	<p>On January 1, 2009 I was on patrol at Tennessee Valley, on the Main Trail, which is signed and posted, "No Pets" (including the international signage for no pets), when I saw a white male adult (later identified as Ex(b)(6)) carrying a small dog wearing a sweater. I stopped my patrol car and approached the male to ask him to come to the rear door of my patrol car to ask for some identification. After giving the dog to another person, he came over to me and I asked him for identification, which he gave me a CA License. I told him he could go ahead and go back to his group; I would be with him in a few minutes. Park Dispatch ran a computer check as well as a local file check, which returned negative for wants/warrants, negative on local files and valid license. I issued Ex(b)(6) Violation Notice # k106903 in violation of 36 CFR 2.15(a)(1)-Pets-Possession of pet in an area closed to pets. I explained the violation notice, which he signed and received his respective copies.</p> <p>Cleared at approximately 1135 hours.</p>

29. DETAILS OF INCIDENT

On January 10, 2009 at 1315 hours an NPS Tennessee Valley Horse patrol volunteer radioed to park dispatch that there was a brown husky dog running loose on Muir Beach.

I responded and arrived at approximately 1340 hours. I saw a brown husky near a picnic table with an adult male and 2 children seated there. The adult male said the dog has been hanging around them for a little while trying to beg food from them. I put a leash on the dog and walked it to my vehicle. I radioed dispatch the Marin County rabies tag number and Marin County was contacted and they advised the dog is frequently loose but out of San Rafael. The owner of the dog is Ex(b)(6) I requested Marin Humane Society respond to take the dog into custody. The estimated time of arrival of Marin Humane was 1 hour.

Due to the nice weather and high visitation throughout the park I needed to patrol other areas. I tied 2 leashes together and leashed the dog to a parked road grader in the parking lot and advised dispatch of that. I responded to Muir Woods to check on traffic issues there.

Marin Humane arrived at Muir Beach at 1517 hours. Ranger Harrison was there at the time and advised the dog and leashes were gone. All units clear at 1605 hours.

	On 01/10/2009 at approx. 1450 hours, I saw Ex(b)(6) running with a dog on a leash on the Coyote Ridge Trail. The Coyote Ridge Trail is closed to pets as indicated by signs along the trail, and on maps available at visitors' centers in the park. Ex(b)(6) gave me his name and DOB verbally. He had no ID. I ran the information through park dispatch and they located a DMV record for the same name, DOB, and with matching physical descriptors. Dispatch also advised Ex(b)(6) was not in the local file as being previously contacted for pet violations. I issued Ex(b)(6) a written warning for violation of 36 CFR 2.15(a)(1), possessing a pet in a prohibited area. Clear, 1500 hours.

<p>At approximately 0744 hours on 1/11/09 I observed a female subject walking a dog southbound on Ocean Beach at Lawton ST. I observed that her dog was not on a leash. Ocean Beach from Stairwell 21 to Sloat BLVD is designated as a protection area for the Western Snowy Plover, a threatened shorebird listed under the Endangered Species Act. All pets within this area are required to be leashed. The subject stated she did not have any identification with her and identified herself verbally as Ex(b)(6) Ex(b)(6) out of Portland, Oregon. Computer checks revealed no record for that person in California or Oregon. The subject then changed her last name to Ex(b)(6). Still no record found. After running the license plate on Ex(b)(6) vehicle, dispatch broadcast a corrected Ex(b)(6) and matching physical descriptors. Ex(b)(6) then stated, "Oh yeah. I always give a fake birthdate." I gave Ex(b)(6) a verbal warning for violation of 36 CFR 7.97(d)(ii) -Pet off-leash in the plover protection area and issued her a mandatory court appearance citation (K106172) for providing false information. Ex(b)(6) will be notified of her court date by mail. I released Ex(b)(6) from the scene at about 0834 hours.</p>

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on 11 January, 2009 while exercising my duties as a law enforcement officer in the Northern District of California

While on foot patrol of the Ocean Beach dunes in the area of Lawton ST, I observed a female subject walking a dog on the beach. The dog was not leashed. That part of Ocean Beach is restricted to dogs on-leash only to protect the Western Snowy Plover, a federally listed threatened species. I contacted the subject who verbally identified herself as Ex(b)(6) of Portland, OR. Computer checks indicated that no such person was licensed in Oregon or California. The subject then offered the last name of Ex(b)(6). Still there was no record in either state. I accompanied Ex(b)(6) to her parked car. After computer checks on the vehicle license plate, Dispatch advised the registered owner was Ex(b)(6). A driver license check with this information revealed a license record with physical descriptors matching Ex(b)(6). Ex(b)(6) then stated, "Oh yeah, I always give a fake birthdate." I warned Ex(b)(6) for having her dog off-leash in the protection area and cited her into court for violation of 36CFR2.35(a)(3)(i). She was then released.

- The foregoing statement is based upon:
- my personal observation
  - my personal investigation
  - information supplied to me from my fellow officer's observation
  - other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

 On January 11, 2009 at approximately 1408 hrs, I was on foot patrol on the Mori Point service road walking westbound. I observed three visitors walking eastbound towards me with a small dog off leash. I observed these women walk past a clearly posted sign advising "Leash Pets". As I approached this group one of the visitors leashed the dog. They said they were aware that Mori Point is an endangered species habitat and that dogs are required to be leashed but their little dog stays with them on the path. Ex(b)(6) was issued United States District Court Violation Notice #K105859 for this violation. Ex(b)(6) was then released.

On January 11, 2009 at approximately 0905 hrs, while on foot patrol of the Ocean Beach area, I observed an off-leash dog running in the dunes at stairwell 28. The area is posted that dogs must be leashed. I observed in the vicinity of the dog a Hispanic male. I approached the dog and asked the Hispanic male if the dog was his. The Hispanic male, identified as Ex(b)(6) stated it was. I explained to Ex(b)(6) the leash requirements of the area and spoke to him about the Snowy Plover; a bird that rests in the area and is on the Endangered Species List. Ex(b)(6) was compliant and immediately leashed his dog. Dispatch indicated no local file entry for Ex(b)(6) was issued a warning for 36 CFR 7.97 (d)(1)(ii). Clear at approximately 0915 hrs.

	On Monday, January 12, 2009 at about 1600 hrs., while on foot patrol at Stinson Beach, I saw two women walking on the NPS portion of the beach with four leashed dogs. Per the 2008 Superintendents Compendium, under the authority granted in 36 CFR 2.15(a)(1), pets are not permitted on Stinson Beach. I contacted the women who were southbound just north of the central restrooms and asked how they had accessed the beach. They said they had parked their vehicle in the central parking lot (the only one open that day) and taken a trail onto the beach. Each of the access trails from the central parking lot is clearly posted with both "NO PETS" and a symbol of a dog and human with a red diagonal slash across it. The owner of two of the dogs identified herself as Ex(b)(6) by presenting a valid and clear California driver license. I issued Ex(b)(6) violation notice #K105815 for possessing a pet in a closed area with a total collateral of \$75 due, explaining her rights and responsibilities in resolving the matter. I asked whether she had any questions and Ex(b)(6) said no. Both women complained that they had seen several other dogs on the NPS beach; I indicated that I had just arrived and they were my first contact for this violation. I was clear by about 1630 hrs.

On January 12, 2009, subsequent to responding to North Baker Beach to contact a person camping in an undesignated area, Ranger A.J. Legault and I observed two dogs running off leash on the protected plant area of Battery Chamberlin. There is a posted NPS sign that instructs park visitors to stay on the trail. I did not see the dog owner and thought the dogs may have been abandoned. The dog's owner appeared from behind the hills at Battery Chamberlin and around the corner, which was outside of voice control distance. I identified the dog's owner as **Ex(b)(6)** said that the only reason I was contacting him was because he was Asian. **Ex(b)(6)** was cited for having his dogs off leash.

**INITIAL OBSERVATION**

On January 12, 2009, Ranger A.J. Legault and I were southbound on foot patrol on the Coastal Trail between Marshall's Beach and Baker Beach. I looked down at the north end of Baker Beach and saw one subject in a sleeping bag. We returned to our vehicle and drove to Baker Beach to contact the person who was camping in an undesignated area.

Legault and I parked our marked patrol vehicle at the north end of the Baker Beach parking area and saw two dogs running off leash through the vegetation at Battery Chamberlin. We observed the dogs running off the trail and through the cable fencing that separates the trail from the vegetation. There is a posted NPS sign that instructs park visitors to stay on the trail. I did not see the dog owner and thought the dogs may have been abandoned. The dog's owner appeared from behind the hills at Battery Chamberlin and around the corner, which was outside of voice control distance.

**INITIAL CONTACT**

I contacted the dog owner and attempted to identify him. The male told me that his identification is in the vehicle. I saw that the zipper on his pants was down and I informed him. I walked with him to his vehicle and he put both dogs in the cab of his black Nissan Frontier. I saw metal equipment in the truck bed. I identified him as Ex(b)(6) by his California identification card. I asked Ex(b)(6) if he lives nearby and he stated that he did. I asked Ex(b)(6) what he does for a living and he said, "Does it matter?" I told Ex(b)(6) that it did matter and he responded that he is unemployed at this time.

I asked Ex(b)(6) why he chose to let his dogs run off leash in an area where they are not permitted to be off leash. Ex(b)(6) then stated that the only reason I was contacting him was because he was Asian and that white people are never contacted for having their pets off leash. Ex(b)(6) told me that he was contacted previously in the Presidio for having his pets off leash.

While I was writing the citation, Ex(b)(6) turned to Legault and said, "Are you ok?" Legault responded that he was fine.

**ACTION TAKEN**

Ex(b)(6) was issued a Violation Notice for 36 CFR 2.15 (a)(2) Dog off Leash (K 107528). I explained the Violation Notice process to Ex(b)(6) and he signed indicating he understood.

Ex(b)(6) stated that he was going to complain to my superiors because I was only contacting him because he was Asian. I told Ex(b)(6) my name and badge number and my supervisor's name.

I gave Ex(b)(6) his copies of the Violation Notice and told him to have a good day. Ex(b)(6) responded, "don't get shot."

ITEM	7 RESULTS OF INVESTIGATION
	<p>On January 12<sup>th</sup> 2009, at about 10am, Ranger Annie Leone &amp; I were patrolling the area of Baker Beach. While in the Baker Beach parking area, we observed 2 medium dogs running loose within the fenced area of Battery Chamberlin. Both dogs were running through the iceplant, growing off the trails. We watched for approximately one minute, to see if the dogs had an owner present. The dogs headed for the open gate leading to the parking lot, followed by an Asian male. Ranger Leone contacted the man. The man immediately took up a negative attitude toward Ranger Leone, giving her snappy replies to her questions. The man was allowed to retrieve his id from his vehicle in the parking lot, and was asked to sit on the tailgate of his vehicle. Ranger Leone handed me the man's California ID. He was identified as <span style="background-color: black; color: black;">Ex(b)(6)</span>. A check with park police dispatch returned clear on the man.</p> <p>While I was checking his ID with dispatch, <span style="background-color: black; color: black;">Ex(b)(6)</span> continually berated Officer Leone, charging he was being singled out, due to his being Asian. She assured him he was not. He further added he believed we officers would not be bothering him if he was white. Ranger Leone wrote him a citation, handing it to him, and explaining the procedures he should follow. <span style="background-color: black; color: black;">Ex(b)(6)</span> asked for, and wrote Ranger Leone's name on the envelope of his citation, and stated he would be filing a complaint of being harassed because he is Asian.</p> <p>Ranger Leone and I were polite and professional with <span style="background-color: black; color: black;">Ex(b)(6)</span> at all times, and he was given the opportunity to ask any questions, of which he asked for a supervisor's name. He was given the information, and told he was free to go. He bid us to have a nice day, adding "I hope you don't get shot!"</p>

	On Monday 12 January 2009, at approximately 1630 hrs., while patrolling in Fort Baker, I observed a white female, later identified as Ex(b)(6) throwing a frisbee for her unleashed dog on the Parade Ground. After identifying myself I requested I requested she leash her dog. Ex(b)(6) complied but immediately begin to tell me how the hotel told her the area did not require a leash. I requested identification which Ex(b)(6) eventually provided. I advised Ex(b)(6) of the NPS regulations and the pet use areas. I issued Ex(b)(6) a verbal warning for violation of CFR§2.15(a)(2) - "Unleashed Pet." Clear at 1645 hrs.

	On 01/13/09 at approximately 1616 hours, I was driving down the Fox trail heading to the Tennessee valley trail when I noticed a male subject jogging on the Tennessee valley trail with two dogs on leash. This subject, later identified as Ex(b)(6) was jogging in the direction of the parking lot. I finally made it to the Tennessee valley and slowly drove on the asphalt road. By this time, Ex(b)(6) had stopped jogging. While walking, Ex(b)(6) turned around, saw my patrol car behind him and he began running through the gate and darting behind the restrooms in the main lot. I watched Ex(b)(6) make his way to a green colored 4runner parked some distance in main lot as I attempted to open the gate to get my patrol car out. I blocked Ex(b)(6) in with my patrol car as he now sat in the vehicle with it running and his small dogs in the back seat. I got out of my vehicle, requested his driver's license and told him that I was issuing him a citation for having his pet in a closed area. Signs are clearly posted "no pets" at the Tennessee valley trail head. I also told Ex(b)(6) that she should not try to avoid police contact by running in the future. He stated that he was not running, just wanted to get to his vehicle. I conducted a computer check for wants and warrants on the

	On January 13, 2009 at 1435 hrs, I was on patrol in the Ft. Point parking lot when I observed Ex(b)(6) jogging in the parking lot with his dog off leash. When I contacted him, I requested that he leash his dog and he complied. Ex(b)(6) said he was not aware that dogs are required to be leashed in the area. I explained the leash regulations to Ex(b)(6). There is a sign stating "Leash Pets" posted by the Fort Point administrative offices that park visitors pass when jogging or walking towards the fort. Ex(b)(6) was issued a United States Department of the Interior, National Park Service Warning Notice for this violation, informed of "voice control" areas and released.

At approximately 1419 hrs, January 13, 2009, I was on foot patrol in the wildlife protection area at the west end of Crissy Field beach. I observed Ex(b)(6) walking southbound on the beach with a large black dog off leash. Dogs are required to be leashed on this section of the beach due to the presence of threatened bird species. Information to this effect is posted on signs at numerous locations. I contacted Ex(b)(6) on the beach and requested she leash her dog. Ex(b)(6) complied. Ex(b)(6) said she thought dogs could be off leash in this area from July first through May 15. Ex(b)(6) was advised of the leash requirements and correct dates. She was issued a United States Department of the Interior, National Park Service, Warning Notice and released.

I contacted her and performed a computer check on her name and date of birth. She had no wants or warrants. I was unable to get a match to a CDL with her name and date of birth. I explained to her the park pet policy and she leashed her pet. I gave her a written warning for a leash law violation. I took a report and cleared at 0930 hrs.

	On 01/18/09 at approximately 1739 hours, I was driving down the asphalt road off Sweeney ridge when I noticed a female subject with her pet off leash. The area of Sweeney ridge is a wildlife area requiring pets to be on leash. All accesses to the ridge have clearly posted signs advising pets to be on leash. I stopped the subject later identified as [REDACTED] Ex(b)(6) who was with a male companion. By the time I got to [REDACTED] Ex(b)(6) she had leashed the pet. I informed her that pets needed to be on leash at all times, and the sign near the parking that they passed on their entrance to the ridge, indicated that. I requested her identification, to which she stated she did not have. I then, gathered her name and date of birth. I had communications conduct a wants, warrants and local file check on [REDACTED] Ex(b)(6) All three checks returned clear and valid. [REDACTED] Ex(b)(6) then stated that she was very sorry and had no idea that the regulations were so strict and could not afford a citation being that she was a student. I then issued a written warning for 36 CFR 2.15(a)(2)- failure to pet. I cleared at 1752 hours.

On 01/18/09 at approximately 1714 hours, I observed two mountain bikers riding along the Sweeney ridge fire road with two dogs off leash. The area of Sweeney ridge is a leash required area and has clearly posted signs indicating such regulation at all accesses to the ridge. I stopped both subjects later identified as Ex(b)(6) on the trail and informed them that pets are to be on leash at all times in the area. I asked Ex(b)(6) if they had identification. Both advised they did not have any on them. While I gathered their names and dates of birth, I asked where they gained access to the Sweeney. Ex(b)(6) stated that they came to the area behind Skyline college. I told them that there is a sign there informing pets to be on leash, but it was impossible for them to gain access to the Sweeney ridge trail due to the closure by construction of the college. I conducted computer checks for wants and warrants informing the pair that I was issuing cites. I reiterated the zero tolerance for off leash pets in the wild life area. While writing a cite to Ex(b)(6) stated both pets belonged to him, so I in turn, issued him one cite for 36 CFR 2.15(a)(2)- failure to leash pet. Ex(b)(6) then leashed one of his dogs due to having one leash. I informed both subjects to turn around and vacate the premises. I cleared at 1728 hours.

As we were walking eastbound on the main service road, I observed Ex(b)(6) walking towards me with a large white dog off leash. Dogs are required to leashed at Mori Point. Mori Point is an endangered species habitat with "Leash Pets" signs clearly posted at the access points. As we were contacting Ms. Ex(b)(6) approached our location with a German Sheppard off leash. Both visitors claimed not to be aware of the leash requirements at Mori Point. They were advised of the regulations and informed of nearby off leash locations. **INITIAL OBSERVATION**

On Monday, January 26, 2009 at approximately 0920 hours, Ranger A.J. Legualt and I were on foot patrol at Sutro Park. I observed a female standing on the south side of 48<sup>th</sup> Avenue and her white dog was off leash in Sutro Park, on the north side of 48<sup>th</sup> Avenue. I had previously contacted this same female approximately two weeks ago in the same location for the same dog off leash violation.

**INITIAL CONTACT**

I asked the female to cross the street so I could identify her and she could retrieve her dog. The female, who was carrying a small dark brown dog, refused to comply and began calling her white dog. The dog did not obey and remained in Sutro Park. The female told me the dog is fifteen years old and is deaf. Again, I told the female to cross the street and she refused. The female said that we were going to have to keep her dog and she turned and walked in the opposite direction. I told her to stop and attempted to identify her for the second time. She said that she was not going to tell me her name and continued walking towards the corner of 48<sup>th</sup> Avenue and Anza. I crossed 48<sup>th</sup> Avenue and told the female that I was going to identify her and that she needed to comply with my lawful orders. She refused and at that time, I placed my right arm on her left arm and attempted to escort her to an area where she could sit while I identified her. I asked the female to sit on a small brick wall surrounding a landscaped area and she refused. I informed the female that if she did not comply I was going to place her in handcuffs and arrest her for failing to comply with my lawful order. Finally, the female sat on the brick wall and I verbally identified her as Ex(b)(6) in San Francisco.

Ex(b)(6) said that her rent pays my salary and that she was going to complain to my supervisor. I informed that dogs are required by law to be on a leash in Sutro Park and she is not an exception to that law. I reminded her that I gave her a verbal warning two weeks ago and she was going to be issued a citation today.

Ranger Legualt carried the white dog across the street to our location to ensure its safety. Legualt spoke with Ex(b)(6) while I wrote the citation. Ex(b)(6) said that when she saw us walking towards her, she began to run from Sutro Park because she did not want to be harassed for having her dogs off leash in the park.

**ACTION TAKEN**

I issued Ex(b)(6) a bailable Violation Notice for 36 CFR 2.15 a (2) Failing to restrain on a leash, or otherwise physically confine a pet at all times. I explained the bail process to Ex(b)(6) and she signed the citation, indicating she understood.

Ex(b)(6) told me the neighbors were going to be watching for me. I asked Ex(b)(6) if she was threatening me. Ex(b)(6) said she hopes the Park Service moves me to somewhere like Texas.

Ranger Legualt suggested that we assist Ex(b)(6) to her feet but she declined assistance. We were clear of Ex(b)(6) at approximately 0936 hours.

ITEM	7 RESULTS OF INVESTIGATION
	<p>On Monday January 29<sup>th</sup> 2009, while on foot patrol of the Sutro Heights Park, Ranger Annie Leone and I observed a woman in the park. The woman was accompanied by two dogs not leashed. When she spotted us walking toward her, she hurriedly picked up the smaller of the two dogs in her arms, and started walking off the property, and across the street, while calling the other dog to follow her. Ranger Leone had stated to me, she recognized this woman, and had contacted her approximately two weeks earlier concerning the same offense. Ranger Leone called to the woman to return into the park, as the woman was standing in the street's traffic lane calling after her dog still in the park. The woman refused to return to the park, stating we could not harass her, as she was no longer on park property. She was given direction to return to claim her dog, and she stated the dog was old, and that we could have it.</p> <p>Ranger Leone attempted several times to get the woman to return to her dog, and speak with us. The woman refused several times, and was shouting that we were harassing her. Ranger Leone gave the woman lawful verbal commands to return for her dog, of which she refused. She continued to walk away from us.</p> <p>Ranger Leone decided to walk across the street, and contact her on the sidewalk, since the woman's repeated refusal to stop, and asking me to remain with the dog.</p> <p>When contacted, the woman protested loudly, that she was being beat up, and that she was being singled out. Seeing the woman still resisting Ranger Leone's orders, I crossed the street and addressed the woman to listen to the ranger, and do as she says. We assisted the woman to sit on a low brick wall, as she had already walked off from us before. She made verbal repeated verbal statements of protest.</p> <p>At this time, Ranger Leone started to interview the woman for violation notice information. The woman was being compliant to the questions, and I informed Ranger Leone that I would go back across the street, and retrieve the woman's dog, so it would not get hit by a car. I collected the dog, picking it up, and carried it to the woman's location. Placing the dog on the ground, the woman thanked me, and the woman spoke with me, to allow Leone to complete writing her violation notice. The woman complained the dog was 15 years old, well behaved, and disabled, and thus should be exempt from the leash requirement. I explained to her about the safety concerns, and regulatory requirements. She continued to voice her opinions about all the other locals letting their dogs run off leash, and that we (NPS) do nothing about it.</p> <p>When the contact was nearing completion, I offered her our assistance to stand back on her feet from her seated position, and she refused to let Ranger Leone touch her anymore, and refused my assistance also. She was informed she was free to leave. She thanked me, and continued to berate Ranger Leone as we walked back across the street.</p>

STATEMENT OF PROBABLE CAUSE

(For issuance of an arrest warrant or summons)

I state that on 20 while exercising my duties as a law enforcement officer in the Northern District of California

On Monday, January 26, 2009 at approximately 0920 hours, Ranger A.J. Legault and I were on foot patrol at Sutro Park. I observed a female standing on the south side of 48<sup>th</sup> Avenue and her white dog was off leash in Sutro Park, on the north side of 48<sup>th</sup> Avenue. I had previously contacted this same female approximately two weeks ago in the same location for the same dog off leash violation

I attempted to identify the female multiple times and she would not comply. I told the female to cross the street to retrieve her dog and she walked away from me towards the corner of 48<sup>th</sup> Avenue and Anza. She said that I was going to have to keep her dog. Finally, after I escorted her into a seated position, I verbally identified the female as **Ex(b)(6)**

I issued **Ex(b)(6)** a bailable Violation Notice for 36 CFR 2.15 a (2) Failing to restrain on a leash, or otherwise physically confine a pet at all times. I explained the bail process to **Ex(b)(6)** and she signed the citation, indicating she understood.

**SUMMARY:** On 01/28/2009 at approximately 0909 hours, while on foot patrol of Ocean Beach, I observed two medium sized brown dogs running unleashed throughout the Snowy Plover Protection area. I observed the dogs for at least five minutes run-at-large as they ran southward in my direction. One of the dogs ran well over one-hundred feet away from the owner who was jogging along the shore. I observed the dog chase several resting shorebirds as well as run directly through and disturb a small colony of resting Snowy Plovers. I contacted the owner, later identified by her name and birth date as Ex(b)(6). It took Ex(b)(6) several attempts by whistling and shouting until the dogs returned to her proximity. I requested that she leash the pets and provide identification. Ex(b)(6) stated that she did not recognize the NPS uniform and did not want to provide me any information. As I began to write the time in my field notes Ex(b)(6) stated "I was warned about giving out my information, I am suspicious about your little notebook, and I am in a hurry". I then advised her that I would save her time and write the information directly on the citation. Ex(b)(6) then stated "Can't you give me a warning, I have a job too, and am in a hurry". I advised Ex(b)(6) of the conspicuously placed signs at the pedestrian entrances and the reason for the regulation. The area is well marked with signs displaying "Snowy Plover Protection Area – PROHIBITED – Dogs Off Leash – Disturbing Wildlife".

I issued Ex(b)(6) VN #K105409 for 36 CFR 7.97(d)(ii) – Pet Off Leash in Designated Snowy Plover Protection Area.

Ex(b)(6) then jogged southbound with her leashed pets and returned approximately fifteen minutes later jogging northbound. I remained in the area and observed ten other dog walkers all with their pets on leash and compliant. I was clear at approximately 1030 hours.

On 01-29-09, at approx. 1620 hrs., I observed a white male, later identified as **Ex(b)(6)** walking up the staircase at the west end of Mori Point with a medium sized, white dog (which was off leash and running unrestrained on the trail and through the brush.) I contacted **Ex(b)(6)** and identified myself as a park ranger. I advised him that his pet needed to be restrained on a leash. Upon a dispatch computer check, **Ex(b)(6)** returned clear of wants/warrants with no listing on the local file. I issued him a written warning for this leash law violation and I released him on-scene at approx. 1630 hrs.

On 01-29-09, at approx. 1558 hrs., I observed a white female, later identified as Ex(b)(6) walking eastbound on a single track trail parallel to the fire road at the east end of Mori Point with a medium sized, black dog (which was off leash and running unrestrained on the trail and through the brush.) I contacted Ex(b)(6) and identified myself as a park ranger. I advised her that her pet needed to be restrained on a leash and she leashed this dog. Upon a dispatch computer check, Ex(b)(6) returned clear of wants/warrants with no listing on the local file. I issued her a written warning for this leash law violation and I released her on-scene at approx. 1605 hrs.

<p>On 1-31-09 at approximately 1855 hours, I copied radio traffic from State Park Rangers requesting NPS assistance.</p> <p>State Park Rangers were on West Ridgecrest Blvd. above Stinson Beach. They were in an area that is NPS jurisdiction. They observed a lantern about 1/4 mile west of the road and thought it may be an illegal camp site. State Park Rangers hiked out to the area. They discovered a site where a pet had been buried. There was a solar charging type lantern that came on when it was dark. They also discovered a second site where a pet had been buried.</p> <p>I took GPS coordinates of the road so that this area could found again and be investigated during daylight hours.</p> <p><b>N 37°55.899 W 122°38.707</b></p> <p>Clear 1945 hours</p>

 On 02/01/09 at approximately 1400 hours, I was on patrol of the Sweeney ridge trail at Sweeney ridge when I noticed a couple walking with their medium sized dog off leash. Sweeney ridge is a wildlife backcountry area with posted signs at all legal entrances indicating pets are to be on leash. I made contact with the pair and informed them that they were in a National park where pets were to remain on leash at all times. The male subject later identified as [REDACTED] Ex(b)(6) leashed the pets and stated that they did not realize the area was a National park let alone pets were to be on leash. I gathered his driver's license and conducted a wants, warrants and local file check. All three checks returned clear and I issued a written warning for 36 CFR 2.15(a)(2)-failure to leash pet. [REDACTED] Ex(b)(6) stated that this was their first time to the area and assured me that it would not happen again. I cleared at 1406 hours.

	On 02/01/09 at approximately 1010 hours, I was driving southbound along the Great Highway at Pacheco when I noticed a black German Sheppard off leash in the wildlife protection area of Ocean Beach. I drove down onto the beach and quickly noticed the owner, later identified as Ex(b)(6) leash the dog and start walking toward the sand dunes. I later caught up with Ex(b)(6) and informed him that there is a zero tolerance for pets being off leash in the wildlife protection area of Ocean beach and requested his identification. Clearly posted signs at all legal accesses to the protection zone advises, "leash pet." This zone is in place to protect the endangered species of snowy plover. A computer check for wants and warrants returned clear and I issued cite number K106319 for 36 CFR 7.97(d)(1)(ii)- wildlife protection violation- failure to leash pet. I cleared at 1017 hours.

	On 02/02/09 at approximately 1532 hours, Ranger Leone and I were on 4x4 patrol the wildlife protection area-Ocean beach, when we observed a female subject playing with her pet off leash at the waters edge. The wildlife protection zone along Ocean beach spans south from stairwell 21 all the way to Sloat boulevard. This zone protects the endangered species of snowy plover and clearly posted signs at all legal accesses to the area informs visitors to leash their pets. I made contact with the subject later identified as <b>Ex(b)(6)</b> and determined the pet belonged to her. I had <b>Ex(b)(6)</b> leash the pet and I asked her if she was aware of the pet regulation. <b>Ex(b)(6)</b> was unsure of the regulation, so I gathered her verbal driver's license number and I informed her that I was issuing her a written warning for the violation. I conducted a computer check for wants, warrants, and local file. All three returned clear and informed <b>Ex(b)(6)</b> that she was officially in the system as being warned. Ranger Leone and I cleared at 1540 hours.

Ex(b)(6) gave me his CA driver's license. Park Dispatch ran a computer check, which returned negative for wants/warrants and valid license. While waiting for the return Ex(b)(6) asked if was going to receive a ticket, he did read the sign, that should mean something and it was confusing to him. I told him to calm down and let me get his return and we will discuss it. I gave Ex(b)(6) a written warning in violation of 36 CFR 7.97(d)(i) Pets failed to leash in the wildlife protection area of Crissy Field. I thanked him for reading the sign, but if he had any questions or comments about them, he could go online and gave him the web site address. I also explained he would be placed in our local file, so he should become aware of the leash regulations in the park. I cleared Ex(b)(6) at approximately 1512 hours and I saw a white female adult (later identified as Ex(b)(6) Ex(b)(6) who has passed me walking her unleashed dog while I was talking with Ex(b)(6) going westbound, but was now returning in the eastbound direction with her dog leashed. I stopped and talked with her about the leashed regulations and told her I noticed her dog was now leashed, however it was off leash when she passed a bit ago. Ex(b)(6) stated that she saw one of the Wildlife Protection Area Signs and didn't realize she was in it and immediately leashed her pet. I thanked her for doing so, but asked for her identification anyways. Ex(b)(6) was cooperative and gave me her name and date of birth. Park Dispatch ran a computer check which returned negative for wants/warrants and valid CA license. I issued Ex(b)(6) a written warning in violation of 36 CFR 7.97(d)(i) Pets-failed to leash in the wildlife protection area of Crissy Field. I thanked her for seeing the sign and immediately leashing her dog, but her name would be going into our local file. I also gave her the web site information about pets in the park. Cleared the wildlife protection area at approximately 1530 hours and walked back to my patrol car at east beach parking.

	On February3, 2009 from approximately 1230 hrs – 1345 hours, I was on foot patrol at Crissy Field in the Wildlife Protection Area. This area has signs posted at every entrance stating this area is a Wildlife Protection Area, to leash their pet, do not harassing wildlife and pick up dog litter. At approximately 1239 hours, I had a white female with an unleashed pitbull mix. I walked over to her and asked her to please leash her dog, they were in the wildlife protection area and that I would also need to see some identification. She said she didn't have any. The dog then growled and lunged at me, I kneed it and it torn my shirt button off my sleeve, while she was looking away trying to unravel the leash. I yelled for the woman to control her dog or I would have to hurt it. She yelled that I was now harassing her and had no right to stop her. I asked her, did you not just see your dog bite me? She told me that her dog would never bite anyone and I was lying to her and harassing her. The continued to either growl or dig in vegetation, which I continued to ask her to control her dog from digging in the plants. I asked for her name and date of birth and the state that it was out of. She told me it was Ex(b)(6) but of DC and had an address in NY, NY. Park Dispatch returned negative for wants/warrants and valid in DC. Dog's name is Lola with a phone number of Ex(b)(6) I issued a written warning for 36 CFR 7.97(d)(i) Pets off leash at Crissy Field Wildlife Protection Area and 36 CFR 2.1(a)(1)(ii): Preservation of Natural Features – digging and disturbing them.

7 RESULTS OF INVESTIGATION												
<p>I cleared [Ex(b)(6)] at approximately 1245 hours and at approximately 1247 hours I saw a white male adult (later identified as [Ex(b)(6)] with two unleashed boxers running in the wildlife protection area. I caught the male's attention and motioned for him to over to me. I thanked him for coming over and asked him to leash his dogs, which he did and showed him the large sign on the beach. I explained it was the wildlife protection area and asked if I could get some identification for my report. He was very cooperative and gave me his CA license. Park Dispatch ran a computer check which returned negative for wants/warrants and valid license. I was writing a written warning to [Ex(b)(6)] when 2 older white females and an unleashed poodle came from the west. I asked them to please leash their dog. The older of the two women began to yell at me, telling me there were no signs, how could I give tickets to people when there are no signs. She hoped I slept well at night knowing the bad things that I do. I showed her the sign we were standing next to. She said that sign must have gone up yesterday, because it wasn't here. I said that sign had been up for over a year, I assisted our sign person putting it out here. She told me I was lying. I said just because you haven't seen the sign, doesn't mean there aren't signs up. There are signs up at every entrance. She was still yelling at me and [Ex(b)(6)] told the woman to chill out, they were still yelling, calling me names and saying I didn't have a right to write tickets and they were leaving now so they won't get a ticket. Something along the lines how they didn't care about some stupid leash law. If they wanted to run their dog at the beach, it was their right. [Ex(b)(6)] wondered if I got many contacts like them and I told him sometimes. I gave [Ex(b)(6)] a written warning in violation of 36 CFR 7.97(d)(i)-Pets-off leash at Crissy Field's Wildlife Protection Area. I cleared [Ex(b)(6)] at approximately 1254 hours.</p> <p>After I cleared [Ex(b)(6)] at approximately 1255 hours, I saw a black Labrador type dog go running at full speed across the beach and into the water. I whistles at the dog and it came towards me, but then scattered three crows sitting near a log and then ran back towards the airfield at full speed towards a white female adult (later identified as [Ex(b)(6)] playing with two other black Labrador type dogs. It had appeared that [Ex(b)(6)] made no attempt to look for her dog, call her dog or even notice her dog was gone from the airfield and she told me "she always comes back". I explained that her dog went into the wildlife protection area, which is a leash only area (36 CFR 7.97(d)(i)), your dog ran into the water, ran towards me then scattered crows (a violation of 36 CFR 2.2(a)(2)). I asked [Ex(b)(6)] to please leash up her dogs and asked her for identification (ID). [Ex(b)(6)] told me she didn't have it on her. She started giving me her name and I asked if her ID was in her car. She told me she paid my salary, what kind of civil servant was I. I said I also paid my salary and I enforce the regulations for the park. I asked her again if her ID was in her car. She said it was. I said let's go to your car. [Ex(b)(6)] asked, "Aren't you giving me a warning?" I said, "No, your dog ran into a wildlife protection area and made birds scatter. You made absolutely no attempt whatsoever to get your dog or even look for your dog, because you say she always comes back, so I am giving you a ticket, now let's go to your car." [Ex(b)(6)] asked me if I was the ranger that hide in bushes and trees and gave out tickets. I told [Ex(b)(6)] I didn't have to, I can be in the wide open. We arrived at [Ex(b)(6)] car CA Tag of [Ex(b)(6)] White LexusRx400n Park Dispatch ran a computer check [Ex(b)(6)] returned negative for wants/warrants and valid license. I issued [Ex(b)(6)] Violation Notice #K106917 in violation of 36 CFR 7.97(d)(i) Pets-Off Leash in the Wildlife Protection Area; Crissy Field and verbal warning for 36 CFR 2.2(a)(2) Frightening or Intentionally disturbing of wildlife. I explained the citation procedure in which [Ex(b)(6)] signed and received her respective copied. Cleared at approximately 1315 hours.</p>

I then began to check signs, just to make sure the signs were in place and I had made it to the west side from the east, when I met up with Sergeant Hart at the entrance to the NOAA parking. As we were talking, we both saw a white male adult with an off leash dog. As I began to walk towards the male, he quickly leashed up his dog and began to run. Ex(b)(6) yelled at him and I yelled and used my police whistle, which he claimed he did not hear. Ex(b)(6) got him at the east end of the wildlife protection area and I made contact with a white female adult (later identified as Ex(b)(6) with an unleashed Chihuahua walking eastbound but in the middle of the wildlife protection area. I caught up to her and asked her to stop, which she did and explained the area was a leash only area this time of year and could she please leash up her pet. I asked for some identification and she told me it was in her car in the parking lot. She leashed her dog and asked if she was getting a ticket. I asked her if she wanted a ticket and she said she didn't care, she said go ahead, I can afford a ticket. I said okay, I'll need your name and date of birth and what state your license is out of. She told me it was out of NY and her name was Ex(b)(6) out of Rye, NY. Park Dispatch ran a computer check which returned negative for wants/warrants and no license in NY or CA. When I told Ex(b)(6) there was no license out of NY, she went oh wait, this is my new name, try Ex(b)(6) DOB Ex(b)(6) Park Dispatch could not locate a license out of NY. When I told Ex(b)(6) nothing was still coming out of NY, she said try my vehicle tag Ex(b)(6) with current registration to Ex(b)(6) out of Rye, NY. (I did not get the Ex(b)(6) until I received the hardcopy from Park Dispatch). I issued Ex(b)(6) Violation Notice # K106919 in violation of 36 CFR 7.97(d)(i)-Pets – Failed to leash pet in the wildlife protection area at Crissy Field. I explained the citation procedure which she signed the citation and received her copies.

