

FORT BAKER

GOLDEN GATE NATIONAL RECREATION AREA

SATTERLEE ROAD IMPROVEMENTS PROJECT June 2014 - March 2015

Construction on Satterlee Road along the southeast edge of Horseshoe Cove will begin in June and will last through March. This project will widen and upgrade the existing road surface while maintaining the historic character of this park site.

Plans for this area include:

- Realignment of road to create safe two-way traffic flow to and from Cavallo Point
- Improved access for emergency vehicles and bicycles
- New pathway and boardwalk to enhance pedestrian access around Travis Sailing Center, Cavallo Point, and Battery Yates
- Organized, more efficient parking

Road and trail closure will be in effect during this project. A detour will be in place for vehicles, bikes, and pedestrians.

For more information or details about the project call (415) 561-3054
