check. The check returned clear and I informed Ex(b)(6) that I was issuing a citation for the violation. I later reiterated to him the threat off leash pets posed to large and small wildlife in the area.</p>

	On 07/19/08 at approximately 1045 hours I was driving south bound on the Sweeney Ridge fire road when I observed a male subject quickly leash his unleashed dog. The area of Sweeney ridge is a wildlife haven containing numerous large cats, small mammals and birds. Clearly posted signs are placed at all legal accesses to the park advising subjects that pets are to be on leash. I contacted the subject later identified as Ex(b)(6) and asked if the pet belonged to him. He told me it did. I later asked if he was aware that pets needed to be on leash and from what location did he enter the park. Ex(b)(6) told me that he did see the sign informing him to leash his dog as he entered the park at Sneath lane, but decided to take the pet off leash in the area due to no other subjects being around. I gathered his identification and conducted a computer check. The check returned clear of any wants and I issued a citation for 36 CFR 2.15 a2, failure to leash pet. I cleared at 1051 hours.

SUMMARY:

On 7/26/08 at approximately 1400 hours, I responded to Ft. Funston after Park Dispatch reported that a woman there was requesting assistance to rescue a dog stranded on a cliff. I arrived on scene and identified Ex(b)(6) by her California driver's license information, as the person responsible for the stranded dog. Ex(b)(6) stated that she was walking the dog off-leash when the dog became frightened and climbed halfway up the cliff and would not come back down. A technical rescue ensued to rescue the dog, involving eight National Park Service personnel. Two of the rescuers went over the edge of the cliff in order to rescue the dog.

Ex(b)(6) was issued Violation Notice K102982 for 36 CFR 2.34(a)(4) - Disorderly conduct: creating a hazardous condition.

	At approximately 1030 hrs, July 27, 2008, I was driving a marked ranger sedan in the Tennessee Valley parking lot when a visitor approached me complaining of a dog with a visitor on the Tennessee Valley Trail. I made contact with Ex(b)(6) with a leashed black and white long haired dog, west of the parking lot, at approximately 1108 hrs. I explained to Ex(b)(6) that Tennessee Valley Trail is a wildlife area and pets are not allowed. A sign to this effect is clearly posted at the parking lot. Ms. Ex(b)(6) walked near this sign when she left the parking lot with her dog. Ex(b)(6) claimed she did not see the sign because she was engaged in conversation with friends when she passed the gate. She was issued US Dept of the Interior, NPS Warning Notice for violation of 36 CFR 2.15(a) (1) "Area Closed To Pets". Ex(b)(6) was released and she departed the area. Ex(b)(6) checked clear for wants and warrants.

	At approximately 1555 hrs, July 29, 2008, I was patrolling in a marked ranger sedan adjacent to the wildlife protection area at the NOAA Bldg at Crissy Field. I observed a visitor walking westbound at the water's edge with an unleashed dog. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted the visitor, [REDACTED] and she said she was unaware of the leash requirements and had accessed this section of the beach where no signs are posted. [REDACTED] was advised of the leash requirements and issued a United States Department of the Interior, National Park Service Warning Notice. [REDACTED] checked clear for wants and warrants and was then released.

<p>On 08/09/08 at approximately 0815 hours, I was on foot patrol of the Mori Point area when I noticed a male subject walking off trail along the hillside. I later observed a large white dog come out the bush line off leash. Once I contacted the subject later identified as Ex(b)(6) I later learned the pet belonged to him and requested that he leash the dog. An investigation revealed the Ex(b)(6) was a frequent user of the Mori Point area. Constant walks were conducted in the area with his pet. I informed Ex(b)(6) that the lands in the area belonged to the National Park Service and that strict regulations prohibited pets off leash. I gathered his identification and conducted a computer check for wants, warrants and local file. The check returned clear of any wants and I informed Ex(b)(6) that I would be issuing him a written warning for the violation. The written warning was issued and I cleared at 0823 hours.</p>

30 DETAILS OF INCIDENT At approximately 1726 hours on 8/21/08 I was dispatched to Muir Beach to investigate a telephone report of a dog incident. On arrival in the parking lot I met with [Redacted] Ex(b)(6) who told me that at about 1430 hours he had a run-in with an aggressive dog while on the beach. [Redacted] Ex(b)(6) stated that he was walking by a man with a tan and brown dog when the dog jumped at him and grabbed his right arm with its mouth. [Redacted] Ex(b)(6) further stated that the dog was not leashed and that the man, a white male in his fifties with short blonde hair, spoke only to his dog and left the area.  I inspected [Redacted] Ex(b)(6) right arm. There was one small hole in the sleeve of his sweater. There were also two light-colored marks on his forearm but no redness, bruising or broken skin. [Redacted] Ex(b)(6) stated that he was fine and saw no need to seek medical attention.  [Redacted] Ex(b)(6) told me that he was aware of other similar incidents involving the same man and dog on Muir Beach but was unable to provide any more identifying information.  I checked the area but saw no one matching the description given by [Redacted] Ex(b)(6) and cleared the area at about 1815 hours.

On August 23 2008, at 0915 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed an off leash dog at Judah. Off leash pets are not allowed in the Snowy Plover Protection Area. The only individual on the beach in the proximity to the dog was an Asian male later identified as Ex(b)(6). I approached and asked Ex(b)(6) if the dog was his. Ex(b)(6) replied "yes". I asked Ex(b)(6) if he was aware of the leash regulation and he stated "no". Ex(b)(6) immediately leashed his dog when I instructed him to do so. Park Dispatch indicated negative wants/warrants and no local file history for Ex(b)(6). I issued Ex(b)(6) a warning and cleared at approximately 0930 hrs.

**SUMMARY:** On 08/30/008 at approximately 1330 hours while on back country patrol of the Coastal Trail, I observed a white-male-adult later identified verbally (by his California driver license Ex(b)(6) as Ex(b)(6) walking with an unleashed medium sized light colored dog. The dog was at least thirty feet away from Ex(b)(6) as he walked northbound on the trail. I contacted Ex(b)(6) requested he leash the pet, and advised him of the regulation. Ex(b)(6) stated that it was his first time to the area, had walked from the voice control beach area, and was confused of the regulation. I gave Ex(b)(6) an NPS map of the area which illustrated the designated areas. Ex(b)(6) was compliant during the contact.

I issued Ex(b)(6) a written warning for 36 CFR 2.15(a)(2) – Leash Law.

I was clear at 1335 hours.

	On 09/02/08 at approximately 1305 hours, I was on foot patrol of Mori point when I observed a white male subject walking his pet off leash in the area. I made contact with subject later identified as Ex(b)(6) and informed him to leash his pet. He complied and I introduced myself. I later questioned his entry in to the park and requested some form of identification. Ex(b)(6) produced a driver's license to which I conducted a computer check for wants and warrants. I also had communications conduct a local file check. The checks from both sections returned clear and I issued Ex(b)(6) a written warning for the violation. I reinforced the importance of his pets remaining on a leash while in the park and stressed the real possibility of receiving a citation if the pet was caught off leash in the future. Ex(b)(6) stated that he understood and I cleared at 1310 hours.

7 RESULTS OF INVESTIGATION

On 9/4/08 at approximately 0930 I responded to Ocean Beach in the area of stairwell 16 for a report of illegal camping on the beach. Upon arrival I observed a white male sleeping on the on the north side of the stairwell 16 fire pit and another white male sleeping on the south side. As I approached I observed that the male on the south side had a approximately 50 lb dog unleashed by his side. When I got to within 40-50 yards of the 2 males, and without provoking or announcing my presence, the dog suddenly got up and barking, charged me. I immediately began to retreat and shouted at the male to control his dog. I shouted this repeatedly while retreating. I removed and extended my force issue Asp baton as the dog ran at me. The dog bit me on the left heel fraying and puncturing my uniform pants but not penetrating through my boot. I struck the dog with my Asp as it attempted to bite my left leg again. The Asp strike did not deter the dog from attacking, causing me to continue to have to push the dog back with my Asp. After approximately 10 seconds of fighting with dog, the owner called it back to him. The dog retreated back to the male who had previously been asleep on the south side of the fire pit. I instructed the male to hold onto his dog. The male did so, shouting at me that I was provoking his dog by waving my "stick" at him. Unit 461, Ranger Warmerdam responded to my location. As Ranger Warmerdam exited his vehicle, th dog broke free of its owners grip and began to charge at Ranger Warmerdam. Warmerdam commanded the owner to regain control of his dog or he would be shot. The male immediately sat up and regained control of the dog.

After the dog was properly secured, I asked the male for identification. The male stated he did not have identification and "by the laws of humanity" wasn't required to carry any. I identified the male verbally as Ex(b)(6). A check of Ex(b)(6) through NCIC and CLETS revealed a suspended driver's license and a non-extraditable warrant out of Washington State. Physical descriptors provided by the return matched that of Ex(b)(6). Ex(b)(6) stated he had only been in the San Francisco Bay area for less than a week. Ex(b)(6) further stated that his dog wouldn't bite anyone with the exception of someone in uniform. Ex(b)(6) was cited for 36CFR2.34(a)(2), Creating a Hazardous Condition. Ex(b)(6) signed the citation and was allowed to depart the area on the promise that his dog must be under leash control.

	<p>On 09-06-08, at approx. 0945 hrs., I received a radio call from Park Communications regarding a dog attack at Ocean Beach near Stairwell 18 involving a NPS seasonal employee. Upon arrival to this area from Pacheco Street, I met with seasonal maintenance employee [REDACTED] Ex(b)(6) told me that he was picking up trash near Stairwell 18 when a large, black dog with curly hair ran up to him and bit him in the right leg near his knee. I saw that the bite mark area showed redness but that the skin had not broken around the bite area. I observed that this black dog was still in the area and was attached to a leash which was approx. 20 feet in length. This leash was attached to the Ocean Beach Seawall. At this location, I contacted a white adult male, later identified as [REDACTED] Ex(b)(6) who told me that he was the owner of this black dog. I advised [REDACTED] Ex(b)(6) that his dog had just bit a NPS maintenance employee. [REDACTED] Ex(b)(6) told me that he was unaware of this dog bite but that his dog had bit a person in the past. I told [REDACTED] Ex(b)(6) that he had created a hazardous condition by having his dog, which had a history of biting humans, on an approx. 20 foot leash at Ocean Beach. [REDACTED] Ex(b)(6) wrote a complainant statement regarding this bite (attached to this report) and he told me that he was willing to testify in court regarding this case. I issued [REDACTED] Ex(b)(6) MVN K103000 for 36 CFR 2.34(a)(4), Disorderly Conduct- Creating a Hazardous Condition (\$275.) and I released him and his pet on-scene. I cleared at approx. 1015 hrs.</p>

	On 09/09/08 at approximately 0810 hours, I observed Ex(b)(6) walking along the main path of Mori Point with his two dogs off leash. As I approached Ex(b)(6) he leashed his pet and continued to walk on the path. I stopped Ex(b)(6) introducing myself and informing him that the pets are to remain on leash while on park property. I asked if he passed the sign at the entrance to the park by the Moose Lodge. He stated that he did, but he always noticed pets off leash and did not think the regulation was enforced. I requested his identification and conducted a computer check/ local file check. The check revealed no prior contacts and no wants. I told Ex(b)(6) that Mori Point was part of Golden Gate National Recreation area, a National park and all regulations were to be followed. I also told him that because others chose to ignore the regulation did not validate his excuse. I issued him a written warning for the violation and cleared at 0815 hours.

