I also encouraged Ex(b)(6) to follow up with Animal Control because they would be conducting their own parallel investigation. On April 17, 20<u>10 at approximately 1130hrs I went to</u> residence with Pacifica PD Officer Stump to serve Ex(b)(6) with citations: K11 1623 36CFR2.15(a)(2) Pet Off Leash K11 1624 36CFR2.34(a)(4) Disorderly Conduct - Create or Maintain a Hazardous or Physically offensive condition K11 1625 36CFR2.32(a)(3)(i) Interference with Agency Function - False Information. During my investigation I also learned that Sheba II was not licensed which is a county and city of Pacifica requirement. Pet licensing in the county is contracted to PetMed. I made several phone calls to PetMed to obtain proof that Sheba II was not licensed. Eventually I was routed back to Licensing Manager, with San Mateo County Health System. I took several communications with her to obtain information. I finally received a copy of their report via fax on 05/12/2010. (See attached County report A10-145358). ITEM REC PROP VALUE On Saturday April 17, 2010 at approximately 1606 hours, I was driving on the Tennessee Valley Trail when I noticed a man and woman with a dog walking west on the trail. I stopped and contacted them and advised them that dogs are not allowed on the Tennessee Valley Trail. I asked who's dog it was and the female told me that it was hers. When I asked her for Ex(b)(6) her name she told me that it was and that she lived in San Diego and that I had dispatch run a computer check on her name and it her date of birth was came back with no record on file. I advised her that I did not believe that was her name and advised her that she would be under arrest if she did not properly identify herself. She then told me that her name was really **Ex(b)(6)** of San Francisco and that her date of birth was really **Ex(b)(6)** A computer check showed this to be true and she had no wants or warrants. While I was writing a citation for her she told me that I was an "idiot" and an "asshole", and that since she had not seen the sign at the trailhead that she should not be cited. I issued her U.S. District Court Violation Notice #2535008 for violation of 36CFR2.15(a)(1) Pets in a Closed Area. I cleared at approximately 1625 hours. 94 INVESTIGATOR NOTIFIED SUSPENDED CLOSED BY DISPOSITION STATUS OPEN ARREST EXCEPTION UNFOUNDED 97 REPORTING OFFICER BADGE /ID 98 ASSISTING OFFICER BADGE /ID BADGE/ID 99 SUPERVISOR Terry G. On Sunday, May 2, 2010 at about 1216 hours, I began a uniformed foot patrol of the Crissy Field Wildlife Protection Area (WPA). Per 36 CFR 7.97(d)(1)(i), dogs need to be leashed at all times in this area from July 1 through May 15 each year for protection of the threatened snowy plover bird species. The western boundary of the WPA is posted with five signs, incorporating both interpretive and regulatory information. I saw a man and very pregnant woman setting up an umbrella and blankets on the beach inside the WPA west of the old Coast Guard piers. I saw two unleashed dogs roaming within about ten feet of them for several minutes. I approached the couple and asked them to leash their dogs. The man, identified by clear and valid California drivers license as belonged to both of them and promptly leashed the dogs. They had seen the interpretive sign in the middle of the WPA and were unsure of the exact boundaries. The local database showed a law enforcement pet violation contact with Ex(b)(6) at Fort Baker in 2009. I verbally warned the couple about allowing their pets off leash within the WPA and explained the boundaries. I was clear of the WPA foot patrol by 1319 hours. 94 INVESTIGATOR NOTIFIED STATUS: DOPEN II SUSPENDED CLOSED BY: DISPOSITION GARREST □ EXCEPTION □ UNFOUNDED 97 REPORTING OFFICER BADGE /ID DATE 98 ASSISTING OFFICER BADGE/ID 99 SUPERVISOR Maya SERAPHIN **USNPS #849** 5/02/2010 0533 5/7/10 (3/83)

The juvenile was Ex(b)(6)