Cleared at approximately 1340 hours.

	<p>On 02/03/09 at approximately 1430 hours, Officer Savage and I were on 4x4 patrol of the wildlife protection area of Ocean beach, when we observed a female subject with her dog off leash at stairwell 28. The wildlife protection area is stretch of beach set aside to protect the endangered species of snowy plover and clearly posted signs advise leash pets at all legal accesses to the area. As Officer Savage and I approached in the patrol car, the subject, later identified as <b>Ex(b)(6)</b> started calling her dog to come back to her. Upon our arrival to <b>Ex(b)(6)</b> location, the pet was now on leash. I motioned to <b>Ex(b)(6)</b> that I needed to speak with her and she approached my driver's side door. I informed her that pets needed to be on leash at all times within the wildlife protection zone of Ocean beach. <b>Ex(b)(6)</b> informed me that she was unaware of the regulation and saw a lot of dogs off leash. I asked for and received her identification. I then conducted a computer for wants, warrants, and local file check on the name and date of birth. All three returned clear and issued cite # K106320 for 36 CFR 7.97(d)(1)(ii) for wildlife protection violation-failure to leash. I then gave <b>Ex(b)(6)</b> locations along Ocean beach where pets could be off leash legally. I cleared</p> <p>at 1440 hours.</p>

	On 02/03/09 at approximately 1558 hours, Officer Savage and I were on 4x4 patrol of the wildlife protection area Ocean beach when we saw a golden labrador retriever running loose at Lawton avenue. We waited until the dog ran to its owner, later identified as a white female talking to another park visitor. As we approached in the patrol car, the female owner, later identified as Ex(b)(6) grabbed the dog by its collar. I greeted Ex(b)(6) and asked her if the dog belonged to her. Ex(b)(6) stated that the dog was hers. I asked her if she was aware the section of beach was a leash required area. She stated that she was aware of the regulation, but she only took the dog off for a little bit. I asked her if she had a leash. Ex(b)(6) stated the leash was with the rest of her stuff. I had her go and get the leash while I follow behind. Ex(b)(6) walked approximately 150 feet to her belonging in the dunes and leashed her dog. I asked her for some identification. Ex(b)(6) stated that she had never been issued any identification. I asked her if she had a driver's license in any other state. She replied that she never had to get one because her family was in the military and they moved around a lot. I then asked how did she get into the bars without a piece of identification. Ex(b)(6) then stated she worked in a bar and everyone knew who she was. I then asked for her name and date of birth. Ex(b)(6) stated that her

On February 04, 2009 at approximately 1428 hours, I had just finished up a dog contact in the parking area when I noticed an off leash dog and white male adult (later identified as Ex(b)(6) coming down off of the leash only Coastal Trail on an illegal social trail. I waited for Ex(b)(6) and his now leashed dog to make it to the parking lot and greeted him at the bottom of the hill. I thanked him for leashing his dog, but asked him for some identification, which he gave me a CA license. Ex(b)(6) stated that he read the sign on the bridge to the beach so he thought all areas in the park were off leash. I explained that was incorrect. Park Dispatch ran a computer check which returned negative for wants/warrants, not in the local file and valid license. I gave Ex(b)(6) written warning in violation of 36 CFR 2.15(a)(2) Pets-failed to restrain and 36 CFR 2.1(b) Shortcutting off a designated trail. I explained although the trail may look used, there are no signs like the other trails, the trail is not kept up or maintained and it is considered a social trail and you could be cited for using it. I cleared at approximately 1440 hours.

**SUMMARY:**

On 02/04/2009 at 1506 hours, I performed selective enforcement of the Wildlife Protection Area at Crissy Field. I actively patrolled the area on foot and contacted all dog walkers regarding the regulations to protect the threatened Snowy Plover. During my patrol I contacted four owners with unleashed pets as the entered the area from the eastside. Additionally, I observed eight separate dog walkers in compliance with leashed pets. I educated all my contacts about the Snowy Plover and showed them were a small colony was resting nearby.

I was clear at approximately 1600 hours.

The section of Ocean Beach south of Stairwell #20 is part of the Snowy Plover Wildlife Protection Area, and pets are required to be on leash in that area. I contacted the dog owner, who identified himself as Ex(b)(6) of San Francisco, California. I advised Ex(b)(6) of the rules pertaining to that area of the beach and he stated that he did not know of the rules as he doesn't usually bring his dog to the beach. I issued him a warning notice and advised him that in the future his name would be on file with the NPS and US Park Police, and if he was contacted again for the same violation he would receive a citation. Ex(b)(6) said he understood and put his dog on a leash. I cleared at approximately 1145 hours.	90 STL	91 REC	92 PROP	93 VALUE

	On 02/08/09 at approximately 0839 hours, I was on patrol of the Sweeney ridge area when I saw a subject run and leash her unleashed pet when she observed me in the area. I made contact with the subject later identified as [REDACTED] on the asphalt road (Sneath lane), and asked her if she was aware pets needed to be on leash in the area. She replied, she was a little tired and was not fully awake to see any sign." I informed her there was in fact a sign at the entrance to the park advising visitors to leash pets. [REDACTED] went on to say that there were a lot of people with their pets off leash when she arrived. I asked for identification and was granted a name and date of birth. While I conducted a computer check for wants, warrants local file check, I advised [REDACTED] that the area was a wildlife refuge and the purpose of the leash requirement was to protect the wildlife in the backcountry. The computer check returned clear and I issued citation K106326 for 36 CFR 2.15(a)(2). I cleared at 0846 hours.

	<p>On 02/11/09 at approximately 0859 hours, I was on patrol of the Mori Point area when I noticed a female subject with her pet off leash on the main path near the point. The entire area of Mori Point is a leash required area and clearly posted signs at all accesses advise subjects to leash their pets. I made contact with the subject later identified as Ex(b)(6) and asked her to leash her pet. I then asked her for identification so that I could check the local file so see if she had been contacted before. I got her identification and conducted a computer check for wants and warrants. I explained to Ex(b)(6) that there was zero tolerance for pets off leash. Ex(b)(6) stated that she did not see any signs due to accessing the park from the south entrance by Rock Away Beach. There are no signs in that area. The computer check returned clear of any wants warrants or local file contacts. I then issued a written warning for failure to leash pet. I cleared at 0911 hours.</p>

2	On February 14, 2009 at approximately 0910 hours Ranger Goodwin and I were on foot patrol in Sutro Park. Ranger Goodwin and I observed two females with their two dogs running off leash. Ranger Goodwin yelled to them from a distance of about 100 yards to put their dogs on a leash. The females turned in our direction as if they heard us. A few minutes later we approached these two females to contact them about the violation. As we approached, their dogs were chasing after another dog. Both females yelled to their dogs to come towards them but the dogs continued to chase the third dog.

ITEM	7 RESULTS OF INVESTIGATION
------	----------------------------

We contacted the females and identified one of them as [redacted] Ex(b)(6) by verbal information. We cited her for 36CFR2.15(a)(2) Pet off Leash with a collateral fine.

Sutro Park is signed as a pets on leash area.

When I asked the second female for her information she asked why I needed it. I told her I was a law enforcement officer and she had violated the leash law and I had a right to identify her.

She verbally provided me the name [redacted] Ex(b)(6) with a date of birth of [redacted] Ex(b)(6). Park Dispatch indicated no record for [redacted] Ex(b)(6). Upon further investigation I learned her correct name is [redacted] Ex(b)(6) with a date of birth of [redacted] Ex(b)(6). I asked [redacted] Ex(b)(6) who [redacted] Ex(b)(6) s and she said it was a name she made up.

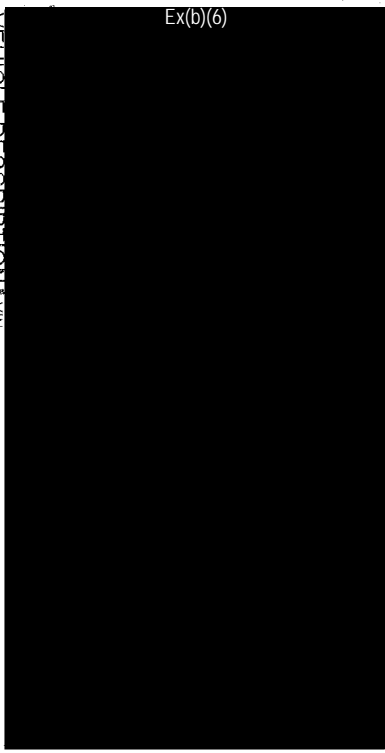

I issued [redacted] Ex(b)(6) mandatory court appearance citations for 36CFR2.32(a)(3)(i) False Information and for 36CFR2.15(a)(2) Pet off Leash.

**SUMMARY:** On 02/17/2009 at 1215 hours, [REDACTED] Ex(b)(6) contacted me in person at the Fort Funston Ranger Office and requested to file a Visitor Complaint regarding in incident that just occurred. [REDACTED] Ex(b)(6) stated that an unleashed white Pit Bull with Speckled ears wearing a red collar with a star was playing with her unleashed dog. Her dog then followed the Pit Bull over to an unknown park visitor (Pit Bulls owner). The visitor then kicked her dog and she feared that "He would hit me." The unknown park visitor then left with the Pit Bull, headed toward the John Muir parking area, and left the area. [REDACTED] Ex(b)(6) believed the person was "a regular" to the Fort Funston area, and described him as a white-male-adult, with freckles, approximately 6 foot 3 inches, and medium build. He was wearing a burgundy pullover sweater and a grey skull cap.

I searched the nearby area with negative results.

I was clear at approximately 1230 hours

**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on \_\_\_\_\_, 20\_\_\_\_ while exercising my duties as a law enforcement officer in the \_\_\_\_\_ Northern \_\_\_\_\_ District of \_\_\_\_\_ California

On February 18, 2009 at about 0840 hours, while on patrol in a marked law enforcement vehicle at Milagra Ridge, I saw a female walking north from the NO BIKES sign northwest of the Porta-Potty with an unleashed beagle-type dog. I watched her with binoculars as she walked off the designated trail into the vegetation, possibly in an attempt to avoid detection. I estimated the dog's distance from her at about 50 feet at times. I continued up to the summit of Milagra Ridge and watched as the female and dog traveled crosscountry back to the paved road I had just traveled. The female continued south on the paved road, toward the trailhead with the unrestrained dog. I caught up with the female, identified by California driver license as **Ex(b)(6)** just inside the trailhead gate. A database check indicated she was clear and valid with no local file. Several signs are posted in the area indicating dogs must be on a leash. **Ex(b)(6)** said her dog always stayed right by her side, so she felt no need for a leash. I issued **Ex(b)(6)** violation notice #K-105822 for failure to restrain her pet with total collateral of \$75. I explained her rights and responsibilities concerning the ticket and asked whether she had any questions. She said no.

The foregoing statement is based upon:

- my personal observation
- my personal investigation
- information supplied to me from my fellow officer's observation
- other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

	On 02/19/09 at approx. 1730 hours, I saw Ex(b)(6) walking down the steps from the top of Battery Yates toward Pt. Cavallo with an unleashed dog walking ahead of her. After I circled around the loop road to talk to her, she was now walking out on the breakwater at Horseshoe Cove with the dog still unleashed. As she turned around to return, she leashed her dog. I spoke to her at the entrance to the breakwater and informed her that dogs had to be on leash. She motioned that the dog was on leash. After telling her that I had observed the dog off leash for some time, she began to argue that she had just had knee surgery. She said she wasn't going have the dog leashed so it could pull her down the stairs. However, the dog continued to be off leash on flat ground well beyond the bottom of the stairs. I informed her that the area on top of Battery Yates is signed as sensitive habitat for Mission Blue butterflies, one reason dogs should be on leash. She said the dog was on leash at that point. She provided me with a CDL. She was clear of wants or warrants and was not listed in the local file when I ran her information through park dispatch. I issued her a verbal warning for the violation. Clear, 1739 hours.

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on 2-19, 2009 while exercising my duties as a law enforcement officer in the Northern District of California

On February 19, 2009, at approximately 1356 hours, I, Ranger R. Lavoisier and J. Goodwin were on duty in a marked patrol vehicle and uniform patrolling the area of Ocean Beach within the Golden Gate National Recreation Area.

While so engaged, I observed a black and white dog walking around by itself near stairwell #18. We exited on foot and began to look for the owner and the dog left the area. At stairwell 18 we observed the dog sitting next to a female, later identified as (b)(6) EX(10) by her Florida driver's license. I asked (b)(6) EX(10) if the dog was hers. She replied, "Yes". As we were speaking with (b)(6) EX(10) the dog jumped up and sprinted away. (b)(6) EX(10) shouted at the dog to stop. The dog did not comply. The dog began playing with someone else's dog that was on a leash approximately fifty yards away.

I issued (b)(6) EX(10) one United States Violation Notice (K104898) for failing to physically control pet (36 CFR 2.15 a 2).

- my personal investigation
- information supplied to me from my fellow officer's observation

On 02-21-09, at approx. 1310 hrs., I observed a large, black dog being restrained on a leash held by a white female, later identified as Ex(b)(6) on Tennessee Valley Road near the Stables. I also observed another white female, later identified as Ex(b)(6) who was restraining a small, white dog on a leash. Ex(b)(6) were walking together. I contacted them and identified myself as a park ranger. I advised them that there is a large, clearly posted and visible sign at the entrance to Tennessee Valley Trail near the main parking lot that shows and states, "NO PETS." They both said that they did not see this sign as they walked through this entrance from the main lot. Ex(b)(6) volunteered to be responsible for the violation. Upon a dispatch computer check of Ex(b)(6) returned with no wants/warrants and no local file contacts. However, Ex(b)(6) did not return on file. Ex(b)(6) had originally given me her name as Ex(b)(6) but when I questioned her about her name, she told me that she gave me a false first name and middle initial. Upon a computer check of Ex(b)(6) truthful name, she returned clear of wants/warrants with no local file contacts. I issued Ex(b)(6) a verbal warning for giving me false information and having her pet in an area closed to pets. I issued Ex(b)(6) MVN K104925 for 36 CFR 2.15(a)(1), Pet in an Area Closed to Pets (\$75). I released both subjects on-scene and cleared at approx. 1330 hrs.

Approx. five minutes later, at the same location, I also issued a verbal warning for having a Pet in an Area Closed to Pets to Jane Ex(b)(6). Upon a dispatch computer check, she returned clear of wants/warrants with no local file contacts. I released her on-scene and cleared at approx. 1345 hrs.

	<p>On 02/24/09 at approximately 0925 hours, I was on foot patrol of the Mori Point area when I noticed two subjects with four dogs off leash. One black large dog was defecating in a newly revegetated site. I watched as the dog came out the revegetated site, walked over to the male owner and the entire party began to walk away. I called out for group to stop. The male and female stopped, looked back and quickly got their leashes out to leash the four pets. I gathered the identifications of the subjects later identified as Ex(b)(6) and asked the pair to leash the dogs. They complied. I then asked Ex(b)(6) if he always failed to pick up his dog feces. He stated that he could not find it. I asked the pair for identification and was given a driver's license by Ex(b)(6) and verbal information by Ex(b)(6). While I conducted computer checks on both subjects, I had Ex(b)(6) go over and find his dog feces and explained that pets were to be on leash at all times. Ex(b)(6) later confessed that they both saw the signs advising to leash the pets, but they wanted to try and train the animals off lead. After Ex(b)(6) obtained the feces, I advised that I was writing a citation for pets off leash. Ex(b)(6) stated that he would take citation. The computer check returned clear of</p>										

wants, warrants and local file for both subjects and I issued citation K109014 to Ex(b)(6) for 36 CFR 2.15(a)(2). I cleared at 0933 hours.							94 INVESTIGATOR NOTIFIED

	On 02/24/09 at approximately 0943 hours, I was on foot patrol of the Mori Point area when I noticed a female jogger with her pet off leash on the point. The subject, later identified as Ex(b)(6) was coming off the newly restored path at the southeast entrance to the park. I stopped Ex(b)(6) and asked her to leash the pet. She leashed her dog. I then asked if she used the area often. Ex(b)(6) stated that she did not and was unaware of the leash requirement. She asked where were the signs. I asked Ex(b)(6) for her identification to which she gave me her name and date of birth. I conducted a computer check for wants, warrants and local file check. The computer check returned clear of any wants, warrants or local file contacts. I informed Ex(b)(6) that I was issuing her a written warning for the violation. I cleared the area at 0949 hours.

Looking astonished, Ex(b)(6) grabbed her dog and leashed the pet. I gathered Ex(b)(6) drivers' license and conducted a computer check for wants, warrants and local check. The check returned clear of any wants and Ex(b)(6) was not in the local file. On 02/24/09 at approximately 1337 hours, I was heading south on Ocean Beach at Lawton when I saw a male subject throwing a tennis ball to his two large dogs. Both dogs had leashes attached to them, but the owner, later identified as Ex(b)(6) was not physically restraining the pets. The animals were running all around the wildlife protection zone that inhabited the endangered species of snowy plover. I made contact with Ex(b)(6) and asked if the pets belonged to him. He stated that the pets were his. I then asked if he was aware that pets were to be on leash in the area. Without grabbing either of the leashes, Ex(b)(6) looked at both of his dogs that were now sitting next to him and stated, "They are on leash." I then told him that the term "on leash" meant pets are to be physically restrained per the signs posted at all legal accesses to the protection zone. Ex(b)(6) stated that he has seen the signs and repeated again that the pets were on leash. I then asked for his identification. He stated that he did not have any on his person. I then asked him for his name and date of birth. Ex(b)(6) then yelled, "Oh come on.....I live across the street, I come to this beach everyday with my dogs!" I informed communications that I was out with a

leash law contact and to send me a second unit. I informed Ex(b)(6) that I was issuing him a citation for failing to leash his pets and needed his name and date						94 INVESTIGATOR NOTIFIED

On 02/24/09 at approximately 1409 hours, I was driving southbound on the Great Highway at Pacheco avenue, when I noticed a female subject throwing a tennis ball to an off leash pet in the wildlife protection area of the beach. Ocean Beach has a wildlife protection zone spanning from stairwell 21 all the way south to Sloat boulevard. Pets are to be on leash in this area at all times. Pacheco avenue falls within the zone. As I approached the female subject later identified as Ex(b)(6) she observed me and quickly grabbed her dog to leash him. I finally made contact with her, introduced myself and asked if the dog belonged to her. Ex(b)(6) replied that it did. I asked her if she was aware there was a leash regulation on the beach. Ex(b)(6) stated she was not aware. I asked her for identification, to which she gave me her name and date of birth. I conducted a computer check for wants, warrants and local file. All returned clear and valid. I later informed Ex(b)(6) that all legal accesses to the beach, have signs advising "wildlife protection area, leash pets." I issued her citation number K109012 for 36 CFR 7.97(d)(1)(ii)- failure to leash pet in wildlife protection area. I cleared at 1415 hours.

	On 02/24/09 at approximately 0925 hours, I was on foot patrol of the Mori Point area when I noticed two subjects with four dogs off leash. One black large dog was defecating in a newly revegetated site. I watched as the dog came out the revegetated site, walked over to the male owner and the entire party began to walk away. I called out for group to stop. The male and female stopped, looked back and quickly got their leashes out to leash the four pets. I gathered the identifications of the subjects later identified as [REDACTED] and asked the pair to leash the dogs. They complied. I then asked [REDACTED] if he always failed to pick up his dog feces. He stated that he could not find it. I asked the pair for identification and was given a driver's license by [REDACTED] and verbal information by [REDACTED]. While I conducted computer checks on both subjects, I had [REDACTED] go over and find his dog feces and explained that pets were to be on leash at all times. [REDACTED] later confessed that they both saw the signs advising to leash the pets, but they wanted to try and train the animals off lead. After [REDACTED] obtained the feces, I advised that I was writing a citation for pets off leash. [REDACTED] stated that he would take citation. The computer check returned clear of				
	wants, warrants and local file for both subjects and I issued citation K109014 to [REDACTED] for 36 CFR 2.15(a)(2). I cleared at 0933 hours.	94 INVESTIGATOR NOTIFIED

	<p>On 02/25/09 at approximately 0957 hours, I was driving down the asphalt road of Sweeney Ridge when I observed a male subject walking in my direction with his dog off leash. Upon seeing me, the subject immediately called for his dog to return to his location and leashed it. I made contact with the subject later identified as Ex(b)(6) and asked if he was aware that pets needed to be on leash at all times. Ex(b)(6) immediately stated that he was aware that pets needed to be on leash, but took is off so that the animal could use the rest room. At the time of our encounter, Ex(b)(6) was approximately .5 mile inside Sweeney Ridge passing by the only sign at the entrance advising him to leash the pet. I requested identification from Ex(b)(6) and advised him that I was issuing a citation for failure to leash pet. He immediately pleaded to be given a warning and that he comes to the area all the time. He handed over his identification and I conducted a computer check for wants and warrants. The check returned clear and I issued citation K109013 for 36 CFR 2.15(a)(2)-failure to leash pet. I cleared at 1003 hours.</p>

On Tuesday, March 3, 2009 at about 1357 hours, while on uniformed foot patrol in the Mori Point area of the park, I saw a white male adult and white female adult walking with an unrestrained dog west on the Mori Point Trail. I approached the two and asked whether they had a leash for the dog. The man, identifying himself verbally as Ex(b)(6) by name and California operator license number, said it seemed law enforcement staff always seemed to talk to him when he had left home without his leash. A computer database check showed Ex(b)(6) as clear and valid with no local file. I asked whether he had anything to restrain the dog and he said he would just leave the park. I asked that Ex(b)(6) restrain the dog while exiting. Ex(b)(6) complied by using his belt. I followed Ex(b)(6) and his unidentified companions to the trailhead gate, attempting conversation, but was told by Ex(b)(6) he did not want to talk any further. I watched as Ex(b)(6) drove off in a gold Volvo registered to him. I was clear of the incident by 1420 hours.

On 03/04/09 at approximately 0830 hours, I was on foot patrol of the Sutro Heights park area when I noticed a white male subject throwing a ball to his off leash dog. The area of Sutro Park has clearly posted signs advising visitors to leash their pets. Once I approached the subject, later identified as Ex(b)(6) he leashed his pet. Once I contacted and questioned Ex(b)(6) I learned that he did indeed see the sign and failed to abide by it. I gathered his driver's license, conducted as computer check and informed Ex(b)(6) that I was issuing a citation for the violation. The computer check returned with no wants or warrants, but Ex(b)(6) was in the local file several times for contacts at Ocean Beach. I issued citation #K109002 for 36 CFR 2.15(a)(2)- failure to leash pet. I cleared at 0837 hours.

	<p>On March 11, 2009 from 1710 hour to 1800 hours, I went on foot patrol at Fort Mason on the Great Meadow. When I first went out towards a large group socializing of approximately 40 unleashed dogs and owners, prior to my arrival to the group, I contacted a white female adult (later identified as Ex(b)(6) with 2 unleashed dogs. I stopped Ex(b)(6) and asked if she knew that the area was a leash area. She replied, yes, but everyone has their dogs off leash here. I asked her for some ID and she gave me her name and date of birth. Park Dispatch ran a computer check, which returned negative for wants/warrants and valid license out of Alabama. I wrote Ex(b)(6) a written warning in violation of 36 CFR 2.15(a)(2) Pet – failure to restrain pets. I explained that there were other places to let her dogs run off leash, but this was not one of them. I asked if she wanted to know more pet information about the park, she said yes, so I wrote the park web site on her warning notice. I left her at approximately 1715 hours and continued my foot patrol in the area, finding most people with their dogs now on leash and the large group of people and dogs gone.</p> <p>As I was making the contact, a white male adult kept walking by and yelling different phrases like “stupid law” “fuck the rangers” “get lost”, “ go fight some real crime”. I also talked to some other nice folks who enjoyed having the rangers on the grounds and didn't like the guy walking around yelling like that. I was also told people were told there was a ranger on the meadow so they better leash their dogs or they will get a ticket!</p>

	<p>On March 09, 2009 at approximately 2100 hours, it was such a nice full moon night I decided to take a vehicle/foot patrol at Tennessee Valley/Beach. At approximately 2130 hours, I saw dogs running loose on the beach and dogs are not permitted in Tennessee Valley or Beach. I went to the group of approximately 8 and identified myself as a police officer and asked the owners to leash their dogs was and a white female adult (later identified as Ex(b)(6)) came out of the group, for one dog. I asked her to put down her beer bottle and bring me some identification, which she gave me a CA license, I asked her if she knew she wasn't supposed to have her dog out her and she told me yes, because she never has seen a ranger out here at night. I told her to go and have the group start packing up the party. Park Dispatch ran a computer check, which returned negative for wants/warrants and valid license. I issued Ex(b)(6) Magistrates Violation Notice K106882 in violation of 36 CFR 2.15(a) (1) - Pets: Closed to pets. I explained to the rest of the group that glass containers were not allowed at any of our beaches and they were all given verbal warning for 36 CFR 1.5(f) Glass Containers Prohibited. Tennessee Valley and Beach are signed closed to pets in several areas including the parking lot and trailheads.</p> <p>I escorted the group off the beach and onto the fire road. Cleared at approximately 2210 hours.</p>

NATURE OF INCIDENT False Identification to Police/Pets-Failure to Restrain				6 RECLASSIFICATION OF INCIDENT									

**7 RESULTS OF INVESTIGATION**

I had Park Dispatch run a computer check with the name and date of birth as given. While I waited, Supervisory Ranger Pat Norton arrived at approximately 1624 hours to assist and Jim Adams left. As people walked by Ex(b)(6) would yell the rangers will ticket you if you don't put your dog on a leash, beware, they'll fuck you over. Park Dispatch returned with no record by that name and DOB and many sound a-likes, but no matches. I asked Ex(b)(6) again, what's the deal, what's your name? I also see a wallet in your front pocket; do you have ID in it? Ex(b)(6) went ahead and gave me his license. While I ran his license, Ranger Norton watched him, I could hear Ex(b)(6) swearing, but couldn't understand what he was saying. Park Dispatch ran a computer check which returned negative for wants/warrants, valid license.

I issued Ex(b)(6) Two (2) Mandatory Appearance Citations:

K106884: In violation of 36 CFR 2.32(a) (3) (i) Knowingly Giving False Information to a Police Officer  
K106883: In violation of 36 CFR 2.15(a) (2) Pets – Failure to restrain pets

I explained the citation procedure to Ex(b)(6) where he signed and received his respective copies. He left the area with his 2 chocolate labs (one dog wandered off and was missing for approximately 10 minutes).

At approximately 1650 hours Ex(b)(6) drove by in CA tag of Ex(b)(6) a Toyota 4 Runner and continued to swear, mock and taunt us.

Cleared at approximately 1700 hours.

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on 11/29/09 while exercising my duties as a law enforcement officer in the Northern District of California

I approached (b)(6) in uniform, greeted him, introduced myself and asked if he knew it was a National Park and leash area and could he please leash his dogs. (b)(6) and he didn't have any leashes. I asked him if he had any ID and he said are you fucking kidding me, there are 100 off leash dogs over there, why are you picking on me?" I asked him again for ID and he said he didn't have any. (b)(6) was already agitated. I asked (b)(6) if it was in his car and he said he didn't have a car. (b)(6) asked why I was racial profiling him out when there were 100 off leash dogs, what are you going to do about them? I asked (b)(6) to hold his 2 dogs and chucker, since I wanted him to control his dogs since he had no leashes. I continued to ask for identification. I issued this citation in violation of 36 CFR 2.15 (a) (2) Pets - Failure to restrain. Signage is in place at Fort Mason which (b)(6) did pass, when he drove in and walked by to the meadow. Also (b)(6) did not carry any leashes with him on his person and during this contact, one of his dogs ran away for approximately 10 minutes, while I was writing the citations and in the presence of Ranger Norton. During the entire contact (b)(6) was agitated, yelling and using foul language. Also refer to Case incident # 09-2482

	On 03/15/09 at approximately 1221 hours, I was driving down from the crest of Sweeney Ridge when I saw a male subject walking toward the Sneath lane gate with his dog off leash. Sweeney Ridge is a wild life backcountry area of Golden Gate National Recreation Area and has clearly posted signs to its entrance advising visitors to leash pets. Once the subject, later identified as Ex(b)(6) saw me, he ran to the dog and leashed him. I informed Ex(b)(6) that he his pet needed to be on leash at all times while on the property and referred to the leash sign at the entrance to the area. Ex(b)(6) stated that he leashed the pet upon seeing my car not knowing that I was an officer. According to him, he just got the pet and wanted to take it out for walk. I requested his name and date of birth and conducted a computer check for wants, warrants and local file. The check returned clear and I issued a written warning for the violation. I cleared at 1225 hours.

	On 03/15/09 at approximately 1209 hours, I was driving down the asphalt road of Sweeney Ridge when I saw female subject crouched off to the side urinating while her dog walked around off leash. The subject, later identified as Ex(b)(6) immediately stated that she could not hold it any longer. I turned my head and waited till she was finished. I then told her to leash her dog and told her that the area had a port-o-potty on the crest of the mountain. Ex(b)(6) leashed the dog and apologized for her behavior. I asked her for her name and date of birth. She supplied the information and I conducted a computer check for the wants and warrants. The information returned clear, but communications was unable to get Department of Motor Vehicle information. I issued Ex(b)(6) a written warning for the disorderly conduct and a verbal warning for the dog off leash. I cleared at 1215 hours.

On Sunday, March 16, 2009, at about 1100 hours, while on uniformed foot patrol in the Crissy Field Wildlife Protection Area (WPA), I contacted a male individual just inside the southern boundary of the WPA. The male, later identified by California license as **Ex(b)(6)** was walking south with a small unleashed dog. **Ex(b)(6)** license was valid and clear and local database checks were negative. I asked him to leash his dog and gave him a verbal warning for violation of 36 CFR 7.97 (d)(1)(i) requiring leash restraint on pets inside the WPA from July 1 to May 15. I was clear of contact by 1110 hours.

(3) DESCRIBE PROPERTY AND ITS VALUE.  On Tuesday, March 17, 2009 at about 1056 hours, I was on uniformed foot patrol just east of the top of the Bootlegger Stairs at Mori Point. I saw two white females, accompanied by an unrestrained black Labrador-type dog approach me eastbound. One woman, later identified verbally as <b>Ex(b)(6)</b> had a leash around her neck. <b>Ex(b)(6)</b> said she had entered the Mori Point area via the trail coming up from the Calera Water Treatment Plant. A sign on the crest along that trail states pets must be leashed. As I had entered via the same route, I knew the sign was in place that morning. <b>Ex(b)(6)</b> said she often lets her dog off leash when no other visitors are around. The dog was up to 50 feet away from <b>Ex(b)(6)</b> as I watched the group prior to contact. Computer database checks showed <b>Ex(b)(6)</b> as clear and valid with negative local checks. I issued <b>Ex(b)(6)</b> violation notice #K-105824 with a total collateral of \$75 due for violation of 36 CFR 2.15(a)(2), failing to restrain pet on a leash. I explained <b>Ex(b)(6)</b> rights and responsibilities concerning the violation notice and asked her whether she understood. She said yes. 	On 03/18/09 at approximately 1039 hours, I was on foot patrol of the first overlook parking lot. I walked around a female subject restraining two dogs on leash as she walked in the parking lot. I suddenly felt this snip on the lower outside calf of my left leg and heard a bark/growl come from this small dog being restrained by the female. I immediately yelled out and got the attention of the female subject, when stated, " Did she just bite you!" I pulled up my pant leg and noticed no laceration or even a scratch. The husband of the female came over and asked what had happened. I filled him in the incident and he immediately gave me his identification apologizing profusely. I conducted a computer check on the Colorado driver's license belonging to Ex(b)(6). The check returned clear and I issued a verbal warning to the party to have better control of their pets. I cleared at 1040 hours.  A later conversation with the wife revealed her dog named "Meriko" was deaf and very skittish.

On Friday, March 20, 2009 at 1135 hours I was on patrol in the vicinity of the Tennessee Valley/Coyote Ridge area. I observed a WFA later identified as Ex(b)(6) walking a dog on the Miwok cutoff trail. The dog was off leash and running loose, both on and off the trail.  
I contacted Ex(b)(6) at the junction of the cutoff trail and the Miwok Fire Road. Upon seeing me Ex(b)(6) ran to her dog and held it by the collar. I advised Ex(b)(6) that pets were required to be leashed in this area and she stated "I came in from the County View Gate and didn't see any sign there." I advised Ex(b)(6) that there is a sign there and she disagreed stating "I'm sure there is no sign there." A later check showed the sign was present. I also advised Ex(b)(6) pets are to remain on the trail while on leash. I asked Ex(b)(6) how long she had lived in the area and she stated "Seven years." Subject Ex(b)(6) is not new to the area and demonstrated her knowledge of the regulation when she physically restrained the pet after my arrival.  
I advised Ex(b)(6) that there are numerous signs along the way designating the leash requirement and directed her attention to the junction sign at our location which also shows the "Leash Pets" designation. I issued Ex(b)(6) a Violation Notice #K107007 for 36 CFR §2.15(a)(2) Failure to restrain pet. I also issued her a current use map showing where all pet use is allowed.

On 03/20/2009 at approximately 1415 hours, I was walking Ocean Beach south of Stairwell #26, when I noticed a man with a dog off leash. The section south of Ocean Beach Stairwell #20 is part of the Snowy Plover Wildlife Protection Area, and pets are required to be on leash in that area. I contacted the dog owner, who identified himself as Ex(b)(6) of Redwood Valley, California. I advised Ex(b)(6) of the rules pertaining to that area of the beach and he stated that he did not know of the rules as he doesn't live in the area. I issued him a warning notice and advised him that in the future his name would be on file with the NPS and US Park Police, and if he was contacted again for the same violation he would receive a citation. Ex(b)(6) said he understood and put his dog on a leash. I cleared at approximately 1430 hours.