	09/09/08 at approximately 0829 hours, I recognized a white male subject later identified as Ex(b)(6) walking with his pet off lead in the area of Mori Point. Ex(b)(6) is the same subject that I contacted on 08/09/08 in the same area for the same violation at approximately 0830 hours. I made contact with Ex(b)(6) and reiterated to him the importance of maintaining control of his pet. Ex(b)(6) appeared to be mentally impaired and after some time with him, I realized that he was not comprehending what I was saying. I managed to obtain a piece of identification from Ex(b)(6) and conducted a computer check. Ex(b)(6) returned clear of any wants and I released him. He walked away still not maintaining any control of his pet and walking off trail. I informed communications that I would be conducting a follow-up at the residence (Ex(b)(6)) to speak with someone who could explain to Ex(b)(6) the regulations. I arrived at the home and met with Ex(b)(6) who informed me that her husband has been walking in the area. She informed me that her husband had a mental condition and she would speak to him. I told her that Ex(b)(6) needed to abide by the regulations, or run the risk of being cited for the violations. She stated that she understood.

On September 14 2008, at 0846 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed an off leash dog at Judah. Off leash pets are not allowed in the Snowy Plover Protection Area. The only individual on the beach in the proximity to the dog was white female later identified as Ex(b)(6). I approached Ex(b)(6) and asked if the dog was hers. Ex(b)(6) replied "yes". I asked Ex(b)(6) if she was aware of the leash regulation and she stated "no". Ex(b)(6) immediately leashed her dog when I instructed her to do so. Park Dispatch indicated negative wants/warrants for Ex(b)(6) and that she had a suspended California driver's license (suspended Ex(b)(6) DUI). Ex(b)(6) stated she had no license in her possession and she was verbally advised of the suspended license. I issued Ex(b)(6) a warning and cleared at approximately 0900 hrs.

I responded to the Rifle Range where I found an un-attended white sport-utility. A dog was contained in a pet carrier in the rear of the sport-utility. I located the driver (identified by CA DL as Ex(b)(6)) of the sport utility nearby at approximately 9:05 AM. Ex(b)(6) was walking with a dog that was not under leash control. I contacted Ex(b)(6) and advised him of his violation and then issued him a violation notice under 36 CFR 2.15(a) (2) ("Failing to restrain on a leash which shall not exceed six feet in length"). There are signs posted in the area advising visitors that pets must be leashed at all times. I released Ex(b)(6) from the scene and resumed my patrol at approximately 9:15 AM.</p>

29. DETAILS OF INCIDENT

On Tuesday, September 23, 2003 at 1116 hours I was dispatched to investigate a report of a dog bite victim at Tennessee Valley parking lot.

On scene, I contacted Ex(b)(6) who reported she had been hiking S/B on the Miwok Trail at approximately 1100 hours when she encountered a another woman walking N/B with a German shepherd type dog. Ex(b)(6) described the woman as blond, 25 – 30 years old, wearing sunglasses with her hair pulled back in a pony tail. She was also wearing black tights that came down to mid-calf. Her dog was wearing a green nylon vest attached with straps. Ex(b)(6) said the woman stated her dog was a "service dog." The animal was leashed but became aggressive as Ex(b)(6) attempted to pass them. The owner of the dog did not control the animal and it lunged at Ex(b)(6) and bit her on the left hip.

Ex(b)(6) showed me an area at her beltline on her left hip which was bruised and had raised welts where the dog's teeth had contacted her. The skin was not broken and Ex(b)(6) refused further first aid. I took photos of the bite marks.

Ex(b)(6) said the woman stated "You'll be OK, the skin isn't even broken." The woman left without identifying herself and continued N/B with her dog on the Miwok Trail.

Ex(b)(6) stated she could identify the woman again if she saw her. I transported Ex(b)(6) to the Miwok trail and drove through the entire Coyote Ridge area to see if we could locate the woman. The woman and her dog were not found and I returned Ex(b)(6) to the Tennessee Valley parking lot.

29. DETAILS OF INCIDENT

On Tuesday, September 23, 2008 at approximately 1757 hours, I was dispatched to the area of Crissy Field East Beach for a report of an injured toddler stemming from a running dog. While en-route, dispatch advised the dog owners were leaving the scene, and the reporting party was following behind them, still on the phone. Dispatch tried to verify the caller's location which was vague. I was able to finally track down the subjects on Jefferson east of Divisadero. I observed two white females with a child in a stroller and a dog, headed east just ahead of an Asian male and female with a child in a stroller.

Upon contacting both parties, the male subject was demanding the female subjects take his child to the hospital to be checked out. Presidio Fire Department and medics arrived on-scene, and checked on the child. What was originally reported as a "dog bite" was found to be a scratch, most likely from the dog's paws, not a bite.

I asked the female subjects why they had walked away from Crissy Field, and they told me they didn't have a phone, and they felt threatened by the actions of the male subject, who was demanding they take his son to the Emergency Room. They were walking away because they felt their safety was at stake.

The male subject advised he was leaving on 9/24 to fly home, and that he would take his 19-month-old son to his doctor if anything further developed.

This incident allegedly occurred at Crissy Field Beach where the female subjects' dog was playing with another dog, and jumped over / near the child victim.

On October 4<sup>th</sup>, 2008 at approximately 1600 hours Ranger Harrison and I were on foot patrol at Ocean Beach between Pacheco and Rivera Streets. Ranger Harrison and I contacted six separate individuals with their dogs off leash. The area between Stairwell 21 and Sloat Street is designated as a Snowy Plover protection area and dogs are required to be on leash in that area. We gave the dog owner's verbal warnings for the violation and recorded their information for the Golden Gate National Recreation Area local file. The two individuals listed above were contacted along with Ex(b)(6)

	<p>On Monday, October 06, 2008 at approximately 1250 hours I contacted a WFA with a dog off leash on the SCA Trail on Wolfback Ridge in the Marin Headlands, an area closed to pets. The area is posted with signs at all trail access points stating "NO PETS." The woman was identified as Ex(b)(6) of San Francisco by a check through CA DMV records and her date of birth. I advised Ex(b)(6) she was in an area closed to pets and that it was also a sensitive habitat area for the endangered species of Mission Blue Butterfly.</p> <p>I issued Ex(b)(6) a Violation Notice # 0894730 for violation of <b>36 CFR §2.15 possession of a pet in closed area</b>. I also provided Ex(b)(6) with maps of both Golden Gate National Recreation Area and California State Parks, Mount Tamalpais, which show where pets are allowed.</p> <p>Clear at 1315 hours.</p>

	On October 12, 2008 at 0950 hrs. I was driving a marked ranger sedan westbound on Marine Dr, Ft. Point. I observed [REDACTED] walking eastbound on Marine Dr. lot with a large brown dog off leash. When I contacted her I requested she leash her dog to which she complied. The good weather at this time resulted in high visitation at this location to include cyclists, walkers, joggers and vehicles. A dog off leash at this time and location clearly creates a hazard. [REDACTED] was informed of the location of "voice control" areas in the park. She was issued a United States Department of the Interior, National Park Service Warning Notice and released. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort.

ITEM 7 RESULTS OF INVESTIGATION

- continued -

One of his dogs came running at me forcing me to shout, "Is he friendly?" Ex(b)(6) gave the standard reply, "Of course." The other dog was attached to a rope approximately 30 feet in length. After several calls to his dog he was able to get it on leash. Once that was completed I asked for his identification. Ex(b)(6) was less than enthused and again reluctant to comply but finally produced his wallet. I then asked him to remove his ID from his wallet which he then did.

I advised him that the area is part of the NPS and subject to leash law. Ex(b)(6) told me he had been coming to the area with his dogs for over twenty years without any problems. I asked him if he was aware of the leash regulation. He tried to question me about where were the signs. I asked Ex(b)(6) if he had ever been warned or spoken to by a Ranger regarding the leash law. Ex(b)(6) stated no one had ever stopped him.

I advised Ex(b)(6) that I needed to speak with him at his vehicle. Ex(b)(6) told me he was planning on walking his dogs. I told him that would be alright but he could do it after we had concluded our business. I told him he was to walk over to his car and we would finish up there. I returned to my vehicle at the foot of the Parade Ground and drove 150 yards over to his car parked on Center road. Ex(b)(6) started to walk towards his car.

I ran his plates and his license with dispatch and begin writing the violation notice. It was then that I noticed Ex(b)(6) was walking the opposite direction. I again called out to him several times before he acknowledged me. I ordered him to come over to my location. When he got to his car he started to argue the leash law. I told him the regulations were posted on our website at [WWW.NPS.GOV/GOGA](http://WWW.NPS.GOV/GOGA) and also in our brochures and in various locations on signs. Ex(b)(6) told me since there were no signs on the Parade Ground I could not write him a ticket.

Ex(b)(6) was belligerent and loud, walking up on me as if he wanted to argue. Twice Ex(b)(6) was told to step out of the road and stay at the front of my vehicle. Both times he expressed displeasure and disbelief that I would be telling him what he could and couldn't do. I again advised him of the nature of the violation, the rules and regulations and the areas where he was welcome to have his dogs off leash. I advised him he was not being stopped from walking his dogs but they must remain on leash at all times while in Fort Baker.

I then issued Ex(b)(6) Federal Violation Notice #K102886 for violation of 36 CFR§2.15(a)(2) - "failing to restrain a pet (pet off leash) with an explanation of the fine and how to process it in the mail or through court.

Ex(b)(6) stated he would fight it and I would lose. He told me it was ridiculous as there were no signs. Ex(b)(6) then asked me if I would be in court so he could waste my time there as well.

I asked if he had any questions regarding the citation, Ex(b)(6) informed me he would see me in court.

Clear at 1035 hrs.

<p>On 10/12/2008 at approximately 1612 Hours, I observed a white female adult (identified by CA. D.L. as Ex(b)(6)) with a dog on the Fort Baker Parade Ground that was not secured on a leash. All pets are required to be restrained on a leash at all times while in that area. I saw Ex(b)(6) attach a leash to the dog as I approached her with U.S. Park Ranger Jamie Mar. A group of people were seated on the ground next to Ex(b)(6). When I informed Ex(b)(6) of her violation she told me that she didn't know that her dog was required to be on a leash in that area. The group of people seated on the ground included Ex(b)(6) husband a white male adult (identified by CA. D.L. as Ex(b)(6)). I was informed by radio by U.S. Park Ranger Chad Corey that he had contacted the same group of people and gave them a verbal warning about the dog approximately 10 minutes before my arrival. I issued Ex(b)(6) a Violation Notice (K105306) for 36 CFR 2.15(a) (2) Pet unrestrained.</p>

	On 10/13/08 at approximately 1535 hours, Ranger Leone and I were conducting a foot patrol along the Marshall's beach area below Fort Scott, when we came across a male subject with his pet dog "Halo". The beach area is closed to pets and clearly signed as such at the entrance to the Battery to Bluffs trail down to the beach. I informed the subject, later identified as [REDACTED] that pets were not allowed in the area hence the large no pet sign at the entrance to the trail. [REDACTED] stated that he did not see the sign and immediately pleaded not to be issued a citation because he could not afford it. I requested a form of identification and I conducted a check for wants and warrants. Communications later informed me that [REDACTED] had two outstanding warrants from Florida that were non-extraditable. I informed [REDACTED] of his outstanding warrants and that it would benefit him to handle those sooner than later. I then issued him a written warning for the pet in a closed area and had him vacate the beach with his pet. Ranger Leone and I cleared at 1550 hours.

