

Original Lands —

This map illustrates the historical land ownership in the Eastern United States. It features three distinct shaded regions: a light tan area representing 'Original Lands' covering the entire region; a medium brown area representing '1791 Lands' covering a large portion of the interior; and a dark brown area representing 'Pre-removal 1838' land, which is a smaller, more concentrated area within the 1791 lands. The map also shows state boundaries and the coastline.