13-year old son. Seeing the sign prohibiting dogs on the Lighthouse trail, they had secured their dogs on some metal railings to the side of the main access while visiting the Lighthouse. Per NPS Interpretive Ranger Sarah Koenen, the main issue was visitors concerned for the welfare of the unattended dogs, not any type of aggressive behavior by the tied-up dogs. I explained to both women the hazards and liabilities of leaving pets unattended and tied up. I gave them verbal warnings for 36 CFR 2.15(a)(3), leaving an unattended pet tied to a fixed object and explained that future contact would probably result in a violation notice. I provided a courtesy transport to the three persons and two dogs in my patrol vehicle to their car, parked at Fort Cronkhite., clearing this incident by 1525 hours. 94 INVESTIGATOR NOTIFIED STATUS: OPEN ☐ SUSPENDED CLOSED BY: FIARREST DEXCEPTION ☐ UNEQUINDED DISPOSITION 97 REPORTING OFFICER BANGE /ID DATE

Ex(b)(6) a worker at Building 636 of the Cavallo Point Resort, called NPS Dispatch to report a white female in a black Lexus having two unrestrained black dogs on the parade ground and failing to pick up pet excrement. I arrived at Fort Baker at about 1007 hours and saw a black 2004 Lexus with clear and valid California plate Murray Circle. As I was investigating the vehicle, a woman identified by clear and valid Ex(b)(6) California driver license as the owner of the Lexus, approached and asked what the problem was. I asked whether she had dogs and she indicated two black Labradors. She admitted having them off leash on the parade ground and taking some time to pick up after them since she was also trying to keep an eye on a young child. She said a resort security guard, later identified as (Ex(0)(6)) had approached her about promptly picking up pet waste, after a resort worker reported **Ex(b)(6)** apparent delay in picking up the waste. I gave Ex(b)(6) a verbal warning for having unrestrained pets in a leash-only area of the park and referred her to the park website for a summary of pet regulations. Clear by 1000 hours. 94 INVESTIGATOR NOTIFIED STATUS: DOPEN O SUSPENDED CLOSED BY OARREST □ EXCEPTION □ UNFOUNDED DISPOSITION 7 REPORTING OFFICER BADGE /ID DATE 98 ASSISTING OFFICER BADGE/ID 99 SUPE Maya ŞERAPHIN **USNPS #849** 5/14/2010

Pets are not allowed on the Tennessee Valley Trail and there are signs at the entrance to the trail stating that. The older of the 2 said that he was the owner of the dog and identified himself as of Mill Valley CA. EX(b)(6) said that he did not know that dogs are not allowed on the Tennessee Valley Trail so I gave him a map, and showed him where dogs are allowed and on which trails. I then issued him a United States Court Violation Notice, #2535458 for violation of 36CFR2.15(a)(1) Pets in a Closed Area. I advised Stein to take the dog back the way that he had come, then cleared at approximately 1515 hours. 94 INVESTIGATOR NOTIFIED DISPOSITION □ UNFOUNDED CLOSED BY: ☐ ARREST D EXCEPTION STATUS: DOPEN O SUSPENDED BADGE /ID 98 ASSISTING OFFICER BADGE/ID 99 SUPERVISOR 97 REPORTING OFFICER BADGE /ID 05/15/2010 Terry G. ITEM STL REC PROP VALUE While on uniformed bicycle patrol of Fort Mason's Great Meadow at 1320 hours of July 4th, 2010, I observed two dogs off leash on the east side of the Great Meadow. Ranger Gibbs was on patrol with me as we contacted a group of individuals near the dogs. Two men claimed to be the owners of the dogs. We had the owners sit down and had each restrain their dog on a leash. I informed the group that there are signs posted at every entrance to the meadow stating that dogs are required to be on leash. Ranger Gibbs took identification of one owner and issued him a citation of 36 CFR 2.15(a)(2) pet off leash - 1st offense. More information can be found on Ranger Gibb's report. I contacted the second dog owner (identified by California . I ran his information through our dispatch center and he came back with no wants or warrants. I then issued him a citation (2334732) for 36 CFR 2.15(a)(2) pet off leash- 1st offense. I informed him of methods of payment before Ranger Gibbs and I cleared the scene. 94 INVESTIGATOR NOTIFIED STATUS: OPEN □ SUSPENDED CLOSED BY: BARREST DEXCEPTION □ UNFOUNDED DISPOSITION 7 REPORTING OFFICER BADGE /ID