	On 10/18/08 at approximately 0830 hours, I conducted a 4x4 patrol of Ocean Beach's wildlife protected area (stairwell 21 south to Sloat) and encountered 9 different subjects with their pets off leash. The wildlife area has an endangered species of snowy plover and clearly posted signs at all legal accesses, inform visitors to leash pets in the wildlife closure. I individually informed visitors that the area was a seasonal closure and pets were to be on leash between the month's of July to May. All verbal warning were received with out incident from the visitors and the one subject that did not have a leash, was ordered off the beach at Noriega avenue. I cleared the patrol at 0930 hours.

On Monday, October 20, 2008 at 1315 hours I observed a WFA hiking with a dog on a hillside west of Alta Ave. near the intersection with the bobcat Trail. This area is closed to pets and is clearly marked with signs posted at all access points and at all intersections of trails.

I contacted the individual who identified herself as Ex(b)(6) of San Francisco. Ex(b)(6) stated she thought the signs said "Pets on Leash" and offered to show me the sign at Alta Ave. and Rodeo Fire Trail. We went to the sign and found that it said "NO PETS" and also had an international logo for pets with a red slash through it.

I issued Ex(b)(6) a Violation Notice #0894735 for **36 CFR §2.15, Possess a pet in an area designated as closed to possess of pets by the Superintendent.** I also provided Ex(b)(6) with a map of the park and directions to legal pet trails nearby.

Clear at 1325 hours.

29. DETAILS OF INCIDENT

On Tuesday, October 21<sup>st</sup>, 2008 at approximately 1121 hours, I was dispatched to the area of the Crissy Field Wildlife Protection Area at the west end of Crissy Field for a report of a white female wearing a ball-cap who was allowing her white dog to run off-leash in the restricted area. As I was standing on the pier, I watched as a white female wearing a pink shirt, black pants and a ball-cap ran toward me allowing her dog to run off-leash. As she approached me, I called her over, and told her she was in violation of the wildlife protection act.

A computer check of the suspect by name and date of birth revealed no wants or warrants, and a check of the local file revealed no previous contacts.

There are signs posted at each beach entrance from the promenade area, there are approximately 5 signs posted at the beach entrance from the west bluffs area, and there is a sign posted between the wildlife protection area and the non-wildlife protection area on the beach itself, warning beach goers and dog walkers of their entry into the restricted area.

I issued Magistrate's Violation Notice # K105372 to Ex(b)(6) for violation of 36CFR7.97(d)(i) – dog off-leash in Snowy Plover protection area.

On 10/21/08 at approximately 1147 hours, I was driving into Milagra Ridge for a patrol of the area when I noticed two subjects walking their pets off leash on the trail. Milagra Ridge is a wildlife habitat containing several endangered species and wild coyotes. The area is also signed "leash pets" and posting indicating constant coyote sightings. When the subjects noticed me driving into the area from a distance of 50 yards away, they quickly leashed the dogs and continued walking on the trail. I decided to turn around and meet them back at the trail head where their car was parked.

They arrived approximately 3 minutes later and I made contact with a male subject later identified as Ex(b)(6) who claimed ownership of the pets. Ex(b)(6) advised that they were taking a chance by taking their pets off leash, and was aware there was a leash law in place. I gathered his identification, conducted a computer check for wants and I issued him a citation for failure to leash pet. The computer check returned clear of any wants and I cleared at 1159 hours.

At 1545 hours, I made a call to Ex(b)(6) and advised that I issued the wrong collateral for the violation and advised him of the correct \$75.00 total collateral.

The subject, later identified as Ex(b)(6) continued to walk toward my patrol car with the pets unrestrained. I stopped her and had her leash her pets. I then asked her if she was aware that the pets were to be on leash. Ex(b)(6) stated that she saw the leash pet sign at the entrance of Sneath lane, but was informed by her friend that she could "train" her pets here at Sweeny Ridge. I requested her identification. Ex(b)(6) replied, "Is that really necessary... can you just give me a warning!" I asked her a second time and received a name and date of birth. I explained to Ex(b)(6) that GGNRA properties in San Mateo County were all leash required. Those area were wildlife habitats with numerous large and small inhabitants. Pets were to on leash at all times. While I conducted a wants and warrants check, Ex(b)(6) stated two of her pets were leashed with leashes dragging in the ground while the other two were under electronic control. The wants check returned clear and I issued Ex(b)(6) a citation 36 CFR 2.15a2 for failure to leash pets.</p> <p>At 1544 hours, I called Ex(b)(6) to inform her that the total collateral of \$125.00 was incorrect and the correct total collateral of \$75.00 was correct.</p>

	On 10/21/08 at approximately 1427 hours, I was on foot patrol Mori Point area when I contacted a male subject with his pet off leash. The subject, later identified as Ex(b)(6) was ordered to leash his pet. I asked Ex(b)(6) if he was a frequent user of the Mori area and if he was aware of the leash law. Ex(b)(6) stated that used Mori point somewhat and was aware of the leash policy. He later went on to say he unleashed the pet in order for it to use the rest room, but upon contact with him, the pet was walking off leash. I requested his identification and conducted a computer check for wants and warrants. The check returned clear of any wants and I issued one cite for 36 CFR 2.15a2- failure to leash pet. I also, informed Ex(b)(6) that all GGNRA properties in San Mateo county were leash required.										
	At 1543 hours, I noticed I wrote the incorrect collateral for the citation( K105983) issued to Ex(b)(6) I called Ex(b)(6) and left a message informing him that the total collateral should be \$75.00 and not \$125.00.

ITEM 7 RESULTS OF INVESTIGATION

On October 24, 2008, at approximately 1659 hrs, I received a report from Park Dispatch of a dog vs. dog attack at Ft Funston. At approximately 1700 hrs, I located the reporting party, identified as Ex(b)(6), at the Ft Funston Ranger Station. Ex(b)(6) stated she had been walking her off-leash dogs on the Ft Funston beach when a "large Malamut" leaped onto one of her dogs (an Australian Shepherd identified as "Jake"), and was "growling and with teeth bared". Ex(b)(6) recognized the Malamute as "Kaykoa", a dog that Ex(b)(6) stated had "repeatedly attacked" both herself and Jake. The owner of the Malamute, later identified as Ex(b)(6), then apparently pulled his dog off of Ex(b)(6) dog. Ex(b)(6) stated that Ex(b)(6) yelled to his companion that the attack was due to Ex(b)(6) dog being "un-neutered". Ex(b)(6) stated she left the beach with her dogs and "came to the safety of" her "car" and "came to the ranger station". I asked Ex(b)(6) if either she or her dog was injured and she stated "no". Ex(b)(6) stated that similar events have been ongoing between her dog and Ex(b)(6)'s dog. Ex(b)(6) indicated to me that Ex(b)(6) vehicle (described as "a gray truck") was parked adjacent to the Hang Glider building. I left Ex(b)(6) with a witness statement and requested she stay at the ranger station.

Adjacent to the Hang Glider building I observed a gray Nissan truck with no front license plate. I waited at the truck for approximately 30 minutes before being approached by an individual identified as Ex(b)(6). Ex(b)(6) stated she witnessed the dog fight. Ex(b)(6) stated the fight was not "huge" and "ended quickly". Ex(b)(6) stated that Ex(b)(6) had told Ex(b)(6) that the attack had occurred because Ex(b)(6) dog was not neutered. Ex(b)(6) stated she had been walking with her two dogs and neither were attacked by Ex(b)(6) dog.

At approximately 1745 hrs I was approached by both Ex(b)(6) and his companion; identified as Ex(b)(6). Ex(b)(6) stated he was walking his dog "Kekoa" on the Ft Funston beach when he observed Ex(b)(6) and her dogs on the beach. Ex(b)(6) stated "our dogs do not get along" and the "Australian Shephard is not fixed". Ex(b)(6) stated he "ran to insure a fracas between the 2 dogs would not occur just before the dogs began to engage". Ex(b)(6) stated he "grabbed" his dog and that Ex(b)(6) made "no attempt to subdue her dog". Ex(b)(6) further stated that Ex(b)(6) "began screaming", "threatened to call the police" and that "police would go by" his "house this evening". Ex(b)(6) stated that neither he nor his dog was injured. Ex(b)(6) stated as well that similar events have been ongoing between his dog and Ex(b)(6). Ex(b)(6) also stated that he drives through the Funston parking lot to ensure that Ex(b)(6) is not there. Ex(b)(6) also prepared an independent statement that was similar to Ex(b)(6).

Both Ex(b)(6) decided to press charges against each other. I described the process to them and they stated they understood. I issued Ex(b)(6) violation K104796 for 36 CFR 2.34 (a)(4). I issued Ex(b)(6) violation K104798 for 36 CFR 2.34 (a)(4), \$275.00 bail

On 10/25/08 at approximately 0842 hours, communications advised me to respond to Fort Funston for the report of a seven year old dog bite victim. The victim would be sitting on a bench at the north end of Fort Funston. I responded from the ranger station to the area. Once on scene, I met the victim later identified as [REDACTED] a 75 year old park visitor. According to [REDACTED] a male subject had his two dogs near her dog and the dogs began to squabble. She stated, she raised her right left to fend the dogs away from her as she sat on the bench. In the scuffle, one of the dogs belonging to the male subject, bit [REDACTED] on her right leg in two places. I rendered care to [REDACTED] injuries and transported her to her vehicle in the main parking lot of Fort Funston. While rendering aid, Ranger Warmerdam arrived on scene and gathered a suspect description of the male responsible for the injuries. While transporting [REDACTED] she stated the male suspect asked her which if his dogs bit her. He then later walked away giving no information as to who he was or the status of his dogs medical records. Ranger Warmerdam did a quick check of the area for a white male adult approximately 45 yo, 140 lbs, 5'8", black fleece jacket, tan hat with two black mixed breed dogs. No one fit the description.

I filled out a patient care report for [REDACTED] and urged her to get medical help. [REDACTED] stated she would take herself to Kaiser. I cleared at 0940 hours.

	On October 26, 2008 at 1803 hrs, I was driving a marked ranger sedan eastbound on Marine Dr, Ft. Point. I observed [REDACTED] walking westbound on Marine Dr. lot with a large brown dog off leash. When I contacted her I requested she leash her dog to which she advised that she did not have a leash with her. I provided [REDACTED] with a leash and she restrained her dog. She said she normally leashes her dog on Marine Dr. but forgot the leash today. A dog off leash at this time and location clearly creates a hazard. [REDACTED] was informed of the location of "voice control" areas in the park. She was issued a United States Department of the Interior, National Park Service Warning Notice and released. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort.

	On Monday October 27, 2007 at approximately 0821 hours I was on patrol as car #802 when I was dispatched to the protected area on the west-end of Crissy Field for a unleashed dog. Upon arrival at approx. 0823 hours I observed Ex(b)(6) walking west bound on the beach near the old USCG Station with a unleashed brown dog. Ex(b)(6) was run through the NCIC/CLETS systems for any wants with negative results. Ex(b)(6) stated that she drops her son off at the Bay High School then walks her dog on the beach. Ex(b)(6) stated she was not aware of the leash law in that area of Crissy Field. Ex(b)(6) was also cleared of the local file for past contacts. Ex(b)(6) leashed her dog and was released with a verbal warning.

