Harpers Ferry Center Production Notes **Digital**

Full Name of Park

Six Exhibits (100, 120, 130, 170-173))

- All layouts have been created in InDesign CS
- All photoshop images are HI-RES and in RGB color space, Adobe RGB color profile has been embedded in all RGB images. They have NOT been converted to CMYK
- All Adobe Illustrator files are in CMYK with U.S. Web Coated (SWOP) v2 profile embedded.
- All layouts include a layer titled "frame" that simulates the exhibit base frame.
This is set to NOT PRINT.

Special Notes:

Add notes here that are unique to this job. *For example:* Wayside panels 100, 120, 130 and 170 are all created from a single InDesign file. To create each unique wayside panel, turn on the text and map layers that correspond which each exhibit number. For example, wayside 100 should have layers turned on for 100 map and 100 text. The other numbered layers should be turned off.

Harpers Ferry Center Production Notes Porcelain

Park Name Porcelain, Exhibits 01-08

- All layouts have been created in InDesign CS
- All photoshop images are HI-RES and in RGB color space, Adobe RGB color profile has been embedded in all RGB images. They have NOT been converted to CMYK
- All Adobe Illustrator files are in CMYK with U.S. Web Coated (SWOP) v2 profile embedded.
- All layouts include a layer titled "frame" that simulates the exhibit base frame.
DO NOT PRINT THIS LAYER.
- For best printing results from InDesign, please change the **Send Data** to "all" and **Transparency Flattener** to [High Resolution], (see figures below)

Color Specifications

Black and white is assumed for every wayside exhibit panel that includes the black overbar with white text and is not listed for each panel.

The colors listed below are the currently assigned colors for each InDesign document and associated graphic files. Any substitution, addition or deletion of specific colors will be done by the vendor at their expense and shall not visually alter the original color intent of the supplied graphic files.

<u>Exhibit</u>	<u>Colors</u>