**SUMMARY:** On 03/22/2009 at 1530 hours, while on foot patrol of the Wildlife Protection area at Crissy Field, I observed an unleashed medium-large white dog running-at-large throughout the area. The dog quickly ran from the West end through the designated Protection area and out at the Eastside. I watched the dog circle back and run through the area a second time. Both times I attempted unsuccessfully to catch the dog. As I continued to watch the dog I saw it run up intermittently to a white-female-adult before running off again throughout the area. The dog quickly ran off as far away as a hundred yards from the female and at no time did she attempt to leash it or maintain control. I eventually made contact with her across from the Sports Basement. She stated that the dog belonged to her sister, that she did not have a leash with her, was visiting from England, and identified herself as Ex(b)(6) with a birth date of Ex(b)(6). The dog was tagged "TWEAK".

I advised Ex(b)(6) of the regulations in place to protect threatened species and issued her VN K105414 for 36 CFR 7.97(d)(i) - Unleashed Pet in Wildlife Protection Area.

(3) DESCRIBE PROPERTY AND ITS VALUE. On Sunday, March 22, 2009 at about 1230 hours, I began a uniformed foot patrol of the Mori Point area. At about 1330 hours, I contacted a white male at the top of the Bootlegger Stairs, accompanied by a black German Shepherd type dog. The dog stayed on the trail within 25 feet of the male, as I observed for about five minutes prior to contact. The man identified himself verbally as Ex(b)(6). A check of the computer database showed him clear and valid, with negative local checks. Ex(b)(6) said he had entered the Mori Point via Pacifica Beach. The berm trail in that area is posted with a sign indicating pets must be leashed, but several social trails are not posted. I issued Ex(b)(6) a verbal warning for violation of 36 CFR 2.15(a)(2), failure to restrain pets, and was clear by 1335 hours. 90 STL 91 REC 92 PROP 93 VALU 94 INVESTIGATOR NOTIFIED

On July 4, 2009 at approximately 1411 hours, I was on foot patrol at China Beach, when I came upon a couple with a stroller and a leashed dog near the boat ramp. I introduced myself and asked if they had seen the No Pets signs at the entrance to the area, which the male (later identified as Ex(b)(6)) said, he thought it was for the beach area only. I explained that it was for the entire area and asked for identification, which Ex(b)(6) gave me a CA License. Park Dispatch ran a computer check, which returned negative for wants/warrants, negative on the local file and valid CA license. I explained that China Beach was one of the only beaches in the city that didn't allow pets for those who had issues with pets. I gave Ex(b)(6) a verbal warning in violation of 36 CFR 2.15(a)(1) Pets - Closed to Pets. I provided Ex(b)(6) with pet information as well as the web site for the park.

Cleared at approximately 1720 hours.

The Milagra Ridge area is also an endangered species habitat for the Mission Blue butterfly. On occasion, wild coyotes are spotted in Milagra and can pose great harm to off leash pets encroaching on their territory. I made contact with Ex(b)(6) who leashed her pet as she pushed a baby stroller up the hill. I informed her that pets needed to be on leash at all times while in the area and explained the dangers of having her pet off leash. 	<p>On 07/10/09 at approximately 1050 hours I was on patrol of the Sweeney Ridge area when I came in contact with [REDACTED] with their pets off leash. The area of Sweeney Ridge is a wild life haven with vast numbers of small and large animals in the area. Off leash pets pose a hazard to those wild animals and clearly posted signs advise pets on leash. I had the subjects leash their pets and I requested identification from both parties. I conducted computer checks for wants, warrants and local file check. All three checks returned clear and I issued verbal warnings for failure to leash pets. Both parties apologized for violating the regulation and I cleared at 1100 hours.</p>

ITEM	7 RESULTS OF INVESTIGATION
------	----------------------------

**NARRATIVE:** On July 10<sup>th</sup>, 2009 at approximately 1715 hours, Ranger Harrison and I observed two white females with two dogs off leash in the Wildlife Protection Area at Crissy Field. This area is closed July 1<sup>st</sup> through May 15<sup>th</sup> to dogs off-leash to protect the endangered snowy plover shorebird. Additionally, owners are encouraged to keep their leashed dogs near the waterline and away from the dunes and vegetated areas, which are critical habitat for snowy plovers. The closure area is surrounded by a fence with a few entrances to allow public access. At each of these access points, multiple signs state that the area requires dogs to be on-leash as well as explaining the significance of the area to snowy plovers. Before making contact with the two individuals, their dogs were running freely throughout the closure area including the dunes. As Harrison and I approached the subjects, they put both of their dogs on-leash. I contacted them and the first individual was identified by her CA driver's license [redacted] Ex(b)(6). The second individual did not have any identification in her possession but stated her name and date of birth as [redacted] Ex(b)(6). [redacted] Ex(b)(6) identity was checked through dispatch and a CA driver's license [redacted] Ex(b)(6) with matching physical descriptors was found. When I asked [redacted] Ex(b)(6) where they had entered the closed area, they stated at the west end. This required them to walk past several signs posting the leash requirement. When I asked them if they had see any of the signs they stated no and that they usually walk their dogs to the east of the closure area. I questioned them and [redacted] Ex(b)(6) said that they each owned and were responsible for one of the dogs. I cited [redacted] Ex(b)(6) for having a dog off-leash in the wildlife closure area at Crissy Field. I released them and Harrison and I cleared at approximately 1730 hours.

**CHARGES:**

	On 07/10/09 at approx. 1836 hours, I saw Mitchell and a woman walking with a dog off leash on the beach at the west end of Crissy Field at the old Coast Guard Station pier. This area is designated with signs at all the entrances as a wildlife protection area (WPA) for the snowy plover, an endangered shorebird. These same signs state that dogs must be on leash in these areas. Ex(b)(6) provided his name and DOB to my partner, Ranger Bracken. Through a computer check, park dispatch located a record for Ex(b)(6) with matching physical descriptors. Ex(b)(6) said the dog was his. I gave Ex(b)(6) a verbal warning for having his dog off leash in the WPA. Clear, 1845 hours.

	On 07/11/09 at approx. 1954 hours, with the aid of binoculars, I saw a dog squatting on Baker Beach as if it were defecating. After the dog ran off, I saw a man walk over to the area and kick sand over it. Along with Ranger Bracken, I contacted this man Ex(b)(6) and asked if he had a bag to pick up his dog's excrement. He said he didn't. He said he was familiar with the NPS and had worked for them, particularly for the trail crew at GOGA. He said he knew the NPS had a lot of regulations, and that we had a job to do. He said he didn't agree with the regulation requiring the pick-up of pet excrement, and we weren't going to change his mind. He said we should "do what we need to do." He said he felt that it was less environmentally beneficial to pick up the excrement in a plastic bag and send it to the landfill than it would be to let the wind and waves take care of it. I asked if he cared if other people stepped on it. He said that if I was watching him closely, I would have seen that he had dug a 1.5 foot trench with his foot and buried it where no one would step on it. I issued Ex(b)(6) violation notice K111027 for failure to pick up pet excrement, \$75. Clear, 2015 hours.

ITEM 7 RESULTS OF INVESTIGATION
<p><b>NARRATIVE:</b>  On the 12<sup>th</sup> of July, 2009 at approximately 1721 hours, while on patrol with Ranger Harrison on the Tennessee Valley trail, I observed three individuals hiking with a dog. The Tennessee Valley trail is closed to all pets including dogs. I contacted the three subjects and told them that the area was closed to dogs. The owner, who was later identified as [redacted] Ex(b)(6), stated the dog was his and that they had hiked from Rodeo Beach. [redacted] Ex(b)(6) also stated that he did not see any signs posting the dog closure. [redacted] Ex(b)(6) did not have any identification in his possession. [redacted] Ex(b)(6) stated that his name was [redacted] Ex(b)(6) with a date of birth of [redacted] Ex(b)(6). As I was beginning to check his identity with dispatch, [redacted] Ex(b)(6) stopped me and stated that his name was actually [redacted] Ex(b)(6) with the same DOB. This name and DOB were confirmed with dispatch with matching descriptors. [redacted] Ex(b)(6) immediately apologized for lying and said that the name he had given was his brother's. I gave [redacted] Ex(b)(6) a verbal warning for providing false information. I issued [redacted] Ex(b)(6) a citation for having a pet in a closed area. I released [redacted] Ex(b)(6) and Harrison and I cleared at approximately 1745 hours.</p> <p><b>CHARGES:</b>  [redacted] Ex(b)(6) KMVN111029 for 36 CFR 2.15(a)(1) Pet in a closed area</p> <p>End report.</p>

	<p>On 07/12/09 at approx. 1711 hours I saw Ex(b)(6) and two companions walking a golden retriever type dog on the Tennessee Valley Trail near the beach. I told them that dogs were prohibited on the trail, and her companion said that they had already been through this with the Tennessee Valley Horse Patrol and that their dog was a service dog and okay to be on the trail. I asked to see some sort of credentials for the dog and the companion handed me a vest for the dog that the dog had not been wearing. On the vest inside a clear plastic pouch there was ID issued from a school for the dog. I asked if the dog was an assistance dog that went to schools, hospitals and similar places to assist the people there. Ex(b)(6) said the dog was hers, and that the dog was used in schools and hospitals to assist the people there. I asked Ex(b)(6) if she needed the dog for any special needs that she had, and she said no. I told her that her dog could not be on the Tennessee Valley trail in that case, since the dog wasn't providing her with any assistance for special needs at this time, and she was therefore no different than anyone else with a dog who would also be prohibited from having the dog on the trail. Her companion stated that he thought that since the dog had received extra obedience training, then it should be allowed on the trail. I said there was no way for us to judge the obedience level of dogs, and the regulation applied to all, regardless of the level of obedience training received by the pet. I gave Ex(b)(6) a verbal warning for the violation. Clear. 1716 hours.</p>

ITEM 7 RESULTS OF INVESTIGATION
<p><b>NARRATIVE:</b> On the 12<sup>th</sup> of July, 2009 at approximately 1641 hours, while on patrol with Ranger Harrison, I observed a man and woman with a dog on the Tennessee Valley Trail. This trail is closed to dogs. As I was approaching the individuals, I observed the dog defecating on the side of the trail and the individuals failed to pick it up as required by law. Harrison contacted the two individuals and the man who stated his name was Ex(b)(6) said the dog belonged to him. Ex(b)(6) identity was verified through dispatch and a CA driver's license Ex(b)(6) with matching physical descriptors was found. When Harrison contacted Ex(b)(6) stepped to within a few feet of Harrison and Harrison asked him to step back. During our contact, I asked Ex(b)(6) to keep his hands out of his pockets and Ex(b)(6) said we were sure taking this seriously. Harrison questioned Ex(b)(6) and he stated that he did not have a plastic bag to clean up after his pet because it doesn't usually defecate on the trail. I cited Ex(b)(6) for having a pet in a closed area and for failure to pick-up his dog's excrement. I released Ex(b)(6) and Harrison and I cleared the scene at approximately 1655 hours.</p> <p><b>CHARGES:</b> Ex(b)(6) KMVN111028 for 36 CFR 2.15(a)(1) Pet in a closed area and KMVN111314 for 36 CFR 2.15(a)(5) Failure to pick-up pet excrement</p> <p>End report.</p>

Subject: Heads Up on Possible Complaint

Merry Monday, Kim!

Warmerdam and I dealt with a dog bite at Crissy Field last Friday.  
Two unrestrained pit bulls bit a leashed miniature horse on the Promenade.

**Ex(b)(6)** the horse's owner, may convert her grief at the horse's serious condition into some type of complaint... so... here's a copy of my report (FAX'd to Animal Care & Control also).

The attachments, along with the original reports, are in Aline's B-223 box right now.

I assured her I would provide her with that information by phone, along with my confirmation of the rabies vaccination status of the two pit bulls causing the injury. She asked whether Animal Care and Control would be notified and I told her we provide them our reports. I gave her my business card with cell phone number and case report number.                 </p> <p>                     After confirming the identities of Ex(b)(6) via computer database, I spoke with Ex(b)(6) completed a written statement (see attached). Ex(b)(6) confirmed the two pit bulls, three-year old sisters "Pyrena" and "Xylia", belonged to her. The third dog belonged to a friend. None of the dogs were injured. Ex(b)(6) said her dogs had valid rabies tags provided by Arguello Pet Hospital, but were not registered in San Francisco. She read the numbers off the tags on the dog collars to me.                 </p> <p>                     Neither Ex(b)(6) witnessed the actual attack. After they had parked their vehicle at East Beach, Ex(b)(6) went on ahead with the three leashed dogs, while Harris gathered some gear for their walk. Ex(b)(6) took the dogs off their leashes as Crissy Field is an area in Golden Gate National Recreation Area where either on leash or voice control dog walking is permitted. The two pit bulls ran from the lagoon area of East Beach up toward the Promenade where Ex(b)(6) was walking her horse on a leash. The dogs began an attack on the horse which was stopped only by the intervention of several bystanders who kicked and grabbed the collars of the dogs. Ex(b)(6) took the two pit bulls and leashed them back up, awaiting the arrival of law enforcement with the rest of his party.                 </p> <p>                     Warmerdam and I contacted Animal Care and Control by phone to discuss seizure of the dogs. No previous incidents involving Harris were on file. Our observations of the restrained pit bulls sitting along the Promenade while dozens of people, bicycles, and dogs passed by did not justify immediate seizure: the dogs barked, but did not lunge. My close proximity while interacting with Ex(b)(6) did not leave me with an impression requiring immediate seizure.                 </p> <p>                     I issued Ex(b)(6) violation notice #2331778 for disorderly conduct, creating or maintaining a hazardous or physically offensive condition (36 CFR 2.34(a)(4)) with a total collateral due of \$275. I advised Ex(b)(6) of his rights and responsibilities regarding the violation notice and asked whether he had any questions. He said no and signed the notice. I also provided him a form for verbal notice by peace officer of operator license suspension. All personnel were clear of the scene by about 1801 hours.                 </p> <p>                     On Saturday morning, July 18, I confirmed through Arguello Pet Hospital that rabies vaccination status for both "Pyrena" and "Xylia" was valid through March 2011. I contacted Ex(b)(6) at about 0919 hours and relayed this time-sensitive information to her. I promised to re-contact her when I was on duty after 1400 hours that day with exact contact information for Ex(b)(6). I also informed her that under the authority of 36 CFR 2.16(g), horses are prohibited in Crissy Field for other than park management or under special use permit.                 </p> <p>                     Later that day, at about 1530 hours, I spoke with Ex(b)(6) again to provide her with the promised contact information. She indicated "Figaro" was in a specialist's care at UC Davis and extended hospital treatment seemed likely. I also spoke with Ex(b)(6) letting her know I had confirmed rabies vaccination status and provided Ex(b)(6) with her contact information.                 </p> <p> <b>ATTACHMENTS:</b> </p> <ol style="list-style-type: none"> <li>1) Statement from witness Ex(b)(6)</li> <li>2) Statement from suspect Ex(b)(6)</li> <li>3) Contact information provided by complainant Ex(b)(6)</li> </ol>

On Saturday, July 18, 2009, at approximately 0953 hours, I was patrolling the Cavallo Point area of Fort Baker when I observed a group of people walking with a dog without a leash. I told a white male with the group who was closest to the dog to put the dog on a leash. He stated that the leash was in his vehicle.

When I requested his identification, a white female later identified as [REDACTED] approached me and asked "are you going to give him a ticket?" I replied I needed his identification, but that possessing the dog without a leash in the area was an offense for which he could receive a violation notice. [REDACTED] then stated that if I was going to issue a violation notice, that she should receive it since it was her dog. [REDACTED] then provided her California Driver's License, which Park Dispatch confirmed was clear and valid. I issued [REDACTED] a written warning for pet off leash. Clear at 1017 hours.

On Friday, July 31, 2009, at approximately 1524 hours, I was patrolling at Fort Baker when I observed a dog on the Fort Baker parade ground running near an individual later identified as Ex(b)(6). I noticed that the dog did not have a leash on, and Ex(b)(6) had a ball throwing stick and a tennis ball that he was using to play "fetch." I contacted Ex(b)(6) and told him to put his dog on a leash, and Ex(b)(6) stated that the leash was in his vehicle. I issued Ex(b)(6) a written warning for failing to restrain his pet on a proper leash at all times. Ex(b)(6) was in possession on a California Driver's License which was clear and valid with no local file.

On Friday, July 31, 2009, at approximately 1650 hours, I was patrolling Bunker Road in the Marin Headlands when I observed an individual later identified as Ex(b)(6) with two off-leash dogs at the south end of the Rifle Range. Approaching Ex(b)(6) one of the dogs ran quickly toward me. I ordered Ex(b)(6) to leash the dogs. He called the dog back to him, stating that he had leashes in his vehicle. As I got closer, the dog ran toward me again and I again ordered Ex(b)(6) to control the dog. Ex(b)(6) said he thought that the entire Rifle Range was voice control. I advised Ex(b)(6) his dogs needed to be on leash. Ex(b)(6) was in possession on a California Driver's License which was clear and valid with no local file. I issued Ex(b)(6) a written warning for failing to leash his pets. During the course of my contact with Ex(b)(6), a third dog came out of the bushes. Clear at 1658 hours.

	On Saturday, August 1, 2009 at about 1102 hours, while on uniformed foot patrol in the Crissy Field Wildlife Protection Area (WPA), I met a man, woman, and small child playing catch with two unrestrained dogs just east of the old Coast Guard pier. I asked the owner of the dogs to leash both animals and was told the dogs belonged to both adults. The group had entered the WPA from the west, passing signs both at the boundary of the WPA and posted on the pier. The signs indicate dogs need to be leashed from July 1 through May 15 to protect snowy plovers, a protected species. The man identified himself by clear and valid California operator license as Ex(b)(6). I gave him violation notice #2331791 for 36 CFR 7.97(d)(1)(i) seasonal dog walking leash restrictions, with a total collateral due of \$100. I explained Ex(b)(6) rights and responsibilities concerning the violation notice to him and asked whether he had any questions. He said no and signed the notice. The group proceeded eastward to where I had pointed out the boundary of the WPA. I was clear of contact by 1115 hours.

On August 2, 2009 at approximately 0950 hours I was in the Crissy Field area when I noticed a man walking on the beach inside the Wildlife Protection Area with a dog which was off leash. Pets are not allowed off leash in the Wildlife Protection Area (WPA) during this time of year. I contacted the man who identified himself as Ex(b)(6) of San Francisco. Ex(b)(6) recalled that he walked past a sign at the east end of the Wildlife Protection Area, and read the sign, but continued into the WPA with his dog off leash. Ex(b)(6) said that he felt that it was a poorly worded sign and that he did not understand it. I advised him that he could challenge his citation in court and then issued him Violation Notice #K110175 for violation of 36CFR7.97(d) Pets off leash in a Wildlife Protection Area. I cleared the area at approximately 1015 hours.

On 08/06/09 at approximately 1020 hours, I was on the seawall of Ocean Beach when I noticed a dog defecating at the shoreline. Once the dog was finished, a female subject began kicking sand over the spot where the dog defecated at. I drove down on the beach and made contact with the subject later identified as Ex(b)(6) and asked her if she always covered her dog's feces with sand. Ex(b)(6) looked at me and stated that she did not have a bag, but that she has always picked up her feces in the past. I requested identification and was granted a name and date of birth. I conducted a computer check for wants and warrant check. The check returned clear of any wants or warrants and I issued citation K 109028 for failure to remove pet feces. I cleared at 1030 hours.

A search in the surrounding area for the feces was unsuccessful.

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on AUGUST 6, 20 09 while exercising my duties as a law enforcement officer in the Northern District of California

I OBSERVED Ex(b)(6)

WAVE HER FOOT TO COVER UP DOG FECEES WITH SAND WHILE AT OCEAN BEACH STAIRWELL #7. I DROVE UP Ex(b)(6) AND ASKED HER IF SHE NORMALLY COVERS HER DOG FECEES WITH SAND. SHE REPLIED SHE DID NOT HAVE ANY MORE DOGS. I TOLD HER THAT SHE WAS BEING CITE FOR FAILURE TO REMOVE PET EXCREMENT. I ISSUED ONE CITE. A SEARCH OF THE FECEES WAS UNSUCCESSFUL.

The foregoing statement is based upon:  
 my personal observation     my personal investigation

I contacted <span style="background-color: black; color: white;">Ex(b)(6)</span> and informed her that pets were prohibited in the area. Clearly posted signs at the trail head where she entered the park states no pets. <span style="background-color: black; color: white;">Ex(b)(6)</span> advised me that she saw the sign as she entered the area, but was told by a ranger that she could continue walking up the trail. I informed her that no ranger would advise such action and requested her identification. I conducted a computer check for wants, warrants, and local file check. The check returned clear and I issued one cite for pet in a closed area. I cleared at 1037 hours.

	On August 7, 2009, at approximately 0951 hrs. I was on foot patrol on the Coastal Trail at Mori Point walking eastbound. I observed Ex(b)(6) walking down the Bootlegger's steps with a large white dog off leash and behind her. Mori Point is an endangered species habitat and dogs are required to be leashed. Signs to this effect are clearly posted at most access points. I made contact with Ex(b)(6) at the bottom of the steps. She explained that she was not aware of the leash requirements and placed her dog on a leash per my request. Ms. Ex(b)(6) indicated that she entered the area on a pathway that does not have signs posted. I was able to confirm the lack of signage on that particular trail. Ex(b)(6) was issued a U.S. Dept. of the Interior, National Park Service warning notice for violation of 36 CFR 2.15(a)(2) Fail to Restrain Dog on Leash. She checked clear in the Local File and clear for wants and warrants. Ex(b)(6) was then released.

On August 8, 2009, at approximately 0836 hours, I was on patrol at Ocean Beach when I observed an individual later identified as Ex(b)(6) with a dog on the beach near Lincoln Avenue. The dog was running on the beach to and from Ex(b)(6) with no leash attached. Ex(b)(6) then began to play "fetch," by using a throwing stick and tennis ball. I approached Ex(b)(6) and told him to control his dog. The dog ran straight for me and Ex(b)(6) was unable to stop it using voice commands.

I contacted Ex(b)(6) at approximately 0838 and informed him that he was in the Wildlife Protection Area (WPA) at Ocean Beach and needed to have his dog on a leash at all time. Ocean Beach has signs at access points from the seawall and dunes stating that pets must be on-leash from stairwell 21 to Noriega Avenue, including tidal areas. Park Dispatch informed me that Ex(b)(6) had been previously contacted for having his dog off-leash in the WPA. I issued Ex(b)(6) violation notice K111376 for having his pet off-leash in the Wildlife Protection Area (WPA) at Ocean Beach.

Clear, approximately 1843 hours.

ITEM 7 RESULTS OF INVESTIGATION

**Continuation of Narration:**

Muir Beach visitation on this day was extremely heavy, and was very congested with beachgoers. I explained to **Ex(b)(6)** that had she had better control of her dog, he would not have been allowed to play in an area where young children on boogie boards were present.

I issued **Ex(b)(6)** Violation Notice # K111008 for Failure to maintain control of her pet, as per 36CFR2.15

I then travelled to Marin General Hospital to meet with the patient.

I identified the victim as a JUVENILE.

I spoke with **Ex(b)(6)** whom identified herself as the mother of the child involved in this incident.

**Ex(b)(6)** explained her 8 year old son was playing in the water on his boogie board, and was coming in on a wave.

She stated he was moving pretty fast, at the same time a dog jumped in his path, and that the two had collided.

She stated that she did not see the collision, but stated she did not believe the dog had bit her son, claiming she believed his head made contact with the dog's head or claws. She continued stating her son came running to her, with the dog's owner close behind. She stated again her belief that the dog did not bite her son, and she felt it was just an accident.

I took a witness statement from **Ex(b)(6)** and cleared scene at about 1955.

On August 15th, 2009, at approximately 1650 hours, I was patrolling on McCollough Drive in the Marin Headlands when I observed two individuals, later identified as Ex(b)(6) and Ex(b)(6) walking west on the upper Rodeo Valley Trail with what appeared to be a small white dog.

As was driving up the Rodeo Valley Trail, I came upon a pair of individuals walking east on the Rodeo Valley Trail with two dogs at approximately 1700 hours. I contacted one of the individuals, later identified as Ex(b)(6) by Park Dispatch via verbally given name, date of birth, and CA Driver License number.

After contacting Ex(b)(6) approached me at approximately 1710 hours with a small white dog. Park Dispatch confirmed Ex(b)(6) identity via a clear and valid CA Driver's License, and Ex(b)(6) via a verbally provided name and date of birth.

Clear at approximately 1722 hours.

	On Friday 14 August at approximately 1615 hrs., while patrolling in Fort Baker, I observed two males with an unleashed golden retriever walking south on the Parade Ground. From the road edge I called out to them asking to have the dog leashed. After they leashed the dog I had them walk over to my location. I advised them of the NPS regulations for the area. The owner of the dog, Ex(b)(6) provided a valid CA driver's license. Both he and his dog were unfamiliar to me and were not in the local file. Ex(b)(6) advised me he had moved to the area in April and was not familiar with all pet rules. I issued a written warning to Ex(b)(6) providing him with information on pets and GGNRA. On 08-15-09, at approx. 1524 hrs., I observed a white male, later identified as Ex(b)(6) walking southbound at the north end of Milagra Ridge with two medium sized dogs (which were off leash and running unrestrained on the trail and on the pavement.) I contacted Ex(b)(6) and identified myself as a park ranger. I advised him that his pets needed to be restrained on a leash. Upon a dispatch computer check, Ex(b)(6) returned clear of wants/warrants with no listing on the local file. I issued him a verbal warning for these leash law violations and I released him on-scene. I cleared at approx. 1535 hrs.

	On August 16, 2009 at approximately 0900 hours I contacted 3 women with 2 dogs on the Coyote Ridge Trail near the intersection with the Miwok Trail. I advised them that dogs were not allowed on the Coyote Ridge Trail. The 2 dog owners identified themselves as Ex(b)(6) of Piedmont and Ex(b)(6) of San Francisco. They said that they did not see a sign that said that dogs were not allowed on that trail and I assured them that the sign was there when they walked by. I issued both of them a written warning notice and advised them that their names would be on file if they were ever caught again. I also gave them a map showing the trails in the Tennessee Valley area and advised them where dogs are allowed. I then directed them back to the Miwok Trail where dogs are allowed and I cleared at approximately 0915 hours.

	<p>On 08/19/09 at approximately 1413 hours, I observed Ex(b)(6) walking through the area of Mori Point with his small dog off leash. I made contact with Ex(b)(6) and informed him that pets were to be on leash at all times. I requested identification and asked if he used the park frequently. As he handed me his identification, he stated that he has been using the park for years. I had him leash his pet and I conducted computer checks for wants, warrants and local file. I explained that Mori Point was a wildlife haven and unrestrained pets pose a hazard to themselves and other wildlife. The computer checks returned clear and I issued a written warning for failure to leash pet.</p> <p>I cleared at 1421 hours.</p>

29. DETAILS OF INCIDENT

On 08/21/09 at approximately 1205 hours, a park visitor came into the ranger station of Fort Funston complaining of an encounter she had with another dog walker. The complainant, later identified as Ex(b)(6) stated that she suspected another female dog walker to whom she has had words with in the past, threw a cup of coffee on her parked vehicle (Toyota Camry CA Ex(b)(6)). According to Ex(b)(6) she has come Fort Funston for some time. Within the last couple of times, she has encountered a "butch looking" female who walks her many off leash dogs on the path. Months ago, dogs belonging to this female, charged Ex(b)(6) dog, causing great concern. On the day in question Ex(b)(6) asked that this female leash her pets or walk off the path so that others with their pets on leash could walk on the path. No compliance was achieved and Ex(b)(6) went on her way enjoying her walk. When Ex(b)(6) returned to her parked 1995 white Toyota Camry, someone had thrown/poured a cup of coffee over the driver side windshield hood area. No one saw any suspects and no physical damage occurred to the vehicle.

Ex(b)(6) believes the female subject drives a white pick-up with approximately 10 dogs. She is suspected to be in her mid-30's.

Today, when I returned to my car after walking my dog, I found what looks like coffee with cream spilled on my windshield.

Shortly after I started my walk I had words with a dog walker about walking so many dogs on the path. This was not the first time. A few months ago <sup>several</sup> ~~one~~ of her dogs charged my dog. She was confident that they would not hurt him, but I was concerned that he would run away. (This is a 20 LB terrier mix that I adopted a year ago.)

I believe Ft. Funston is a place of recreation, not business & have said this to many of the dog walkers. Most of them are pleasant, but they still block the path & water fountains. I've seen mothers with baby strollers have to go onto the sand.

The problem this morning was with  
a woman who is probably in her 30s, very  
<sup>about 5'8"</sup> Dutch. She walks at least 10 dogs every  
morning, & many come back in the afternoon.

I think that she drives a white pick-up.

I've been walking my dogs seven days  
a week at Ft. Funston since 1981. I feel  
most of the dog walkers do a good job, except  
for blocking the path & water fountains. With  
so much acreage, it is hard to understand  
why they should be on the path.

Her hair is light & sometimes spiked

I contacted two males apparently associated with the dog, one holding a leash and one holding a ball throwing device just east of the WPA boundary signs on the beach. The man holding the leash, later identified by clear and valid California driver license as Ex(b)(6) said the dog was his and leashed it at my request. He said he had not seen the signs and had not had prior contact for this violation, which a check of the local database confirmed. I issued him violation notice #2331785 for failure to comply with seasonal pet restraint regulations in a wildlife protection area (36 CFR 7.97(d)(1)(i)) with a total collateral of \$100 due. I explained Ex(b)(6) rights and responsibilities concerning the notice to him and asked whether he had questions. He said no and signed the notice. I was clear of contact by 1415 hours.

	On 08/22/09 at approximately 0943 hours, I was on foot patrol the Mori Point area checking on a vandalism case, when I came across two female subjects with both their dogs off leash. I made contact with the pair, who leashed their pets as I approached. I informed the pair later identified as Ex(b)(6) that pets were prohibited off leash in the area of Mori Point. I later requested identification from them and I conducted computer checks for wants, warrants and local file check. I explained to them, that the area of Mori Point is a wild life haven and pets are to remain on leash to protect themselves and the wildlife. The computer check returned clear of any wants and the both subjects were not in the local file. I issued written warnings for failure to leash pets. I also explained to the women that if contacted again for their pets being off leash, they would be issued fines.				
	I cleared at 0958 hours.

30 DETAILS OF INCIDENT

On August 21, 2009 at 1633 hours while driving through the Muir Beach parking lot in a patrol vehicle I was flagged down by a female with two dogs. The female reported one of the dogs had been attacked by another dog on the beach. The female identified herself as Ex(b)(6) a dog walker. Ex(b)(6) was not the owner of the injured dog, a Boxer. She explained while on the beach a Pit bull mix was playing with the Boxer and suddenly turned and attacked the owner of the dog exchanged name and phone number with Ex(b)(6) but later became verbally aggressive with her. Ex(b)(6) showed me a PUNCTURE wound to the left leg of the Boxer. She then put the Boxer into her vehicle saying she had to get him to a doctor. Ex(b)(6) advised that the owner of the Pit Bull had already left the area but they had exchanged phone information. I gave her my card with email and number so she could provide a statement for my report. Ex(b)(6) put the dog (Rosebud) in the vehicle and drove away. I took a case number for the incident and then cleared the area.

I then phoned the owner of the Boxer Ex(b)(6) and she said she had not called the owner of the Pit Bull because she was afraid too. I advised her that I would contact the owner. I ended the call and dialed the number given for the other dog owner a Ex(b)(6). I received an answering service message and ended the call. I then called the animal & control in San Francisco and spoke with Ex(b)(6). I gave Ex(b)(6) a tag number that Ex(b)(6) provided me with in her email that she said she read from a tag on the Pit bull. Ex(b)(6) said he did not recognize the number. He said the number given could be a micro – chip number but he was not sure. Ex(b)(6) advised he need more information. I ended the call. The investigation is ongoing. Hello Bruce,

And thank you for your card so that I could email you the details of yesterday's incident. My two friends, and their two children, and my boyfriend's 11 year old nephew, and two dogs I brought to beach with me, "Rosebud", and "Ralphie", were settled on the right side of the beach. ("Rosebud" is a white boxer with a brindle colored eyepatch; and "Ralphie" is a little black pug). I had noticed the dog who had attacked my one dog when we first arrived. The dog was playing fetch with its one owner at the water... very left of us and about 100 yards away in distance. I'm a dog walker and am always noticing dogs and wondering what their breeds are if they looked like a mixture of something. My guess is that the "attack dog" is a mix of bulls... perhaps American bull dog and maybe a little of pit bull. (I don't know it's name for sure...but the male owner did say something like "Luna" when he finally came to get his dog off my one dog, "Rosebud". The "attack dog" is mostly white with a lot of scattered markings of black... one eye for sure had a patch of black... and the other eye had some black on it too I think (not sure because it was far enough away to see/notice exact details... and when it was attacking my dog and after when I was trying to get info from it's ID tags, I wasn't paying attention to such details.)

"Rosebud", "Ralphie" and my friend's six year old daughter and I went for a walk down to the shoreline (but still about a 100 yard distance from the "attack dog"... but at same level of beach. "Rosebud" and "Ralphie" excitedly ran into the water and out, and back to our sides. All of the sudden the "attack dog" came running over to us; stopped where we were; started doing the sniffing the bum thing with "Rosebud" (and she then sniffed it); and within a matter of seconds, the "attack dog" started attacking "Rosebud". She tried to fend for herself; I tried to get her to get away (but not by pulling her away because I know that if a dog has another dog in its mouth, or is attacking another dog and a human tries to pull their dog out, and at that moment their dog is being bitten, more damage can happen by the human trying to pull their dog out). I remember thinking, "Where's the other owner?! I'm not touching that dog since it has no idea who I am and may bite me in defence. The tops of my feet, especially the left one which hurts when I walk with shoes and/or sandals, got scratched from being right there in the attack, trying to get "Rosebud" away. 30 sec to a minute later the "attack dog's" owner came and screamed at his dog and was able to pull it away and off of "Rosebud"... who by that time pinned down by the "attack dog". I immediately checked to see if "Rosebud" was injured and saw blood spot on her back near her head (which I saw that was not any punctures, but blood stains from probably the other dog's teeth while he was attacking "Rosebud". I then saw the puncture on the outside of her left leg; a graze on the inside of that leg (which the vet said shows that the other dog clearly bit her hard... hard enough that it sunk its tooth in, then down in

between the skin and the tissue... a mechanism pit bulls and other dogs of the bull family in order to tear apart and seriously damage other dogs. "Rosebud" was lucky that more damage was not done.) I walked over to the other owner and said, "Sir, I'm very sorry but I am going to have to get contact information from you; and tag information as well." He asked, "Why? Your dog looks okay." I said, "No, she's not okay. She's been bit; is bleeding; and I need to take her to the vet." He then asked, "What do you want to know?" I said, "Let's start with your name please."

I then called over my friend to write down the info because I didn't have any writing material with me. My friend took his name and put it in her iPhone while I knelt down to the "attack dog" (who the owner now had on leash) to see what tags it had, and which tag info to get first. I then gave the ID # to my friend (which I'll write at the end of this email). I was about to read off the ID# again to my friend for verification; and then to give the rabies' tag info. All of the sudden the wife/woman of the owner of "attack dog" bursted in and aggressively screamed at me, "You have all the information you need! Now go!" I calmly said, "No, I'm sorry... I still need to get more information from your dog's tags." She continued to scream at me, saying the same thing. I remained calm, told her I need more info- while I was still holding her dog's collar and tags in my other hand. Then all of the sudden the "attack dog" lunges at little "Ralphie", who I could see between, but fortunately standing behind, the "attack dog's" male owner. The legs of the male owner blocked his dog enough that little "Ralphie" had time to scam out of the way.

