WHAT DO YOU WANT TO SEE NEXT AT CRISSY FIELD?

Crissy Field has always been a remarkable place. Over time it has experienced significant change yet remains a special site where people gather, stories are created, and joy and play unfold.

Nearly 20 years after its restoration, continuing the transformation of Crissy Field has become important with a growing urban population, unique natural and cultural features, and a changing climate. **Crissy Field Next** aims to improve upon the area's many current uses, while enhancing ways for people to gather, create, and play.

HOW TO USE THIS FIELD GUIDE:

1. Crissy Field has six zones, each with a unique experience. Pick a place to start. We recommend East Beach or West Bluff.
2. When you reach one of the zones, take a moment to look around. What do you love? What would make your experience even better?
3. Circle your favorite ideas for what you want to see next. When you're done with your adventure, take a photo of your completed Field Guide and text it to us at 474747 along with the word **CRISSY**.
