Commercial General Liability (CGL) Insurance

Liability insurance is required for all CUA holders under the terms of the authorization. Such insurance should be of sufficient scope to cover all potential risks and in an amount to cover claims that can reasonably be expected in the event of serious injury or death. The minimum commercial general liability insurance is \$1,000,000 per occurrence. Liability insurance policies must name the United States of America as additional insured. The business or person that is providing the service must be the named insured policy holder. Companies that provide transportation only are not required to have Commercial General Liability as long as the passengers do not disembark.

Other Required Insurance

Commercial Auto Liability Insurance is required if a CUA holder transports passengers or uses a vehicle in the performance of the service in the park. If a CUA holder charters the vehicle and those chartered vehicles are owned and operated by another company, the CUA holder is not required to have Commercial Automobile Liability insurance. Auto liability insurance policies must name the United States of America as additional insured. The business or person that is providing the service must be the named insured policy holder. The minimum Commercial Auto Liability Insurance for passenger transport is:

Commercial Vehicle Insurance for Passenger Transport bodily injury and property damage	Minimum per Occurrence Liability Limits*
Up to 6 passengers	\$1,000,000

2. All insurers for all coverages must have Best's Financial Size Category of at least VII according to the most recent edition of Best's Key Rating Guide (Property-Casualty edition), or similar insurance rating companies (Moody's, Standard and Poor's, or Fitch), unless otherwise authorized by the Service.