The distraction of that gave me more time to see if I could then get more tag info. But then the lady/owner started screaming at me, "What do you think you are doing! Let go of my dog! You have no right to touch my dog! You have your information! You are trying to hurt my dog!" (the order of all of these accusations I do not recall. But those were the kinds of things she was saying.

Then the male owner of attack dog starts in on me, "Yea! What are you trying to do with our dog?! What about you!? You didn't control your dog!" (the irony of he starting in on me is that when I had first had asked him for info, he must have been in shock because he seemed more worried. But when the lady/owner started in, he went from more quiet/worried to aggressive and accusing me that it was my fault. I was really blown away and couldn't believe my ears... yet still remained calm and said that I just need more tag info.)

A friend of theirs', who I didn't know was a friend at the time, was saying things to inbetween the "attack dog's" owners screaming at me. He was saying, "I saw the dogs playing; and then it became a fight.

"You got enough that you need." "Just let it go... you (meaning I, Ex(b)(6) are not helping by trying to get more info. When he walked away with them, I then understood why he was saying what he was.

I watched them walk away because my main concern was "Rosebud" and getting her now to the vet. Three people (a woman sitting close to us with her dogs); and then a man and his young daughter, came up to me and my friends and said they saw the whole thing; the other dog attacked "Rosebud". They were very concerned about her too because "Rosebud" was limping pretty bad as she kept trying to follow me as I gathered my back-pack and my belongings. The man and his daughter were convinced that the "attack dog" was going to kill "Rosebud" because it had her head in it's mouth at one point when it had her pinned down.

At the vet I was shown where else she had been injured... on the

corner of her mouth; at the base of her inner ear where it meets the head; and on her chest; and on her one leg on the inside and outside of it as I mentioned before. All of these injuries are on the left side of her body, proving that the "attack dog" had her pinned down on her oved side- clearly hurting her. I'm guessing that another factor of the "attack dog's" strength is that it is younger than "Rosebud"- and she's approx six years old. She now has a cathiter (spelling?) in the puncture (bitten) area where the "attack dog" sunk its teeth into; and she is on antibiotics. "Rosebud" is very sensitive to antibiotics... in other words, they really mess with her guts. So her owner will have to give her a series of probiotics after she finishes her antibiotics in order to bring balance to her inner ecosystem. The vet bill, up to now (for she must go in again on Monday) came to \$315 yesterday. The probiotics will not be cheap because... they just won't be... they are very helpful, but very expensive. How do we go about getting the "attack dog's" owners to take financial responsibility for what happened yesterday.

I want to note something as well... I do not put all blame on the "attack dog" because of its breed. I believe that there is a misconception that all pit bulls or mixes of this breed are attack dogs. I blame the owners of such attack dogs, such as the owners from yesterday. These attack dog owners are aggressive, and therefore the dog learns to be aggressive. I have met WONDERFUL and SWEET pit bulls... and their owners are WONDERFUL and SWEET as well. Just like rescue dogs (of any breed) could have these same issues from being abused by former owners (and therefore ending up in a shelter and/or animal rescue center).

Some more info:

	On August 24, 2009 at approximately 0810 hours, I was at Crissy Field when I noticed an unleashed dog running along the beach near 2 women. I contacted the women and the owner of the dog identified herself as Ex(b)(6) of San Francisco. I advised Ex(b)(6) of the regulations in the Wildlife Protection Area and of the fact that dogs have to be on a leash at all times. Ex(b)(6) said that she understood and complied with my request to leash her dog. I advised her that I was issuing her a written warning, but that if she was caught in violation again, she would receive a citation. I cleared at approximately 0835 hours.

On Wednesday, August 26, 2009 at about 1306 hours, while on uniformed foot patrol down the Lishumsha Trail at Mori Point, I saw a woman with a baby stroller and unrestrained Pit Bull-type dog ascending that trail from the Seawall area. I asked the woman, later identified by clear and valid California driver's license as Ex(b)(6) to leash her dog. She said she did not have a leash or anything else to restrain the dog. She had come into the park from the Quarry, indicating she walks frequently at Mori Point and has never seen law enforcement rangers there. A check of the local database indicated no prior contact with National Park Service law enforcement staff. A sign posted at the park boundary along the trail from the Quarry indicates dogs must be leashed. I issued Ex(b)(6) violation notice #2331798 for 36 CFR 2.15(a)(2), failure to restrain a pet, with a total collateral due of \$100. I explained Ex(b)(6) rights and responsibilities concerning the notice to her and asked whether she had any questions. She said no and signed the notice. I also verbally warned Ex(b)(6) about not having any restraint device, e.g. a leash, in her possession, indicating responsible dog ownership includes ready access to physical restraints, even in the park's "voice control" areas. I was clear of contact by about 1320 hours.

On Saturday, August 29, 2009 at about 0906 hours, while on uniformed foot patrol of the Ocean Beach Wildlife Protection Area (WPA) with Ranger Matthew Harrison, I saw a lone male with an unrestrained white Poodle-type dog northbound on the beach around Irving. Per 36 CFR 7.97(d)(1)(ii), pets must be restrained from July 1 through May 15 in this area to protect the snowy plover bird species. Rgr. Harrison mentioned he had seen the man enter the beach at Irving where a sign indicating the seasonal leash law is posted. **SUMMARY:** On 09/03/2009 at approximately 1500 hours, while on foot patrol of Crissy Field, I observed a white-female-adult playing fetch with a tennis ball and allowing her small sized dog drag its leash and run-at-large throughout the designated and signed Wildlife Protection Area. I approached her on foot, made contact, and requested her identification. She handed me her California Drivers license Ex(b)(6) which identified her as Ex(b)(6) stated that she comes to the area "Everyday for eight months." I then asked if she was aware of the signs which are posted at all entrances into the Wildlife Protection Area and she replied "I've read them". The area is signed "WILDLIFE PROTECTION AREA-Pets Must Be On Leash July 1 to May 15"

I issued Ex(b)(6) VN 2332407 for 36 CFR 7.97(d)(1)(i) - Unrestrained Pet in Wildlife Protection Area.

On Friday 04 September at approximately 1510 hrs., while patrolling in Fort Baker, I observed a white female and male with a dog off leash crossing the Parade Ground. I watched through binoculars while they were in the seating area. They then proceeded to walk down the side of the Parade Ground towards Murray Circle and Bunker. As they turned to re-cross the area, I drove carefully between the bollards and the tree then about 20 feet up Murray Circle where I saw them look up, recognize my Patrol Vehicle and immediately the female leaned down and leashed the dog. I waved them over while identifying myself. I told them I needed to speak with them.

<p>They asked what for and I told them Fort Baker is a leash required area and it appeared they were already aware of that since they had leashed their dog only after seeing me drive in their direction. I asked who's dog it was to which the woman responded, "It's mine." I asked for her ID.</p> <p>The women, later identified as Ex(b)(6) immediately begin asking me where the signs were, that she hadn't seen any, and how ridiculous the whole thing was. She stated, "The dog is on a leash, why do you need my ID?" The male stated, "We just had the dog of leash for a few minutes." I told them I had been watching them for over ten minutes. I advised Ex(b)(6) that I had observed the violation and needed to know who I was talking to. I again asked for her identification. Ex(b)(6) swore under her breath and turned as if to walk away. I advised both of them not to walk away, to give me her ID. Ex(b)(6) again asked where it was posted. I told her it was prominently posted at both sides of Fort Baker as you enter into the area. She expressed her disbelief placed her hands on her hips and demanded I take her in my vehicle and show her where the signs were. I told her that wasn't the way it works and to either provide me with her ID or face the consequences of her actions. Ex(b)(6) attempted to stare me down. After several seconds her male partner pulled at her arm and encouraged her to, "just give it to him."</p> <p>Ex(b)(6) handed me a valid CA D.L, swearing, "You're fucking unbelievable!" While I was writing the violation notice she made multiple comments about "bullshit power rangers" and "assholes with nothing better to do."</p> <p>I advised them about where dogs were permitted off leash in the GGNRA. Had Ex(b)(6) sign for her violation notice and handed it to her with an explanation of the charge and directions on court and mail processing. Ex(b)(6) grabbed it from me and told me, "Have a great fucking day asshole!" They headed west across the Parade Ground with their leashed pet.</p> <p>Clear 1530 hrs.</p>

	On Saturday, September 5, 2009 at about 0915 hours, I began a uniformed foot patrol of the Crissy Field Wildlife Protection Area (WPA). Dogs are permitted in this area, but need to be restrained on a leash from July 1 through May 15 to protect the threatened snowy plover bird (per 36 CFR 7.97(d)(1)(i)). As I walked east from the Coast Guard pier, I used binoculars to spot a woman with two unrestrained dogs enter the WPA at the east boundary, but turn around and exit. I was unable to catch up with her, but saw another woman, later identified by clear and valid California driver license as Ex(b)(6) enter the WPA from the Crissy Field Promenade, an area where unrestrained dogs under voice command are allowed. Ex(b)(6) entered via an area not clearly posted with regulatory signs and had no previous record with National Park Service law enforcement staff, per a check of the local database. I asked Ex(b)(6) to leash her three dogs and explained the location and rules of the WPA. I cleared the WPA without further violator contacts by 1003 hours.

	On 09/06/2009 at approximately 1050 hours, I observed a white female adult with a dog off leash in the Wildlife Protection Area of Crissy Field. I contacted the woman who identified herself as Ex(b)(6) of San Francisco. Ex(b)(6) said that she did not know that dogs had to be on leash in that area. I advised her of the signs and she said that she had not read them. A computer check of her name came back negative and she was not in the local file. I issued Ex(b)(6) a warning notice for violation of 36CFR7.97(d) Pets Off Leash in Wildlife Protection Area, and advised her that if she was contacted again that she would receive a violation notice and fine. I cleared at approximately 1105 hours.

	On September 7, 2009 at approximately 0917 hours, I was in my marked patrol car at Fort Baker, when I saw a white male adult (later identified as Ex(b)(6)) playing ball with a large German Sheppard (off leash) on the parade ground. I parked my patrol car and approached the Ex(b)(6) and the dog, which came running at me with his teeth bared and growling. I stepped back and told Ex(b)(6) to take control of his dog and place him on a leash immediately, which he called his dog and leashed him. I then reapproached Ex(b)(6) and introduced myself. I explained Fort Baker was a leash area and there was signage to that fact at all entrances and could I see some identification, which he gave me a CA License. Ex(b)(6) said he had been bringing his dog here for years and never been "harassed" before. I pointed out one of the signs, and then had Park Dispatch run a computer check, as well as check the local file, which returned negative for wants/warrants, and local file and valid CA License. I wrote Ex(b)(6) a written warning in violation of 36 CFR 2.15(a)(2) – Pets – Failure to leash pet and asked him if he needed more information about where he could or couldn't have his pet on/off leash in the National Park. He asked for more information and I wrote down the web address on his written warning as well as advised him that his name would go into our local file system, so he should check out the web site or visit one of the information centers for a map. I asked if he had any other information and he said no. I cleared Ex(b)(6) at approximately 0926 hours. I stayed in the area and found all other dogs to be on leash. Cleared the area at approximately 0941 hours.

On 9-7-09 at approximately 1935 hours, Park Communications advised me that San Francisco Fire Department was responding to a report of a man and a dog stuck on the cliff at Ft Funston. I was the only unit available to respond as all others were committed to multiple calls within the Park. I responded from Ft Baker in stop and go traffic.

When I arrived at Ft Funston, SFFD had completed the rescue and released the victim. I talked to the SFFD Battalion Chief and he stated that a man and his dog had gotten stuck on the cliff near the Sunset Trail. SFFD performed a rope rescue and brought both of them back to the top. There were no injuries. SFFD had did not have any personal information about the victim.

He denied needing medical care; the injury was minor, but skin was broken. I provided him with cleaning solution and gauze pads. Ex(b)(6) said he was returning to the parking lot with his unrestrained dog on the main eastern trail when an unidentified man with several unrestrained dogs approached. One dog, described as a brindle Shepherd-Chow type, about 40 pounds, began to focus on Ex(b)(6) and nipped him in the back of the thigh just after passing him. The dog walker promptly leashed the dog, apologized profusely, and continued northward. Ex(b)(6) did not identify the man at the time, but had decided to await his return, since the wound began to sting. I met the dog walker, confirmed as owner of suspect dog "Tigger" and identified by clear and valid California driver license as Ex(b)(6) just north of the parking lot, returning on the trail. Ex(b)(6) account of the incident matched. A check of our local database showed no prior contact with law enforcement. I confirmed current rabies vaccination for Tigger at Mission Pet Hospital in San Francisco, and ensured contact information exchange between Ex(b)(6) and Ex(b)(6). I was clear of contact by about 1400 hours and reported the incident to Animal Care and Control the following morning. 94 INVESTIGATOR NOTIFIED

 On Thursday, September 10, 2009 at about 1015 hours, I was southbound on the Great Highway at Rivera when I saw an unrestrained pet in the Ocean Beach Wildlife Protection Area within Golden Gate National Recreation Area. Dogs are permitted in this area, but must be restrained from July 1 through May 15 to protect the threatened snowy plover bird species. I approached the one person repeatedly tossing a ball into the waves for the black Lab-type dog to fetch, identified by clear and valid California driver license as [Ex(b)(6)]. I asked [Ex(b)(6)] to leash his dog, but [Ex(b)(6)] did not have a leash in his possession. [Ex(b)(6)] was aware of the seasonal pet restraint regulations, living close by and being a frequent user of the area. He said he took a chance that morning, leaving the leash at home, and was quite willing to accept the consequences. A check of our local database showed no prior contact with law enforcement. I issued [Ex(b)(6)] violation notice #2331795 for 36 CFR 7.97(d)(1)(ii), unrestrained pet in the Ocean Beach WPA with total collateral of \$100 due. I explained the rights and responsibilities regarding the violation notice to [Ex(b)(6)] and then asked whether he had any questions. He said no and signed the notice. I was clear of contact by about 1045 hours.

On Friday 11 September at approximately 1745 hrs., while patrolling in Fort Baker, I observed a white male with his dog off leash crossing the Parade Ground. I called out to him, identifying myself and asking if he had a leash. We were approximately 25 yards from the staffed Lodge greeting booth. As soon as I advised him of the leash regulation he began to swear and complain about how ridiculous I was being. After he leashed his dog I again attempted to explain the regulations to him. He waved me off and turned to walk away. I told him he need to stop and talk with me. When he asked why, I advised him he had broken the law and I needed to speak with him about this. -continued-

	<p>I asked for his identification to which he responded, "I don't have it and I'm not giving you anything." As he turned to walk away he continued to swear about how ridiculous the world was becoming and other issues.</p> <p>I stepped in front of him and advised him he needed to provide me his information. That his actions were taking him on a course that was far worse than talking with me. He told me, "I've been coming here for years, every night with my dog. Now you want to tell me I can't do this? This is bullshit and..." ending with mutterings I was not able to understand.</p> <p>I again advised him of his need to provide me the information. I advised him I was a Federal Law Enforcement officer asking him for his identification in connection with a violation. He stated with disbelief, "You're just a park ranger with the parks department. You've got to be kidding me." I requested he walk with me over to my vehicle. He once again turned away saying, "I'm not going anywhere with you."</p> <p>At this time I stepped in front of him again and quietly advised him that he would either walk over to my vehicle and talk to me or I would arrest him and he would end up going to jail. He replied with a loud voice and extreme agitation, "You're going to arrest me for having my dog off leash? I replied calmly, "No, but I will arrest you if you attempt to walk away from me without talking to me and identifying yourself."</p> <p>At this time he shouted his name at me. Getting back out my notebook I asked him to repeat it for me. He identified himself as <b>Ex(b)(6)</b>. Dispatch confirmed he had a valid CA D.L. I spoke with <b>Ex(b)(6)</b> regarding the NPS leash regulations, the areas open to off leash pets and in response to his questions where it was posted in Fort Baker.</p> <p><b>Ex(b)(6)</b> and his dog were unknown to me. As we were talking he told me he had been coming to the Parade Ground for approximately eight months. I asked if he had ever been advised of the regulations. He told me he had never seen a Park Ranger nor spoken with one.</p> <p><b>Ex(b)(6)</b> complained that the world was out of control, people were dying all over and we were invading countries and killing people without cause. I explained I wasn't arguing the craziness of the world around us. I explained that my concern was doing my job. <b>Ex(b)(6)</b> explained that he was shocked by the whole contact and my aggressiveness. I asked him what was aggressive about my identifying myself and asking him about a leash? I told him that when he waved me off and started to swear and complain my view was it was his aggression. He agreed he was a confrontative individual.</p> <p>After talking with <b>Ex(b)(6)</b> I advised him I was issuing him a warning. I advised him he would need to have his dog on leash within the boundaries of Fort Baker. <b>Ex(b)(6)</b> agreed and asked to shake my hand.</p> <p>Clear 1805 hrs.</p>

He had a dog with him. The dog began growling and barking as we approached. Ranger Johnson asked Ex(b)(6) to leash the dog, which he did. Ranger Johnson explained to Ex(b)(6) that dogs were not permitted on Black Sands beach, and that there is a sign at the trailhead up at the parking lot that states, "No Pets." Ex(b)(6) said that he has seen that sign in the past, and that he was aware that dogs were not permitted at this beach. Ex(b)(6) said that he began bringing his dog to Black Sands Beach only after coming to the beach and seeing other people with dogs. When Ex(b)(6) asked these other visitors with dogs about the status of the park regulation, Ex(b)(6) said he was told that the regulation was never enforced. Ex(b)(6) gave Ranger Johnson his CDL, which was clear for warrants and previous contacts in the park's local file through a computer check via park dispatch. Ranger Johnson gave Ex(b)(6) a verbal warning, and Ex(b)(6) left the beach with his dog. Clear, 1330 hours. 94 INVESTIGATOR NOTIFIED

ITEM 7 RESULTS OF INVESTIGATION

On 09/12/09 at approximately 1225 hours, I was on foot patrol of the Mori Point "hottelopers" steps when I saw a subject running with two dogs off leash just east of me. The subject, later identified as Ex(b)(6) noticed me standing at the top of the steps and stopped to leash her pets as she was approximately 100 feet away. She engaged another visitor in a conversation and then continued running with the two dogs now leashed. The leashes were these handle type leashes no longer than a foot in length from her hand to the dogs necks. As Ex(b)(6) continued to run, she came within approximately 25 feet of me and I yelled out "Hey" to her to get her attention. Once she looked at me, I asked her to stop and requested to talk to her. She yelled back, "What!" I approached, and informed her that her pets needed to be on leash at all times while on at Mori Point and not just when she observed an officer in the area. I then asked her if she had any identification. She slowly looked down at hands and shorts and said with an attitude, "I guess I don't!" I asked her if I could get her name and date of birth. She then yelled, "You are an ass!" turned around and began to run with her dogs in tow. I immediately yelled for her to stop and told her that I would have other officers intercept her if she did not stop. I chased her for approximately 15 feet. Ex(b)(6) stopped on the trail turned to me and stated, "You called me sir." I denied the claim and again asked for her identification. She gave me the last name of Ex(b)(6) with the first and middle name of Ex(b)(6). I asked her for her date of birth and she immediately stated, "Why are you being an ass!" Ex(b)(6) later stated that her girlfriend was a police officer and wondered why I could not give her a warning or professional courtesy about the leash law. I informed her that there are clearly posted signs through out the area advising people to leash their pets. Ex(b)(6) yelled that she had been coming to the area for nine years and have not seen a sign. She later stated that her pets were on leash the entire time while in the area. I told her that she was not being honest about that and if that was the case, why did she stop earlier and leash the pets. She had no response.

I finally got her correct name and date of birth. I then conducted a computer check for wants and warrants. The name Ex(b)(6) returned clear of wants, warrants and a confidentiality from Pacifica Police Department. Asked Ex(b)(6) for her address and she yelled "I gave that to you already... you are an ass... I can't help it if you can't write that fast." I then asked communications to give me the driver's license number, descriptors and an address. Communications gave me the information. Ex(b)(6) then ranted off her address very fast. She later stated that she was going to fight the citation and her girlfriend was going to accompany her to court because I was an ass. Ex(b)(6) then said, "If you told a Police officer you were a park ranger, you would get professional courtesy." I told Ex(b)(6) that she was not an officer, her girlfriend was and that I don't ask for professional courtesy as a park ranger. I asked Ex(b)(6) to sign the citation which she did. I then asked her if she wanted me to show her the sign advising the public to leash their pets. She said, "Are you going to rip up the citation if we can not find the sign?" I told her no because the signs exist. She then said, "I'm not going with you then." Ex(b)(6) then turned around with her citation in hand and continued running on the trail. I obtained a case number for pets and cleared the area at 1250 hours.

On Monday, March 23, 2009 at about 1130 hours, while on uniformed foot patrol in the Crissy Field Wildlife Protection Area (WPA), I contacted a white female with an unrestrained dog who identified herself verbally as Ex(b)(6). A computer database check showed her clear and valid, with negative local file. Ex(b)(6) was just entering the WPA from the east side. I gave Ex(b)(6) a verbal warning for violation of 36 CFR 7.97(d)(1)(i), failure to restrain a pet in the WPA. I was clear of contact by 1135 hours.

	On 03/34/09 at approximately 0835 hours, I saw a male subject walking up the steps to the ridge of Mori Point with his dog off leash. The area of Mori Point is a wildlife backcountry area comprised of endangered species. I stood at the top of the steps and waited for the subject, later identified as Ex(b)(6) to make it up. Approximately half way up, Ex(b)(6) saw me, stopped, turned around and headed down the steps as he called his off leash dog. I then walked after Ex(b)(6) stopping him at the base of the steps. I questioned his frequency of visitation to the area and requested his identification. I then had him leash the dog with the leash he had around his chest. I conducted a computer check for wants and warrants and later learned that he had visited the Mori Point several times before. The computer check returned clear of any wants or warrants and I issued citation # K109005 for 36 CFR 2.15(a)(2)-failure to leash pet. I cleared at 0845 hours.

We noticed a black male in the area with a dog conducting resource damage by digging in an area known to have endangered plant species. GOODWIN identified the male subject, [REDACTED] from pervious contacts. Ranger GOODWIN contacted [REDACTED] regarding the resource damage violation and requested identification. [REDACTED] provided an orange County Jail wrist band as a form of identification. GOODWIN confirmed his identification and was notified by dispatch that [REDACTED] had an active warrantless search pursuant to probation. I conducted a search of [REDACTED] based on this information and the resource violation. [REDACTED] remained compliant during the search. No contraband items were located on [REDACTED] person. Ranger GOODWIN issued a verbal warning to [REDACTED] for the resource violation. We were clear of the area at approximately 1040 hours.

On March 28, 2009, at approximately 0915 hrs, I received a radio report from Park Dispatch of a dog digging holes at Ft Funston. I responded to Ft Funston with Ranger Kelly Maples, arriving at approximately 0945 hrs. At Ft Funston, adjacent to the hang glider building, I met with the reporting party; identified as Ex(b)(6). Ex(b)(6) told me that she observed at approximately 0900 hrs a light brown terrier digging holes near the hang glider building. Ex(b)(6) stated the terrier was owned by a white female (60, 5'5", 185 lb, wearing prescription glasses) who remained in her vehicle (a Ford SUV with California license Ex(b)(6)) while the terrier dug the holes. Ex(b)(6) indicated the white female with the terrier had been "chased away from other areas" of Ft Funston by other dog walkers because of the terrier digging holes. Ex(b)(6) stated she had observed the terrier also digging holes in the same area on March 26, 2009 at approximately 0900 hrs. Ex(b)(6) then walked me to the area (adjacent to the hang glider building) she had observed the terrier digging. I observed resource damage in the area that consisted of holes dug in the sand bank that was approximately 20' by 4". I observed vegetation had been displaced by the digging and the sand bank was partially collapsing by the undercutting caused by the digging. I thanked Ex(b)(6) for her observation and the report and encouraged her to call dispatch when she observed the terrier digging again. Clear at approximately 0945 hrs.

	On 03/29/09 at approximately 1023 hours, I was patrolling west bound on the Baquiano trail of Sweeney Ridge when I noticed a female subject walking with her pet off leash. Upon seeing me, the subject later identified as Ex(b)(6) quickly leashed her pet. I made contact with Ex(b)(6) and explained to her that pets needed to be on leash at all times while in the back country of Sweeney Ridge. I asked for her identification and which location she entered the park. Ex(b)(6) gave me her identification and told me that she entered the area at Fassler Avenue. There is a clearly posted sign at that location advising subjects to leash pets. I conducted a computer check for wants, warrants and local file. All three checks returned clear and I issue citation K109007 for 36 CFR 2.15(a)(2)-failure to leash pet.  I cleared at 1030 hours.

	<p>On 03/29/09 at approximately 0908 hours, I was on foot patrol of the Mori Point area when I noticed a female subject walking toward me with her two pets off leash. As the subject, later identified as <b>Ex(b)(6)</b> walked toward me, she said hello and made not attempt to leash her pets. I stopped <b>Ex(b)(6)</b> and asked her to leash her pets. She appeared shocked and unaware of any leash law. I explained to her that the area was an endangered species habitat and clearly posted signs at all entrances advise visitors to leash pets. <b>Ex(b)(6)</b> states she left her leashes in the car parked along the beach. I gathered her identification and conducted a computer check for wants, warrants and local file. All three checks returned clear and I issued a written warning for 36 CFR 2.15(a)(2)-failure to leash pet.</p> <p>I cleared at 0915 hours.</p>

	<p>On 03/30/09 at approximately 0942 hours, I was about to exit my patrol car park the entrance to Mori Point (at Moose Lodge) when I noticed a female subject in the park walking with her dog off leash approximatley 150 feet from the park entrance. The subject then noticed my patrol car at the gate and immediately stopped to leash her pet. Several minutes went by before she exited the park grounds. Upon her exiting, I stopped the subject and made contact with her, after citing another visitor for the same violation. I explained to the subject, later identified as Ex(b)(6) that pets needed to be on leash at all times while on park property. I continued by saying the area was a endangered species habitat. I told her that a clearly posted sign at the very location she entered the park, advised "pets on leash." She stated she did not see the sign. I then asked her why she leashed the pet upon seeing. She replied, " I was confused!" I asked her for her identification and she gave me her driver's license. I conducted a computer check for wants warrants and local file check. All three returned clear and I issued citation K109009 for 36 CFR 2.15(a)(2)-failure to leash pet. I cleared at 1007 hours.</p>

	On 03/31/09 at approximately 0738 hours I pulled up to the gate at Milagra Ridge. As I exited my patrol car, I saw a large brown dog running off leash in the distance with no owner around. I monitored the dog for some time and assumed that it separated from its owner. The animal then ran approximately one hundred feet toward me located at the entrance to Milagra Ridge. I stayed in the patrol car until the animal ran back into the park. I then followed the dog into park and realized the owner had two additional dogs which were also off leash. Upon seeing me, the owner, later identified as Ex(b)(6) started to grab the dogs by the collars. I made contact with Ex(b)(6) and told him to leash his pets. I then requested his identification and stated that pets needed to be on leash at all times while in the area. Ex(b)(6) stated that he was aware of the regulation, but chose to take to the pets off leash. I conducted a computer check for wants, warrants and local file check. The three checks returned clear and I issued one cite for 36 CFR 2.15 (a)(2)-failure to leash pet. I cleared at 0745 hours.

On 04/01/09 at approximately 0828 hours, I was on foot patrol of the Sutro Heights Park area when I saw a male subject at the parapet with a leash around his neck. I did not observe a pet in the area, but assumed one was close by. I then continued walking and out the corner of my right eye, I saw an off leash medium sized dog come up to me from behind. I yelled out to the subject later identified as Ex(b)(6) if the dog belonged to him. Ex(b)(6) immediately called out to the dog and quickly leashed it. I informed him that pets needed to be on leash at all times in the area and requested identification from him. I asked if he was aware pets needed to be on leash in the area. Ex(b)(6) stated that he was but he took the dog off because it was pulling him up the steps. I conducted a computer check for wants, warrants and local file. All three checked clear and I issued citation K109015 for 36 CFR 2.15(a)(2)-failure to leash pet. I cleared at 0835 hours.

NARRATIVE: (1) CONTINUATION OF ABOVE ITEMS, INDICATE ITEM NUMBER AT LEFT, INCLUDE ADDITIONAL WITNESSES AND SUSPECTS. (2) INDICATE HOW NOTIFIED OF INCIDENT, DESCRIBE DETAILS OF INCIDENT. (3) DESCRIBE PROPERTY AND ITS VALUE. On Monday, April 6, 2009 at about 1140 hours, Dispatch received a call from Ex(b)(6) who wanted to report a dog bite that occurred on April 1, 2009 at Ocean Beach. I spoke with Ex(b)(6) via phone on April 6, 2009 at about 1530 hours. He said he was walking his golden retriever mix "Stevie" off-leash, northbound around the area of Kellies Cove on Ocean Beach. Three unrestrained "pit bull type dogs" rushed them from the parking lot area east. After "about five seconds" of smelling each other, the black and white pit bull shook "Stevie" by the neck, causing an injury that required 36 stitches at All Animals Emergency Hospital on 9 <sup>th</sup> Avenue in San Francisco later that day. Ex(b)(6) and the guardian of the three dogs, later identified in a parking lot information exchange as Ex(b)(6) separated the dogs. Ex(b)(6) met Ex(b)(6) at the hospital and paid \$800 toward the emergency care provided "Stevie", indicating he would pay the balance of about \$150 dollars later. Ex(b)(6) did not want to press charges, but wanted to request higher levels of dog enforcement at park beaches, particularly for pit bulls. When I asked him why he had not reported the incident in a timelier manner, he said he initially was not going to report it at all, but the veterinarian treating "Stevie" mentioned treating multiple patients suffering bites from a black and white pit bull named "Oreo" in the last month. Ex(b)(6) said notification of his incident was made to the city's Animal Control. (CONTINUED on supplement)

On March 27, 2009 at approximately 1125 hours, NPS Dispatch received a call via phone from Marin County Sheriff's Dispatch about dogs on the trail at Tennessee Valley. I responded to Tennessee Valley and proceeded down the Tennessee Valley Trail. As I was approaching the beach (approximately 100 yards prior), I spotted a man with a medium sized dog on a leash. I contacted him and he identified himself as Ex(b)(6) of Pacifica. I advised Ex(b)(6) that dogs are not allowed on the Tennessee Valley Trail, and he said he had just learned that from another park visitor while at the beach. Ex(b)(6) said that he had walked from the Tennessee Valley trailhead parking lot, and that the signs were ambiguous so he didn't know whether dogs were allowed or not. I advised him that there was a symbolic sign for No Pets at the gate that reads "No Pets" under the symbol. Ex(b)(6) said that he did not see it. I advised Ex(b)(6) that I was going to write him a citation and he said that he would accept the consequences for his action. I cited him for violation of 36CFR2.15(a)(1) Pet in a Closed Area. At approximately 1225 hrs., I cleared and continued on to the beach.

	On March 27, 2009 at approximately 1130 hours, I received a call from NPS Dispatch stating that there were dogs running on Tennessee Valley Beach. Dogs are not allowed on that beach and the area is posted accordingly with signs at the entrance to Tennessee Valley. I first encountered a party with a dog on the trail. After writing a citation to the owner, I proceeded to the Beach where I noticed a man and woman walking together, each with a dog on leash. I contacted the man who identified himself as Ex(b)(6) of San Rafael, California. Ex(b)(6) said that the dogs were not his, but that he was responsible for them. I advised Ex(b)(6) that dogs were not allowed in the Tennessee Valley Area unless they were on the Coastal Trail which bisects Tennessee Valley. Ex(b)(6) said they did not realize that. I advised him that there were signs at the Trailhead stating that dogs were not allowed in the area. I then issued Ex(b)(6) a citation for violation of 36CFR2.15(a)(1) Pets in a Closed Area. I cleared at approximately 1245 hours.

On 04/09/2009, at approximately 1935 hours, I was patrolling the area of Ocean Beach between Lawton and Noriega when I observed an individual walking with a dog off leash in a Wildlife Protection Area. This area is closed to dogs off leash and there are several signs posted along the access points from Great Highway stating that dogs must be on leash for the protection of the endangered Western Snowy. Ranger Harrison and I contacted the individual, later identified by name and date of birth as Ex(b)(6) (CA Driver's License Ex(b)(6)), and informed him of the area closure. Ex(b)(6) placed his dog on a leash. We issued Ex(b)(6) a verbal warning and cleared the scene at approximately 1745 hours.

On 04-10-09, at approx. 1213 hrs., I observed a white female, later identified as Ex(b)(6) walking eastbound on the Upper Mori Point Trail near the main entrance with a medium sized dog (which was off leash and running unrestrained on the trail.) I contacted Ex(b)(6) and identified myself as a park ranger. I advised her that her pet needed to be restrained on a leash. Upon a dispatch computer check Ex(b)(6) returned clear of wants/warrants with no listing on the local file. I issued her a verbal warning for this leash law violation and I released her on-scene at approx. 1225 hrs.

	<p>On 04/09/09 at approx. 2000 hours I saw <b>Ex(b)(6)</b> walking their dogs off leash on Ocean Beach at Rivera. Dogs are required to be on leash in this area per signage posted at each street access point to the beach for the protection of the endangered Western Snowy Plover. When Ranger Maples and I approached, the two women leashed their dogs. Both stated they did not have any identification. They gave me their names and dates of birth. Initially <b>Ex(b)(6)</b> gave me the name <b>Ex(b)(6)</b>. I ran a computer check of this information through park dispatch. Dispatch advised that <b>Ex(b)(6)</b> had a valid DL, but that the name <b>Ex(b)(6)</b> did not produce any matching DMV record. After further questioning, <b>Ex(b)(6)</b> gave me her correct last name, and she admitted to giving me additional false information which included an incorrect DOB and a different spelling of her first name. She said she had been contacted before by law enforcement for a leash law violation, but that she was "stupid" to give me false information. I issued her violation notices K108578 for failing to leash a dog in the Ocean Beach Wildlife Protection Area, and K108577 for providing false information to an officer, both requiring a mandatory court appearance. Clear, 2130 hours.</p>

	<p>On 04/09/09 at approx. 2000 hours I saw <b>Ex(b)(6)</b> walking their dogs off leash on Ocean Beach at Rivera. Dogs are required to be on leash in this area per signage posted at each street access point to the beach for the protection of the endangered Western Snowy Plover. When Ranger Maples and I approached, the two women leashed their dogs. Bender told me she was aware of the leash requirement. Both stated they did not have any identification. I told the women that I needed their names and dates of birth as it appears on their driver's licenses. I said this was because people sometimes give us false information. I said that if they were clear of any prior contacts in our local file, then they would get a warning.</p> <p>They gave me their names and dates of birth. <b>Ex(b)(6)</b> gave me the name <b>Ex(b)(6)</b> She said she lived at <b>Ex(b)(6)</b> <b>Ex(b)(6)</b> initially said her name was <b>Ex(b)(6)</b> She said her address was <b>Ex(b)(6)</b> Before I ran this information through park dispatch, I verified that the names and DOB's were correct by repeating them verbally, and holding up my notebook where I had written the information for <b>Ex(b)(6)</b> to see and verify. They affirmed that this information was correct.</p> <p>When I ran a computer check of this information through park dispatch, dispatch advised that <b>Ex(b)(6)</b> was clear of wants and had a valid DL. They advised that there was no DMV record for <b>Ex(b)(6)</b>. I asked <b>Ex(b)(6)</b> again if the information she gave me matched the information that appears on her DL. She said she didn't have her DL. I reiterated that I wasn't asking for her DL, but I needed her information as it appears on her DL. She said she didn't have her DL, so what did I want her to do? I told her to give me her name as it appears on her DL. I asked if <b>Ex(b)(6)</b> was a married name and perhaps she had a maiden name on her DL. She then said her maiden name was <b>Ex(b)(6)</b> was a married name.</p> <p>I ran the same DOB with the name <b>Ex(b)(6)</b> through park dispatch. They advised that they were able to find a DMV record for an <b>Ex(b)(6)</b> with a DOB of <b>Ex(b)(6)</b>. When I asked <b>Ex(b)(6)</b> about the discrepancies with her DOB and spelling of her first name between what she gave me and what was on her DL, she admitted she had given me false information because she had been contacted previously on Ocean Beach by NPS law enforcement. However, neither <b>Ex(b)(6)</b> were listed in the local file, according to dispatch. I issued <b>Ex(b)(6)</b> citations for having a dog off leash and providing false information to an investigating officer. <b>Ex(b)(6)</b> was released with a warning.</p> <p>On 04/10/09 I obtained the DMV printouts for <b>Ex(b)(6)</b> from dispatch. On <b>Ex(b)(6)</b> DMV printout the DOB is listed as <b>Ex(b)(6)</b> and the physical descriptors of 5'5" and 124 lbs seemed smaller than the person I had contacted the previous night. I telephoned <b>Ex(b)(6)</b> and requested that she ask <b>Ex(b)(6)</b> to call me to resolve her correct information.</p> <p>As of 04/15/09, I have not received a return phone call from <b>Ex(b)(6)</b></p>

	On 4/11/2009 at approximately 1610 hours, I was patrolling the Tennessee Valley Trail when I saw a man and 2 women coming down the Fox Trail with a dog. Pets are not permitted on the Fox Trail, nor are they permitted on the Tennessee Valley Trail. I contacted them at the junction of the 2 trails and found that the owner of the dog was the male who identified himself as Ex(b)(6) of Mill Valley. He did not have identification on him, but a computer check found that he possesses a California Driver's license. I advised Ex(b)(6) that dogs are not allowed on the trails in that area, and he said that he did not realize that. I advised him that there are signs stating no pets on all of the access points to the trails. I then cited him for violation of 36CFR2.15(a)(1) Pets in a Closed Area. I advised Ex(b)(6) to check the maps and trailhead signs in the future to determine whether dogs are allowed on the trails. I cleared at approximately 1625 hours.