29. DETAILS OF INCIDENT

On Tuesday, October 28<sup>th</sup>, 2008 at approximately 1711 hours, I was in full uniform and aboard my fully marked Police Harley Davidson motorcycle in the area of Lombard Street and Ruger Street in the Presidio of San Francisco. I observed a white male adult with gray hair, wearing shorts and a gray colored Sweatshirt with his dog off-leash. I advised the subject it was a leash area, and not a voice control area. The subject became argumentative, and told me "The park can't arbitrarily change the law. I've been coming here for twenty years." I tried to explain to the subject the area controlled by the Presidio Trust did not fall under the 1979 pet policy relating to the GGNRA, but he kept arguing. He said "Sgt. Falzone gave us his number, and said if there was ever a problem here, we should call him ... Do you know Sgt. Falzone?" I told him I did, and as the subject walked away, I contacted Sgt. Falzone via cell-phone and asked if he had told anyone it was okay to have dogs off-leash at this location. He told me he didn't. I then advised the subject I had Sgt. Falzone on the phone, and asked if he wanted to talk with him directly. The subject talked to him on my phone, where I heard him identify himself as Ex(b)(6) and then handed the phone back to me. As he was standing there, the subject said "I'll just have to come back here and get a ticket. Then I can fight that one like I did the last one at Crissy Field." Then, while projecting himself toward me, continued "That one got dismissed, didn't it?!" I told him I didn't know, because I wasn't the one who wrote the other ticket. I also asked why he was getting snide with me, and getting in my face about it. As he kept arguing about the "arbitrary change in policy" I told him this contact was a warning for dog off-leash. I further told him if I saw him again with his dog off-leash, the next time would be a citation, and if there was a third contact by me for the continuing violation, he would be arrested. As he was still rambling, I repeated myself to him ... "This time is a warning. Second time will be a citation. Third time will be an arrest." I repeated this at least twice directed at him, and in front of another white male adult dog walker who was standing nearby.

As the subject drove by, I ran his license plate through park dispatch and got the above address from the vehicle registration. The vehicle is registered to Ex(b)(6) Dispatch was unable to match vehicle owner information to a California Driver's License in Ex(b)(6)

	At approximately 1725 hrs, October 28, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed Ex(b)(6) walking westbound on the beach with a small white dog off leash. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted Ex(b)(6) on the beach and requested he leash his dog. Ex(b)(6) complied. Ex(b)(6) said he was unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. Ex(b)(6) was advised of the leash requirements and issued United States Department of the Interior, National Park Service, Warning Notice. Ex(b)(6) was then released.

	<p>On 11/03/08 at approximately 1305 hours, I made contact with a subject later identified as Ex(b)(6) with his two dogs off leash in the wildlife protection area of Ocean Beach. This section of beach between stairwell 21 and sloat boulevard, is a wildlife protection area for the endangered species of snowy plover. Ex(b)(6) was at Noriega with his pets as he threw a ball to them. I contacted Ex(b)(6) informing him that pets were to be on leash in the area. Ex(b)(6) seemed completely shocked at the information and quickly leashed the dogs as he apologized for the violation. I gathered identification from him to check the local file and wants or warrants. Ex(b)(6) was clear of any wants and was not in the local file. I reiterated the boundaries of the wildlife closure and cleared with a verbal warning for the violation.</p> <p>I cleared the contact at 1310 hours.</p>

One of the males produced a Nevada Driver's License showing the name of Ex(b)(6) said he did not have a California Driver's License because he had just moved to the area after working on the OBAMA campaign. He then mentioned that they saw others walking dogs and assumed it was ok. I advised him that I issued them violation notices also. I issued Mr. Ex(b)(6) violation notice 0894711 for having a pet in a closed area. Ex(b)(6) said he did not like it but he understood the reason for the violation. 	At approximately 1445 hrs, November 12, 2008, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed Ex(b)(6) walking westbound on the beach with a small white dog off leash. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted Ex(b)(6) on the beach and requested she leash her dog. Ex(b)(6) complied. Ex(b)(6) said she was unaware of the leash requirements and had accessed the beach along the water's edge where no signs are posted. Ex(b)(6) was advised of the leash requirements and issued United States Department of the Interior, National Park Service, Warning Notice. Ex(b)(6) was then released.

	<p>On November 10, 2008 at 1221 hours I arrived at the Tennessee Valley trail gate enroute to the horse stables. I was approached by two park maintenance employees, D. Crandall and Dante Zedd. They told me that a white female with a dog had walked to the beach. Zedd said he made contact with the female at the entrance gate where he was working on the near toilets. He informed the female but she ignored him and walked onto the trail. This area is posted at the entrance no pets allowed. Crandall said he spoke with the female later and advised her that pets were not allowed and that she could be cited by a ranger. The female continued onto the beach where I made contact with her. Katherine Barger was identified and issued violation notice 0894712 for having a pet in a closed area. I then had BARGER leave the area. No further action was taken.</p> <p>End report</p>

29. DETAILS OF INCIDENT

On 11-11-08 I performed foot patrol on the west end of Crissy Field Beach for one hour and contacted six persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. Four violators were checked through the GGNRA local file with negative results. All received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their lack of clarity. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. One woman Ex(b)(6) said she was looking forward to the day when ALL dogs needed to be leashed on Crissy Field Beach, but would continue to walk her dog unleashed until the rules changed. END.

Violators contacted and issued written warnings:

	On Monday 17 November at approx. 0805 hrs., while on patrol in Fort Baker, I observed a white female, later identified as Ex(b)(6) with two dogs on Drown Fire rd. at the gate. A large tan dog was off leash and approximately 30 feet in front of her. Ex(b)(6) had a small leashed dog in her arms. I asked her to leash the large dog and Ex(b)(6) returned to her locked vehicle to obtain a leash. Ex(b)(6) stated she thought the leash law had been thrown out by the courts. I advised her of the NPS regulations and gave her information about GGNRA and pets. Ex(b)(6) was issued Federal Violation Notice #K102889 for violation of 36 CFR§2.15(a)(2) - "unleashed pet." Clear at 0815 hrs.

	On November 17, 2008 at 1220 hrs, I was on patrol in the Ft. Point parking lot when I observed Ex(b)(6) walking in the parking lot with her dog off leash. When I contacted her, I requested that she leash her dog. She said her leash was in her car at the parking lot. I provided Ex(b)(6) with a leash for her dog and explained the leash regulations. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort. Ex(b)(6) was issued a United States Department of the Interior, National Park Service Warning Notice for this violation, informed of "voice control" areas and released.

	On 11/19/08, at approximately 1145 hrs. I responded to Ft. Funston for a leash law complaint. Upon arrival, I met with Ex(b)(6) who stated that approximately 30 minutes earlier, he was fishing on the beach at Ft. Funston. He stated that while preparing to cast his fishing line, he was holding a fishing hook attached to the line. He then observed an unleashed dog running toward him. Ex(b)(6) stated that the dog then ran into the fishing line and caused the hook to puncture and cut through the tip of his left thumb. A W/F/A (later identified as Ex(b)(6)) arrived on scene, took control of the dog, and apologized to Ex(b)(6). Ex(b)(6) stated that he felt frustrated and began shouting at Ex(b)(6) to put the dog on a leash. Ex(b)(6) shouted back at him and Ex(b)(6) left the scene and contacted USPP. Ex(b)(6) stated that he did not require a medical response for the injury and that he did not want to press charges against Ex(b)(6). Ex(b)(6) had also called USPP Communications to report the incident. I contacted her by telephone and she stated that the fishing line was not easily visible from a distance and that she would not have allowed the dog to be near Ex(b)(6) had she seen the line. Ex(b)(6) stated that she attempted to apologize to Ex(b)(6) but he kept shouting at her. She stated that Ex(b)(6) said he would follow Ex(b)(6) to her car to get her license plate if she tried to leave. Ex(b)(6) continued to shout at Ex(b)(6) until an unidentified passerby intervened and Ex(b)(6) cleared the scene without further incident. Ex(b)(6) was verbally admonished for GGNRA pet violations. Time cleared: 1330 hrs.

**SUMMARY:**

On the afternoon of November 21, 2008 at approximately 1445 hours I received a walk in report at Building 1056 in the Marin Headlands from a man later identified as Ex(b)(6) that he had been bitten on the hand by a dog in passing on the Coastal Trail. I gathered information and learned that the suspect was identified as Ex(b)(6) of Mill Valley. Ex(b)(6) was examined by Paramedics at scene and released AMA. I informed Ex(b)(6) that I would contact Ex(b)(6) to verify that his dog had been kept up to date with all of its vaccinations and I would contact him if anything was missing. Ex(b)(6) submitted a voluntary witness statement concerning the events which is attached to the end of this report.

I contacted Ex(b)(6) to corroborate the incident details and verify that his dog was up to date with all of its shot. Ex(b)(6) submitted a voluntary witness statement concerning the dog bite and the complete up to date vaccination records for his dog. No further action was taken.

	On 11/21/2008 at approximately 1558 hours, I contacted a woman walking with her dog on Crissy Field in the Wildlife Protection Area. Her dog was not on a leash as is required by park regulations. She identified herself as Ex(b)(6) of Oakland, California and a computer check of her driver's license came back clear. Ex(b)(6) said that she was visiting Crissy Field for the first time, and did not realize that dogs had to be leashed in that area. I explained the regulation to her and issued her a warning notice for violation of 36CFR 7.97(d)(i) Dogs - Snowy Plover Area. I advised her that her name would remain in the local file and that if she was contacted again for the same violation, she would receive a citation. I cleared at approximately 1615 hours.

	At approximately 0909 hours on 11/22/08 while on foot patrol in the area of Ocean Beach at Judah ST, I observed a female subject on the beach with a dog that was not leashed. From July 1 to May 15, pets are required to be leashed on Ocean Beach between stairwell 21 and Sloat BLVD in order to protect the western snowy plover, a federally listed threatened shorebird. I contacted Ex(b)(6) for violating the leash restriction and identified her via verbal information which she provided. Ex(b)(6) corrected the violation by placing her dog on a leash. I gave her a verbal warning for violation of 36CFR7.97(d) Dog off-leash in a plover protection area and released her from the scene at about 0915 hours.

RESULTS OF INVESTIGATION

On 11-22-08 at approx. 1653 hrs. I was dispatched to 811 Quarry Rd. for a report of a motor vehicle accident involving a motorcycle and a dog.

Upon arrival I observed Sgt. Schneider and Presidio Med 51 on scene with the victim, identified as Ex(b)(6).  
Ex(b)(6) I observed that Ex(b)(6) was conscious and alert but lying on the roadway and being administered medical assistance by the Presidio Fire Department. I observed a blue Ex(b)(6) parked in space 107.

I spoke with the owner of the dog, identified as Ex(b)(6) stated that while walking in the area of 811 Quarry Rd. she unleashed her dog so it could relieve itself. After unleashing her dog Ex(b)(6) said she observed her dog run onto Quarry Rd. and in front of a motorcycle, operated by Ex(b)(6) said the motorcycle was traveling up (south) on Quarry Rd.

