

What is the SOAR Program?

The SOAR Program is designed to introduce students to careers in the National Park Service. The program represents a commitment to increase youth development and staff diversity at Grand Canyon National Park.

Each student employee will work closely with a staff mentor from their division of interest, as well as learn the broader functions of the National Park Service.

Grand Canyon National Park is an Equal Opportunity Employer. Diverse candidates are encouraged to apply.

The SOAR Program gives students a "jump start" in their chosen career fields by providing valuable, paid work experience while they are still in school. After completion of their academic and work requirements, students may be eligible for permanent employment.