	On April 17, 2009 at approximately 0830 hours, I was patrolling Ocean Beach south of Lincoln when I spotted a woman with a dog off leash in the Wildlife protection Area. Approximately 10 minutes later I contacted her and she identified herself as Ex(b)(6) of San Francisco. I advised Ex(b)(6) that dogs had to be leashed while on that portion of Ocean Beach. Ex(b)(6) said that she had recently moved to San Francisco and did not know the dog regulations. I issued her a Warning Notice for violation of 36CFR7.97(d)(1)(ii) and advised her that her name would remain on file and if she was contacted again for a violation she would be cited. I cleared from her at approximately 0850 and a few minutes later spotted a man walking with his dog off leash from the south. I contacted him and he identified himself as Ex(b)(6) of San Francisco. He said that he did not know the regulations as he did not bring his dog to the beach very often. I advised him of the regulations and issued him a Warning Notice for violation of 36CFR7.97(d)(1)(ii). I cleared the area at approximately 0915 hours.

On April 18, 2009 at approximately 0845 hours Ranger Del Secco and I patrolled the Snowy Plover Wildlife Protection Area of Crissy Field. We were there for approximately 2 hours and during that time we contacted 10 people who had their dogs off leash in the Wildlife Protection Area or were about to enter the area with dogs off leash. I also observed 4 other individuals at the other end of the area that I was not able to catch up to in order to advise them of the closure. At approximately 1015 hours I contacted [REDACTED] Ex(b)(6) of San Francisco who was walking her dog in the Wildlife Protection Area from the west end of the beach walking east. I asked her if she had seen the signs which are posted at the entrance to the beach and she said she had not. I advised her that she needed to look at the signs as they explain the regulations. [REDACTED] Ex(b)(6) said that she thought that dogs were allowed unleashed on the whole length of Crissy Field. I explained to her that they are not and why. She was cited for violation of 36CFR 7.97(d)(1)(i) Pets Unleashed in Wildlife Protection Area. Del Secco and I cleared the area at approximately 1045 hours.

ITEM	7 RESULTS OF INVESTIGATION
	<p>On Saturday, April 25, 2009, I was dispatched by radio to investigate a complaint of a dog in the Tennessee Valley area. I drove to the area in my marked Law Enforcement patrol vehicle. I entered at the Tennessee Valley Trail at the parking lot trail head and proceeded to drive west on the trail, a two mile paved and gravel roadway leading to the beach.</p> <p>At the junction of the Tennessee Valley single track trail and the Tennessee Valley Fire Trail, approximately 1 mile from the parking lot, I observed a woman walking east bound on the single track trail with a dog off leash. This area is closed to pets and is clearly posted at numerous locations starting at the parking lot trail head.</p> <p>I contacted the woman and identified my self. I asked her why she had a dog in the area and she stated "I didn't know pets weren't allowed here." I advised her that she had to pass numerous signs indicating pets were prohibited just get to the location she was in now. I also advised her that I was going to issue her a citation for violating the regulation and asked her for identification.</p> <p>She was identified by name and date of birth through a CA Department of Motor Vehicles check through Park Dispatch as: <span style="background-color: black; color: black;">Ex (b)(6)</span> I issued her a Violation Notice #K109934 for <b>36 CFR §2.15(a)(1), Possession of a pet in an area closed to the possession of pets by the Superintendent.</b></p> <p>During this process <span style="background-color: black; color: black;">Ex (b)(6)</span> walked over to an information sign posted at the trail junction and started to read to me a section at the base of the sign. The sign is a stock habitat protection sign and has a photo of a Blue Heron and advises visitors to be respectful of wildlife in the area. <span style="background-color: black; color: black;">Ex (b)(6)</span> read "Pets must be on leash or voice control at all times in the habitat protection area" and then stated to me "This sign says I can have my pet here on leash." I advised her that the area was closed and the sign, a stock resource sign was posted to provide awareness of the habitat. I also told <span style="background-color: black; color: black;">Ex (b)(6)</span> that she had to have passed numerous signs showing the area was closed to pets.</p> <p><span style="background-color: black; color: black;">Ex (b)(6)</span> persisted in defending her "Right" to have pets in the area based upon her declaration that the sign told her she could. I stopped the debate and advised her of the process for contesting the citation. At this point, an unidentified man waking by stated he was a lawyer and presented <span style="background-color: black; color: black;">Ex (b)(6)</span> with his business card. <span style="background-color: black; color: black;">Ex (b)(6)</span> took photos of the sign, apparently for her case.</p> <p>I directed <span style="background-color: black; color: black;">Ex (b)(6)</span> to leash her pet and remove it immediately from the area. I also offered her a printed map and information on where she could legally walk her dog and released her.</p> <p>On the trip back to the trail head I counted 5 signs that clearly designated the area as closed to pets.</p> <p>Clear at 1550 hours.</p> <p>I made a notification of the sign with inconsistent language to the on duty Day Supervisor. Photos of the regulating signs can be provided as needed.</p>

On April 26, 2009, at approximately 0835 hrs, while on foot patrol of Sutro Park, I observed an off leash large black dog running through the park. Dogs are required to be on leash in the park and there is signage at the entrances to the park indicating the leash requirement. The dog was accompanied by an individual later identified as Ex(b)(6) Ex(b)(6) Ex(b)(6) I contacted Ex(b)(6) and asked her if she was aware of the leash requirement. Ex(b)(6) stated she was not aware of the requirement. Park Dispatch indicated negative wants/warrants for Ex(b)(6) and no listing for her on the local file. I issued Ex(b)(6) a warning for dog off leash and requested she put her dog on a leash. Clear at approximately 0950 hrs.

29. DETAILS OF INCIDENT

On Wednesday, May 6, 2009 around 1600 hours, a woman identifying herself verbally as Ex(b)(6) approached me while I stood next to my marked law enforcement sedan in the DeLano Market parking lot of Tam Valley. She said a coyote had bitten her dog on the Oakwood Valley Trail a week earlier, but she wasn't sure whether to report it. As I was preparing to participate in an interagency search and rescue field exercise, I took down her phone number and told her I would recontact her.

On Friday, May 8, 2009 around 1500 hours, I spoke with Ex(b)(6) by phone. She told me she had been running up the Oakwood Valley Trail on Thursday, April 30, 2009 around 0800 hours with her unrestrained, 60-pound Border Collie/Australian Cattle Dog mix. Her dog usually dashes off cross-country, returning to check on her before dashing off cross-country again. She heard her dog yelp about a quarter of a mile up the trail. Turning around she saw a coyote facing off with her dog. From a distance of about 15 feet, she estimated the coyote to be larger than her dog. The coyote disappeared into the bushes when she stopped and looked at it. She did not realize her dog was hurt, but remembers seeing what she thought was a bit of fur in the coyote's mouth. She continued up the trail further, leashing her dog for the remainder of the trip. Not until later that day did the family realize the dog's left rear haunches were injured, requiring veterinary care. Ex(b)(6) reports no prior similar incidents, although she reports being familiar with coyote sightings.

	On 04/30/09 at approximately 1134 hours, I was patrolling the backcountry of Sweeney Ridge (Baquiano trail) when I saw a female subject with her four dogs off leash. The area of Sweeney Ridge is a wildlife haven supporting a vast number of small and large mammals in the area. Clearly posted signs at all accesses to the park advise "leash pets." I informed the subject later identified as Ex(b)(6) to leash her pets and give me a piece of identification. She gave me her name and date of birth. I asked her if she came to the park frequently. She replied she did and was a professional dog walker in the city of Pacifica. I informed her that there was a zero tolerance for off leash pets in the area. I asked from what location did she enter the park. She advised she came in from Sneath Lane. A clearly posted sign advising visitors to leash their pets is at the location. I conducted a computer check for wants and warrants with the name and date of birth given. Communications advised that she was clear of any wants or warrants and I issued citation K109016 for 36 CFR 2.15(a)(2)-failure to leash pet. I cleared at 1152 hours.

On 05/06/09 at approximately 1630 hours, I received a walk-in report at the Fort Funston ranger station of a dog stuck on the cliff just above the sewer out flow line near the hang-glider deck. I responded with Officer Muller and Ranger Airey-Van Diem to the area just north of the hang-glider deck and observed two male subjects on cliff approximately 75 feet from the top. One of the subjects was closer to the beach and managed to make his way back down. The other subject, later identified as Ex(b)(6) was unable to move and was ordered to stay put. His dog was approximately 10 feet south of him resting comfortably on a ledge. I assumed incident commander of the incident, and began to set up a rope system to rescue Ex(b)(6) and his pet. Shortly there after, lifeguard Ex(b)(6) Ranger Craig and Supervisor Ron Heeren arrived on scene. A lowering system was in place and guard Ex(b)(6) was lowered to rescue both Ex(b)(6) and his pet. Once safely on top, Ex(b)(6) was identified and computer check performed. Ex(b)(6) returned clear of any wants or warrants and was later cited for 36 CFR 2.34(a)(ii)- creating a hazardous condition. All units cleared at 1811 hours.

On 05/09/09 at approximately 1351 hours, I was on foot patrol of the Mori Point area behind the row of homes (Moose Lodge), when I saw a male subject with his dog of lead. The area of Mori Point is a wildlife haven for many small animals and clearly posted signs are at all entrances to the park advise visitors to leash pets. I stopped the subject later identified as Ex(b)(6) and had him leash his dog. I later obtained his identification and informed him that pets need to be on leash at all times while at the park. I conducted a computer check for wants and warrants through park communications. The computer check returned clear of wants, warrants and local file check. I issued a written warning for failure to leash pet (36 CFR 2.15a2) and cleared at 1359 hours.

	The Bluffs trail sign is confusing since if you are coming from the Batteries trail, the sign from the bottom reads dogs on leash going up to the top, so this is a contradiction in signage.																					
	Only verbal warnings were given since the signage is confusing. Cleared at approximately 1755 hours.

On May 17, 2009 at approximately 1725 hours, I was on foot patrol at Ocean Beach in the area of Stairwell # 25, when I saw an unrestrained tan dog defecating in the sand just north of me with no one around. I scanned the area to see if anyone might be the owner of the dog, but it was a very busy day at the beach. I continued walking south on the sidewalk at a slow pace, talking to folks and also paying some attention to the dog and as I just got beyond Stairwell #26, I saw the dog to begin playing with another tan like dog romping towards a white male adult (only identified as Ex(b)(6) husband) and white female adult (later identified as Ex(b)(6) DOB: Ex(b)(6)).

I walked back approximately 50 feet towards Stairwell #26 and went down to the beach, as I walked down towards the couple, where Ex(b)(6) was fussing in the backpack. At approximately 1730 hours, I introduced myself and ask if one of them knew it was a leash area, where Ex(b)(6) states "Yes, I walk my dogs 5 times a week here". I ask for some identification, which Ex(b)(6) gives me a CA License. Park Dispatch runs a computer check which returns negative for wants/warrants and valid license. I explain to Ex(b)(6) that another issue, is that neither of you have still not picked up after your dog. I have been watching you and I haven't seen either of you go towards you dogs litter since they've gone and you don't even have any bags. Ex(b)(6) began to rant at me about uncompassionate I was to them, how I was picking on them, why wasn't I looking for real criminals, the drug addicts, the drunks, the rapists? Why was I picking on law abiding citizens? Was it because we didn't swoop down quick even for you on the poop? What's your name? I explained My name would be on the citation. Who's your supervisor? I would give it to her at the end of our conversation.

Are we getting a ticket because we didn't swoop down quick enough on the poop? Why aren't you out cracking down on the real criminals? Where is your compassion? Do you know what it's like being pregnant? Do you know what we have been doing through since last Thursday? I just continued writing out the citations as she spoke. Her husband wanted me to explain the failure to pick up ticket, since he had just picked it up. I said, I would be more than happy to explain the ticket, but when I'm done and to **Ex(b)(6)** **Ex(b)(6)** she said he's my husband, he needs to listen. I said no problem, but I only explain it once, when I have completed writing the cites.

I issued **Ex(b)(6)** Magistrates Violation Notice # K106887 in Violation of 36 CFR 7.97(d)(ii) – Pets – Off Leash – Plover Protection Area – Ocean Beach and #K106888 in Violation of 36 CFR 2.15(a)(5) Pets – Failure to Pick up Litter. I explained the violation procedure to both **Ex(b)(6)** and her husband. **Ex(b)(6)** signed & received her respective copies. Earlier **Ex(b)(6)** husband walked to their car and retrieved a bag and removed the pet litter from the beach. Violation Notice #K106887 will be voided since since I was unaware that the plover protection leash area was no longer in effect as of May 15, 2009.

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on 17, MAY, 20 09 while exercising my duties as a law enforcement officer in the Northern District of California WHILE ON FOOT PATROL AT OCEAN BEACH AT APPROX STAIRWELL 25, I SAW A TAN COLORED DOG DEFECATE ON THE BEACH WITH NO ONE AROUND IT. THERE WERE SEVERAL PEOPLE IN THE AREA, BUT I COULD NOT IDENTIFY FROM MY LOCATION ON THE SIDEWALK, WHO THE OWNER WOULD BE - IT WAS A VERY BUSY DAY AT THE BEACH. I CONTINUED TO WALK SOUTH ON THE SIDEWALK AT A SLOW PACE, TALKING TO FOLKS AND ALSO PAYING ATTENTION TO THE DOG AND AS I GOT BEYOND STAIRWELL 26, I SAW THE DOG TO BEGIN PLAYING WITH ANOTHER TAN LIKE DOG ROMP TOWARD A WHITE MALE AND WHITE FEMALE [REDACTED] I WALKED BACK 150 FT TOWARDS [REDACTED] AND WENT DOWN THE STAIRS TO THE BEACH, AS I WALKED DOWN TOWARDS THE COUPLE WHERE [REDACTED] WAS FUSSING IN A BACKPACK AT 1730 I INTRODUCED MYSELF I EXPLAINED ONE ISSUE WAS THAT NEITHER OF THEM HAVE STILL NOT PICKED UP AFTER THEIR DOG AND IT APPEARS YOU DON'T EVEN HAVE A BAG TO USE. I ISSUED THIS CITATION ON THE BASIS THAT I SAW THEIR DOG DEFECATE AT APPROX 25 HAS 5 MINUTES WHEN THEY WERE STILL 100 FEET AWAY WITH NO BAG MAKING NO EFFORT TO REMOVE. 	On 05/23/09 at approximately 0822 hours, I was on 4x4 patrol of the Sweeney Ridge area when I noticed a male subject walking along the asphalt road with his dog off leash. Once the subject, later identified as Ex(b)(6) saw me, he quickly leashed his dog and continued walking toward my patrol car. I stopped Ex(b)(6) as he walked by and told him that I needed to speak with him. I informed Ex(b)(6) that his pet needed to be on leash at all times while on the property. I then asked him for identification and if he had been stopped by officers for the violation in the past. He stated that he had not been stopped before, but uses the area frequently. I then gathered his driver's license. Ex(b)(6) asked me if he was getting a \$75.00 citation. I then asked him if he brings his dog to the area off leash. Ex(b)(6) stated that he has brought his dog off leash to the area. I then conducted a computer check for wants, warrants and local file. The check revealed that Ex(b)(6) had not been contacted for the regulation and was clear of any wants or warrants. I then issued one citation K109020 for 36 CFR 2.15(a)(2) and cleared at 0833 hours.

	On 06/10/09 at approximately 1245 hours, I was on patrol of the Sweeney Ridge area when I noticed a female subject bend over and leash her pet. I just arrived at Sweeney from Sneath Lane and noticed the subject approximately 100 yards south of my. The subject later identified as <b>Ex(b)(6)</b> was viewed through binoculars upon my arrival.													
	I drove over to <b>Ex(b)(6)</b> and advised her that I needed to speak to her. I informed her that I observed her leash her pet as I entered the park and that pets need to be on leash at all times while in the area. I requested her identification and was given a name and date of birth. I later conducted a computer check for wants and warrants. The check returned clear and I issued a verbal warning for the violation. I cleared at 1249 hours.

	<p>On 06/18/09 at approximately 1012 hours, I was on foot patrol of the Mori Point area when I noticed a male subject later identified as [REDACTED] walking toward me with his dog off leash. I made contact with [REDACTED] asking him if the dog belonged to him. He advised that it did. I later asked if there was a reason the animal was off leash and if he was aware of the leash policy. [REDACTED] stated that he took the dog off leash so that it could use the restroom and pointed to the location approximately 100 feet behind him by a tree. I requested his identification and told him that all pets were to remain on leash at the all times while in the area. He reluctantly gave me his driver's license and then replied, "You guys are always chasing up to me to write me a ticket for my dog off leash." I asked him if he was a cited before the violation and he stated that he was cited by a Pacifica Police officer on the beach last week. I conducted a computer check for wants, warrants and local file. I had him leash his pet and issued citation K109023 for 36 CFR 2.15(a)(2)- failure to leash pet.</p> <p>All computer checks returned clear and cleared the incident at 1016 hours.</p>

	On 06/18/09 at approximately 1023 hours, I was on foot patrol of the Mori Point area when I noticed a male subject west of me walking east with his pet off leash. The area of Mori Point is an endangered species habitat containing many types of reptiles, amphibians and mammals. While in this area, pets are required to be on leash and clearly posted signs at all entrances to the area advise of the regulation. I made contact with the subject later identified as Ex(b)(6) who, at the time of contact had his dog on leash. I asked if he was aware of the leash requirement. He stated that he was, but took the dog off leash so that he could be friendly with another passing dog in the area. He then leashed the dog after the contact. I did observe that encounter in the distance. I gathered his identification and advised that I would be checking to see if he had been contacted for the violation in the past. A computer check returned clear of any wants, warrants or local checks and I issued a written warning for the violation. I cleared at 1030 hours.

On June 30, 2009 at approximately 1430 hours, Lifeguard John Ralph requested that I meet with him at the Stinson Beach Lifeguard Tower regarding a dog on the beach. Ralph said that he had asked a man to take his dog off the beach and he had refused. I contacted the group with the dog on the beach and the woman holding the dog identified herself as Ex(b)(6) of Bay Point. She said that the dog belonged to her son who was out in the water at that time. I explained to her that the lifeguard had told her son to take the dog off the beach but that he had not done it. While we were talking, her son exited the water and approached me. He identified himself as Ex(b)(6) of Bay Point, California. I told him that he was going to receive a citation for having his dog on the beach. I told him that dogs were not allowed on the park beach but that he could have his dog on the county beach which was approximately 200 yards north. He was issued Violation Notice #K110174 for violation of 36CFR2.15(a)(1) Pet in an Undesignated Area. I told him to remove the dog from the beach and he complied. I cleared at approximately 1455 hours.

	<p>On 07/04/09 at approximately 0911 hours, I was on 4x4 patrol of the Sweeney Ridge area when I came in contact with Ex(b)(6) who had his dog off leash. Upon seeing me, he quickly leashed the pet and continued walking toward me. I stopped Ex(b)(6) and informed him that pets need to be on leash at all times while visiting the park. I later gathered his identification and conducted a computer check for wants, warrant and local file. All three checks returned clear and I issued a verbal warning for the violation.</p> <p>At approximately 0940 hours, I later came in contact with Ex(b)(6) who had her dog off leash while hiking the Mori Ridge trail. At approximately 1230 hours on 11/14/09, while on foot patrol of Mori Point, I observed a female subject with a yellow labrador retriever on near the high point of the property. The dog was unrestrained and ranging 75 to 100 yards from the responsible party. When I contacted the woman, she stated that she was from the neighborhood next to the park and did not have any identification with her. She verbally identified herself as Ex(b)(6) of Pacifica, CA. The subject further stated that she knew her pet had to be leashed in the lower areas of the property but did not see any sign further up the ridge. She also said that there was group of locals that often run their dogs in the same area. While in contact, I made 5 attempts to contact dispatch by radio without success. Since I was unable to run computer checks, I gave Ex(b)(6) a verbal warning for violation of 36CFR2.15(a)(2) - Failure to restrain pet and released her. Upon returning to my vehicle I radioed dispatch to check Ex(b)(6) information and learned that there is no record of any such person in the CA DMV database. I cleared the area at about 1255 hours.

	At approximately 0759 hours on 11/20/09, while on foot patrol of Ocean Beach near Judah, I observed a female subject with an unrestrained black labrador-mix dog. The subject was walking north on the beach and tossing a ball for the dog to chase. The dog was also showing interest toward gulls in the immediate area. This section of Ocean Beach is within the snowy plover wildlife protection area where dogs are required to be leashed. When I made contact the subject subject told me that she did not have any identification with her. She then verbally identified herself as Ex(b)(6) stated that it was her first time bringing a dog to Ocean Beach and was unaware of the leash requirement. Ex(b)(6) immediately leashed her dog. I provided her with information regarding the boundaries of the wildlife protection area and warned her for violation of 36CFR7.97(d)(ii) Failure to leash pet in the Ocean Beach Wildlife Protection Area.

	<b>SUMMARY:</b> On the afternoon of 11/21/2009, at approximately 1522 hours, while on patrol on the Tennessee Valley Trail, Ranger Harrison and I observed a brown dog walking unleashed on the trail. The dog walked around several hikers and then approached a white male who placed the dog on a leash. Possession of a pet on the Tennessee Valley Trail is prohibited, and signage indicating the pet prohibition is posted at every entrance to the trail. The man then continued walking along the trail with the leashed dog.				
	I contacted the male, later identified as Ex(b)(6) and informed him that pets are prohibited on the Tennessee Valley Trail. Ex(b)(6) smiled and said he would accept a ticket. I asked if he entered the trail from the parking area and he said that he had. I asked if he had seen the sign indicating pets are not allowed on the trail and he did not answer; he only smiled again.				
	I then requested Ex(b)(6) identification and he provided his CDL. While I checked

	On Wednesday, November 25, 2009 at about 1635 hours I was on uniformed patrol, driving my marked law enforcement sedan eastward on Bunker Road past the Rifle Range within Golden Gate National Recreation Area. I saw a man, later identified by clear and valid California driver's license as Ex(b)(6) Ex(b)(6) wearing a backpack and accompanied by an unrestrained dog, walk toward a small herd of about five deer. His direction of travel was purposeful and directly toward the deer. The dog appeared excited, but sat repeatedly on command, until about one hundred feet from the deer. I exited my vehicle and approached the man, wanting to discuss wildlife harassment. Shortly before I began my contact, the dog rushed toward the deer, chasing them over a small rise and up the hillside. The man called his dog and the dog finally returned from a distance of about two hundred feet. I asked the man to leash his dog and provide me with his identification. The local database showed no prior contacts with Ex(b)(6). I explained to Ex(b)(6) that although we were in an area where dogs need not be leashed, control of his dog was critical to protect park wildlife. Ex(b)(6) explained that he had been working to habituate his dog to working around animals for several months and was testing his progress on a new animal. I told him that this was not acceptable in an area dedicated to wildlife protection and warned him that similar incidents in the future would yield a violation notice. I was clear by 1650 hours.

On November 27, 2009, at 0950 hrs, while exiting the Funston main road in a marked patrol vehicle, I observed a silver Toyota Scion Ex(b)(6) entering Ft Funston with a large black dog with its head and one leg hanging out the left side passenger window. I observed the dog then jump out of the Scion and land on the road in front of my patrol vehicle. I applied the patrol vehicle brakes and slid on the rain slicked road towards the ditch. I missed both the dog and the ditch. I turned on the patrol vehicle emergency lights and exited my patrol vehicle after stopping. I observed the Scion continue towards the Funston main parking lot without stopping. I was able to get the dog into the back seat of my patrol vehicle with the help of park visitors. After approximately 5 minutes the Scion operator (later identified as Ex(b)(6)) drove back to my location. I instructed Ex(b)(6) to meet me by the ranger station and he complied. Ex(b)(6) stated he was unaware the dog had jumped out of his vehicle until he parked the vehicle and observed the dog was no longer in the vehicle. Ex(b)(6) further stated the dog had been vomiting prior to Funston and the window was down to allow fresh air into the vehicle. I then took the dog out of my patrol vehicle and assisted Ex(b)(6) in putting a leash on the animal. Ex(b)(6) visually checked the dog and stated the dog did not appear to be injured. I issued Ex(b)(6) violation 2333765 for 36 CFR 2.15 (a)(2). Clear at approximately 1015 hrs. At approximately 1300 hrs, while cleaning out the dog drool and hair from my patrol vehicle rear seat, I observed blood where the dog had been. I telephoned and left a voice mail for Ex(b)(6) advising him of my discovery.

	On 11/27/2009 at approximately 1630 hours, I was patrolling the Coastal Fire Road between Muir Beach and Tennessee Valley when I encountered a man and woman with a dog. Dogs are not allowed on that portion of the Coastal Fire Road and there are signs posted at all access points of the trail indicating that fact. The woman identified herself as Ex(b)(6) of San Francisco and stated that it was her dog. She said that she had come up on the Miwok Trail and had not seen any signs indicating no dogs. I assured her that they were there, and ran a computer check on her. She came back clear, so I gave her a written warning notice for violation of 36CFR 2.15(a)(1) Pets in an Unauthorized Area. I advised Ex(b)(6) that her name would be kept on file and if she was found to be in violation again, that she would receive a citation with a fine. I cleared at approximately 1650 hours.

	On 11/28/09 at approximately 1436 hrs., I observed Ex(b)(6) walking his dog off leash at Sweeney Ridge. The area is clearly signed, "Leash Pets!" When I approached Ex(b)(6) in my marked patrol car he put his pet on a leash. He then said, "We will keep him on the leash." Ex(b)(6) waved at me and continued to walk up the road. I stopped him and performed a computer check on his CDL# Ex(b)(6). He did not have any wants or warrants. I explained to him the pet policy for the park, and then issued him a citation: MVN K109519 for 36 CFR 2.15(a)(2) for failure to restrain a pet on a leash.  I cleared at 1445 hrs.

	<p><b>SUMMARY:</b> On the afternoon of 11/29/2009, at approximately 1512 hours, while on patrol at Kirby Cove I observed an adult male walking a leashed black dog in the Kirby Cove parking area. An adult female and three juveniles accompanied the male. Pets are prohibited at Kirby Cove and there are multiple signs along the trail to Kirby Cove that indicated the pet prohibition.</p> <p>I contacted the male, later identified as Ex(b)(6) by CDL Ex(b)(6) and informed him that pets were prohibited in the area. 	On 11/30/09 at approximately 1554 hours, I was on backcountry patrol of Coyote Ridge on the coastal fire road when I encountered <b>Ex(b)(6)</b> walking his leashed dog. I stopped <b>Ex(b)(6)</b> near the top of the ridge just east of the coastal trail. I informed him that pets were not allowed on the ridge at any time. <b>Ex(b)(6)</b> immediately stated that he thought the sign allowed pets on the trail and that he was house sitting for the friend. I asked for and was granted his name and date of birth. I conducted a computer check for wants, warrants and local file. All checks returned clear and valid. I informed him to turn around use the coastal trail. I issued a written warning for the violation and cleared at 1605 hours.

On 11/30/09 at approximately 1554 hours, I was on backcountry patrol of Coyote Ridge I observed a male subject walking his on leash pet up the fire road. The Coyote Ridge area is completely off limits to pets at all times. I stopped the subject later identified as Ex(b)(6) and informed him that pets were prohibited in the area. I asked him for his identification and asked if he saw the sign prohibiting pets on the ridge. Ex(b)(6) stated that he did not see the sign and gave me his name and date of birth. I did a computer check on the information and was later told by Ex(b)(6) that he was house sitting for a friend and was not from the area. The computer check returned clear and I issued Ex(b)(6) a written warning for possessing a pet in a prohibited area. Ex(b)(6) turned around and headed back to the beach. I cleared at 1605 hours.

	On December 5, 2009 at approximately 1615 hours, I was patrolling the Coastal Fire Road near Tennessee Valley, when I came upon a couple with 2 dogs. I contacted the couple and advised them that they were in an area where pets are not allowed. The male identified himself as Ex(b)(6) of San Rafael and provided a driver's license for identification. Ex(b)(6) came back clear and was not in the local file. I advised he and his companion where dogs are allowed and gave them a map to show them. They said that they had started on the Miwok Trail and that they had walked down to the Coastal Trail (thus walking on the Coyote Ridge Trail and Coastal Fire Road where dogs are not allowed) and were trying to make a loop back to their car. I advised them that they had to stay on the trails where dogs are allowed and issued a violation notice to Ex(b)(6) for violation of 36CFR2.15(a)(1) Pets in Unauthorized Area. I cleared at approximately 1635 hours.

STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

DEC 05 09  
NORTHERN CALIFORNIA

At approximately 1400 hours I was in my marked patrol car on Highway 1 at mile marker 6.5 in Muir Beach when, through my binoculars, I observed an individual walking down the Coastal Fire Road with two small white dogs off leash. I drove my patrol car to the Coastal Fire Rd trailhead at Muir Beach and walked south up the Coastal Fire Rd to where it intersects with the Green Gulch Trail. At approximately 1410 hours I observed and photographed an individual (later identified as [REDACTED] Ex (b)(6)) walking towards the Muir Beach trailhead with her two small white dogs off leash. When she saw me on the trail, she immediately placed her dogs on leash. She stated that she was not aware of the regulations requiring dogs to be on leash. The trailhead is clearly marked with signage indicating that dogs must be on leash. I issued [REDACTED] Ex (b)(6) one Violation Notice for 36 CFR 2.15(a)(2) for failure to leash her pet. I handed the Violation Notice to [REDACTED] Ex (b)(6) after she signed it.

The foregoing statement is based upon:

	On December 5, 2009 at approximately 1615 hours, I was patrolling the Coastal Fire Road near Tennessee Valley, when I came upon a couple with 2 dogs. I contacted the couple and advised them that they were in an area where pets are not allowed. The male identified himself as Ex(b)(6) of San Rafael and provided a driver's license for identification. Ex(b)(6) came back clear and was not in the local file. I advised he and his companion where dogs are allowed and gave them a map to show them. They said that they had started on the Miwok Trail and that they had walked down to the Coastal Trail (thus walking on the Coyote Ridge Trail and Coastal Fire Road where dogs are not allowed) and were trying to make a loop back to their car. I advised them that they had to stay on the trails where dogs are allowed and issued a violation notice to Ex(b)(6) for violation of 36CFR2.15(a)(1) Pets in Unauthorized Area. I cleared at approximately 1635 hours.

	<p><b>SUMMARY:</b> On the morning of 12/6/2009, at approximately 0818 hours, while on foot patrol in the Ocean Beach dunes at Lincoln Ave., I observed a white male on the beach walking a leashed dog with another unleashed dog walking nearby. The area is designated for wildlife protection of the threatened Western Snowy Plover, and dogs are required to be on leash. I approached the male and when he saw me approaching he placed the unleashed dog on a leash.</p> <p>I contacted the male, later identified as [REDACTED] and informed him that dogs are required to be on a leash in the area. I pointed out the Snowy Plover protection sign that informs visitors of the leash regulation. [REDACTED] indicated that he understood the boundaries of the required leash area. A computer records check of [REDACTED] returned negative for wants and warrants. I issued [REDACTED] a verbal warning for possession of an unleashed pet in the Ocean Beach WPA. Clear of the scene at approximately 0825 hours.</p>

	<p>On 12/25/2009 at approximately 0808hrs I was dispatched to respond to an incident at Rodeo Beach involving two individuals and their dogs. I arrived on scene at approximately 0825 hours. The two individuals involved in the incident were standing together in the Rodeo Beach Parking Lot. The complainant, Ex(b)(6) stated that he and his wife were walking down the beach when a black dog approached their dog on the beach and began exhibiting dominance behavior and mounting. The dog's owner (later identified as Ex(b)(6) was a distance further down the beach when the incident began. According to Ex(b)(6) the black dog "snapped, growled, and humped" their dog. He then stated that the black dog bit his dog, but he was not aware of any injury sustained. Ex(b)(6) stated that when Ex(b)(6) approached he asked Ex(b)(6) to place his dog on a leash and that he did not do so. Ex(b)(6) had only one leash and was walking with three dogs, two of which were not his own, as he was dog-sitting for a friend. Ex(b)(6) approached Ex(b)(6) later at his vehicle to attempt to defuse the confrontation and a brief verbal confrontation ensued. Ex(b)(6) stated that he felt threatened by Ex(b)(6) when he was told "You better go back to your car" and when Ex(b)(6) wife called him an "asshole". I issued Ex(b)(6) one violation notice for 36 CFR 2.15 (a)(2) for failure to maintain control of his pet. Clear at approximately 0840 hours.</p>

(3) DESCRIBE PROPERTY AND ITS VALUE.  On Sunday, December 27, 2009 at about 1630 hours, I was on uniformed foot patrol of the Stinson Beach Middle Parking Lot area. I saw a man with a leashed Australian Shepherd type dog come up to the restroom from the beach. I asked the man by what route he had entered the beach. He pointed to the path next to the restroom which is posted with a "No Pets" sign. The man identified himself by clear and valid California driver's license as Ex(b)(6). The local database showed no prior law enforcement contact with Ex(b)(6) gave Ex(b)(6) a verbal warning for having his dog on the national park beach. I also told him leashed dogs were welcome in the picnic area and parking lots, or on the county beach further north. I was clear of this incident by 1645 hours.