A check of the motorcycle with USPP Communications was negative for wants and revealed the registered owner was a Ex(b)(6) Ex(b)(6) a resident at Ex(b)(6)

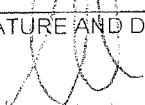

I spoke with Ex(b)(6) who said while traveling south on Quarry Rd. a dog ran onto Quarry Rd. into the path of his motorcycle. Ex(b)(6) said that after striking the dog he lost control of the motorcycle and fell to the ground.

Presidio Med 51 transported Ex(b)(6) to California Pacific Medical Center for further medical treatment.

I did not issue Ex(b)(6) a citation on scene so she could take her dog to the veterinarian for medical treatment.

On 11-23-08 I responded to Ex(b)(6) and issued her MVN #K106699 for violation of 36 CFR 1002.15(a) Failure to Restrain Pet. Ex(b)(6) signed her citation and I cleared the scene.

Time Cleared: 1705 hrs.

	On 12/03/08 at approximately 1630 hours, I was driving south bound on the Great Highway pass the wildlife protection area, when I observed a female subject with her two pets off leash at Santiago Ave. The wildlife protection area in a closure encompassing stairwell 21, south to Sloat Ave to protect the snowy plover. I drove down on to the beach at Santiago avenue and made contact with a subject later identified as Ex(b)(6). I asked Ex(b)(6) if she was aware there was a leash requirement for her pets while in the wildlife protection area. I also asked where she entered the beach at. Ex(b)(6) stated that she came on the beach at Judah avenue and was aware of the leash requirement, but was under the impression that it was an hourly enforcement. I asked her for identification and conducted a computer check for wants and warrants with the name and date of birth given. The computer check returned clear of any wants and a valid driver's license number. I informed Ex(b)(6) that she was being cited for failing to leash her pets in a wildlife protection area and issued citation K106022 for 36 CFR 7.97(b)(10). I cleared at 1637 hours.

On 12/04/08 at approximately 1450 hrs., I observed one female with two dogs off leash in plover protection area at West Bluff beach. I contacted Ex(b)(6) and performed a computer check on her Ex(b)(6) and it confirmed that her license was suspended with service needed. The suspension date was effective 12/26/07. I took possession of her license, filled out a DMV 310 form, and had her sign it. I explained to her that she could not drive a vehicle because her license was suspended. I then explained to her the pet policy for the park, and gave her a verbal warning. I mailed her license to DMV, took a report, and cleared at 1502 hrs.

	On December 12, 2008 at 1058 hrs. I was driving a marked ranger sedan westbound on Marine Dr, Ft. Point. I observed Ms. Ex(b)(6) walking westbound on Marine Dr. with a small white dog off leash. When I contacted her I requested she leash her dog and she complied. Ex(b)(6) said she was not aware she was in a leash required area even though she had walked past a clearly posted sign indicating that requirement posted near the Ft. Point pier. I asked Ex(b)(6) if she had ever been contacted for pet violations and she said she had not. A check by dispatch of the "local file" disclosed that Ex(b)(6) had been issued a written warning for Dog Off Leash at East Beach parking, Crissy Field, in 2005. Ex(b)(6) was issued U.S. District Court Violation Notice #K105856 for the leash violation. Ex(b)(6) was informed of the location of "voice control" areas in the park. There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort. Ex(b)(6) checked clear for wants and warrants and was then released.

On Sunday 21 December at approx. 0755 hrs., while on patrol in Fort Baker, I observed a white female, later identified as [REDACTED] let a beagle out of her car, unleashed, at the waterfront parking. After five mins. of observation of the dog off leash I drove to her location(now walking), identified myself and advised her of her violation. Upon seeing my vehicle approach [REDACTED] had leashed her dog. I stated that the violation carried a \$75 fine. [REDACTED] did not have her license on her, so I asked for and received verbal information. I radioed it to Park Dispatch for checks. At this time [REDACTED] decided she was done and began to walk away. - continued -

On 12/23/08 at approximately 1600 hours, I was speaking to a park visitor on the asphalt road into Tennessee Valley, when I saw three subjects with two leashed dogs coming toward the parking lot on the same road. This area is completely off limits to pets, on or off leash and is well signed as one enters the area from the parking lot. I finished my conversation with the visitor and made contact with the party of three. I asked them how they came to be in the area today. A female from the group stated that they parked in the parking lot at Tennessee Valley. I stated that pets were not allowed in the area of Tennessee Valley. I also stated that a sign prohibiting pets in the area was at the entrance to the road. The same lady stated they were already told by a horse groomer that pets were not to be in the area. I requested identification from the group. A subject later identified as Ex(b)(6) gave me his Wyoming driver's license and I conducted a computer check for wants and warrants. The computer check returned clear and I issued Ex(b)(6) citation K105986 for 36 CFR 2.15(a)(1), pet in a closed area. I cleared at 1607 hours.

Arrest Details: 81 Impounded, 82 NCIC, 83 Arrest Date: Cited 12/30/08, 84 Time: 1720, 85 Charge(s): 36 CFR 2.15(a)(1) Poss. of pet in closed area, 86 Court Date, 87 Value Stolen, 88 Value Recovered.

Narrative: On Tuesday, December 30, 2008 at about 1715 hrs., while on foot patrol at Stinson Beach, I saw a man walking on the NPS portion of the beach with a leashed golden Labrador retriever type dog. Per the 2008 Superintendents Compendium, under the authority granted in 36 CFR 2.15(a)(1), pets are not permitted on Stinson Beach. The man said he had started out on the "dogs allowed" portion of the beach. His vehicle was parked in the central lot of Stinson Beach and he was returning to it along the beach. He had passed a sign indicating pets are allowed to the north of the northernmost NPS beach access trail, but not to the south of the trail, and had turned south. We met just north of the central restroom building and walked to my patrol car parked in the central lot. The man identified himself as Ex(b)(6) by presenting a valid and clear California driver license. I issued Ex(b)(6) violation notice #K105810 for possessing a pet in a closed area with total collateral of \$75 due, explaining his rights and responsibilities in resolving the matter. I asked whether he had any questions and Ex(b)(6) said no. I was clear by about 1730 hrs.

Status: OPEN. Closed by: ARREST. Disposition: 96 Disposition.

ITEM	7 RESULTS OF INVESTIGATION				
	<p><b>VICTIM:</b> [Redacted] Ex(b)(6)</p> <p><b>INVOLVED PERSONS:</b> [Redacted] Ex(b)(6)</p> <p><b>NARRATIVE:</b> On January 10, 2008 at approximately 1657 hours Ranger Hardin and I were on patrol at Fort Funston when we were "flagged down" by a visitor in the North Parking Lot. I noticed [Redacted] Ex(b)(6) reporting party, giving first aid to [Redacted] Ex(b)(6) left hand. [Redacted] Ex(b)(6) stated he was an EMT and needed medical tape. When I asked [Redacted] Ex(b)(6) what had happen, [Redacted] Ex(b)(6) stated that he was trying to separate his leashed Pit Bull from attacking an unleashed Labrador mix in the Fort Funston Parking Lot.</p> <p>Based on statements given by the victim and witness; [Redacted] Ex(b)(6) was trying to put his leashed Pit Bull in his car when the Pit Bull noticed a Labrador mix across the parking lot and charged after it. [Redacted] Ex(b)(6) tried pulling his Pit Bull back but the Pit Bull managed to bite the Labrador mix. As a result of separating the two dogs from fighting [Redacted] Ex(b)(6) was bitten in the left hand. No further injuries were reported by [Redacted] Ex(b)(6) and [Redacted] Ex(b)(6). Both dogs appeared to be in good condition. Hardin advised [Redacted] Ex(b)(6) to seek further medical treatment, explaining to [Redacted] Ex(b)(6) the possibilities of infection to the wound. [Redacted] Ex(b)(6) stated that she was going to have her Labrador mix examined by a veterinarian.</p> <p><b>RESULTS:</b> Hardin gave [Redacted] Ex(b)(6) a gauze wrap to help secure the bandage that [Redacted] Ex(b)(6) had placed on the wound. [Redacted] Ex(b)(6) self transported himself to a local medical facility. Cleared the scene at approximately 1522 hours.</p> <p><b>END OF REPORT</b></p>

	<p>On 01/17/08 at 1420 hours I was dispatched to Ocean Beach at Sloat for a report of dog that had attacked a horse. Dispatch advised that was the only information they had obtained from SFPD dispatch. I arrived on scene and met with a witness Ex(b)(6) who stated to me that the incident occurred approximately 15-20 minutes earlier. Ex(b)(6) told me that the owner of the dog which bit the horse had left several minutes earlier in a blue Chevrolet suburban bearing CA plate Ex(b)(6) with three young kids. Ex(b)(6) said the dog was a gray pit bull, and the owner was a hispanic male. Ex(b)(6) said he was standing on a bluff overlooking the beach when the incident occurred. Ex(b)(6) said the owner and his dog were sitting on the beach as the horse approached. Ex(b)(6) said the dog then charged in the direction of the horse, and proceeded to latch itself onto the horse in the muzzle area. Ex(b)(6) said the reared up and fell over backwards on itself with the dog still hanging on. Ex(b)(6) said the owner made numerous attempts to separate the dog from the horse, and was eventually successful. Ex(b)(6) said the horse then took off down the beach and into the ocean.</p>

	<p>Another witness <b>Ex(b)(6)</b> stated he was on the beach when he saw a horse and buggy go by. <b>Ex(b)(6)</b> said while watching the horse he heard a barking dog, and then saw a dog take off in the direction of the horse. The dog latched onto the horse and would not let go. The owner of the horse jumped out of the buggy and stood in shock. The horse owner then fought off the dog, and in the process the horse fell back on itself. <b>Ex(b)(6)</b> helped the owner get his horse, and noticed that it was bleeding from the nose area. I met with the owner of the horse. <b>Ex(b)(6)</b> who advised me that he was riding in the area of Ocean Beach and Ulloa when a grey pit bull attacked his horse. <b>Ex(b)(6)</b> said he beat the dog in the head with a whip to free the horse. <b>Ex(b)(6)</b> said the horse was bleeding profusely and took off into the ocean because it was traumatized. <b>Ex(b)(6)</b> said he was told by witnesses that the owner of the grey pit bull grabbed his dog and three kids, and got into a vehicle bearing CA plate <b>Ex(b)(6)</b> and left the area. (3) DESCRIBE PROPERTY AND ITS VALUE. On Monday, January 28, 2008, I was dispatched to the Crissy Field East Beach parking lot to meet with a complainant about a subject who's off-leash dog brushed up against her, soaking her running clothes. She said she has seen this subject before with his dogs off-leash, and wanted the USPP to talk to him about not letting his dog approach strangers, especially after the dog has been in the Bay. She was not injured, and didn't want to file a "complaint." I observed a subject matching the description she gave, white male adult, red jacket, black cowboy hat, blue jeans and boots, and contacted him regarding the situation. He advised he would take more care in controlling his dogs. A verbal warning was given as I did not observe the violation, and the reporting party wished to remain anonymous and not file a complaint. 29. DETAILS OF INCIDENT

On 2-10-0 Sgt. Tom Hart and I performed foot patrol on the west end of Crissy Field Beach to identify leash law violators in the wildlife protection area. I identified 10 persons walking dogs off-leash in the wildlife protection area. All were checked through the GGNRA Local File with negative results. All were issued written warnings and advised they would be fined up to \$125 if they were stopped in the protected area again. A few of the violators complained about the lack of understandable signage on the beach, including the recurrent problem of visitors not understanding that the wording "July - May" does not mean "May - July". All appreciated receiving the written warning in lieu of a citation.