I was on 4x4 patrol of the Sweeney Ridge area along the Mori Ridge trail when I noticed a black dog off leash walking with two male subjects. I drove down the trail near the intersection of the Sweeney Ridge trail and the owner quickly leashed the pet. I called out to Ex(b)(6) He approached my car and I asked him if he was aware pets needed to be on leash in the area. "We meet again." I did not recognize him so I asked for his identification. He gave me his identification and I conducted a computer check for wants and warrants. I then asked him where he and I meet. He informed me that I said hello to him some days again as I patrolled the Baquiano trail. I then recognized him and the dog. The dog was on leash during that first encounter. The computer check returned clear and I asked Ex(b)(6) again if he was aware pets were to be on leash. He stated he was. I told him he was being cited for failure to leash pet. I issued citation 2534568 for 36 CFR 2.15 (a)(2)-failure to leash. 94 INVESTIGATOR NOTIFIED STATUS: X OPEN SUSPENDED CLOSED BY: **EXCEPTION** DISPOSITION UNFOUNDED

As I was descending the Lishumsha Trail, just past its junction with the Coastal Trail, I met a lone woman ascending with two dogs. One dog was restrained by leash and one was not. The woman told me she had accessed Mori Point from the Pollywog Trail and did not leash the one dog because it always stayed at her side. Pets must be restrained by leash at all times in this area of the park. I told the woman to leash both dogs while in the park and asked for identification. She identified herself clear and valid California operator. A check of the local database showed no prior contact with law enforcement for pet violations. I gave at a law enforcement for pet violations. verbal warning for failing to restrain one of her two dogs, explaining that I would document our contact and my warning. After I cleared, I checked the Pollywog Trailhead and found no regulatory sign for leashing pets in place. I e-mailed the park sign maker about remedying the lack of regulatory signage. 94 INVESTIGATOR NOTIFIED STATUS: DOPEN □ SUSPENDED CLOSED BY: **□** EXCEPTION □ UNEQUINDED DISPOSITION 97 REPORTING OFFICER BADGE /ID DATE 98 ASSISTING OF FICER BADGE/ID 99 SUPERVISOR Maya SERAPHIN **USNPS #849** 7/17/2010

On July 30th, 2010, at approximately 1450 hours, while on uniformed foot patrol on the Great Meadow at Fort Mason, I observed as male, later identified by his California Driver's License, as Meadow accompanied by a dog that was not on a leash. Pets must be leashed while on the Great Meadow at Fort Mason and there are signs stating that pets must be leashed at all entrances to the Great Meadow - including the entrance through which I observed enter the Great Meadow. I followed using a "chuck-it" device for the same dog, which was still not on a leash. I contacted ex(b)(6) introduced myself, and informed him that federal law requires that all pets must be leashed while in Fort Mason and on the Great Meadow. Ex(b)(6) stated that he did know pets must be leashed on the Great Meadow, but he didn't think it would be an issue. I issued ex(b)(6) a citation for violation of 36 CFR 2.15(a)(1): Failure to Leash Pet. Cleared at approximately 1500 hours. Case Number 10_008224. Citation number: 2334681.

ITEM STL REC PROP VALUE On 08/03/10 at approximately 1515 hours, I was on foot patrol of the Mori Point area when I with his dog off leash. The area of Mori Point is a leash required wildlife haven. Signs advising "Pets on leash" are posted as all entrances to the area. I stopped Ex(b)(6) and informed him that his pet needed to be on leash. He leashed the dog and I requested his driver's license. Ex(b)(6) smirked at me and stated, "Wow!" I informed him that the regulation was enforced at all times and there was zero tolerance for non-compliance. I conducted a computer check for wants and warrants on the driver's license. The computer check returned clear for wants and warrants. I issued a verbal warning for the violation and informed Ex(b)(6) that his information was now in the local file and future contacts would result in a monetary citation. I cleared at 1520 hours. 94 INVESTIGATOR NOTIFIED CLOSED BY: ARREST DISPOSITION STATUS: X OPEN SUSPENDED EXCEPTION UNFOUNDED 97 REPORTING OFFICER BADGE /ID 98 ASSISTING OFFICER BADGE/ID Pat Ach 13 63