At approximately 1205 hours I was on foot patrol on the Coastal Fire Road near the intersection of the Coastal Trail when I observed an individual (later identified as Ex(b)(6)) walking down the Coastal Fire Road with a dog on a leash. The portion of the trail where Ex(b)(6) was walking was the section south of the Coastal Trail split, just north of Pirate's Cove and was clearly marked with signs indicating that dogs are not allowed. Ex(b)(6) stated that he and his companion had committed to hiking to Muir Beach from Tennessee Valley and hadn't checked ahead of time which trails were dog legal. I issued Ex(b)(6) one Violation Notice for 36 CFR 2.15(a)(1) for a pet in a closed area. I handed the Violation Notice to Ex(b)(6) after he signed it.

ITEM 7 RESULTS OF INVESTIGATION

On 09/12/09 at approximately 1225 hours, I was on foot patrol of the Mori Point "bootleggers" steps when I saw a subject running with two dogs off leash just east of me. The subject, later identified as Ex(b)(6) noticed me standing at the top of the steps and stopped to leash her pets as she was approximately 100 feet away. She engaged another visitor in a conversation and then continued running with the two dogs now leashed. The leashes were these handle type leashes no longer than a foot in length from her hand to the dogs necks. As Ex(b)(6) continued to run, she came within approximately 25 feet of me and I yelled out "Hey" to her to get her attention. Once she looked at me, I asked her to stop and requested to talk to her. She yelled back, "What!" I approached, and informed her that her pets needed to be on leash at all times while on at Mori Point and not just when she observed an officer in the area. I then asked her if she had any identification. She slowly looked down at hands and shorts and said with an attitude, "I guess I don't!" I asked her if I could get her name and date of birth. She then yelled, "You are an ass!" turned around and began to run with her dogs in tow. I immediately yelled for her to stop and told her that I would have other officers intercept her if she did not stop. I chased her for approximately 15 feet. Ex(b)(6) stopped on the trail turned to me and stated, "You called me sir." I denied the claim and again asked for her identification. She gave me the last name of Ex(b)(6) with the first and middle name of Ex(b)(6). I asked her for her date of birth and she immediately stated, "Why are you being an ass!" Ex(b)(6) later stated that her girlfriend was a police officer and wondered why I could not give her a warning or professional courtesy about the leash law. I informed her that there are clearly posted signs through out the area advising people to leash their pets. Ex(b)(6) yelled that she had been coming to the area for nine years and have not seen a sign. She later stated that her pets were on leash the entire time while in the area. I told her that she was not being honest about that and if that was the case, why did she stop earlier and leash the pets. She had no response.

I finally got her correct name and date of birth. I then conducted a computer check for wants and warrants. The name Ex(b)(6) returned clear of wants, warrants and a confidentiality from Pacifica Police Department. Asked Ex(b)(6) for her address and she yelled "I gave that to you already...you are an ass...I can't help it if you can't write that fast." I then asked communications to give me the driver's license number, descriptors and an address. Communications gave me the information. Ex(b)(6) then ranted off her address very fast. She later stated that she was going to fight the citation and her girlfriend was going to accompany her to court because I was an ass. Ex(b)(6) then said, "If you told a Police officer you were a park ranger, you would get professional courtesy." I told Ex(b)(6) that she was not an officer, her girlfriend was and that I don't ask for professional courtesy as a park ranger. I asked Ex(b)(6) to sign the citation which she did. I then asked her if she wanted me to show her the sign advising the public to leash their pets. She said, "Are you going to rip up the citation if we can not find the sign?" I told her no because the signs exist. She then said, "I'm not going with you then." Ex(b)(6) then turned around with her citation in hand and continued running on the trail. I obtained a case number for pets and cleared the area at 1250 hours.

	On 09/16/09 at approximately 1130 hours, I was driving along the paved road spanning the ridge of Sweeney Ridge when I noticed <b>Ex(b)(6)</b> walking his dog off leash. The area of Sweeney Ridge is a wildlife haven with clearly posted signs advising subjects to leash pets. These signs are located at all legal accesses to the park. I contacted <b>Ex(b)(6)</b> and informed him to leash his pets. After leashing them, I gathered his driver's license. While conducting a computer check for wants and warrants, <b>Ex(b)(6)</b> advised that he entered the park at Fassler avenue near the Baquiano Trail. The computer check returned clear for wants, warrants and local file check. I issued a written warning for failure to leash pets. I cleared at 1136 hours.

Dogs are allowed in the WPA, but must be leashed from July 1 through May 15 each year to protect the threatened snowy plover species. I saw a group of people with an unleashed dog just west of the old U.S. Coast Guard Pier. STATEMENT OF PROBABLE CAUSE  
(For issuance of an arrest warrant or summons)

I state that on **Sept. 17, 2009** while exercising my duties as a law enforcement officer in the \_\_\_\_\_ District of \_\_\_\_\_

On Thursday, September 17, 2009 at about 1055 hours, I began a uniformed foot patrol of the Crissy Field Wildlife Protection Area (WPA). Dogs are allowed in the WPA, but must be leashed from July 1 through May 15 each year to protect the threatened snowy plover species. I saw a lone male playing fetch with his unleashed border collie-type dog inside the western boundary of the WPA for at least 5 minutes. The man, identified by clear and valid California driver's license as **Ex(b)(6)** told me he had entered the WPA via the West Bluff Picnic Area, a route marked by at least four signs indicating the seasonal leash regulation. I was clear of contact by 1120 hours.

**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on **Sept 18**, 20**09** while exercising my duties as a law enforcement officer in the **Northern** District of **California**

At about 1155 hours I began a uniformed patrol in a marked law enforcement sedan at Milagra Ridge within Golden Gate National Recreation Area. With binoculars I saw an adult male and adult female walking north with two unleashed dogs on a trail northwest of the Porta-Potty. I saw the group walk right past one of several signs in the area indicating pets must be leashed at all times. Continuing up the road, I met the group as they were exiting the trail onto the paved path. Both dogs were leashed at that time. The dog owners identified themselves as foreign national Ex(b)(6) (verbally) and as Ex(b)(6) (by clear and valid California driver's license). A check of the local database indicated no prior contact with law enforcement. Ex(b)(6) had entered the area after parking their car at the end of College Drive, a route taking them past several regulatory signs. I was clear of contact by 1230 hours.

See NPS case report #09-10421 for details.

	<b>NARRATIVE:</b>										
	On September 18, 2009 at approximately 0856 Park Ranger Matthew Harrison and I received a radio call from dispatch that there was an individual with a dog on the Fort Baker Pier, an area that is closed to pets. Dispatch told us that this individual had been advised by a maintenance employee that pets were not allowed in the area, but took his dog into the area anyway.										
	When Harrison and I responded I saw a dog on the pier next to two individuals. The dog was not on a leash or restrained in any way. I asked the two individuals who the dog belonged to. An individual, who later verbally identified himself as Ex(b)(6) with a date of birth of Ex(b)(6) told me the dog belonged to him. I gave this name and date of birth to dispatch, who confirmed there was a matching record on file with a matching physical

description. I asked if he had already been advised that dogs were not allowed on the pier. Ex(b)(6) said that "some old guy picking up trash" had told him dogs were not allowed on

the pier. The maintenance employee that told him was wearing an identifiable National Park Service uniform. Additionally, there is a sign at the entrance to the pier indicating that pets are not allowed.

I told Ex(b)(6) to put the dog on a leash and I escorted him and his dog off the pier. I issued violation notice #2333078 for violating 36 CFR 2.15(a)(1), possessing a pet in a closed area, and violation notice #2333079 for violating 36 CFR 2.15(a)(2), failure to restrain pet.

As I was filling out the necessary paperwork Ex(b)(6) became agitated. At one point, after being told to sit down, he stood up and indicated he was going to leave. I ordered him to sit back down and he responded that I should "hurry it up". At the end of the contact, as Ex(b)(6) was walking away, he said in a loud voice that drew the attention of the surrounding public, "Fuck you, and fuck you!", pointing first at me and then at Harrison.

After the contact I found maintenance employee Ex(b)(6) and he confirmed that he told Ex(b)(6) that dogs were not allowed on the pier and later saw Ex(b)(6) with a dog on the pier.

	On Wednesday 23 September 2009 at approximately 1500 hrs., while patrolling in Fort Baker, I observed an Asian female throwing ball for a dog off leash in the water at Horseshoe cove. I called out to her identifying myself and requesting she leash the dog. The female, later identified as Ex(b)(6) advised me she had a leash back at the car. Ex(b)(6) told me she was a caregiver for the owner of the dog. She was in possession of a valid CA D.L. clear of wants and warrants. Ex(b)(6) was advised of the NPS regulations and where she was allowed to have a dog off leash. I issued her a written warning for violation of 36 CFR §2.15(a)(2) - "Pet not on leash." Clear 1515 hrs.

On 09/27/09 at approximately 1551 hrs., I responded from Muir Beach for a report of a large white dog off leash on the Tennessee Valley Trail. I arrived on scene at approximately 1610 hrs., and drove out towards Tennessee Valley Beach. I contacted tow separate people who had their small dog off leash approximately one quarter of a mile out from the entrance gate. I gave them verbal warnings and made them leave the area with their pets. I continued towards the beach and contacted Ex(b)(6) at the West end of the single track cut off trail. She had a large white dog. I asked her if she came out from the parking lot. She stated that she did and that she was contacted by a park volunteer. She stated that the park volunteer told her that she could continue West to the Coastal Trail and walk her dog North. I explained to her that she had to remove her pet from the area and turn around. I gave her directions to the Miwok trail which allows pets and leaves from the parking lot. I performed a computer check on her CDL Ex(b)(6) and she had no wants or warrants. She left the area and I cleared with a warning for pets at 1630 hrs.

	On September 28, 2009 at approximately 1500 hours I was driving west on the Tennessee Valley Trail when a passing jogger told me that there was someone with a dog on the trail further on. I continued on and soon came to a couple who were walking east on the trail with a leashed pit bull. I asked who the owner was and the female identified herself as Ex(b)(6) California. She said that she did not know that dogs were not allowed on the Tennessee Valley Trail. I advised her that there is a universal "No Pets" symbol sign at the entrance to the trail from the parking lot. Ex(b)(6) was cited for violation of 36CFR2.15(a)(1) Pet in an Unauthorized Area. <p>On Wednesday, September 30, 2009 at about 1426 hours, I began a uniformed foot patrol of Mori Point. Around 1545 hours, as I was ascending the Lishumsha Trail, I saw a male adult, and two female adults, accompanied by three unrestrained pit bull-type dogs, coming down towards me. I asked the group to leash up their dogs and the woman carrying all the leashes promptly did so. When I asked how they had hiked into the area, they said they said they'd come in from the Moose Lodge trailhead, an area clearly posted with a sign indicating pets must be leashed. The three persons identified themselves verbally as clear and valid California drivers' license holders [REDACTED] with no entries in the local database indicating prior law enforcement contacts. I issued violation notice #2331800 for failure to restrain a pet where required, 36 CFR 2.15(a)(2) with a total collateral due of \$75. I explained his rights and responsibilities regarding the notice to him, asking whether he had any questions. [REDACTED] said no and signed the notice. I recommended that the two women help [REDACTED] with the fine as he had accepted the violation notice on behalf of the entire group. I was clear of contact by 1600 hours.</p>

	<p>On Wednesday, September 30, 2009 at about 1426 hours, I began a uniformed foot patrol of Mori Point. Around 1520 hours, while ascending the Coastal Trail, I saw a couple with an unrestrained dog descend the switchback turn from the Coastal Trail onto the Lishumsha Trail. I asked the couple to wait up and to leash their dog. The man, later identified verbally as clear and valid California driver license holder <b>Ex(b)(6)</b> put the dog on a leash. I asked the couple where they had been hiking in the national park and they said they'd entered from the Seawall, gone to Rockaway Beach past Mori Point, and were now returning via the Seawall. This route has signs indicating pets must be leashed posted in several locations. A check of the local database indicated no prior contact with <b>Ex(b)(6)</b> by law enforcement. I issued <b>Ex(b)(6)</b> violation notice #2331799 for failure to restrain a pet where required, 36 CFR 2.15(a)(2) with a total collateral due of \$75. I explained his rights and responsibilities regarding the violation notice to him and asked whether he had any questions. <b>Ex(b)(6)</b> said no and signed the notice. I was clear by about 1535 hours.</p>

On Friday, October 2, 2009 at about 1453 hours I was on uniformed patrol in a marked law enforcement sedan at the Milagra Ridge trailhead on College Drive. I saw a woman with an unrestrained dog on the road approaching the trailhead gate from within Milagra Ridge. Several posted signs, one at the trailhead and several along the Milagra Ridge trail, state that pets must be leashed at all times. The woman, later identified by clear and valid California driver license as **Ex(b)(6)** was aware of the leash law, but failed to leash her 16-year old Shepherd-type dog "Midnight" that day. A check of the local database showed no prior contact with law enforcement. I issued Brown violation notice #2333519 for failure to restrain a pet where required, 36 CFR 2.15(a)(2), with a total collateral due of \$75. I explained **Ex(b)(6)** rights and responsibilities concerning the violation notice to her and asked whether she any questions. She said no and signed the violation notice. I was clear of contact by 1507 hours.

On 10/07/09 at approx. 1111 hours, I was on patrol with Ranger Smith when we drove into the parking area behind the NOAA Visitor Center at the west end of Crissy Field. From there I saw Ex(b)(6) with a dog off leash on the beach to the west of the old Coast Guard Station. Pets are required to be on leash in this area for the protection of the Western Snowy Plover. After Ex(b)(6) looked in our direction, she leashed her dog and continued walking west along the water. We contacted Ex(b)(6) along the promenade at the west end of the beach. She said she was unaware of the leash regulation. She gave me her CA DL number from memory. She said her DL was in her car. Through a computer check, dispatch located her DMV record showing matching physical descriptors. Dispatch also stated Ex(b)(6) was not in the local file for being contacted previously for a violation of park regulations. I gave Ex(b)(6) a verbal warning for the violation, and a map showing where she could take a dog off leash in the Marin Headlands, since she lives in Marin. Clear, 1120 hours.

On October 8, 2009 at I was on patrol at Mori Point. I observed a woman with her dog off leash. I identified her by verbal information as Ex(b)(6) told me that she is aware that Mori Point is a leash required area but regularly walks her dog off leash. She said she puts her dog on leash when she sees other people. Ex(b)(6) did not leash her dog when she saw me. I issued Ex(b)(6) a verbal warning and told her next time she should expect a citation. Dog: Chilla. I also observed a retriever running around off leash and could not immediately identify who the dog was with. Through observation I was able to determine the dog was associated with a runner that was several yards away from the dog. I contacted the owner and identified him as Ex(b)(6) through verbal information. I also told Ex(b)(6) next time that he should expect a citation. Dog: Golden Retriever, Teddy.

ITEM 7 RESULTS OF INVESTIGATION

How he had gotten to the park today, and he told me he drove his girlfriends car. A white female adult (later identified as Ex(b)(6)) came by and asked why I was asking all these questions, she said he drove her car here for the BBQ. I asked Ex(b)(6) if she had a CA License and she said yes, I asked if I could see it, and she gave it to me. I had park dispatch run a computer check, while I was waiting for the return I explained that Ex(b)(6) had a suspended license and that I would be serving the suspension information to him and he would be getting a copy of it, but I would be taking his license and Ex(b)(6) would have to drive, if she came back with a valid license. Park Dispatch came back with no wants/warrants and a valid license for Ex(b)(6)

I continued with the actions of the dog, by doing these actions created a hazardous condition not only for the dog (being stepped on), but for the horses (some were new and being trained), officers (being injured), and park visitors in the area (being injured by horses or officers). I explained to Ex(b)(6) that all picnic and parking lots in Golden Gate National Recreation Area, are leash areas. I gave Ex(b)(6) a verbal warning in violation of 36 CFR 2.15(a)(2) –Pets-Failure to Restrain, since he did leash up both pets once he caught them. I issued violation notice # 2335052 in violation of 36 CFR 2.34 (a)(4)-Creating a Hazardous Condition, in which his dog Ex(b)(6) created the above hazards (the dogs, horses, officers and publics). I explained the violation procedure in which Ex(b)(6) signed and received his respective copies. I also served Ex(b)(6) DMV Notice 310 for 2 Suspensions/Revocations dating back to March 2009. He also signed and received his copy. Driver's license was sent back to DMV.

Cleared at approximately 1435 hours.

	On 10/17/09 at approx. 1802 hours, Ranger Smith and I were on bicycle patrol on the Coastal Fire Road south of Muir Beach at the Pirate's Cove trail intersection. I saw Ex(b)(6) walking down the Fire Road with a dog on leash toward us at the Pirate's Cove intersection. The Coastal Fire Road is closed to pets at this point as indicated on the sign at that intersection, and on maps distributed at the visitor center. Ex(b)(6) provided a CA DL. He was clear of wants and previous contacts by GGNRA law enforcement through a computer check at park dispatch. Ranger Smith gave Ex(b)(6) a written warning for the violation. 	<p>On 10/22/09 at approx. 1632 hours, I was dispatched to the Crissy Field Wildlife Protection Area (WPA) for a dog off leash. [REDACTED] Ex(b)(6) is a snowy plover monitor who reported to dispatch that a man was jogging with a group of kids and a dog off leash when they ran directly over the area where two snowy plovers were resting on the beach, and the plovers flew off. Dogs are required to be on leash in this area for plover protection per numerous signs posted at the perimeter. When I arrived I called [REDACTED] Ex(b)(6) on his cell phone. He described the individual and the dog. I saw a man with a group of kids playing soccer in the WPA that matched the description. The dog was leashed to the nearby fence. I met with [REDACTED] Ex(b)(6) a few minutes later behind the NOAA building where we could both see the man and dog. [REDACTED] Ex(b)(6) confirmed this was the group he reported. He said that he told the man to leash his dog for the protection of the endangered plover, but the man said he wasn't going to, and laughed, dismissing the request. I watched the group for a while, but the dog remained leashed to the fence. As I started to approach the man, the soccer game ended and the man came to (cont. next page)</p>

The man said, "I don't know what you are talking about." I told him that I was sure that he did, and that he ought to just talk to me about it. He repeated that he didn't know what I was talking about and the dog was tied to the fence and not a problem. I asked him about the group that he was leading in a soccer game. "Is it a school group?" I asked. "I don't have to tell you that, and I need to go now." The man said.</p> <p>I told him that I knew he was lying to me, and that I would follow up with someone who would be civil. I said I would find out who he was and what the group was, and let the school or organization know what type of person I had just encountered representing their organization and acting as a role model for youths. I explained to her that the man was disorderly when approached by a biologist asking him to comply with the law and leash his pet, and then he was uncooperative with me. The son spoke up and said, "Do you want to know what happened?" He went on to state that the team was running from the east end of the beach to the west when the biologist stopped the coach and asked him to put the dog on a leash. "He (the coach) said no, and he was very rude," the boy said. The mother asked, "Who was rude?" The boy confirmed it was their coach.</p> <p>The boy stated the league was the [REDACTED] Ex(b)(6). I observed a small tan, black and white dog on the beach. This area is closed to pets and there is a sign at the trailhead advising of this closure.</p> <p>I asked the man sitting close to the dog if it was his dog, he said it was. This man later verbally identified himself as Ex(b)(6) and said his date of birth was Ex(b)(6). When I gave this information to dispatch, dispatch told me it matched the information for California driver's license Ex(b)(6) and the physical description associated with that driver's license number matched the individual I was speaking with.</p> <p>Continued on next page.</p>

**RESULTS OF INVESTIGATION:**  
**NARRATIVE:** continued from previous page

I told Ex(b)(6) the area is closed to pets and he told me it was a service animal. I asked if he had the tag that is issued to service animals. He told me it was in the car. I told Ex(b)(6) that he would either have to show me the tag or take the dog out of the closed area. Ex(b)(6) said he was not going to get the tag and asked if I was going to arrest him if he did not take the dog out of the closed area. I told him I would not arrest him, but I would write him a citation. He told me to write him a citation.

I then attempted to get information such as name, date of birth, and address from Ex(b)(6) as I had not yet identified him. When I asked for his last name he replied by spelling Ex(b)(6) and then stopped talking. I asked for his first name and he spelled "A-L". I asked for his date of birth and he said it was October 2<sup>nd</sup>. He did not give me the year until I specified that I wanted his year of birth. When I got on the radio and started to give this information to dispatch Ex(b)(6) said "did you want my full last name?" I told him I thought he had given it to me and he said I asked for his first name before he had finished.

As I attempted to get more information from Ex(b)(6) he continued giving me incomplete responses. When I asked Ex(b)(6) for his address he replied Ex(D)(6). He did not give me the city, state, or zip code. At this time I changed the tone of my voice and again asked for his address. He then gave me his full address.

I continued to ask him for information to fill out the citation. When I asked for his telephone number he said he did not think he should have to give it and that he has never had to give it when receiving a ticket before. I explained that he was receiving a federal violation notice and it is different than the California system. He then gave his telephone number. When I asked for his social security number, as required by the Debt Collection Improvement Act of 1996, he refused to give it to me. When I asked him to sign the violation notice, explaining that it was not an admission of guilt, he refused to sign it.

After I issued him the violation notice I told him he would still have to either show the proof that the dog was a service dog or remove to dog from the closed area. He refused. I explained to him that if he refused I would write him a second violation notice for failure to obey a lawful order, and if he continued to refuse after that I would arrest him.

He then slowly packed his belongings and began to leave the beach. He walked approximately one hundred yards and stopped, set his backpack down and appeared to talk on the cell phone for approximately five minutes. After picking his backpack back up, he walked to the stairs at the bottom of the trail to the parking lot. He sat at the bottom of the stairs for approximately ten minutes before walking up the trail to the parking lot.

29. DETAILS OF INCIDENT

On 11/04/09 at approximately 1407 hrs., I was contacted by Ex(b)(6) at the Fort Funston ranger office. Ex(b)(6) stated that on 10/23/09 at 0640 hrs., while walking on the Sunset Trail near Battery Davis, two large German Sheppard's charged him and one bit him. Ex(b)(6) stated that he did nothing to provoke the attack.

I called Ex(b)(6) at her home on 11/03/09 at 0940 hrs., and spoke with her about the incident. Ex(b)(6) stated she was walking three of her sheppard's on the morning of 10/23/09 at Fort Funston. It was still dark that morning. Ex(b)(6) walked around a corner near Battery Davis and the dogs were startled. The dogs have met Ex(b)(6) on many prior occasions, and he has petted them. Despite this, one of her dogs barked at Ex(b)(6) and the other nipped at his buttocks. The dog tore Ex(b)(6) pants but did not rip his underwear. Ex(b)(6) was upset and suffered minor scratches to his buttocks. Ex(b)(6) pulled his pants down and showed Ex(b)(6) the scratch marks on his buttocks. Ex(b)(6) exchanged information and Ex(b)(6) drove to a hospital. Ex(b)(6) did not suffer a dog bite. He suffered minor scratches to his buttocks. Ex(b)(6) filed a S.F. Animal Care and Control report. Bite report # B090031931.

I cleared at 1422 hrs.

	<p><b>SUMMARY:</b></p> <p>On the afternoon of 11/6/09, at approximately 1230 hours, Ranger Hardin and I were conducting fish and game compliance checks at Fort Point Pier, when I observed a large brown dog running off leash on the Crissy Field Wildlife Protection Area. Dogs are required to be on leash in this area. The dog ran multiple times down the beach and into the water, and then would return to a white male and black female on the beach.</p> <p>As I approached the couple with the brown dog, I observed a black dog without a leash lying on the beach beside a white female. The white female, later identified as Ex(b)(6) by CDL Ex(b)(6) claimed ownership of the dog and said she was unaware of the leash requirement. Ranger Hardin informed her of the purpose of the Wildlife Protection Area and pointed out the signs for the regulation. Ranger Hardin gave Ex(b)(6) a verbal warning for a leash violation, and Ex(b)(6) leashed her dog.</p> <p>I then approached the couple with the large brown dog. I informed the white male, later</p>							94 INVESTIGATOR NOTIFIED

RESULTS OF INVESTIGATION:

Identified as Ex(b)(6) by Ex(b)(6) that dogs were required to be on a leash and explained to him the purpose of the Wildlife Protection Area. By this time the dog had already been placed on a leash. Ex(b)(6) claimed he had not seen the usual large brown regulatory signs indicating that dogs must be leashed. I pointed out the multiple signs for the Wildlife Protection Area that do state dogs must be leashed, and instructed Ex(b)(6) to view them as he exited the area. I gave Ex(b)(6) a verbal warning for a leash violation, and Ranger Hardin informed Ex(b)(6) of areas where dogs are allowed off leash. Clear at approximately 1245 hours.

At approximately 0752 hours on 1/3/09 I observed a male subject walking a dog northbound on Ocean Beach at Judah ST. I observed that his dog was not on a leash. Ocean Beach from Starwell 21 to Sloat BLVD is designated as a protection area for the Western Snowy Plover, a threatened shorebird listed under the Endangered Species Act. All pets within this area are required to be leashed. I identified subject as Ex(b)(6) via his California driver license. I advised Ex(b)(6) of the leash requirement and the boundaries of the protection area. Ex(b)(6) immediately leashed his dog. I gave him a verbal warning for violation of 36 CFR 7.97(d)(ii) and released him from the scene.

ITEM	7 RESULTS OF INVESTIGATION
------	----------------------------

On 01-08-09 at approx. 1503 hrs. while patrolling Barnard Ave. in full U.S. Park Police uniform and a fully marked U.S. Park Police vehicle I observed several dogs off leash in the middle of the road. I observed that three of the dogs were running around unrestrained in the middle of the road.

I contacted a male who was with the dogs, identified as Ex(b)(6). After exiting my patrol vehicle to contact Ex(b)(6) one of the unrestrained dogs jumped into the front of my patrol vehicle. I asked Ex(b)(6) to call the dog out of my patrol vehicle and leash his pets. I observed that Ex(b)(6) was in possession of one leash. Ex(b)(6) asked if the area was an off leash area and I advised that it was. I requested identification from Ex(b)(6) Ex(b)(6) asked who I was and what authority I had. I explained to Ex(b)(6) that I was a police officer and pointed out my police badge on my left breast pocket and the word "POLICE" on my patrol vehicle. Ex(b)(6) demanded to see my identification. I told Ex(b)(6) that he needed to restrain his pets. Ex(b)(6) began to round the dogs up and walk back to his vehicle which was parked nearby.

I retrieved my Force issued photo identification, showed it to Ex(b)(6) and again identified myself as a police officer.

A check with USPP Communications for wants/warrants on Ex(b)(6) was negative. As I began to write out a citation for violation of 36 CFR 1002.15(b)-Leash Law Violation Ex(b)(6) asked if I was going to issue him a citation. I advised Ex(b)(6) that I was going to issue him a citation for the violation. Ex(b)(6) became angry and started to argue as to why I was issuing him a citation. I explained to Ex(b)(6) that I was not going to argue with him and asked that he stand by his vehicle while I write the citation. Ex(b)(6) refused and said that he needed to gain control of a dog that was still unrestrained. I asked Ex(b)(6) if the dogs were under voice control and he said yes. I told Ex(b)(6) that he could stand by his vehicle and call the unrestrained dog. Ex(b)(6) again refused. I ordered Ex(b)(6) to stand by his vehicle. Ex(b)(6) eventually complied.

Because of Ex(b)(6) uncooperative nature I requested another officer for assistance. ID Tech Rawles arrived on scene to assist.

I issued Ex(b)(6) MVN #K108455, MVN #K108456, and MVN #K108457 for violation of 36 CFR 1002.15(b) Leash Law Violation. Ex(b)(6) asked where any signs were stating dogs must be on leash and I pointed to a posted sign that indicates dogs must be leashed at the entrance to the Ecology Trail where Ex(b)(6) admitted to walking his dogs and observing others violate the leash law. Ex(b)(6) advised that he was a professional dog walker. I explained to Ex(b)(6) that being a professional dog walker meant he has a responsibility to know leash law policy where he operates his business.

29. DETAILS OF INCIDENT

On 1/18/09 I contacted 10 persons walking unleashed dogs in the Wildlife Protection Areas on Ocean Beach (3) and West Crissy Field Beach (7). All were checked through the GGNRA Local File, with negative results for prior leash-law contacts. All were issued NPS Warning Notices, advised of the GGNRA Local File database, and warned they were subject to fines up to \$125 for each future violation. Most violators were very cooperative; a few argued the validity of the regulation and/or the lack of signage. Many of the violators weren't carrying identification, and their identities were verified using provided information and California DMV files. Per the GOGA local file, Wilenborg came back with a "prior" at Ocean Beach, but because she was in violation on Crissy Field Beach, she was issued a written warning. Everyone else was negative in the local file.

Subjects who were contacted and issued written warnings:

	While patrolling Ocean Beach I observed 17 people with their dogs off-leash on Ocean Beach north of Sloat Blvd. and south of Stair Well 21 in violation of numerous clearly visible posted signs stating Snowy Plover Wild Protection Area - Leash Pets. According to the Endangered Species Act the Western Snowy Plover is listed as a Threatened Species and the Ocean Beach area between SW 21 and Sloat Blvd. is it's habitat and pets off leash are disturbing to the Snowy Plover.				
	A check by the USPP COMSEC determined that all 17 were not on the Local File and an NCIC check of each returned negative for Wants or Warrants. I issued each a written Warning Notice. All were cooperative.

On 01-24-09, at approx. 1655 hrs., I observed a small, black off-leash dog running unrestrained after shorebirds northbound on Ocean Beach near Noriega St. I also observed a medium sized, white, off-leash dog running unrestrained northbound on Ocean Beach near Noriega St. I observed two adult females, later identified as Ex(b)(6) and Ex(b)(6) walking behind these dogs. At one point, I observed the black dog running approx. 50 feet ahead of Ex(b)(6) while chasing shorebirds and causing them to go into flight. During this contact, I observed this dog twice run uncontrolled after shorebirds. I contacted Ex(b)(6) and identified myself as a park ranger. Ex(b)(6) told me that she was responsible for the black dog and Ex(b)(6) told me that she was responsible for the white dog. Upon a dispatch computer check, both subjects returned clear of wants/warrants. I advised Ex(b)(6) that there are clearly posted and visible signs at the Ocean Beach/Great Highway pedestrian crosswalks in the area that state, "PROHIBITED: OFF-LEASH PETS." I issued Ex(b)(6) a verbal warning for having her pet of leash. I issued Ex(b)(6) a verbal warning for the harassment of wildlife and I issued her MVN K104913 for 36 CFR 7.97(d)(1)(ii), Failure to Leash Pet (\$75). I released both subjects on-scene and cleared at approx. 1710 hrs.

	On 02/07/09 at approximately 1106 hours, I responded to Fort Funston Sunset Trail for a report of a dog bite to <b>Ex(b)(6)</b> an NPS maintenance employee. Sgt. Hart met with <b>Ex(b)(6)</b> who was getting tended to by SF medics. I went to check the Sunset Trail for the dog owner with the limited description that was provided to me by <b>Ex(b)(6)</b> see above.)										
	According to <sup>the</sup> victim, he was picking up trash on the trail when a chocolate lab came up to him and bit him when he petted the dog. The owner, apologized and stated that the dog had its vaccinations and was 9-years old and departed the area. He asked her to wait but she kept walking away and lost sight of her. I searched the area for the suspect with negative results.

**SUMMARY:** On the above date and time, I observed an unleashed dog on the parade ground at Fort Baker. I contacted the owner and advised him of the violation. I identified him by valid CA operator's license as Ex(b)(6). I issued Ex(b)(6) a violation notice for off leash pet and released him. Ex(b)(6) had accessed Fort Baker via motor vehicle. The two vehicle access points into Fort Baker have conspicuous signs indicating the leash law.

CHARGES: MVN K104985 for 36 CFR 2.15 A 2- off leash pet.

	While patrolling Ocean Beach I observed 31 people with their dogs off-leash on Ocean Beach north of										
	Sloat Blvd. and south of Stair Well 21 in violation of numerous clearly visible posted signs stating Snowy Plover										
	Wild Protection Area - Leash Pets. According to the Endangered Species Act the Western Snowy Plover is										
	listed as a Threatened Species and the Ocean Beach area between SW 21 and Sloat Blvd. is it's habitat and										
pets off leash are disturbing to the Snowy Plover.											
I issued 28 written Warning Notices to subject not on the GGNRA Local File. I issued MVNs # K102011-13											
to the above two and following subject who were on the Local File and or had been cited by me last month.											
Ex(b)(6)											

I had issued Ex(b)(6) a written Warning in DEC 2008. I had issued Ex(b)(6) an MVN in DEC 2008 as he was on the Local File already then. When asked what could be done to have Ex(b)(6) keep his dogs on leash, he replied "nothing," stating he will continue to let his dogs off leash in the WPA. He was given a Mandatory Court Appearance for this current offense. Time Cleared at 1800 hours.							94 INVESTIGATOR NOTIFIED

On Wednesday 01/28/09 at 1014 hours I contacted Ex(b)(6) in the Wildlife Protection Area at Crissy Field for having her dog off its leash. This area is posted that a leash is required. A warning and warrants as well as a local file check returned negative. Ex(b)(6) was issued a written warning for the Leash Law Violation [36CFR 7.97(d)(1)(i)] after she agreed to comply with the posted regulation in the future. I cleared at 1030 hours.

29. DETAILS OF INCIDENT

On 1-19-09 and 1-28-09 and I performed foot patrol on the west end of Crissy Field Beach and contacted 9 persons walking dogs off-leash in the GOGA Wildlife Protection Area. Multiple signs were posted advising that dogs needed to be leashed. All violators were checked through the GGNRA local file with negative results. All violators received written warnings, were advised about the WPA boundaries on Crissy Field Beach, and advised that future violations would result in fines up to \$75. Some violators complained about the lack of regulatory signs on the beach, the size of signs, or lack of clarity, but were otherwise compliant.

attempted to call the dog and stop the dog, but it would not heed my voice commands. The dog was running on the beach between Quintara and Taraval. Finally I observed a white male adult wearing only pants running on the beach towards the dog. I caught up to him and asked him if the dog was his. He said it was. He was then able to call the dog to him. I advised him to leash the dog. He said he did not have a leash. I advised him to use his belt to leash the dog and he did. I then identified him by his name and DOB as Ex(b)(6) I advised him his dog was off leash in the Snowy Plover Wildlife Protection Area. He stated to me that he had parked at the overlook (1<sup>st</sup> overlook by Sloat Blvd.) and opened the door to his vehicle and dog bolted out and ran down to the beach. He said when the dog sees birds it goes crazy; has 'bird on the brain.' He stated he is aware of the Ocean Beach Wildlife Protection Area and usually walks his dog off-leash south of Sloat on the beach.

I issued him MVN # K102019 for violating 36 CFR 7.97(d)(1)(ii) DOG OFF LEASH IN WILDLIFE PROTECTION AREA and MVN # K102019 for violating 16 USC 1538 DISTURBING A THREATENED SPECIES.

I explained each citation to Ex(b)(6) informing him of the Mandatory Court Appearance required and he signed each and indicated his understanding.

	On 01-30-09 at approx. 0822 hrs. while in full U.S. Park Police uniform and on foot patrol on the Ecology Trail west of Barnard Ave. I observed two males, later identified as Ex(b)(6) walking with three dogs off leash. The Ecology Trail is an area where pets are required to be on leash. In addition, recently there have been several complaints regarding dogs off leash on the Ecology Trail. I contacted Ex(b)(6) and advised them of the federal regulations regarding pets on the Presidio. A check in the local violator file was negative. A check with USPP Communications for wants/warrants on both men was negative. I issued Ex(b)(6) and Ex(b)(6) a verbal warning for the violation.

