

NO X-MAS TREE BURNING

**RECYCLE
YES**

**BURN
NO**

Why create waste when you could create energy?

Do Not burn your Christmas tree. Burning trees at Ocean Beach creates pollution and violates the winter ban on beach fires, Nov. 1 - Feb. 28.

Instead, place your Christmas tree on the curb between **January 2 and 14** for regular trash and recycling collection in San Francisco. Recology recycles your trees to create electricity. For requirements and more information visit www.recology.com.
