Commercial Use Authorization Information and Instructions

What is a Commercial Use Authorization?

Public Law 105-391, Section 418, which was signed in 1998, provides for the issuance of Commercial Use Authorizations (CUA) to a private person, corporation, or other entity to provide certain commercial services for park area visitors. Commercial activities are generally prohibited in National Parks unless authorized by a CUA or concession contract. Prior to 2006, an Incidental Business Permit was used to authorize the type of activities that are now authorized under a CUA.

What types of activities are authorized in Great Smoky Mountains National Park under a CUA?

- ◆ Hiking and backpacking guide services
- ◆ Fishing guide services
- ◆ Photography guide services and workshops
- ◆ Certain commercial wedding activities
- ◆ Hiker shuttle services
- ◆ Guided tours and workshops
- ◆ Boat trips and shuttles on Fontana Lake
- ◆ Emergency road service and towing

What are the general requirements for the issuance of a CUA?

- ◆ The authorization is issued to a qualified person to permit the provision of suitable commercial services to park area visitors. (A qualified person is a person that the superintendent determines has the ability to satisfactorily carry out the terms of the CUA.)
- ◆ The superintendent determines that the commercial services: (a) will have minimal impact on the park area's resources and values; (b) are consistent with the purposes for which the park area was established; and, (c) are consistent with all applicable park area management plans, policies, and regulations.
- ◆ For in-park services (services originating and terminating within a park area), the annual gross receipts are estimated to be less than \$25,000; and the superintendent determines that the terms and conditions of the authorization require the commercial services and related activities to be undertaken in a manner that is consistent to the highest practical degree with the preservation and conservation of the resources of the park area.

For what length of time is a CUA issued?

- ◆ CUA effective on January 1 (Option 1)*
- ◆ CUA effective on date other than January 1 (Option 2)*
- ◆ CUA effective on date other than January 1 (Option 3 – shorter term upon applicant request)

CUA term will be for 24 months, ending on December 31 of the following year. Subsequent terms will generally be for 24 months ending on December 31.

Initial CUA term will be from 13 – 23 months, ending on December 31 of the following year. Subsequent terms will generally be for 24 months ending on December 31.

Initial CUA term will be from 1- 23 months, ending on the last day of the final month. Subsequent terms will be for up to 24 months ending on the last day of the final month.

What are the fees for a CUA?

- ◆ Application Fee
(*non-refundable; payable when application is submitted*)
**Application fee will be waived for current CUA holders with Option 1 or 2 terms when the application is submitted at least 60 days prior to the expiration of the current CUA.*

\$200.00

- ◆ Cost Recovery Fee
(*payable when signed CUA is returned to the Park*)

\$360.00 for CUA with 24 month term *or* \$15.00 per month of permit term for CUA issued for less than 24 months
(*for example: \$240 for CUA term beginning September 1, 2013 and ending December 31, 2014*)

How are fees determined?

The above fees are based on an estimate of the Park's costs per CUA for the management and administration of the CUA program. CUA fees are subject to change in the future if the park's costs for managing and administering this programs change.

Why does the park charge a fee for a CUA?

National Park Service policy requires the Superintendent to charge a reasonable fee for CUA's. The park retains these fees to help pay for the cost of management and administration of the CUA program.

What are the insurance requirements?

- ◆ General liability insurance \$1,000,000 minimum coverage limits (per occurrence)
- ◆ Product liability insurance \$1,000,000 minimum coverage limits (per occurrence)
(Required if food and beverage service will be provided)
- ◆ Automobile liability insurance Minimum coverage limits (combined single limit per accident or bodily injury per accident)
(Required for any vehicles that will be used to transport customers)
\$300,000 (vehicle capacity 5 passengers or less)
\$500,000 (vehicle capacity 6 to 12 passengers)
\$750,000 (vehicle capacity 13 to 20 passengers)
\$1,500,000 (vehicle capacity 21 to 50 passengers)
- ◆ Other Insurance Other insurance may be required for specialized types of activities and is specified in the CUA conditions.
- ◆ Additional insured requirement The U.S. Government (*National Park Service, Great Smoky Mountains National Park, 107 Park Headquarters Road, Gatlinburg, TN 37738, Attention: Commercial Use Authorizations*) must be listed as an additional insured.