While patrolling the Crissy Field Wild Life Protection area I observed five subjects with their dogs off leash.										
The Snowy Plover Protection area is marked at each entrance to the beach area with clearly visible signs stating										
dogs are required to be on leash to prevent the harassment of the threatened Western Snowy Plover species.										
With the exception of Ex(b)(6) all the subjects were polite and cooperative. Ex(b)(6) immediately upon										
me contacting her became manic in her demeanor and was almost non-stop in her loud verbal yelling and verbal										
diatribe directed towards me. Twice she leaned inside the passenger window of my patrol car and I had to tell her										
to remove her head, shoulders and arms from inside my patrol car. She had been contacted previously on										
04/03/2008 at Sweeny Ridge for the same offense. Several times she attempted to walk away from me and I had to										

94 INVESTIGATOR NOTIFIED tell her to remain until I was finished writing a Written Warning Notice. She asked for my name and badge # and I told her them and wrote them on the Warning Notice. She said she would call & question my WPA enforcement. SGT Roth told me later she telephoned him and he answered her questions regarding USPP Snowy Plover WPA Enforcement. 29. DETAILS OF INCIDENT

On 2-1-09 I patrolled West Crissy Field Beach to look for violations including dog leash violations. I observed the following 11 persons walking off-leash dogs in the Wildlife Protection Area. Numerous signs were posted advising that dogs were required to be on leash. All persons were checked against the GOGA Local File and none had prior violations at Crissy Field Beach. Two had previously received warnings (from me) at Ocean Beach. One lied to me about his date of birth, but later admitted his lie. Two violator's dogs, in addition to being off-leash, were also clearly not under voice control, and owner was not able to catch their dogs to put them on leash.

All violators received written warnings for their violations and advised that future violations would result in a \$75 fine. Several of the violators complained that signs were unclear, or not obvious enough. They were directed to send their concerns regarding signage to the GGNRA Superintendent's Office. Two women, not violators, stopped me to thank me for enforcing the dog leash laws, and expressed their concern for visitor safety and wildlife protection as their reasons for supporting dog leashes on all dogs at Crissy Field.

	On Tuesday February 3, 2009 at approx. 1444 hours Ranger Forbes and I were in the area of Crissy Field-West near the "protected area" when we observed S1- Ex(b)(6) walking a black lab on the beach within the protected area without the aide of a leash. S1 leashed the black lab then quickly walked east along the shoreline. After several verbal attempts to make contact with S1 failed, I drove a marked USPP patrol car east on the promenade in an effort to get in front of him. Ex(b)(6) failed to provide ID and gave a false name/DOB once I made contact with him 300 yards east of the USCG pier. Ex(b)(6) finally provided a valid CDL. Ex(b)(6) returned with no wants/warrants and was issued a verbal warning for the false ID and issued a written warning for the leash law violation.

	On 02-04-09, at approximately 1245 hours, I saw a white male several dogs. One of the dogs was visibly off leash and engaged in an aggressive standoff. I contacted the white male after he made his way to his vehicle in the Dirt lot. The white male identified as Ex(b)(6) from a South Carolina Drivers license, was immediately hostile. He was arguing the merits of the contact. I then explained to Ex(b)(6) that the dogs are not allowed off leash on the Presidio I also saw that Ex(b)(6) had an out of state drivers license and out of state plates. Ex(b)(6) had advised me that he lived at the S.F. address since October. I gave him a warning for the vehicle violations and a cite for the dog.  Time cleared: 1305 hours.

On 02-13-09, at approximately 1000 hours, I observed a white female, later identified as Ex(b)(6) with a dog in the wildlife protection area of Crissy Field. The dog had a leash attached to the collar but Ex(b)(6) was not holding it. I contacted Ex(b)(6) and advised that she was in a protected area requiring her dog to be leashed.. Ex(b)(6) stated several times that her dog was on a leash. I advised that she had to hold the other end in order to control the dog and to be considered on leash. Ex(b)(6) stated that she knew about the protected area. Ex(b)(6) stated that she did not have identification and had lost her license. She gave me several false variations of her name to include giving her maiden name only with one letter different, different spelling of her first name, birthdate with one number different and her address with one number different. Her grandmother, who was walking with her, gave me her correct birthdate. Through the contact Ex(b)(6) kept stating that she did not understand why I was making such a big deal out of a dog off leash. I cited Ex(b)(6) MVN-103084,36CFR-1007.97(d)(1)(i) for dog off leash in a wildlife protection area.. The dog was a white pitbull type.

29. DETAILS OF INCIDENT  
On 02/13/09, at approximately 1211 hours, I took a telephone report of a dog attack from [Redacted] Ex(b)(6). He told me that his dog was attacked by a Japanese Akita weighing approximately 110 pounds whose name was "Kuma". The owner, a white male wearing a hat and sunglasses, was able to break up the fight. [Redacted] Ex(b)(6) noticed that his dog had a two-inch hole in his neck and ear. He took the dog to the veterinarian for Petsmart for treatment. He said that this occurred on the Sunset Trail north of Battery Davis at around 1115 hours. He said the other dog had a bright blue harness on, but was otherwise unrestrained.

Time cleared at 1251 hours.

On I was sitting in my vehicle in the dirt lot at the end of Portola St. when I saw a male with 4 dogs off leash. When I went up to the subject he started putting the dogs on leash. I began advising the subject that the area was not a off leash area, when two of the dogs ran up to me and jumped up on me. then while he was walking the dogs back to the vehicle as instructed a black dog and a white dog both lunged at me snapping and growling in my direction I had to lunge back away from the animals to keep from being bit. Ex(b)(6) had very little physical control over the leashed animals and no control when they were off leash. After placing the animals in the vehicle Ex(b)(6) explained to me that he was with the SPCA. Then he changed his statement that he was with animal control and then changed the statement again stating that he was just a volunteer. Ex(b)(6) also stated that he was rehabilitating the aggressive dogs that were in his possession. Ex(b)(6) also blamed me for the animals aggressive behavior, even though I maintained an even tone and patience, in the face of Ex(b)(6) yelling and the dogs barking and snapping. Ex(b)(6) also stated that he was friends with a judge and he would have this taken care of. Ex(b)(6) was issued a citation for 4 dogs off leash. After the contact Ex(b)(6) drivers license was inadvertently not returned and was placed into the mail.

	On February 27, 2009 at approximately 1405 hours, I was on patrol in the Tennessee Valley area. While in the parking area, I was contacted by an unidentified woman who advised me that while she was at Tennessee Beach she noticed 2 men with a Rottweiler dog on the beach. Dogs are not allowed on Tennessee Beach nor along the Tennessee Valley Trail. I began driving down the trail when I came upon 2 men with a Rottweiler on leash walking towards the parking area. I stopped and contacted the men and while I was talking to them a white female came walking up with a small white dog in her arms. I advised both parties that dogs are not allowed on the Tennessee Valley Trail, nor on the beach. The male with the dog identified himself as Ex(b)(6) of San Rafael, and the female identified herself as Ex(b)(6) of Larkspur. A computer check through dispatch came back negative on both subjects. I advised both of them where dogs are permitted and the trails on which dogs are not allowed. I then issued violation notice #102571 to Ex(b)(6) for violation of 36CFR2.15(a)(1) Having a pet in a restricted area, and then issued violation notice #102573 to Ex(b)(6) for violation of the same regulation. I cleared at approximately 1430 hours.

77 On 3/17/09 at about 1150 hrs while working as Car 815, I was dispatched to MacArthur Loop for a reported Asian male with several dogs off leash. Upon arrival I observed an Asian male, later identified as Ex(b)(6) in the vicinity in control of 5 dogs off leash. I approached Ex(b)(6) and informed him he was in a leash area. Ex(b)(6) stated he did not know of the regulation and upon learning of it immediately leashed all dogs. I checked Ex(b)(6) for want/warrants, as well as the Local File for previous dog off leash offenders, with negative results. Ex(b)(6) was informed of the regulations, issued a written warning and released without further incident.

	<p>On 03/24/09 at approximately 0930 hours I was on backcountry patrol of the Sweeney Ridge area when I observed a female subject with three pets off leash of the Baquiano Trail. I made contact with the subject later identified as Ex(b)(6) and informed her that pets were to be on leash at all times in the area. I noticed that Ex(b)(6) did not have leashes for her pets and asked her for identification. She gave me her name and date of birth and continued telling a story of how she was not aware of the leash policy. Ex(b)(6) continued to say that she entered the area near the horse stables and was very apologetic for the violation. I conducted a computer check for wants, warrants and local file. All checks returned clear and I issued a written warning for the violation. I explained to Ex(b)(6) that she was now in the local file managed by the law enforcement division. Any future contacts related to pets in Sweeney Ridge would result in a citation. I cleared at 0941 hours.</p>

29. DETAILS OF INCIDENT

On Tuesday, March 31, 2009, I received a call from National Park Service dispatch informing me that a female park visitor requested to speak with law enforcement regarding a pet complaint at Crissy Field. I placed a telephone call to the park visitor, Ex(b)(6) and spoke with her for approximately 20 minutes regarding a dog that jumped on her five year old son at Crissy Field.

Ex(b)(6) reported that a Rhodesian Ridgeback breed dog gauged the leg of another child and jumped on her son. Ex(b)(6) stated that she visits Crissy Field approximately four times weekly and there is "always something" related to pet violations. Ex(b)(6) reported incidents such as dogs circling and stampeding children, dogs urinating and defecating all over the area and small children harassed by dogs.

I encouraged Ex(b)(6) to write a letter to the Superintendent's Office regarding her concerns.

Ex(b)(6) thanked me for my time and attention. I was clear of the telephone call at approximately 2000 hours.

On Apr 18, 2009, at approximately 1220 hrs, while on foot patrol of the Ft Point Pier, I observed two individuals adjacent to crabbing lines on the north end of the pier. I observed the individuals were holding a small dog. Dogs are not permitted on the pier. I asked the individuals if they had any crabs in their possession and they stated "yes". I then observed adjacent to the individuals a white bucket. Inside the bucket I observed Red and Rock crabs, of which two were less than 4". The minimum size to legally possess Red or Rock crabs is 4". I asked the individuals to identify who caught the two undersize crabs. One of the individuals, identified as Ex(b)(6) stated she would take responsibility for the undersize crabs. I asked Ex(b)(6) if she had a measuring device; as required by California State Fish and Game regulations. Ex(b)(6) stated she did not. I issued Ex(b)(6) violation K107961 for 36 CFR 2.3 (d)(7), \$75.00 total bail and issued her warnings for pet in a closed area and no measuring device in possession. The undersize crabs were returned to San Francisco Bay. Clear at approximately 1250 hrs.

	On April 19, 2009 at about 1250 hours, I was on uniformed foot patrol at Mori Point within Golden Gate National Recreation Area. A man and woman, accompanied by an unrestrained German Shepherd type dog were walking east on the Mori Point Road toward the Moose Lodge trailhead. They leashed the dog when they saw me approach. The man identified himself via California driver license Ex(b)(6) and told me they had started their walk from the Moose Lodge trailhead. A sign at this trailhead indicates pets must be leashed. Ex(b)(6) told me, and a check of the local database confirmed, that he had been warned earlier by an officer about violating the pet restraint law at Sweeney Ridge. I issued Ex(b)(6) violation notice #K-105877 with a total collateral due of \$75 for failure to restrain a pet (36 CFR 2.15(a)(2)). I explained Ex(b)(6) rights and responsibilities in dealing with the ticket to him, and asked him whether he had any questions. He said no.

	While in an "off duty" status on Ocean Beach, I observed an individual, later identified verbally as Ex(b)(6) next to me with his family and a German Sheppard with a silver metal muzzle attached to its snout. The dog continued to aggressively lunge out at other dogs that were passing with their owners. Ex(b)(6) attempted to correct this behavior with verbal commands and by yanking on the leash. Ex(b)(6) appeared to grow increasingly frustrated with his dog's behavior and began hanging his young dog high in the air by a leash and silver spiked "choke chain" or "pinch collar". I observed Ex(b)(6) do this five times, holding the dog with his two front feet well above Ex(b)(6) waste line and his two back feet barely touching the ground for approximately 3-4 seconds at a time. Next, Ex(b)(6) attached what I recognized to be an electronic "shock collar". After the dogs behavior continued, Ex(b)(6) headed east back toward the parking lot, leaving all his belongings and family at the shoreline. **Report continued on 10-344B**

CONTINUED FROM 10-343B

Walking at an exaggerated slow pace through the deep and boiling hot sand, **Ex(b)(6)** finally stopped approx. 50 yards between the shoreline, where his blanket was in the hottest and driest area of beach sand. I immediately grew worried knowing that I had scorched my feet in that same sand even with flip flops on only minutes before when I arrived at the beach. He then began marching the dog north and south in the sand ordering him to stop, sit, lay down, walk, stop... The dog danced from foot to foot trying to shake the heat and pain from the sand. I immediately put my shoes on ran to **Ex(b)(6)**

Upon approach, I identified myself as an off-duty Federal officer and ordered him to pick up the dog off the sand and carry it to the parking lot. **Ex(b)(6)** was cooperative and explained he was only trying to teach the dog to obey his commands and admitted he brought him onto the hot sand as a means of punishment for his unruly behavior. He explained that the dog was not socialized, but in training. He said he didn't know how to do it on his own. I informed him that his techniques were excessive and no longer a means of training or correction. Acting out of frustration, he was purposely and clearly causing unreasonable suffering to the animal.

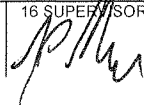

**Ex(b)(6)** was checked through USPP Communications Section and returned negative for Wants/Warrants. He was allowed to leave after being advised there would be a follow up investigation. The following day, April 21<sup>st</sup>, I returned to work and wrote **Ex(b)(6)** a citation for *Cruelty to Animal* and sent it certified mail. I also contacted Animal Care and Control in Hayward Ca. where **Ex(b)(6)** resides and forwarded them the report and citation information to do a wellness check of the dog.

	<p>On 05/07/09 at approximately 1022 hours, I observed a male subject later identified as Ex(b)(6) walking out of Mori Point with his two retrievers off leash. I stopped Ex(b)(6) at Moose lodge and informed him that pets needed to be on leash at all times while at Mori Point. Ex(b)(6) stated that he has been coming to the area for 30 years and was not aware of the requirement. I asked for identification and conducted a computer check with the name and date of birth given. While awaiting confirmation on the identification, it was revealed that Ex(b)(6) dogs were service dogs. I asked him where his service tags were and he replied that he was embarrassed when the dogs were visible with the service insignia. Ex(b)(6) went on to say that it made him feel disabled and draw attention to him. The computer check returned valid and I told Ex(b)(6) that the vests that his dogs should be wearing, would indicate to other dogs walkers as well as officers like myself that the pets were providing a service. Ex(b)(6) apologized and said that he would put the vests on in the future. I cleared at 1028 hours.</p>

On 05/10/09 at approximately 1720 hours, I observed a female, later identified as Ex(b)(6) Ex(b)(6) walk her leased dog on the grass at Crissy Field and waited for her dog to finish having a bowel movement. Ex(b)(6) began to walk away failing to pick it up. I contacted Ex(b)(6) and explained the rules and regulations. I gave her an option to pick up the pet excrement or received a citation. She had to find a bag or paper and picked it up. She stated that had some bags but used them up. She promised to have extra bags in the future. Ex(b)(6) was clear of wants and warrants and was not in the local file.

On May 23, 2009, at approximately 1042 hrs, while patrolling with Ranger John Goodwin in a marked patrol vehicle along Mason, I observed an off leash dog running in the posted and fenced closed wildlife area adjacent to Crissy Field. The area is posted closed with no entry allowed. The area has a steel core cable fence that encircles it as well. I parked the patrol vehicle and walked to the closed area with Ranger Goodwin. When we arrived to the fence at the closed area I observed a white female, later identified as Ex(b)(6) in the closed area and yelling to the unleashed dog. I observed that Ex(b)(6) was having no success getting the dog to come to her despite numerous vocal attempts. After approximately 30 minutes an unidentified Park visitor with a dog approached and offered to assist Ex(b)(6). The Park visitor brought out of her pocket dog treats. The combination of the dog treats and the visitor's dog was enough to bring the dog close enough for Ex(b)(6) to leash it. We then escorted Ex(b)(6) and her dog back to her vehicle which was parked at the East Beach parking lot. Ex(b)(6) stated the dog was a recent rescued dog and she thought she would bring it Crissy Field to let it socialize off leash with the other dogs. Ex(b)(6) agreed the dog needed additional training before it should be taken off leash again. Ex(b)(6) was issued violation notices K109744 for 36 CFR 2.15 (a)(2) and K109743 for 36 CFR 2.15 (a)(1). We were clear at approximately 1130 hrs.

	On Sunday May 24, 2009 at 1658 I was dispatched to investigate a report of an injured bird on Black Sands Beach in the Marin Headlands.										
	On scene I observed a Western Grebe wrapped in a towel near the stairs which lead down from the Upper Fisherman's Parking lot. The bird had been snared in a fishhook and monofilament line. Upon inspection of the bird I found that it had expired.										
	I also observed a couple with a dog on the west end of the beach. No pets are allowed on Black Sands Beach. I contacted the two and directed them to remove the dog from the area immediately. I also warned them about letting their child swim alone in the surf as the area is not lifeguarded and has a powerful shore break and a steep beach.										
	They packed up and I escorted them to the parking lot. At the parking lot I pointed the "No Pets" sign out to them and released them with a warning that they could be cited for future violation of the regulation.										
	Clear at 1800 hours.

	On 06/03/09 at approximately 1103 hours, I was on foot patrol of the Mori Point area when I noticed a female subject walking back into the park from the land bridge with her pet off leash. A clearly posted sign at that entrance states pets on leash. The subject, later identified as Ex(b)(6) noticed me near the steps and stopped. I walked up to her and asked if she had a leash for her pet. She replied "I don't, I left it in the car near the lodge." Ex(b)(6) would have to walk back through the park with her pet off leash to get to the car. Also, a sign at that east entrance has the same leash pet sign there as well. I asked Ex(b)(6) if she was aware of the leash law. She stood silent. I then asked her for identification. Ex(b)(6) then replied, "I don't have it with me, but I will take the ticket!" I gathered her verbal identification and conducted a computer check for wants and warrants. The check returned clear of any wants and I issued K109021 for 36 CFR 2.15 (a)(2)- failure to leash pet. I cleared at 1109 hours.

29. DETAILS OF INCIDENT  
On 06-04-09, at approximately 1707 hours, I responded to the Great Meadow for the report of a dog being bit by another dog. I met with the reporting person Ex(b)(6). He showed me the wound on his dogs nose that appeared to be a deep open cut. Ex(b)(6) stated that his unleashed dog ran to the water bowl located at the restroom. A larger brown dog, that was at the watering bowl, snapped at his dog when it approached, biting it on the nose. This dog was also unleashed. I contacted the owner of the second dog who was identified by his California drivers license. Ex(b)(6) His name was Ex(b)(6) or Ex(b)(6). I ran a records check through dispatch that did not return in a timely manner. I released both of the parties with a verbal warning for having the dogs off leash. I explained that the cause of the injury was a civil manner and not criminal. The larger brown dog did not show any signs of aggression towards any person or animal during the contact. I later found that the return of the license number did not come back to the subject I contacted. All attempts to identify the subject were unsuccessful. The license that the subject had showed me had an address on Filbert in San Francisco.

	On 06/04/09, at approximately 1819 hours, I was on foot patrol on the Ecology Trail near the Julius Kahn Playground when I saw Ex(b)(6) walking with his dog unrestrained by any leash. He walked up to me and I told him about the federal regulations regarding animals being on leash. He explained to me that he had been walking his dog in the area for several years and thought it was okay for the dog to be under voice control. Communications checked Ex(b)(6) for any warrants without finding any outstanding. He leashed his dog and I released him with a written warning.

29. DETAILS OF INCIDENT

On 06/07/09, at approx. 1710 hours, I saw a black dog (mixed: breed unknown) run out the entrance of Ft Funston, and onto Skyline.

The dog was in the roadway and running toward oncoming traffic.

I activated my emergency lights and guided the animal to the jogging path on the opposite side of the road.

The dog continued running northbound to Harding Park where several park visitors were able to coax the animal to my patrol car with a hot dog.

I read the dog's tag and saw that his name was "Sammy."

I called Sammy's owner, identified as Ex(b)(6) who arrived on scene and took possession of the dog.

Ex(b)(6) told me he had been walking his dog at Ft. Funston when he ran away for unknown reasons.

Time cleared: 1737 hours.

On Wednesday, June 10, 2009 I conducted a uniformed foot patrol at Mori Point. As I was eastbound on the Mori Point Road, passing the junction with the Lishumsha Trail, I heard a male voice appear to be calling a dog. I began to climb up the Lishumsha Trail and within about 50 feet encountered a white male descending with two unrestrained dogs. A woman with an infant child in a stroller accompanied the man. I recognized the dogs and woman from an earlier contact at Mori Point. She lived in the neighborhood bordering Mori Point and I had issued her a verbal warning. She acknowledged our previous contact and said she had kept the dogs on a leash ever since. The man with her was her husband, identified through verbal information as Ex(b)(6) valid and clear with no local file entry. I issued Ex(b)(6) violation notice #K105889 for 36 CFR 2.15(a)(2), failing to restrain a pet on a leash with a total collateral of \$75. I explained his rights and responsibilities concerning the violation notice to him and asked him whether he had any questions. He said no and I was clear of the group by 1805 hours.

On 06/12/09, at approximately 1255 hours, I went to Paul Goode Field on Portola Street in the dirt parking lot north of Julius Kahn Playground. I met with complainant, Ex(b)(6) at her white truck. She had a small white French bull dog named "Max" restrained on a blue leash and several other dogs confined inside the camper shell of her truck. Ex(b)(6) told me that a female runner with whom she had a previous encounter the previous Wednesday regarding her unleashed dogs had pepper sprayed her "most well behaved dog." I saw an orange stain on Max's white fur near his left shoulder. Sergeant Roth, Officers Muller, Lopez-Milano, and myself had searched the area from West Pacific, Inspiration Point and MacArthur Avenue housing without finding the Indian runner. Ex(b)(6) completed a written statement regarding the incident that I've included with this report.

On 06/18/09 at approximately 1058 hours, I was on 4x4 patrol of the Mori Ridge trail (Sweeney Ridge) when I noticed a male subject with his two small dogs off leash. The area of Sweeney is a wildlife haven containing number types of mammals. Clearly posted signs at all entrances to the park advise "pets on leash." I made contact with the subject later identified as Ex(b)(6) and asked if he was aware pets were to be on leash while in the area. He stated that he saw the sign, but since the pets were so small he did not think that it was an issue. I gathered his identification, conducted computer checks for wants, warrants, and local file. All checks returned clear and issued citation K109024 for 36 CFR 2.15(a)(2)- failure to leash pet.

I cleared at 1110 hours.

29. DETAILS OF INCIDENT

On 06/19/2009, at approximately 1339 hours, I responded to Crissy Field for a report of a dog bite incident. Upon arrival I first met with Goldboss, the owner of a medium sized brown neutered male boxer. [Redacted] Ex(b)(6) stated she was walking her dog off leash when her dog was playing with and bitten on the muzzle by a large yellow male lab. The lab was being walked off leash by [Redacted] Ex(b)(6). I examined the boxer and found two fresh small wounds on the front of the muzzle of the boxer.

I then spoke with [Redacted] Ex(b)(6) who stated she was tending the dog for her friend [Redacted] Ex(b)(6) stated that the lab seemed to be playing with the boxer and the wound was caused by the boxer's aggressive behavior. [Redacted] Ex(b)(6) stated that his lab is registered with the city and county of San Francisco and that all immunizations are current.

[Redacted] Ex(b)(6) stated she was going to bring the boxer to the vet and would contact [Redacted] Ex(b)(6) directly if any restitution was necessary.

Ex(b)(6) stated that he was not bitten and that he had contacted USPP Communications prior to Ex(b)(6) arrival. I contacted Ex(b)(6) who stated that her dog ran out her front door at Ex(b)(6) when a visitor left her residence. Ex(b)(6) was verbally admonished for leash law violations and cleared the scene without further incident.

	On 07-03-09 at approx. 1512 hrs. while patrolling the Ecology Trail north of Inspiration Point in full U.S. Park Police uniform I observed two males, identified as Ex(b)(6) with several dogs off leash. Myself and ID Tech Rawles contacted Ex(b)(6) and advised them that pets were required to be leashed on the Ecology Trail. Ex(b)(6) said he was a professional dog walker and Ex(b)(6) said he was "filling in" for his friend who was a professional dog walker. A check with USPP Communications was negative for wants/warrants. USPP Comm. advised that Ex(b)(6) was listed in the local file as being contacted before for leash law violation. Ex(b)(6) did not indicate that he was unaware of the leash law even though he was only helping his friend. I issued Ex(b)(6) MVN's for violation of 36 CFR 1002.15(a) Leash Law Violation. I only issued Ex(b)(6) one MVN each for having one dog off leash. Time Cleared: 1525 hrs.

	<p>On 07/04/09 at approximately 1015 hours, I noticed a white male adult walking in the area of Milagra Ridge with his two dogs off leash. The area of Milagra Ridge is a leash law location with many signs advising of the regulation. I later made contact with the subject later identified as Ex(b)(6) who at this time had both dogs off leash. I motioned for Ex(b)(6) to come to my location and asked him if the dogs belonged to him. He leashed the dogs and stated that they were his and that he comes to the area each day. I later asked if he was aware the pets were to be on leash. Ex(b)(6) replied that he was, but that he just took them off leash for a while. I informed Ex(b)(6) that he was not being honest because I viewed him for a duration and the dogs were on and off leash. I gathered his identification and I began to write a citation for failure to leash his pets. Once Ex(b)(6) noticed that he was being cited, he became verbally belligerent stating that, "This is bullshit....Don't you have something better to do with your time...I can't believe you are going to cite me on the fourth of July!" I conducted a computer check for wants, warrants and local file check. All three returned and I issued citation K109025 for 36 CFR</p>

29. DETAILS OF INCIDENT

On Monday, July 7<sup>th</sup>, 2009 at approximately 1811 hours, I was assigned a phone report regarding a dog that was attacked by another dog at Fort Mason Great Meadow on Sunday July 6<sup>th</sup>, 2009. I spoke with the complainant [Redacted] who told me she had her dogs (Chihuahuas) at the Great Meadow when one of them was approached by a large white dog. The large white dog stuck its nose under the belly of one of the Chihuahuas and tossed it in the air causing injury (broken leg). When she approached the owner of the large white dog, he gave her a phone number [Redacted] which is a wireless / cell phone from Northville Michigan, and his name [Redacted] stated she called the phone number to verify it, and observed the subject answer the phone before talking with her. She also told me she has called and left numerous messages on his voicemail, but he doesn't return her calls. She further stated the voicemail states "Hey, this is [Redacted]" I called the number to try and get in touch with the dog owner, and got the same message ...

Both subjects, the male dog owner and the victim were allowing their dogs to run / roam the area of the Great Meadow off-leash ... an area which is a leash required area. [Redacted] told me she thinks she's seen the male subject at Fort Mason in the past, and that he hangs out in a group there. During and after the contact, [Redacted] states the subjects called her names, told her to move back to New York, and that she was ruining their dog time.

	On Friday, July 10, 2009 at about 1815 hours, I was preparing for a uniformed patrol down to Kirby Cove. As I re-secured the locked access gate at the entrance of the Kirby Cove Road, after driving my marked law enforcement sedan through the gate, I saw a party of three adults with a leashed dog ascending up the road toward the access gate. Per the current Superintendent's Compendium Golden Gate National Recreation Area, Kirby Cove is an area closed to pets under the authority of 36 CFR 2.15. Three signs indicating this closure are in place along the road down to Kirby Cove. When the group approached me, I asked the woman holding the dog's leash if she had seen the signs prohibiting pets. She said she had seen the sign down at the campground, but none earlier. She provided me with a clear and valid California driver's license identifying her as Ex(b)(6). I issued her violation notice #2331777 for possession of a pet in a closed area (36 CFR 2.15(a)(1)) with a total collateral due of \$75. I explained her rights and responsibilities concerning the violation notice to her and asked whether she had any questions. She said no and signed the notice. I was clear of contact by 1845 hours and continued my patrol down to Kirby Cove.

	<p>On July 13, 2009 at about 1003 hrs, I responded to a radio call from Park Police Dispatch. Report from park maintenance of dogs loose in Haypress Campground.</p> <p>I arrived on scene at about 1035 hrs, observing a lone dome tent within the campground. As I exited my vehicle, 2 dogs appeared from near the tent, and started to bark. Both dogs charged toward me barking as I got closer, calling out to the occupants of the tent. 2 white males exited the tent, taking possession/control of the animals.</p> <p>I identified one of the men as Ex(b)(6) by his verbal claim, and the second man as Ex(b)(6) by his verbal claim. Park Dispatch reported negative wants/warrants on both men, adding they had been contacted the evening before for out-of-bounds camping.</p> <p>Both men stated they did not know pets were not allowed in the campground. I informed them of the signage at the entrance to the area, the campground rules posted on the large sign in the campground, and the "No PETS" wording, stamped in red on their camping permit.</p> <p>I issued Ex(b)(6) Violation Notice #K111003 for Possession of a pet in a closed area, per 36CFR2.15(A)(1).</p> <p>I issued Ex(b)(6) Violation Notice #K111004 for Possession of a pet in a closed area, per 36CFR2.15(A)(1).</p>

 At approximately 1602 hrs, July 15, 2009, I was driving a marked ranger sedan west bound on the Tennessee Valley Trail about 1/8mile west of the parking lot. I was flagged down by a visitor advising of a man jogging with a large dog on the Tennessee Valley Trail. At 1610 hrs, I contacted [redacted] jogging west bound on the trail approximately 1/2 mile east of Tennessee Beach. Tennessee Valley is closed to pets east of the parking lot. A sign to this effect is clearly posted at the parking lot. [redacted] walked passed this sign when he left the parking lot with his dog. [redacted] said he did not observe the sign and was unaware this part of Tennessee Valley is closed to pets. He was issued United States District Court Violation Notice #K105866 for violation of 36 CFR 2.15(a)(1) "Area Closed To Pets". [redacted] was released and he departed the restricted area. He checked clear for wants and warrants.

	On July 21, at approximately 0955 hours I was in the Wildlife Protection Area on Crissy Field when I noticed a woman with an unleashed dog. I contacted her and she identified herself as Ex(b)(6) of Mill Valley CA. Ex(b)(6) said that she had come from the east end of Crissy Field and did not realize that she was in the Plover Protection Area as she had not seen any signs. I ran a check for wants and warrants on her and checked the local file with negative results. I issued her a written warning notice for violation of 36CFR7.97(d) Dog Unleashed in the Wildlife Protection Area. I cleared at approximately 1010 hours.

29. DETAILS OF INCIDENT

On Tuesday, July 21<sup>st</sup>, 2009 at approximately 1628 hours, I observed numerous individuals standing in a cluster talking to each other in the area of 567 Ruger, while they threw balls and allowed their dogs (approximately 8) to run free. I advised the group that this was not an off-leash or voice control area, and that if they wanted to allow their dogs to run off leash within the park, they could go to the areas of West Pacific or Crissy Field. A white male adult walked over to me, looking left and right while walking, and then asked "Does it say that anywhere?" I advised him that the law requires pets to be on leash in this area, and further told him there were no signs designating this as an off leash / voice control area. All of the dog walkers gathered their respective dogs, and left the area with their dogs leashed.

	On 07/23/09 at approximately 935 hours, I was on 4x4 patrol of the Sweeney Ridge area (west side) when I noticed a subject across highway 1 at Mori Point, with their dog off leash. By the time I arrived at Mori Point, the subject later identified as Ex(b)(6) was exiting the park with her dog now on leash. I drove up Ex(b)(6) exited my patrol car and asked if I could speak with her. She stopped and I informed her that her pet needed to be on leash at all times while visiting the park. I asked her for identification and I received her name and date of birth. As I conducted a computer check for wants and warrants, communications advised that Ex(b)(6) had been contacted before for failing to leash her pet at Mori Point in 2006. Ex(b)(6) then informed me that I was the officer that gave her the written warning at that time. I later issued a citation for failure to leash pet.

	<p>On Saturday, July 25, 2009 at about 1216 hours, while on uniformed patrol in a marked law enforcement vehicle on the Tennessee Valley Trail, I met a couple walking a leashed dog toward the Tennessee Valley Trailhead just past the junction with the Coastal Trail. I asked the couple where they had come from and where they were headed. They said they had started up the Miwok Trail from the Tennessee Valley Trailhead, crossed over to the Coastal Trail, and were now returning to the Tennessee Valley Trailhead. I asked the woman holding the leashed dog, later identified by clear and valid California operator license as Ex(b)(6) whether the dog was hers. She confirmed it was. I asked whether the couple had seen any signs regarding pets before walking down the Tennessee Valley Trail, as the junction is posted with signs indicating pets are prohibited on Tennessee Valley Trail proper. They did not recall any signs. I issued Ex(b)(6) violation notice #2331780 for possession of a pet in an area closed to possession of pets by the Superintendent (36 CFR 2.15(a)(1), 2009 Superintendent's Compendium) with a total collateral due of \$75. I explained her rights and responsibilities regarding the notice to her and asked whether she any questions. She said no and signed the notice. At their request, I gave the couple and their dog a ride back to the trailhead, clearing this incident by 1240 hours.</p>

29. DETAILS OF INCIDENT

On 07/28/09 I responded to a report of horses in the area of the Fort Funston main parking lot. I took a complainant statement from Ex(b)(6) who believed that horses were not allowed in the area of Fort Funston. Ex(b)(6) claimed that she arrived at Fort Funston and observed horses moving across the main parking lot. Ex(b)(6) says that at one point two dog charged the horses, which spooked them. Ex(b)(6) said the two horse riders dismounted and kicked at the dogs in an apparent attempt to move the dogs away. Ex(b)(6) says she took pictures of the riders because she believes they are not allowed in the area of the Fort Funston parking lot, and only on what she calls the bridal trails. I confirmed with Car 802 that horses and dogs have equal access to all areas of Fort Funston. I tried to explain this to Ex(b)(6)

**The 36 CFR §2.16 – HORSES and PACK ANIMALS**

This section of the Golden Gate National Recreation Area 2008 Superintendents Compendium states that both dogs and horses are permitted on all trails, routes or areas of Fort Funston, and Fort Funston beach.

 On 08-07-09, at approximately 0840 hours, I was on patrol in the area of Barnard Ave and observed suspect, identified as Ex(b)(6) walking two dogs off leash on the trail adjacent to the ball field. When he saw me he put the dogs on leash. I contacted him and advised of the leash law violation. A records check, through the local file, revealed that Ex(b)(6) was contacted before and given a warning for dog off leash on the ecology trail.. I cited Ex(b)(6) MVN#103092, 36CFR1002.15(a)(2), for having the two dogs off leash. I cleared at 0900 hours.

She stated she didn't have time to wait for me to write the ticket because she was on a time schedule. I advised her to put the dogs back in the van and to come to my location (away from her 7 barking dogs) to give her the citation. She finally agreed I issued her the ticket. She got into her van which had an advertisement "Dog walking services by Ex(b)(6)". I left the area without further incidents.

	On 08-25-09 at approx. 0946 hrs. while patrolling Aquatic Park in a fully marked U.S. Park Police vehicle and in full U.S. Park Police uniform I observed a white male, identified as Ex(b)(6) throwing a stick to an off leash black dog. I identified Ex(b)(6) as a subject I have contacted several times in the past at Aquatic Park for leash law violation. Aquatic Park is not a designated off leash park and there are posted signs at the pedestrian entrances advising park visitors the regulation. I contacted Ex(b)(6) who stated that his dog was a service dog for the hearing impaired. Ex(b)(6) had no documentation indicating his dog was a service dog. I asked Ex(b)(6) the disposition of the previous citations I had issued him and he indicated that the citations were not upheld. I issued Ex(b)(6) a verbal warning and explained that I would check the disposition of the previous citations to verify his claim.