REC PROF VALUE ITEM On August 12, 2010 at approximately 1103 hours, I was on foot patrol at China Beach in full uniform, when I saw a white female adult (later identified as walking a leash dog on the beach at China Beach. In order to walk on the beach at China Beach, Ex(b)(6) would have had to walk by at least, 4 posted "NO PETS" signs. I contacted on the beach and identified myself and asked if she had walked at this beach Ex(b)(6) told me, she had walked on Baker (the closet beach to the north). I told EX(b)(6) I that she had walked by many signs which said, "NO PETS" and asked if she had identification. Exb(6) told me it was in her car. I told her I would meet her in the parking lot, since she told me she could not take the stairs. As she went up, I showed her the posted signs. Once at her vehicle, vehicle, was displaying registration of JUN 2010. I asked for license and current insurance. which she provided. Park dispatch ran a computer check which returned no wants/warrants; vehicle registration expired as of 6/26/2010, with no application in progress, current insurance until 2011 and current license. I issued Violation Notice # K113902 in violation of 36 CFR 2.15(a) (1); Possessing a pet in a closed public pet. I explained the violation notice procedure in which she signed and received her respective copies. I asked if she had any questions and also gave her the parks website for pets. On October 3, 2010, at approximately 0835 hours, I witnessed a white male with three unleashed dogs in the parking area adjacent to the Rodeo Beach bridge. I was driving behind a sedan on Bunker Road. As the sedan passed the area with the dogs, one of the dogs ran into the road causing the driver of the car to hit their brakes and swerve to avoid the dog. I contacted the man, later identified as informed him that dogs must be leashed and under physical control within the parking areas and the roadway. [EX(D)(6)] The received a citation for failing to physically restrain, contain or control his dogs.

EASTBOUND ALONG THE CRISSY FIELD PROMONADE. WE WERE IN ROUTE TO A SCHEDULED					
SPECIAL DETAIL AT THE CRISSY FIELD VISITORS CENTER. AS WE APPROACHED THE LAGOON					
FOOT BRIDGE I NOTICED A LARGE YELLOW LAB WITH HIS OWNER ON THE BEACH ARPROX. EIGHTY FEET AWAY. AS WE WALKED PAST THEM, THE DOG TURNED AND NOTICED THE HORSES.	\dashv		 	-	
IMMEDIATELY IT CHARGED AGGRESSIVELY AT MY ASSIGNED MOUNT, "DRIFTER". HE WAS					
GROWLING, SNARLING AND BARKING. I SHOUTED TO THE OWNER TO CALL HER DOG. SHE PASSIVELY CALLED TO IT WHILE STANDING IN PLACE WATCHING IT RUN AT THE HORSES. AS IT			1		APART
GOT CLOSER, LYELLED AGAIN, "COME GET HER DOG"! SHE CALLED OUT A SECOND TIME AND			4		
STARTED WALKING IN OUR DIRECTION. FEARING FOR MY SAFETY, THAT OF THE PUBLIC AND MY					
HORSE, WE STOPPED AND TURNED TO FACE THE DOG. THE DOG WAS SNARLING IN FRONT OF THE HORSE, SNAPPING ITS JAWS AT HIS FACE. THE DOG THEN IMMEDIATELY RAN TO THE REAR	\dashv		+	+	
OF THE HORSE AND STARTED DOING THE SAME. THE DOG WAS WITHIN A FOOT OF MY HORSES

On Tuesday, November 09th, 2010 at approximately 1458 hours, I was dispatched to the area of Baker Beach in the lower lot near the brick building to meet with a complainant regarding a dog incident on the beach near the sand ladder. I met with the complaining party, identified as who said she was on the beach with her child near the sand ladder, playing and eating their lunches. A white female adult, short and heavy set, with brown hair and jeans, had approximately 8 dogs off-leash, running around. One of the dogs, a wiery terrier, ran up to her child, knocked the child over, stole the child's toy tearing it, and then stole the child's sandwich. Although not attacking, the actions of the dog caused scratches on the child's belly, and caused a bloody nose. The child did not require any medical attention, however, the dog owner made no effort to check on the child's condition, nor apologize for her out of control attempted to call from the Baker Beach call-box, however, it appeared to not be working. She estimated the event took place at approximately 1430 hours, and that the dog walker was last seen walking toward the north lot Baker Beach. Officers Mertz and Durham searched the area of the north lot and Baker Beach itself, with no luck. 94 INVESTIGATOR NOTIFIED Time Cleared 1524 hours DISPOSITION] ARREST EXCEPTION II UNFOUNDED STATUS: OPEN CLOSED BY: BADGE //D 97 REPORTING OFFICER BADGE/ID 99 SUPERVISOR BADGE /ID DATE 98 ASSISTING OFFICER Ofc J. On November 10th, 2010 at 1715 hours I responded to the area of Fort Funston (open sandy area just North of the main parking lot and South of Battery Davis) where there was a report of a dog bite. Ex(b)(6) told me that his dog was off leash when the bite occurred and that he didn't want to press charges against Ex(b)(6) who had his pit bull dog on a leash when the bite occurred. I reminded Ex(b)(6) that it is recommended that all dog's be kept on a leash at Fort Funston because of the danger of cliffs and wandering aggressive dogs. [EX(b)(6)] did not get a phone number for the biting dog's owner nor did he find out if the pit bull had a record for vaccinations received. RESULTS OF INVESTIGATION

