

PWRO Pre-Briefing

8th floor small conference room; March 19, 2008

NOTES

Attending

Turnbull, Goldsmith, Ferguson, Crusius; Hornor, Hatch, Aviles; Nofield, Cahill

Questions Asked

- Who will be part of the CBA? (Turnbull asked to participate.)
- What has public interest been? Outreach?
- Are there particular groups who see the GMP as vehicle to accomplish their ideas?
- Any interest in commercial services yet?
- Is the Foundation done? (Necessary to understand Alt 3 - what is a treasure?)
- Should MUWO maps include the Redwood Creek watershed?
- Are soundscapes part of a National Park experience?
- How much of "collaborate regionally" is common? Can you provide some examples?
- Does "sensitive resources" zone allow use or visitation?
- What is the "Evolved Cultural Landscape" zone?
- How & where do levels of use change? (MUWO, ALCA...)
- Can we have a table showing alternatives side-by-side?
- Do we (NPS) manage the area at end of Van Ness?
- Are we considering a maintenance center at Ft Funston?

Comments & Suggestions

- The differences among alternatives are very clear. Good job.
- Appreciate how alts are based on concepts not just different ideas for different sites.
- It looks like there will be a lot of hybridizing to create the preferred alt in the CBA.
- Use the time carefully...
- Find the right level of detail: text, site -by-site, concepts...
- Provide some background on Zones.
- Going through maps was better pace/easier to follow than text descriptions in PPT.
- Get materials to Martha & Seattle group by COB Monday, or Tuesday AM FedEx delivery.
- Consider the order of sites/counties: MUWO, MARIN, ALCA, SF, SM.
- 6 to attend from PWRO on Wednesday; 4 by phone in Seattle: room will be crowded

Map/Planning Edits*

- Add map of planning area to clarify what is in/out of GMP
- Need big posters with maps: organize by county/site (5), or by alternative (3)
- Provide color maps as handout, organized as above; along with copy of PPT
- Be prepared for colors on projected maps that don't match printed maps!
- Take time to explain purpose of newsletter 4: preliminary alts, test/hear new ideas...
- Consider adding para on Park Purpose
- Add photographs of park along with clipped txt in PPT
- Highlight more of the commonalities: ie, coop with State Parks, alternative transp...
- Bring a laser pointer!
- Fix "Park Headquarters" label on SF/Fort Mason map (location is off)
- Discuss how/if we should show things like Manzanita and GOGA-SAFR zone?
- Consider putting Coastal scenic corridor (trail) between Sweeney Ridge & Rancho CdT onto Connecting People map
- Think about what else to bring... (Foundation, Full Zone Tables, translated newsletters...?)

* Lets figure out who makes the edits to the PPT and produces posters.
