Hopi Point Westbound shuttle stop; canyon and Colorado River views; restroom

Mohave Point East- and westbound shuttle stop; sunrise and sunset canyon and Colorado River views; picnic tables

The Abyss Westbound shuttle stop; canyon views, 3,000 foot (914 m) drop off cliff. Tree-seek shelter inside a vehicle, building, or shuttle bus. Be aware of possible flash floods and falling rocks during and after storms.

Monsoon storms are common in summer. When you hear thunder or see lightning, move away from the canyon rim. Do not stand under a tree. Seek shelter inside a vehicle, building, or shuttle bus. Be aware of possible flash flood warnings.

Winter weather varies greatly and changes suddenly. Be prepared to layer clothing for cold, rain, wind, and snow. Trails and walkways may be icy. Wear over-the-shoe traction devices for your safety. Road and weather conditions: 928-638-7496.

Free, spring-fed drinking water is available from bottle filling stations at major trailheads, visitor centers, grocery stores, and lodges.

Stay behind railings and away from cliffs. Hold on to children. Do not back up without looking around you. Always be aware of your surroundings.

Emergencies call 911

Free, Daily Park Ranger Programs

Grand Canyon National Park offers free, daily park ranger programs in the Village and Desert View Areas. Learn about geology, fossils, plants, animals, and people during walks, talks, hikes, demonstrations, evening programs, and more! Look for special programs for families with children ages 6–14 during summer. Check visitor centers or go.nps.gov_programs_for a full listing.

Protect the Park, Protect Yourself

Use sunscreen, stay hydrated, take your time, and rest to reduce the risk of sunburn, dehydration, nausea, shortness of breath, and exhaustion. The South Rim’s high elevation (7,000 feet; 1,350 m) and dry climate affects you differently than your home environment.

Monsoon storms are common in summer. When you hear thunder or see lightning, move away from the canyon rim. Do not stand under a tree. Seek shelter inside a vehicle, building, or shuttle bus. Be aware of possible flash floods and falling rocks during and after storms.

Winter weather varies greatly and changes suddenly. Be prepared to layer clothing for cold, rain, wind, and snow. Trails and walkways may be icy. Wear over-the-shoe traction devices for your safety. Road and weather conditions: 928-638-7496.

Grand Canyon National Park
Located in northern Arizona, this World Heritage Site encompasses 277 miles (446 km) of the Colorado River and adjacent uplands. One of the most spectacular examples of erosion anywhere in the world, Grand Canyon offers visitors incomparable views.

The Pocket Map is published by Grand Canyon National Park with support from your entrance fees. It is available in French, German, Spanish, Italian, Japanese, Chinese, and Korean. An Accessibility Guide is also available. Ask in visitor centers for a hiking brochure.

The National Park Service cares for the special places saved by the American people so that all may experience our heritage.
Getting Around the South Rim