What are the other CUA requirements?

- ◆ The holder must comply with all of the general and specific conditions described in the CUA , a sample of which is included in this application package. ***You should familiarize yourself with these conditions before applying for a CUA.***
- ◆ The holder must complete and submit a Commercial Use Authorization Annual Survey to the Concessions Management Specialist by March 1 of each year for business you conducted in the Park the preceding year.

How long does it take to obtain a CUA?

You should anticipate that it will take at least 30 days for issuance of a CUA from the time your application is received by the park since there are several steps involved. The actual time required for issuance is dependant on how promptly you return required items and how carefully you follow instructions. Delays often occur because all the required paperwork is not returned promptly or because there are errors or omissions in items submitted. *If you provide an email address, we can email the CUA to you for your signature to save some time.*

How do I obtain a CUA?

Step 1: Applying for the CUA

- Review these instructions and the application carefully to make sure you understand the CUA requirements.

Submit the following items:

- Application for Commercial Use Authorization or Special Use Permit**
- Payment Voucher**
- Check* for non-refundable application fee in the amount of \$200.00, made payable to the National Park Service
*(*Forms may be filled in on a computer and printed for mailing)*

Step 2: Return the signed CUA and other required items

Following approval of your application, a CUA will be returned to you for your review and signature. *If you provided an email address, we will email the CUA to you for your signature to save some time.*

Return the following items to the Park:

- Commercial Use Authorization:* Pages 1 and 2 of the CUA with your signature on Page 2
- Certificate of Insurance (ACORD certificate)* documenting that the required coverage is in force and listing Great Smoky Mountains National Park as an additional insured (The ACORD certificate is a standard form used by the insurance industry.)
- Business licenses:* Copy of any license or permit required by the city or county where your business is located (or a statement that no business license is required in your location)
- Advertising:* Copies of proposed print or internet advertising for the business activities you will conduct in the Park
- Payment Voucher*
- Check* for the cost recovery fee in the amount shown on the Payment Voucher, made payable to National Park Service

You are not authorized to begin providing commercial services in the Park until you receive the CUA that has been approved by the Superintendent.

Step 3: Wait for the signed CUA

- Pages 1 and 2 of the CUA will be returned to you with the Superintendent's signature on Page 2.
- You will also receive Attachment C to the CUA that will list the individuals and vehicles authorized under the CUA.
- Review the CUA conditions before you begin conducting business in the Park and make sure that any employees are also familiar with the CUA conditions.

All required application and documents should be mailed to:

**Great Smoky Mountains National Park
107 Park Headquarters Road
Gatlinburg, TN 37738

◆ Carry a copy of the CUA

You and any employees must carry a copy of Pages 1 and 2 of the CUA and Attachment C at all times when you are conducting business in the Park.

◆ Comply with the CUA conditions

Your CUA may be revoked and/or you may become ineligible for issuance of a new CUA if you fail to comply with the CUA conditions.

◆ Keep good records for the CUA Annual Survey

- Keep good records during the year to make it easy to complete your survey at the end of the year.

◆ Submit insurance documents when policies change or renew

You are responsible for submitting new certificates of insurance whenever policies for the required coverage changes or the policies renew. Although your insurance company should send certificates automatically to the park as an additional insured, you should make sure that new certificates have been mailed to the park.

Submit a *CUA Update Form* to the Concessions Management Specialist if any of the following change during the term of your CUA:

General Requirements of CUAs

Commercial Use Authorizations (CUA) are issued to a qualified person to permit the provision of suitable commercial services to park area visitors. (A qualified person is a person that the superintendent determines has the ability to satisfactorily carry out the terms of the CUA.)

The superintendent determines that the commercial services: (a) will have minimal impact on the park area's resources and values; (b) are consistent with the purposes for which the park area was established; and, (c) are consistent with all applicable park area management plans, policies, and regulations.

For in-park services (services originating and terminating within a park area), the annual gross receipts are estimated to be less than \$25,000; and the superintendent determines that the terms and conditions of the authorization require the commercial services and related activities to be undertaken in a manner that is consistent to the highest practical degree with the preservation and conservation of the resources of the park area.