On 04/07/2010 at approximately 1359 I had just finished speaking to two boogie boarders who had been in a rip current, when I noticed a woman walking a dog on the NPS beach in front of the main lifeguard tower. I asked "how are you doing today" and I informed her "pets are not allowed on the NPS portion of Stinson Beach". She responded, "since when" and continued walking away. I asked her to "come back" and she stated, "I don't have to come back". I called for an LE Ranger over channel 1 and stated I had a visitor who was not taking their pet off the NPS beach after I had informed them pets were not allowed. I watched her continue south and set up her chair, noting her position. When LE Rangers arrived, I described her in detail to them and her location on the beach. After they contacted her, I went in person and confirmed she was the visitor I had spoken to and informed that pets were not allowed on the NPS portion on Stinson Beach.

STI REC PROP VA On Wednesday, August 18, 2010 at about 0925 hours, Ranger Bob Airey-Van Diem and I were on uniformed patrol in a marked law enforcement vehicle at Ocean Beach. We were southbound on the beach around Stairwell 22, when we saw a man, later identified verbally Ex(b)(6) as Texas operator walking north on the beach with an unrestrained dog. Title 36 Code of Federal Regulations 7.97(d)(1)(ii) requires dogs to be restrained on a leash starting July 1 and ending May 15 each year in the Ocean Beach Snowy Plover Protection Area (SPPA) between Stairwell 21 and Sloat Boulevard. We contacted Ex(b)(6) asked him to leash his dog, and checked with Dispatch for prior contacts with National Park Service law enforcement,  $E^{(k)}(6)$  leashed his dog and the local enforcement database showed no prior NPS contacts. We reviewed the boundaries of the Ocean Beach SPPA with Ex(b)(6) and for failing to restrain his dog. We cleared contact about ten minutes verbally warned later. 94 INVESTIGATOR NOTIFIED CLOSED BY: DISPOSITION STATUS: OPEN III SUSPENDED DARREST □ EXCEPTION □ UNFOUNDED DATE 97 REPORTING OFFICER BADGE /ID 98 ASSISTING OFFICER BADGE/ID 99 SUPERVISOR

