SONOMA COUNTY, Calif. -- The Sonoma County Sheriff's Office has released more details about a drowning on the Sonoma Coast north of Bodega Bay this morning.

Sheriff's Sgt. Dave Thompson said a 51-year-old Auburn woman and her boyfriend, previously believed to be her husband, were walking two pug dogs along Portuguese Beach when one of the dogs was swept into the surf.

The woman tried to save the dog and was also dragged into the surf, Thompson said. A passerby summoned State Parks rangers, Thompson said.

The boyfriend, a State Parks ranger and another person were able to get the woman back on the shore, but she had been in the cold water for about 20-25 minutes, Thompson said.

State Parks personnel gave the woman CPR before the Sonoma County sheriff's helicopter arrived but the woman was pronounced dead at the scene.

The helicopter crew used a long-line to bring the woman to the top of a nearby bluff and a chaplain responded to the scene, Thompson said.

The dog perished and washed ashore, Thompson said.

The Sonoma County coroner's office has not released the woman's identity.

PACIFICA, CA -- A 44-year-old woman died after being swept underwater by a wave at Sharp Park Beach in Pacifica Sunday afternoon, according to police.

Shortly before 1:45 p.m., Pacifica police officers and members of the North County Fire Department responded to a report of a possible drowning. Arriving officers found the woman floating face down in the water about 35 feet from shore, Pacifica police said.

The victim was pulled from the water by two members of the fire department. She was taken to Seton Medical Center and pronounced dead a short time later, according to police.

After talking with family members and witnesses at the scene, investigators determined the woman had entered the water to rescue one of her dogs and was knocked down by a large wave and swept away from the beach. Family members and witnesses were unable to reach her in the heavy surf.

The dog was able to swim back to shore, police said.

The woman, whose name is not being released until her family is notified of the death, drowned in the same area where a 44-year-old man is presumed to have drowned less than two weeks ago.

On March 18, Richard Serrano Jr. entered the waters off Sharp Park Beach and was knocked down by several waves. He never resurfaced and his body has not been found.
