  - All other waters within the park and parkway are closed to watercraft, including Pacific Creek, Buffalo Fork, Cottonwood Creek and the Gros Ventre River.

- Operating a vessel that exceeds a noise level of 82 decibels measured at a distance of 82 feet.
- Carrying passengers for hire or performing any other commercial operation within the park or parkway without Superintendent’s authorization.

Important Information

Accidents
Report collisions, accidents, fires or other incidents that results in property loss, property damage, personal injury or death to a park ranger immediately. Each operator of involved vessels must report. This report does not relieve the responsibility of reporting boating accidents as may be required by the State and/or the U.S. Coast Guard. Any operator involved in an accident must also provide in writing his name, address and identification of his vessel to any injured person and/or to the owner of any damaged property.