She was walking her black dog off leash on Ocean Beach at Uloa Street. She was within the Ocean Beach WPA. The area is clearly signed, "Leash Pets." I performed a computer check on and she did not have any wants or warrants. I also checked the local file for any previous pet contacts she may have had. I was previously contacted by a Ranger on 03/22/08 and was issued a citation for pet of leash. I explained this to her, and then gave her a verbal warning for her pet being of leash. I then clearly explained to her the NPS pet policies for the GGNRA. I also told her where she could go and walk her dog off leash under voice control. I arrived at Fort Funston at about 1355 hours and tried to locate the dog. A hang glider aloft signaled a location west of Battery Davis, and I saw about six persons assembled on the beach in the same area. Two lifeguards arrived on scene and three additional resources were en route. I found an unidentified female and male on the low angle sand cliffs in the main drainage emanating west from the battery. The male had what appeared to be a polypropylene rope hanging down in his hand. I asked how many more people were below him. He answered only one and that she had the dog with her. As I watched, a woman later identified by clear and valid California driver climbed into view about 100 feet below the level of the path. Following was "Andy", the brown midsized canine victim on a long leash. I urged everyone to safely climb up the slope and offered to take "Andy" back to the parking lot while Ex(b)(6) owner/operator of Ex(b)(6) picked up her belongings and other dogs. Ex(b)(6) explained to Supervisory Ranger Aline Forbes and me that "Andy" (one of her client dogs) had chased another one of her dogs, but failed to return when called, continuing over the cliff. I issued Ex (b) violation notice #2536513 for creating a hazardous condition, 36 CFR 2.34(a)(4) with a total collateral of \$275. I explained her rights and responsibilities concerning the notice. Ex(b)(6) indicated she understood and signed the notice. INDICATE TEXT INDICATES OF INCIDENT, DESCRIBE PROPERTY AND TIS VALUE STOLEN  ON SEXURACY, SEPTEMBER 18, 2010, I was on uniformed patrol in a marked law enforcement sodian on Sweeney Ridge. For about three minutes, I watched a male and female with two unrestrained dogs walking north on the ridge road toward the Nike Missile Site. When I approached the man and woman in my vehicle at about 1400 hours, they leashed the dogs, a beige Lab-type dog and a Swiss Mountain dog. I asked them where they began their walk and they said from the Sneath Lane trailhead, a location marked with a regulatory sign stating "Leash Pets." All of Sweeney Ridge requires pets to be leashed at all times. As the dogs belonged to both persons (husband and wife), I asked who would be willing to take the ticket for failure to restrain a pet, 36 CFR 2.15(a)(2) with a total collateral of \$100. I explained and an any questions. She said no and signed the violation notice. I was clear by 1415 hours. (2) INDICATE HOW NOTIFIED OF INCIDENT, DESCRIBE DETAILS OF INCIDENT. (3) DESCRIBE PROPERTY AND ITS VALUE.  On Saturday, September 18, 2010, I was on uniformed patrol in a marked law enforcement sedan on Sweeney Ridge. For about three minutes, I watched a male and female with two unrestrained dogs walking north on the ridge road toward the Nike Missile Site. When I approached the man and woman in my vehicle at about 1400 hours, they leashed the dogs, a beige Lab-type dog and a Swiss Mountain dog. I asked them where they began their walk and they said from the Sneath Lane trailhead, a location marked with a regulatory sign stating "Leash Pets." All of Sweeney Ridge requires pets to be leashed at all times. As the dogs belonged to both persons (husband and wife), I asked who would be willing to take the ticket for failure to restrain the dogs. The woman, identified verbally as clear and valid California driver volunteered. A check of the local database showed no prior contact with National Park Service law enforcement. I issued (100) iolation notice #2536521 for failure to restrain a pet, 36 CFR 2.15(a)(2) with a total collateral of \$100. I explained (100) ights and responsibilities concerning the notice to her and asked whether she had any questions. She said no and signed the violation notice. I was clear by 1415 hours.	93 ITEM   MARRATIVE: (1) CONTINUATION OF ABOVE ITEMS, INDICATE ITEM NUMBER AT LEFT, INCLUDE ADDITIONAL WITNESSES AND SUSPECTS. I was southbound on the ridge road from the Nike Missile Site when I saw a lone male jogger approach with an unrestrained white poodle-type dog. At about 1453 hours, I met the man around the junction with the water tower access road and asked how he <u>had c</u>limbed the ridge. The man, identified verbally as clear and valid California driver. Ex(b)(6) ^{py(6)} said he had started at the Fassler trailhead and come up the Baguiano Trail, locations posted with regulatory signs stating "Leash Pets." All of Sweeney Ridge requires pets to be leashed at all times. Ex(b)(6) did not have anything to leash his dog, so I gave him some police barricade tape to restrain his dog while in the park. I issued Ex(b) violation notice #2536522 for failure to restrain a pet, 36 CFR 2.15(a)(2) with a total collateral of \$100. I explained rights and responsibilities concerning the notice to him and asked whether he had any questions. He said no and signed the violation notice. I was clear by 1505 hours and ex(b)(6) continued northward on the ridge road. 94 INVESTIGATOR NOTIFIED STATUS: OPEN © SUSPENDED CLOSED BY: ☐ ARREST DISPOSITION □ EXCEPTION □ UNFOUNDED 98 ASSISTING OFFICER 97 REPORTING OFFICER DATE BADGE /ID BADGE/ID 99 SUPERVISO **USNPS #849** Maya ŞERAPHIN 9/18/2010