Following the stops, we were approached by several other beach visitors, who thanked us for addressing the issue of the off-leash dogs on the beach. All of the written warnings will be entered into the GGNRA Local File.

Violators included:

	On Monday, February 11, 2008 at 1450 hours, I was dispatched to investigate a report of pets in the area of Coyote Ridge. The area is closed to pets and is clearly posted at all access points and trailheads.				
	On scene, I observed two WFAs with two poodle type dogs walking E/B on the Coastal Fire Road. I drove to the junction of Coastal Fire Road and Coyote Ridge Trail and contacted the women. The owner of the pets was identified as Ex(b)(6). She stated she had been told by a "Ranger" that she could walk her dogs on the Coastal Fire Road. I explained to her that only the Coastal Fire Trail was open to pets and asked her where she had started her walk. Ex(b)(6) stated she had started from the Tennessee Valley Parking lot traveled up the Miwok Trail and then walked out the Coyote Ridge Trail. Ex(b)(6) violated the closure signs posted at the junction of Miwok and Coyote Trails. I provided her with a map of the area showing use restrictions, and issued her a Violation Notice #0893697 for 36 CFR § 2.15(A)(1), Pets in a closed area.				
	I directed subject Ex(b)(6) to use the Fox Trail and remove her pets immediately to the Tennessee Valley parking Lot via the Tennessee Valley Trail, the shortest route back.

29. DETAILS OF INCIDENT

I responded to the Letterman Digital Arts Complex in front of the Starbucks coffee shop for a report of a dog bite. Upon arrival, I spoke with victim Ex(b)(6) who stated he was bitten on his right bicep by a brown Labrador mix. He stated he was skateboarding by owner Ex(b)(6) and her dog Kimba when Kimba lunged at him and bit his arm.

Ex(b)(6) corroborated the story stating that her dog was on it's leash and was startled as Ex(b)(6) passed by. Ex(b)(6) also stated that Kimba had all necessary shots up to date and provided dog license # Ex(b)(6)

Hansen refused immediate medical attention stating he did not have money for an ambulance, but was going to go to the hospital when his cousin arrived. I took written statements from both parties and digital pictures of Ex(b)(6) injury.

The injury was a puncture wound with bruising to the right bicep.

Ex(b)(6) cousin and Ex(b)(6) husband both arrived and the Ex(b)(6) offered to take Ex(b)(6) and his cousin to the hospital. Ex(b)(6) agreed and all four left the area without incident.

On Sunday February 24, 2008 at approx. 1245 hrs. I was on patrol in the area of Crissy Field near the NOAA facility when I observed Ex(b)(6) walking on the beach in the "protected area" with two medium sized dogs in violation of the current leash law. The two dogs, one Australian Sheppard and one Border Collie mix were unleashed and running approx. 50-60 feet away for Ex(b)(6) during this observation. Ex(b)(6) returned no wants/warrants through the NCIC/CLETS systems. Ex(b)(6) returned with a hit on the "Local File" for a leash law contact on Ocean Beach. Ex(b)(6) stated she was not aware of the leash law rules in this area of Crissy Field. Ex(b)(6) was issued a verbal warning for this contact and advised that the next leash law violation at Ocean Beach or Crissy Field would result in a citation. Time cleared at 1315 hrs.

29. DETAILS OF INCIDENT

On 3-02-08 I performed foot patrol on the west end of Crissy Field Beach and contacted 13 persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted. All were checked through the GGNRA local file with negative results. All received written warnings, all were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and all were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their wordiness. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

	On 03-04-08 at approx. 0944 hrs. while on foot patrol on the fire road south of Washington Blvd. and Arguello Blvd. I observed an unleashed black dog walking approx. twenty feet behind a white male. I contacted the male, later identified as Ex(b)(6) and advised him of the leash law on the Presidio. I asked Ex(b)(6) to leash his dog and Ex(b)(6) said he was not in possession of a leash. A check with USPP Communications for wants/warrants was negative. At the entrance to the fire road is a clearly posted sign that reads "Leash Pets". I observed Ex(b)(6) as a male I've previously observed walking his dog off leash in the same area. I issued Ex(b)(6) MVN #K102350 for violation of 36 CFR 1002.12(a)(2) Leash Law Violation.

**SUMMARY:** On 03/05/2008 at approximately 1315 hours, I observed a medium-sized brown dog running-at-large throughout the designated Wildlife Protection Area of Crissy Field. The dog chased nesting shorebirds and continued to dart back and forth as I attempted to capture it unsuccessfully. Eventually it ran from me out of the area and towards the Crissy Field main beach. I then observed a white-male-adult with several other dogs leash the running stray. During my observation of the dog – it ran more than two hundred yards away from the dog walker and beyond any type of control for at least fifteen minutes. I walked to the area and made contact with Ex(b)(6) claimed responsibility for "Chula" as a professional dog walker, admitted knowledge of the regulations, and stated "the dogs' breed type likes to run fast and chase birds". The area is well marked with several signs displaying "This area is habitat for the threatened Western Snowy Plover – Pets must be on-leash during plover over wintering season, July until May 36 CFR 1.5(a)(2)".

**I issued Ex(b)(6) Violation Notice 0894016 for 36 CFR 1.5(a)(2) – Area Closed to Pet Off Leash.**

I was clear at approximately 1340 hours.

I contacted Ex(b)(6) and asked her to put her dog on leash. Ex(b)(6) complied with my request and said that she didn't see any Plover's around. I asked Ex(b)(6) if she was aware that she was in a wildlife protection area. Ex(b)(6) replied "Yes, I always put my dog on leash when I see the plovers, and let him off leash when there are no birds around." I informed Ex(b)(6) that dogs must be on leash regardless whether or not she thinks the birds are present. An NCIC/CLETS check of Ex(b)(6) was negative for any wants. Based upon the above facts I issued Ex(b)(6) a citation.

	<p>On 03/13/08 at 1451 hours I was on foot patrol in the area of Ocean Beach and Lincoln when I observed a female subject with an unleashed dog in the wildlife protection area. I contacted the subject, who was later identified by CDL as Ex(b)(6) and asked her to put her dog on leash. Ex(b)(6) stated to me that she did not have one but that her son did, and was walking in our direction. A NCIC/CLETS check of Ex(b)(6) was negative for any wants, and not in the local file. As I was writing Ex(b)(6) a warning ticket her husband and son approached me, and began to ask me why I wasn't talking to anyone else about having their dog off leash. I informed all of them that they were the only ones with their dog off leash in my immediate vicinity, and that I was not singling them out. Ex(b)(6) son said that dogs should be allowed off leash, and that he did not see any birds around. I asked both the father and son to walk up towards the Great Hwy. so that I could finish writing Ex(b)(6) a warning ticket. I also advised Ex(b)(6) that there were signs posted at every entry point onto the beach stating that dogs need to be on leash. I also told Ex(b)(6) where her dog was allowed off leash. Both the father and son complied with my request. After I issued Ex(b)(6) a warning and started to walk southbound on the beach Ex(b)(6) husband began yelling "Go do your job, get the other people with their dogs off leash." A continued check of the wildlife protection area was negative for any other violators.</p> <p>Time Cleared 1500 hours</p>

29. DETAILS OF INCIDENT

On 3/16/08 I contacted 16 persons walking unleashed dogs in the Wildlife Protection Areas on Ocean Beach over a two hour period. Numerous other violators were not contacted due to logistical / personnel limitations. Due to extensive radio traffic, about half were checked through the GGNRA Local File, with negative results for prior leash-law contacts. All stated they hadn't been previously contacted regarding leash law violations, all were issued NPS Warning Notices, advised of the GGNRA Local File database, and warned they were subject to fines up to \$125 for each future violation. Most violators were very cooperative; a few argued the validity of the regulation and/or the lack of signage. Many of the violators weren't carrying identification, and their identities were verified using provided information and California DMV files. One violator had his dog on a 100' rope, which he argued was a leash. I explained the NPS regulation that leashes needed to be six feet in length or shorter.

Subjects contacted and issued written warnings:

29. DETAILS OF INCIDENT

I drove by the west side of Crissy Field Beach and observed two women walking dogs off-leash in the wildlife protection area. As I got out of my car to contact them, I observed another woman walking an off-leash dog in the opposite direction, towards the first two women. As the women and dogs met, one dog attacked another dog. The women screamed and attempted to intervene between the fighting dogs. They eventually pulled them apart. The dogs were not injured.

I notified the women about the Wildlife Protection Area and GGNRA off-leash policy. None of the women had identification. I checked the three women through CLETS and the GGNRA Local File using the information they provided verbally. All three women returned with valid CA driver's licenses under the names given. None had previous contacts in the GGNRA Local File. All three were warned that future violations could result in tickets up to \$125, and all were issued written warning notices. End.

INCIDENT  
WILDLIFE / CLOSED AREA / NO ARREST

ITEM 7 RESULTS OF INVESTIGATION

towards me. After I explained the law regarding the Western Snowy Plover and the GGNRA's efforts to protect this threatened species and comply with the Endangered Species Act, I told them that I was going to issue them citations. I had to ask Ex(b)(6) several times to stop interrupting me and save his questions until the end of the contact, so I would not delay unnecessary the other subjects. I then observed subject Ex(b)(6) walk near the water line, past the clearly visible posted sign and into the closed area. I called her (and a male companion) over and explained the violation to her. I identified Ex(b)(6) by CA DL and identified Ex(b)(6) by name and DOB. An NCIC check of each was negative.

I issued Ex(b)(6) and Ex(b)(6) for violating 36 CFR 1.5(a)(2) PET OFF LEASH IN AN AREA CLOSED TO OFF-LEASH PETS. I explained the citation to all subjects. Subject Ex(b)(6) identified himself as a member an Ocean Beach Dog Owners Group and proceeded to provide the other subjects false information about the law, Federal Jurisdiction and U.S. Court Decisions regarding dogs off leash. He insisted I note on his citation that he was on the beach near the water line. I explained to him that I would only note his PLACE OF OFFENSE as the Crissy Field Wild Life Protection Area, as it did not matter where within that area he was. He insisted that the Federal Government did not have Jurisdiction on the beach near the water line. I explained to him, and showed him the GGNRA published Snowy Plover pamphlet (PROTECTING THE SNOWY PLOVER, dated 10/06) showing the Federal Jurisdiction extended 300' out into the bay.

I pointed out to the subjects the clearly visible signs at the nearby entrances to the protected area. All subjects did leash their dogs, but only after I directly told them to. Ex(b)(6) continued providing legal advice to the others telling them not to sign the citations. Both Ex(b)(6) and Ex(b)(6) REFUSED TO SIGN THEIR CITATIONS. The demeanor of Ex(b)(6) was polite, calm and respectful towards me. Ex(b)(6) was not physically threatening, but his verbal attitude, while not cooperative, was manic and somewhat hostile.

After the three subjects left the area, I talked to Docent Ex(b)(6) again while she was providing National Park Service pamphlets and information to visitors. She stated she had asked Ex(b)(6) a couple times to leash his dog before I arrived on the beach. Ex(b)(6) was completely non-cooperative with her.

