

# TRAILS FOREVER

## LANDS END PHASE II ENHANCEMENTS BEGIN AUGUST 2010

The Golden Gate National Parks Conservancy, in partnership with the National Park Service, will continue site improvements at Lands End, thanks to a generous lead gift from the Richard and Rhoda Goldman Fund, with support from the Horace W. Goldsmith Foundation and Conservancy members. This includes upgrades to the *USS San Francisco* Memorial parking area and overlook, construction of a new visitor facility, and continued habitat restoration and cultural resource restoration. Phase II begins with the construction of the new parking area in August.

***The Memorial parking area will be closed August through December 2010.***

### PHASE II PROJECT OBJECTIVES

- Rehabilitate *USS San Francisco* Memorial parking area (August 2010 - December 2010)
- Design and construct visitor facility in the lower Lands End parking lot (June 2010 - October 2011)
- Continue natural and cultural resource stewardship, including forest management activities (ongoing)
- Restore native habitat and construct an overlook at Eagle's Point (TBD)

### JOIN THE TEAM
