NO.	INITIAL	SECT.	PAGE	LINE	COMMENT	RESPONSE/ NOTES
1.	BA	VIS	438	24	May be better off mentioning <b>the bay and islands</b> than just Alcatraz and Angel.	done
2.	BA	VIS	439	3	Sub <b>“part”</b> for <b>“aspect”</b>	done
3.	BA	VIS	439	14	Use the common term <b>“southern Marin”</b> , not southwestern, even though it’s geographically correct.	done
4.	BA	VIS	439	24	“New” park lands include areas that are not so new. May want to distinguish between established areas in San Mateo from Rancho and other areas expected to be added to the park in the near future.	deleted sentence
5.	BA	VIS	439	32	Change: <b>“increasing”</b> to <b>“increase”</b>	done
6.	BA	VIS	439	35	Add <b>“Overnight lodging facilities...”</b>	done
7.	BA	VIS	439	36	There is <b>NO CAMPING</b> at Phleger.	done
8.	BA	VIS	439	40	Camping overnight is an important experience in itself. It is a similar experience available at more distant national parks, but made available to local populations. It also allows for the appreciation of the night sky and natural sounds that can’t be appreciated during other times.	done
9.	BA	VIS	440	2	Purpose of GGNPC needs some editing. See their documents online.	done
10.	BA	VIS	440	9	Heading should be down a level. I like what was done with Alcatraz on p. 442, line 13.	June
11.	BA	VIS	441	10	Change <b>“specific characterizations”</b> to <b>“characteristics”</b>	done
12.	BA	VIS	443	6	<b>“larger”</b> ?	done
13.	BA	VIS	443	13	The surveys <b>DO</b> tell us something about who is not coming. They suggest that ethnic minorities are not visiting parts of the park. See Emilylyn’s more recent (unpublished?) surveys for Ocean Beach and other sites. I hope she comments here!	done
14.	BA	VIS	444	16	What does <b>“live performance”</b> mean?	deleted
15.	BA	VIS	444	21	Do partners really fund visitor centers? Which one? (Headlands?)	done
16.	BA	VIS	447	1	Section is generally okay, but there are parts where the language or phrasing is unclear. Is there enough new information in this section to merit keeping it separate from GGNRA? (Visitor numbers and parking)	retain – Muir Woods separate per rest of document
17.	BA	VIS	447	4	Nice descriptive paragraph. Consider cutting out since it doesn’t say much about visitor use?	edited to be more visitor-focused
18.	BA	VIS	447	13	Sub <b>“...opportunities to walk among the giant redwoods...”</b>	done
19.	BA	VIS	447	16	Add <b>“...access to the forest for disables visitors.”</b>	done
20.	BA	VIS	447	39	Drop from 1.6 million to 750,000 is massive. I think we need to explain that this was the result in changing the method of counting visitors; not a 50% drop in real visitation. Or we could just show last 10 years of data?	changed to 10 years only
21.	BA	VIS	449	6	Paragraph has many important idea packed into it. Need t explain a bit more.	done
22.	BA	VIS		12	Why mention <b>“Parks as Classrooms”</b> here? Didn’t see it in other GGNRA narrative.	deleted
23.	BA	VIS	450	12	Should we give an idea of how many visitors arrive by shuttle?	Mike Savidge
24.	BA	VIS	450	17	Section is pretty weak. <b>“Potential”</b> issue shouldn’t be cited before the real issues.	revised

NO.	INITIAL	SECT.	PAGE	LINE	COMMENT	RESPONSE/ NOTES
					Can we report the causes for the most common LE responses? I think twisted ankles and other minor medical issues are common. <b>LE comment?</b>	
25.	BA	VIS	451	7	Simplify the first paragraph by removing reference to 3 counties (done in para 3) and reducing GGNRA to “the park”. Don’t use the term “gateway communities”. It’s more intertwined than that. Suggest: <b>“The social and economic conditions of the San Francisco Bay Area influence how the Golden Gate National Recreation Area and Muir Woods National Monument (collectively referred to as the park) are managed. Conversely, the park directly contributes to the social and economic conditions of the Bay Area...”</b>	Stephan – SE
26.	BA	VIS	451	36	One of the distinctions is that the travel distance to the park is not very great here. These are large public open lands within minutes of so many front doors. (Also rephrase: <b>importance</b> becoming <b>more significant</b> is awkward.)	Stephan - SE
27.	Ba	Muir	680	1	We should be clear that this alternative would likely result in fewer visitors coming to the monument. The impact of that fact will be mixed, but let’s be clear that fewer visitors would be an effect of Alt. 2. [See also page 696, line 4.]	In conclusion – it’s the outcome of all the other actions and impacts