29. DETAILS OF INCIDENT

On 3-23-08 I performed foot patrol on the west end of Crissy Field Beach and contacted 14 persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted. All were checked through the GGNRA local file with negative results. All received written warnings, all were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and all were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their wordiness. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

29. DETAILS OF INCIDENT

On 3-30-08 I performed foot patrol on the west end of Crissy Field Beach and contacted ten persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted. All were checked through the GGNRA local file with negative results. All received written warnings, all were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and all were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their wordiness. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

29. DETAILS OF INCIDENT

On Tuesday, April 1<sup>st</sup>, 2008 at approximately 1443 hours, I was dispatched to the area of Ex(b)(6) Liggett Avenue in the Presidio for a report of a child who was bitten by a dog. Upon arrival, I spoke with the reporting party, Ex(b)(6) who told me the child was not bitten, but had been playing in the backyard of Ex(b)(6) when two German Shepherds approached him, and knocked him over. The child was not related to the reporting party, but was being watched by a babysitter at the neighbor's house Ex(b)(6). The dog's owner was described as a Hispanic male adult, in his mid-20s, wearing a puffy jacket and baggy clothes, last seen walking toward West Pacific Avenue on Lover's Lane. It was unclear to the reporting party whether the babysitter knew the dog owner or not, but she had seen them talking in the backyard prior to the child being knocked over. The area, including south to West Pacific Avenue, north to MacArthur Avenue, west to Portola and east to Presidio Blvd, checked clear of the subject or his dogs. The babysitter was either not around, or did not answer the door upon returning to the area.

29. DETAILS OF INCIDENT

Between the dates of 4-5-08 and 4-8-08 I performed periodic foot patrol on the west end of Crissy Field Beach and contacted seven persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted. All were checked through the GGNRA local file with negative results, except Ex(b)(6). Six received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. One subject Ex(b)(6) checked through the Local File showed two previous warnings for leash law violations on Crissy Field Beach in February and March, 2008 Ex(b)(6) was cited (MVN #K104203). Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their wordiness. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

Violators contacted and issued written warnings:

On 4-27-08 I performed foot patrol on the west end of Crissy Field Beach and contacted 10 persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted. Dispatch advised that the GGNRA local file was non-functional. All received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their wordiness. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

Violators contacted and issued written warnings:

Upon arrival I was contacted by a male, identified as Ex(b)(6) I observed Ex(b)(6) with a leashed brown dog. Ex(b)(6) stated to me that he was threatened by another male, identified as Ex(b)(6) I asked if any specific threats of physical harm were made and Ex(b)(6) said no. I contacted Ex(b)(6) who said he had observed Ex(b)(6) with a dog at China Beach. Pets are not allowed at China Beach. Ex(b)(6) said that after advising Ex(b)(6) of the regulation Ex(b)(6) started using profanity and told him to "fuck off". Ex(b)(6) acknowledged using profanity towards Ex(b)(6) but denied making any physical threats. Based on my investigation I issued Ex(b)(6) MVN #K103505 for violation of 36 CFR 1.5(f) Closed Area Violation. I advised Ex(b)(6) to avoid contacting violators in the future and to contact Park Communications if he observes any future violations. Time Cleared: 1618 hrs.

On May 9, 2008, at approximately 2204 hours, I was patrolling the Ocean Beach area near stairwell 23 when I saw an illegal bonfire in the sand with a group sitting around it. As I approached the group, a large dark haired dog ran toward me barking. I raised the shovel I was carrying in my hand and waved it toward the dog. The group called the dog's name, "Mac" and the dog stopped in front of me. One of the males in the group came and gained control of the dog. I advised the group about the illegal fire and about the alcoholic beverages the group had on the beach. I identified the owner of the dog as Ex(b)(6) by her CA DL. A check of Ex(b)(6) through USPP Communications revealed no wants or warrants. I issued Ex(b)(6) the CVN for dog off leash (K104286) and advised her about the posted signs or dogs on leash for the area and about the snowy plover protection. The group cleaned up the fire site and exited the beach for the night. Ex(b)(6) said the dog was a lab mix.

Time Cleared: 2221 hours.

On 05/14/08 at approximately 1512 hrs, I responded to Ocean Beach for a report of a dog attack. I met with victim Ex(b)(6) who stated that he had been attacked by a dog while surfing at Ocean Beach in the area of Taraval Street. Ex(b)(6) stated that he was in the water at an approximate depth of 4 feet, with his surf board, when he observed an unleashed, chestnut colored pit bull running toward him and barking. The dog then entered the water and swam toward him. Ex(b)(6) held his surf board in front of him for protection while the dog continued to act aggressively and swim toward him. Ex(b)(6) then observed an unidentified B/M/A on the beach shouting at him and the dog. The dog then swam back to the beach and the B/M/A continued to shout at Ex(b)(6) who was still in the water. Ex(b)(6) believed the B/M/A to be the dog's owner so Ex(b)(6) shouted back telling him to control his dog. The dog then returned to the water and swam aggressively toward Ex(b)(6) again used the surf board to keep the dog away from him. The dog attacked the surf board and then returned to the beach. The B/M/A and the dog then left the area. Ex(b)(6) showed me his surf board and I observed what appeared to be unrepairable damage caused by several bite marks and holes in the board. Ex(b)(6) stated that the board was valued at \$800.00. Ex(b)(6) stated that he was not injured and did not require medical aid. A check of the area was negative for the suspect.  
Time cleared: 1600 hrs.

<p>NARRATIVE: (1) CONTINUATION OF ABOVE ITEMS, INDICATE ITEM NUMBER AT LEFT, INCLUDE ADDITIONAL WITNESSES AND SUSPECTS. (2) INDICATE HOW NOTIFIED OF INCIDENT, DESCRIBE DETAILS OF INCIDENT. (3) DESCRIBE PROPERTY AND ITS VALUE.</p> <p>On May 16, 2008, at approximately 2000 hrs, I was dispatched to Upper Fort Mason and the great meadow for a dog on dog bite. OFC Griffin and myself canvassed the area for the suspect and the dog bite victim, but neither were there. A brief search of the surrounding neighborhood was also negative for either subjects. I called USPPCOMSEC to see if the reporting party had left a call back phone number but they did not. I cleared the scene and took a code 2 unfounded. I was then informed by USPPCOMSEC at approximately 2007hrs, the reporting party called back and left a call back number and for me to call him. I called Ex(b)(6) and he informed me that he and his 7month old Golden retriever were attacked by a large black schnauzer. Ex(b)(6) told me the schnauzer was off-leash, charged up to his leashed 7 month golden retriever and viciously attacked his dog. Ex(b)(6) said he yelled for the black schnauzers owner to get his dog and leash him and the black schnauzers owner complied. Ex(b)(6) said that he and the black schnauzers owner exchanged words, then the black schnauzers owner got upset, unleashed his dog and told the dog to "GO." The black schnauzer then attack Ex(b)(6) dog again. Ex(b)(6) said when other people in the meadow witnessed the second attack, they started screaming for someone to call the police. When the owner heard that, he called his dog and ran from the area. Ex(b)(6) described the owner of the black schnauzer as a Ex(b)(6) Short Blond hair, clean shaven and he had a British accent.</p>

7 RESULTS OF INVESTIGATION

On 11/11/08 at approximately 1600 hours, I telephoned 415-377-8990, the phone number provided by complainant Ex(b)(6) to be the cell phone of the suspect in this case. A woman answered, and I explained to her that I was investigating this report. She stated that she was concerned as to how I got her phone number, that she rarely gives it out, and was concerned for her safety after receiving what she perceived as threats from the complainant.

The woman stated that she had received threatening phone calls from the complainant and that she and her husband had seen the complainant in the neighborhood sometime after the initial case. She stated that on that occasion, the complainant approached them and made references that he knew things about her and that he would have her dog euthanized. She stated that she was considering applying for a restraining order against the complainant. I explained to her again that I was trying to gather all the facts in this case, and needed her husband's name and contact information, to verify the report. She admitted that she was not on scene the day of the initial incident, and would pass on to her husband that I was attempting to contact him.

7 RESULTS OF INVESTIGATION

On 11/12/08, at approximately 1700 hours, I spoke with AUSA Wendy Thomas regarding this case. I advised her of my prior actions of visiting the Great Meadow, Upper Fort Mason, on several occasions in the weeks following the initial report, attempting to locate the suspect(s), with negative results, and of the telephone conversation I had on yesterday's date with the wife of the suspect.

Ms. Thomas advised that she would decline to prosecute on this case, noting that the complainant reported there were no physical injuries sustained in this incident.

This case will be CLOSED at this time.

	<p>On Tuesday, May 27, 2008 at approximately 1305 hours, while issuing a parking citation in the area of 765 Portola Avenue, a light colored brown dog, with a black harness and leash attached, approached me from the rear of building 759 Portola without any accompanying handler. I contacted the San Francisco Animal Care and Control with a license number to obtain the owner's information and address. I contacted the owner, Ex(b)(6), who told me her dog walker probably had the dog out on a walk. The owner contacted her dog walker, and advised her to come pick up the dog. At approximately 1458 hours, the dog walker arrived. She told me she had stopped to pick up some "dog poop," and the dog (Luca) took off running.</p> <p>MVN# K104375 was issued to the dog walker, identified as Ex(b)(6) by California license Ex(b)(6) for violation of 36CFR1002.15(a)(2) – failure to maintain control of a pet – dog on a leash roaming the neighborhood unaccompanied.</p>

I contacted the complainant, identified as Ex(b)(6) who said that on 05-28-08 at approx. 1800 hrs. while he was walking his dog on leash at the Great Meadow a large off leash white dog attacked his dog. Ex(b)(6) said that his dog did not suffer any bites but was knocked around by the large white dog. On Wednesday, June 04, 2008, at approximately 0647 hours, while en-route to USPP the substation via my Force Issued / assigned Police Harley Davidson motorcycle, I observed a gold colored minivan parked near 1206 Ralston Avenue with the tailgate hatch up. In front of 1206, was a male subject with numerous dogs (approximately 4) wandering off-leash. I advised the subject of the leash requirements, and after he collected his dogs, he began to drive off. As he drove by me, with his passenger window partially down, I advised him to put his seatbelt on. He failed to do so, and upon riding up behind his vehicle, I also noticed his registration tabs showed JAN 2008. A computer check through Park Communications showed the registration was expired Jan 2008. Upon conducting a traffic stop for the registration and failure to wear his seatbelt, the driver became agitated. Additional USPP units arrived on-scene, and the driver, now identified as Ex(b)(6) calmed down. I explained to him the reason for the stop was for the seatbelt and the expired registration. He told me he would get the registration taken care of, therefore, I again gave him verbal warnings for both the seatbelt and the registration violation.

Clearly posted signs advise pets are to be on leash at the entrance to the area. This is due to Sweeney ridge being a wildlife habitat full of large and small mammals. I contacted Ex(b)(6) and informed him to leash his pet and then requested identification. I conducted a computer check for wants, warrants and local file. 29. DETAILS OF INCIDENT

On Wednesday June 11, 2008 at approx 1012 hours I was on patrol as car #802 when I was dispatched to the Presidio Fire Station for a reported dog bite incident. Ex(b)(6) stated that earlier in the morning this same day he was walking his dog (Rhodesian ridgeback) on the beach at Crissy Field when his dog was attacked by an unknown dog, possibly a Pit Bull. This unknown dog bit into the Ridgebacks left ear. The Ridgeback was transported to the Animal Care ER on Fulton St. for treatment. Ex(b)(6) stated the he believes that the attacking Pit Bull was part of a group of dogs belonging to a professional dog walker. Ex(b)(6) described the dog handler as a white female operating a blue colored van. The N/E side of the SF presidio was checked for this subject and the blue van with negative results.