	On 08/29/09 at approximately 1042 hours, I observed Ex(b)(6) walking with his medium sized dog off leash near Battery Construction #244, Mori Point. Clearly posted signs at the entrance to Mori Point advised "pets must be on leash." I approached Ex(b)(6) and asked if there was a reason his pet was off leash in the area. He advised there was not reason, and apologized profusely. He leashed the pet. I asked him for identification and was granted a California driver's license. I conducted a computer check for wants, warrants and local file. All three returned clear and I informed Ex(b)(6) that his cooperation was greatly appreciated and that a written warning was being issued for the violation. He was later advised that his information was now in the computer system and any future leash law contacts would result in a citation. I then issued a written warning for failure to leash pet and I cleared at 1055 hours.

NATURE OF INCIDENT Pets/Dog Bite-No Arrest		6 RECLASSIFICATION OF INCIDENT					

ITEM	7 RESULTS OF INVESTIGATION
------	----------------------------

On 09-01-09 at approx. 1117 hrs. I was dispatched to the area around Riley Ave. on the Presidio for a report of a dog bite.

USPP Communications advised that a female walking eight dogs had been involved in the incident and was last seen leaving the area.

Upon arrival I located a female, identified as Ex(b)(6) in the upper parking lot of the Golden Gate Club. I contacted Ex(b)(6) who acknowledged being involved in the incident. Ex(b)(6) said that she had been walking several leashed dogs in the area near Riley Ave. when a female, later identified as Ex(b)(6) approached the dogs. Ex(b)(6) said one of the dogs she was walking named "Nicky" snapped at Ex(b)(6) said that Ex(b)(6) did not give any indication that she was hurt and both parties left the area. Ex(b)(6) said she works for a professional dog walking company named Ex(b)(6) I advised Ex(b)(6) that I needed to obtain the dog's shot records as well as owner information. I provided Ex(b)(6) with the USPP Patrol fax number and Ex(b)(6) stated that she would fax over the information.

I contacted Ex(b)(6) at bldg. 122 Riley Ave. Ex(b)(6) said that she had been walking at the rear of bldg. 122 past a group of eight-leashed dogs when one of the dogs, a large black rotweiler, bite her on her left buttock. Ex(b)(6) said the bite made a tear in her pants and caused some scratches on her buttock. Ex(b)(6) said that she did not observe a puncture wound on her buttock.

Based on my investigation I was unable to determine any criminal violations on Ex(b)(6) part. Ex(b)(6) did not indicate any criminal wrongdoing on Ex(b)(6) part and stated she only wanted to document the incident for medical purposes. Ex(b)(6) said she was going to have her injury examined by a doctor.

I provided Ex(b)(6) with the case number and advised how she could obtain a copy of the report. Officer Halvorson obtained a written statement from Ex(b)(6)

As of 09-06-09 I had yet to receive the dog's shot records or owner information from Ex(b)(6)

On Friday, September 4, 2009 at about 0830 hours, Ranger Sam Eddy and I began a uniformed foot patrol of the Ocean Beach Wildlife Protection Area (WPA) from about Lincoln Way to Pacheco. As we were beginning to walk the dunes southward, I saw a man with an unrestrained pet crossing the Great Highway into the WPA near Lincoln. I approached him and asked that he put his dog on a leash, explaining the WPA boundaries and restrictions of Golden Gate National Recreation Area (36 CFR 7.97(d)). The subject, identified by clear and valid California driver's license as [REDACTED] immediately complied with my request. A check of the local database showed no prior contact with law enforcement. I gave [REDACTED] who was walking the dog for a friend, a verbal warning for unrestrained pet in the WPA. Eddy and I were clear of the foot patrol by about 0950 hours that morning.	90 STL	91 REC	92 PROP	93 VAL

On September 7, 2009, at approximately 1226 hours, I was on foot patrol of the WPA at Crissy Field when I saw two dogs running loose around a group of people. I approached the group and asked who owned the two dogs. A man and woman said they owned the dogs and began to leash to pets. I identified them as Ex(b)(6) and Ex(b)(6) by their CA DL'S. A check of both through USPP Communications revealed no wants or warrants. Ex(b)(6) said his dog was a 6 yr. old black lab named Donna. Ex(b)(6) said her dog was a 5 yr. old westing named Frodo. A check of both was negative for previous contacts. I warned Ex(b)(6) about leashing their pets in the WPA area.

	ON THE ABOVE DATE AND TIME, WHILE ON HORSE MOUNTED PATROL OF THE WOODED AREA ALONG THE ECOLOGY TRAIL, I COULD HEAR SEVERAL DOGS IN THE WOODS. KNOWING THIS AREA TO BE USED ILLEGALLY FOR OFF-LEASH DOG WALK, I YELLED OUT THAT A POLICE HORSE WAS COMING UP THE TRAIL AND TO PLEASE PLACE ALL DOGS ON LEASH. TWO WALKERS COMPLIED AND WALKED DOWN OFF THE TRAIL WITH THEIR SIX DOGS NOW RESTRAINED. A THIRD WOMAN CONTINUED TO ARGUE THAT SHE COULD NOT CONTROL HER DOGS AND THAT IF SHE DID PUT THE LARGE DOGS ON A LEASH "HER ARM WOULD GET PULLED OFF". I EXPLAINED THAT THIS WAS NOT A "VOICE CONTROL" AREA AND THAT FOR EVERYONE'S SAFETY, ALL DOGS HAD TO BE LEASHED. SEVERAL DOGS CONTINUED TO APPROACH THE HORSE AND THE WOMAN CONTINUED REFUSING TO COMPLY. FINALLY I PLEADED WITH THE OTHER WALKER TO COME UP TO ASSIST. HE DID AND I WAS ABLE TO MANEUVER THE HORSE PAST THE BARKING DOGS. DUE TO THE CHAOS AND HAZARDOUS NATURE OF THE VIOLATION I WAS ONLY ABLE TO VERBALLY WARN THE GROUP. THE ARGUMENTATIVE WOMAN WAS SOMEONE I IMMEDIATELY RECOGNIZED AS A REPEAT OFFENDER WHO HAS LITTLE CONTROL OVER THE DOGS SHE IS RESPONSIBLE FOR AND HAS ALWAYS BEEN CONFRONTATION AL AND NONCOMPLIANT WHEN CONTACTED FOR THE OFFENSE. 	<p>On Saturday, September 12, 2009 at about 0930 hours, while on uniformed patrol in a marked law enforcement sedan, I saw a female tossing a ball for her unrestrained Shepherd-type dog to fetch, just inside the western boundary of the Crissy Field Wildlife Protection Area (WPA). Dogs are allowed in the WPA, but must be restrained by leash from July 1 through May 15 each year for the protection of the threatened snowy plover bird species. Signs indicating this regulation define the boundary of the WPA, but visibility was poor due to rain and low-lying fog. I asked the woman, identified verbally as <b>Ex(b)(6)</b> to leash her dog. She promptly complied and asked whether dogs were permitted on the beach, as she was from out of town and had not seen any signs. I explained the WPA boundaries and restrictions to her and gave her a verbal warning for unrestrained pet in a WPA. I was clear of contact by 0945 hours.</p>

On 09-14-09 at approx. 1110 hrs. while on foot patrol of the Ecology Trail north of Inspiration Point in full U.S. Park Police uniform I observed eight unleashed dogs walking and running around the trail. I observed a white male, later identified as Ex(b)(6) accompanying the dogs. The Ecology Trail is an area where pets are required to be leashed per 36 CFR 1002.15(a)(2). There is a posted sign that reads "Leash Pets" on the stairs leading down from the parking area where Ex(b)(6) parked his vehicle to the Ecology Trail.

I contacted Ex(b)(6) advised him of the violation and requested identification. Ex(b)(6) presented a California Driver's License. Ex(b)(6) stated that he worked for a professional dog walking company called "Call of the Wild".

A check with USPP Communications for wants/warrants returned negative.

In lieu of issuing Ex(b)(6) eight citations for having eight dogs off leash I only issued him one citation (MVN #2334515) and a verbal admonishment for the other seven dogs off leash. I explained to Ex(b)(6) where pets are permitted to be off leash on the Presidio.

	On Saturday, September 26, 2009 at about 1105 hours, I began a uniformed foot patrol of the Crissy Field Wildlife Protection Area (WPA). Dogs are permitted in the WPA, but must be leashed from July 1 through May 15 for protection of the threatened snowy plover bird. I had seen several potential violations from the Presidio Overlook earlier and began my patrol from the West Bluff Picnic Area. At about 1115 hours, I saw a man, later identified by clear and valid California driver's license as Ex(b)(6) sitting on the WPA beach between West Bluff and the U.S. Coast Guard pier. He was accompanied by a woman and a dog. I initially thought the dog was leashed, but when Ex(b)(6) threw an item for the dog to fetch, I saw the dog was unleashed. I stopped to talk with Ex(b)(6) about the leash regulations; he leashed the dog at my request. I determined that he had entered the WPA from the West Bluff area. A check of the local database indicated no prior contacts with law enforcement by Ex(b)(6) I gave Ex(b)(6) a verbal warning for having an unrestrained pet in the WPA and was clear of contact by 1130 hours.

(3) DESCRIBE PROPERTY AND ITS VALUE.  On Saturday, September 26, 2009 at about 1540 hours, while conducting a uniformed foot patrol, I was ascending the Batteries to Bluffs Trail toward Fort Scott Overlook. In the area of the beach overlook, I met two males, later identified as Ex(b)(6) each with a leashed dog, descending the trail. Per the 2009 Superintendents Compendium, the Batteries to Bluffs Trail is closed to pets. The top of the trail is posted with a sign NO PETS. I asked the men, who provided me with clear and valid California drivers' licenses and claimed not to have seen the sign, to return to the top of the trail. Ex(b)(6) said both dogs belonged to him and Ex(b)(6) whom he later identified as his partner. At the top of the trail I showed the men the sign. I explained I legally could issue both men violation notices, but as they had readily accepted responsibility for their actions and as a check of the local database indicated no prior contact with law enforcement, I would issue only one ticket. Ex(b)(6) agreed to accept the ticket. I issued Ex(b)(6) violation notice #2333514 for possession of a pet in a closed area, 36 CFR 2.15(a)(1) with a total collateral due of \$75. I explained his rights and responsibilities concerning the violation notice to him and asked whether he had any questions. He said no and I was clear by about 1605 hours.	90 STL	91 REC	92 PROP	93 VAL

On 10/1/09, at approximately 1532 hrs., I responded to Ft. Funston for a report of a dog stuck on a cliff. SFFD also responded. Upon arrival, I met with SFFD personnel who were already setting up rope lines to retrieve the dog. On scene I also met with the dog's owner Ex(b)(6) who stated that the dog (2 1/2 year old female English Springer spaniel) was not on a leash when it ran over the cliff side, west of Battery Davis. SFFD retrieved the dog without incident. The dog did not appear to be injured. A computer check of Ex(b)(6) was negative for wants and warrants. Ex(b)(6) was issued MVN #2332519 for 36CFR 2.34(a)(4) (creating a hazardous condition) and cleared the scene without further incident.

	On 10-08-09, I was on patrol at upper Fort Mason and I observed a large group of dog walkers gathered on the south end of the Great Meadow. Their dogs were all off leash. I stopped my vehicle at the entrance to the sidewalk in view of the group. Some of the group immediately started to put their dogs on leash when they saw my vehicle. I called out, "dogs on leash", and the rest of the group immediately complied. I observed two females that were on the north side of the meadow that were looking in my direction. They had six small dogs off leash. They were out of my voice range and appeared to try to elude me by walking away in the opposite direction, north. They did not leash the dogs. I drove to the north side of the Great Meadow, by way of McDowell Ave, and stopped my vehicle at the entrance to the sidewalk on McDowell Ave. As I started to get out of my vehicle they both started to put the dogs on leash. I approached them and stated that this was a leash area and that I just needed to see some I.D. Both said they had none. Suspect, later identified as [REDACTED] stated, "why are you picking on us, you didn't talk to them", pointing in the direction of the large group. It was clear to me that they watched as the group leashed their dogs but chose not to leash their own dogs until I approached closer. I told them that was why I contacted them. I then explained that I would only give them a warning after I checked the local file to see if they had been previously contacted first.

I am one of the people that take care of the dog issues around here". I told her that I did not know what Sergeant King had told her but that it was a violation to have a dog off leash on the Great Meadow. Ex(b)(6) then said that I had no jurisdiction as an SFPD officer on the Great Meadow. I told her that I was not SFPD, I was Sergeant Roth and that I was with the U.S. Park Police, the same as Sergeant King. I explained that we were the ones that patrolled the area. I again stated I only planned on giving them a warning but that I needed identification from them first.</p> <p>Suspect Ex(b)(6) verbally gave me her name and date of birth. Suspect Ex(b)(6) gave me the name Ex(b)(6) I asked her for her date of birth. She stated that she did not want to give that to me and asked if I was a real police officer. I again stated that I worked with Sergeant King and that we were both police officers for the U.S. Park Police. She stated that I needed to call SFPD. I told her that I would not do that. I explained that I needed to identify her and that since she did not have any identification, I could only look her up by a name and date of birth. Ex(b)(6) again refused stating, Sergeant King knows who I am, just ask him. I told her that he was not working and again tried to explain why I needed to identify her. Ex(b)(6) stated, "lets call him, I have his number." I told her not to use the phone but she did not comply and made the call anyway, leaving a voice mail message. I ran suspect Ex(b)(6) through park dispatch, who came back with a valid drivers license and no wants or warrants.</p> <p>Ex(b)(6) then stated that she needed to be somewhere at 7:00 and that she needed to leave. I told her that she could not leave until I identified who she was. She stated, "I didn't do anything, I'm a lawyer and I know my rights, you can't keep me here." I again explained to her that she was in violation of having her dog off leash and that I would have to identify her before I let her go.</p> <p>Ex(b)(6) turned around and began to walk away from me stating, "I'm leaving, I'm done with this." I immediately radioed for assistance then told her, "stop right now." She refused and kept walking away. I ran towards her. She turned around and stated, "don't you touch me." I grabbed her left arm with my left hand and said, "stop." Ex(b)(6) immediately pulled back and began yelling, "call 911, call the police, help me, help me." I told her to calm down but she continued to resist and yell. I began to place her into handcuffs. Several dog walkers ran over and I heard them tell her, "just listen to him and you'll be all right." Ranger Heeren arrived on scene and assisted me in gaining control of Ex(b)(6) who continued to yell and scream. Officer Cameron arrived on scene.</p> <p>Ex(b)(6) complained that the handcuffs were hurting her. They had been hastily attached and I readjusted them. She then began to calm down. I had her sit down in the back of Officer Camerons vehicle and again asked her for her name and birthdate. Ex(b)(6) gave me her correct date of birth and then stated that the name on her license might be her married name, Ex(b)(6) and that the name Ex(b)(6) that she had first given me, was her maiden name. Ex(b)(6) came back with a valid license with descriptors that matched the suspect.</p> <p>Due to the nature of the leash law conflict within the park, I opted to cite and release Ex(b)(6) on scene, within the presence of the other dog walkers who witnessed the incident. I felt that releasing her with her dogs would build a more positive reputation for our departments enforcement of the leash law.</p> <p>I cited Ex(b)(6) MVN# 2334774, 36CFR 2.15(a)(2), Dog off leash. As I explained the citation and Ex(b)(6) stated, "I thought you were only going to give us a warning. I told her that was before she brought the issue to a higher level. Ex(b)(6) signed the citation and stated that she understood her options. She was released without any further incident. I gave a verbal warning to Ex(b)(6) and explained that she would be put into the local system as being warned. She stated that she understood. She also volunteered to write a signed statement about the incident.</p>

7 RESULTS OF INVESTIGATION

At approximately 1833 hours Sgt. Roth requested another law enforcement unit to respond to his location on the Great Meadow, Ft. Mason. Sgt. Roth was in contact with a dog walker who was non-compliant. When I arrived at 1836 hours I saw Sgt. Roth had placed handcuffs on a white female later identified as Ex(b)(6). Sgt. Roth was double locking the handcuffs when I arrived. There appeared to be several dog walkers in this group. I asked a couple of people standing near Sgt. Roth Ex(b)(6) to step away. They complied with my request. USPP Officer Cameron arrived at this time.

Ex(b)(6) was yelling to the group to call "911" and to call "SFPD". She continued to discount our authority and say she was not going with us until "SFPD" came on scene. We explained to her, we are the law enforcement here on the Great Meadow. Another woman with Ex(b)(6) was telling Ex(b)(6) to calm down. This woman, Ex(b)(6) was the first person Sgt. Roth contacted with dogs off leash and had identified her through dispatch. Ex(b)(6) was with Ex(b)(6) with their dogs off leash when contacted by Sgt. Roth.

Sgt. Roth and I walked Ex(b)(6) to Officer Cameron's vehicle. I was present when Sgt. Roth removed one handcuff and place it back onto her right wrist. She was then placed in Cameron's vehicle. I obtained Ex(b)(6) contact info and asked if she would write a statement as to what had happened. She agreed and I gave her a witness/complainant form to complete.

Sgt. Roth spoke with Ex(b)(6) and obtained the correct info to identify her through dispatch. I got the written statement from Ex(b)(6) and gave it to Sgt. Roth. Ex(b)(6) was released on scene after signing and receiving her copies of a citation for "pet off leash."

I cleared at 1928 hours.

On October 10, 2009, at approximately 1224 hours, I was patrolling Ocean Beach near Judah when I saw two individuals walking on the beach with a dog running loose approximately 20 feet away. The area is designated a Wildlife Protection Area where pets must be on leash. I approached the two individuals and asked them to put the dog on a leash. After the dog was leashed, I identified the two individuals as Ex(b)(6) Ex(b)(6) verbally. A check of both through USPP Communications revealed no wants or warrants. Ex(b)(6) said the dog belonged to him. I advised Ex(b)(6) that all pets needed to be on a leash in the area. The dog was a eight year old mix named Melvin. Ex(b)(6) was also using a ball thrower with his pet. I warned the two individuals about the pet. Both left the area shortly thereafter.

1	<p>ON 10-21-09 AT APPROX. 1139 HOURS, WHILE ON ROUTINE HORSE MOUNTED PATROL OF THE PRESIDIO, MY PARTNER OFC, NEWTON AND I WERE RIDING SOUTH ON THE ECOLOGY TRAIL FROM SOUTH OF BUILDING 50. AS WE PASSED THE "POP HICKS PARKING LOT" AND ASCENDING THE HILL, I HEARD BARKING OF LARGE DOGS A SHORT DISTANCE AWAY. AT APPROX. 40 FEET AWAY I SAW A MALE INDIVIDUAL, LATER IDENTIFIED BY HIS CA LICENSE AS Ex(b)(6) WITH SEVERAL DOGS OFF LEASH AND SEVERAL ALREADY RESTRAINED BY THEIR LEASHES. WE IMMEDIATELY STOPPED OUR HORSES AND I SHOUTED OUT LOUDLY, "POLICE HORSES! PLEASE GET YOUR DOGS ON LEASH!" A GOLDEN LAB CAME AGGRESSIVELY RUNNING AT US. Ex(b)(6) HAD A CLEAR AND UNOBSTRUCTED VIEW OF ME AND HIS UNRESTRAINED DOG. FROM MY HORSE, Ex(b)(6) AND I WERE FACE TO FACE AT APPROX. 25 FEET.</p> <p>Ex(b)(6) MADE NO ATTEMPT TO COLLECT HIS DOGS AND JUST MOVED TO THE SIDE OF THE TRAIL WHILE LOOKING AT US. I AGAIN REPEATED IN A SHOUTING VOICE THE SAME COMMAND AND GESTURED WITH MY RIGHT HAND TO GET THE DOG BARKING AT MY HORSES FEET. Ex(b)(6) JUST LOOKED AT US AS HE SLOWLY GOT THE OTHER DOGS ON LEASH. THE LAB WAS NOT CORRECTED OR CALLED BACK AFTER SHOWING AGGRESSIVE BEHAVIOR. I CHARGED MY HORSE AT THE DOG AND SUCCEEDED IN DRIVING THE DOG TOWARD Ex(b)(6).</p> <p>ONCE THE DOGS WERE RESTRAINED I ASKED HIM FOR HIS IDENTIFICATION. Ex(b)(6) IMMEDIATELY RESPONDED BY SAYING IT WAS IN HIS CAR. Ex(b)(6) COULD HEAR AND UNDERSTAND ALL OF MY COMMANDS IN A NORMAL SPEAKING VOICE. WHILE WRITING THE CITATIONS AND DISCUSSING THE FEDERAL REGULATIONS WITH HIM HE COULD COMMUNICATE AND HEAR ALL MY QUESTIONS, BUT WHEN ASKED WHY HE DID NOT RESPOND TO MY COMMANDS ON THE TRAIL AS I YELLED OUT TO HIM HE CLAIMED HE HAD POOR HEARING AND THAT HE NEVER SAW ME. HE SAID HE THOUGHT THAT THE AREA WAS A "DOG PARK".</p> <p>Ex(b)(6) WAS CITED FOR CREATING A HAZARDOUS CONDITION/FAIL TO RESTRAIN DOGS. CITE# K 101019 / K 101020</p>

	On Wednesday, October 21, 2009 at about 1721 hours, while on uniformed foot patrol at Mori Point, I was descending the Coastal Trail toward the Seawall. Coming up the trail were a man, a boy walking a bike, and an unrestrained dog. I asked the man why his dog was not leashed and he said it was an old dog that could not keep up otherwise. I asked where the group was coming from and the man indicated the Seawall. I told the man pets needed to be leashed at Mori Point and asked for identification. Ex(b)(6) provided me a clear and valid California driver license. A check of the local database indicated no prior contact with law enforcement. I gave Ex(b)(6) verbal warning for not leashing his dog, a violation of 36 CFR 2.15(a)(2), and asked that he keep the dog leashed for the remainder of his walk to the Moose Lodge trailhead. I was clear by about 1736 hours.

On 10/21/09 at approximately 1810 hours, I was on 4x4 patrol of the wildlife protection area of Ocean Beach at Noriega avenue, when I noticed a male and female park visitor with their dogs off leash. The area between stairwell 21 and Sloat Ave. is a seasonal wildlife closure to off leash pets to ensure the endangered species of snowy plover are not harassed. Clearly posted signs at each legal access to this area, advise "leash pets". The subjects later identified as Ex(b)(6) and Ex(b)(6) leashed their pets upon seeing me in the area. I drove over to the subjects and informed them that pets needed to be on leash at all times during the seasonal closure. I requested their information and told them that clearly posted signs advise "leash pets." I conducted computer checks for wants and warrants on the identifications given and began writing citations. The computer checks returned clear and I issued citation #'s K109040 and K109041 to Ex(b)(6) I cleared at 1824 hours.

On October 23, 2009, at approximately 0858 hrs, while patrolling the Ocean Beach Wildlife Protection Area (WPA), I observed two individuals with unleashed dogs in the WPA at Lincoln. The area is well posted that dogs must be leashed while in the area due to the presence of Snowy plovers; a species on the Endangered Species List. I approached the individuals, identified myself as a police officer, and requested the individuals leash their dogs. The individuals, identified as Ex(b)(6) were complaint and leashed their dogs. I explained to both why dogs were required to be on leash in the area and then issued them both warnings for unleashed dogs in the Wildlife protection Area. Clear at approximately 0920 hrs.

	On October 23, 2009, at approximately 1141 hours, I was patrolling the Great Meadow area of Fort Mason when I saw four dogs running loose on the grass. I approached the two dogs and a couple who said the dogs belonged to them. I identified them as Ex(b)(6) by their CA DL's. A check of both through USPP Communications revealed no wants or warrants. Ex(b)(6) said his dogs were a 3 and 1 yr. old golden retriever named Crockett and Jolly, and a 2 yr old Australian Sheep named Henry. Ex(b)(6) said she had a 8 yr. old female lab mix named Meatloaf. Ex(b)(6) said they were new to the area and did not see the posted signs. I warned Ex(b)(6) about the leash law and advised them to use Marina Green as an alternative.

At approximately 1155 hours I was on foot patrol on the Coastal Fire Road at the intersection of the Coastal Trail when I observed an individual (later identified as Ex(b)(6)) walking up the Coastal Trail towards me with an unleashed dog. The trail is clearly marked with signage indicating that dogs must be leashed. I contacted Ex(b)(6) and asked her to place the dog on a leash, which she did. She stated that she was not aware that dogs were required to be on leash on the Coastal Fire Road. I ran Ex(b)(6) by name and DOB and she came back with a valid CA DL Ex(b)(6). I issued one Violation Notice for 36 CFR 2.15(a)(1) failure to restrain a pet on a leash. I handed the Violation Notice to Ex(b)(6) after she signed it.

On 10-26-09 at approx. 1229 hrs. while on foot patrol in full U.S. Park Police uniform in the wooded area northwest of the Presidio Golf Course I observed a female, later identified as Ex(b)(6) with several off leash dogs running around. The trails and wooded area west and north of the golf course are areas where dogs are required to be leashed and restrained.

I contacted Ex(b)(6) and asked if she was aware that pets were required to be leashed. Ex(b)(6) said she was aware pets were required to be leashed in the area and that she usually walks her dogs at Crissy Field. Ex(b)(6) said she was a professional dog walker but that her company did not have a name.

Ex(b)(6) verbally gave me her name, date of birth and California Driver's License. A check with USPP Communications for wants/warrants was negative. Although I observed several dogs off leash I only issued Ex(b)(6) one MVN (#2334051) as a warning for violation of 36 CFR 1002.15(a)(2)-Leash Law Violation. Ex(b)(6) cleared the area without incident.

	<p>On the above date and place I deployed my USPP issued Pepper spray on a medium size dog as it attacked USPP mount "Flyer". The dog came up charging towards our two horses. We turned our horses to face the dog. The dog "picked" "Flyer" out from our two horses and began to run around the horses. The dog then, launched at the horses back legs, I quickly maneuvered and turned my horse opposite side of "Flyer" pulled my USPP issued pepper spray and activated it twice on the dog's face. The dog stopped his actions immediately and was then caught by his owner; identified as Ex(b)(6)</p> <p>Ex(b)(6) began to walk away with the attacking dog on leash and another dog off leash, restraining it only by its collar. I checked "Flyer" out for any injuries with negative results.</p> <p>I attempted twice to notified USPP dispatch using my USPP issued portable radio. I didn't get a response from dispatch.</p> <p>I advised Ex(b)(6) to secure her dogs in her vehicle and made another attempt to contact USPP dispatch. I followed her to her vehicle. I made another attempt with my force radio and this time I received a response.</p> <p>I requested a case number issued to me after I wrote the citation using my force radio with negative results. I used my personal cell phone to contact radio dispatch, Ex(b)(6) stated " We have given you three times your case number over the radio".... I stated I didn't receive any information over force radio.</p>

ITEM	<p>7 RESULTS OF INVESTIGATION</p> <p>On 11-07-09, at approximately 1034 hours, Officer Irma Javier contacted me by force radio of an incident involving a force horse. Officer Javier was on mounted patrol in the area of Fort Funston, on the trail that leads from the main parking lot. She was riding "text" and a force groom, <span style="background-color: black; color: black;">Ex(b)(6)</span> was riding "Flyer". They were about 100 yards north of the lot heading toward the beach when a dog off leash came at "Flyer".</p> <p>Officer Javier used her force pepper spray on the dog, which immediately stopped. The owner retrieved the dog, which was off leash. My investigation of this incident revealed that Officer Javier used a proper level of force to protect the force horse and rider. The dog did not appear to have any lasting effect from the spray.</p>

	<b>SUMMARY:</b> On the afternoon of 11/21/2009, at approximately 1440 hours, while on patrol on the Bobcat Trail, Ranger Harrison and I observed a white male walking with a leashed dog as well as another dog off-leash. Possession of pets on the Bobcat Trail is prohibited.				
	I contacted the white male, identified as Ex(b)(6) and informed him that dogs are prohibited on the Bobcat Trail. Ranger Harrison then provided Ex(b)(6) with a trail map that indicates where dogs are allowed and where prohibited.				
	A computer records check of Ex(b)(6) returned negative for wants and warrants. Ex(b)(6) indicated he often walks his dogs on the Miwok trail and had started on the Miwok before cutting over to the Bobcat on this day. I issued Ex(b)(6) a verbal warning for possession of a pet in an area closed to the possession of pets. Clear of the scene at approximately 1450 hours.

	At approximately 1425 hours I was on foot patrol on the Coastal Fire Road near the intersection of the Green Gulch Trail when I observed an off-leash dog on the trail interacting with a leashed dog. I contacted an individual (later identified as Ex(b)(6)) who stated that he was the owner of the unleashed dog. The trail where Ex(b)(6) was walking was clearly marked with signs indicating that dogs must be on leash. I issued one Violation Notice for 36 CFR 2.15(a)(2) for failure to leash his pet. I handed the Violation Notice to Ex(b)(6) after he signed it.

On 11-22-09 at approx. 1504 hrs. while patrolling the Ecology Trail north of Inspiration Point in full U.S. Park Police uniform I observed a female, later identified as Ex(b)(6) walking with two off leash dogs. The Ecology Trail is an area where pets are required to be leashed per 36 CFR 1002.15(a)(2).				
I contacted Ex(b)(6) and asked her to leash her pets. Ex(b)(6) complied. I advised Ex(b)(6) of the leash law and she indicated she was familiar with it. I asked Ex(b)(6) if she had been contacted before for the same violation and she said she had.				
A check with USPP Communications for wants/warrants was negative. A check of the local file revealed that Ex(b)(6) had been contacted on 06-18-09 on the Ecology Trail for the same violation. On that contact Ex(b)(6) was issued a verbal warning and advised that she would be issued a citation if contacted again for the same violation.				
I issued Ex(b)(6) MVN #2334339 for violation of 36 CFR 1002.15(a)(2)-Leash Law Violation. Ex(b)(6) signed her citations and cleared without incident. Time Cleared: 1513 hrs.

	<p>On Wednesday, November 25, 2009 at about 1635 hours I was on uniformed patrol, driving my marked law enforcement sedan eastward on Bunker Road past the Rifle Range within Golden Gate National Recreation Area. I saw a man, later identified by clear and valid California driver's license as Ex(b)(6) wearing a backpack and accompanied by an unrestrained dog, walk toward a small herd of about five deer. His direction of travel was purposeful and directly toward the deer. The dog appeared excited, but sat repeatedly on command, until about one hundred feet from the deer. I exited my vehicle and approached the man, wanting to discuss wildlife harassment. Shortly before I began my contact, the dog rushed toward the deer, chasing them over a small rise and up the hillside. The man called his dog and the dog finally returned from a distance of about two hundred feet. I asked the man to leash his dog and provide me with his identification. The local database showed no prior contacts with Ex(b)(6) I explained to Ex(b)(6) that although we were in an area where dogs need not be leashed, control of his dog was critical to protect park wildlife. Ex(b)(6) explained that he had been working to habituate his dog to working around animals for several months and was testing his progress on a new animal. I told him that this was not acceptable in an area dedicated to wildlife protection and warned him that similar incidents in the future would yield a violation notice. I was clear by 1650 hours.</p>

On November 27, 2009, at approximately 1350 hours, I was watching the Tennessee Valley Trail from the parking lot at the Trailhead when I saw a man and a young boy walking up to the lot with a dog. I asked the man if the dog belonged to him. He said yes. I identified him as Ex(b)(6) by his CA DL. A check of Ex(b)(6) through USPP Communications revealed no wants or warrants. The Tennessee Valley Trail is posted, "No Pets" at the trailhead. Ex(b)(6) said his dog was a two year old terrier named Theo. I warned Ex(b)(6) about pets on the trail and advised him of the open trails.

	<b>SUMMARY:</b>																	
	On the afternoon of 11/29/2009, at approximately 1649 hours, while on patrol on the Tennessee Valley Trail, I observed a white female walking with a leashed dog. Pets are prohibited on the Tennessee Valley Trail. Signs indicate the pet prohibition at every trail access point. I contacted the female, later identified as <b>Ex(b)(6)</b> and informed her that dogs are prohibited on the trail.																	
	<b>Ex(b)(6)</b> said she knew that dogs were prohibited on the Tennessee Valley Trail, but that she had started on the Miwok Trail where dogs are allowed and was trying to return to her vehicle in the Tennessee Valley parking area. I told <b>Ex(b)(6)</b> she should have returned to her car on a trail that permitted pets. <b>Ex(b)(6)</b> then said "Well then how the hell am I supposed to get back to my car?" I informed <b>Ex(b)(6)</b> she should have turned around and went back on the Miwok Trail, and offered her a trail map of the area. <b>Ex(b)(6)</b> refused the map and started to walk up the trail. I ordered her to stop and requested identification.

	I observed a female subject, later identified as Ex(b)(6) walking in the area of Ocean Beach and SW23 with her dog off leash. As I approached Ex(b)(6) I observed her dog running towards several white birds near the waters edge, and harass them. I contacted Ex(b)(6) and instructed her to put the dog on leash. Ex(b)(6) replied "I don't got one". I asked Ex(b)(6) if she had seen the sign stating "leash area". Ex(b)(6) replied "my dogs not bothering anyone". An NCIC/CLETS check of Ex(b)(6) returned valid with no wants. Based upon the above facts I issued Ex(b)(6) citation #2335876.  Time Cleared 0850 hours

On December 5, 2009, at approximately 1014 hours, I was on patrol in the Fort Mason next to the Officers Club when I saw a dark haired dog running loose on the grass. I saw a woman standing nearby. I approached the woman and asked if the dog belonged to her. She said it did and then put the dog on a leash. I identified her as Ex(b)(6) by her CA DL. A check of Ex(b)(6) through USPP Communications revealed no warrants, warrants, or prior contacts for leash law. The dog is a brown yorkee named Manny. I warned Ex(b)(6) that Fort Mason is a leash only area and advised her to use Crissy Field or Ocean Beach in the future.

On 10/04/2009, at approx. 0951 hours, I was dispatched to Fort Funston in response to a complaint of a dog bite in the area of Battery Davis.

Upon arrival I met with the victim, verbally identified as (b)(6) who told me that she saw two Mastiffs pinning one Malamute to the ground. (b)(6) stated that while attempting to separate the dogs the Malamute bit her.

I saw that SF Medics were treating (b)(6) for three puncture wounds on her right arm (wrist and elbow area) and one puncture wound on her right thigh.

Medics released (b)(6) at the scene and she had a friend transport her to UC for additional treatment

The owner of the Mastiffs, identified as (b)(6) told me that the Malamute came up to his dog "Max" and sniffed at his rear. When Max turned the Malamute snapped at the dog. Max and the other Mastiff "Freedom" jumped on the Malamute.

The English Bull Mastiffs were not injured in the incident.

Both Mastiffs are brown and weigh approx. 140 pounds.

I saw that (b)(6) had a cut thumb. (b)(6) said the Malamute bit him as he tried to stop the fight and refused medical attention at the scene.

7 RESULTS OF INVESTIGATION

The owner of the Alaskan Malamute, identified as Ex(b)(6) stated that his dog, "Odin," had approached and sniffed at one of two Mastiffs walking in the area. The Mastiff turned and Odin snapped at him. Both Mastiffs jumped Odin and pinned him to the ground. Ex(b)(6) said his dog was biting in an effort to defend himself. Ex(b)(6) told me that he did not know if ODIN had been bitten because of his thick coat of hair. Ex(b)(6) said that he would have his vet examine his dog. Odin is gray in color and weighs approx. 130 pounds.

None of the dogs involved were leashed at the time of the incident.

I issued both Ex(b)(6) a citation for failure to control/restrain the dogs - 36CFR2.15(a)(ii).

I completed and faxed an Animal Bite Report, along with a copy of this report, to Lt. Scott at the ACC.