5 NATURE OF INCIDENT 6 RECLASSIFICATION OF INCIDENT

Pets - Dog off leash in the Snowy Plover Protection Area

7 RESULTS OF INVESTIGATION

On 09/23/2010 at approx. 1753 hours, I was on foot patrol at Ocean Beach with Ranger Wright. I saw a dog off leash running onto the beach from Lawton. A few seconds later Ex(b)(6) appeared with a small boy. They were both wearing wet suits, and  $\frac{\text{Ex}(b)(6)}{\text{was carrying a short surfboard.}}$  I asked if the dog was hers, she said yes. I said that when she walked onto the beach from Lawton she would have passed a sign stating dogs were prohibited from being off leash on this section of Ocean Beach, known as the Snowy Plover Protection Area (SPPA). I asked if she had a leash, and she said she didn't.

She said she would take the dog back to her house. I asked her if she had ID, and she shrugged her shoulders looked down at her clothing, which I interpreted to mean that she wasn't carrying ID while wearing her wetsuit. I told her I needed her name and DOB. She said she didn't want to give it to me, and that she would take the dog back to her house. I said I needed her name and DOB before she went anywhere. She asked me if I was going to give her a ticket. I said that I would not give her a ticket if she had not been contacted by law enforcement before for having her dog off leash in the area. She said she had been contacted before. I said, "Then I will write you a ticket."

She still didn't want to give me her name and DOB, and she asked if she could be "honest" with me. I said she could. She said that she was a San Francisco Firefighter. She said that she lived across the street and this was her neighborhood. She said that we (the law enforcement rangers) are out on the beach only once every 6 months, so that people have their dogs off leash all the time. I said that if she lived across the street, that that was more reason for me to get her name and DOB since she probably comes to the beach frequently with her dog off leash. She told me that I wasn't listening to anything that she was saying. I said I was listening to her, but I asked if she was listening to me. I asked her what she thought I should do, since she had been contacted before. How many times should she be contacted before she received a ticket, I asked her. She asked if I lived in San Francisco, I said I used to. She asked if I was born in San Francisco. I said no.

I told her I needed her name and DOB, so that I could document that she had been contacted yet again for having a pet off leash in the SPPA. She finally gave me her name and DOB. I provided this information to park dispatch. While waiting for park dispatch to get back to me, Ex(b)(6) said she was going to put the dog back at the house. I told her that no one was going anywhere until we were all done speaking with each other. Park dispatch advised me that information matched with a DMV record which listed matching physical descriptors for the woman I was speaking with. Dispatch also said that Ex(b)(6) was in the park's local file for being contacted in that area in 2008 for having a dog off leash.

I issued Ex(b)(6) a citation for the violation. She said that I told her that I wasn't going to give her a ticket. I said that I did not say that, that she wasn't listening to me. She signed and took the ticket, and again said that I told her I wasn't going to give her a ticket. "You're a small man," she told me. She added, "From one civil servant to another, you'll be getting a complaint from me."

On October 3, 2010, at approximately 0835 hours, I witnessed a white male with three unleashed dogs in the parking area adjacent to the Rodeo Beach bridge. I was driving behind a sedan on Bunker Road. As the sedan passed the area with the dogs, one of the dogs ran into the road causing the driver of the car to hit their brakes and swerve to avoid the dog. I contacted the man, later identified as and informed him that dogs must be leashed and under physical control within the parking areas and the roadway.

**EX(D)(6)** received a citation for failing to physically restrain, contain or control his dogs.

On October 12, 2010, at approximately 1020 hrs, while on foot patrol of the Ocean Beach stairwells, I observed an off-leash toy white poodle running northbound along the walkway. I observed no owner in the area of the poodle. I attempted to catch the poodle but was unsuccessful. I radioed Ranger J. Webster who was on a fixed post at stairwell 19 about the poodle. Ranger Webster radioed he had caught the poodle. I responded to stairwell 19 and took possession of the poodle from Ranger Webster. I observed the poodle had no owner information on its collar. I radioed Park Dispatch to have Animal Care and Control to respond for the poodle. Dispatch radioed that Animal Care and Control had an extended estimated time of arrival. I then transported the poodle to Animal Care and Control, arriving at approximately 1115 hrs. Custody of the poodle was transferred to Animal Care and Control at approximately 1120 hrs. Due to the poodle extensively vomiting in my patrol vehicle while enroute to Animal care and Control, I had to clean the vomit before clearing. Clear at approximately 1130 hrs.