	On Thursday, July 24, 2008 at approximately 1725 hrs., I was on foot patrol from Battery Godfrey to Battery Crosby on the Battery to Bluffs trail. As I approached the south terminus of the trail, I saw a Hispanic male carrying a small lapdog. The visitor, identified as Ex(b)(6) by his California driver licence, asked if he could continue on the trail carrying his dog. I said no and followed him back up the trail 100 ft. where a sign indicates dogs are prohibited. Clear of contact by 1730 hrs.

On 08/11/08, at approximately 1727 hours, I took a phone report from Ex(b)(6) regarding his dog suffering a dog bite the previous day, 08/10/08, at approximately 1000 hours. He told me that a white female in a blue Toyota Prius with California plates, Ex(b)(6) had a black and white Border Collie and Cattle Dog mixed breed off leash in the parking lot at Fort Funston. Her dog was off leash and attacked his dog. He did not notice any injuries on his dog until he arrived home. He said that Ex(b)(6) witnessed the dog fight. He did not take his dog to the vet for treatment.

	On 08//23/08 at approximately 1510 hours I was diligently patrolling my beat in the area of Ocean Beach and SW25 when I observed a male subject, later identified as Ex(b)(6) walking his dog off leash in a wildlife protected area. I contacted Ex(b)(6) and asked him if he knew he was in wildlife protected area. Ex(b)(6) responded "No". An NCIC/CLETS check of Ex(b)(6) returned valid with no wants. A check of the stations local file revealed Ex(b)(6) had not been contacted before. Based upon the above facts I issued Ex(b)(6) a written warning.  Time Cleared 1545 hours

	On 08/30/08 at approximately 1427 hrs, while on ATV patrol on Ocean Beach I saw a W/M unable to control his dog which was off leash at the time. The dog was running circles around visitors who were walking on the beach and the dog also would jump on visitors who were sitting on the beach. I contacted the W/M identified as Ex(b)(6) and asked him to put his dog back on the leash, that for the safety of the visitors and other dogs in the area this would be beneficial. An NCIC/CLETS check for wants and warrants was made on the subject with negative results. The subject did comply and placed the dog back on the leash for the remainder of his stay in the area and was released on the scene with a verbal warning.

On September 12 2008, at 0740 hrs, while on foot patrol at the Ocean Beach Snowy Plover area, I observed a black dog chasing sea gulls on the beach at Lincoln. I watched the dog for approximately 5 minutes chase sea gulls with no owner(s) taking corrective action to stop the dog. I walked toward the dog and observed an individual then walk up to and leash the dog. The area the dog was unleashed is the Snowy Plover Protection Area and it is posted that dogs must be leashed. The individual, identified as Ex(b)(6) stated the dog was hers. When asked why she made no effort to leash the dog prior to my arrival, Ex(b)(6) stated "I have no excuse". Ex(b)(6) was issued a warning for disturbing wildlife and issued a violation notice (#K104783) for 36 CFR 1.5 (f), \$125.00 total bail. Clear at 0800 hrs.

An NCIC check of each was negative. I explained the Presidio (Area B) Leash Law Policy to him and advised where there was a nearby legal, designated City of San Francisco off-leash park. I issued the following Ex(b)(6) a written Warning Notice. After being advised to do so, he leashed his dog. An NCIC check of Ex(b)(6) was negative. I exited my fully marked patrol car to talk to Ex(b)(6) whom I have met several times on previous dog complaints and recognized. Immediately upon me exiting my car, one of the dogs belonging to Ex(b)(6) (yellow Lab.) jumped into my vehicle and sat upon my driver's seat, dirtying the seat from the dog's muddy feet. Upon ordering Ex(b)(6) to leash his pets he complied. I asked Ex(b)(6) how many times I have verbally advised him to keep his dogs on leash; he replied "five times in the last four years." I measured the distance from Ex(b)(6) to a clearly visible posted LEASH PETS sign as 41 feet. I estimate it took Ex(b)(6) over two minutes to gain control of and leash the four off-leash dogs. I issued Ex(b)(6) MVN # K103360. Ex(b)(6) said he is Ex(b)(6) service. Time Cleared at 1013 hours. 94 INVESTIGATOR NOTIFIED

	On 10-06-08 at approx. 1046 hrs. while patrolling Ocean Beach in full U.S. Park Police uniform I observed a male, later identified as Ex(b)(6) throwing a ball near the shoreline to an off-leash tan dog near Rivera St. At each pedestrian entrance to Ocean Beach along the Great Highway are clearly posted signs that advise park visitors that dogs must be leashed the Snowy Plover Wildlife Protection Area. I contacted Ex(b)(6) and asked if he was aware of the regulations. Ex(b)(6) indicated he was. As I was about to explain to Ex(b)(6) the reasons for the regulations he stated "just write me a ticket". Ex(b)(6) also said he knew I was going to issue the ticket because of my "quota". I advised Ex(b)(6) that I did not have a quota. A check with USPP Comm. for warrants was negative.

29. DETAILS OF INCIDENT

On 10/13/08 I contacted eight persons walking unleashed dogs in the Wildlife Protection Areas on Ocean Beach over a two hour period. Other violators were not contacted due to logistical / personnel limitations. Due to extensive radio traffic, about half were checked through the GGNRA Local File, with negative results for prior leash-law contacts. All stated they hadn't been previously contacted regarding leash law violations, all were issued NPS Warning Notices, advised of the GGNRA Local File database, and warned they were subject to fines up to \$125 for each future violation. Most violators were very cooperative. Some of the violators weren't carrying identification; their identities were verified using provided information and California DMV files.

Subjects contacted and issued written warnings:

29. DETAILS OF INCIDENT

On 11-9-08 I performed foot patrol on the west end of Crissy Field Beach; once for 15 minutes, and later for 20 minutes, and contacted nine persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. Five violators were checked through the GGNRA local file with negative results. All received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their lack of clarity. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

	At approximately 0909 hours on 11/22/08 while on foot patrol in the area of Ocean Beach at Judah ST, I observed a female subject on the beach with a dog that was not leashed. From July 1 to May 15, pets are required to be leashed on Ocean Beach between stairwell 21 and Sloat BLVD in order to protect the western snowy plover, a federally listed threatened shorebird. I contacted Ex(b)(6) for violating the leash restriction and identified her via verbal information which she provided. Ex(b)(6) corrected the violation by placing her dog on a leash. I gave her a verbal warning for violation of 36CFR7.97(d) Dog off-leash in a plover protection area and released her from the scene at about 0915 hours.

29. DETAILS OF INCIDENT

On 11-23-08 I performed foot patrol on the west end of Crissy Field Beach for 45 minutes, and contacted 11 persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. Six violators were checked through the GGNRA local file, all with negative results. All received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their lack of clarity. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. END.

29. DETAILS OF INCIDENT

On 11-30-08 I performed foot patrol on the west end of Crissy Field Beach at various times and contacted nine persons walking dogs off-leash in the Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. Some violators were checked through the GGNRA local file with negative results. All received written warnings, were advised about the WPA boundaries on Crissy Field Beach and Ocean Beach, and were advised that future violations would result in fines up to \$125. Most of the violators complained about the lack of regulatory signage on the beach, the size or location of signs, or their lack of clarity. Those who complained were advised to direct their concerns regarding signage to the GGNRA @ Bldg 201, Fort Mason. One woman said the rules were too confusing and that the GGNRA needed one consistent policy; even if that meant requiring all dogs to be on a leash all the time. END.

	On 12/02/08 at approximately 1032 hours, I responded to Ocean Beach in the area of Judah Ave. for a report of a yellow labrador retriever attacking birds. There was no owner reported to be in the vicinity of the retriever. Upon arrival I began searching the beach area for the dog and possible owner. I made contact with several park visitors who stated that they had observed the yellow labrador running on the beach with a white female chasing after it with a leash. Park visitors were unable to provide a additional descriptors for the female they had observed chasing the dog. After approximately 20 minutes of searching, I was unable to locate a dog or female with a leash.

<p>On Tuesday, December 30, 2008 at about 1730 hrs., while on foot patrol at Stinson Beach, I saw a man and woman walking on the NPS portion of the beach with two small unleashed dogs. Per the 2008 Superintendents Compendium, under the authority granted in 36 CFR 2.15(a)(1), pets are not permitted on Stinson Beach. The couple had walked past me as I was citing another dog owner for possessing a pet in a closed area at my patrol car. They had accessed the beach by walking past a sign indicating no pets were allowed on the beach. I contacted the couple on the NPS portion of the beach just west of the central parking lot and, once the dogs were leashed, we returned to my patrol car in the central parking lot. The owner of one of the dogs identified herself as Ex(b)(6) by presenting a valid and clear California driver license. I issued Ex(b)(6) violation notice #K105811 for possessing a pet in a closed area with a total collateral of \$75 due, explaining her rights and responsibilities in resolving the matter. I asked whether she had any questions and Ex(b)(6) said no. I was clear by about 1745 hrs.</p>												72 94 INVESTIGATOR NOTIFIED

<p>On 12/31/08 at approximately 1422 hours, I observed a male subject later identified as Ex(b)(6) throwing a ball to an off leash pet in the wildlife protection zone of Ocean beach. The area between sloat boulevard north to stairwell 21 is a protection zone to protect the endangered snowy plover. Ex(b)(6) was at Pacheco ave. with his pet. I made contact with Ex(b)(6) informing him that the area was a protection zone. Ex(b)(6) informed me that he arrived at the location on the beach by entering at Pacheco avenue. I told him that all legal accesses to the beach, including Pacheco ave., has clearly posted signs indicating, "pets on leash." I conducted a computer check for wants, warrants, and local file check. All three checks returned cleared and I issued Ex(b)(6) a written warning for 36 CFR 7.97(d)(1)(i)- wildlife protection violation.</p> <p>I cleared at 1431 hours.</p>

75 On March 19, 2008, at approximately 2247 hours, I was patrolling the Piper Loop area of the Presidio when I saw a red Jeep Truck parked near building 410 without a front plate. As I stopped and pulled up next to the vehicle, a husky-type of dog jumped out from the back of the truck and wandered off down the road. When I went to check the rear tag, a white male wearing a camouflage jacket walked up and asked where his dog went. I identified him as Ex(b)(6) by his CA ID card. Ex(b)(6) said the vehicle was being transferred to him from a friend and showed a March 2008 DMV temp tag. Ex(b)(6) said the vehicle needed a new water pump and that he was in the process of getting his DL status restored. A check of Ex(b)(6) through USPP Communications revealed him to be suspended/revoked with an advisement that he may carry weapons. After verifying the vehicle status, I advised Ex(b)(6) about tending to the dog at all times and putting him in a proper residence for the night. I handed his ID card back and asked if I could have a look in his vehicle. Ex(b)(6) said, "Yeah, go ahead, you can look around it, but the cab is locked and I don't have the keys." I inspected the bed of the truck and found some construction tools and parts of cars. When I opened a steel container in the bed of the truck containing a backpack and some tools, Ex(b)(6) asked me to stop the search. I ceased my search and Ex(b)(6) dog was retrieved back to a nearby residence.
